

She Shocks 351

Chapter 351: Sheng Xiao said, See You in the Live Stream!

Li Shi's message was filled with caution and suspicion. Even the homeroom teacher was suspecting whether this was true or not. It was no wonder that the other netizens were mocking her.

Yu Huang clicked her tongue and replied to Li Shi said, "Mentor Li, it's absolutely true. Your student is about to marry into a rich family and rise to the top."

Li Shi was speechless.

Yu Huang's fake friend, Su Qianqian, was at the front line of the entertainment industry. Her news followed closely behind Li Shi.

Su Qianqian said, "Yu Huang! Are you getting married to Supreme Master Sheng?"

Yu Huang said, "Yes."

Su Qianqian asked her again said, "You drank?"

Su Qianqian said, "How much did you drink to fake your wedding invitation with Supreme Master Sheng? Now that the entire internet knows that you and Supreme Master Sheng are getting married, if the Sheng family hears about this, won't you be humiliated?"

It seemed that no one believed that Yu Huang and Sheng Xiao would get married.

Even though they had heard rumors about Yu Huang and Sheng Xiao, they didn't believe it. Who was Sheng Xiao? He was the young master of the Sheng family, the number one genius on the continent!

Would he fancy Yu Huang?

Not only was Yu Huang disfigured, but she had also been dumped by Xuanyuan Jing!

She was second-hand goods!

How could such trash be worthy of him?!

Su Qianqian continued, "Do you know what those people on the internet said about you? They said that you're just a second-hand goods. Sheng Xiao is so noble and superior. Why would he like second-hand goods?"

Su Qianqian said, "Although it's a fact that Sheng Xiao doesn't like you, I don't approve of them calling you a slut. I even quarreled with those people on my alternate account."

Su Qianqian said, "By the way, is your relationship with Sheng Xiao real? Is your marriage real or fake?"

Su Qianqian and the netizens were ordinary civilians, and what happened in the cultivation world usually wouldn't spread to the commoners' circle. There was always an invisible wall between commoners and Beast Tamers.

Therefore, all the young people in the cultivation world had seen the daily post written by Yin Rong. They knew that Sheng Xiao and Yu Huang were true love. However, the civilians didn't know much about it.

Yu Huang frowned when she saw this. Was this how the entire country saw her relationship with Sheng Xiao?

"Why are you frowning?"

Sheng Xiao walked down the stairs. He had changed into a dark green shirt and black pants. When his soul was weak, he felt cold. The butler put a black shawl on his shoulders.

Sheng Xiao held two glasses of honey water in his hand. He passed one to Yu Huang and sat down beside her with the other.

He snatched Yu Huang's phone away and flipped through her WeChat chat records with Jiang Shangfeng and Su Qianqian. He immediately understood what was going on.

"Is this how the netizens view our relationship?" Sheng Xiao wasn't addicted to the internet. He just realized that the public's comments about them were so negative.

"Yes." Yu Huang bit the straw and deliberately said in a sarcastic tone, "You are the number one genius on the continent, the Young Master of the Sheng Clan, and the son of the Beast Tamer Alliance's President. You have such a noble status, so how can a lowly person like me be worthy of you?"

Sheng Xiao felt his teeth ache. "Speak human language."

Yu Huang sneered. "If you don't settle this matter, we won't sleep together on our wedding night."

Sheng Xiao was speechless.

How could she do that?

The butler stood under the partition door of the house and courtyard and said to them, "Young Master, Young Madam, it's time for dinner."

"Come." Sheng Xiao pulled Yu Huang up. "Let's eat first. I'll settle this after dinner."

"How will you solve it?"

"I'll keep it a secret for now."

Sheng Xiao had abstained from eating long ago, but under Yu Huang's influence, he had developed the good habit of eating on time. Yu Huang's appetite was very good. She could eat three bowls of rice every meal. Sheng Xiao would be full after two bowls at most.

They didn't like to talk during dinner.

Sheng Xiao didn't leave the table after eating. He said to Sheng Kai, "Go and get my phone."

Sheng Xiao placed his phone on the bedside table in the master bedroom. No one was allowed to enter his master bedroom except for the butler. The butler went upstairs and took his phone down.

When Yu Huang was eating, Sheng Xiao was playing with his phone at the dining table.

“What are you playing?”

Sheng Xiao said, “Weibo.”

Yu Huang was shocked. “You use Weibo too?” Yu Huang had seen Sheng Xiao’s phone. His phone page was very clean. There was only the Beast Tamer Alliance website, a WeChat app, and an app developed by a few Cultivators.

As for Weibo and other entertainment apps, he didn’t download any of them.

Sheng Xiao nodded. “I want to see what those keyboard warriors on Weibo are saying.”

“You actually know what keyboard warriors are.”

Sheng Xiao glanced at Yu Huang unhappily. “I’m not an idiot.”

After Yu Huang said something wrong, she quickly lowered her head to continue eating.

Sheng Xiao downloaded Weibo. When he registered his account, he wrote ‘Sheng Xiao’ under the name column. However, he was reminded that the account name was repeated and he had to come up with another name.

Sheng Xiao thought about it and added a “1” on the back of his name, but it was taken

Sheng Xiao changed it a few times. He realized that there would always be someone with the same name. In a fit of anger, he changed it to—

Yu Huang’s Brother Xiao.

Pass!

Sheng Xiao raised his eyebrows at the name. He glanced at Yu Huang. She was busy eating and ignored him. Sheng Xiao continued to enter his phone number and identity card number.

As soon as he registered, that Weibo post sent out a notice to promote—

We warmly welcome Supreme Master, Sheng Xiao, to Weibo. Everyone, follow him!

When they saw this notice, the entire country’s netizens were puzzled.

Sheng Xiao?

Which Sheng Xiao?

There were at least nine thousand people called Sheng Xiao in the Divine Moon Empire. However, as for the Supreme Master Sheng Xiao, there was only one in the world who could alarm the officials and make them publicize him.

Supreme Master Sheng had created a Weibo account!

Amazing. Before Sheng Xiao could figure out how to use Weibo, his fans rose to more than three million.

When Sheng Xiao completed the information and entered the main page, he was stunned when he saw the number of followers on Weibo was 359,000.

Weibo even sent fans to new users?

How attentive.

Sheng Xiao didn't know that he had been betrayed by the officials as soon as he registered his Weibo account. He opened the top right corner of the main page and wrote a message.

Sheng Xiao said, "Let's do a live broadcast at 10 PM tonight."

Sheng Xiao couldn't find a way to prove Yu Huang's innocence and charm better than a live broadcast.

After sending the message, Sheng Xiao ignored Weibo.

At this moment, the internet was in an uproar.

Supreme Master Sheng started Weibo #, # Supreme Master Sheng's live-stream # These two topics quickly became the first and second most trending topics on Weibo. There was the word "viral" behind them.

When they found out that Sheng Xiao was going to live-stream himself, the cultivation world and the commoners' circle were in chaos.

Chapter 352: Greetings, Master Sheng!

Yu Huang's phone kept vibrating. She wasn't flustered or unhappy as she finished the last of the food. She wiped her mouth and picked up the phone on the table.

Yu Huang opened WeChat and was momentarily blinded by the new messages on the screen.

Yin Rong said, "Awww, Professor Sheng dotes on you so much. He must be coming out personally to prove your innocence. Sob, how manly! My couple is the most loving couple in the world!"

In the internet world, Yin Rong was two completely different from in real life. In real life, she was gentle and cute. In the internet world, she was the number one cult fan.

Anna was also saying, "Yu Huang! Is Professor Sheng really going to do a live broadcast? Did he see those Weibo comments and decide to explain everything himself?"

Su Qianqian said, "Damn, Master Sheng is going to do a live broadcast. Yu Huang, do you think Master Sheng was angered by what happened today and decided to do a live broadcast to diss you?"

Xiao Shu said, "Yu Huang, Professor Sheng is so manly."

Mrs. Sheng said, "My son has grown up and knows how to dote on his wife. I'm very relieved."

Sheng Yang said, "Sis-in-law, is my brother really going to do a live-stream? Will you guys do it together, or will he do it alone?"

There were so many WeChat messages that Yu Huang couldn't read them all.

Yu Huang quickly read the message and put down her phone in confusion. She looked up at Sheng Xiao, who was rinsing his mouth. She asked in confusion, "What live broadcast?"

"Huh?" Sheng Xiao picked up a napkin and wiped his mouth. "What did you say?"

Yu Huang tapped her finger on the phone screen and said, "Yang Yang, Senior Yin Rong, and the others are all sending messages asking me about a live-stream. You want to start a live-stream?"

Sheng Xiao was surprised. "They know so quickly?"

"So you really want to do a live broadcast?"

"Yes." Sheng Xiao got up and walked to Yu Huang. He pulled her to take a walk. "I thought about it. There's nothing easier than me explaining myself on a live-stream."

