

She Shocks 131

Chapter 131: Chaotic Battle, The despised Yu Huang

Yin Rong shouted, "Attack!"

Upon hearing the order, the ten student representatives immediately descended from the sky and surrounded the new students.

They released their beast forms at the same time. In an instant, ten dazzling beastly lights shot into the sky. That powerful and overbearing beastly pressure directly forced a portion of the newborn blood in their bodies, whose cultivation was still shallow, to churn. They felt like vomiting blood.

After being oppressed and stimulated by the beast nature of the outside world, the beast nature of the phoenix within Yu Huang's body started to become irritable, and she wanted to rush out of her body to fight at any time.

This was the beastly pressure of a powerful Beast Tamer!

Feng Si's face was pale. He leaned against Yu Huang and said, "My older brother and the others said that among the ten representatives chosen by the academy, the lowest is an early-stage Master. They must be Masters who have dominated the Divine Realm Academy's top 50 rankings all year round!"

"Not to mention that we only have 600 people, even if we have 1,000 people, we will only suffer a crushing defeat!"

Yu Huang's heart instantly sank.

These people were all Masters? It seemed like the Divine Realm Academy was indeed a gathering of geniuses.

Yu Huang suddenly realized that the talent she was proud of was actually nothing in front of these true geniuses.

Liuli Feng was currently at the peak of the intermediate-stage. He relied on his exceptional talent and the fact that he was a core disciple of the Liuli Clan, which was why he had taken the initiative to provoke Yin Rong and the others.

At this moment, Yin Rong and the others had just summoned their beast forms when the powerful beast pressure pressed down on his head like a golden bell, causing him to feel as if his hands and feet were restrained and his movements were restricted.

At this moment, Liuli Feng suddenly felt extremely clearly how deep and wide the chasm between a Master Beast Tamer and a Scholar Beast Tamer was!

Although the Master was only one cultivation level higher than them, their beast spiritual power was hundreds or even a thousand times more powerful than these new students!

Only then did Liuli Feng realize how arrogant he had been.

Liuli Feng grabbed his scissors and turned around to say to the new students behind him, "Students, we can only fight with all our might!"

Before Liuli Feng could finish speaking, some impatient students had already rushed towards the student delegation.

The scene instantly became chaotic and murderous. The world was filled with the roars and shouts of the young Beast Tamers. Yu Huang was infected by the vigor of this group of brats, and she also planned to summon her beast form to join their battle.

At that moment, Feng Si suddenly grabbed Yu Huang's arm and pulled her behind him to hide. He said, "This is a battle between Beast Tamers. You're only a small Purifying Spirit Master. Swords have no eyes. Don't hurt yourself!"

After saying that, Feng Si summoned his butterfly beast form and roared, "Little Yu, hide properly. I'll protect you!"

After shouting, he wrapped his wings around Yu Huang and carried her into the battle unarmed.

Yu Huang was speechless.

She stared at the colorful wings that wrapped her up and a warm feeling flowed through her heart.

This guy was a little stupid, but he was a loyal person.

In the distant sky, Sheng Xiao, who had sharp hearing, suddenly heard "Little Yu." He frowned and looked at the chaotic battlefield.

However, he discovered that Yu Huang had disappeared.

Where was she?

Sheng Xiao was feeling confused when he saw the young man in the butterfly beast form spreading his wings and revealing Yu Huang, who was hidden under his wings.

After only revealing it for two to three seconds, it completely wrapped around Yu Huang.

Sheng Xiao narrowed his eyes.

That brat actually fought with Yu Huang on his back and even hid her completely. What was their relationship?

Sheng Xiao, who originally did not care about the progress of the battle, sat on a tree lazily and stared at Feng Si.

Feng Si rushed towards a senior with his bare hands. When the senior saw that his butterfly was really beautiful and gorgeous, and that he was also handsome, she smiled at Feng Si and said, "Don't worry, I won't hit your face!"

With that, the senior kicked Feng Si in the stomach.

“Ah!”

Feng Si was sent flying by the senior’s kick. He flew out of the battlefield and fell onto the beach. When he fell, he even pressed Yu Huang under him.

Yu Huang became the meat cushion behind Feng Si. She was face down on the beach. She was confused.

Who was she?

Where was she?

Why did she have to suffer this?

Feng Si quickly put away his beast form and climbed up in a hurry. As he apologized, he reached out to pull Yu Huang. “I’m sorry, Little Yu. I really didn’t do it on purpose!”

Yu Huang slapped Feng Si’s hand away. “Please, don’t touch me!”

She was afraid.

Yu Huang spat out the sand in her mouth and looked at Feng Si with a complicated expression. She wanted to scold him, but she didn’t know where to start.

Who asked him to be so kind?

In the end, Yu Huang shook her head and said to Feng Si solemnly, “Next, let’s act separately.”

“... Okay.”

...

The new students took turns attacking the ten representatives.

One wave fell, and another wave rushed forward.

Facing such a tag-team battle, the ten student representatives were still at ease. There was no panic or fatigue on their faces.

Their indifference and the new students’ distress made this group of new students realize how deep the disparity was between them and the true geniuses of the academy.

Yu Huang was a ‘scholar’. No one was willing to form a team with her. She stood quietly behind the freshman team and carefully observed the attacking characteristics of the ten student representatives.

Soon, she figured out something.

Yin Rong’s beast form was an extremely rare three-eyed unicorn. All of the unicorn’s spiritual energy was gathered on the beast horn.

However, Yu Huang noticed that when the unicorn opened its third eye, all the new students attacking her would simultaneously slow down their attacks.

It was as if time had frozen, and their attacks became slow. This entire process only took about two to three seconds, but it was enough for Yin Rong to find the freshman's weakness and defeat them in one strike!

Yu Huang guessed that Yin Rong probably had a cultivating a cultivation technique that could freeze time. Such a cultivation technique had to be a Witch-level cultivation technique.

This was a Beast Tamer with a powerful cultivation technique and a high-level beast form. Yu Huang believed that she was not Yin Rong's match.

Apart from Yin Rong, the red-haired youth was also very powerful. His beast form was that of a Qilin Beast. The Qilin Beast's four feet stepped on the void, and as it roared, the earth shook and the mountains shook. Many of the new students coughed up blood and lost consciousness.

Yu Huang guessed that this red-furred youth practiced a kind of sonic technique.

This was also someone Yu Huang could not defeat.

Yu Huang observed the 10 representative students thoroughly before turning her attention to a tall and sturdy male.

The male senior's physique was as big as a small mountain. The uniform of Divine Realm Academy looked somewhat comical on him, as if he was a King Kong who was wearing a girl's dress.

This senior's beast form was a King Kong Beast. He was a Strength Battle Beast Tamer. His attacks were fast, fierce, and explosive. However, he also had a fatal weakness: his endurance was poor.

Yu Huang carefully observed the senior's every move and secretly formulated a battle strategy against him.

In next to no time, most of the new students had been eliminated, and for a time, only 60 to 70 new students could still fight.

The others had more or less suffered some injuries, leaving only those scholars standing in the middle of the battlefield.

Yu Huang was surrounded by the nine students.

Just like in the previous years, the Divine Realm Academy had only recruited 10 students this year, and there was only one female student, Yu Huang. As men, the other nine naturally had to protect Yu Huang.

"Ah!"

Another wave of new students were beaten to the ground by the student representative and could not move. Once they fell, there were only 30 plus Beast Tamers and 10 students left on the battlefield.

Liuli Feng was still holding on in battle, but he was also riddled with wounds. His handsome face had already been beaten swollen, and it seemed like he wouldn't be able to hold on for much longer.

Liuli Feng turned around and saw that their freshman camp only had 40 people left, with 10 of them being students. He was instantly enraged.

Liuli Fengfeng stared at the ten 'fragile' students in the field with disdain and said angrily, "It's fine if you scholars can't participate in the battle, but you can still help take care of the injured, right?!"

After being reprimanded, the nine students surrounding Yu Huang ran off to take care of the injured new students. Actually, they couldn't be blamed for being heartless. It was just that these proud and arrogant Beast Tamers looked down on them from the bottom of their hearts. If they took the initiative to run over and take care of them, they might even be mocked by the other party for fawning on them.

Seeing that Yu Huang was still standing there without moving, Liuli Feng pursed his lips and said, "Sis, you should stand further away lest you get injured by accident."

Before Yu Huang could reply, a girl in a white shirt and black leather shorts suddenly said to Yu Huang, "Yu Huang, come over. I'll be your partner."

When she heard this, Yu Huang tilted her head and looked at the girl who spoke.

It was Sheng Yang.

Long ago, during the Beast Tamer Selection Competition, Sheng Yang had seen Yu Huang. She naturally knew that Yu Huang was still alive. However, this was the first time Yu Huang had seen Sheng Yang since she left the Ancient Pavilion.

Sheng Yang was also a freshman this year?

A thought suddenly appeared in Yu Huang's mind. If Sheng Yang became the top three freshman, would Sheng Xiao go easy on his only sister?

Seeing that Yu Huang did not react, Sheng Yang gritted her teeth and urged her, "Come over quickly!"

As a core disciple of the Liuli Clan, Liuli Feng naturally knew Sheng Yang.

When he saw that Sheng Yang actually wanted to be partners with a scholar, he thought that Sheng Yang did not know Yu Huang's identity, so he kindly reminded Sheng Yang, "Miss Sheng Yang, she's a scholar. Isn't asking her to be your partner forcing her to do something beyond her power?"

"Scholar?" Sheng Yang smiled mockingly and asked Liuli Feng, "Are you looking down on scholars?"

Liuli Feng knew that Sheng Yang had a bad temper, but he did not dare to offend her. After all, this girl's elder brother was Sheng Xiao. One should not offend Sheng Xiao in the Divine Realm Academy.

"...It's not that I look down on them," said Liuli Feng good-naturedly. "Scholars are all nerds... literary people.. They can't shoulder anything. If we let them fight, that's sending them to their deaths!"

Chapter 132: The Tortured Yu Huang

"Her? She can't shoulder anything?" Sheng Yang seemed to have heard a joke.

Sheng Yang looked at Yu Huang with a complicated expression. She said, "The scholar you're talking about is the only one who can walk out of the Time Valley alive."

Sheng Yang looked at Liuli Feng and asked him, "Is she qualified to fight with us?"

When they heard this, the gazes of everyone present descended onto Yu Huang, and their eyes were filled with surprise and incredulity.

This fella walked out of the Time Valley alive?

Yu Huang felt a little helpless when she was suddenly the focus of everyone's attention. She walked towards Sheng Yang and stood beside her while telling her, "Let's be partners."

When Sheng Yang saw Yu Huang, her eyes suddenly turned red. She whispered to Yu Huang, "Thank you."

Thank you for saving me back then. Thank you for appearing in front of me alive.

When Yu Huang heard Sheng Yang's words of thanks, she felt particularly guilty. She was just using Sheng Yang, but Sheng Yang treated her as a real friend.

Yu Huang decided to treat Sheng Yang better in the future.

Yin Rong sized up Yu Huang for a moment, and she was unable to conceal her surprise as she asked, "In that case, you're also a Beast Tamer?"

Since ancient times, the students who were able to pass the college entrance examination and be accepted into the Divine Realm Academy were all academic stellars and bookworms. No Beast Tamer had ever been accepted into the Divine Realm Academy as a scholar.

This was the first time in history.

Yu Huang could no longer hide her identity as a Beast Tamer, so she could only admit it in public. She looked at Yin Rong and the others and nodded. "I am indeed a Beast Tamer."

Everyone found it unbelievable after Yu Huang had admitted it.

The red-haired young man looked at Yu Huang as if he was looking at a rare object, and he sighed with emotion as he said, "F*ck, there's finally a top student amongst us Beast Tamers! Now, we can hold our heads high in front of those students of the Purifying Spirit Academy."

