

She Shocks 491

Chapter 491: Falling into the Abyss Crack

Boundless spiritual power emerged from between Anna's eyebrows. The black spiritual power that filled the sky turned into five black fog balls that flew towards the Prosperous Capital, the Holy Mountain, the Snowfall City, the Huo Yang City, and the Lion King City where the beastmen were.

Sensing that a destructive energy was approaching the Prosperous Capital, Yu Huang raised her head and saw a black fog rapidly flying towards the Prosperous Capital. Sensing a familiar aura from the fog, Yu Huang clenched her fists tightly.

Anna!

"Look!"

"Look! What is that?!"

"Could it be tribulation lightning again?"

The citizens who were being tested also looked up at the black fog and discussed.

The black mist quickly split into millions of small Mutated Devouring Beasts in the sky. The Mutated Devouring Beasts landed in the city of the Prosperous Capital, the harbor outside the city gate, the airport entrance of the Prosperous Capital, and the maglev train station...

They descended in every corner of the Prosperous Capital.

After the ant landed lightly, it began to search for a target.

At the same time, Lu Yubei's voice sounded from the loudspeaker—

"My citizens, please stay where you are and accept the approach of these ants. They can neutralize the energy of the Death Curse in your bodies!"

After knowing that these ants could actually resolve the energy of the Death Curse in their bodies, everyone instantly stopped moving.

Everyone's eyes were filled with ecstasy.

They were saved!

Jiang Shangfeng was lying on the ground and was about to faint. As his consciousness dissipated, a small ant crawled onto his arm and bit through his skin. Immediately after, Jiang Shangfeng sensed that the ant was sucking the flesh and blood in his body.

Jiang Shangfeng thought self-deprecatingly, 'I'm not dead yet, but you guys are already eating my flesh and blood.'

The ant sucked more and more blood. Gradually, Jiang Shangfeng's urge to vomit faded. Jiang Shangfeng opened his eyes. In his daze, he could hear the voice of Lu Yubei—

“The Hundred Masters Sacrifice, Anna becoming a Prime Master, and saving millions of people in the Prosperous Capital! The sacrifice of all the lords in exchange for the rebirth of the Prosperous Capital!”

Hundred Masters Sacrifice, Anna became Emperor?

Jiang Shangfeng struggled to sit up and leaned against the crib beside him.

When Mr. West saw that Jiang Shangfeng had woken up, he gave Jiang Shangfeng a smile, as if he had just survived a calamity. “The Hundred Masters Sacrifice helped a Beast Tamer with a divine beast form become a Prime Master. Now, the ant that is lying on our arms and absorbing the energy of the Death Curse in our bodies is that person’s beast form.”

“Ah Feng, we’re saved! The Prosperous Capital is alive again!”

Saved?

Jiang Shangfeng was delighted.

He stared at the small ant on his arm that was almost unnoticeable, and his heart suddenly skipped a beat.

Anna.

Anna!

Jiang Shangfeng’s pupils dilated as he exclaimed, “Could it be my friend Anna?!”

Mr. West was stunned. He said, “...I don’t think so.” The little girl called Anna couldn’t be that powerful.

At this moment, the Mutated Devouring Beasts completed their mission.

All the Mutated Devouring Beasts turned into black spiritual energy gas again and gathered into a ball before returning to the distant sky 20,000 meters high. At the same time, the Mutated Devouring Beasts in the other four cities also completed their mission and returned to the deep sky.

The first batch of Mutated Devouring Beasts brought the Death Curse energy they had absorbed back into Anna’s body.

When the Death Curse energy returned to Anna, she immediately felt pained.

Anna held her head and let out a shrill scream. “Ah!!”

Before she could withstand the pain, the energy of the second city also entered her body.

Then, the death curse energy from the other three cities also surged into Anna’s body.

The petite Anna was immediately enveloped by the evil Death Curse energy.

“Ah!”

Anna hugged her head and rolled in the sky in pain. Her internal organs instantly collapsed, and a black blood vessel began to spread along her arm and quickly spread throughout her entire body.

Anna’s coat was shattered, and her meridians turned the color of a Death Curse.

Anna was in so much pain that she couldn't even moan.

Anna's body fell in a straight line towards the Abyssal Origin Forest below.

Anna could feel death approaching. She narrowed her eyes and looked at the dazzling sun above her. She suddenly felt relieved.

She was finally free.

Yu Huang, Mentor, and T-Rex.

Goodbye.

Anna's body fell into the abyss crack.

And the abyss was a place that couldn't be revived once one fell into it.

Anna's body was wrapped in deep black moisture and kept sinking. Just as she accepted her death and was about to close her eyes, she saw that the sun in the sky was covered by a pair of ice-blue wings.

"Roar!"

Accompanied by an angry dragon roar, the Icy Night T-Rex quickly flew into the abyss rift.

He used his huge wings to wrap around Anna's falling body. His cold head gently pressed against Anna's body. He said angrily but resignedly, "Anna, even if you die, I will accompany you." He was willing to accompany her in her exile and also willing to accompany her into the abyss.

Divine demons were loyal once they fell in love.

Upon hearing the Icy Night T-Rex's words, Anna, who had already given up on survival, was suddenly afraid of death.

She was indignant!

Her T-Rex had yet to become a human!

She had yet to marry the T-Rex and have children!

She was unwilling to die just like that!

Anna suddenly hugged the neck of the Icy Night T-Rex. She kissed the eyes of the Icy Night T-Rex and choked, "T-Rex, let's be husband and wife again in our next life!"

* *

Anna had finally turned the situation around.

While the entire world was cheering for this victory, only the old dean and Yu Huang flew towards the abyssal rift.

The abyssal rift was the territory of super demon beasts. That was not a place humans should step into.

But this time, when the super demon beasts saw the old dean, Yu Huang, and Sheng Xiao, they didn't attack them.

A strange demon beast with three heads on its shoulders but a pig's body squatted on a large rock in the abyss crack. The human head in the middle looked at Yu Huang with a narrowed gaze. It asked Yu Huang, "Are you here to find the little girl who fell into the abyss earlier?"

This demon beast was called the Pixiu Demon. It was the child of the ancient demon beast, the Pixiu God, and a human.

According to legend, 100,000 years ago, a Pixiu God fell in love with a human woman. After the marriage, the human woman was pregnant with quadruplets, but one of the twins was cruel and ruthlessly ate the three human-shaped brothers.

Therefore, this Pixiu Demon was born with this inhuman appearance.

Of course, most ancient legends were unreliable. Who knew where such a thing came from?

Yu Huang even felt that this thing was a pig that had been mutated by nuclear pollution.

The demons were lecherous and had harmed many beautiful human girls.

When he saw Yu Huang, he naturally had to tease her.

However, with Di Ruofeng backing Yu Huang, the Pixiu Demon didn't dare to attack Yu Huang easily.

Sheng Xiao stood in front of Yu Huang and hid her behind him. Then, he asked the Pixiu Demon beast, "Senior, did you really see a girl fall into the abyss?"

The Pixiu Demon snorted. "There wasn't just one girl. There's also a Icy Night T-Rex that jumped into the abyss with her." The Pixiu Demon knew the Icy Night T-Rex and knew that the Icy Night T-Rex had fallen in love with a human girl.

The three heads on the Pixiu demon's shoulder all frowned. The head that had teased Yu Huang earlier said with a disdainful expression, "The useless T-Rex gave up so many powerful female dragons to love a human girl. Now, the T-Rex is dead!"

After knowing that Anna and the Icy Night T-Rex had fallen into the abyss rift, the old dean's gaze suddenly darkened. He said, "The abyss rift is a place where one can't go ashore after falling in. Even if Anna isn't killed by the energy of the Death Curse, I'm afraid..."

1

The old man couldn't bear to continue, and tears welled up in his eyes.

When Yu Huang heard this, she asked, "The abyssal rift is a place where one can't return from after falling in?"

Sheng Xiao nodded. "Yes. The abyssal rift is as dangerous as the Time Valley. There is no bottom in the abyssal rift. No one knows what is under the abyssal rift, because everyone who jumped into the abyssal rift never came back."

Yu Huang was puzzled when she heard this.

Anna had once told her that when she was surrounded by Xuanyuan Shen and the others, it was the Grand State Master who suddenly jumped out of the abyss rift and saved her.

Since it was said that the abyss rift was a place where one couldn't go ashore after falling in, how did the Grand State Master do it?

Did he know something that she didn't?

If her adoptive father could come and go freely in the abyss rift, could Anna and the T-Rex still be alive?

At this moment, the leftmost head on the shoulder of the wood demon suddenly said in a gloomy tone, "None of the divine demons who fall in love with humans have a good ending. Think about the peacock demon back then. She was such a beautiful woman. She left the demon beasts in our forest to marry a human man, but in the end, she was eaten by her human husband. Humans deserve to die!"

At this point, the other heads suddenly looked at Yu Huang and the others fiercely. "You humans, get out of the abyss quickly. Otherwise, we don't mind starting another battle!"

Ten thousand years ago, the demon beasts had been forced into the Abyssal Origin Forest by the human Beast Tamers. The demon beasts had a grudge towards them for this. A portion of the demon beasts with explosive tempers wanted another battle in order to snatch the Holy Spirit Continent back from those humans!

The Pixiu Demon was also belligerent. It couldn't wait to start a war.

Di Ruofeng and Sheng Xiao were about to pull Yu Huang out of the abyss rift when Yu Huang suddenly asked the Pixiu Demon, "Is the Peacock Demon's husband's surname Su?"

The Pixiu Demon glanced at Yu Huang unhappily and said impatiently, "I don't know. It happened hundreds of years ago. Who remembers?!"

Yu Huang continued, "Does the Peacock Demon have another son?"

"There's one." The Pixiu Demon didn't remember the surname and name of the Peacock Demon's husband, but he remembered something else. The Pixiu Demon pointed at a towering mountain in the distance. He said, "The Pixiu Demon's tomb is on the top of that mountain. Her son erected it for her."

"Get lost! Don't be an eyesore!" The Pixiu Demon revealed a fierce expression.

Yu Huang grabbed Sheng Xiao and the old dean's hands and flew out of the abyss rift towards the mountain in the distance.

When they arrived at the opposite mountain peak, the old dean stared at the tombstone covered in moss. He asked Yu Huang, "Are you suspecting that the Peacock Demon is Su Xuanye's mother?"

Yu Huang stared at the tombstone, but didn't speak.

Sheng Xiao said, "We'll know if it's true after we see it."

Sheng Xiao removed his knife and used the tip of the knife to scrape away the moss on the tombstone.

--

Mother Su Que's tomb.

Under the tombstone, the name of the person who made the sign was Su Xuanye.

Yu Huang and the old dean walked to the tombstone and looked down at Su Xuanye's name. The old dean sighed with emotion. "She's really Su Xuanye's mother."

Yu Huang stared at the soil behind the tombstone and noticed that the weeds growing on the soil were new. She said to Sheng Xiao, "Split the tombstone!"

"What?" Sheng Xiao looked at Yu Huang uncertainly.

Yu Huang was too lazy to explain. She reached out and snatched the knife from Sheng Xiao's hand. She raised the knife and slashed the soil. A deep pit appeared on the ground. There was a small underground palace hidden in the pit.

Sheng Xiao and the old dean widened their eyes when they saw the entrance of the underground palace.

This...

Yu Huang was the first to jump into the underground palace.

Chapter 492: Su Xuanye's True Purpose

Seeing Yu Huang jump in, Sheng Xiao jumped down without hesitation.

The old dean stomped his feet and said in embarrassment, "You opened someone's tomb! How wicked!"

Although it was immoral, the old dean still jumped in.

The underground palace was pitch-black and nothing could be seen clearly.

Sheng Xiao took out a moon-colored night pearl and raised it high. The dark light in the cave immediately dimmed.

Yu Huang's vision was excellent. She saw white skeletons neatly arranged in the pit. These skeletons were fixed with a wooden board so that they were in a kneeling position.

Sheng Xiao said, "It's a conviction pit."

The conviction pit was a kind of array formation set up with the corpses of a group of criminals who had committed heinous crimes when they were alive. This array formation could imprison the souls of criminals and torture the souls of criminals after they died over and over again, making them repent and atone for their sins until their souls dissipated and their bones were weathered to ashes.

Although Yu Huang hadn't attended many array formations classes in the Divine Realm Academy, under Lin Jiansheng's request, she had long memorized many array techniques.

Yu Huang knew about the conviction pit.

It was obvious that this was Su Xuanye's doing.

Yu Huang saw that there was a wooden sign on the back of these corpses. There seemed to be words written on it. She lowered her head and blew away the dust on the wooden sign. She saw a row of words written with a red pen—

Sinner Su Qunshan.

The old dean also came over. He saw the sign clearly and immediately explained, "Su Qunshan was the last patriarch of the Su family of Kui Mountain. He was also Su Xuanye's father."

"Tsk."

Yu Huang clicked her tongue twice and said, "He's even unwilling to let go of his father's remains. It can be seen that Su Xuanye really hates the Su family to the core." Yu Huang couldn't help but think that if her mother was treated like this, she would do the same.

"Su Xuanye must hate the Su family. Otherwise, he wouldn't have planted the Spirit Restraining Parasite in the Su family back then." When the old dean mentioned Su Xuanye, his expression was extremely complicated. He had lived a hard life when he was young. If Su Xuanye hadn't helped him, he would have died long ago.

The old dean respected and hated Su Xuanye.

However, Su Xuanye had done many evil things. From the moment he placed the curse fruit in the Prosperous Capital, he went against all the cultivators in the world.

Even if the old dean was indebted to Su Xuanye, the old dean wouldn't go easy on him.

Sheng Xiao counted the bones on the ground and found that there were 45 bones on the circle line, but there were 46 sinner wooden tablets. He pointed at a corner of the circle and said, "There's an additional wooden tablet there."

Yu Huang walked to the wooden sign and squatted down. She blew away the dust on the wooden sign and softly read out the contents of the wooden sign. "Sinner Su Xuanye."

After he finished speaking, there was a sudden silence in the underground palace.

Sheng Xiao frowned. He said with a complicated expression, "Su Xuanye gathered all the Su family members who had eaten the flesh and blood of the Peacock Demon. He wanted their souls to suffer hundreds and thousands of years of torture. He wanted them to apologize to his mother. The last sinner was himself."