"But you're Sheng Xiao." Yu Huang was frustrated when she thought about how Sheng Xiao was going to start a live broadcast for those stupid things. "You don't have to explain to those keyboard warriors. They are just bored. When we get married, they will have nothing to say."

Sheng Xiao said, "You're wrong. If I know that you're being slandered, but I'm indifferent, what type of person am I?"

"Soon, I'll be your husband. It's my responsibility to protect your innocence," he said. "Today, someone slandered you. If I didn't stand up to protect you, they would only think that the rumors were true and that I really didn't care about you. In the future, they might even use words to hurt you."

"And I married you to make you happy, not to let you be suspected and slandered because of me."

Therefore, the live broadcast tonight had to be carried on.

Yu Huang was happy to hear Sheng Xiao's words. "It's good that you can live-stream and explain everything. But, you're Supreme Master Sheng. You're the idol of many young people. If you broadcast, you'll break the barrier between you and them. It's like..."

Yu Huang thought for a moment and concluded, "It's like an immortal accidentally entering the human world."

"I'm not an immortal." Sheng Xiao lowered his head and said to Yu Huang, "I don't want to be anyone's idol. I just want to be your man."

Yu Huang's heart raced.

She was already an old monster. Hearing such sweet words from a young man made her feel a little shy.

Seeing that Yu Huang was shy, Sheng Xiao asked Yu Huang, "Do you want to take a night cruise with me?"

There was a Lovers Lake in front of the house. The weather was good today, and visibility was high at night. One could see the stars in the sky, so it was suitable for a night cruise.

"Okay."

There was a small boat by the river. Sheng Xiao rowed the boat himself. Yu Huang sat on the boat and stared at the swaying lake. She asked Sheng Xiao, "Are there lotus roots in the lake?"

"Yes." Sheng Xiao said, "Every summer, the lotus flowers will bloom. The scenery will be better."

During this season, the lotus leaves had just emerged from the water, and there were no lotus flower buds yet. Yu Huang thought of a delicacy. She said, "This season, it's most suitable to eat lotus root tips."

Sheng Xiao had never eaten it before. "What's that?"

"It's the tender shoot of a lotus root. It's only as thick as a finger and has a crisp taste." As she spoke, Yu Huang tucked her skirt into her panties and jumped into the lotus root pool.

She bent down and held the lotus root pool for a moment before taking out a lotus root tip that was as thick as a thumb from the mud.

After placing the lotus root tip on the boat, Yu Huang bent down and continued plucking the lotus root tip.

Sheng Xiao looked at the sky speechlessly and sighed. "I brought you to see the stars and the moon, but you jumped into the lotus pond to dig mud. Where's the fun in that?"

Yu Huang said, "Shut up!"

Yu Huang played in the mud for half an hour and found more than twenty lotus roots. Then, she returned home with Sheng Xiao. She washed the mud on her legs with the lake water before putting down her skirt and returning to the house with Sheng Xiao.

After entering the house, Yu Huang handed the lotus root tip to Chef and told him the specific cooking method of this thing. Then, she ran upstairs to take a shower.

Sheng Xiao looked at the time. It was already half past nine.

He walked to the kitchen. The chef was arranging the lotus root tips that the Young Madam had brought back when he suddenly heard the Young Master say from behind, "Tell me the cooking method Young Madam mentioned just now."

The chef quickly stood up and told Sheng Xiao. "The Young Madam said that after this thing is washed, it can be cut diagonally or directly into a finger-long strip of stir-fry. When it's ready, remember to add a spoonful of vinegar..."

Sheng Xiao said, "Alright, go back and rest."

"Yes, Young Master."

The chef didn't dare to ask Sheng Xiao what the cooking method was. She walked out of the kitchen and said good night to the butler. Then, she left the villa with the other servants and went to the residence in the backyard.

Sheng Xiao opened Weibo on his phone and pointed at the small option for a live-stream. He said to the butler, "Uncle Kai, I'm going to do a live-stream later. Help me film it."

Without a live-streaming stent, he could only trouble the butler to film it.

Butler Sheng Kai had killed people with a knife before, but had never done a live-stream. His hands trembled as he asked humbly, "How do I film it?"

Sheng Xiao turned on the camera again and turned on the camera function. He said to Butler Sheng Kai, "Use this to look for a feel first."

"Yes, Young Master."

Sheng Kai was slightly shorter than Sheng Xiao. He realized that Sheng Xiao wasn't as handsome and tall on camera as he was in real life.

Sheng Kai pulled a stool and placed it behind him. He sat on the stool and filmed Sheng Xiao. He realized that the proportion of Sheng Xiao's body in the camera had been lengthened, making his legs longer, his waist thinner, and his shoulders broader.

At 9:58 PM, Sheng Xiao turned on the live broadcast camera.

The netizens who had been in the live-stream room saw that Sheng Xiao had entered his Weibo live-stream room two minutes in advance. Their comments started flooding the screen.

The first comment said, "Greetings, Supreme Master Sheng!"

The second comment said, "Greetings, Supreme Master Sheng!"

Chapter 353: Flaunting Their Love

[So Supreme Master Sheng is so handsome!]

Everyone in the Holy Spirit Continent knew Sheng Xiao's name. However, no one knew what he looked like.

In the past, Sheng Xiao's photos were revealed occasionally and were quickly deleted.

The netizens were very curious about Sheng Xiao.

They had only heard rumors that Sheng Xiao was very handsome and that he was a true dragon, but seeing him in person was better than hearing a hundred rumors. After seeing him today and discovering that he was actually so handsome, the girls went crazy.

[Ahhh, Supreme Master Sheng's legs are 2.8 meters long and his fingers look so nice. I think even his hair smells good.]

Miss Yin: "You have to ask Yu Huang if Supreme Master Sheng's hair smells good."

[...]

[Person above, shut up. Don't group that slut with Supreme Master Sheng.]

Miss Yin: "Stop talking nonsense!"

The live-stream soon became noisy, but as the host of the live-stream, Sheng Xiao didn't even look at the live-stream. He was focused on preparing food and cutting every lotus root into thin and thick slices.

After Yu Huang showered, she wore her nightgown and sat down on the small balcony outside the master bedroom. She looked at the time and saw that it was already ten o'clock.

Sheng Xiao's live-stream should have started.

Yu Huang opened her Weibo account and entered Sheng Xiao's live-stream. Sheng Xiao's live-stream had only been open for five minutes, but the number of people there had already exceeded 50 million. All of Weibo's programmers were working late for him.

Yu Huang tried four times before successfully entering the live-stream.

She used the Host's main account. The moment she entered the live-stream, Sheng Xiao's live-stream page had a notification.

Ding dong! Your friend, Yu Huang, has entered the live-stream!

Upon seeing this news, the fifty million audience members fell silent.

Butler Sheng Kai noticed that the Young Madam had entered the room. He quickly reminded Sheng Xiao, "Young Master, the Young Madam has entered the live-stream."

Hearing this, the man who had been facing the camera from the start of the live broadcast finally turned around. His dark eyes were gentle as he stared at the camera, as if he was looking at his lover through the camera.

He put down the knife and asked in a clear and gentle voice, "You're here? You're done showering?"

The next second, the live-stream was flooded with comments from fans again: "You're done showering??"

[You're done showering??]

[Judging from his doting tone, Supreme Master Sheng and Yu Huang are really a couple!]

[Damn! This is...]

Miss Yin: "Ahhh, I'm going crazy!"

Yu Huang moved her fingers and her reply appeared on the live-stream screen: "I'm done. What are you doing?"

Sheng Xiao walked closer to the camera and bent down. "Don't you want to eat lotus root tips? I was about to make it for you. It's my first time making it. If it doesn't taste good, please forgive me."

Yu Huang: "If it doesn't taste good, I won't eat it."

Seeing Yu Huang's reply, the female fans were instantly jealous.

Cutie Duo: "Ahhh, Supreme Master Sheng, if she doesn't want it, give it to me! I'll eat it! I'll eat anything! I won't mind!"

Yu Huang: "Do you want to eat shit?"

997: "Hahaha, well done!"

Sheng Xiao didn't look at the camera again. He returned to the kitchen and continued cutting the vegetables. "Come down quickly. You can supervise me. I can definitely do better."

Yu Huang said, "I'm coming."

Then, Sheng Xiao stopped talking.

However, the live-stream audience obtained deeper information from their short conversation.

[Come down quickly... So, is Supreme Master Sheng living with Yu Huang?]

[Oh my god, is the news of their marriage true?]

In the camera, Sheng Xiao started cooking.

Yu Huang was doing something and didn't come down.

Sheng Xiao quickly finished stir-frying the first lotus root tip. He tried it with his chopsticks and found that it didn't taste good. He threw the lotus root tip into the trash can without hesitation.

Seeing this, the female fans were jealous of Yu Huang.

When Sheng Xiao was about to stir-fry the second lotus root tip, Yu Huang came downstairs.

Sheng Xiao heard footsteps and turned to look at the living room. He realized that Yu Huang was wearing his shirt. The audience noticed that Supreme Master Sheng's eyes lit up.

