Chapter 791: Substitute

Xuanyuan Chen couldn't believe that these words came from Liuli Luoluo.

A few days ago, Luoluo treated him with such affection. How did she become so unfamiliar in the blink of an eye?

"Luoluo." Xuanyuan Chen's eyes gradually turned red. He reached out to pull Liuli Luoluo's hand, but was mercilessly flung away by Liuli Luoluo. Xuanyuan Chen felt heartbroken, and he couldn't help but lower his head to glance at Madam Xuanyuan. He refused to give up and asked Liuli Luoluo for confirmation, "Luoluo, tell me, do you have some sort of difficulty? As long as you say that you have difficulties, I won't be angry. I'll just pretend that you didn't say these words. Even if I risk my life, I will fight to the end."

When she heard the hidden meaning in Xuanyuan Chen's words, a knowing smile appeared on Madam Xuanyuan's lips. She looked at Liuli Luoluo and said calmly, "That's right, Luoluo. Is there a misunderstanding between the two of you? If there's a misunderstanding, then let's talk it out. Don't say such words to hurt Xiao Chen. I think Xiao Chen is devoted to you."

Xuanyuan Chen originally suspected that Liuli Luoluo's attitude towards him had changed because she had been threatened by Madam Xuanyuan. However, after hearing Madam Xuanyuan's understanding words, Xuanyuan Chen felt that he was being petty.

He also stared at Liuli Luoluo expectantly. "Luoluo, did I do something wrong and make you angry?"

Liuli Luoluo said, "To be honest, I've never loved you."

Xuanyuan Chen was stunned and subconsciously explained, "Three months ago, you were the one who took the initiative to tell me that you wanted to end our friendship and become lovers." That day, Xuanyuan Chen's mind was filled with Liuli Luoluo. For the first time, he lost interest in cultivation.

Even now, when he recalled the scene of Liuli Luoluo confessing to him, Xuanyuan Chen still felt his heart race.

But Liuli Luoluo said that she had never loved him!

Since she had never loved him, why confess to him?

Liuli Luoluo actually said, "I've always had someone else in my heart. Xuanyuan Chen, do you know who that person is?"

Xuanyuan Chen widened his eyes. "You... you're talking about Sheng Xiao?"

Liuli Luoluo nodded and admitted frankly, "That's right. I've never forgotten Sheng Xiao. I still love him. Unfortunately, he doesn't care about me at all. Although the Liuli Clan cultivates the Free and Unfettered Dao, we can't do something immoral like coveting a married man and ruining someone's family. I heard that the best way to forget someone is to start another relationship. So..."

Liuli Luoluo stared at Xuanyuan Chen, who looked as if he had been struck by lightning. She said in embarrassment, "Xuanyuan Chen, you're just a substitute to transfer my feelings for Sheng Xiao to."

Substitute!

Xuanyuan Chen never expected Liuli Luoluo to treat him like this.

"Then... then why do you suddenly not want me as a substitute?" Xuanyuan Chen clenched the saber in his hand and gritted his teeth. He said forcefully, "Is it because I'm not a suitable substitute?"

Liuli Luoluo looked at the battlefield below and pointed at the battle stage with the words "Liuli Luoluo" on it. She said, "Do you see that? The people sitting under that stage are all people who want to marry me."

Xuanyuan Chen looked over and naturally saw the 103 competitors he had defeated.

Liuli Luoluo continued, "Most of them are descendants of noble families with extraordinary backgrounds. Although their cultivation and talent are not as outstanding as yours, they are not bad either. The person with the worst status among them is the successor of a fourth-rate family. The person with the highest status is the acting Patriarch of the Yin Clan, a Grand Master powerhouse."

"Since I want to find a substitute, why don't I find a substitute with a more powerful family background and abilities?"

Liuli Luoluo was so straightforward that Xuanyuan Chen couldn't find another excuse anymore.

"So, from the beginning to the end, you really never liked me?" Xuanyuan Chen looked at Liuli Luoluo in despair.