On the Holy Spirit Continent, Purifying Spirit Masters were generally more cultured than Beast Tamers. As a Beast Tamer, Yu Huang was the first person in history to be accepted into the academy as a scholar. She gave Beast Tamers glory!

Yu Huang said silently in her heart, Sorry, I'm not only a Beast Tamer, but I'm also a Purifying Spirit Master. I can't be considered bringing Beast Tamers glory.

The red-haired youth became very interested in Yu Huang. He asked her, "What's your name? Let's add each other on WeChat and be friends."

Yu Huang was about to reply when she heard Sheng Xiao's voice from afar. "Xiao Shu! Don't forget your duty!"

The red-haired young man stopped being gossipy when he was called out by Sheng Xiao. He resumed his arrogant and domineering demeanor and urged the new students impatiently. "All of you fight together. I still have to go back and eat!"

This was a blatant insult!

The freshmen's faces were immediately filled with anger and unwillingness as they swarmed towards the student representatives.

Xiao Shu's words had attracted enough hatred for him. At this moment, all the new students had gathered to attack him alone. The other student representatives stood at the side to watch the commotion while gloating.

Sheng Yang was about to challenge Xiao Shu too, but Yu Huang grabbed her arm.

Yu Huang told her, "Our target is not Xiao Shu, but that person." Yu Huang pointed at the upperclassman with a King Kong Beast.

Sheng Yang looked where Yu Huang was pointing. After seeing clearly who Yu Huang wanted to challenge, she immediately frowned and told Yu Huang, "That person's name is Lie Gang. He is a Strength Battle Beast Tamer like me. According to my understanding, this person is an expert ranked 25th on the academy's expert rankings. If we fight him, I'm afraid we won't have a chance of winning."

Sheng Yang did not think that they could defeat Lie Gang.

Yu Huang told Sheng Yang the details she had observed. "I've observed him. His endurance and endurance are the worst among the representatives. Our cultivation levels are weak, so if we want to win, we can only resort to tricks. We'll first slowly wear down his spiritual power. After he's exhausted, we'll use our killer move."

Sheng Yang looked at Lie Gang thoughtfully and asked Yu Huang, "What should we do?"

Yu Huang leaned over and whispered in Sheng Yang's ear, "You're a Strength Beast Tamer, and I'm more proficient in flying. Lie Gang's beast form is a King Kong. He's not good at fighting at high altitudes. So, let's do this later..."

After hearing Yu Huang's mischievous idea, Sheng Yang was very tempted. She licked her lips and nodded vigorously. "Alright! Let's do it that way!"

After making up his mind, Sheng Yang took the lead and ran towards Lie Gang.

Just as Lie Gang was watching the commotion caused by Xiao Shu, he realized that a female student was bold enough to challenge him. He hurriedly summoned his King Kong Beast Form and attacked Sheng Yang immediately.

"Strike with your heavy fists!"

The King Kong jumped dozens of feet high. When he landed, his fist created a deep pit on the ground. Boundless and powerful spiritual energy shook Sheng Yang until her body flew out!

At this moment, a red light suddenly flashed across the crowd.

“Wings of the Sparrow!”

A pair of fiery red wings formed from demonic power suddenly emerged from Yu Huang’s back. Yu Huang hugged Sheng Yang and flew into the sky.

Seeing this, Sheng Xiao and the student representatives raised their heads and looked at Yu Huang in the sky in a daze. They noticed that the wings had suddenly emerged from Yu Huang’s body and fused with her.

Only a Grand Master-level Beast Tamer could merge their host with their beast form and become one.

How could this girl be a Grand Master?!

This was impossible!

At that moment, Yin Rong and the others heard Sheng Xiao say, “She’s not a Grand Master. It should be a flying witch technique.” It seemed that Yu Huang had a new gain after three months of him not seeing her. She had obtained a flying witch technique.

She was really lucky.

Everyone was relieved when they heard Sheng Xiao’s explanation.

They were wondering how Yu Huang could be a Grand Master when she was so young?

Yu Huang saw that Sheng Xiao had seen through her flying witch technique. She looked at Sheng Xiao from afar and felt proud.

As expected of the man she liked. He was discerning!

Sheng Xiao pursed his lips unnaturally when he noticed Yu Huang’s gaze.

At this moment, Yu Huang suddenly swooped down with Sheng Yang in her arms and placed Sheng Yang behind Lie Gang. Sheng Yang had already mobilized the spirit energy around her. As soon as she landed, she attacked Lie Gang.

“Mountain Pushing Palm!”

This punch contained the tyrannical power of the polar bear beast form. Its power was boundless!

Lie Gang, who had yet to recover from the shock of Yu Huang being a Grand Master at such a young age, was suddenly attacked by Sheng Yang. Caught off guard, Lie Gang immediately spat out a mouthful of blood and was beaten to the ground.

After the sneak attack was successful, Yu Huang landed on the ground again and flew into the sky with Sheng Yang in her arms. This series of actions stunned the others.

To run after a sneak attack, was she even humane?

Yin Rong raised his eyebrows as he looked at Yu Huang and Sheng Yang in the sky. He suddenly cursed, “Little gangsters!” Although this roguish tactic was underhanded, it was a fight. As long as they could win, who would care about the process?

Sheng Xiao smiled when he saw that. It had been a few months since they last met, but this girl was even more cunning.

Lie Gang slowly got up. He raised his head and looked at Yu Huang and Sheng Yang in the sky. He had also thought about it. "If you two little girls have the ability, then fight me face-to-face. What is impressive about a sneak attack?!"

This was the first time Sheng Yang had done this. She was ashamed and blushed.

Yu Huang, on the other hand, was unfazed. She even replied to him very calmly, "We are indeed unimpressive. If we had the ability, we wouldn't have needed to ambush you."

Lie Gang was speechless.

This was the first time she had seen someone make being useless sound so high-minded.

Lie Gang wiped the blood from the corner of his mouth and looked at Yu Huang and the others with a serious expression.

"I didn't intend to get serious with you guys, but you guys have worked so hard to defeat me. If I don't show you my true abilities, it will be disrespectful to you. I'll let you guys experience the true power of a Master!"

Xiao Shu and Yin Rong exchanged glances when they heard this. He was somewhat surprised. "Is Lie Gang finally going to attack with his full strength?"

Yu Huang and Sheng Yang looked at Lie Gang warily.

Lie Gang's King Kong Beast suddenly climbed to a height of 100 feet.

The enlarged King Kong suddenly became dangerous. He was like a tall mountain in front of Sheng Yang and Yu Huang, blocking their way out.

Sensing the terrifying might and pressure of the King Kong, both of their gazes became serious. So during the previous battle, Lie Gang had never used his true strength?

Lie Gang jumped up and sat on the King Kong's broad shoulder. His muscles suddenly tensed up as he shouted with a solemn expression, "Nine, heavy, pagoda! The first pagoda!"

As soon as he finished speaking, the King Kong Beast form clenched its right fist and punched the ground with all its might.

This punch was on a completely different level than the one it had used to attack Sheng Yang earlier.

As this punch landed, the ground shook and a layer of spiritual energy fluctuations appeared, sending the group of new students surrounding Xiao Shu flying!

The new students fell to the ground and spat out blood while howling incessantly. Only Liuli Feng and the others with slightly higher cultivation levels didn't vomit blood, but they knelt on the ground with pained expressions.

At this time, they finally understood how terrifying a Master Beast Tamer was!

When he saw those new students with their heads lowered and seeming as if they had suffered a huge blow, the corners of Yin Rong's mouth curled up as he smiled mysteriously and said, "Every single new student must suffer a little before they understand what humility is."

At this moment, the King Kong Beast threw a second punch at the ground. Yu Huang could clearly see a layer of dark and intense spiritual energy surrounding the King Kong Beast's fist, causing space to distort.

"Nine-Layered Pagoda, Second Pagoda!"

When this fist landed, not only did the ground tremble, even the air trembled. Yu Huang and Sheng Yang suffered from the powerful Spiritual Energy attack, and their Spiritual Energy was damaged, causing them to fall from the sky.

Liuli Feng and the others were shocked to the ground again and couldn't even make a sound.

"Ah!" Sheng Yang, her face extremely pale, spat out a mouthful of blood.

Blood flowed from the corner of Yu Huang's mouth. Her situation was not much better than Sheng Yang's.

Seeing Yu Huang and Sheng Yang finally descend from the sky, Lie Gang smiled in satisfaction and threw a third punch—

"Nine-Layered Pagoda, Third Pagoda!"

When this fist smashed onto the ground, the spirit energy that covered the sky transformed into a translucent pagoda that descended from the sky, and it only smashed towards Yu Huang and Sheng Yang.

Chapter 133: Sheng Xiao vs Yu Huang

Yu Huang and Sheng Yang subconsciously raised their heads to look at the pagoda above them. They could feel the destructive energy released from the pagoda and were aghast.

As the name suggested, the Nine Levels Pagoda had a total of nine levels. Lie Gang had only used the third level of the pagoda, but he had already injured them so badly that they could not fight back. Was this the true power of a Master?

At this moment, all of Yu Huang's arrogance and conceit had been crushed. She deeply realized that on the path of Beast Tamers, she was just a child who had just learned to walk.

She finally understood why the academy had specially prepared this welcoming ceremony for the new students.

The academy did not intend to test their abilities through the group battle at all. Its true goal was to utterly crush their arrogance, to let them suffer humiliation and injury, to let them understand

There was always someone stronger!

Even though they were so arrogant, they still were suppressed and beaten by others.

Seeing that the pagoda was about to hit Yu Huang and Sheng Yang, Sheng Xiao was about to remind Lie Gang to stop when Yu Huang shouted, "We admit defeat!"

When he heard Yu Huang take the initiative to beg for mercy, Lie Gang hurriedly withdrew his hand. He looked at Yu Huang in surprise, and he thought that this girl would never know what it meant to admit defeat. Yu Huang helped Sheng Yang stand up with difficulty. She suddenly bent down and bowed to Lie Gang as she thanked him. "Thank you for your teachings. I will definitely remember them."

A trace of surprise flashed across Lie Gang's eyes. He pretended to be confused and asked Yu Huang, "What do you understand?"

Yu Huang said with a humble attitude, "As a student of the Divine Realm Academy, you must abstain from arrogance, impatience, and forge ahead. You must not rely on your talent to be arrogant and conceited. You must know that there is always someone better out there. A frog in the well will never know the immensity of heaven and earth."

"Hahaha! Lie Gang suddenly roared with laughter. He turned around and said to Yin Rong, Xiao Shu, and the others, "Look! Look! This is what a cultured person is. It took us quite a while to understand this principle, but she immediately understood it!"

Back then, when Lie Gang and the others had just entered the Divine Realm Academy, they were even more arrogant than Liuli Feng and the others. At that time, the academy had also sent student representatives to gang up on them. However, at that time, they were proud and arrogant. After being defeated, they didn't know how to reflect on themselves and were rather unconvinced. After entering the academy, they were tortured by the upperclassman for half a year when this group of proud youths finally learned to restrain themselves and keep a low profile.

However, they had only understood this principle after being beaten up for half a year. Yu Huang understood it immediately.

The top student was indeed smart

In the distance, Sheng Xiao was not disappointed when he heard Yu Huang admit defeat. He even smiled.

He finally flew over from the tree.

The girls blushed when they saw Sheng Xiao's face. The boys felt ashamed to see him.

Xiao Shu walked behind Sheng Xiao and said, "Brother Xiao, the one called Liuli Feng, this cunning female and the little girl beside her, are the least injured." Xiao Shu and the others had personally experienced how powerful Lie Gang's Nine Pagoda was. They naturally knew how terrifying its power was.

In the freshman camp, other than Yu Huang and Sheng Yang, who could still

barely stand, the one in the best condition was that guy called Liuli Feng. Liuli Feng had always been the main force in this revolving battle. After he was attacked by Lie Gang's Nine Pagoda, he could still sit cross-legged on the spot to treat his injuries and not lie on the ground and wail like the other new students. This was already very good.