[Damn, Supreme Master Sheng's eyes are shining!]

Miss Yin: "Supreme Master Sheng saw his light!"

Sheng Xiao suddenly walked out of the kitchen and disappeared from the camera. He walked to Yu Huang and asked her in a low voice, "Are you wearing pants?"

He didn't want the audience to see Yu Huang wearing only a shirt and not pants.

Yu Huang pulled up the corner of her shirt to reveal her short jeans. Sheng Xiao was relieved. "What are you doing?"

Yu Huang sneered. "Aren't those women jealous over you? Then I'll let them see that not only can I eat the dishes you cook personally, but I can also live in your house, sleep in your bed, and wear your shirt. I'll give them a harsh beating and let them know who's the real wife."

How dare those women try to hit on him?

Sheng Xiao suppressed his laughter and scratched Yu Huang's nose. Then, he held her hand and walked into the kitchen.

When they saw Sheng Xiao holding Yu Huang's hand and returning to the kitchen, the female fans were jealous. The male fans stared at Yu Huang's legs.

Male fans: "Gorgeous legs!"

[Ah, Little Phoenix, long time no see!]

[Little Phoenix, you must be happy with Supreme Master Sheng!]

[Little Phoenix, I wish you two happiness and that you two grow old together!]

When they saw Yu Huang appear, the Little Phoenix fans who had been diving all along appeared together and crazily flooded the screen to bless the two of them.

Yu Huang seemed to have sensed something. She turned her head to look at the live broadcast camera and realized that the fans' comments were flooding the screen. Yu Huang smiled and said, "Long time no see, Little Phoenixes."

When they saw Yu Huang's face, the live-stream fell silent again.

Immediately after, the little Phoenixes flooded the screen again—

[Yu Huang, have you recovered your looks?]

[Ahhh, Yu Huang, your face is finally healed!]

[In my lifetime!]

Su Qianqian stared at Yu Huang's face, which was even more beautiful than before she was disfigured. She was shocked and angry.

Damn!

Why was it that when others were disfigured, they would never be able to recover and would wallow in degeneration?

When it came to Yu Huang, apart from letting her see the true colors of a jerk, she didn't suffer any loss. She awakened her beast form and entered the Divine Realm Academy. She even had Sheng Xiao's support!

Why was this woman so annoying?!

This live broadcast attracted the attention of the commoners and many Beast Tamers.

Xuanyuan Jing received the wedding invitation personally written by Sheng Xiao and Yu Huang in the afternoon. He was feeling gloomy when rumors started spreading online.

After knowing that Sheng Xiao would be live-streaming at night, Xuanyuan Jing had been waiting.

Xuanyuan Jing stared at Yu Huang's flawless and beautiful face in the live broadcast camera and felt jealous.

Xuanyuan Sisi was also sitting beside Xuanyuan Jing and watching the live broadcast. When she saw Yu Huang's completely recovered face, she said bitterly, "This woman is really lucky!"

Chapter 354: Sheng Xiao: She's Worth It

Xuanyuan Jing remained silent.

"Xuanyuan Jing, are you really going to attend their wedding?" Xuanyuan Sisi felt sorry for her Xuanyuan Jing when she thought about that scene.

On the other side, the two brothers from the Xuanyuan family gloated. “The young master of the Sheng family personally wrote the invitation and sent a trusted aide to Xuanyuan Jing. If Xuanyuan Jing doesn’t go, won’t he be embarrassing Supreme Master Sheng?”

The Xuanyuan Clan had to show them, the head of the Hundred Great Cultivation True Clans, respect.

Xuanyuan Jing also knew the pros and cons. He took a deep breath and felt the tension in the air. His throat and chest hurt.

“I’ll be there.”

How could he not go when Sheng Xiao invited him personally?

Xuanyuan Sisi had bullied Anna Tao during the Beast Tamer Selection Competition back then. She was sent to the sixth floor of the Beast Tamer Prison by Sheng Xiao for three months and two years.

Because of this, Xuanyuan Sisi’s fear of Sheng Xiao was ingrained in her bones. She didn’t dare to look at Sheng Xiao’s face in the live stream. She felt extremely scared.

Thus, when she saw that Xuanyuan Jing had to attend Sheng Xiao’s wedding, she didn’t dare to express anything other than sympathy.

At that moment, Sheng Xiao had finished stir-frying the second lotus root tip under Yu Huang’s instructions.

He used his chopsticks to pick up a lotus root tip and fed it to Yu Huang. Yu Huang took a bite and evaluated, “It’s crisp and refreshing. It’s not bad.”

Sheng Xiao finally smiled.

When he smiled, the live-stream went crazy again.

Yu Huang left the kitchen with the lotus root tip and ran to the courtyard to eat supper. Sheng Xiao washed his hands and said to Butler Sheng Kai, “Uncle Kai, give me your phone.”

“Okay.”

Sheng Xiao took his phone and went to the backyard. There was a swimming pool in the backyard. Sheng Xiao sat on the reclining chair beside the pool. His face was facing the camera. It was magnified and looked more exquisite and flawless than from afar.

The audience stared into Sheng Xiao’s soul-stirring eyes.

Sheng Xiao didn’t read the comments. He pondered for a moment and said, “The news that Yu Huang and I are getting married is true.”

Upon hearing this, the netizens exploded.

Some people were leaving messages to ask Sheng Xiao why he didn’t want someone worthy of him but a slut like Yu Huang. Some were asking Sheng Xiao why he liked Yu Huang.

Anti-fans were in the minority. Most netizens were rational and gave them their blessings.

Sheng Xiao frowned when he saw the word 'slut'. His expression darkened. "I don't agree with you on her being a slut."

"Yu Huang is not a promiscuous woman. She's just a girl who has given her heart to someone else. She treated him sincerely, but in the end, she was betrayed by the man. How did she become a promiscuous woman?"

Seeing that everyone's animosity had subsided a little, Sheng Xiao said, "I don't want to see rumors like Yu Huang being materialistic anymore. I'm the one who interacts with her the most, and I'm the one who spent the rest of my life with her. Who are you guys when compared to me?"

"You guys don't know anything about her, so don't pretend to be knowledgeable and maliciously speculate and slander her. Do you really think creating rumors doesn't have any consequences?"

Sheng Xiao looked at his watch. It had been forty minutes since the live broadcast. He wanted to end it.

Before it ended, he said, "My lawyer has recorded the entire live broadcast tonight. All the netizens who are spreading rumors and slandering Yu Huang's reputation in my live-stream, please be prepared to receive a court transmission."

Rows of shocked exclamation marks appeared on the screen.

So, Sheng Xiao didn't prohibit the netizens from scolding people earlier because he had something up his sleeve.

He was going to settle scores with them later!

Someone commented boldly: "Isn't Supreme Master Sheng too narrow-minded? Is it worth going to court over such a small matter? There are so many people in this world who slander Yu Huang, but can you find all of them? You can't bully others just because you're the young master of the Sheng family."

Sheng Xiao saw the message. He smiled and replied coldly, "She's worth it!"

With that, he ended the live broadcast.

Downstairs, Yu Huang was eating lotus roots. She didn't watch the live-stream and didn't know that Sheng Xiao had sued all the netizens who had scolded her in the live-stream. After she finished eating, she picked up her phone and saw that her phone and WeChat were being flooded with comments again.

Su Qianqian: "He's more reliable than the last man."

Yin Rong: "Professor Sheng is so cool!"

Anna: "Wow, Professor Sheng is so cool!"

Jiang Shangfeng: "Yu Huang, your husband is a man."

After Yu Huang sorted out the situation on Weibo, she realized that Sheng Xiao had sued the rumor makers.

Good job!

Sheng Xiao's actions made all the anti-fans on Weibo shut up. No one dared to fabricate rumors and slander Yu Huang anymore.

...

It was getting closer and closer to the 5th of April. The entire Divine Moon Empire and even the cultivation world were focused on Sheng Xiao and Yu Huang's wedding.

All the people who had received the Sheng family's invitation arrived in Jingdu on April 4. They were arranged to stay in the Jingdu Hotel and the Jingdu Pearl Hotel.

On the night of the 4th of April, Yu Huang was sent to the headquarters of the Purifying Spirit Academy by Lin Jiansheng. She would get married tomorrow at the main entrance of the Purifying Spirit Academy.

The Purifying Spirit Academy was decorated with lanterns and streamers. Everyone was looking forward to the wedding.

At the same time, Yufu City looked brand new. There were lanterns and colored banners everywhere. In the central square of Yufu City, the wedding platform had been built.

In order to prevent anyone from destroying the scene, the square was surrounded by guards.

The wedding ceremony was set to be at 10 am tomorrow morning. Sheng Xiao would go to the Purifying Spirit Academy to welcome the bride before dawn. As the bride, Yu Huang had to start preparing for the wedding at 2 am.

She put on a face mask and fell asleep at nine o'clock in the evening.