In Su Xuanye's heart, the one he couldn't forgive the most was perhaps himself.

At this moment, the old dean heard a faint cry.

The old dean narrowed his eyes and looked at the dark underground palace. He said, "Is there anyone else inside? Why do I hear someone talking?"

Yu Huang and Sheng Xiao listened carefully. Indeed, they heard someone talking.

Yu Huang followed the voice and realized that the voice came from behind a wall. Yu Huang touched the wall and knocked on it. It was empty.

The old dean said, "Move aside. I'll do it."

Yu Huang and Sheng Xiao moved away silently. The old dean clenched his right fist and punched the indestructible stone wall.

The stone wall instantly shattered into five to six pieces and fell to the ground.

The three of them quickly covered their mouths and noses with their hands.

After a while, Sheng Xiao raised the Night-Luminescent Pearl. Under the dim light, the three of them saw the scene in the secret chamber.

It was actually a wedding room!

On the stone wall of the wedding room, there were two paper cutouts with the word 'celebrate' on them. Beside the word, there was an ancient-style red wedding dress. On the stone bed, there was a red wedding blanket with a weak soul body lying on it.

The woman's soul was locked by the Soul Locking Rope. She couldn't escape even if she wanted to. She was already extremely weak.

"Senior Su!" Yu Huang recognized Su Tingxue at a glance.

Su Tingxue's soul was already very faint. She opened her eyes and glanced at Yu Huang. She told Yu Huang weakly, "Su, Su Xuanye has gone crazy!"

Yu Huang quickly walked to Su Tingxue's side. She bent down and heard Su Tingxue say, "He, he couldn't find a super demonic creature, so he, he planned to nurture one himself!"

Yu Huang was shocked.

A super demon could be nurtured?

"Senior Su, what is Su Xuanye doing?!"

Su Tingxue revealed a look of fear. She said, "He wants to plant a death curse, form a curse fruit, and raise a death curse!"

Cursed person?

Yu Huang had never heard of such a thing.

She had read many ancient books, but she had never heard of something like a Death Curse.

Su Tingxue glanced at the stone stool beside Yu Huang and said, "You will understand everything after reading that ancient book."

Sheng Xiao immediately picked up the ancient book and opened it with the old dean.

The words on the ancient book were written in ancient script. The old dean could recognize almost all of them. It was harder for Sheng Xiao to read them.

The old dean snatched the ancient book and quickly read it. After reading it, he closed the ancient book with a gloomy expression and sighed. "I see!"

"Dean, what is Su Xuanye trying to do?!"

The old dean looked at Yu Huang and Sheng Xiao in shock. He said, "According to this ancient book, in a world called the Moon Searching Continent, there was once a person who activated the Death Curse and successfully formed the Curse Fruit. He accidentally nurtured a Death Curse Man who was filled with resentment! And this Death Curse Man has resentment power comparable to that of a super monster! Su Xuanye wants to nurture the Death Curse Man and become a Purifying Spirit God!"

Sheng Xiao and Yu Huang were shocked.

As a Beast Tamer, Su Xuanye had the cultivation level of a Prime Master. As a Purifying Spirit Master, he was also a Level 9 Purifying Spirit Master with a high cultivation level. His identity as a Dual Cultivator gave him destructive power that far exceeded that of a Purifying Spirit Master and a Beast Tamer of the same cultivation level.

In the battle at Kui Mountain, Su Xuanye had completely combined the psychic power of a Purifying Spirit Master with the spiritual power of a Beast Tamer and severely injured the Grand State Master, the old dean, Sheng Lingfeng, and Lin Jiansheng.

If he really became a Purifying Spirit God, then he would really be invincible.

She definitely couldn't let Su Xuanye nurture a Cursed Person!

Yu Huang hurriedly untied the Soul Locking Rope on Su Tingxue's body. As she untied it, she asked, "Senior Su, do you know where Su Xuanye and the others are hiding?"

After Su Tingxue was freed, she leaned in Yu Huang's arms and said weakly, "There's an underground palace two thousand meters underground. The entrance to the underground palace is in a bookstore beside Jing Yi Cafe in Jingdu. Su Xuanye and the others are hiding there."

"What?!"

After knowing that Su Xuanye and the others were hiding under the Divination Tower, not to mention Yu Huang, even the old dean was shocked.

Who would have thought that Su Xuanye was actually hiding under the Grand State Master's nose?!

Su Tingxue's soul was too weak and could dissipate at any time. The old dean took the initiative to take out a Spirit Nurturing Bottle and said, "Put her soul in this bottle to nourish it. It will slowly recover."

"Okay."

After putting Su Tingxue into the Spirit Nurturing Bottle, the old dean tore open a spatial rift in the void. He carried Yu Huang in one hand and Sheng Xiao in the other and brought them back to the Divine Moon Empire.

* *

Although the millions of citizens of the Prosperous Capital were saved, the 120 Supreme Masters had fallen forever.

After surviving, the citizens of the Prosperous Capital didn't cheer.

At this moment, all the citizens who could still walk took the initiative to come to the People's Square. With the People's Square as the center, the citizens knelt on the streets and chanted the prayer song.

The Grand State Master lifted the People's Square from the ground alone.

The square floated in the void, and a wide pit appeared below.

Lu Yubei, Sheng Lingfeng, and the others respectfully placed the corpses of the 120 beast tamers in the deep pit. The Grand State Master walked to the side of the deep pit and took the lead in singing the prayer song.

Seeing this, the other Beast Tamers also lowered their eyes and sang the prayer song.

That ethereal song echoed in the sky of the entire Prosperous Capital.

After singing the prayer song, the Grand State Master took the lead to bow to them. The other Beast Tamers and citizens also stood up and bowed respectfully.

After the burial ceremony was completed, the Grand State Master's right hand tugged hard in the sky. The People's Square floating in the sky suddenly fell to the ground and pressed the bodies of the 120 Supreme Masters under the square.

Hearing that loud bang, the citizens suddenly hugged their heads and cried.

The Grand State Master closed his eyes and hid the sorrow in them.

At this moment, a spatial rift suddenly appeared in the sky.

The Grand State Master opened his eyes warily and stared at the crack while preparing to fight. Unexpectedly, the person who ran out of the crack was Di Ruofeng.

Seeing that it was one of them, the Grand State Master immediately relaxed.

Di Ruofeng carried Yu Huang and Sheng Xiao and landed in front of the Grand State Master. He said, "Su Xuanye activated the Death Curse to nurture the Death Curse Man. Grand State Master, we have to investigate immediately and see if there is a Death Curse Man in the city!"

The Grand State Master's expression darkened slightly as he asked, "What is a Death Curse Man?"

Di Ruofeng hurriedly handed the ancient book to the Grand State Master.

The Grand State Master quickly browsed through the contents of the ancient book. He suddenly closed the book and turned to the Purifying Spirit Academy's Purifying Spirit Masters. "Everyone, immediately activate your psychic powers and search for anyone with resentment! After you find them, don't let anyone off. Bring them all for review!"

"Yes!"

After Lin Jiansheng became the President of the Purifying Spirit Academy, the President of the Purifying Spirit Academy branch in the Prosperous Capital changed. He was also a Level 8 Purifying Spirit Master. He was also a Purifying Spirit Master that Lin Jiansheng had nurtured himself.

This Purifying Spirit Venerable's name was Xu Zi'an.

Xu Zi'an's psychic power spread out completely and instantly enveloped the entire Divine Moon Empire.

His psychic power extended countless tentacles that extended to every building and every sewer. Those tentacles were like radar that searched the world for the cursed people with resentment.

Chapter 493: The Birth of a Purifying Spirit God!

Tai An Building.

On the sixth floor, in an abandoned storeroom.

A woman was lying in a corner of the storeroom. Her clothes had long been torn apart and thrown beside a storage box. Her fair and slender body was covered in all kinds of ambiguous marks.

The woman was lying on the ground, her fate unknown.

Suddenly, the woman's fingers moved slightly. Her eyes, which were covered in scars, trembled before she opened them with great effort.

Su Qianqian stared at the ceiling in the storeroom and recalled what happened before she fainted—

Two days ago, after Su Qianqian discovered that she was infected, she used makeup to cover the black blood vessels on her arm and tried to sneak out of the Prosperous Capital. However, her disguise was seen through by Supervisor Yu Huang and she was forcefully sent back to the Prosperous Capital.

After pulling Su Qianqian and the others' bus and putting their bus at the entrance of the bus stop, they rushed back to the pier to pull the second wave of people.

At that time, mayor had yet to establish a separate female care area.

Thus, all the infected people who were infected with the Death Curse were imprisoned together. Su Qianqian was imprisoned in the Tai An Building and assigned to the sixth floor.

Su Qianqian was beautiful and a celebrity. When she was locked in the building, she was wearing a beautiful and gorgeous dress. The dress was a tube top style and revealed her thighs.

Su Qianqian, who was beautiful and a celebrity, was imprisoned in a building filled with despair and chaos. She was like a delicious cake to the others.

In the beginning, those men only dared to look at her lewdly.

However, when they saw that an infected person's condition had suddenly changed and started to vomit and die in pain, they completely panicked. At that moment, they realized that they had all been abandoned and that they had no way out.

Panic and fear enveloped everyone's hearts.

The atmosphere instantly became despairing.

At this moment, a man looked at the beautiful Su Qianqian.

If he was going to die, why not have a good time before he died?

In any case, he was going to die. Even if he killed someone and committed a crime, he wouldn't have to go to jail.

And the woman in front of him was a beautiful celebrity. Being able to have a fling with a celebrity before he died was worth it!

At first, only one person walked towards Su Qianqian boldly.

Su Qianqian saw the greed in the man's eyes clearly. She hid behind a woman in fear. However, in the end, the woman took the initiative to push her out to protect herself.

Su Qianqian was brought into the storage room by the man.

The moment the door closed, Su Qianqian's cries became softer. When the women heard Su Qianqian's cry for help, they pretended not to hear it.

That high and mighty celebrity had finally become everyone's plaything...

The scene before she fainted replayed in Su Qianqian's mind.

Su Qianqian stared at the ceiling with lifeless eyes. Her body felt like it was being torn apart, but she was filled with humiliation.

She clenched her hands into fists.

Bastard!

Su Qianqian struggled to her feet and walked to the door while enduring the pain.

Su Qianqian placed her hand on the door handle. She pulled it but couldn't move it. Su Qianqian realized that the door was locked.

Su Qianqian slammed the door of the storeroom and shouted in a hoarse voice, "Save me, there's someone here. Save me!"

She couldn't die!

She still had to go home to find her father!

She also wanted those bastards who had hurt her arrested!

Su Qianqian pounded on the door for a long time, but the building was already empty. The storage room on the sixth floor was usually only used as a storage room, and very few people went there.

She was going to starve to death inside!

Su Qianqian leaned against the door and slowly slid to the ground. She stared at the marks on her body and couldn't help but hug her head and cry.

"Daddy! Daddy, save me!"

After crying for a long time, Su Qianqian suddenly felt a sharp pain in her abdomen. She couldn't help but open her mouth and vomit.

Su Qianqian stared at the disgusting vomit on the ground. Her gaze suddenly became sinister. She did not realize that the whites of her eyes were disappearing bit by bit until they turned into two pitch-black vortices.

"No one will save me."

"They hurt me, bullied me, and humiliated me. They all want me dead!"

"No one will save me..."

At this moment, the loudspeaker in the city sounded. Lu Yubei's voice spread to every corner through the loudspeaker—

[My citizens, please stay where you are and accept the approach of these ants. They can neutralize the energy of the Death Curse in your bodies!]

They had found an energy that could resolve the Death Curse?

Su Qianqian suddenly had the will to live.

She wanted to get out!

She wanted to be saved!

Su Qianqian endured the pain in her body and stood up stubbornly again. She knocked, kicked, and threw things at the door. She tried all sorts of methods, but the door of the storage room couldn't be opened.

Outside the building, citizens were rescued one after another, but no one knew that in the storage room on the sixth floor of the empty Tai An Building, there was a lonely and helpless girl in despair.

Su Qianqian knelt behind the door and muttered in despair, "Someone save me, someone save me!"

No one would save her.

She had been deliberately locked up here.

Those people bullied her and were afraid of being questioned, so they deliberately locked her in the storage room. Their goal was to let her starve to death and die of illness in the storage room.

Outside the building, a group of people couldn't help but look up at the Tai An Building after being saved.

Thinking of the woman they had locked in the storage room, they were both afraid and uneasy. Now that the mayor and the others had thought of a way to resolve the death curse, would Su Qianqian call the police if she was saved?

Would they go to jail?

However, they thought about how Su Qianqian was locked in a room on the sixth floor by them. Even if the energy of the Death Curse was dispelled by the divine beast form, no one would open the door for her. She would starve to death in the storage room sooner or later. These guilty people felt relieved.

At the thought of this, they began to hug, cheer, and celebrate their survival...

* *

Xu Zi'an's psychic tentacles reached out to every building and every sewer in the Prosperous Capital.

They were pervasive.

The psychic tentacles searched the city for a long time. Finally, they sensed the existence of a powerful resentment force. Suddenly, Xu Zi'an's psychic power ran in the same direction!

Seeing the change in Xu Zi'an's psychic power, Yu Huang raised her head and looked over. She saw the Tai An Building.

Xu Zi'an suddenly retracted his psychic aura. His fingers trembled as he pointed in the direction of the Tai An Building. He couldn't hide his shock as he shouted, "There's a powerful thing being born in the Tai An Building!"

Upon hearing this, the beast tamers immediately disappeared from the People's Square.

The next second, they appeared on the roadside in front of the Tai An Building at the same time.

The Tai An Building was located at the side of a crossroad. Usually, there would be a lot of traffic here, but today, it was quiet, without a single person or car.

The beast tamers stood opposite the Tai An Building. They stared at the entrance warily and swallowed hard.

Soon, they heard footsteps.

The Grand State Master stared coldly at the exit of the Tai An Building and clearly saw a figure walking out from the corner. He looked up and realized that it was a naked young woman.

When she saw the woman, Yu Huang's pupils suddenly dilated.

"Su Qianqian!"

Yu Huang quickly flew towards Su Qianqian.

Su Qianqian raised her head stiffly, revealing a pair of dark and deep eyes.