Yin Rong also said, "The three of them are indeed the best performing freshmen.

Sheng Xiao glanced at the three of them. He felt conflicted.

He had participated in a few welcoming ceremonies for the new students, but none of them were as exciting as this one.

One was his biological sister, the other was his... no, his admirer. The remaining one was a core disciple of the Liuli Clan.

This was a dilemma.

If he won, he would be a legend. If he lost, his sister and wife would run from him.

How should he fight?

After a moment of silence, Sheng Xiao finally said, "The three of you, line up."

Liuli Feng gritted his teeth and stood up before walking to Sheng Yang and Yu Huang.

The three of them stood in a row and looked at Sheng Xiao in confusion.

Xiao shu and the others did not understand what sheng Xiao was trying to do.

Yu Huang and the others were stunned as well.

Although Sheng Yang was Sheng Xiao's sister, he could not guess what her brother was thinking.

Sheng Xiao looked at the three of them coldly. "It's getting late. Let's end this quickly."

The moment he opened her mouth, he boasted.

Yin Rong asked, "How do we end this quickly?"

Sheng Xiao said, "Later, I will attack the three of you with my spiritual power.

The one who flies out the furthest will be the last place. The one who is slightly further will be the second last place. The one closest to me will be the first."

Simple!

Brutal!

Fair and convenient!

As expected of a heartless disciplinary officer!

The corners of Yin Rong and the others' mouths twitched. No one stood up against Sheng Xiao's decision.

Sheng Xiao's decision was fair. He treated everyone equally. Even Sheng Yang could not blame him.

Sheng Xiao reminded them, "Be prepared!"

After he finished speaking, a thick black spiritual force spread out from Sheng Xiao's body and wrapped around him. One second, when the spiritual force was circulated to the maximum, a black dragon roared and emerged from between

his eyebrows

The moment the giant dragon jumped to the surface of the sea, its tail slapped the surface of the sea, sending waves tens of meters high. The scene was soul-stirring, scaring all the new students into holding their breaths!

Black Qing

Liuli Feng looked at the man in front of him in shock and exclaimed, “sheng... Sheng Xiao!” He never expected that he would be lucky enough to fight Sheng Xiao!

The dragon bent down and crawled in front of Sheng Xiao. Sheng Xiao flew to the top of the dragon’s head. The black spiritual energy on his body turned into a long sword in his hand. He raised the sword in the sky and muttered to the entire sea, “Slay the sky with one strike!”

Boom!

As the sword slashed down, it tore through the sky, and an overwhelming pressure caused everyone present to feel the blood in their chests roil. Even the expressions of Yin Rong and the others turned slightly pale.

Yin Rong and the others did not expect Sheng Xiao to use this move directly. The cultivation technique Sheng Xiao practiced was the Heaven-level cultivation technique, Myriad Slash. There were a total of 100 styles of the cultivation technique. He had only reached the twentieth style at the moment, and this one was the tenth style!

A single sword could cut through the heavens and the earth. Ordinary Scholars would die on the spot under his attack!

He had made such a ruthless move the moment he made a move!

They didn’t know if he thought too highly of these three juniors or didn’t think much of them.

Sensing the powerful might, Yu Huang and the others released their strongest power at the same time.

“Mountain Pushing Palm!” Sheng Yang used the Mountain Pushing Palm again. A thick white spiritual energy collided with Sheng Xiao’s sword aura and she was sent flying!

“Red Dust!” Liuli Feng’s big scissors cut a hole in Sheng Xiao’s sword energy. Then, it was devoured by the sword energy and he was sent flying far away!

Yu Huang spread her Vermillion Bird wings again. The fully extended wings blotted out the sky and were actually about the size of Black Qing’s body. Yu Huang circulated all her spiritual power, and her face turned pale. She gritted her teeth and used all her strength to release her strongest attack “Starry Sky!

Vermillion Bird’s wings flapped crazily. Thousands of red feathers turned into sharp blades that fell like stars. They formed a wall of light and blocked Sheng Xiao’s attack.

Sheng Xiao was impressed.

However, the light wall was soon broken by Sheng Xiao. Yu Huang was attacked by the energy and she flew backward!

Chapter 134: Sheng Xiao has a fiancée?

The light wall was broken. Yu Huang, who was attacked by Sheng Xiao's sword aura, fell into the deep sea like a swallow. When she fell into the sea, Xuan Yu emerged from between her eyebrows and turned into a fiery red protective shield

Plop!

Yu Huang fell into the deep sea. The protective shield only barely helped Yu Huang withstand the first powerful impact before countless cracks appeared.

Xuan Yu turned into a red light and returned to Yu Huang's body.

Yu Huang's consciousness dissipated. After she fell into the deep sea, her body rolled along with the dark tide at the bottom of the sea. She was like a helpless seaweed.

Yin Rong saw that she was sent hundreds of meters away by Sheng Xiao's energy rebound. She was worried that Yu Huang's life would be in danger. She was about to fly into the deep sea to look for her when Black Qing waved its dragon tail in the air. Its body swayed and went into the deep sea in the next second.

Everyone only saw that the calm sea surface was splashed with waves that were tens of meters high. When they looked again, they could not see Black Qing's figure

Xiao Shu shook his head and said worriedly, "Brother Xiao is so ruthless. Hope she doesn't die."

Lie Gang could not stand it anymore. He said, "Brother Xiao, you're too heartless.

Yin Rong said, "Who would have expected that the freshman would be able to use such a powerful technique? The stronger the technique Yu Huang used,

the greater the backlash she would suffer after defeat.

She was the one who flew out the furthest.

Black Qing churned in the sea before finally finding Yu Huang

Yu Huang laid quietly in the dark sea. Her waist-length black hair swayed under her. She did not move at all, as if she was dead.

Black Qing Long waved its tail and used it to hook Yu Huang as it brought her out of the sea.

The moment he flew out of the sea, Black Qing turned into spiritual power and returned to Sheng Xiao's Spiritual Abode. Sheng Xiao carried Yu Huang and flew to the shore.

He placed Yu Huang on the beach. When he saw that Yu Huang was no longer breathing, he hurriedly knelt beside her and pressed his hands on Yu Huang's chest to perform emergency CPR on her.

Sheng Xiao performed it a few times, but Yu Huang did not react.

Sheng Xiao was frustrated.

He shouldn't have been so ruthless

Sheng Xiao held Yu Huang's chin with one hand and made her open her mouth.

In front of everyone, he lowered his head and kissed Yu Huang while breathing into her body.

Yu Huang's fingers, which were resting on the beach, suddenly moved. Her consciousness slowly returned, and she naturally sensed that someone was giving her artificial respiration.

Yu Huang heard someone say, "Brother Xiao, is she dead?"

Then, Yu Huang heard the man who always sounded calm when he spoke. For the first time, his tone became flustered and anxious. "Shut up! She won't die!"

As soon as she finished speaking, Yu Huang felt a warmth on her lips again.

That person was breathing into her again.

Sheng Xiao was giving her artificial respiration!

After so much happening, they finally kissed.

This was a rare opportunity, and Yu Huang planned to pretend to be dead for a while longer.

Who asked him to be so ruthless?

Although she was not Sheng Xiao's girlfriend yet, she was still someone who had kissed Sheng Xiao before

However, not only did he not show her any mercy, but he even used all his strength on her. He was a powerful Supreme Master. Did he not think that his attack might kill her?

She had to scare him.

Sheng Xiao performed artificial respiration on Yu Huang three to four times.

When he saw that Yu Huang did not react, he was flustered.

He used his palm to press on Yu Huang's chest again. As he pressed, he said, "Yu Huang! Wake up! How can you die?!" How could she be killed by him?!

Yu Huang thought to herself: I haven't won you over yet, so I naturally can't bear to die.

Yu Huang wanted to pretend for a while more, but at this moment, Xiao Shu suddenly exclaimed, "Her finger is moving"

Yu Huang knew that she could no longer pretend.

She pretended that she had just woken up and pretended to throw up a few mouthfuls of seawater. Then, she pressed her hand against her lips and stared at Sheng Xiao, who was excited. She pretended to be confused and said, "Why does my mouth hurt so much?"

For a moment, no one spoke.

Yu Huang looked up at Sheng Xiao. Seeing his unnatural expression, she asked, "Did you save me?"

Sheng Xiao avoided the topic and asked her, "How do you feel?"

Yu Huang said, "I just feel that there's something wrong with my mouth.

There's no other problem

Vin Rong suddenly coughed with an awkward expression.

The new students looked at Yu Huang and Sheng Xiao with strange expressions. They wanted to tell Yu Huang that he did artificial respiration for her when she was unconscious.

But who was Senior Sheng?

He was the most upright person. Him performing artificial respiration for Yu Huang was purely out of justice. They could not let their imagination run wild.

Sheng Xiao did not explain the truth. He stood up and saw that Sheng Yang and Liuli Feng had recovered. He said, "The first place Liuli Feng will be rewarded with 500 points. The second place Sheng Yang will be rewarded with 300 points. The third place Yu Huang will be rewarded with 200 points.

Hearing this, Liu Li Feng and Sheng Yang revealed a hint of joy on their faces, and the other students looked at the three of them with envy.

Only Yu Huang was confused. She did not know what these points were.

However, when she saw the envious looks of the new students, she knew that these points were definitely something good.

Thank you, senior!

Sheng Xiao and the others left after the welcoming ceremony.

Before he left, Sheng Xiao looked back at Yu Huang. He was relieved when he saw that Yu Huang could still talk to Feng Si and Sheng Yang. He knew that her injury was not serious.

After Sheng Xiao and the others left, Feng Si's expression became complicated. He told Yu Huang, "You were unconscious after drowning. Senior Sheng gave you artificial respiration and saved you."

For some reason, Yu Huang could hear jealousy and envy in Feng Si's voice.

She suddenly had a horrifying thought. Was Feng Si Sheng Xiao's fan?

Feng Si was indeed Sheng Xiao's fan. After witnessing Sheng Xiao successfully subdue the Purifying Spirit Sacred Pearl on the Black Dome, he regarded Sheng Xiao as his lifelong idol.

That was why Feng Si envied Yu Huang when she was beaten up by Sheng Xiao

and saved by him.

Feng Si looked in the direction where Sheng Xiao left and muttered softly, "heard that he doesn't like women. There was a strange glint in his eyes. He tilted his head and said to Yu Huang," Fm quite handsome and my family background is not bad. If I cultivate my charm properly, will I be able to gain his favor?

Yu Huang was speechless.

She never expected that there would be a man who dared to snatch Sheng Xiao away from her!

"Who said that he doesn't like women?" Would he give her a ring if he didn't like women? Would he go to the Black Dome to fight for the Purifying Spirit Sacred Pearl for her?

Although Sheng Xiao was a little too blunt, he definitely liked women.

Feng Si said, "This matter spread on the Beast Tamer website last year. It's most likely true."

Last year?

Yu Huang suddenly thought of last year when she went to the Lou Lan Ancient Pavilion with Lin Jiansheng. During the mermen's transition, she took back three photos of Sheng Xiao from a girl in black.

That day, in order to stop her rival from admiring Sheng Xiao, she lied to them that Master Sheng did not like women.

Could this rumor be from her?

Yu Huang immediately felt regretful, as if she had shot herself in the foot.

That's impossible. How can the rumors be trusted?

Sheng Yang chimed in, "Nonsense! My brother.. Mr. Sheng doesn't like men.

He has a fiancée!

Feng Si looked disappointed.

Yu Huang's face was filled with shock and anger.

Sheng Xiao had a fiancée?

Why had she never heard of it before?

Wasn't he a jerk to flirt with her when he had a fiancée?