Liuli Luoluo shook her head calmly and said mercilessly, "Xuanyuan Chen, I've been your classmate for 12 years. If I really loved you, I would have fallen in love with you long ago. Why would I suddenly like you after Sheng Xiao got married?"

Xuanyuan Chen suddenly calmed down when he heard this.

He felt the cold temperature of the Crazy Demon Blade and stared at Liuli Luoluo's cold and aloof face. Suddenly, he roared with laughter. "Alright, since that's the case, then I, Xuanyuan Chen, wish you the best of luck in marrying a man. From now on, may you enjoy eternal glory and wealth!"

1

With that said, Xuanyuan Chen held his knife and jumped down from the watchtower. He dragged his seriously injured body and walked out of the battlefield firmly.

Three months of romance, regardless of whether it was sincere or not, was enough for him to repay with these injuries.

Liuli Luoluo's eyes flickered as she suddenly turned around and looked down at Xuanyuan Chen's back as he walked away. Her charming eyes were instantly filled with tears.

Liuli Nuonuo held the teacup and took a sip elegantly. She smiled and said, "Luoluo, you have to listen to me and walk forward. If you dare to take a step back..." Liuli Nuonuo glanced at Liuli Shao, who was

quietly standing behind her, and the beautiful elders behind her. Her lips curled into an evil smile." Then they will all die for you!"

Liuli Luoluo's body trembled slightly. She clenched her fists and gritted her teeth. "You're so despicable!"

Liuli Nuonuo shook her head and only smiled.

Seeing Ji Linyuan enter the battlefield, Liuli Nuonuo said, "Ji Linyuan is not a lustful person. This person's motives are not pure. You must not make any mistakes. If you ruin my plan... you will regret it."

Liuli Luoluo dug her fingernails into her flesh and said hatefully, "You'll die a horrible death."

"Hehe..."

* *

Ji Linyuan felt ashamed at the thought of standing in the arena and competing for a woman with a junior in front of everyone. He dawdled for a long time before entering the arena in the last few minutes.

When he arrived at the battlefield and heard that Xuanyuan Chen had left without a fight, he immediately heaved a sigh of relief.

After tidying up the collar of his windbreaker, Ji Linyuan walked onto the stage alone.

"Look! Mr. Ji Linyuan really came to participate in the marriage recruitment event!"

"This eldest disciple of the Liuli Clan is indeed charming. She even attracted Mr. Ji Lin."

"How old is Mr. Ji Lin? Why does he look more... mature than Patriarch Sheng?" The word mature had often become a term to tactfully evaluate a person's appearance.

Ji Linyuan was not like other Beast Tamers who blindly pursued handsome and young appearances. His appearance showed signs of natural aging. He looked like a mature and charming man in his forties. He looked even more like a gentleman when wearing a windbreaker.

This was Ji Linyuan's first time appearing in public. The moment he appeared, he won the hearts of many young girls.

Ji Linyuan cupped his fists at the 103 competitors below the stage. He was about to speak when he saw Yu Huang and Sheng Xiao coming to the battleground together. The two of them were sitting at the back of the audience. Yu Huang saw that Ji Linyuan had noticed her and quickly opened the banner with Sheng Xiao.

The banner said—

We wish Eldest Senior Brother success!

The corners of Ji Linyuan's mouth twitched. He secretly glared at Yu Huang before saying, "I'm Ji Linyuan. I've admired Ms. Liuli Luoluo for a long time and have specifically come to ask to marry her. If anyone else wants to challenge me, please come on stage!"

The competitors sitting below the stage were all between the ages of 28 and 40. Most of them were Masters and early-stage Supreme Masters. Xuanyuan Chen had the highest cultivation level among them.

As a Grand Master, Ji Linyuan was an existence that most people couldn't compare to. The moment Ji Linyuan went on stage, who dared to compete with him?

Even if all of them went on stage to attack Ji Linyuan, they wouldn't gain anything.

The group of youths cursed Ji Linyuan inside. This old man was so shameless. He was already so old, yet he still came to snatch their girl. How embarrassing!