At two in the morning, the professional wedding team arrived at the Purifying Spirit Academy. They knocked on Yu Huang's door and pulled her out of bed.

Yu Huang sat in front of the dressing table and allowed the makeup artist to do her makeup. Then, the makeup artist drew a phoenix-shaped hairpin on her forehead.

The stylist coiled up Yu Huang's black hair and carefully placed a gorgeous golden Sun Crown on her head. The moment she put it on, Yu Huang immediately felt her head become heavy.

The crown was clearly very expensive. When the stylist put it on Yu Huang, her hands were trembling.

Yu Huang asked her, "Why are your hands trembling?"

The stylist pursed her lips and smiled. She told Yu Huang, "This Sun Crown is the Sheng Clan's heirloom. Every woman marrying into the Sheng Clan will wear it on their wedding day. This thing is too precious. I'm afraid it will be broken."

"It won't."

Yu Huang finished her hair and changed into her wedding clothes with their help.

It was almost five o'clock when they were ready.

Staring at the noble and beautiful bride in front of them, the stylist and makeup artist didn't dare to look into her eyes.

They had a nagging feeling that the pressure in Yu Huang's gaze was too strong for them to withstand.

"Ah Huang!"

Lin Jiansheng and Yu Donghai pushed the door open and walked in. Yu Donghai said nervously, "Sheng Xiao and the others have already entered Jingdu. They will be here in ten minutes. Are you ready?"

"Done."

"That's good." Yu Donghai sized up Yu Huang's appearance in the wedding dress and suddenly cried.

Before his daughter even left the house, he had already started to wipe his tears. Lin Jiansheng handed him a handkerchief in disdain. "Wipe your face. How embarrassing!"

Yu Donghai hurriedly wiped his tears. He walked to the bedside table and opened a box with the word "Happy" on it. He took out a golden umbrella.

When he went out later, Yu Donghai had to hold an umbrella for Yu Huang. This meant that he was Yu Huang's family member and Yu Huang's protective umbrella.

Chapter 355: Be Her Protector

Yu Donghai held the umbrella and took a deep breath before saying, "I'm a little nervous."

The staff members who were in charge of styling Yu Huang were also very nervous. They held their chests and said, "After working in this line for so many years, this is the first time our team has come to the headquarters of the Purifying Spirit Academy to work. I was so nervous last night that I couldn't sleep."

There were two Level 9 Purifying Spirit Saints living in the headquarters of the Purifying Spirit Academy. They were gods respected by many people.

It was rare for them to see Xuan Ye and Lin Jiansheng once in their lives. It was also their greatest honor to be chosen as Yu Huang's bride styling team.

Hearing this, Yu Donghai complained to Lin Jiansheng, "Look at you. You mobilized so many people and insisted on letting Ah Huang come to the Purifying Spirit Academy to get married. Isn't it better to buy a villa in the suburbs?"

Lin Jiansheng glared at him. "What do you know? As the personal disciple of a Purifying Spirit Saint, Ah Huang is also a Level 4 Purifying Spirit mentor. It's perfectly justifiable for her to be married off from the Purifying Spirit Academy. Besides, there are civilians near the villa. On the day of the wedding, won't there be chaos?"

"Furthermore, after Ah Huang leaves the Purifying Spirit Academy, Saint Xuan Ye will personally perform a wedding blessing ceremony for them. This is such a special treatment. Do you understand?"

After knowing that Saint Xuan Ye would personally pray for Yu Huang and her husband, Yu Donghai immediately shut his mouth.

Originally, Yu Huang was still a little nervous, but when she heard her father and mentor arguing, she suddenly wasn't nervous anymore.

Yu Huang picked up the straw cup on the table and took a sip of water. She heard someone shouting outside the door, "The Grand State Master is actually here!"

As soon as he finished speaking, the door was opened from the outside. The Grand State Master Mo Xiao had actually put on a suit and a black hat. He walked in from the outside, and everyone lowered their heads at the same time, not daring to look at the Grand State Master's face.

Only Yu Huang dared to look him in the eye.

Yu Huang smiled and called out, "Godfather."

The Grand State Master walked over and held Yu Huang's hand. He said, "Although you don't have parents, you still have your father, your mentor, and me." After a pause, he said, "In a while, we'll send you out of the pavilion."

Tears welled in Yu Huang's eyes. "...Okay."

Seeing that the legendary Grand State Master who wasn't close to anyone actually held Yu Huang's hand and even said so much with a loving attitude, everyone was shocked.

Yu Huang's 'maternal family' was probably the most imposing and powerful team in the history of the Holy Spirit Continent.

Someone shouted from the square downstairs, "The groom is here!"

Lin Jiansheng walked to the window and looked into the courtyard. He saw Sheng Lingfeng and the others. "The Sheng family is really here. Let's get ready and go downstairs."

"Okay."

The wedding ceremony in the Holy Spirit Continent was completely different from that on Earth. During the wedding, the groom's parents had to accompany the groom to the bride's home.

At the same time, the bride's side would send a witness.

During the bridal escort ceremony, the female witness would hold a three-question questionnaire in her hand and interrogate the groom and his parents on the spot. After the three men passed the test, they had to sign the three-question questionnaire to pick up the bride.

Yu Huang and the others arrived at the main hall on the first floor. The door was closed, and Yu Huang couldn't see the scene outside.

Xuan Ye, who was dressed in a purple robe and had snow-white hair, stood in front of the door with a three-question questionnaire in his hand. He looked like an immortal standing on the peak of a snowy mountain.

In the square, the main butler of the Sheng family shouted, "The groom, Sheng Xiao, has arrived with his parents. Please welcome the bride out!"

Xuan Ye finally raised his head. His gaze swept across the square and landed on Sheng Xiao and his parents.

Xuan Ye flipped open the three-question questionnaire in his hand elegantly and asked, “Sheng Xiao, are you prepared to live with the bride, Yu Huang, forever?”

Xuan Ye’s voice wasn’t deliberately amplified, but his voice spread throughout the entire Purifying Spirit Academy.

Yu Huang pricked up her ears and listened carefully.

Sheng Xiao, who was wearing a black dragon-patterned wedding suit, walked to the front of the Sheng family team. He bent down and said respectfully, “Sheng Xiao, I am willing to share honor and disgrace with the bride, Yu Huang!”

Xuan Ye asked again, “Elder, are you prepared to treat your daughter-in-law, Yu Huang, as your own from now on?”

Sheng Lingfeng, who was wearing a dark red suit, walked to Sheng Xiao’s left. He bowed and said, “I promise that I will treat my daughter-in-law, Yu Huang, as my own child and treat her sincerely!”

“Madam Sheng, are you prepared to treat your daughter-in-law, Yu Huang, as the apple of your eye and be lenient?”

Mrs Sheng took a step forward with her slender waist and bowed. She replied seriously, “I, Lan Yao, will treat my daughter-in-law, Yu Huang, like a pearl in my palm. I will be tolerant.”

“Alright, please sign it!” Xuan Ye waved his hand, and the three-question questionnaire flew to the front of the Sheng family. It floated in the air quietly and didn’t move.

Sheng Xiao brought his parents to the three-question questionnaire and wrote their names on it.

Xuan Ye put away the three-question questionnaire and lowered his head to scan it. After confirming that there were no problems, he shouted, “Please send the bride out!”

The tightly shut door of the Purifying Spirit Academy building rumbled as it opened on both sides.

Yu Huang saw Sheng Xiao in the middle of the square. Sheng Xiao saw his bride too.

Yu Huang didn’t have parents. When she left the pavilion, Yu Donghai and the Grand State Master substituted for her parents. The two of them held Yu Huang’s hands on both sides and walked out of the Purifying Spirit Academy. Lin Jiansheng raised the golden umbrella and held it above Yu Huang’s head.

This was really the most luxurious and powerful escort team in history!

Yu Huang, who was under the golden umbrella, was wearing a black phoenix-patterned wedding dress. There was a phoenix-shaped piece on her forehead. She was beautiful and enchanting, but she wasn’t intimidating.

Sheng Xiao stared at his bride and became nervous.

Finally, Sheng Xiao came to Yu Huang. “Ah Huang.” Sheng Xiao called Yu Huang’s name and stopped in front of her.

Yu Huang glanced at him and was shocked by Sheng Xiao's burning gaze. She quickly lowered her head to hide her panic.

Sheng Lingfeng and his wife, Lan Yao, walked to the Grand State Master and Yu Donghai's side. At the same time, they extended their hands and said, "Grand State Master, in-law, please leave Yu Huang to us."

The Grand State Master patted the back of Yu Huang's hand and personally handed her to Sheng Lingfeng.

Yu Donghai shed tears. He handed Yu Huang's right hand to Lan Yao while sobbing as he said, "Madam, Ah Huang is a good child. If she is insensible, please forgive her."

Lan Yao smiled gently and nodded. "In-law, don't worry. From now on, Yu Huang will be my family. I promise you that no matter what, I will treat her as my own and protect her well."