Yu Huang asked Sheng Yang, "Since when did Mr. Sheng have a fiancée? I've never heard of her." The other new students were also confused.

Sheng Xiao was a legend on the Holy Spirit Continent. Any news about him would be spread on the Beast Tamer website.

If Sheng Xiao had a fiancée, everyone would have known about it.

Sheng Yang pursed his lips and said, "When I was a child, I heard from my family that Mr. Sheng had a marital arrangement since he was a child. His fiancée is the young master of the Yin family!"

Yu Huang's expression instantly became strange when she heard this.

When did she become Sheng Xiao's fiancée?

When he heard Sheng Yang mention this, Liuli Feng had an impression of it. "I think that's true. It's said that more than ten years ago, when Mr. Sheng went to the Yin family to participate in the Yin family's young master's full moon banquet, the Yin family's young master showed absolute dependence and love for him. The Prime Master and Grand Master Sheng verbally arranged a marriage for them."

The disciples of the large family clans had all heard of this matter. However, it had been too long ago, and the fate of the Yin Clan's young master was unknown. If someone had not deliberately mentioned it, they would have really forgotten.

Feng Si felt jealous. He said, "That was when Mr. Sheng was a child. How do you know if he likes men or not?"

Sheng Xiao was her brother. Sheng Yang knew Sheng Xiao's sexual preference. Sheng Yang clicked her tongue and said, "Mr. Sheng has been asking about the young master of the Yin family all these years. If he didn't care about that young master, why would he still ask?"

Feng Si instantly fell silent. He thought to himself that the rumors were indeed

unreliable. He would report the user of the post later.

Yu Huang had mixed feelings when she heard Sheng Yang's words. Lin Jiansheng had mentioned to her before that her engagement with Sheng Xiao was just a joke between her parents. Did Sheng Xiao take it seriously? Was Sheng Xiao really still asking about her?

At this moment, the cry of a bird suddenly came from the forest. Liuli Feng looked out of the forest and said, "The birds of the academy are here."

The new students walked along a cement path into the forest. After walking for five to six hundred meters, they saw the flight platform.

On the wide flying platform, ten huge birds landed in succession. On the backs of the birds were rows of seats. One bird could ride 60 people, and ten birds could take everyone away.

After a long day and being injured, the freshmen were no longer in the mood to admire the scenery. All of them leaned back in their chairs and dozed off.

Chapter 135: Be Good and Call Me Sister-in-law

Sheng Yang and Yu Huang sat in the first row while leaning against the bird's head. There was a Beast Tamer in front of them.

Sheng Yang saw that Yu Huang's face was a little pale, so she passed a pill to Yu Huang and told her, "This is a healing medicine. I've prepared a lot of it. I see that your injury isn't light. Do you want to take one?"

Yu Huang indeed needed this item, so she did not stand on ceremony with Sheng Yang

She took the pill but was not in a hurry to take it. Instead, she asked Sheng Yang, "You said earlier that Mr. Sheng has remembered the Yin family's young master all these years. Is that true?"

Sheng Yang did not explain. Instead, her gaze towards Yu Huang became deeper.

Yu Huang felt her hair stand on end from her stare. "Why are you looking at me

like that?”

Sheng Yang said thoughtfully, “In the Beast Tamer Selection Competition in the capital last time, I saw you leave with my brother alone. After that, my fellow disciples were spreading rumors that my brother had found me a sister-in-law.”

Sheng Yang suddenly moved closer to Yu Huang and asked her seriously, “Do you want to be my sister-in-law?”

Yu Huang was momentarily at a loss for words.

If she told the truth, she was afraid that she would scare Sheng Yang. If she didn’t say it, it would be another kind of lie to Sheng Yang

Before Yu Huang could think of a way to fool Sheng Yang, Sheng Yang analyzed a new piece of information. “Something must have happened between you and my brother. Others might not be able to tell, but I can tell how much my brother cares about you.”

“My brother never gets close to people. After you drowned today, my brother was clearly frightened out of his wits, that’s why he kissed you in front of everyone. I don’t believe that there’s nothing between the two of you!”

Hearing this, Yu Huang subconsciously corrected her. “That’s not kissing. That’s called artificial respiration.”

Sheng Yang pursed his lips and said, “My brother never performs artificial respiration on others.” Those who could receive artificial respiration from him were all people that he cared about!

Sheng Yang’s analysis was logical and Yu Huang really couldn’t reject it. She asked Sheng Yang probingly, “If I really want to be your sister -in-law, what do you think?”

A sly smile suddenly appeared on Sheng Yang’s beautiful face. She said, “You’re so outstanding. If I were a man, I would want to marry you. I can’t marry you, but I can let my brother marry you. We can’t let you go to outsiders.”

Yu Huang was speechless.

She patted Sheng Yang's shoulder and said, "Good girl, call me sister-in-law."

Sheng Yang actually really called out, "Sister-in-law."

When Yu Huang heard this, she became a little embarrassed. She was afraid that Sheng Yang would find out that she was embarrassed, so she used the excuse of recuperation to say, "I'll recuperate first."

Sheng Yang was also badly injured, and she needed to heal herself. "I'll recuperate too."

The healing medicine Sheng Yang had given her was very effective. The moment Yu Huang swallowed the healing medicine, she felt a warm healing power spreading within her body. Her body, which was a little cold from excessive bleeding, also gradually regained its warmth.

After she completely absorbed the medicinal effect, her internal injuries had already healed.

Seeing that Sheng Yang was still recuperating, Yu Huang did not disturb her.

At this moment, the bird had already flown out of the forest and was soaring on a vast and boundless grassland. Yu Huang lowered her eyes to look below and discovered that there was a square in the middle of the plain. There were a few stone statues standing on it.

After she guessed where it was, her heart started to race.

"That's the Central Plaza." The Beast Tamer saw that Yu Huang was staring at the square below in fascination, and told her, "The most outstanding alumni in the history of the Divine Realm Academy are worshiped there. On the eighth day of the month, the students will bring fresh flowers to pay their respects. You will do the same in the future."

Yu Huang laid on her seat and lowered her head to look at the statues.

Seeing that she was interested in the statue, the Beast Tamer deliberately slowed down.

Blood relations were a subtle thing. Even though Yu Huang had never seen her father in such a manner, her gaze was still attracted by the statue on the

leftmost side of the square.

The statue was that of a young man. He was wearing the uniform of the Divine Realm Academy and had the school badge on his chest.

In front of the statue stood a square stele. On it was engraved the life of the master

(Yin Mingjue (September 12, 546-August 22, 702), lived to be 156 years old with the title of Prime Master. He was the 7005th graduating student of the Divine Realm Academy.

On August 22, year 702 of the Divine Moon Calendar, in order to save the world, Yin Mingjue sacrificed his beast form and burned his soul to guard the Central Pagoda.

A monument was specially erected for him for future generations to admire and remember.]

After seriously reading the stele, Yu Huang raised her head to size up Yin Mingjue's appearance.

The sculptor should have respected Yin Mingjue greatly, so when he created this stone sculpture, every stroke of his blade was filled with sincerity.

The stone statue that had been carved was naturally dignified and righteous. It made people feel a sense of awe just by looking at it.

Yu Huang asked the Beast Tamer, "Is the statue of the Prime Master similar to him?"

The Beast Tamer narrowed his eyes and looked at Yin Mingjue's statue. He was in a daze for a few seconds before shaking his head and saying, "Although the statue is beautiful, it's not even a tenth as beautiful as the Prime Master."

Yu Huang suppressed the sour sensation in her nose and sighed with a smile. Then he must have been a peerless handsome man."

"Of course."

Yu Huang had been staring at Yin Mingjue's statue in the distance. Only after the bird left the plain did she reluctantly return to her compartment.

At dusk, the bird finally arrived at the destination and stopped on the flying platform.

The sleeping new students immediately woke up. They jumped down from the bird's back and saw the Divine Realm Academy on the other side of the mountain.

The Divine Realm Academy was built along the mountain. It was majestic and looked exactly the same as the shrunken building on the invitation letter.

However, there was no imposing square at the entrance of the Divine Realm Academy, only a rolling magma river.

The nine iron chain bridges were built on the magma river. They were the only path to the Divine Realm Academy.

The nine guides stood in front of the iron chain bridge and waited for the new students. After they all alighted, they led them onto the iron chain bridge and walked towards the Divine Realm Academy across the valley.

When the new students crossed the bridge, their calves were trembling because they were afraid that the bridge would break and they would fall into the boiling sea of lava.

Sheng Yang told Yu Huang, "The Divine Realm Academy is called the safest pure land on the Holy Spirit Continent. The magma river under our feet is called the Endless River. It is the last layer of protection for the Divine Realm Academy."

Yu Huang nodded and followed the others across the river.

After the new students had all crossed the river, the tightly shut iron-black gate of the Divine Realm Academy slowly opened on both sides. Inside the gate, there was a winding stone staircase that led directly to the school's sports field.

The freshmen carried their bags and panted as they climbed the stairs. They stood on the field and waited for the academy staff to arrange accommodation for them.

Suddenly, someone exclaimed, "What an elegant little black cat!

Yu Huang stood on her tiptoes to look around. She saw a petite black cat walking gracefully from the end of the field.

There was a pearl necklace around the cat's neck. She was definitely a female cat. Feng Si said, "Pets are allowed in school? If I had known, I would have brought mine along"

The black cat walked gracefully to the front of the new students. Some of the new students saw that it was too beautiful and wanted to rush up to stroke the cat

At that moment, the black cat's body twisted. In the blink of an eye, she turned into a beautiful lady in a black dress and a pearl necklace.

How was this a cat? It was a Grand Master-level Beast Tamer!

The lady had coiled black hair and wore a pair of pure white long gloves. She also had a dogma book in her hand. She looked elegant and serious.

Welcome, new students of the 7157 cohort. Tm Doris!" She was only a Residence Hall Coordinator, but she was already a Grand Master. The Divine Realm Academy was indeed filled with people with hidden potential.

Doris wiped her right hand gently in front of her. There was a desk in front of her with an office computer on it and a sofa chair behind her.

Doris sat down gracefully and began to speak. "Students who hear their name, step out!

Liuli Feng

"An Jinyang!

Yu Huang!

Yu Huang walked out of the line and received a general points card from Doris, a dormitory key, and four brand new clean uniforms.

She had yet to figure out the use of the card, but she saw the words on the dormitory key: A, 606.

It only took half an hour before Doris finished distributing the dormitory

rooms

She stood up and waved the dogma in her hand. "Come to the dormitory with me!" So the new students followed Doris to the dormitory building.

The dormitory building was built on the mountain at the back. Block A of the female dormitory had a total of six stories high. There were eight dormitory rooms on each floor and three people per dormitory.

Yu Huang lived on the top floor.

She took the key to the dormitory door and found Sheng Yang already standing inside.

"What a coincidence. You're also 606?" After knowing that she and Sheng Yang were in the same dormitory, Yu Huang sighed. They were destined to be family. Sheng Yang naturally would not tell Yu Huang that she had deliberately transferred herself to Yu Huang's dormitory through her connections. Sheng Yang nodded. "From today onwards, we are roommates."

"Please be of guidance." Yu Huang walked into the dormitory and was about to return to the room to change when she suddenly heard someone asking outside, "Excuse me, is it 606?"

Yu Huang and Sheng Yang turned around at the same time and saw a mermaid girl standing outside the dormitory.

The merman had a head of blue curly hair and was wearing a mermaid's unique seashell necklace. She was wearing a light purple dress, and her bright fish tail was exposed under the dress.

There were three famous Beast Tamer Academies on the Holy Spirit Continent. They were the Divine Realm Academy of the Divine Realm Continent, the Beast Clan's Myriad Beast Academy, and the Merman Clan's Deep Sea Academy.

Although the Divine Realm Academy was open to the entire world to recruit students, merfolk and beastmen usually would not come to the Divine Realm Academy to study. After all, there was an unbreakable wall between them.