She saw Yu Huang.

She also recognized Yu Huang.

The corners of Su Qianqian's lips curled up mockingly. Just as she was about to mock Yu Huang, she saw Yu Huang quickly pull off the Beast Tamer robe on her body and put the red and black robe that symbolized her glory and status.

Su Qianqian's expression froze for a moment.

Yu Huang's robe was very spacious and was completely wrapped around Su Qianqian's body, preserving her dignity.

When she was helping Su Qianqian wear her robe, Yu Huang noticed that Su Qianqian's body was covered in wounds and there was blood on her thigh. Her eyes immediately filled with pity.

Yu Huang's eyes turned slightly red. She gritted her teeth and asked, "Did they bully you?"

Su Qianqian finally spoke. When she spoke, her voice was very stiff. "If you didn't get someone to send me back, would I be bullied?"

Yu Huang immediately bit her red lips.

Su Qianqian raised her hand and untied the belt on the robe around her neck. She threw the noble robe in front of Yu Huang and shouted at her angrily, "Yu Huang, do you think I can regain my dignity by wearing the robe you gave me?!"

"I'm telling you! I can't!"

Su Qianqian pointed at the surrounding men in the distance. She said, "From the moment those jerks peeled off my clothes, my dignity was gone! Yu Huang, it's all thanks to you that I ended up in this state!"

"You're really a decisive and heartless Beast Tamer!"

Su Qianqian stomped on the robe on the ground and said, "I don't care about your lousy robe!"

After Su Qianqian finished speaking, she suddenly pushed Yu Huang away and flew towards the crowd on the road.

The grievous energy transformed into a knot and hung a portion of the people hidden in the crowd.

There were men and women.

Those people were hung high in the air. Their faces were filled with distress and their eyes were filled with fear.

At this moment, the men and women recognized Su Qianqian.

No one expected that not only was Su Qianqian not dead, but she had also become such a monster.

The men knew that they had received their retribution. They kicked and struggled while begging, "Su Qianqian, we know our mistake. We know our mistake. Let us go!"

Those women were shouting, "Su Qianqian, we didn't harm you. The people who bullied you were clearly those men!"

Amidst the resentment, Su Qianqian snorted coldly. “Who said you weren’t wrong?!”

In the sky, the grievous energy became larger and larger until it completely covered the Prosperous Capital. Su Qianqian’s angry voice resounded in the entire sky—

“Who said that it’s not a crime to watch from the side instead of helping?”

“You are all accomplices!”

During an avalanche, not a single snowflake was innocent. And none of the female infected people imprisoned on the sixth floor who saw her being bullied but did not stand up to help her were innocent.

After Su Qianqian finished speaking, the knot binding the men and women suddenly tightened. With the sound of bones cracking, the skulls of those people were instantly divided into two with their bodies.

After Su Qianqian finished dealing with the person who hurt her, she was about to feel smug when a fair hand suddenly appeared in the spatial rift.

That hand clenched gently in the air, and Su Qianqian felt a sense of danger, as if her heart was being grabbed!

Who was it?!

A white-haired man in a purple suit emerged from the spatial rift.

He grabbed the ball of resentment tightly. As the resentment struggled, it turned back into Su Qianqian.

Su Qianqian raised her head and looked at the white-haired man. When she met the white-haired man’s eyes that were filled with pity, Su Qianqian immediately felt the power of destruction.

This person was...

Su Xuanye grabbed Su Qianqian and smiled at the Grand State Master and the others. He said, “The day I become a Purifying Spirit God will be the day you all die!” With that, Su Xuanye pulled Su Qianqian away.

At this moment, he heard the Grand State Master say with a spurious smile, “Unfortunately, before you became a Purifying Spirit God, we... obtained a Purifying Spirit God first!”

At this moment, on the top floor of the Yin Clan’s Eight Towers Mountain Cultivation Tower.

Lin Jiansheng, who had been in seclusion, suddenly opened his eyes.

In an instant, a powerful psychic energy that was powerful enough to annihilate the entire Holy Spirit Continent suddenly erupted from the Yin Clan’s Eight Towers Mountain!

He opened his eyes, and the entire continent was like a map before his eyes.

He closed his eyes. From deep space to twenty thousand miles underground, everything was right in front of him.

A Purifying Spirit God was finally born!

Chapter 494: I’ve Let You Down

The entire continent was enveloped by this majestic psychic power.

The energy of a Purifying Spirit God was cleansing the impurities in the bodies of all things in the world, be it humans, animals, plants, or those vengeful spirits that floated in the world.

Under the interference of this energy, even Su Xuanye clearly sensed that his sea of consciousness had been violated.

Realizing that the powerful energy was trying to purify his spirit, Su Xuanye immediately mobilized all his psychic energy to resist it.

Su Xuanye could resist this energy, but as the Cursed Person, Su Qianqian couldn't fight back at all.

Under the purification power of a Purifying Spirit God, Su Qianqian's dark eyes gradually showed some hesitation.

In an instant, many wonderful things appeared in her mind.

When she first entered the entertainment industry at the age of 15, her first movie was with Yu Huang. It was a spy war movie about an undercover female assassin. Yu Huang played the female lead in the movie while Su Qianqian played the second female lead.

Su Qianqian had just entered the entertainment industry and was filled with anticipation and yearning for it. At the movie celebration, Su Qianqian received a cruise invitation from the Best Actor.

His acting skills were excellent. He had been Su Qianqian's idol since she was young.

The fifteen-year-old Su Qianqian was very innocent and naive. After receiving the message, Su Qianqian naively thought that her idol was just asking her out to play and wanted to help her.

However, she never expected that after she went to sea, the Best Actor Mr. Zhang, who was married and had participated in a variety show with his wife and son and was known for being a good father and husband, would secretly drug her and bring her to his bed.

At the critical moment, it was Yu Huang who brought Xuanyuan Jing to save her from the Best Actor Mr. Zhang.

At that time, Xuanyuan Jing had just met Yu Huang and was very attentive in his pursuit of her.

At that time, Yu Huang didn't want to date. Her feelings towards Xuanyuan Shen was respect, not love. Hence, facing Xuanyuan Jing's pursuit, Yu Huang was very rational and reserved.

But in order to save Su Qianqian, Yu Huang took the initiative to contact Xuanyuan Jing and asked Xuanyuan Jing to go out to sea to save Su Qianqian on the condition that she agreed to go on a date with him.

Recalling this past, Su Qianqian realized how sincerely Yu Huang treated her.

It was because she had been in a world centered upon fame and fortune for a long time that she became ambitious and eager for quick success. Gradually, she became estranged from Yu Huang. They went from being intimate friends to selfish people who stabbed each other in the back for resources.

Su Qianqian stared at Yu Huang's figure and saw the robe that she had deliberately stepped on. She suddenly felt guilty.

While everyone was afraid of her, hurt her, and sized her up with apprehensive gazes, only Yu Huang would stand in front of her without hesitation and put a shirt on her.

That was her best friend!

How could she deliberately tarnish her reputation for a movie, an endorsement, and attention?

How could she secretly hire fake reviewers to mock her online when her appearance was ruined and she was abandoned by Xuanyuan Jing?!

Under the influence of the Purifying Spirit Saint's psychic energy, Su Qianqian gradually regained her consciousness and conscience. The hatred in her heart actually faded a lot. Her dark eyes slowly returned to normal.

"..."

Yu Huang heard Su Qianqian's voice and hurriedly looked up at her.

The moment she saw Su Qianqian's clear eyes, Yu Huang knew that Su Qianqian had regained her senses.

Su Qianqian looked at her with a guilty expression. "Yu Huang!"

Su Qianqian could feel that the energy Su Xuanye was restraining her with was suddenly filled with aggression. She could even sense that her ribs were about to be broken by Su Xuanye.

Su Qianqian knew that she wouldn't be able to escape death today.

While she was conscious, Su Qianqian said to Yu Huang, "Yu Huang, my father treated you well in the past. Do you still remember?!"

Yu Huang nodded. "I remember everything!"

Su Qianqian said, "My father is an orphan. After I die, he'll be completely alone. I bought a tombstone for him long ago. I don't know if he's still alive. If he's alive, please visit him occasionally and talk to him. If he's dead, please help arrange the funeral and let him be buried in peace."

Su Qianqian knew that she was doomed. She was giving her last words.

When Yu Huang heard Su Qianqian's words, Mr. Su's smiling face flashed across her mind. She felt very upset.

"Yu Huang!" Su Qianqian suddenly called her again.

Yu Huang looked up at her and saw a relieved smile on Su Qianqian's lips. Su Qianqian said, "Yu Huang, I've let you down in the past."

As soon as Su Qianqian finished speaking, Su Xuanye lifted her up.

Su Xuanye stared at Su Qianqian's face and saw that her eyes had regained their clarity. He knew that the curse had failed.

He had worked hard for so long, but in the end, it was all for nothing. How could Su Xuanye be willing to accept it?

"Since the awakening failed, it's useless to keep a piece of trash like you around!" Su Xuanye was about to crush Su Qianqian's body when a large knife condensed from milky white psychic power flew over from the distant sky.

The knife accurately slashed Su Xuanye's arm.

Psychic attacks wouldn't cause any physical injuries to Su Xuanye, but they could severely injure his soul.

Su Xuanye's soul was in intense pain. He subconsciously retracted the energy that was attacking Su Qianqian and looked in the direction of the large knife.

After the energy that imprisoned Su Qianqian disappeared, Su Qianqian's body immediately fell to the ground below.

Yu Huang quickly flew over and shielded Su Qianqian in her arms the moment she was about to land.

Sheng Xiao followed closely behind. He took off his Beast Tamer robe and covered Su Qianqian's body.

"Lin Jiansheng!" Su Xuanye stared at the distant sky and roared angrily, "Are you dead set on going against me?!"

A black shadow quickly approached from the distant horizon. In the blink of an eye, that person arrived in the sky above the Prosperous Capital.

When they got closer, everyone could see the person's face clearly.

It was a middle-aged man who was almost two meters tall. The man had short hair and was wearing a deep V-neck suit. There was no shirt under the suit, revealing a large portion of his fair chest.

He had a face that looked intimidating and imposing.

His gaze was fierce. With a knife in his hand, he definitely looked like a serial killer.

There was only one Purifying Spirit Master in the entire Holy Spirit Continent who looked fierce but had a high cultivation level.

Lin Jiansheng!

"Mentor!" Yu Huang hugged Su Qianqian and looked up at Lin Jiansheng. She asked in surprise, "Mentor, have you successfully reached the Purifying Spirit God Realm?"

The others also stared at Lin Jiansheng with burning eyes.

Lin Jiansheng nodded and replied, "Yes."

He succeeded.

His nonchalance shocked Su Xuanye.

Chapter 495: Lin Jiansheng: Perhaps I Have Good Character

Su Xuanye's pupils dilated as he said in shock, "How is this possible?!"

After a Purifying Spirit Master became a Purifying Spirit Master, it wouldn't be easy for them to advance.

Su Xuanye spent six hundred years to achieve the Saint Realm.

It had been more than thirty years since he reached the Saint Realm. After thirty years, his Purifying Spirit Art hadn't improved at all.

Therefore, Su Xuanye knew better than anyone how difficult it was to become a Purifying Spirit God.

Some time ago, the souls of the Yin Clan's 13,000 civilians were sacrificed to help Lin Jiansheng's cultivation level increase greatly and successfully reach the threshold of a Purifying Spirit God.

The increase in Lin Jiansheng's strength alarmed Su Xuanye.

Su Xuanye used to look down on Lin Jiansheng.

He thought that he was a boorish and simple-minded person.

But on the day of the Battle of the Eight Towers Mountain, he felt a sense of danger from that silly girl.

Precisely because Lin Jiansheng's cultivation level had increased, Su Xuanye decided to take the risk and plan to use the Death Curse to nurture a Death Curse Person to help him increase his cultivation level.

Unexpectedly, before he could successfully nurture the Cursed Person, Lin Jiansheng had already reached the cultivation level of a Purifying Spirit God!

Lin Jiansheng was only 180 years old!

Su Xuanye had spent more than 600 years but was still a Saint. Lin Jiansheng had only used 180 years to become a Purifying Spirit God. How could Su Xuanye be willing to accept this?!

"How could you have become a Purifying Spirit God?!" Su Xuanye refused to believe it.

Su Xuanye muttered to himself, "Mentor said that only a powerful Purifying Spirit Master who successfully found a super demonic creature and purified it would have a chance to break through to Level 10 and become a Purifying Spirit God." Thinking of something, Su Xuanye's expression suddenly became bewildered. "Could it be that you really found a super demonic creature?"

In the past hundred years, Su Xuanye had also gone to Broken Cliff to search for traces of super monsters. However, no matter what, he had never found any traces of super monsters.

How did Lin Jiansheng find it?

Lin Jiansheng smiled mockingly and said, "Perhaps it's because I have a good character."

Su Xuanye was so angry that he almost spat out a mouthful of blood.

“Su Xuanye, your mentor told you that you can only break through to level 10 if you successfully purify a super demon. Did she tell you that only the purest and kindest person can obtain the recognition of the super demon?”

Su Xuanye’s expression changed.

Su Tingxue had said that.

However, Su Xuanye had too much hatred in his heart. He had his ambitions, so he naturally couldn’t be pure and kind.

In his opinion, the so-called pureness and goodness was extreme stupidity.

“In that case, you really lost a super demonic creature?” Su Xuanye recalled the rumor from a while ago. He narrowed his eyes and said thoughtfully, “Was Garo Zhengyang’s monster son really a super demonic creature?”

Monster...

When Lin Jiansheng heard that his beloved child was called a monster by Su Xuanye, he immediately felt angry. “Su Xuanye! The Death Curse has been successfully resolved. You have no way out. I advise you to plead guilty and accept the Alliance’s judgment!”

“Plead guilty and be punished?” Su Xuanye raised his head and laughed sarcastically. “What crime have I committed?! It’s impossible for me to plead guilty and be punished!”

“A Purifying Spirit God? Then today, I’ll try killing a god!”

Su Xuanye suddenly let out a peacock cry. His body suddenly exploded on the spot, and the world was instantly filled with a bloody mist!

The place where the blood mist landed, be it the houses or the ground, began to corrode, as if they had been splashed with sulfuric acid.

The civilians who were touched by the blood mist realized that their bodies had been corroded.