"That's good!"

No matter how unwilling Yu Donghai was, he still had to let go.

Sheng Xiao took an umbrella from Lin Jiansheng and stood behind Yu Huang to hold it for her.

Although he knew that Yu Huang was powerful and independent and would not need to be protected by others, Sheng Xiao still protected her.

Chapter 356: Congratulations on the Wedding

There was a long road outside the headquarters of the Purifying Spirit Academy. On both sides of the road were the towering walls of the Purifying Spirit Academy. The Sheng Family's bridal escort team slowly led the bride towards the bridal escort team at the end of the road.

Halfway through, Sheng Xiao poked Yu Huang's neck.

Yu Huang kicked Sheng Xiao's calf.

Sheng Xiao groaned in pain.

Sheng Lingfeng saw their actions and immediately scolded, "Xiao'er, be serious!"

Sheng Xiao stopped.

After they got into the wedding convoy, Sheng Xiao and Yu Huang naturally got into the first car. The Sheng family's parents sat at the back. Yu Donghai, Lin Jiansheng, and Kong Qing took the third car. The Grand State Master took the fourth car, Xuan Ye took the fifth, and the others sat behind.

After they got into the car, Sheng Xiao handed Yu Huang a chocolate. "Eat something to fill your stomach. You can only eat during lunch later."

Yu Huang opened her red lips. Sheng Xiao divided the chocolate into two and gave her half.

Sheng Xiao asked her again, "Is the Sun Crown on your head heavy?"

Yu Huang wanted to nod, but the thing on her head was too heavy for her to move. Yu Huang asked Sheng Xiao, "Can I take off the crown first and wear it later?" Yu Huang was about to take it off when Sheng Xiao stopped her.

"You must not take it off. This is the bride's crown passed down from the ancestors of the Sheng family. There is a trace of blessing preserved by the Patriarch's wife for generations. It will bring you good luck. If you take it off, it won't be good."

Yu Huang immediately lowered her hand.

The car drove all the way to the river. Only then did the group of people get out of the car, transfer to the boat, and continue driving towards Yufu City.

When they arrived at Yufu City, it was already 9:20 PM.

The group of people entered the Stairway to Heaven and entered Yufu City. They passed through the wide plaza outside Yufu City and arrived at the city gate.

At the city gate, the captain of the security team saw that the Young Master had returned to the city with the bride and hurriedly shouted, "Open the city gate and welcome the bride!"

The majestic city gate opened slowly. Sheng Xiao held Yu Huang's hand and walked to the central square of Yufu City under the gaze of the nearly ten thousand people.

The audience stands were set up around the central plaza. The invited guests were all sitting in the audience seats. When they heard the shout at the city gate, everyone knew that the bride and groom were here. Everyone turned to look in the direction of the city gate.

When they saw the couple in black wedding clothes walk into the square hand in hand, everyone stood up and sang the song of blessings.

Men and women, old and young, everyone's voices mixed together and sounded holy. Xuan Ye and Lin Jiansheng followed behind Yu Huang and were also chanting the blessing song.

The song turned into a blessing and floated towards Yu Huang and Sheng Xiao.

As a Purifying Spirit Master, Yu Huang could clearly sense that when the power of blessing surged into her body, there was clearly a layer of faint golden light in her body.

It was an indescribable yet comfortable power.

It was only when the couple walked to the wedding altar in the square that everyone sat down quietly.

Sheng Lingfeng, Madam, Lin Jiansheng, Yu Donghai, and even the staff of the wedding team found their seats and sat down to watch the ceremony quietly.

Immediately after, Prime Emperor Dino, who was the witness, flew out from the crowd.

Prime Emperor Dino was wearing a dark purple robe. His dark purple eyes looked melancholic. His light golden hair was draped over the purple robe and fell to his gorgeous long fishtail.

Prime Emperor Dino floated on the altar. His powerful energy waves made the young people in the wedding audience feel a headache.

Seeing this legendary number one powerhouse of the continent, the beast tamers in the audience began to whisper.

“I heard that Prime Emperor Dino never buttons his shirt. Why is he willing to button his shirt this time?”

“In front of the heavens, who dares to dress inappropriately?”

“That’s true.”

Prime Emperor Dino lit three incense sticks. He raised them high and looked at the clear sky with a pious gaze. He said loudly, “I hope that today, the red string will be tied together and they will be a perfect match. In the Holy Spirit Continent, the groom Sheng Xiao and the bride Yu Huang are willing to be married and die together under the witness of the heavens!”

“I, the Merman Race’s Dino, implore the heavens to bestow marriage bonds to the newly weds!”

After Prime Emperor Dino finished speaking, Yu Huang realized that the three incense sticks in Dino’s hand had burned clean in the blink of an eye.

Soon, dark clouds suddenly appeared in the sky. Muffled thunder came from the distance, as if some powerful and suffocating energy was rushing towards Yufu City.

Seeing this change, the expressions of everyone in the audience changed.

“... the heavens...”

It was the heavens!

“The heavens are really here!”

When Dino saw that the heavens had reacted, he lit up three more incense sticks and said to the bride and groom, “The bride and groom are tied by marriage. The heavens are here. Please worship the heavens!”

Sheng Xiao and Yu Huang were holding a red knot. They looked at each other and faced each other.

Dino shouted, “First, bow to the heavens!”

The two of them bowed to each other solemnly.

“Second, bow to the parents!”

The two of them stood up and bowed to where Sheng Lingfeng and Yu Donghai were sitting. Just as Yu Huang thought that it was over, Sheng Xiao said in a low voice, “Bow again.”

Yu Huang immediately understood what Sheng Xiao meant.

He wanted Yu Huang to bow to Yin Mingjue, who had long sacrificed his soul, and her adoptive parents, who had died on Earth.

“Okay.”

Under everyone's gazes, the couple bowed towards the distant sky.

Seeing this, although the crowd felt that it was strange, they did not say anything.

Yu Donghai guessed that they were paying their respects to the young master. He immediately lowered his head and wiped his eyes. He muttered softly, "The Young Master can definitely sense the young master's intentions."

Lin Jiansheng looked up and stared at the dark sky above him. He sighed and said, "Yes, what a good child."

Seeing that the bride and groom had finished paying their respects to their parents, Dino secretly heaved a sigh of relief. Then, he looked up at the dark sky above him.

At this moment, the entire sky of Yufu City, and even the sky above the capital city of the Divine Moon Empire, was already covered in dark clouds. In the black fog, thunder rumbled non-stop, and a faint figure appeared.

That might be the embodiment of the heavens.

Seeing this, Dino bent down and raised the incense in his hand. He shouted respectfully, "The heavens above, bride and groom, please worship the heavens!"

Yu Huang and Sheng Xiao knelt on the ground in unison. They looked at the sky sincerely for three seconds before kowtowing solemnly.

Kneeling on the ground, Yu Huang and Sheng Xiao said at the same time, "The groom, Sheng Xiao, and the bride, Yu Huang, are willing to marry and become husband and wife under the witness of the heavens. From now on, we will share honor and disgrace together. We will never leave each other. We are willing to be husband and wife for life!"

1

As soon as they finished speaking, the dark sky rumbled down towards them!

Bang!

Chapter 357: After Ten Thousand Years of Defending, There Is Finally A Response

The black fog rushed into their bodies. The red united heart knot in their hands disappeared under the black fog. At the same time, Sheng Xiao and Yu Huang realized that there was a red line in their bodies.

Only they could see that line, but no one else could.

The invisible red line could be extended indefinitely. It would connect Yu Huang and Sheng Xiao forever. No matter how far they were apart, they could find each other according to the red line.

At the same time, in another world, at the bottom of the pitch-black and deep abyss, a black dragon was lying in the abyss. The flesh on its body had been torn apart by the lightning, and it felt a piercing pain every time it moved.

In order to conserve its energy and resist the lightning strikes, the black dragon kept its eyes closed.

At a certain moment, the dragon suddenly felt a burning sensation in its body. It sensed something and suddenly opened its eyes. The dragon used its divine sense to check its body and found that the red line that had been silent for ten thousand years had bloomed with a trace of dazzling light.

The black dragon raised its head and roared at the abyss above it. "Roar!"

After ten thousand years of reincarnation, he finally found her!

1

...

The black fog dissipated, and sunlight immediately pierced through the dark clouds and sprinkled on Yufu City. Under the sunlight, the red lanterns emitted a red glow. The entire city was filled with joy.

Yu Huang and Sheng Xiao helped each other up. All the beast tamers and friends who were watching the ceremony threw flowers at them to congratulate the couple on completing their marriage under the witness of the heavens.

Sheng Xiao took out his identity card from his wedding suit. He handed the Beast Tamer identity card to Yu Huang. She looked down and saw the name "Yu Huang's husband" on the back of Sheng Xiao's identity card.

Yu Huang took out her identity card from her interspatial ring. As expected, there were the words 'Sheng Xiao's wife' behind her identity card.