There was always conflict between humans and nonhumans.

Thus, when they discovered that their dormitory mate was actually a small mermaid, Yu Huang and Sheng Yang were momentarily shocked.

Chapter 136: Sister-in-law Has a Sexy Figure, So Brother

Is Lucky

After regaining her senses, Yu Huang hurriedly invited the little mermaid into the room. "This is 606. Welcome, little mermaid."

When the merman heard Yu Huang call her 'Little Mermaid, a bright smile appeared on her face. The little merman swayed her tail and slid into the dormitory. She told Yu Huang and the others, "My name is Na Luo. I'm 14 years old."

Sheng Yang said, "I'm Sheng Yang, and I'm 14 years old."

When it was Yu Huang's turn, she fell silent suspiciously before saying, "I'm Yu Huang. I'm 19 years old"

During the welcoming ceremony for the new students, Na Luo had seen the battle between Yu Huang and Sheng Xiao. She admired Yu Huang very much. I know you guys. I saw the battle between you guys and Senior Sheng earlier. You're all so impressive." Yu Huang was especially impressive. She was a scholar, but she was also a Beast Tamer. She had already become a hot topic of discussion among the new students.

"I have a gift for you guys!" Na Luo took out two light blue night pearls from her interspatial ring. "These are the specialties of our Xixia Sea. I'll give them to you guys!"

Afraid that they would find this gift unpresentable, Na Luo hurriedly explained, "It's small, but it's very useful. If you carry it with you, it can soothe your mind and beautify you. It's the most popular beauty pearl in Xixia Sea!" Xixia Sea was the territory of the merfolk. There were many resources at the bottom of the sea, so such a pearl was not a rare treasure to the little merfolk, and it was most suitable to be a greeting gift.

However, Sheng Yang and Yu Huang were both humans on land. On land, such a deep sea blue night pearl could be auctioned for a sky-high price of 10 million.

Because the gift was too expensive, the two of them didn't accept the gift immediately.

When little mermaid Na Luo saw that they were unwilling to accept the gift, she thought that they were unwilling to accept gifts from mermaids, and her gaze became dejected.

Seeing that Na Luo was sad, Yu Huang accepted the gift. "Thank you. I love it."

Yu Huang also took out two jade pendants from her interspatial ring. She told Sheng Yang and the little merman, "These are insect repellent spirit jades produced by the Purifying Spirit Academy. They can chase away low-level insect beasts. I'll give them to you."

Sheng Yang also had this, but she still happily accepted the gift.

A very ordinary gift to Sheng Yang was a precious treasure to the Merman Clan.

The little merman accepted the gift with both hands and gave Yu Huang a sweet smile. "Thank you!"

Sheng Yang also gave them each a simple hairpin. She told them, "This is a first-grade Spirit Gathering Hairpin. Wear it and you can gather spirit energy to increase your cultivation speed."

Yu Huang was speechless. A first-grade Spirit Tool like this was worth at least five thousand spirit stones. Being roommates with two rich girls made Yu Huang feel immense pressure.

Thank you"

Yu Huang accepted the hairpin and used it to tie up her long hair.

At this moment, Doris's voice sounded on the hostel's radio. "Please change into your school uniforms and head to the Hall for the classification ceremony."

Sheng Yang carried her school uniform back to the room. As she walked, she

said, "The classification ceremony is very important. Don't be late. Go and change your clothes"

Yu Huang changed into a suit jacket and shorts. She then tied the black belt with storage function around her waist before walking out of the room.

Sheng Yang had already changed her clothes and was waiting for them in the living room. Yu Huang saw that Sheng Yang's school uniform jacket was a little wide, so she asked her, "Is your school uniform too big?"

Sheng Yang was still young and her body had just begun to develop. The school uniform was naturally wide on her.

She lowered her head and looked at her flat chest. She pursed her lips and said, "It's fine as long as I can wear it." After saying that, Sheng Yang looked up at Yu Huang and was stunned.

Yu Huang's body had already been developed. After she changed into her waist suit jacket, it made her chest appear bigger, her waist bigger, and her buttocks look perky. Her legs also looked long!

Sheng Yang stared at the bulge on Yu Huang's chest and suddenly felt a little envious of her brother.

Her sister-in-law had a sexy figure, so her brother was lucky.

Na Luo came out too.

The merfolk did not have legs, but the academy had thoughtfully changed their design for them and changed their shorts to short skirts. Na Luo was wearing a suit jacket and a short skirt. Her aura had changed from sweet to heroic.

"Let's go."

Under the guidance of the guide, the new students passed through a few winding paths, went around the field, and crossed a small lake before arriving at the auditorium of the Divine Realm Academy.

The hall was very spacious, and the leaders sat at the top. The elder in the middle was the dean. The dean looked exactly the same as on the invitation

letter. He was very amiable, and when he smiled, his eyes narrowed into slits. Yu Huang could not see his eyes.

There were more than ten leaders and professors sitting on both sides of the dean. Sheng Xiao was among them.

As the disciplinary officer of the academy, Sheng Xiao had a high status among the students. He had more power than the director of the grade. He should sit here.

When Yu Huang sat down, she noticed that Sheng Xiao looked at her.

With the uniform of Divine Realm Academy on, Yu Huang was just as Sheng Xiao had imagined. She looked refreshing and radiant. Her half-hidden face looked mysterious.

Sheng Xiao lowered his eyes and stared at his toes. He suppressed the strange feeling in his heart.

Ding!

The bell in the hall rang without any wind, and the students quieted down at the same time. The principal stood up. He narrowed his eyes and said with a smile, "Welcome to the Divine Realm Academy, children. I'm the dean."

All the students applauded excitedly.

This was the dean, one of the only three Prime Masters in the world!

The applause continued for a long time until the dean pressed his right hand down. The students then stopped clapping.

The dean looked at the energetic children lovingly and said sincerely and expectantly, "Children, I look forward to 12 years later, when everyone can still sit here and participate in your graduation party, just like tonight."

This was telling the new students that after coming to the Divine Realm Academy, they should stop messing around and focus on cultivation and strive to graduate!

"After entering the Divine Realm Academy, you should cultivate diligently, obey the rules and regulations, and work hard to become a powerful and

outstanding Beast Tamer. I hope that your future will be even more dazzling and glorious!

After the speech, the dean sat down.

Then, the other professors stood up and introduced themselves. It was Sheng Xiao's turn.

As soon as he stood up, all the new students looked at him with fervent gazes.

He picked up a pen and started writing in the void in front of him. As his pen and brush fell, a sentence appeared in the sky above the hal-

One must not be arrogant and impetuous.

Sheng Xiao put away his pen and looked at the innocent and passionate young children in front of him. He said, "Hello, students. I am Sheng Xiao, the disciplinary executive of our school. Don't be arrogant and impetuous, but work hard. I hope that all our new students will remember these words and put them into practice."

When Yu Huang heard this, she thought to herself, "I'm not afraid of impatience, but I'm afraid of abstinence."

In the face of beauty, she couldn't be abstinent..

Chapter 137: Class Test, Stunning the Entire School

After all the leaders finished introducing themselves, the Year Head suddenly stood up and left his seat.

Seeing him stand up, the staff guarding at the side of the hall immediately worked together to carry a crystal tablet into the hall and place it on the high platform in front of the principal.

The Year Head walked to the side of the monolith and shook the bronze bell in his hand.

'The bronze bell's voice spread throughout the entire hall. The whispering students immediately quieted down and raised their heads to look at the high platform while curiously sizing up the crystal tablet.

Someone asked, "What is that?"

The transparent crystal tablet looked clean and clear. It was difficult to guess its use.

Sheng Yang told Yu Huang, "That is the beast form test monument. It is the same thing as the Psychic Sphere of the Purifying Spirit Academy. However, the crystal monument can clearly reflect the situation of every Beast Tamer."

"I see."

'The Year Head picked up a freshman roster and walked to the crystal stele. He said in a clear voice, "The classification ceremony will now begin. Students whose names I have called, please take the initiative to go on stage and accept the crystal stele test."

Then, the Year Head nodded at Sheng Xiao. "Sheng Xiao, please give the new students a demonstration."

Sheng Xiao stood up from his seat and walked toward the crystal tablet. When he got closer, he closed his eyes and pressed his palm on the crystal tablet.

A wave of dense black Spiritual Energy suddenly surged out from the transparent crystal monolith. The Spiritual Energy chumed and condensed into a bold and arrogant black dragon. The black dragon roamed within the crystal monolith while the dragon roar spread throughout the entire hall, shaking the new students' eardrums.

Immediately after, a line of words appeared on the crystal tablet—
Super Beast form Black Qing Sky Dragon, S-grade battle-type Beast Tamer.

Sheng Xiao retracted his hand and sat back down calmly.

Na Luo and the others stared at the black dragon in the middle of the crystal stone tablet and the row of words at the bottom of the crystal stone tablet. They were all shocked.

Super Beast Form, S-class battle-type Beast Tamer!

How impressive.

'They didn't know what to say to express their awe.

According to their potential, all Beast Tamers were divided into A-level, B-level, C-level, D-level, E-level, and the strongest S-level.

Those who could be tested as S Class by the crystal tablet were truly rare.

The Year Head opened the roster and shouted, "Zhou Xi!"

A little girl quickly tidied up her school uniform and walked onto the stage. She nervously placed her hand on the crystal tablet. She poured her spiritual power into the crystal tablet. Wisps of light green light appeared on the surface of the tablet. Finally, the light condensed into the shape of a blade of grass.

A line of words appeared below the tablet—
Intermediate beast form Skylight Grass, Grade B healing Beast Tamer.

The Year Head spent two words on the roster and said to Zhou Xi, "Congratulations on becoming a member of the Healing Class B class."

Zhou Xi was brought to the side of the homeroom teacher of Healing Class B.

"Zhong Zheng!"

"Alice Drake!"

"Liuli Feng!"

Upon hearing his name, Liuli Feng stood up from his seat and walked onto the stage with his head held high.

Liuli Feng had already become famous among the new students. All the new students looked at him with anticipation and curiosity as to what kind of evaluation his scissors would receive.

Liuli Feng injected all of its spirit energy into the crystal monolith. The silver-white light gathered into a lethal pair of scissors in the crystal monolith. The evaluation results appeared below the crystal monolith—

Advanced Beast Blood Demon Scissors, Grade A Battle Beast Tamer!

More than 50 new students had already undergone the test. Liuli Feng was the first to have his potential evaluated as battle-type Beast Tamer by the crystal monolith.

‘The freshmen all clapped for him.

‘The Year Head also nodded with satisfaction and said to Liuli Feng, “Congratulations on becoming a member of Combat Department Class A!”

“Thank you.”

Liuli Feng walked off the stage and stood behind his teacher with an unconcealable arrogance on his face.

Among these 600 new students, there were definitely not many who could be evaluated as Grade A battle-type like him, perhaps no more than 30.

Andas for the Super Beast form.

Liuli Feng didn’t think that there would be a super beast form among this batch of new students. One had to know that there were only slightly more than twenty Beast Tamers who had a super beast form in the entire Holy Spirit Continent.

Sheng Yang saw that Liuli Feng had gone to Combat Class A and sighed. “As expected of the most dazzling genius of the Liuli Clan in recent years.”

‘There were three disciples of the Liuli Clan who made it into the top 2,000 of the Beast Tamer Selection Competition this year. Liuli Feng even made it into the top 100. He was indeed very outstanding.

One had to know that the son of the Liuli Clan’s Patriarch, Liuli Shao, had only made it into the top five hundred after giving his all.

Yu Huang also said, “Liuli Feng is indeed very outstanding.”

‘The Year Head shouted again, “Na Luo!”

‘As the only merman among the new students, when Na Luo walked onto the stage with her fishtail swaying, she immediately attracted everyone’s attention.