“Ah! Hide quickly!”

The civilians covered their heads and fled into the tall buildings.

Seeing this, Yu Huang immediately summoned Xuan Yu.

Swish!

Xuan Yu spread its vermilion wings and soared into the sky. As its wings flapped, wisps of Purifying Evil Phoenix Flame descended.

The moment the blood mist touched the Purifying Evil Phoenix Flame, it was instantly burned clean.

Seeing that Yu Huang’s Phoenix True Fire could neutralize the corrosive ability of the Blood Peacock, the Grand State Master secretly heaved a sigh of relief. Then, he turned around and shouted to the old dean and the others, “Let’s join forces and build a protective shield to protect the common people!”

“Alright!”

The Grand State Master, the old dean, Sheng Lingfeng, and Prime Emperor Dino worked together.

They worked together to build an indestructible protective shield that looked like a pot lid. The protective shield enveloped more than half of the Divine Realm Continent.

As long as the Grand State Master and the others didn't fall, the common people wouldn't be killed.

In the sky, Su Xuanye prepared for fighting to the death and mobilized all the energy in his body.

If this decisive battle didn't succeed, it would end in death!

As the energy in his body was extracted, the expression on Su Xuanye's face became sinister. At the same time, his flowing white hair suddenly began to fall crazily.

This was a sign that his vitality was rapidly depleting!

Seeing Su Xuanye's crazy and paranoid look, the Grand State Master and the others frowned.

This person was really a lunatic.

Lin Jiansheng watched as Su Xuanye did all of this. He didn't panic or hide. He only looked at her calmly, like a wise man treating a child who had taken the wrong path.

When all the energy in his body was mobilized, the white hair on Su Xuanye's head had already fallen off. On his left palm, the spiritual energy ball was as dazzling as a sun, and the Purifying Spirit Scepter in his right hand was emitting bright moonlight.

Su Xuanye gritted his teeth and forcefully fused his psychic power and spiritual power.

The two different energy bodies collided and fused with each other while also repelling each other.

When they pushed each other away, Su Xuanye's body also expanded. After it expanded, he looked like a big ball.

When they fused, the ball would instantly leak and return to its original state.

Sheng Lingfeng was worried that Su Xuanye's body would explode.

However, Su Xuanye was Su Xuanye after all. He had actually fused the two energies completely.

When they completely fused together, psychic power and spiritual power formed a golden sword.

That sharp sword contained endless power of destruction.

Yu Huang stared at the sword in front of Su Xuanye. Her eyes flickered, and she began to mobilize the spiritual power and psychic power in her body.

Sheng Xiao sensed Yu Huang's reaction and narrowed his eyes.

Was this fellow secretly learning on the spot?

Su Xuanye held the sword that had fused all his energy. He stared at the golden sword in his hand and said to Lin Jiansheng fiercely, "Lin Jiansheng, she said that you are the most suitable person she has ever seen to be a Purifying Spirit Master. I must kill you today and let her know how wrong she is!"

Lin Jiansheng naturally knew who he was referring to.

The corners of Lin Jiansheng's lips curled up slightly. He wasn't afraid at all. "Bring it on!"

Su Xuanye let out a peacock cry again. Then, he transformed into a blood peacock and charged towards the sword!

Chapter 496: Su Xuanye Gets Defeated

The golden sword fused with Su Xuanye's true body. The two fused into one and turned into an even more terrifying longsword that shot towards Lin Jiansheng's head!

At that moment, the Grand State Master could clearly feel all the energy in the world attacking Lin Jiansheng.

The Grand State Master frowned and subconsciously extended his right hand to fight with Lin Jiansheng. However, Lin Jiansheng chanted the Purifying Spirit Incantation at this moment.

When he chanted the Purifying Spirit Incantation, pairs of benevolent and kind eyes suddenly appeared above his head.

Among them, there were the eyes of the Yin Clan's 13,000 citizens, Kong Qing's eyes, and the eyes of many souls that had been purified by Lin Jiansheng.

Among them, there were two pairs of eyes that were especially eye-catching.

One of them had curved eyes that were as clear as water. They were bright and gentle when they looked at people. The other pair of brown eyes had amorous almond-shaped eyes. It was dazzling, dignified, and affectionate.

When the golden sword approached Lin Jiansheng's head, it suddenly stopped.

The Grand State Master raised his eyebrows and looked at this scene in surprise.

This was...

A man's figure suddenly appeared from the golden sword. This person was Su Xuanye, who had been very imposing earlier.

However, at this moment, Su Xuanye seemed to have seen something unbelievable as he stared at the two pairs of eyes above Lin Jiansheng's head in disbelief.

After Su Xuanye recognized the two pairs of eyes, he choked and shouted, "Mother! Mentor!"

Those gentle eyes were the eyes of Su Xuanye's mother, the Peacock Demon. The other pair of amorous eyes were Su Tingxue's eyes.

Su Xuanye stared at the two pairs of familiar eyes.

In an instant, longing, love, and regret filled his heart.

Su Xuanye stared into his mother's eyes and saw her face.

His mother was smiling at him. There was no resentment or hatred in her smile, only tolerance and love.

"Ye'er, regardless of whether you can successfully awaken your beast form or not, you are still my treasure. I will protect you forever."

"I don't have any other requests for you. I only hope that you can live happily and peacefully."

"I don't want you to be an indomitable expert, but I hope that you can become a strong and brave child in the future. I want you to be kind and benevolent to the world and be loyal to your partner... If you can do this, I will be very satisfied."

The words his mother had said when she was alive suddenly rang in Su Xuanye's mind again and again.

Su Xuanye thought that he had long forgotten the past, but after seeing his mother's gentle and loving gaze, Su Xuanye instantly remembered everything.

He had always wanted to avenge his mother, but he had let her down.

What his mother wanted was for him to be a brave and kind person!

But what about him?

What had he done?

He had successfully taken revenge, but he had also killed the innocent!

Mother!

Su Xuanye looked at the other pair of amorous eyes.

He stared at those almond-shaped eyes, as if he had traveled back in time to more than six hundred years ago, to the day when he and his mentor were engaged for life.

That day, Su Tingxue was sitting in the pharmacy of the bamboo building while arranging the herbs. He walked in with a wild daisy in his hand.

Su Tingxue laughed at him. "Ah Ye, you're already an adult. Why do you still like wild grass?"

Su Xuanye picked one of the wild daisies and formed a circle with it.

On the green ring, a wild daisy bloomed beautifully.

"Mentor." Su Xuanye raised the wild daisy and licked his lips. He mustered his courage and asked shyly, "Mentor, I love you very much. I want to stay with you day and night and marry you. If, if you love me too, then extend your middle finger. If you want to reject me, then extend your pinky."

On the pinky, the daisy ring would be the tail ring. On the middle finger, it would be the proposal ring.

Su Tingxue looked at him for a long time. In the end, her ears turned red and she raised her middle finger.

At that time, he really wanted to marry her and give her a home. But the next day, he saw the Spirit Restraining Parasite in the secret room, so he went down the wrong path.

Su Xuanye recalled what happened six hundred years ago. His desire to take revenge and destroy all the Beast Tamers in the world suddenly became less intense.

The sharp sword that was emitting golden light suddenly became dim and colorless.

Seeing that the sword had suddenly lost all its offensive power, Lin Jiansheng looked at Su Xuanye with pity in his eyes and said gently, "At that time, you were only a child. You were tricked by your father into eating that piece of meat. If you didn't know the truth, why would your mother blame you?"

When Su Xuanye heard this, he suddenly felt relieved.

Was what he couldn't forgive really the anguish of his mother being eaten?

No, he just couldn't get over the fact that he was also one of the culprits who had hurt his mother!

Rather than saying that Su Xuanye hated all the cultivators in the world, it was better to say that he hated himself.

"Su Xuanye, the person you really let down isn't your mother, but Su Tingxue, who once gave her heart to you but was framed by you in the end. But even Su Tingxue protected you until her death. She knew that you framed her, but in the face of the siege of the six families, she never said a word against you."

"Su Xuanye, you always think that the world is betraying you. Little do you know that the person who betrayed the world is you."

Su Xuanye looked up at the two familiar eyes on Lin Jiansheng's head again.

Gradually, his eyes were filled with tears.

"Mother, Mentor..." Su Xuanye suddenly knelt down.

In front of a Purifying Spirit God, even Su Xuanye could only be purified.

The moment he knelt down, black grievous energy was released from his body. The boundless grievous energy wasn't inferior to Kong Qing and Su Qianqian at all.

Seeing this scene, Yu Huang trembled slightly. She said, "Su Xuanye himself is the cursed person."

Sheng Xiao agreed with Yu Huang.

When the grievous energy in his body dissipated, Su Xuanye's gaze instantly became clear. He looked like a true Saint.

Su Xuanye suddenly lowered his head and shouted at Yu Huang, "Yu Huang! Remember, don't enter the Central Pagoda!"

With that said, Su Xuanye suddenly grabbed the dim sword beside him and stabbed it between his eyebrows!

The moment the longsword pierced through Su Xuanye's glabella, Su Xuanye's body instantly turned to ashes!

It was also at that moment that unfamiliar scenes suddenly flashed across Yu Huang's mind. They were the memories that the Host had lost—

The twelve-year-old Yu Huang took leave from the production team to participate in the first beast awakening ceremony of her life, but she failed.

At night, she locked herself in her room and brooded. However, she found a man in a white-haired purple shirt standing downstairs.

In the blink of an eye, the man appeared outside her room window.

Yu Huang widened her eyes in shock.

Chapter 497: How Good Would It Be If I Had Met You Eight Hundred Years Ago

She stared at the man for a long time before slowly opening the window out of curiosity.

Yu Huang stared at the man's handsome face and his compassionate eyes. She asked carefully, "Are you... a ghost?"

Su Xuanye smiled at her and said, "I'm a person." After a pause, Su Xuanye said, "We meet again, Yu Huang."

They met again.

However, Yu Huang couldn't remember when she had seen him before.

Su Xuanye took the initiative to explain. He said, "We met 12 years ago. Of course, you don't remember. Oh right, I even planted a curse called Spirit Restraining Parasite in your body. Since you didn't successfully awaken your beast form today, it's obvious that my curse has taken effect."

Yu Huang's eyes instantly widened when she heard this. She questioned him angrily, "My beast form awakening failed because of you!"

"Yes," Su Xuanye admitted straightforwardly.

Yu Huang wanted to scold him, but she realized that she couldn't open her mouth at all.

Su Xuanye reached out and touched Yu Huang's face. He enticed Yu Huang. "Good child, as long as you listen to me and do as I say, when the time is right, I will naturally help you resolve the curse in your body. At that time, you can become a Beast Tamer."

Yu Huang could speak again. She heard herself asking, "What do you want me to do?"

"I will give you resources to help you become a superstar, but you must help me plant the Spirit Restraining Parasite on those children!"

The Host agreed.

When the Host was seventeen, Su Xuanye asked the Host to plant the Spirit Restraining Parasite on Xuanyuan Jing, but the Host rejected him.

It was better to destroy a disobedient pawn.

Su Xuanye flicked the Host's glabella gently, extracted her soul, the Host died.

Su Xuanye lit a fire and disappeared from the room expressionlessly. However, he didn't expect that the destroyed pawn revived!

The next time they met, Yu Huang was already Lin Jiansheng's personal disciple. In just a few months, that disobedient pawn already became an initial-stage Level 2 Purifying Spirit Master. She had even successfully devoured the Butterfly Queen's power.

From that day onwards, Su Xuanye knew that Prime Master Yin Mingjue's daughter was destined to shine in the cultivation world!

Yu Huang silently processed this information before she had a realization.

It turned out that the person who set fire to the dormitory building of the variety show was Su Xuanye. No wonder even Professor Wei, the Healer of the Divine Realm Academy, was unable to repair the disfigurement on her face. The blood peacock's flames were a type of true fire. The disfigurement caused by true fire was something that ordinary energy couldn't repair.

No wonder Su Qianqian had once said that there was a big shot in the cultivation world behind the Host and that she had been helping that big shot.

Sheng Xiao suddenly held Yu Huang's hand. He said, "Did you know Su Xuanye before?" Obviously, Sheng Xiao had thought about the fact that she might have known Su Xuanye long ago from the details of Yu Huang's burns.

This bastard was really observant.

Yu Huang didn't hide it from Sheng Xiao. She nodded and said, "He planted the Spirit Restraining Parasite in my body. He used it to threaten Yu Huang before."

Sheng Xiao saw that Yu Huang's expression was a little gloomy. He squeezed Yu Huang's palm and comforted her. "That was the Host's evil deed, not yours."

However, Yu Huang said, "The reason they fell out was because of Xuanyuan Jing."

"Oh really?" Sheng Xiao asked curiously, "What do you mean?"

Yu Huang said, "Su Xuanye asked the Host to plant a Spirit Restraining Parasite on Xuanyuan Jing, but the Host rejected him. In a fit of anger, Su Xuanye killed the Host. So, the Host was killed while protecting Xuanyuan Jing."

Sheng Xiao's handsome face had a sulky look.

Yu Huang glanced at him sideways. She held back her laughter and said, "Those are all the original owner's deeds."

Sheng Xiao was speechless.

Although he knew that they were all the original owner's deeds, he still felt very angry.

However...

"What was Su Xuanye hinting at before he died?"

Yu Huang thought of the person she had seen in the Yin Clan's Saint Tomb. She snorted coldly and said, "There's a coward hidden in the Central Pagoda. You should have seen that ghost before, but you don't remember."

Sheng Xiao didn't remember what happened in the Central Pagoda.

Sheng Xiao narrowed his eyes and said thoughtfully, "It seems that I must have found out some secrets about that ghost. He was afraid and wanted to erase my memory. Tsk, you're right. He's indeed a coward."

Lin Jiansheng had successfully dealt with Su Xuanye by himself. He was somewhat smug, but he deliberately put on a straight face and pretended to be dignified as he said, "Everyone, we've been led by the nose by the Blood Peacock for so long. It's time to counterattack!"

"I've already found the Blood Peacock's nest. Let's go and destroy their nest together!"

"Alright! Destroy the Blood Peacock's nest!"

Hearing that, Sheng Lingfeng suddenly fired a signal into the sky.