Ji Linyuan waited for a few minutes. Seeing that the competitors below the stage had all lowered their heads, he smiled and said, "Since no one challenged me, I'm the final victor." With that said, Ji Linyuan nodded at Liuli Nuonuo, who was on the observation platform, and flew to pluck the big red flower at the top of the arena. He then put the big red flower on himself.

Bang!

The gong was sounded, and the steward shouted, "Grand Master Beast Tamer Ji Linyuan has successfully won and become Miss Liuli Luoluo's spouse! Miss Liuli Luoluo, please make your appearance!"

Ji Linyuan looked at the small building on the right and heard a joyous tune. Then, there was a series of gongs and drums. Liuli Luoluo, who was wearing a gorgeous red wedding dress and a veil, walked out of the small building accompanied by Liuli Shao.

When he saw that she was wearing a wedding dress, Ji Linyuan's expression changed slightly.

What, they were getting married right now?

Chapter 792: Who Isn't a Screenwriter?

Yu Huang was also shocked.

"Liuli Luoluo is wearing a wedding dress!" Yu Huang and Sheng Xiao looked at each other in disbelief. "Is Madam Xuanyuan going to let the winners marry the female disciples of the Liuli Clan in public?"

Sheng Xiao nodded with a strange expression. He looked at Ji Linyuan and said sympathetically, "Mr. Ji Linyuan must not have expected to get married today."

Yu Huang didn't expect this either.

Ji Linyuan didn't expect Liuli Nuonuo to put on such a show.

Who would have thought that Liuli Nuonuo would actually let the victor marry a female disciple of the Liuli Clan on the last day of the blind date meeting?

She was in such a hurry.

Seeing that Liuli Luoluo was actually wearing a red wedding dress, the officials started discussing.

At this moment, Liuli Nuonuo stood up and said loudly, "A few days ago, the death of my senior sister Liuli Xiangsi rang a warning bell for the Liuli Clan. Her death made me realize that the Carefree Dao was not the right path. Therefore, the Liuli Clan decided to abolish the Carefree Dao and return to the right path!"

"These 20 beautiful and outstanding female disciples are all good women. The disciples and I have seen the winners' brave performances in the past few days. Today, spring has returned to the land and hundreds of flowers are blooming. It's a good day. Taking advantage of this rare opportunity, I boldly invite everyone to witness the marriage of these 20 couples with me!"

Other than Ji Linyuan, the other winners all revealed happy expressions.

The 20 female disciples on the marriage rankings were all famous beauties of the Liuli Clan. Their goal in participating in the marriage recruitment event was to marry a beauty. Therefore, although they felt that Liuli Nuonuo's arrangements were a little too hasty, they were still happy.

The other men took off the red flowers hanging on their chests and prepared to hold the wedding ceremony with the female disciples of the Liuli Clan.

Liuli Luoluo and Ji Linyuan stood facing each other without interacting.

Liuli Luoluo saw that Ji Linyuan's expression was unreadable and that he refused to take off the red flower to hold her hand. She smiled and said, "Mr. Ji Lin, are you unwilling to marry me? In that case, let's make it clear in advance before we get married."

Ji Linyuan opened his mouth and was about to explain when Liuli Luoluo continued, "However, if you don't have any feelings for me, why did you come to participate in the marriage recruitment event?"

Ji Linyuan subconsciously said, "I..."

"Could it be that you like this kind of game where you steal the limelight and dump the innocent girl in public?" Liuli Luoluo's tone was aloof, but her words made Ji Linyuan sober up.

Ji Linyuan looked at her deeply and thought, "This woman is quite feisty."

Ji Linyuan wanted to leave, but since he had taken the red flower, he was Liuli Luoluo's match. If he abandoned Liuli Luoluo and left her there alone, he would undoubtedly be dumping Liuli Luoluo in public. This was an insult to any woman.

Ji Linyuan didn't want to hurt an innocent young girl like this.

He sighed and cursed Sheng Lingfeng countless times inside. Then, he took off the red flower and said to Liuli Luoluo with a smile, "I'm just frustrated that I didn't wear formal clothes today."

Liuli Luoluo gave him a deep look before reaching out to hold the red flower. Together with Ji Linyuan, she completed the wedding under tens of thousands of gazes.