The two of them looked at each other and held each other's hands silently.

Yu Huang looked up at Sheng Xiao. Her lips touched his as she shouted softly, "Hubby."

Sheng Xiao was stunned.

Yu Huang found it funny when she saw Sheng Xiao stunned.

At that moment, all the guests had left for the restaurant. Mrs. Sheng walked over with the civet cat in her arms and said to them, "Alright, you two can go and rest."

Next, they no longer needed to entertain the guests. The bride and groom could go home and consummate their marriage.

Lan Yao told them, "The wedding room of the mansion has been decorated for you guys. The wedding room at the Lovers Lake has also been decorated. Where are you guys planning to stay tonight?"

Considering that she was going to eat with her in-laws tomorrow morning, Yu Huang decided. "Let's stay in Yufu City."

"Sure."

The two of them held hands as they passed through Yufu City and arrived at the Patriarch's mansion at the foot of the back mountain. Those guards and servants had all run to the Central Square to watch the ceremony. As soon as the ceremony ended, they quickly rushed back.

When Yu Huang and Sheng Xiao returned to their residence, the guards and servants were talking in the courtyard.

Sheng Xiao held Yu Huang's hand and walked in. All the guards and servants smiled at the same time and congratulated them loudly. "Congratulations, Young Madam, for getting married. It's a happy marriage!"

Sheng Xiao immediately took out a lot of golden beans from his interspatial ring.

He pinched the golden beans and said, "Today is a joyous occasion. Everyone, please share some of the festivity." With that said, he threw the golden beans into the sky. The servants and guards immediately ran to snatch the golden beans.

When she saw this scene, Yu Huang smiled and teased, "If my mentor knew that he could snatch gold beans from you, he probably would have abandoned his job and ran over to snatch gold beans."

Sheng Xiao thought of Lin Jiansheng's stingy personality and nodded in agreement.

After the servants finished snatching the golden beans, a chef walked over and asked Sheng Xiao and Yu Huang, "Young Master, Young Madam, are you hungry? What do you want to eat?"

One of the guards glared at the chef and laughed loudly. "Fat Chef, are you stupid? What day is it today? Young Master and Young Madam are busy, so how can they have time to eat?!"

The chef froze, then blushed. He stammered, "Then, then I'll make you guys something to eat in the middle of the night. No matter how good your stamina is, you should be hungry in the middle of the night."

Yu Huang chuckled. Sheng Xiao's face turned red when he heard that.

No wonder he could only be a chef his entire life. His EQ was only enough to deal with animals and vegetables.

Everyone laughed. They looked at Sheng Xiao and Yu Huang ambiguously. The leader of the guards waved his hand and shouted, "Go and do your work. Don't get in the way!"

Everyone rolled their eyes.

The leader cupped his fists and said to Sheng Xiao, "Young Master, Miss, you guys can go ahead. We won't disturb you anymore!" Then, the leader left with the others.

Sheng Xiao's face, neck, and even his body burned from embarrassment. He felt as if there was a firestone hidden in his wedding suit.

Yu Huang bumped his arm and asked him, "Hey, hubby, how's your stamina?" Seeing that Sheng Xiao was too shy to speak, she continued, "What do you want to eat in the middle of the night? Tell the chef in advance and let him prepare it."

Sheng Xiao gritted his teeth and said, "I'm not hungry. I'm not eating."

"You're so stubborn."

Doing that relied not on spiritual power, but physical strength. It wasn't even noon. No matter how strong Sheng Xiao was, he wouldn't be able to last until midnight.

"Let's go back to our room."

Sheng Xiao saw that Yu Huang was walking carefully, and it would be difficult to climb the stairs, so he carried her by the waist.

Yu Huang was afraid that the crown on her head would fall, so she hurriedly straightened it.

The room was closed and there was the word "Happy" on the door. Sheng Xiao put Yu Huang down and took off the word before pushing the door open.

As expected, the room was decorated. The bed curtains on the bed were changed to a dark red color, and the bedsheets were also changed to a dark red color. The red blanket was embroidered with mandarin ducks, and under the blanket, there were Longevity Fruits and peanuts.

Yu Huang lifted the blanket, picked up a peanut, and peeled it before eating it. She said, "Is this a hint for us to give birth quickly?"

"It's just a custom. We don't want children now."

Yu Huang chewed on the peanuts and asked him, "If you don't want a child, do you want me?"

Sheng Xiao looked at her deeply.

He closed the window and walked to Yu Huang. After standing in front of her for a while, he suddenly said, "You can't imagine how many ways I've imagined banging you in my mind."

1

Yu Huang was frightened by Sheng Xiao's lustful words.

Was he revealing his true colors after getting married?

Sheng Xiao gulped. He sat down beside Yu Huang and said, "The wedding is over. You can take off your crown."

"Hurry up." Yu Huang bowed her head. Sheng Xiao studied her for a while before helping her take off the crown.

Without the crown, Yu Huang immediately felt carefree.

Sheng Xiao got up and put the crown on the dressing table. He returned to the bed and looked at Yu Huang for a moment. "Can I help you take off your clothes next?"

Yu Huang raised her head and looked at him.

When she met those pitch-black and burning eyes, Yu Huang's eyes darkened slightly. Then, she stood up.

She closed her eyes and opened her arms.

She allowed Sheng Xiao to undress her.

Chapter 358: In the World of Adults, Children Shouldn't Ask

Sheng Xiao stood in front of Yu Huang. He took off Yu Huang's jacket gently. Then, he reached his hands behind Yu Huang's waist and removed the ribbon rope around her waist.

He took off her top, bottom, and skirt.

The person standing in front of him had snow-white skin and a slender waist. He placed his right palm on Yu Huang's waist and realized that her waist wasn't much wider than his hand.

Why was a woman's waist so thin?

Sheng Xiao found it unbelievable when he thought about how their child would be born into this skin that was pressed against his palm many years later. When he thought about how he would become one with her later, he felt even more amazed.

Sheng Xiao lowered his head and kissed Yu Huang's eyes.

The wet sensation made Yu Huang feel uncomfortable.

Her eyelids trembled slightly, and her curly eyelashes fluttered. She looked pitiful, but when that look appeared on her cold and proud face, it aroused Sheng Xiao's interest.

Sheng Xiao suddenly hugged Yu Huang's leg. He sat on the bed and kissed her.

At the thought that from this moment onwards, everything they did was right and proper, Sheng Xiao became fearless for the first time.

He no longer restrained himself. There was nothing to worry about. Every kiss was filled with love and seduction. Yu Huang opened her eyes and saw Sheng Xiao's focused and passionate gaze. She hugged his narrow waist with one hand and reached into his hair with the other.

Yu Huang grabbed Sheng Xiao's hair and forced him to stop and look at her.

Sheng Xiao stopped and looked at her with red eyes.

Yu Huang smiled and said, "Little friend, I'll bring you to the adult world..."

...

The adult world was especially tiring.

Not only was Sheng Xiao tired, but Yu Huang was also tired.

Sheng Xiao stared at the dark red bed curtains and asked Yu Huang, "What do you want to eat?"

Yu Huang was covered in a thin layer of cloth. Her slender legs were exposed. Her toes moved and occasionally touched Sheng Xiao's feet.

She closed her eyes and muttered, "I want to drink and eat meat."

Sheng Xiao was tempted when he thought of that scene. "Me too."

“I’ll go down and see what there is to eat.”

“I’ll go too.” Yu Huang got up as well. When she got off the bed, she realized that her legs were a little weak.

Her legs were weak?

Her legs were weak?

Sheng Xiao realized that Yu Huang had staggered and immediately helped her steady herself. He hugged her and asked, “Is your leg feeling weak? Why don’t you rest? I’ll go take a look.”

How could Yu Huang admit that her legs had gone weak just now?

She shook her head calmly and said, “No.” Yu Huang calmly walked to the closet, opened it, and took out a set of home attire to wear.

It was obvious that Mrs. Sheng had bought these clothes. They were of excellent quality and design.

Yu Huang wore a light green silk casual wear and followed Sheng Xiao downstairs. When she went downstairs, she held the armrest with her right hand and walked slowly. However, she looked calm.

When they turned the corner, Sheng Xiao did not ask Yu Huang for her opinion before he picked her up.

There was no one downstairs. The servants should be asleep. Knowing that no one was watching, Yu Huang did not struggle.

Sheng Xiao carried Yu Huang to the kitchen and opened the pot lid. He saw four types of meat, a plate of vegetables, and a pot of soup.

“Fortunately, the fat chef made food for us.” Both of them smiled.

“Hurry up and eat.”

After the two of them were full, they quietly returned to their room and quickly fell asleep.

It was already late at night when Lan Yao and Sheng Lingfeng returned home. They found a few light plates on the dining table. Lan Yao smiled in understanding. “They ate quite a lot. It seems like they were hungry.”