The signal shot to a height of 30,000 meters in the deep sky. Suddenly, it exploded with a bang and turned into thousands of signal fireworks that landed on the continent.

After the elven royal family, the beastmen, and the cultivation families of the various continents saw the signal fireworks, they quickly gathered the top experts of their clans and sent them to the Divine Moon Empire's capital through the spatial teleportation stations between the various continents.

* *

In the underground palace.

Na Luo stared at Sheng Yang's sleeping face and gently fiddled with Sheng Yang's eyelashes.

Sheng Yang didn't react at all.

Sheng Yang had long been drugged by Na Luo. She would sleep for three days and three nights.

After three days and three nights, the battle would have ended.

Na Luo suddenly closed her legs and a gorgeous golden fishtail instantly replaced her legs.

Without batting an eye, Na Luo pulled out the dazzling golden fish scale in the middle of her abdomen and forcefully fused it with Sheng Yang's glabella.

Na Luo's rosy lips were pressed against Sheng Yang's ear. She spoke softly and sent her voice into the depths of Sheng Yang's soul. "Yang Yang, our paths are different. We can't be on the same side. I don't ask you to understand me, nor do I ask you to cast your lot with me. We've known each other for three years, but I've never used you. When I said that I like you, it was true. I also meant it when I said that I want to be with you."

After a pause, Na Luo continued, "The reason my ancient merman race can have the ability to continuously reincarnate is because we have a Divine Fish Scale. I will give you my Divine Fish Scale. After I leave, it will protect you in my place. With it, you will have a chance to reincarnate."

Similarly, Na Luo, who had lost the Divine Fish Scale, would also lose the ability to reincarnate.

If she died in battle this time, she would never be reborn.

Na Luo stood up to leave.

The sleeping Sheng Yang suddenly raised her hand and grabbed Na Luo's wrist.

Don't go!

Sheng Yang was asleep, but she was conscious.

Na Luo lowered her head and looked at Sheng Yang's sleeping face. Her eyes suddenly turned red.

Na Luo squatted by the bed and lowered her head to kiss the back of Sheng Yang's hand. She sobbed and muttered, "I really hope that I met you eight hundred years ago." At that time, she was kind-hearted and filled with expectations and fantasies about this world.

At that time, she was worthy of Sheng Yang.

Chapter 498: Fighting for Faith

Na Luo used some strength to pry Sheng Yang's fingers away from her wrist.

After placing Sheng Yang's finger under the blanket, Na Luo stood up. She glanced at the enchanting ancient merman in the mirror and slowly closed her eyes.

The moment she closed her eyes, her body began to change.

Her golden fishtail transformed into two muscular long legs, her slender waist turned into a flat and narrow waist, and her plump chest instantly became flat and muscular.

Na Luo's features became chiseled, and her eyebrows became bold.

When she opened her eyes again, her beautiful blue eyes were suddenly filled with a sharp glint. At this moment, Na Luo had completely transformed into a man.

Na Luo stared at the man in the mirror wearing the golden fish scale armor and couldn't help but fall into a daze.

Wasn't he much more handsome than Sheng Zhou?

But no matter how handsome he was, Sheng Yang didn't like him.

Na Luo shook her head and looked back at the sleeping Sheng Yang.

"Goodbye, Yang Yang."

With that, Na Luo walked out of the underground palace with her bare feet on the cold stone floor.

As soon as Su Xuanye died, the Beast Tamers who had been planted with the Blood Pact in his mind immediately sensed that the Blood Pact had disappeared.

"The Blood Pact has disappeared. Could it be that the honorable Peacock King... has already died?" The beast tamers who had submitted to Su Xuanye looked at each other and felt uneasy.

They were planning to achieve great things with the Peacock King. Now that the Peacock King had been killed, what would happen to them?

At that moment, they heard a bell ring.

In the entire underground palace, only the Prime Emperor would make such a sound when she walked.

Hearing the bell, everyone calmed down.

"The Prime Emperor is extremely powerful. She wiped out the entire Merman Clan alone. She will definitely lead us to defeat those sanctimonious hypocrites!"

"Even if the Peacock King falls, we still have the Prime Emperor!"

When they thought about how Prime Emperor Na Luo was still alive, this group of people who had been at a loss just now immediately felt assured.

The sound of the bell was getting closer.

Everyone turned to look at the entrance of the passageway and saw a tall figure walking over against the light of the underground palace.

The Prime Emperor had an enchanting and sexy figure, but this person's outline looked abnormally tall and mighty.

This wasn't their Prime Emperor.

However, when that person walked out from the shadows, everyone was stunned.

Although the person in front of them wasn't the Prime Emperor, he looked very similar to her. He had long blue curly hair and a face that was very similar to the Prime Emperor's, but he was a man.

This person...

Who was he?

A Night Elf who had long submitted to the Blood Peacock Organization walked to the unfamiliar man. He smelled a familiar aura of an expert from the unfamiliar man and instantly became shocked.

However, wasn't the Prime Emperor a woman?!

How did she become like this?

The man in front of him was about 1.9 meters tall. He was muscular and his eyes were cold as he exuded an innate murderous aura.

If he took off his pants, his male part would probably be bigger than all of theirs.

Such a person was Prime Emperor Na Luo?!

Not only did the Night Elf not believe that the man in front of him was Na Luo, but the others also didn't believe that this was real.

Na Luo nodded indifferently. "It's me."

He suddenly closed his eyes. In the next second, his straight and powerful legs turned into a dark golden fishtail in front of everyone.

As everyone knew, the dark golden fishtail was the color of an ancient merman's tail.

So, this handsome and noble man in front of them was really Prime Emperor Na Luo!

Some of the subordinates who had secretly admired Na Luo's beauty became dejected when they saw Na Luo transform into a man.

Na Luo and the others were currently in the center of the underground palace's training square. This was also the largest square in the underground palace and could accommodate ten thousand people at the same time.

Above the square, there was the administrative building of the emperor of the Divine Moon Empire.

Na Luo stared at the Beast Tamers gathered below her.

They came from all over the continent. Among them, there were Night Elves who were despised for their low status, humans who were discriminated against by their families because of their mediocre talent or low birth. Similarly, there were also some deformed beastmen.

They were all people who were discriminated against and mocked by their own kind.

And these people all treated the Blood Peacock as their home and Su Xuanye as their patriarch.

Back then, when Su Xuanye was creating the Death Curse, the reason why those Supreme Masters were willing to take the initiative to sacrifice was because they had the same ideals as Su Xuanye. They all hoped that there would be no more Beast Tamers in this world.

If there were no more Beast Tamers in the world, then everyone would be ordinary people.

Only when everyone's status was the same could everyone be equal.

It was precisely because they had the same ideals and ambition that they joined forces.

Were they bad people?

No.

But were they good people?

Not really.

They were all people from all walks of life who fought for their ideals.

Na Luo opened her palm. There was a soul lamp in her palm, and the soul lamp had already been extinguished. Na Luo told everyone, "The Peacock King has died."

Staring at the extinguished soul lamp, many people's eyes turned red.

"Everyone, Purifying Spirit Master Lin Jiansheng has already broken through to Level 10 and reached the level of a Purifying Spirit God. The Peacock King died in his hands. At this moment, the alliance has already gathered all the experts on the continent and is rushing towards Jingdu. The final battle is about to begin!"

"I have an irreconcilable feud with the Merman Clan. I killed the entire Merman Clan. There will definitely be a fierce battle between me and Prime Emperor Dino. Either he dies or I die. I have no way out, but you guys still have a way out."

"Everyone, now that the Blood Peacock has died, the Blood Pact effect he left in your minds has disappeared. You can choose to leave on your own or take the initiative to confess."

Hearing this, the Beast Tamers on the square summoned their beast forms at the same time. They roared loudly, "We are willing to advance and retreat with the Prime Emperor!"

The roars of nearly a thousand Beast Tamers gathered together might not be earth-shattering, but it still caused the ground to tremble.

The people on the ground realized that the ground was suddenly shaking. They thought that an earthquake had arrived and immediately found a safe area to escape in panic.

Divine Moon Empire's royal family.

The prince, Mo Yuelou, called and was reporting the situation to his brother.

"Brother, Dean Di of the Divine Realm Academy has already found the hiding place of the Blood Peacock Organization."

"Where is it?" Mo Yelou's eyes widened.

The Beast Tamer Alliance had been searching for them for as long as the Blood Peacock and the others had been hiding.

However, they seemed to have disappeared from the world.

So, where were they hiding?

Mo Yuelou gasped on the phone before saying with an ambivalent tone, "They are hidden in the underground palace two thousand meters under the Divine Moon Empire's royal family!"

Mo Yelou was speechless.

They had indeed disappeared from the face of the earth.

They had all gone underground.

Before Mo Yelou could process this news, he suddenly realized that the ground under his feet was trembling. Mo Yelou subconsciously raised his head and stared at the office table. He saw his fountain pen trembling on the table.

“Your Majesty, there seems to be an earthquake!” Mo Yelou’s personal bodyguard quickly ran in from outside and protected Mo Yelou while preparing to escape.

But Mo Yelou stared at the fountain pen and said, “This isn’t an earthquake.”

The vibration of the earthquake was different from this.

Mo Yelou stared at the floor under his feet and said thoughtfully, “Something is coming out from underground.”

Mo Yelou hadn’t hung up the phone. When he heard the commotion on his brother’s end, he immediately felt uneasy. “Brother, what happened?”

Mo Yelou took a deep breath and said, “I’m afraid they’re coming out.” Just as Mo Yelou finished speaking, he heard the sound of something collapsing.

Boom!

Mo Yelou hurriedly put down the phone and looked up in the direction of the voice. He could tell that the voice came from the Divination Tower, and his figure disappeared from the spot.

In the next second, Mo Yelou appeared in the Divination Tower.

The Divination Tower was the tallest building in the Divine Moon Empire’s royal family. It was also the most sacred ancient building in the hearts of the citizens of the Divine Moon Empire. However, this Divination Tower that had stood for hundreds of years in Jingdu had actually fallen!

Under the collapsed Divination Tower, a bottomless black hole appeared!

The Divination Tower had fallen!

This was an ominous sign!

When the bodyguards and guards who heard the commotion and ran over to investigate the situation saw the Divination Tower collapse, they were so frightened that their faces turned pale. They didn’t dare to look at Mo Yelou’s expression.

However, Mo Yelou didn’t have those superstitious thoughts. He only looked at the deep pit uneasily.

The words his brother had said on the phone rang in Mo Yelou’s mind again.

The Blood Peacock Organization was hidden under the Divine Moon Empire’s royal family!

Mo Yelou took a deep breath and suddenly turned around to shout at the guards behind him, “Run!”

“It’s dangerous! Everyone, evacuate as soon as possible!”

When he shouted, Mo Yelou had already summoned his beast form.

No guards had ever seen His Majesty's beast form. They didn't even know what kind of creature His Majesty's beast form was. However, today, they saw it.

Their noble, magnanimous, and kind emperor's beast form was actually a lobster!

The lobster's shell was very hard. Its entire body was red, as if it was wearing a red robe. Its golden pincers looked majestic.

However, lobsters were the most popular seafood delicacy in the hearts of the Divine Moon Empire's citizens. Therefore, when the guards saw that majestic lobster, there was only one thought in their minds—

They really, really wanted to eat it!

Whether it was eaten with steamed sauce or braised spicy barbecue, they were all delicious!

Everyone stared at the lobster in a daze. For a moment, they forgot to escape.

It was only when the delicious-looking lobster opened its mouth and spat out a wave that drowned the entire royal family that the guards realized that the lobster wasn't an ingredient in the supermarket, but the beast form of a Supreme Master!

Mo Yelou roared angrily. The flooded guards and servants were swept away by the seawater and appeared on the road outside the royal family in the blink of an eye.

At this moment, the aura of experts suddenly came from the black hole under the Divination Tower!

It was the aura of hundreds of experts!

Mo Yelou's pupils dilated. He suddenly shouted, "The Divine Moon Empire is in trouble. Please appear and save us!"

Mo Yelou's voice resounded throughout Jingdu City.

Jingdu University, in the professor's residential building.

An old professor in a fancy suit and a pair of silver-rimmed glasses quickly put down the chess piece in his hand and disappeared.

In the suburbs, in the Angel Orphanage.

An old lady was playing the piano for the children when she heard the emperor's cry for help. The old lady disappeared from the piano.

Jingdu's moat.

An old man in a straw hat and sandals was holding a broken boat and searching for the missing corpses. The next second, the fishing rod fell into the river, but the old man disappeared from the spot.

Trash disposal terminal.

An old man in a sanitation uniform had just poured the trash in the tricycle into the junkyard when he heard the emperor's call. He frowned and took off his sunhat. He turned into a scavenger fish and ran towards the capital's royal family.

As soon as Na Luo flew out of the Divination Tower, she saw a man in a custom-made suit and a crown standing on the fallen Divination Tower.

Na Luo recognized the man and a hint of disdain flashed across his eyes. Na Luo laughed mockingly and mocked him. "Your Majesty, you have to protect your crown!"

Mo Yelou frowned slightly.

Before reinforcements arrived, Mo Yelou was alone and helpless.

But he would never abandon his country and his people.

Mo Yelou reached out and took off the heavy and exquisite crown on his head.

The king of a country should not take off his crown under any circumstances.

But he took off his crown and picked up his sword.

Mo Yelou pointed his sharp sword at Na Luo. His gaze was calm and composed as he said, "If you want to hurt the citizens of the Divine Moon Empire, you have to step over my corpse!" There were clearly thousands of troops in front of him, but he didn't show any fear.

Na Luo's gaze flickered slightly as it gradually turned from disdain to respect and admiration.

"Alright, I'll fulfill your wish!" Na Luo swung her fishtail, and a dark golden spiritual whip instantly appeared in his hand. Na Luo held the whip in her hand and lashed it at Mo Yelou. As she swung her wrist, the wind howled and thunder rumbled.

The lightning attached to the long whip, and the dark golden whip immediately added traces of purple-black lightning power.

"Dragon Subduing Whip!"

Under the Dragon Subduing Whip, everything would be destroyed.

Whether you were a prodigy or a dragon, you couldn't escape!

The bloodline of a Divine Master flowed in the bodies of the ancient merfolk. They were innate powerhouses.