A few minutes ago, Ji Linyuan was still single, but now, he was a married man.

After the wedding ceremony, Ji Linyuan looked up at Yu Huang and Sheng Xiao. Seeing Yu Huang's sympathetic expression, Ji Linyuan wanted to cry.

After the marriage, Liuli Luoluo got into the car with Ji Linyuan. Now, she was Ji Linyuan's wife and had to follow him back to the Yin Clan to live.

Yu Huang and Sheng Xiao quickly walked to the car.

"Eldest Senior Brother." Yu Huang called out to Ji Linyuan. Seeing Liuli Luoluo sitting beside Ji Linyuan, she was silent for a moment before calling out again, "...Sister-in-law."

Liuli Luoluo smiled and nodded. Then, she looked at Sheng Xiao and asked with a smile, "Young Master Sheng, we will be family from now on."

Sheng Xiao snorted. "You're really impressive."

Liuli Luoluo couldn't smile anymore. She didn't even dare to look Sheng Xiao in the eye. She lowered her head.

Yu Huang didn't expect her Eldest Senior Brother to become married today. She didn't even have the time to prepare a wedding gift.

Yu Huang extended her left hand to Sheng Xiao. Sheng Xiao cooperated and handed a property deed to Yu Huang. Yu Huang handed the property deed to Ji Linyuan and said with a forced smile, "Eldest Senior Brother, time was tight and we didn't have time to transfer the ownership. This new villa is a wedding gift from Brother Xiao and me. I wish you and Sister-in-law... a happy marriage." Yu Huang couldn't bring herself to say anything else.

After all, Ji Linyuan and Liuli Luoluo's union was not because of love.

The two of them were not even married for real.

Ji Linyuan glared at Sheng Xiao and said mysteriously, "Help me thank your father later."

Yu Huang didn't dare to speak. Sheng Xiao also looked guilty. They had all heard from Sheng Lingfeng that Ji Linyuan came to the blind date because of Sheng Lingfeng.

"Go back to school quickly. See you guys in three years."

"Okay."

After Ji Linyuan watched Yu Huang and Sheng Xiao leave, he said to the driver, "Go back to the Yin family."

The driver stepped on the accelerator and the car drove towards Eight Towers Mountain.

Ji Linyuan smelled the young woman's body fragrance and felt uncomfortable all over. He had nowhere to put his hands and feet. Liuli Luoluo said, "Hubby, I'm hungry. I want to eat."

Ji Linyuan was frightened by the word hubby.

He turned his head and stared at Liuli Luoluo's charming face. He said sternly, "Just call me... Brother Yuan."

Liuli Luoluo immediately called out gently, "Brother Yuan."

Ji Linyuan nodded with a complicated expression. "Let's eat after we return to the Yin Clan." After all, Liuli Luoluo was still wearing a wedding dress.

However, Liuli Luoluo pressed her hand on the back of Ji Linyuan's hand. She slowly approached Ji Linyuan like a demoness and pressed her red lips against his ear. She breathed into his ear and said softly, "I only want to eat you."

Ji Linyuan was so frightened that he had goosebumps.

The women of the Liuli Clan were indeed bold and unrestrained.

Ji Linyuan regretted attending the blind date meeting.

However, they had yet to figure out Madam Xuanyuan's conspiracy. Moreover, they were already married. Ji Linyuan could only bite the bullet and say to Liuli Luoluo, "Luoluo, I'm much older than you after all, so I'm not as open-minded as you young people. Although we're already married, we're not familiar with each other yet. I think feelings should be developed naturally. I want to nurture my feelings with you first before taking our relationship a step further."

Liuli Luoluo looked at him with a faint smile and asked in amusement, "Brother Yuan, don't you like me? If you don't like me, why did you come to my marriage recruitment event? Could it be that you have ulterior motives?"

Ji Linyuan immediately became vigilant.

He tilted his head and looked at Liuli Luoluo with a sad expression. "Luoluo, you won't believe me if I say that I like you very much. I didn't marry you because of love."