Sheng Lingfeng had drunk a lot today. Now that no one was around, he felt tipsy. He hugged Mrs. Sheng’s waist from behind and murmured, “I’m starving too.” Then, he opened his mouth and bit Mrs. Sheng’s fair skin.

Sheng Yang brought Na Luo and Anna back from outside and happened to see this scene. Sheng Yang hurriedly reached out her hands and covered Anna and Na Luo’s eyes. She whispered, “Shh, don’t let out a sound.”

However, Lan Yao heard Sheng Yang’s voice. Her head was pressed on Sheng Lingfeng’s shoulder, and she narrowed her eyes at Sheng Yang. Seeing that Sheng Yang had returned with friends, Lan Yao suddenly grabbed Sheng Lingfeng’s arm and carried him back to the room.

Sheng Lingfeng was thrown onto the bed and was dizzy from the impact. "Yaoyao! Ah Ru..." Sheng Lingfeng was drunk and his hands fumbled around the bed. He called her by her breast name one moment and called her by her name the next.

Lan Yao went downstairs to make some hangover soup.

Sheng Yang, Na Luo, and Anna were sitting in the hall watching television. Seeing Lan Yao come downstairs, Sheng Yang asked, "Mother, where are Brother and Sister-in-law? Are they asleep?"

Lan Yao said, "Don't ask so much about an adult's night life."

Sheng Yang chuckled. "I won't ask."

Lan Yao cooked the soup and fed it to Sheng Lingfeng. He could finally sleep in peace.

The next morning, Yu Huang woke up early. When she was about to go downstairs, she saw Sheng Lingfeng practicing his saber in the backyard. His weapon was a large saber with pixie patterns on it. It seemed that this saber was transformed from his beast form.

Sheng Yang's weapon was also a knife called the Drunken Frenzied Sword. Sheng Yang's knife skills were exactly the same as Sheng Lingfeng's. She probably learned it from Sheng Lingfeng.

Realizing that Yu Huang was peeping through the window on the second floor, Sheng Lingfeng stopped what he was doing and waved at her. He said, "You're awake? Come downstairs and practice with me."

Yu Huang raised her eyebrows.

He was really treating her like his own.

Sheng Lingfeng treated Sheng Yang and Sheng Xiao the same way.

Yu Huang said, "I'll change into a pair of shoes." Yu Huang returned to her room and took off her skirt, changed into a sportswear and sneakers, then jumped down from the second floor.

"Uncle, should I use a knife or a sword?"

Hearing this, Sheng Lingfeng looked at her unhappily. He said, "It's time to change your address."

Yu Huang's ears turned red as she shouted softly, "Daddy."

Sheng Lingfeng was stunned for a moment before pretending to be calm.

There were many weapons in the training field in the backyard. Sheng Lingfeng said to Yu Huang, "What weapon are you used to using? Choose one."

Yu Huang picked two wooden sticks. She said, "Swords have no eyes. Let's use wooden sticks."

"Alright."

Sheng Lingfeng got into his position and was about to start when he heard Yu Huang say, "Daddy, you're a peak Grand Master, and I'm a Master. It's not fair for us to compete."

Sheng Lingfeng frowned. "Why are you so troublesome?" She wasn't straightforward at all. "Tell me, how do you want to fight?"

The corners of Yu Huang's lips curled up slightly. She said, "Without spiritual power."

"Ha!" Sheng Lingfeng pointed the wooden stick at Yu Huang and said, "You're a girl, and I'm an adult man who's more than a hundred years older than you. There's a huge difference in our physical strength. Are you sure you don't want to use your spiritual power?"

Yu Huang nodded firmly. "No need."

Chapter 359: The Prime Master Inheritance

Without using spiritual power, pure energy fighting was Yu Huang's strength. In the two hundred years of the apocalypse, Yu Huang was a top-notch powerhouse.

"Bring it on!"

Yu Huang held the stick and shook her wrist. The wooden stick in her palm immediately bent and shook. Seeing Yu Huang's wooden stick tremble, Sheng Lingfeng's eyes lit up. "Not bad, you have a rich internal energy."

"Watch my move!"

Sheng Lingfeng took the initiative to attack Yu Huang.

Sheng Lingfeng had clearly practiced stick techniques before and was quite skilled.

The wooden stick hit Yu Huang's chest heavily. Yu Huang raised the stick and forcefully endured this attack. Then, she used the strength of her arm to force Sheng Lingfeng back two steps.

After Sheng Lingfeng stabilized himself, he said in shock, "What domineering internal energy!" Sheng Lingfeng no longer treated Yu Huang as a child. He took on the attitude of dealing with his peers and attacked Yu Huang repeatedly.

Yu Huang reacted accordingly and did not panic at all.

The two of them fought for more than ten minutes. They were both sweating, but none of them won. Sheng Xiao, his mother, and Sheng Yang watched this scene in amusement.

Lan Yao said to Sheng Lingfeng, "Hubby, Xiao'er and Ah Huang just got married yesterday. You're bullying your daughter-in-law today. If this matter gets out, Saint Ling Xiao might come to Yufu City to seek justice for his disciple."

Sheng Lingfeng stopped.

He put away the wooden stick and gave Yu Huang a thumbs up. "Little girl, you're stronger than Sheng Xiao. Not bad!"

Yu Huang smiled at Sheng Xiao proudly.

Sheng Xiao did not say anything. He just smiled meaningfully.

Seeing Sheng Xiao's smile, Yu Huang immediately thought of what Sheng Xiao had done to her in the room yesterday afternoon. She could not be arrogant anymore.

After breakfast, Anna and Na Luo bade farewell.

Anna wanted to return to the academy to continue studying with the dean while Na Luo still had to go out to train. Yu Huang asked Na Luo, "Where are you going to train?"

Na Luo said, "There's a deep sea trench in the Divine Sea that's 30,000 meters deep. There are many underwater demon beasts living there. I plan to go there and enter seclusion for a period of time."

Yu Huang knew about the huge trench. Last year, Feng Yuncheng and the princess had saved the prince in the trench.

"I heard that there are super powerful demon beasts living there. You have to be careful alone."

"Don't worry, I won't go to the bottom of the sea. The pressure at the bottom of the sea is not something I can withstand. By the way, what are your plans with Professor Sheng?"

"We plan to go to the Saint Tomb."

"Good luck then."

After sending Na Luo and Anna off, Yu Huang went to the Sheng family's martial arts hall.

There were already 29 disciples waiting in the martial arts hall.

The Saint Tomb was about to open. Every big family in the Divine Realm Continent could send 30 core disciples to the Saint Tomb to train. After Yu Huang and Sheng Xiao got married, she would naturally be a member of the Sheng family.

She was outstanding and naturally took up a spot.

Yu Huang walked into the Cultivation Hall. The young men and women of the Sheng family smiled and greeted her. "Good morning, Young Madam."

Yu Huang nodded. "Hello, everyone."

The people that the Sheng family had sent to participate in the Cong Lang Mystic Realm last time were also this group of people. Yu Huang was already very familiar with them, so there was no need to introduce herself.

Sheng Xiao moved to the side and said to Yu Huang, "Come, stand beside me."

Yu Huang ran to Sheng Xiao and stood beside him.

The young people of the Sheng family were all peeping at the two of them. In the past, Yu Huang was ugly, but they had already acknowledged her strength. Now that Yu Huang had recovered her looks, everyone was even more satisfied with her.

Staring at the back view of the Young Madam and the Young Master, this group of young people admired and envied them.

They admired their strength and their loving relationship.

Sheng Lingfeng was busy with work. After breakfast, he went to Jingdu to settle work matters. Most of the family matters were left to Madam Sheng and the elders.

Spring came and went. Mrs. Sheng had also taken off her winter clothes. She was wearing a sapphire blue velvet cheongsam. Her hair was curly and her waist looked sexy in the tight-fitting dress.

She carried the civet cat and walked in from outside. The group of youths stared at her.

Yu Huang looked at her charming mother-in-law more seriously than anyone else.

Sheng Xiao lowered his head and glanced at Yu Huang. He was speechless when he saw her staring at her. He covered Yu Huang's eyes with his hand and whispered, "Is she that pretty?"

Yu Huang said, "My mother-in-law is so beautiful."

Sheng Xiao was speechless.

Mrs. Sheng walked to the front of the crowd and said in a charming voice, "Good morning, everyone."

"Good morning, Madam!"

Nodding, Madam Sheng picked up the remote control and turned on the projector behind her. The remains of the Saint Tomb appeared on the projector. Everyone's attention immediately shifted from Madam Sheng to the projector.

The ruin was very large. There were eight Prime Master Tombs buried in different directions. Therefore, only the tombstone of the Sheng family's ancestor could be seen on the projector.

There was only one.

Madam Sheng said, "There are a total of 10 Prime Masters in the Sheng family, but only Prime Master Tie Feng was buried in the Saint Tomb. Most of the other Prime Masters died in the Upper World and the battlefield."

Staring at the lonely grave, everyone was speechless.