Na Luo’s face was flushed. She carefully pressed her hand on the crystal tablet and poured her spiritual power into it.

A bright purple light flashed, and a mermaid-shaped creature appeared on the crystal tablet. The results of the evaluation also appeared—

Advanced Beast Mermaid, Grade A Combat Beast Tamer.

'The Year Head was very friendly to this only merman. He smiled gently at Na Luo. "Congratulations on becoming a member of Combat Department Class A."

After thanking the Year Head, Na Luo wagged her tail and went to Combat Department Class A.

When Liuli Feng saw Na Luo's smooth tail, he, afraid that he would smell like fish if he touched Na Luo, subconsciously moved to the side.

But in fact, there was no strange smell on the merfolk. It was just the prejudice of humans.

Na Luo sensed Liu Li Feng's disgust towards her. She was a little hurt, so she lowered her head and looked at her tail. She was too embarrassed to raise her head.

'The evaluation continued systematically and soon, it was Sheng Yang's turn.

'When Sheng Yang's name was heard, the professors looked at Sheng Xiao. The new students had guessed that Sheng Yang was from the Sheng family, but few of them knew that Sheng Yang was Sheng Xiao's sister.

Sheng Xiao's expression did not change. He looked at his sister as if she was a stranger.

Sheng Yang walked up and placed her hand on the crystal tablet without hesitation.

The moment the honest polar bear appeared, it let out a low and deafening roar. The results of the evaluation appeared on the crystal tablet—

Advanced beast form polar bear, Grade A battle Beast Tamer.

Because of Sheng Xiao, the dean liked Sheng Yang a little more. "Congratulations to Sheng Yang for becoming a student of Combat Department Class A."

Sheng Yang looked back at Sheng Xiao and pursed her lips. Then, she went to Class A's camp.

Sheng Xiao glanced at Sheng Yang's back. No one saw the hint of pride and love in his eyes.

After testing more than three hundred new students in a row, only 25 Class A Beast Tamers were tested. As for Class S, there was not a single one. The proportion of Class B Beast Tamers was the largest, but there was not a single Class C Beast Tamer.

Yu Huang discovered this ratio and once again realized how important talent was to Beast Tamers.

"Yu Huang!"

'As one of the top ten freshmen this year, the 19-year-old Yu Huang was the tallest among all the female students. She walked with firm footsteps and walked onto the stage with her head held high.

'The Year Head looked at her lovingly.

‘As a Beast Tamer, Yu Huang had entered the academy as a high-scoring new student. Regardless of whether her beast form was high or low, or whether her abilities were strong or weak, just based on her outstanding grades, she had made the Divine Realm Academy proud! Furthermore, this child’s cultivation level did not seem to be low.

‘The performance of Yu Huang and the other two people when they were fighting with Sheng Xiao had already been reported to the dean and the Year Head via a live stream.

After they saw Yu Huang’s performance, their eyes lit up.

This scholar called Yu Huang was perhaps the biggest surprise among the new students this year.

Yu Huang glanced at the Year Head and was about to reach out to touch the crystal tablet when she saw the Dean blink at her.

Yu Huang was speechless.

The Dean even secretly gestured for her to do her best.

Yu Huang lowered her head and thought to herself, ‘The dean doesn’t seem very stern.’

Yu Huang had guessed that her mentor must have gone to see the dean and told him about her condition. That was why the dean took care of her like this. Yu Huang calmed herself down and placed her hand on the crystal tablet while injecting her spiritual power into it.

‘The next second, a dazzling red light shot out of the crystal monument. In an instant, the entire hall was dyed red.

“Screech—”

Abird’s cry rang out from the crystal tablet. The sound was sharp and filled with prestige and terrifying killing intent. A freshman discovered that the wine cup in his hand had actually cracked under the spiritual fluctuations of the bird’s cry!

Was it that freaky?

Seeing the commotion caused by Yu Huang, the dean sat up straight. He even stood up and looked at the crystal tablet in front of Yu Huang with anticipation.

Seeing that the dean was alarmed, the professors realized something and stared at the crystal tablet.

Finally, the aftershock of the cry slowly dissipated, and the scarlet light gradually condensed into a gorgeous and majestic phoenix. The phoenix spread its wings and burned with flames. The scene was gorgeous and shocking.

The phoenix raised its head and looked at the new students outside the crystal tablet with disdain. Its eyes were filled with pride and disdain.

This was a Divine Feather Phoenix. It was born to be proud in this world.

The dean was shocked. He shook his head and sighed. “I really didn’t expect to see such a phenomenal thing!”

Chapter 138: S Class Combat Beast Tamer

The test results were finally out—

Divine Feather Phoenix, a Grade S Combat Beast Tamer.

Super beast form!

S Class Combat Beast Tamer!

The teachers and students were in an uproar the entire time. They stood up one after another and looked at the enchanting body on the high platform in astonishment.

Liuli Feng turned pale with fright and exclaimed in disbelief, “How could this be? A scholar actually awakened her super beast form!”

Sheng Xiao, who had expected this, finally raised his glass and drank it all.

The dean couldn’t help but applaud. “Not bad! Not bad. After 13 years, our academy has welcomed another Super Beast Tamer. Congratulations!”

And thirteen years ago, Sheng Xiao was the one who brought this surprise to the school.

Everyone applauded, and the professors were so excited that their faces turned red.

‘The Year Head’s hand, which was holding the roster, was trembling. “Yu Huang, congratulations on becoming a student of Combat Department Class \$!”

Yu Huang thanked the Year Head and was brought to Class \$ by the staff.

‘There was no one in Class \$’s camp yet. Yu Huang stood there alone, looking lonely and like an outcast.

Yu Huang’s stunning performance raised commotion in the hall. After a shocking genius like her appeared, no matter how powerful one’s beast form was, it would not be able to cause a bigger commotion.

“Feng Si.” The Year Head stared at the name at the end of the roster and fell silent suspiciously before shouting in a complicated tone, “Feng Si.”

‘As Feng Si, who had entered the academy through the back door, he had not participated in this year’s Beast Tamer Selection Competition at all. His name was naturally ranked last.

At this moment, Feng Si was the only one in the hall.

Feng Si’s presence became unprecedentedly high.

He hurriedly stood up and walked onto the stage with a flushed face. He was too embarrassed to raise his head and hurriedly pressed his hand on the crystal tablet.

The crystal tablet flickered with five-colored light, and then a butterfly appeared in the mirror. The evaluation results also lit up—

Low-level Beast Charming Colored Butterfly, D-level Healing Beast Tamer.

Upon seeing this result, the freshmen immediately went into an uproar.

“What’s going on? Why did a Healer with D-rank potential enter our academy?”

“He can even enter the top 2000 with this level?”

“Did this fellow use special means to get accepted into the school?”

Feng Si heard all the commotion. He pressed his temples in embarrassment and blushed.

Sheng Xiao sneered.

Tsk, a D-level Healing Beast Tamer.

Yu Huang had high standards and shouldn't fancy such trash.

The Year Head could not directly explain why Feng Si was here. He closed the roster and said to Feng Si, “Go to Class B of the Healing Department.”

Feng Si whispered his thanks and went to the Healing Class B's camp like an ostrich.

The entire class turned around and looked at him as if he was a traitor.

They were not stupid and could guess the reason why Feng Si appeared here.

They had trained bitterly for many years and had experienced countless hardships to successfully enter the top 1800 of the Beast Tamer Selection Competition when they were finally fortunate enough to be accepted into the Divine Realm Academy.

Yet, this fellow actually used the back door to enter. He was simply a traitor among the freshmen.

The traitor also felt guilty and hid behind like a quail without daring to speak.

Yu Huang sympathized with Feng Si.

The Year Head said, “The classification ceremony is over! All the new students can return to the dormitory to rest.”

Even after the classification ceremony, no second student appeared in Class S.

Realizing that she was the only student in Class S, Yu Huang's mood became complicated. Was this the loneliness associated with becoming strong?

The professors of the other classes were standing in front of their class, but the professor of Class S was nowhere to be seen. Yu Huang saw the professor's name written on the introduction card of Class S—Gold Ingot.

Gold Ingot?

Yu Huang was wondering if this professor's family was very poor, which was why his parents gave him such a promising name.

Seeing that Professor Gold Ingot was not coming, the dean called the Year Head over and asked in a low voice, “Where is Professor Gold Ingot?”

The Year Head felt somewhat helpless. He said, “Professor Jin thought that there were still no students with S-level potential this year. He's still cultivating in the backyard.”

Beast Tamers with S-level potential could only be met once every few years in the academy. Professor Jin had waited for many years but had yet to meet a student with S-level potential. He had long given up hope.

‘Therefore, he did not attend the gathering of the new students tonight. It would be a waste of time and energy for him to come.

‘The dean was somewhat helpless. “Alright, I understand.” He looked at the unique seedling in Class S’s camp and told Yu Huang kindly, “Your teacher is busy and can’t come. You can go to Class \$ to look for him tomorrow morning.”

Yu Huang was a smart person. She guessed the real reason why Professor Gold Ingot did not appear. She did not expose him. She only bent down and bowed to the dean before leaving with the other new students.

‘As she walked, she sent Sheng Xiao a message.

Sheng Xiao was about to get up when his phone rang. He took it out and saw that it was from Yu Huang.

Yu Huang: “Senior, the way you looked when you drank red wine looked so charming.”

Sheng Xiao’s gaze was deep and burning. In the end, he did not say anything. He only kicked his phone back into his pocket and left after bidding farewell to the dean and professors.

‘When they returned to the dormitory, the new students were about to sleep after washing up when they heard Ms. Doris’ voice on the radio. “Students, the Divine Realm Academy welcomes you. You must abide by the school rules. From tonight onwards, all new students must submit all electronic products and snacks, Those who violate the rules will be severely punished!”

Doris didn’t say how severe the punishment would be, but Divine Realm Academy was famous for its strict discipline, so the punishment wouldn’t be light.

Yu Huang was a little unhappy when she found out that she even had to hand over her phone. How was she going to tease Mr. Sheng if she handed over her phone?

Could she only write to Sheng Xiao in the future?

Doris’ assistant carried the box and collected the phone and snacks in the dormitory building. Seeing that Sheng Yang had obediently handed over all her belongings, Yu Huang followed orders and handed over her phone and food.

After the vigorous confiscation operation ended, the new students who had been rushing around all day were very tired.

Yu Huang was about to sleep when she suddenly heard Doris’ stern reprimand from downstairs. She could even hear some girls crying.

Yu Huang and the other two hurriedly ran to the window sill, opened the window, and looked downstairs. They saw that Doris was reprimanding six to seven female students who had hidden their phones.

She scolded them fiercely, and the new students cried. After the reprimand, Doris asked someone to send them to the disciplinary hall.

At dawn tomorrow, these children would be dealt with by the disciplinary hall’s people.

After sending away the violators, Doris raised her head to look at Yu Huang and the others before turning into a cat and disappearing into the night.

Na Luo swallowed lightly and asked Sheng Yang, "Will those children be beaten?"

Sheng Yang said, "Being beaten is actually light punishment." Divine Realm Academy never physically punished students, but the method of punishment was much more serious than physical punishment.

"Go to sleep. Cherish this peaceful sleep tonight." When the sun rose tomorrow, the good days would come to an end.

At six in the morning, the dormitory bell rang on time.

After Sheng Yang got up, she realized that Yu Huang had already woken up and was communicating with a mutated Spirit Gathering Grass.

After witnessing how powerful the geniuses in the academy were, Yu Huang felt that she was too weak. Last night, she only slept for four hours before waking up to cultivate.

Sheng Yang did not know that Yu Huang was a Purifying Spirit Master. When she saw that Yu Huang was communicating with a blade of grass, she could not help but feel puzzled. "Are you talking to a blade of grass?"