Liuli Luoluo blinked and cooperated with Ji Linyuan. She pretended to be curious and asked, "Then why?"

Ji Linyuan said in a low voice, "My first love looked very similar to you. So similar that when I first saw you, I thought I saw her."

Liuli Luoluo was speechless.

The substitute excuse?

"Oh really?" Liuli Luoluo clearly refused to believe it.

Ji Linyuan said, "Yes, when I was in the Upper World, I once lost my memory because of an injury. When I was hospitalized, I met a girl with cancer." When Ji Linyuan mentioned that girl, his gaze became gentle. He said, "She was very thin. Because of her illness, her hair had already fallen out, so she always wore a hat. But she loved to smile and play jigsaw puzzles. She was like a small sun that illuminated me, who was lost in the world."

Liuli Luoluo was stunned.

"What happened after that?"

Ji Linyuan smiled bitterly and shook his head. His eyes turned red. "She left very suddenly. She clearly agreed to play a new puzzle with me in the morning, but she died in the afternoon." Ji Linyuan suddenly took out a pendant hidden in his windbreaker.

It was a gray bottle pendant with a grayish-white star inside. Ji Linyuan told Liuli Luoluo, "I carry her ashes with me. I've been searching for her reincarnation." Ji Linyuan looked at Liuli Luoluo's beautiful face and lowered his eyes. "You look too similar to her."

"I wasn't sure if you were her reincarnation, but I couldn't bear to see you married to another man, so I participated in the marriage recruitment event." After Ji Linyuan finished speaking, he pursed his lips and revealed an ashamed and sorrowful expression.

Now, Liuli Luoluo really believed Ji Linyuan's words.

Chapter 793: Yu Huang Protecting Her Husband

The story could be made up, but his affectionate gaze was genuine.

Liuli Luoluo had grown up with Liuli Xiangsi. She knew what men were like. Most men couldn't resist the temptation of women. That was why Liuli Luoluo liked the stern and reserved Sheng Xiao.

To be honest, Liuli Luoluo loved Sheng Xiao's indifferent and aloof attitude towards her.

Therefore, Liuli Luoluo could tell if Ji Linyuan was lying or telling the truth.

Although she couldn't tell if Ji Linyuan was telling the truth, she could feel that his sorrow was real.

"I understand. We'll take it slow." Liuli Luoluo heaved a sigh of relief.

* *

After leaving the blind date venue, Yu Huang and Sheng Xiao rushed to the Jingdu airport and took the aircraft back to the Holy Spirit Academy with the other students. The second cabin of the aircraft was the dining and drinking area. When Yu Huang went to the dining room to eat, she met Xuanyuan Chen, who was drinking alone.

He sat beside the long table with his left hand holding the Crazy Demon Blade and his right hand holding a wine glass. His face was flushed.

People who flushed when they drank actually shouldn't drink.

Sheng Xiao walked over and snatched the wine from Xuanyuan Chen's hand. "You can't drink anymore." A drunk Beast Tamer was very destructive. A drunk Beast Tamer who had just been dumped would be even more terrifying when he went crazy.

Xuanyuan Chen was stunned when the wine glass was snatched away. Then, he slowly raised his head.

Xuanyuan Chen was furious when he saw Sheng Xiao's cold expression. "Are you here to laugh at me?" Xuanyuan Chen snatched the wine glass from Sheng Xiao's hand and smashed it on the table. He

shouted at Sheng Xiao with bloodshot eyes, "Are you here to see how funny it is that I was dumped by a woman you didn't want?"

Sheng Xiao didn't lower himself to the level of an alcoholic. He pulled Yu Huang away.

But at that moment, Xuanyuan Chen grabbed Sheng Xiao's sleeve and said to him indignantly, "She said that she treats me as your substitute, but I'm not even a qualified substitute."

Sheng Xiao looked down at Xuanyuan Chen's dejected expression and sneered. "I think you're more suitable to be a bootlicker."

Xuanyuan Chen fell silent and was momentarily speechless.

Sheng Xiao pried his fingers away and said, "Look at you. You don't look like a young Supreme Master at all. If I were Liuli Luoluo, I wouldn't even choose you as a substitute."