Na Luo's Dragon Subduing Whip possessed the destructive power of a Divine Master, and Mo Yelou was only a Beast Tamer with the cultivation of a Supreme Master. Even if he mobilized all his spiritual power, he wouldn't be able to withstand Na Luo's attack.

Pa!

The long whip struck the lobster.

With a series of crackling sounds, the lobster's hard back shell instantly shattered.

“Ah!”

Mo Yelou fell to the ground with serious injuries.

Seeing that Mo Yelou had lost his mobility, Na Luo stopped.

Sheng Yang had said before that Mo Yelou was a good king. Na Luo wouldn't hurt the most respected king of the Divine Moon Empire.

Na Luo turned around and flew towards the Prosperous Capital with the thousand plus Beast Tamers behind her.

At this moment, four majestic and powerful spiritual fluctuations came from four different directions in Jingdu.

Na Luo stopped in her tracks.

Behind him, the thousand plus Beast Tamers also sensed this energy fluctuation. “Grand Masters! There are actually four more Grand Masters with high cultivation levels hidden in Jingdu!”

The Holy Spirit Continent had more than three hundred countries. The Divine Moon Empire was one of the four great countries. It wasn't surprising that its capital had four Grand Master guardians.

In the blink of an eye, the four Grand Masters appeared in front of them.

The Grand Master standing to the north of Na Luo was wearing a three-piece suit and glasses. He didn't look like a Grand Master Beast Tamer with combat strength, but more like a professor.

The old woman in the west was wearing a silk dress with a beige suit jacket and a pearl brooch on her chest. Her graceful aura couldn't be concealed. She didn't look like a Beast Tamer, but more like a national artist.

The old man on the east side of Na Luo was the most out of place one. He was wearing a sanitation worker's uniform, a safety helmet on his head, and a pair of old canvas shoes. There was also a sweaty towel hanging around his neck.

Na Luo turned around and looked behind her. She saw an old man in sandals and a white vest standing behind her.

These were the four Grand Masters of the Divine Moon Empire.

One was a respected professor, one was a talented pianist, another was a sanitation worker who swept trash, and the last was a corpse hunter from the moat.

Among the four of them, it was obvious that the person who fished out corpses was the boss.

The old man took a step forward. He stared at Na Luo's handsome face and said bluntly, “Merman! Leave the Divine Moon Empire quickly. Otherwise, we will kill you!”

The mission of the guardians was to use their lives to protect the Divine Moon Empire.

If Na Luo was willing to leave, they wouldn't pester her.

Na Luo's goal wasn't the Divine Moon Empire, nor was it the Alliance. Her goal had always been the merfolk. Now, the merfolk only had Dino left. If she didn't kill Dino, Na Luo would never let it rest.

She was just that stubborn.

At that moment, Na Luo smelled Dino's aura. In that instant, Na Luo suddenly became menacing. "Dino!" Na Luo shouted towards the distant sky, "Dino, do you dare to fight me?!"

In the distance, Dino stopped in his tracks.

He lowered his head and looked down at the bustling cities below.

After a moment of silence, Dino nodded and said, "See you in the Broken Cliff!"

"Okay!"

Na Luo turned around and looked at the Beast Tamers behind her.

The Beast Tamers also looked at him.

"Everyone, good luck!"

With that, Na Luo tore through the space and ran towards Broken Cliff.

At the same time, Sheng Lingfeng brought the Grand State Master and the old dean to Jingdu City.

On the Blood Peacock Organization's side, there were a total of 1,060 Beast Tamers. Among them, there were four Grand Masters, 200 Supreme Masters, and most of the remaining were Masters and Scholars.

On the Alliance's side, there were three Prime Masters, a Purifying Spirit God, and a large number of Grand Masters and countless Supreme Masters.

The Blood Peacock Organization would definitely lose against the Alliance.

If they were sensible, they should obediently put down their weapons and surrender.

But...

Giving up without a fight was cowardice!

An ugly Night Elf walked out from the Blood Peacock team.

He had the same ugly appearance as all the Night Elves, but the difference was that he didn't have wings. His wings had been broken.

Upon seeing the Night Elf, Princess Daiya immediately covered her mouth in shock. She couldn't hide her shock as she shouted, "Third Brother!"

Princess Daiya was born into a noble family. Her father had six to seven wives. She was the eldest daughter with the most noble status, and the third brother in front of her was the illegitimate child her father had after a one-night stand with a Night Elf.

Her third brother was called Runo.

In the Purifying Spirit Language, Runo meant lowly and ugly.

It was obvious from the name Runo how much Daiya's father disliked this illegitimate child.

Daiya remembered that the day her third brother died was the day she got married.

The marriage between Daiya and the Elven Prince was the most joyous occasion for the elves. That day, many high-ranking officials and nobles came to Daiya's house.

Daiya's father despised how ugly Runo was, and his mother was a lowly Night Elf. He didn't want Runo and his mother to embarrass them, so he got a butler to lock them in the side building.

Although Runo's mother was born lowly and was a Night Elf, she was very beautiful.

Daiya's uncle, Arthurian, was a pervert. He had been coveting Runo's mother for a long time. While Daiya was busy with her marriage, no one paid attention to the poor mother and son in the side building. The drunk Arthurian sneaked into the side building, tied up Runo, and raped Runo's mother in front of him.

After the incident, Runo's mother was too ashamed to face her son and slammed her head against the stone wall of the side building.

Runo stared at his mother's bleeding forehead and those dead eyes. He was terrified. Runo glared at Arthurian with hatred. He wished he could kill him and tear him apart.

Arthurian hiccuped and pointed at Runo's ugly face. He said, "You Night Elves were born to be slaves. She should feel honored that I was willing to bang her!"

With that, he stumbled out of the building.

When there was the beating of gongs and drums in the front yard to celebrate the marriage of the eldest daughter, Runo could only hug his mother's corpse and howl in pain.

There was resentment in Runo's heart. He forcefully opened the window and flew out. The moment his eldest sister got into the pumpkin carriage, he also shot a poisonous arrow into his uncle's heart!

A lowly Night Elf had killed the Crown Princess' uncle. Runo's actions had angered the entire elven race.

On the night that Daiya and the Elven Prince consummated their marriage, Runo was also punished and tortured for killing a Light Elf.

They forcefully broke his wings and threw him into the darkest magic cave in the Light Sea.

The Magic Cave was where all the Night Elves were dumped after they died.

Runo laid in the demonic cave for an entire week. He was in pain and hungry. When Su Xuanye went to the demonic cave to purify spirits and met Runo, Runo had already become skin and bones due to hunger.

It was Su Xuanye who healed him, gave him food, and gave him a new life.

From then on, there was only one thought in Runo's mind—

He wanted there to be no more Beast Tamers in the world!

He wanted the Light Elves to no longer be so high and mighty!

He wanted the Night Elves to never be slaves again!

As soon as Daiya met Runo's stubborn gaze, she understood why he followed Su Xuanye.

Daiya advised Runo, "Runo, give up. You're outnumbered. You can't beat us."

Runo shook his head and said, "Sis, I know that a Night Elf like me can't topple the entire Light Elf race, nor can I change the lowly social status of the Night Elves. But the Peacock King told me that there was once a great man who said—a spark can start a prairie fire."

Runo's eyes were filled with determination. He said, "I know that I alone am not enough to ignite this grassland, but I am willing to be the first burning star!"

Someone had to stake everything on faith!

With that, Runo suddenly attacked Daiya!

His wings could no longer fly, but his legs could still run!

When Daiya saw this, a look of pity flashed across her eyes, but she still counterattacked immediately.

The pure white wings on Daiya's back suddenly spread out completely, as if an angel had descended. The broken-winged angel was like an ugly duckling in front of this holy angel.

However, the ugly duckling didn't pause or hesitate for even a moment.

Chapter 499: Ashes to Ashes

The pair of snow-white wings on Daiya's back fully extended, and her body was immediately lifted up. Her golden hair and dress fluttered in the breeze, making her look like a holy angel.

But this angel was filled with lethality.

Screech—

The wings were the most lethal part of the elves. Princess Daiya was a late-stage Grand Master. When she mobilized all her spiritual power, countless sharp bayonets appeared on her snow-white wings.

The bayonet was pure white, and all the blades were pointed at Runo.

Daiya shouted, "Runo! Stop! Otherwise, I can only attack!" Princess Daiya's relationship with Runo was average. Although she had never bullied Runo, she still looked down on the Night Elves.

For thousands of years, the Night Elves had been like annoying mosquitoes. They had always lived in the most barren, remote, and dirty areas. In the eyes of the noble Light Elves, the Night Elves were inferior. They were born to be slaves and bought and sold.

If Runo wasn't Daiya's brother, Daiya would have killed him long ago.

Runo was only an intermediate-stage Supreme Master.

Daiya completely released her energy. The pressure of a late-stage Grand Master made it difficult for Runo to move.

On the other hand, Runo, who had lost his wings, gritted his teeth and lowered his head as he ran towards Daiya with difficulty. Hearing Daiya's words, Runo growled, "Sis, I will never stop moving forward!"

If he stopped, how could he face his dead mother?!

How could he live with himself, who had suffered so much?!

"Stubborn!"

Daiya snorted and flapped her wings gently. Thousands of sharp spiritual energy bayonets were mercilessly stabbed into Runo's body and into his flesh.

In an instant, Runo was riddled with holes.

The bayonet disappeared into Runo's body. Hundreds of wounds appeared on his body, and blood flowed out.

They were born ugly and slow-witted, but they were living beings as well. They were all red! They were all warm!

Why should they be inferior?!

Why did they have to live like an ant?!

With his injury, Runo immediately fell down. It was difficult for him to take another step forward because his knee was pierced by a bayonet and he couldn't stand up at all.

Just as everyone thought that Runo was dead, his thin hands suddenly moved. Then, Runo pressed his palms on the ground and used the energy in his arms to drag his body forward!

A long trail of blood trailed on the ground. It was a shocking sight.

Donor, who was standing in front of the elven experts, watched this scene in a daze. His heart suddenly stirred. For the first time, he looked at a Night Elf with admiration.

Blood kept flowing out of Runo's mouth, but his eyes remained bright and determined.

Finally, Runo pinched the corner of Daiya's shirt.

In the end, Runo used all his remaining energy to prop his head up and bite Daiya's calf.

Daya winced and kicked Runo away.

Runo took the opportunity to pull the piece of flesh out of his mouth.

Daiya gasped in pain.

Runo was kicked to the ground by Daiya. He fell to the ground on his last breath and stared at the blue sky above him. He struggled to spit out the piece of flesh in his mouth.

Runo noticed that the handsome and noble Prince Donor was looking at him. He gave Donor a determined smile.

Donor heard Runo say, "One day, we Night Elves will also become the masters of the Light Sea!"

At that time, the children of the Night Elves would no longer have to watch their mother being bullied without being able to use legal weapons to seek justice for their mother!

With that, Runo died.

Staring at Runo's corpse, Yu Huang and the others pursed their lips.

At this moment, Yu Huang suddenly understood the meaning of the Blood Peacock Organization's existence. They were a group of stubborn people who were willing to shed their blood for faith.

Sheng Xiao held Yu Huang's hand silently.

Luno's actions agitated the other members of the Blood Peacock.

"Everyone, the Peacock King is dead, but our ideals will persevere! We want to be like Runo and fight for our faith!" In an instant, the members of the Blood Peacock Organization all released their beast forms.

"For faith!"

Sheng Lingfeng took a deep breath, closed his eyes, and said in a low voice, "Fight!"

Hearing Sheng Lingfeng's shout, the experts of the various clans summoned their beast forms.

Both sides charged at each other with their strongest auras. Sheng Lingfeng and Sheng Xiao were the first to bear the brunt and became the targets of the Blood Peacock members.

That was because Sheng Lingfeng was the president of the Alliance, and Sheng Xiao and his wife were the most talented among the young Beast Tamers.

It was as if by killing the three of them, the Blood Peacock Organization would really defeat the entire cultivation world.

As the Prime Master, Sheng Lingfeng didn't panic when faced with the siege of four Grand Masters. He dealt with them with ease. Moreover, he had the Grand State Master's help.

On the other hand, Sheng Xiao and Yu Huang were surrounded by more than a hundred Supreme Masters in an instant. His expression darkened.

"Ha!" Sheng Xiao's aura suddenly became murderous.

"Roar!"

Sheng Xiao roared. His body turned into Black Qing Sky Dragon.

Black Qing Sky Dragon bent down and stuck its head in front of Yu Huang. Yu Huang met the majestic dragon eyes and understood what Sheng Xiao meant. She immediately released her Vermillion Bird wings and jumped onto Sheng Xiao's head.

The huge dragon carried Yu Huang and roared as it charged into the clouds.

When they landed from the void, the person standing on the dragon's head was actually a black nine-tailed fox! That nine-tailed fox was exactly the same as the Grand State Master's nine-tailed fox, except that it was smaller.

The nine-tailed fox waved its nine tails, and thunder rumbled in the sky.

The black nine-tailed fox grabbed the lightning in the sky and transformed into Yu Huang again. Yu Huang held the terrifying lightning with one hand and roared angrily, "Nine Tails Appear! Heaven and Earth Collapse!"

Boom!

Yu Huang pulled the lightning down from the sky. Under her energy circulation, the lightning gathered into a ball of lightning.

Bang!

Yu Huang threw the lightning ball into the encirclement below.

The ball of light exploded, and the power of lightning spread in all directions, sending the group of Supreme Masters in the middle of the encirclement flying!

"Ah!"

"Roar!" The dragon raised its head and roared. Yu Huang understood Sheng Xiao's hint. She closed her eyes slowly and a transparent tear appeared on the circle.

Under the Tear of Samsara, the movements of the Supreme Masters suddenly slowed down.

At that moment, Sheng Xiao's body was separated from Black Qing Sky Dragon. He held the Dragon Sword that Black Qing Sky Dragon had transformed into in his hand. He quickly mobilized all his energy and used the thirty-eighth move of the Myriad Slash Technique.

"Sword of Chaos!"

The moment the Tear of Samsara disappeared, Sheng Xiao's attack followed. The Dragon Sword landed on the ground with a destructive aura. Wherever his sword aura passed, both Supreme Masters and Masters were sent flying.

The siege wall formed by the hundreds of powerhouses was broken by Sheng Xiao and Yu Huang!