Yu Huang said, "I was just talking to myself." She placed the Spirit Gathering Grass by the window and asked Sheng Yang, "Are you going to eat?"

"Okay."

They called Na Luo and the three of them headed to the cafeteria.

Divine Realm Academy had more than 7000 students, there were also 300 staff, the total number was close to 8000.

The academy had a total of two cafeteria buildings, each four stories tall. The menu was the same.

The freshmen followed the instructions and took their points card to the charging window beside the cafeteria to charge.

They took out their coins and handed them to the staff member on the window sill. The staff member said, "The academy doesn't accept cash. We can only use the mission card to exchange for points."

What?

The freshmen were stunned. "What mission card?"

The staff said, "Go to the Mission Hall. There's a Mission Card there."

The freshmen were all hungry. They said, "But we haven't had breakfast yet. The canteen can only use points to get food. Without points, how can we eat?"

"Then go and complete the mission!" With that, the staff closed the window.

At this moment, everyone recalled the sumptuous dinner last night and realized that it was the last delicious meal before asceticism.

In next to no time, the news of the canteen not receiving cash, but only receiving Mission Cards, spread among the new students. Yu Huang and the others had obtained this news before they even walked into the canteen.

It turned out that points needed to be charged with the Mission Card. No wonder the three of them had performed well yesterday and received the academy's points reward.

'The moment Na Luo heard that points needed to be earned with missions, she did not plan to go to the cafeteria. She wanted to go to the Mission Hall to accept missions to earn points, but was stopped by Yu Huang.

Yu Huang said, "I'll treat you to breakfast."

Na Luo was extremely grateful. "I'll return it to you after I earn the points."

"Okay."

The food prices in the canteen were reasonable. A bowl of shredded chicken noodles cost only two points, and two steamed buns cost one point.

Yu Huang spent one point to exchange for two steamed buns for herself and two points to buy a bowl of chicken noodles for Na Luo.

Na Luo was moved, but she also wanted to save points for Yu Huang, so she said, "I don't want to eat chicken noodles. I want to eat steamed buns too."

Yu Huang swiped her card and bought her a bowl of chicken noodles. "You're still a child and you're still growing. You have to eat something nutritious."

Na Luo was so grateful that she was about to cry.

'When Sheng Yang heard this, she secretly glanced at Yu Huang's chest and suddenly asked her, "Do you like to eat papaya?"

Yu Huang liked to eat desserts like hawaiian harsma in papaya. When she heard this, she nodded and said, "Papaya is quite delicious."

She glanced at the papaya porridge behind the exhibition window and saw that a bowl of papaya porridge cost 2 points. She immediately felt that it was very expensive.

However, Sheng Yang walked straight to the window of the papaya porridge. She swiped her point card and said to the middle-aged man generously, "Sir, a bowl of papaya porridge... I only want papaya, not the porridge!"

Chapter 139: The Jealous Mr. Sheng

Sheng Yang and Na Luo carried their plates to the dining table.

Yu Huang picked up two steamed buns with her plate and was walking towards Sheng Yang when she saw Sheng Xiao and Xiao Shu.

Xiao Shu's red hair was not tied up today and was draped behind his head in an unruly manner, making him look like an angry red lion.

Compared to Xiao Shu, Sheng Xiao, who was standing beside him, looked more like a noble young master.

Yu Huang was in a hurry to the Mission Hall and was in no mood to tease Sheng Xiao. She quickly took the plate to Sheng Yang's table.

Sheng Yang saw Sheng Xiao too. She saw that her brother was eating a luxurious meal. She felt a lump in her throat and wanted to cry.

At home, Sheng Yang was also a pampered princess. When had she ever been so miserable?

Sheng Yang took a sip of the papaya porridge sadly. She looked up and saw Sheng Xiao and Xiao Shu walking towards them.

Sheng Xiao sat beside Sheng Yang and placed a demon beast egg and a meat roll on her plate.

Sheng Xiao reprimanded her. "You're still growing. How can you be full on a bowl of porridge?"

When Na Luo saw this scene, she choked on her noodles. The students in the canteen also looked at them in surprise.

Who was the girl sitting next to Mr. Sheng? He doted on her so much.

Yu Huang felt jealous when she saw that Sheng Yang was favored by Sheng Xiao.

She wanted to be Sheng Xiao's sister too.

Sheng Yang looked at the egg and meat roll and tears suddenly fell into the papaya porridge.

Xiao Shu was shocked. "Hey, Sheng Yang, stop crying!" Xiao Shu rummaged in his pocket but couldn't find a handkerchief.

Xiao Shu only found out that Sheng Yang was Sheng Xiao's biological sister when he heard Sheng Xiao call his family last night.

Upon hearing Xiao Shu's words, the students were enlightened.

So, that was Mr. Sheng's sister. She was so beautiful.

'When Na Luo learned about Sheng Yang and Sheng Xiao's real relationship by accident, her eyes rolled and she lowered her head to eat.

Sheng Yang quickly wiped his tears and whispered to Sheng Xiao, "You're here too."

Sheng Xiao hummed and talked to her in a low voice.

Xiao Shu noticed that Yu Huang was also there. He stared at the mask on Yu Huang's face a few more times.

He didn't know Yu Huang or Xuanyuan Jing, so he naturally didn't know that Yu Huang had her engagement broken off by Xuanyuan Jing because of her disfigurement.

'When he saw that Yu Huang's breakfast was two white steamed buns, Xiao Shu, immediately felt his heart ache. He hurriedly picked up the beef roll on his plate and placed it in Yu Huang's bowl. He said to

her, "Yu Huang, steamed buns aren't delicious. Here, I'll treat you to beef rolls."
Sheng Xiao, who was talking to Sheng Yang, suddenly fell silent. He looked up at Yu Huang.

Yu Huang stared at the beef roll and her eyes flickered.

She reached out to pick up the beef roll and looked up at Xiao Shu. She blinked at him and thanked him sweetly, "Thank you, Mr. Xiao. I love beef the most."

With that said, Yu Huang opened her rosy lips and took a bite of the beef roll. A satisfied expression appeared on her face as she praised Xiao Shu even more sincerely. "You're so nice!"
Staring at Yu Huang's mirthful eyes, Xiao Shu's heart raced.

He took a sip of the porridge in a panic and stammered, "You're... you're welcome."

Sheng Xiao suddenly put down his chopsticks.

Xiao Shu was so frightened that his hands trembled. He quickly put down the porridge and tured to ask Sheng Xiao, "What's wrong, Brother Xiao?"

Sheng Xiao said to Xiao Shu, "I'm going to do a high-level mission today. I think you're quite free. You can be my partner today."

Xiao Shu's expression changed abruptly. "'m not free. I have an appointment with the professor. I'll take my leave first!" Xiao Shu stood up and ran off. Before leaving, he even gave the demon beast egg that he had yet to eat to Na Luo.

Na Luo held the egg and found that Senior Sheng suddenly looked at the egg in her hand. Then, he said to Sheng Yang, "New students who just entered the academy are the most naive and gullible. Some seniors like to tease innocent girls like you. Yang Yang, you have to choose your friends wisely."
Sheng Xiao paused and continued, "Don't eat just anyone's food. You smile at everyone. Your grateful smile is a form of seduction in the eyes of those who are interested."

Sheng Xiao took a sip of water and left.

From the time he sat down to the time he left, he had never touched the plate of beef fried rice.

Once Sheng Xiao left, Yu Huang put down the beef roll and took Sheng Xiao's plate. She said in a low voice, "A plate of beef fried rice costs three points. It's shameful to waste food. He hasn't touched it yet, so I'll eat it."

With that, she ate the plate of beef fried rice in big mouthfuls under the disdainful gazes of Na Luo and the other students.

The intelligent Sheng Yang stared at the beef roll beside Yu Huang's hand, and when he thought about how her elder brother had scolded her indirectly, and she suddenly smiled.

Her brother and sister-in-law were really close. Even when he was jealous, he was so cute.

After breakfast, the three of them went to the Mission Hall.

The Mission Hall was very spacious. There were many mission distributors placed around the hall. The machines looked like dolls in an arcade.

The different-colored machines contained different difficulty mission cards. The white machines contained entry-level missions, the yellow machines contained low-level missions, the red machines contained intermediate-level missions, and the black machines contained high-level missions. Completing an entry-level mission would earn one 10 points, and the points saved would be enough for one to eat for a day. Completing a low-level mission would earn one 20 points, an intermediate mission would earn one 30 points, and an advanced mission would earn one 50 points. Generally, the students who dared to accept high-rank missions were all seniors above the tenth grade. The intermediate missions were also done by seniors above the third grade. Most of the new students were squeezed in front of the entrance-level mission machine and fighting for a mission. Sheng Yang told Yu Huang, "The entry-level mission is very easy to complete. Low-level missions are somewhat difficult for us. Yu Huang, what mission should we do?"

Seeing that the entrance mission was filled with freshmen, Yu Huang felt a slight headache. She did not hesitate before making a decision. "Low-level mission."

Yu Huang asked Na Luo, "What do you think, Na Luo?"

Na Luo said, "Low-level." The merfolk had no fear!

"Okay."

The machine started again and spat out many mission cards at the sky of the hall. Instantly, many students flew into the sky and reached out to grab the mission cards.

Yu Huang spread her wings and flew to the top. She quickly snatched two low-level mission cards from a golden-haired woman.

"got it!" Yu Huang was just about to hand the mission card to Sheng Yang and Na Luo when she saw the blond upperclassman who she had snatched away from earlier charging over aggressively.

The golden-haired upperclassman extended her hand towards Yu Huang and said arrogantly, "It's a waste of resources for you freshmen to occupy the low-level missions. Do the entry-level missions and give us the low-level mission card."

Yu Huang felt as if she had seen a retard.

She shook the mission card in her hand and smiled. "You want it? Use points to exchange for it. Give me five points and I'll sell it to you."

Knowing that Yu Huang was deliberately provoking her, the girl's face flushed with anger. "Don't be brazen!"

"We are brazen?" Sheng Yang sneered. "You can't even snatch the mission card from a freshman, so what right do you have to judge us freshmen here? What a disgrace!"

After being repeatedly humiliated by Yu Huang and Sheng Yang, that upperclassman was angered to the point of releasing her beast form on the spot.

Just as she was about to issue a challenge to Yu Huang and the others, she heard a pleasant male voice coming from afar, "Yin Ya, what happened?"

Hearing the man's voice, the girl's expression suddenly changed, and the anger on her face turned to shyness.

She put away her beast form and turned around to explain to the man walking towards her, "Xuanyuan, these new students are snatching the mission card from us!"

The crowd automatically opened up a path and Xuanyuan Jing walked in from the back.

'When he saw Yu Huang, who was standing between Sheng Yang and Na Luo, Xuanyuan Jing's breathing suddenly stopped.

After a year and a month, this once loving couple finally met at the Divine Realm Academy...

Chapter 140: Movie Queen Yu Huang, You Can Call Me A B*tch

After entering Divine Realm Academy, she would finally meet Xuanyuan Jing. This was something Yu Huang had long been mentally prepared for. Thus, when Xuanyuan Jing suddenly appeared in front of her, Yu Huang's gaze was still calm. She looked at Xuanyuan Jing as if she was looking at a pool of stagnant water.

However, Xuanyuan Jing was clearly not prepared to reunite with Yu Huang, He stared at the vermilion bird wings that had yet to be retracted from Yu Huang's back and only then did he realize that Yu Huang had truly awakened her beast form and become a beast tamer.

'When the news of Yu Huang falling into the Time Valley last year reached Xuanyuan Jing's ears, he was shocked for a long time. He couldn't understand why Yu Huang, who had long passed the awakening period, would successfully awaken her beast form.

In July this year, when Xuanyuan Jing saw on the Weibo hot search list that Yu Huang had become the top scorer of the college entrance examination in the Prosperous Capital and was accepted into Divine Realm Academy, he felt that it was even more ridiculous.