"It has been five hundred years since Prime Master Tie Feng died. In these five hundred years, the Saint Tomb will open once every 30 years, but so far, no one has obtained Prime Master Tie Feng's inheritance."

"Only the person who can obtain the Prime Master's legacy will be his biological bloodline." Then, Madam Sheng pointed at Sheng Xiao and Sheng Yang's positions with her index finger. She said, "Xiao'er, Yang Yang, after entering the Saint Tomb, the two of you will go straight to Prime Master Tie Feng's tomb and try to obtain his legacy."

After that, Madam Sheng looked at the others. In the end, her gaze landed on Yu Huang's face. "After the others enter the Saint Tomb, try your best to find the place with the densest spiritual energy. Make the best use of your time to cultivate and try to break through as soon as possible!"

"Yes, Madam!"

“There are still more than two months until the opening of the Saint Tomb. In these two months, everyone, don’t slack off.”

“Understood, Madam!”

Sheng Xiao and Sheng Yang were direct descendants. Their mission was different from the other disciples’. Madam Sheng said to Sheng Xiao and his sister, “Come with me. We have something else to do.”

There were a few things they had to prepare for if they wanted to accept the legacy. Mrs. Sheng wanted to take the siblings to prepare.

Sheng Xiao made a request. “Mother, bring Ah Huang too.”

Mrs. Sheng was a little surprised. She said, “I’m taking you guys to do legacy training. Ah Huang isn’t a direct descendant of the Sheng family, so it’s useless for her to go. Why don’t we let her train with these disciples?”

Sheng Xiao insisted. “Mother, take her with you.”

“Then let’s do it together.”

Sheng Xiao did not tell anyone about Yu Huang’s identity. He knew that Yu Huang’s goal was the legacy of the Prime Emperor of the Yin family. He wanted to bring Yu Huang to learn something.

Chapter 360: Despicable, Not Afraid

Madam Sheng brought the three of them to the ancestral hall of the Sheng family.

On the east side of the central square of Yufu City, there was a fountain lake. On the east side of the lake was an ancestral hall, where all the ancestral tablets of the Sheng family were worshiped.

The ancestral hall was the center of Yufu City. As long as the ancestral hall was not destroyed, Yufu City would not be destroyed.

The surroundings of Yufu City were filled with Beast Tamer guards. All of them had knives on their belts and looked very fierce. Seeing Madam Sheng walk over with the Young Master and the others, the guard leader ran over and bowed to Madam Sheng. “Madam, you’re here.”

“Qingyun, I brought Young Master, Young Madam, and Young Miss in to worship our ancestors.”

“Please go ahead.”

Sheng Qingyun took half a step back before allowing them to enter the ancestral hall.

After entering the ancestral hall, Madam Sheng took out a few Soul Returning Incense from the table. Sheng Xiao and the others each took three incense sticks. They lit them up and knelt in front of the praying mat to pay their respects to their ancestors.

Madam Sheng raised the three incense sticks in her hand and said to the tablets, “Ancestors, there’s a new member of the Sheng family. The girl standing beside me is my daughter-in-law. Her name is Yu

Huang, and she's a very good child. She kowtowed on this one and offered the incense. You have to treat her like your family!"

Madam Sheng's attitude was arrogant. She seemed quite proud. She seemed to have the intention to stop offering incense if the seniors didn't treat Yu Huang as family.

After that, Madam Sheng stared at the incense in her hand.

The Soul Returning Incense in her hand burned with wisps of smoke that reached upwards. Seeing this, Mrs. Sheng smiled in satisfaction. "It seems that you're very satisfied with our new wife."

Madam Sheng inserted the Soul Restoring Incense into the incense table. Then, she turned around and said to Sheng Xiao and Sheng Yang, "As long as you have a direct bloodline, you can obtain the legacy of the Prime Master. However, not all direct bloodlines can obtain the legacy."

Her charming eyes swept across Sheng Xiao and Sheng Yang's faces at the same time. Madam Sheng said frankly, "The stronger the energy, the higher the chance of gaining recognition. Yang Yang, your energy and potential are not as good as your brother's. The possibility of you obtaining the inheritance is slim."

Sheng Yang was speechless.

She didn't have to be so blunt. At least she could have saved her some dignity.

Sheng Yang blushed and muttered, "This result hasn't even been announced, but you're already making a conclusion. Maybe Prime Master Tie Feng will see that I'm beautiful and happily give me the inheritance."

Madam Sheng said expressionlessly, "You're not as good-looking as your brother."

Sheng Yang felt exasperated.

She glared at her mother and scolded softly, "Mother, you favor boys over girls!" Sheng Yang held Yu Huang's hand and wanted to seek justice for herself. "Sister-in-law, tell me, does Mother favor boys over girls?"

Yu Huang frowned slightly and said, "You're not as strong as your brother and your looks are not as good as your brother's. This... is all true!"

Sheng Yang was speechless.

"However, Mom doesn't favor boys over girls. If she really did, she wouldn't have brought you to the ancestral hall at all. Since she called you both to the ancestral hall, she must treat you equally. However, with your strength, your Mom has to be truthful."

Yu Huang was telling the truth.

Sheng Yang could not retort, but she refused to admit that she was inferior to her brother. She puffed up her chest and said proudly, "My breasts are bigger than his!"

Sheng Yang raised her chin at Sheng Xiao arrogantly and said unreasonably, "Brother, can you compare to me?"

Sheng Xiao looked at Sheng Yang deeply and replied casually, "My wife's breasts are bigger than yours."

Sheng Yang was furious.

"Alright, stop arguing. You should restrain yourself in front of our ancestors." Mrs. Sheng shook her head. She didn't understand why she and Sheng Lingfeng gave birth to such an airhead like Sheng Yang.

Sheng Yang was an airhead. She looked cold and arrogant, but she was actually kind and easy to deceive. She was really a child who would never grow up.

Madam Sheng sighed and continued, "Your brother might not get the legacy."

Sheng Yang instantly felt proud when she heard this. "Right, Father didn't obtain the inheritance back then, so it's still unknown if my brother will be able to obtain the inheritance."

Madam Sheng added, "But your brother is the most likely heir."

Sheng Yang fell silent again.

In fact, Sheng Yang knew very well that her brother was the most talented Beast Tamer in the history of the Sheng Clan. If even he could not obtain the legacy of Prime Master Tie Feng, then no one in the Sheng Clan would be able to obtain the legacy.

"If you want to obtain Senior Tie Feng's approval, you will need to cultivate the Bloodline Awakening Technique."

With that, Mrs. Sheng took out a cultivation technique from her interspatial ring. "This is Bloodline Awakening."

Yu Huang stared at the cultivation technique and narrowed her eyes. She asked Madam Sheng, "Mother, why do you want to cultivate the Bloodline Awakening Art?"

Madam Sheng looked at Yu Huang and explained very patiently, "After thousands of years of evolution, the bloodline energy of the Sheng family has already weakened. Only by cultivating the Blood Awakening Technique can the bloodline of the Sheng family in your body be awakened. Only juniors who have successfully stimulated the bloodline energy can accept Prime Master Tie Feng's test. Only those who pass the test can accept the inheritance. Xiao'er, Yang Yang, after you enter the Saint Tomb, you will have to rely on your own abilities to accept the test."

Sheng Yang and Sheng Xiao stared at the cultivation technique intently.

Yu Huang asked again, "I heard that the sacred bones of the Yin Clan's two Prime Masters are hidden in the Saint Tomb. I wonder if the Yin Clan also wants to cultivate this Bloodline Awakening Art?"

"Of course. However..." Madam Sheng frowned when she thought of the Yin family's current situation. "Many years ago, because of Prime Master Yin Mingjue, the Yin family temporarily surpassed the Sheng family and became the number one cultivation family in the Divine Realm Continent. However, with the death of the Prime Master, the Yin family's glory disappeared."

"21 years ago, the Prime Master's beloved daughter was lost and there's still no news of her. I'm afraid she's most likely dead. The bloodline of the Prime Master is completely severed."

Sheng Xiao glanced at Yu Huang. Coincidentally, Yu Huang was looking at him too. She even shook her head at him.

Sheng Xiao nodded and did not say anything.

Yu Huang asked Madam Sheng again, "Does the Yin family have other direct descendants?"

"Why not?" Mrs. Sheng shrugged and said gloatingly, "Six hundred years ago, there was a playboy in the Yin family. That guy married a lot of wives and had many children. The Yin family has a lot of direct descendants. Perhaps there are still direct descendants of the Yin family out there."

Yu Huang was a little embarrassed. "That senior from the Yin Clan is quite capable in terms of giving birth."

"Heh, that old pervert only has that to boast about."

Yu Huang was rendered speechless by the phrase 'old pervert'.

"However, no matter how many direct descendants the Yin family has, they're all useless." Madam Sheng patted the ashes on her fingertips and said, "The only thing the Yin family can look forward to is the beloved daughter of the Prime Master. That child is gone, and the direct descendants of the Yin family are nothing to be afraid of."