Seeing that the Young Master and Young Madam had joined forces to break through the encirclement formed by the powerhouses, Sheng Zhou immediately brought Sheng Wuque and the others to Yu Huang's side and participated in the battle with them.

The battlefield was in chaos.

The citizens protected by the protective shield in the city below looked up at the epic battle in the sky and were all shocked speechless.

Was this a duel between the strong?

The world was sometimes dark and sometimes bright. Lightning flashed in the east, and the thunder bellowed in the west. The entire world seemed to have fallen into an apocalypse.

Some children were so frightened that they burst into tears. The adults suppressed their fear and hugged the children tightly. They comforted them. "Don't be afraid. Those bad people will be chased away soon." The commoners didn't know about the turmoil in the cultivation world and only thought that the Beast Tamers were fighting bad people.

However, they didn't know that this final battle hadn't thing to do with right or wrong.

They were all just fighting for their beliefs.

"Blazing Moon Art!"

Yu Huang released the sharp sword in her hand, and the Blazing Moon Art, which was fused with psychic power and spiritual power, whistled as it shot towards an early-stage Supreme Master Beast Tamer.

The Beast Tamer was shot by the Psychic Sword and his soul was severely injured. He immediately knelt down and hugged his head while howling in pain.

"One Sword Against The Sky!"

Under Sheng Xiao's attack, more than ten Supreme Masters lost their last bit of combat strength.

"Azure Water Song!"

Sheng Zhou's beast form was a large saber called the Azure Water Saber. When the Azure Water Saber fell, huge waves surged into the sky and wrapped around three to four Masters. The waves kept turning, and the opponents turned with the waves. When the waves stopped turning, the few Master experts had already been turned into corpses by the waves.

Donor flew into the sky with the Light Sword in his hand. With the protection of the Elven God of Light, his entire body emitted holy light.

Donor raised the Light Sword and his body shot into the sky, fusing with the light of the sun.

The energy of the Light God descended from the sky. The Night Elves immediately felt their movements slow down, and the energy in their bodies was also suppressed.

Donor took the opportunity to draw his sword and swing it. More than ten Master Dark Elves fell to the ground.

Under the lead of the young Beast Tamers led by Sheng Xiao, Yu Huang, and Donor, the Supreme Masters and Master Masters of the Blood Peacock Clan were quickly defeated.

Under the joint attack of Sheng Lingfeng and the Grand State Master, the four Grand Masters quickly fell.

In the end, only one female Grand Master was still holding on.

And this female Grand Master was fighting the Grand State Master.

For some reason, Mo Xiao felt the aura of a familiar person from this woman. This was also the reason why he didn't kill her.

Seeing that the Grand State Master had yet to end the battle, Di Ruofeng crossed his arms and teased him, "Grand State Master, what's wrong? Are you going easy on her? Can't bear to lay your hands on a beauty?"

Hearing this, everyone looked at the Grand State Master and the woman curiously.

The woman was the only female Grand Master in the Blood Peacock Organization. She was wearing a black dress and a black mask on her face. No one could see her true face.

After the battle began, the woman rushed towards the Grand State Master.

If Yin Rong was here, she would have already imagined a few romantic scenes.

The nine-tailed black fox flicked its tail and sent the woman flying.

The female cultivator's body flew backward and landed in the capital's royal family.

The female cultivator fell onto the Divination Tower and immediately vomited blood.

This female cultivator had fought with Mo Xiao for a few rounds and was already seriously injured. She just refused to admit defeat and kept holding on.

The nine-tailed black fox landed beside the Divination Tower and transformed into the Grand State Master.

The Grand State Master walked towards the woman.

When the woman saw the Grand State Master approaching, she subconsciously wanted to retreat. However, she fell from the Divination Tower.

Seeing this, the Grand State Master subconsciously reached out and grabbed her hand. He carried her back and placed her on the outer wall of the Divination Tower again.

The woman laid on the outer wall, her teary eyes filled with bitterness.

She looked at Mo Xiao with a condemning gaze, as if she was accusing Mo Xiao of being a jerk.

But Mo Xiao felt wronged.

He had never been a jerk to any woman in his life.

"Who are you?" The Grand State Master reached out to take off the woman's mask.

The woman suddenly shrank back and covered her mask with her hand. Her voice trembled as she said, "No, don't look at me."

Mo Xiao frowned.

This voice...

The Grand State Master thought of a possibility. His expression changed as he said in disbelief, "You are... Miss Zhong?"

The woman's body clearly stiffened.

Seeing this, Mo Xiao knew that he had guessed correctly.

Mo Xiao's expression instantly became complicated.

He had never been a scumbag in his life, but he had been screwed before.

Mo Xiao ignored the female cultivator's objections and took off her mask, instantly revealing a gorgeous face.

Mo Xiao had a deep impression of this face. It was so deep that he couldn't forget this person even in his nightmares every night.

The woman in front of him was called Zhong Qingling. She was the only woman who had slept with Mo Xiao.

That was seven hundred years ago.

Seven hundred years ago, Mo Xiao had gone to the Upper World to travel. He had gone to a continent called the Divination World.

On that continent, fortune-tellers were respected, and this woman called Zhong Qingling was the daughter of a divination family.

The men in the Divination World were generally very ordinary-looking, and Mo Xiao was publicly acknowledged to be handsome. His face was fair and handsome, and even Yu Huang was stunned when she first saw him.

Mo Xiao's appearance attracted a lot of attention in the Divination Continent.

In order to win over Mo Xiao, this woman called Zhong Qingling invited Mo Xiao to visit in the name of her family.

Mo Xiao was very interested in the Divination Continent. He wanted to make friends, so he dressed up and agreed to the banquet.

Unexpectedly, Zhong Qingling had an ulterior motive. She didn't fancy Mo Xiao's talent at all, but his body.

At the cocktail party, Zhong Qingling made Mo Xiao a glass of wine. Then...

Then she slept with him.

When Mo Xiao woke up, the room was filled with the Zhong family members, and Zhong Qingling was still sleeping in his arms.

The Zhong family forced Mo Xiao to marry Zhong Qingling on the grounds that Mo Xiao had stolen Zhong Qingling's virginity. However, Mo Xiao was a proud person. He had been set up, so how could he be willing to marry Zhong Qingling?

Mo Xiao resolutely rejected this suggestion.

The Zhong family thought that Mo Xiao was ungrateful and bullied Mo Xiao because he was from a poor small world, so they sent one Prime Emperor and two Prime Masters to pursue Mo Xiao in order to make him accept his fate.

However, Mo Xiao was very stubborn. He defeated one Prime Emperor and two Prime Masters by himself and finally left that world with injuries.

Ever since then, Mo Xiao had kept a distance from women, and he hated it the most when people praised him for being handsome.

He would punish whoever dared to praise him for being handsome.

Therefore, the experts of the Holy Spirit Continent knew Mo Xiao's taboo—

Never praise him for being handsome in front of him.

A few years ago, when Yu Huang followed Lin Jiansheng to Jingdu's Purifying Spirit Academy to visit Su Xuanye, she had accidentally seen the Grand State Master's face. At that time, she had softly lamented that the Grand State Master was so handsome, and was even warned by Lin Jiansheng.

It could be said that Zhong Qingling was the reason why Mo Xiao hated women.

Mo Xiao stared at Zhong Qingling in disgust and said, "When did you come to the Holy Spirit Continent?"

Zhong Qingling said, "Thirty years ago."

"Heh." Mo Xiao asked her again, "What deal did you make with Su Xuanye?"

He didn't believe that a woman like Zhong Qingling would submit to Su Xuanye. She must have her own reasons for staying in the Blood Peacock Organization.

Zhong Qingling bit her lip and was silent for a while. Then, she said guiltily, "He asked me to help him. When he completes his grand ambitions, he will reward me with you."

When he heard the word 'reward', the Grand State Master's eyebrows suddenly twitched.

He grabbed Zhong Qingling's throat and pressed hard with his fingers. Zhong Qingling's Adam's apple broke with a crack.

Zhong Qingling was dead.

However, the trauma she brought to Mo Xiao would never disappear.

The Grand State Master reached out and Lin Feng, who was waiting in the distance, immediately ran over and handed a wet tissue to Mo Xiao.

Lin Feng had overheard Mo Xiao and Zhong Qingling's conversation just now. At this moment, he didn't dare to look up at Mo Xiao, since he was afraid that his eyes would be dug out if he looked at his face.

Mo Xiao wiped his hands with a wet tissue and said, "Disinfectant!"

Lin Feng hurriedly took out the disinfectant from his bag and disinfected the hand that the Grand State Master had touched Zhong Qingling with.

After doing all of this, the Grand State Master said, "Throw this woman's corpse into the Time Valley!"

"Yes, Grand State Master."

Lin Feng carried Zhong Qingling's corpse without any complaints. He was somewhat impressed.

In this world, there were countless women who coveted the Grand State Master's body. More than 800 years ago, the number one beauty of the Divine Moon Empire, Caro Longsha, loved the Grand State Master wholeheartedly. But had the Grand State Master ever looked at her?

No matter what, Zhong Qingling was indeed an impressive person.

At least she slept with the Grand State Master.

He wondered what it felt like to sleep with the Grand State Master.

Just as this thought flashed across his mind, Lin Feng was shocked.

1

Damn!

What kind of dangerous thought was that?!

* *

Zhong Qingling's death also signaled the complete disintegration of the Blood Peacock Organization.

After the battle, the cultivation world lost a group of experts. Yu Huang and Sheng Xiao were injured, but their lives were not in danger.

Lin Jiansheng purified all the corpses. After that, he stared at the corpses all over the ground and said, "Find a place to bury them."

They deserved a burial place after they died.

Sheng Lingfeng agreed with Lin Jiansheng. "Okay."

Daiya's calf was still bleeding from a bite from Runo. The Healer was treating Daiya's injuries. Donor walked to Daiya's side and sat down. He asked, "Mother, are the Night Elves really lowly?"

Daiya tilted her head and glanced at her beloved son.

She knew that this child's heart had wavered.

Daiya shook her head. "They were born poor, so they were forced to be lowly." Humans were not born lowly. They were often forced into such conditions by poverty. Daiya asked Donor, "What do you want to do?"

Donor didn't answer Daiya's question directly. He only said, "A child witnessed his mother's rape and death with his own eyes. He couldn't ask anyone for help, let alone seek justice for his mother through legal means. If this happened to me, I think I would make the same choice as Uncle Runo."

Donor took his mother's hand and said, "Just as a mother is willing to give up her life for her child, a child is willing to give up everything for his mother. Mother, I think Uncle Runo is right."

Daiya's expression changed slightly.

Donor kissed the back of his mother's hand and said, "Most of the Night Elves are ugly, but like us, they have red blood and a beating heart. Perhaps it's time for us elves to reform. A hundred years ago, the human race abolished slavery. Isn't it good that human society is harmonious now?"

Donor would never forget that smile and those eyes before Runo died.

Although Runo was dead, his spirit would live on forever.

His spirit would definitely inspire more Night Elves.

They would stand up! Be masters of the Light Sea!

This wasn't only the faith of Runo, but also the faith of the entire Night Elve Clan.

"Mother, perhaps we should put down our prejudice against the Night Elves and given them human rights. At the very least, we have to treat them as a person, not an object or a slave."

Daiya looked at Donor and her gaze suddenly became gratified. "Donor, you have always been my pride. If you really think so, then do it. It's time for the Elve Clan to welcome some changes."

"Yes!"

After the battle, Sheng Xiao and Yu Huang went to the royal palace of the Divine Moon Empire.

The Grand State Master sat beside the collapsed Divination Tower and stared at it with a dejected gaze.

Seeing that the Grand State Master was in a bad mood, Yu Huang walked to the Grand State Master and comforted him. "Godfather, the tower has fallen. Let's rebuild it."

The Grand State Master reached out and touched the tower. He said, "It has accompanied me for so many years that I'm already attached to it. If I build it again, it won't be the original tower."

Yu Huang frowned slightly, not knowing how to comfort him.

At that moment, Ji Linyuan flew out of the underground palace with Yin Rong and Xiao Shu. Ji Linyuan was carrying a girl in his arms. The girl's eyes were closed, and it was obvious that she was unconscious.

It was Sheng Yang.

"Yang Yang!"

Sheng Xiao quickly walked to Ji Linyuan and took Sheng Yang from him. Yu Huang saw that Sheng Yang had disappeared for so long but hadn't lost weight. Instead, she had become plumper. She knew that Na Luo had never made Sheng Yang suffer.

Ji Linyuan told Yu Huang, "We searched the underground palace. There's no one below, only Sheng Yang."

Seeing that Sheng Xiao couldn't wake Sheng Yang up, Ji Linyuan told Sheng Xiao, "She must have been fed a calming medicine. She will be fine after a few days of sleep."

"Thank you, Senior." Sheng Xiao called Ji Linyuan 'Senior Brother' too.

Ji Linyuan was about to speak when he suddenly sensed two powerful energies erupting from the direction of the Cangyuan Empire.

The Grand State Master also raised his head and looked over. He carefully sensed the energy in that aura before saying, "The ancient merman's energy has weakened."

In other words, Na Luo was at a disadvantage.

* *

Broken Cliff.

The mountains around Broken Cliff were broken and the forest was destroyed. When the two of them fought, they cut the mountains into thousands of ravines.

Both Na Luo and Dino were seriously injured. Dino's left arm was cut off by Na Luo, and Na Luo's dark golden fishtail was cut off at the waist by Dino.

Half of Na Luo's body was thrown to the ground, and the pain made his expression ferocious.

Dino got up from the ground and staggered to Na Luo. He gritted his teeth and said, "Ancient merman, even if we let you down 800 years ago, you can vent your hatred and resentment on me. Why did you destroy 40,000 merfolk?!"

Dino would never forget the scene of Xixia Ocean being dyed red by blood.

Forty thousand people in the entire clan had died in Na Luo's hands. How could Dino tolerate this?!

Na Luo looked at Dino mockingly. "What? It's okay for you guys to attack me and eat my flesh and blood?! Yet it's heartless for me to kill your entire clan?"

"When we ancient merfolk love a person, we do so without reservation. If we hate a person, we have to eliminate their kind completely! If you merfolk anger me, you have to sacrifice the lives of your entire clan!"

The ancient merfolk had once followed the Divine Master to war. They had their own principles and pride.