Yu Huang had actually returned alive from the Time Valley!

She even became the top scorer!

She was even accepted into the Divine Realm Academy!

Was that even possible?

That was until he saw Yu Huang standing in front of him alive. She could speak, laugh coldly, and even ignore him with her cold gaze. At this moment, Xuanyuan Jing finally believed that Yu Huang had really entered Divine Realm Academy and become his underclassman.

After holding it in for a long time, Xuanyuan Jing finally said dryly, "...Long time no see."

Yu Huang also said, "It's been a long time. Our reunion came sooner than I thought." After a pause, she continued, "We should have met in the arena three months later."

The Divine Realm Academy prohibited students from fighting in private, but there would be an arena competition every three months. The goal was to test the students' cultivation results and urge them to

work hard in cultivation. At that time, students could challenge any student of any grade, and the students who were challenged could not reject.

The top 500 rankings of Divine Realm Academy were born from the quarterly group arena. If Yu Huang wanted to challenge Xuanyuan Jing, she could only wait until that day.

When Xuanyuan Jing heard Yu Huang's words, he instantly thought of the challenge letter Yu Huang had given him last year. Even now, the challenge letter was still hanging on the wall of the Disciplinary Hall, becoming a scenery for it.

Only when they completed the challenge would they be erased from the disciplinary hall.

"You really want to challenge me?" Xuanyuan Jing looked at her with obvious disapproval.

Yu Huang replied, "It's a promise I made personally, so I naturally have to fulfill it." Being dumped by Xuanyuan Jing because of her ugly appearance was a form of humiliation to Yu Huang. Only by defeating Xuanyuan Jing in front of the entire school would she use her strength to tell everyone that even if Yu Huang no longer had her beautiful face, she was still not someone he, Xuanyuan Jing, could trample on!

Therefore, Yu Huang had to fight this battle!

In Xuanyuan Jing's eyes, Yu Huang's stubbornness was foolishness.

Xuanyuan Jing reminded her kindly, "I awakened my beast form when I was 15 years old. It has been five years since then, and now, I have already reached the late-stage Scholar Realm. You only awakened your beast form last year, and you are still just a beast tamer with an early-stage cultivation. You should know that you don't have a chance of winning against me."

Yu Huang had always had a stubborn streak in her. She knew that her chances of winning against Xuanyuan Jing were low, but she still didn't plan to give up easily.

"See you on the stage in three months!" She didn't want to say anything else. Saying anything more to Xuanyuan Jing would be despicable to her.

Yu Huang pulled Sheng Yang and Na Luo away.

Seeing that Yu Huang was about to leave, Yin Ya suddenly grabbed the belt around Yu Huang's waist and shouted, "Yu Huang, return the Mission Card to us!"

Knowing that Yu Huang was Xuanyuan Jing's ex-fiancée, Yin Ya's attitude towards Yu Huang became even more rude.

Yin Ya arrived at the Mission Hall early in the morning and was in charge of snatching Mission Cards for the entire class. After snatching for an entire morning, she saw that there were still two more Mission Cards to be gathered. However, the Mission Card was snatched away by Yu Huang, who came out of nowhere.

How couldn't she be angry?

Yu Huang turned around and stared at Yin Ya with her beautiful eyes coldly. She asked, "You said... return it to you? I got it myself. Why should I return it to you?"

Yin Ya took it for granted and said, "Everything should be done according to order of arrival. I saw the Mission Card first. You stole it from me. Shouldn't you return it?"

Yu Huang laughed out loud. Her laughter was filled with sarcasm.

Yin Ya frowned slightly. She heard Yu Huang say, "Yin Ya, you said just now that everything should be done with the principle of first come, first served. But this is the Divine Realm Academy, the Holy Spirit Continent, and the world of Beast Tamers. In the world of Beast Tamers, we only talk with our fists."

Yu Huang raised her right hand and waved the Mission Card in her hand. She looked at Yin Ya provocatively and said, "What I snatch is naturally mine."

Yin Ya gritted her teeth and stomped her feet while berating her angrily, "You're shameless! How dare you steal my things?!"

Yu Huang shook her right hand and said, "To me, fists are the truth. You don't accept it? If you have the ability, snatch it away from me!"

"How dare you! Today, I'll teach you what it means to respect your elders!" Yin Ya was extremely angry. She pulled out the whip from her waist and was about to attack Yu Huang.

Seeing this, Sheng Yang and Na Luo released their beast forms at the same time and stood beside Yu Huang on both sides. They were like two generals who were willing to fight for Yu Huang.

Xuanyuan Jing saw that the situation was not right and was about to berate Yin Ya when a black ferule suddenly flew in from outside the mission hall and hit Yin Ya's arm.

"ah!"

Yin Ya's face turned pale from the pain, and her hands were hanging by her legs.

The ferule flew back and landed in a slender hand.

Yin Ya raised her head and saw a man walking towards her. Her face instantly turned pale.

"Mr. Sheng!"

All the students stood to the side.

'When Sheng Xiao appeared, it was like a celebrity had made an entrance.

He came to Yu Huang and lowered his head to take a look at her. Then, he raised his eyes and glanced at Yin Ya, who had her head lowered behind her.

"What happened?" He was asking Yu Huang.

Yu Huang blinked her beautiful eyes and her eyes turned red. She looked at Sheng Xiao first and complained aggrievedly, "Mr. Sheng, we new students are new and don't know the rules. We accidentally stole two low-level Mission Cards, but we didn't know that this upperclassman had her eyes on the Mission Card."

“She’s angry. She blames us for snatching her Mission Card. That’s why there was a conflict.”
This was indeed what happened. However, for some unknown reason, when it came out of Yu Huang’s mouth, it seemed different.

Yin Ya was so angry that she raised her head and pointed at Yu Huang’s head while cursing, “You little bitch. Speak properly. Why are you crying?!”

Yu Huang was so frightened that tears flowed down her face.

With the acting skills of a movie actress, she could cry whenever she wanted to.

‘As Yu Huang wiped her tears, she passed the Mission Card in her hand to Yin Ya and said cooperatively, “S-Sorry!”

She hiccuped from her tears and said, “In the future, we will never snatch the Mission Card from upperclassmen.

anymore. We freshmen will obey the rules and perform entry-level missions. Please rest assured, upperclassmen!”

Yin Ya was speechless.

Listen!

Listen to this. What the hell was she talking about?!

Xuanyuan Jing also looked at Yu Huang in astonishment. He had never seen Yu Huang look so wronged and pitiful.

Xuanyuan Jing didn’t think that Yu Huang was pretending. He only thought that she was really frightened by Yin Ya. Now that he saw Sheng Xiao, he wanted to find someone to uphold justice. Sheng Xiao felt as if he was struck by lightning when he saw Yu Huang’s tears.

‘Why was she crying?

Was she that aggrieved?

‘When did a girl as tough and stubborn as a cactus become as fragile as a white lotus?

Sheng Xiao raised his chin and asked Yin Ya, “Is what she said true?”

Yin Ya wanted to say no, but after thinking carefully about Yu Huang’s words, she felt that everything Yu Huang said was true.

Yin Ya cursed her bad luck in her heart and then replied honestly, “Yes.”

Sheng Xiao asked again, “Did this freshman snatch the Mission Card from you?”

Just as Yin Ya was about to answer, she heard Na Luo speak first, “No, Yu Huang caught it from the air. She was just one step ahead of that upperclassman and was scolded by her!”

Sheng Yang nodded and confirmed that Na Luo was telling the truth. “That’s right. Yu Huang didn’t snatch the Mission Card from you.”

The new students in the main hall who had witnessed the entire situation also felt indignant for Yu Huang, and they all opened their mouths to say, "It's because you aren't as capable as her, and you can't win against us new students, so you're messing with the new students!"

"Is it right for the older students to bully us freshmen with their status?"

"That's right! Who set the rule that freshmen can only do entry-level missions? And they're not allowed to have strong people among us freshmen?"

The freshmen's emotions were stirred. For a moment, the main hall was noisy and lost all order.

Upon hearing the words of the freshmen, Yin Ya knew that she had gotten into big trouble today.

Sheng Xiao glanced at the old students in the Mission Hall. A few familiar students nodded at him. Sheng Xiao knew that Yu Huang and the new students were telling the truth.

Sheng Xiao raised his ruler and said in a deep voice, "Everyone, be quiet

The new students who had seen how capable Sheng Xiao was shut up obediently when they heard Sheng Xiao's words.

Sheng Xiao only looked at Yin Ya and asked her, "Are these new students telling the truth?"

Yin Ya gritted her teeth and replied, "... They are telling the truth."

Sheng Xiao's gaze turned cold and his tone became sinister. "Yin Ya, you are a third-year student. Don't you know that the Mission Hall's Mission Card is always given to the capable?"

Yin Ya lowered her head even more. "...I know." She couldn't help defending herself. "But they are freshmen. It's impossible for freshmen to complete a low-level mission. It would be a waste to give them the Mission Card!"

Sheng Xiao frowned when he heard Yin Ya's explanation. "It's the new students' business whether they can complete the mission or not. If they can't complete the mission, it's also the new students who get punished. But you bullied the new students with your seniority. According to the school rules, you should go to the Netherworld Room of the Disciplinary Hall for two days!"

Hearing that, Yin Ya's shoulder shook.

Not only was the Netherworld Room dark, but there were also various kinds of low-level demon beasts. Being locked up for two days meant that she could not eat or sleep, and she had to continuously fight against low-level demon beasts.

Yin Ya immediately cowered and hurriedly apologized, "Mr. Sheng, I was wrong today. I'm willing to write a self-reflection letter and voluntarily deduct 100 points!"

Sheng Xiao stared at her and did not speak. Yin Ya did not know if he heard her words.

Yin Ya was Xuanyuan Jing's classmate. Xuanyuan Jing also felt that Sheng Xiao was making a mountain out of a molehill to punish Yin Ya for such a small matter. He was too heartless.

Xuanyuan Jing wanted to plead for leniency for Yin Ya.

Xuanyuan Jing took a step forward and stood beside Yin Ya as he said to Sheng Xiao, "Senior Sheng, although Yin Ya made a mistake, she already knows her mistake and her attitude is good. I hope you can

spare her from two days of confinement in the Netherworld Room on account of the fact that this is her first offense. You can punish her with a ten thousand word reflection and deduct 100 points.”

Sheng Xiao remained silent when he heard Xuanyuan Jing’s suggestion. He only looked at him meaningfully.

Xuanyuan Jing felt uneasy under Sheng Xiao’s gaze.

At that moment, Sheng Xiao suddenly took the fountain pen from his pocket and handed it to Xuanyuan Jing.

Xuanyuan Jing stared at the iron rule pen and was a little confused. His handsome face was filled with confusion. “Mr.Sheng, what do you mean?”

Sheng Xiao stuffed the pen into Xuanyuan Jing’s hand and said, “Since Mr. Xuanyuan thinks that my punishment is unfair, I think you can be more qualified as a disciplinary officer. In that case, I’ll hand this pen to you. From now on, you will be the disciplinary officer.”

Hearing that, Xuanyuan Jing’s hand trembled, and he hurriedly raised his pen with both hands while bending down to admit his mistake. “Mr. Sheng’s punishment is the most fair. I overstepped.”

Sheng Xiao snorted and took the pen away from Xuanyuan Jing’s palm.

Sheng Xiao glanced at Yin Ya and wrote in the air: “Yin Ya, a student of the third grade’s Combat Department’s Class A, bullied a first grade student. Her actions were wrong. She will be punished by being shut in the Netherworld Hall for two days.”

After he finished writing, the punishment order appeared on the wall of the disciplinary hall. Sheng Xiao said to Yin Ya, “Go and receive your punishment.”

Yin Ya gave Yu Huang a hateful look and gritted her teeth while saying, “Yin Ya is willing to be punished!”