Eight hundred years ago, the ancient merman wanted to kill Na Luo. Na Luo's pride didn't allow her to live on in degradation.

Eye for an eye, and tooth for a tooth was their creed in life.

Dino smiled bitterly.

If he had known that angering the ancient merman would bring disaster to the Merman Clan, he would never have gone to the Divine Sea to ambush the ancient merman.

1

However, the mistake had already been made and the clansmen had already been sacrificed. It was too late to contemplate what was right or wrong.

“In that case, go to hell!” Dino raised the halberd in his hand and stabbed Na Luo’s heart!

“Ah!”

The halberd pierced through Na Luo’s heart, and she screamed in pain.

Na Luo held the halberd, and her gaze became more and more unfocused.

Without the Divine Fish Scale, the souls of the ancient merfolk would dissipate after their hearts were pierced.

Na Luo’s male body suddenly changed. His face turned into an exquisite and beautiful girl’s face, and his body turned into a slender girl’s body. At this moment, Na Luo looked exactly the same as the day she first entered the Divine Realm Academy.

She was petite and kind, and her eyes looked charming when she smiled.

Ashes to ashes, dust to dust.

When she died, she finally lived the life she yearned for the most.

She was no longer the powerful and unfathomable ancient merman of the Divine Sea. She was only a young girl. She was the innocent girl who would accompany Sheng Yang on missions, fight together, and soak in the hot spring together.

...

The ancient merman was dead.

The last trace of a Divine Master in this world had disappeared.

It suddenly rained on the Holy Spirit Continent.

Under the rain, the blood was completely immersed in the soil. The bones were buried underground and turned into fertilizer to nourish everything on the continent.

Chapter 500: How Mushy

The peak battle between Prime Emperors had almost destroyed the entire Broken Cliff mountain range.

In the past, Broken Cliff was surrounded by mountains and the terrain was low. Thousands of years worth of resentment was trapped there and couldn't be freed. As the mountains near Broken Cliff were destroyed and the mountain collapsed, the resentment in Broken Cliff immediately spread into the world, like a pot of boiling water being lifted in an instant.

Resentment spread throughout the world.

This contained the resentment of a Prime Emperor.

Most of the grievous energy had their own consciousness. They surged between heaven and earth, using their grievous energy to wantonly destroy this world. The Cangyuan Empire, which was closest to the Broken Cliff, received the most damage.

The Cangyuan Empire was only a third the size of the Divine Moon Empire, and there were more than 20 million citizens living in the country. The resentment of the Broken Cliff filled the Cangyuan Empire, and the citizens were infected by this resentment and awakened the resentment in their hearts.

For a time, the Cangyuan Empire was in chaos.

Burning, killing, and looting could be seen everywhere.

Left with no choice, the Cangyuan Empire's Purifying Spirit Master branch could only request support from the headquarters of the Purifying Spirit Academy.

Lin Jiansheng had just finished purifying the Blood Peacock organization's members and had yet to take a sip of water to rest when he received Cangyuan Empire's request for help.

Lin Jiansheng shouted, "Ah Huang, follow me to Purify SpiritS!"

Yu Huang planned to accompany Sheng Xiao back to Yufu City and send Sheng Yang home to rest.

Hearing Lin Jiansheng's call, she stopped in her tracks and looked up at Sheng Xiao. "Go back first. I'll be back soon."

The world was in chaos. After the final battle, resentment filled this world. Purifying Spirit Masters would still be busy.

Sheng Xiao wouldn't stop Yu Huang from going to purifying spirits.

"Alright, call me in advance when you come back. I'll prepare hot water for you to take a good bath." These days, because of the Blood Peacock incident, everyone was tense and didn't have a good rest.

Taking a hot bath and resting for a few days was probably everyone's most urgent wish.

"Okay."

Yu Huang grabbed Sheng Xiao's neck and kissed his rosy lips. Then, she pinched his slightly red earlobe and hinted to him in a low voice, "Wait for me to come back."

Sheng Xiao raised his eyebrows. Yu Huang said, "Let's not get out of bed for three days."

Sheng Xiao's ears turned even redder, but his eyes were sparkling. He was looking forward to not getting out of bed for three days.

Yu Huang spread her Vermillion Bird wings and flew to Lin Jiansheng's side. Seeing that she was dawdling, Lin Jiansheng said, "It's not like you guys can't see each other anymore. Aren't you tired of being so mushy?"

Yu Huang chuckled. "Mentor, when you have a wife, you'll know."

Her mentor had never touched a woman in his life. When he found a wife, he might be even more mushy.

Lin Jiansheng snorted. "Wife?" He waved his hand and said, "I don't need that sort of thing."

"Oh, is that so?" Yu Huang suddenly took out a Spirit Nurturing Bottle from her interspatial ring. She shook the Nurturing Spirit Bottle and said, "I found Senior Su's soul. I thought that Senior Su had a chance of becoming your wife, so I saved her. Since you don't need a wife, I'll purify Senior Su and let her reincarnate."

With that, Yu Huang pretended to open the bottle stopper.

Before her fingers could touch the stopper, the Spirit Nurturing Bottle in her hand was quickly snatched away by Lin Jiansheng.

Lin Jiansheng carefully touched the Spirit Nurturing Bottle with both hands. He opened the bottle stopper and took a look inside. Seeing that it was indeed Su Tingxue's remnant soul inside, Lin Jiansheng hurriedly unscrewed the stopper and stuffed the bottle into his chest pocket.

Yu Huang saw it and asked him, "Why did you stuff it in your chest?"

Lin Jiansheng lied through his teeth. "To warm my chest."

Yu Huang was speechless.

Tsk tsk.

After all the powerful Purifying Spirit Masters in Jingdu were gathered, everyone passed through the spatial tunnel and went to Cang Lan Empire.

In Cang Lan Empire, everything was in chaos.

When Yu Huang and the others walked out of the spatial tunnel, they could sense the thick resentment in the air. When they raised their heads to look in the direction of the capital of the Cangyuan Empire, they could even see layers of thick black clouds pressing down on the sky of the capital.

But it wasn't a cloud. It was the resentment in Broken Cliff.

For ten thousand years, Broken Cliff had always been a place where corpses were dumped. The resentment there was immeasurable.

"Everyone, purifying the souls of the dead is a form of cultivation. I hope that everyone won't hold back and will show your true abilities!" After Lin Jiansheng finished speaking, he pulled Yu Huang and ran towards the place with the densest resentment.

Lin Jiansheng, who had become a Purifying Spirit God, had already become a master in the Purifying Spirit World. Everything he said was treated seriously.

Since the great god said that purifying the souls was a form of cultivation, he was definitely right.

With Lin Jiansheng taking the lead, the Purifying Spirit Operation quickly ended.

The resentment of the Cangyuan Empire was completely purified. Those who were affected by the resentment came back to their senses and recalled what they had done. They immediately hugged their heads and cried with regret.

After the operation ended, Yu Huang decided to go to the Broken Cliff to take a look. Lin Jiansheng thought of Kong Qing and went to the Broken Cliff with Yu Huang.

The grievous energy in the Broken Cliff had completely dissipated, and the grievous energy barrier that enveloped the basin had naturally disappeared. The Nightmare Spiders that were originally living on the grievous energy barrier were affected by Na Luo and Dino's shockwaves and all died.

Currently, the corpses of Nightmare Spiders and other demon beasts could be seen everywhere in Broken Cliff. Yu Huang even saw Kong Qing's favorite kind of python. The python's corpse was more than thirty meters long and half a meter thick. It looked very...

delicious.

Yu Huang, who loved snake meat, couldn't help but swallow hard.

Lin Jiansheng noticed Yu Huang swallowing and said, "It's said that the Divine Feather Phoenix Clan loves to eat reptiles the most, especially snakes. However, their favorite thing is dragons. Ah Huang, you have to control your beast form's nature and try not to touch snake meat. Snake meat might awaken your beast form's primitive memories."

At that time, she wouldn't think that Sheng Xiao was handsome. She would only think that he was delicious.

Yu Huang suddenly came back to her senses when she heard this.

She said, "I definitely won't eat it!"

Without the cover of the grievous energy barrier and grievous energy, the corpses in Broken Cliff also saw the light of day.

The entire basin was filled with corpses.

Corpses piled up into a mountain. It was a shocking sight.

Lin Jiansheng sighed and said, "Burn them."

Yu Huang nodded. "Alright."

Swish!

Xuan Yu was summoned by Yu Huang. It soared in the sky and flapped its wings frantically.

Clusters of Purifying Evil Phoenix Flame landed on the corpses and burned them to ashes before floating back to their hometown with the wind.

Yu Huang and Lin Jiansheng stood among the ashes that filled the sky. Yu Huang could clearly feel the remnant consciousness of those souls paying their respects to them.

Yu Huang and Lin Jiansheng continued walking forward, and then they met Na Luo.

The dead Na Luo no longer had the appearance of a man, nor did she have the appearance of a Prime Emperor. She had become as cute as when she first met Yu Huang.

“Why didn’t Na Luo reincarnate this time?” Didn’t they say that ancient merfolk could reincarnate indefinitely?

Lin Jiansheng stared at Na Luo’s abdomen and noticed that there was a fish scale missing. He said, “She pulled off her Divine Fish Scale.”

“Divine Fish Scale?”

Lin Jiansheng explained, “The Divine Fish Scale is the most precious thing to the ancient merfolk. I’ve read through the information. It’s said that there’s a most dazzling fish scale under the abdomen of the ancient merfolk. It’s a reward from the heavens. That fish scale contains the energy of a Divine Master, so the ancient merfolk and the others can always reincarnate indefinitely.”

“The Divine Fish Scale is a gift from the heavens. It can’t be taken away. Na Luo’s Divine Fish Scale is gone, so she must have pulled it out herself.”

After knowing the truth, Yu Huang was shocked. “Why did she do that?”

Lin Jiansheng narrowed his eyes and said thoughtfully, “Perhaps, she wants to be freed.”

Some people wanted to live, while others wanted to die. Everyone had their own goals.

Yu Huang thought about it and said, “I want to bring Na Luo’s skeleton back to the Divine Sea.”

“It’s up to you.”

Lin Jiansheng looked into the distance and said, “I want to visit Kong Qing’s house.”

“Okay.”

After parting with Yu Huang, Lin Jiansheng walked to the house where he had lived with Kong Qing.

Kong Qing’s precious sugar had long been packed away by him. There was only a stone bed, a stone stove, and a few stone stools in the cave.

Lin Jiansheng sat down on the stone bench that he often sat on. He lowered his head and looked at the small stone beside him. He recalled the scene of Kong Qing acting cute beside him in the past and couldn’t help but feel saddened.

Kong Qing must have reincarnated already.

Lin Jiansheng noticed a succulent plant growing in the soil beside the stove.

However, it wasn't meat. Instead, it was a lotus flower that had long been extinct on the continent and only grew under the corpses of Broken Cliff.

The lotus flower could nourish the soul. Kong Qing used to like picking this lotus flower the most to help Su Tingxue stabilize her soul.

Lin Jiansheng thought about it and carefully dug out the lotus flower. Then, he planted it on the hill outside the cave.

The ashes in Broken Cliff were the most suitable fertilizer for the lotus flower to grow. Perhaps in a few decades, the lotus flower would fill the entire Broken Cliff.

When the midsummer flowers bloomed, Broken Cliff would definitely be in full bloom.

At that time, the once terrifying Broken Cliff would become a famous herbal valley. It might even become a tourist attraction.

"Kong Qing, when you come back, Daddy will bring you to see the flowers."

Lin Jiansheng looked forward to that day.

* *

Yu Huang brought Na Luo's corpse into the Divine Sea. When they entered the water, Na Luo's sky-blue curly hair fluttered like seaweed.

She had her eyes slightly closed, as if she was asleep.

Yu Huang stared at Na Luo for a long time before gently letting go of her.

Na Luo's corpse slowly sank into the depths of the sea ditch. Yu Huang stared at her body, which was getting smaller and smaller, and her heart suddenly ached.

Goodbye, Na Luo.

After burying Na Luo, Yu Huang returned to Jingdu.

She returned to the Yin Clan first.

Under Ji Linyuan's management, everything was in order. There was no need for Yu Huang to worry too much. Yu Huang discussed some things with Ji Linyuan before returning to the Young Master's Mansion.

After knowing that Yu Huang had returned to the clan, Yin Rong and Xiao Shu ran to the Young Master's Mansion.

When they saw each other, Yin Rong said, "Patriarch, the battle is over. The Divine Realm Academy is about to start school."

Yu Huang was speechless.

Sigh, she had almost forgotten that she was still a student.

"When will school start?"

“The day after tomorrow.”

Yu Huang’s expression instantly became distressed.

School would start the day after tomorrow?

It seemed that the promise of not getting out of bed for three days could only be fulfilled some time in the future.

Xiao Shu said, “This time, the academy will hold a group arena competition to test the students’ strength again. Patriarch, you should be able to enter the top three of the expert rankings this time.”

Top three.

Yu Huang was very ambitious. Getting into the top three wasn’t her goal.

She licked her lips and said, “My goal isn’t to be in the top three.” Under Yin Rong and Xiao Shu’s confused gazes, Yu Huang said ambitiously, “Defeating Sheng Xiao is my ultimate goal.”

Yin Rong was speechless.

Xiao Shu looked at his watch and said, “It’s half past eight. Patriarch, rest early.” If she slept early, she could defeat Sheng Xiao in his dream.

Yu Huang clicked her tongue.

Why didn’t they believe her?

She pressed her hand to her forehead and said, “Go out. I’m going to sleep.”

Yin Rong and Xiao Shu hurriedly left the building.

After they left, Yu Huang asked the helper to prepare a shower for her. She sat in the living room and sent Sheng Xiao a message. “I’m at the Yin family.”

Sheng Xiao asked, “When did you come back? Are you coming home tonight?”

Yu Huang thought about it and decided to stay at the Yin Clan tonight.

Yu Huang said, “No, is Yang Yang awake?”

Sheng Xiao said, “She’s awake.”

At this moment, the helper walked to the living room and said to Yu Huang, “Patriarch, the bath water has been prepared for you.”

“Okay.”

Yu Huang put down her phone and walked into the bathroom. When she saw the bathtub full of milk, she was instantly stunned.