Xuanyuan Chen was devastated. "Senior Sheng, you're so sharp-tongued."

Yu Huang couldn't bear to listen anymore. She nudged Sheng Xiao's arm. Sheng Xiao raised his eyebrows. He didn't continue to criticize Xuanyuan Chen when he saw Yu Huang looking at him disapprovingly. Yu Huang walked to Xuanyuan Chen and sat down opposite him. She asked him, "Did you see Luoluo today?"

Xuanyuan Chen was already so drunk that he couldn't recognize her. He stared at Yu Huang's face for a moment before recognizing her. "It's you." When he thought about how Yu Huang was Ji Linyuan's junior and the patriarch of the Yin Clan, Xuanyuan Chen was enraged. He snorted coldly and said, "She despised me for being born into a poor family and despised me for being so far away from her, so she dumped me."

After a pause, Xuanyuan Chen sighed softly. "She dumped me."

Yu Huang could roughly guess how mean and hurtful Liuli Luoluo's words were and how proud and cold her expression was when she said these words to Xuanyuan Chen.

When Yu Huang thought about how Madam Xuanyuan was very likely to be the heavens, she suspected that Liuli Luoluo had been forced to say this. Yu Huang asked Xuanyuan Chen, "Are you sure those are Senior Luoluo's heartfelt words?" Although Yu Huang was not familiar with Liuli Luoluo, she understood her personality.

Although she cultivated the carefree path and was quite promiscuous, like her mentor, she was also an upright person. If she loved someone, she would love them wholeheartedly. If she didn't feel anything for someone, she wouldn't deliberately toy with their feelings. Yu Huang felt that if Liuli Luoluo didn't really love Xuanyuan Chen, it would be impossible for her to develop a relationship with him.

There was something fishy about this matter.

Xuanyuan Chen smiled bitterly and shook his head. He said, "I hope that she's lying even more than you guys do. I thought she had difficulties, so I asked her in person. She said that she never loved me from the beginning to the end. The reason she started a relationship with me was that she wanted to forget the person she couldn't get through a new relationship."

Xuanyuan Chen looked at Sheng Xiao with resentment.

Before Sheng Xiao could say anything, Yu Huang said, "You can't blame Brother Xiao for this. At least a hundred women in this world covet Brother Xiao. Is it his fault for being too charming? So, you don't have to glare at my man like this."

Sheng Xiao looked at Yu Huang in satisfaction.

Xuanyuan Chen felt even sadder when he heard that Yu Huang was protecting Sheng Xiao. "Women are so heartless." Xuanyuan Chen pressed his face against the cold knife and sighed drunkenly. "My knife is better."

Yu Huang tapped her fingers on the table and suddenly said, "Have you ever thought that Luoluo still loves you but has other difficulties?"

Xuanyuan Chen subconsciously shook his head and said, "Impossible." However, when he saw Yu Huang's extremely meaningful gaze that seemed to be hinting at a secret, his eyes suddenly widened. "You're saying..." Xuanyuan Chen thought of Ji Linyuan's character and thought of some fishy aspects.

Ji Linyuan was the acting Patriarch of the Yin Clan. He was already a Grand Master powerhouse at such a young age. If he wanted to find a young, beautiful, and rich female Beast Tamer, he could attract a group of eligible girls with a wave of his hand.

In Xuanyuan Chen's eyes, Liuli Luoluo was naturally a goddess. But to Ji Linyuan, Liuli Luoluo was just a young and beautiful girl.

Why should he compete with a group of young men for Liuli Luoluo?

Xuanyuan Chen took a deep look at Yu Huang. He suddenly stood up with his knife and said, "I'm already sober. Thank you for your concern." With that said, Xuanyuan Chen walked toward cabin 1 alone. He took large strides at a fast pace, and he no longer looked dispirited.

Yu Huang stared at Xuanyuan Chen's back and knew that he had thought it through.

Yu Huang rolled her eyes at Sheng Xiao. "Brother Xiao, you're quite charming."

Sheng Xiao didn't feel guilty. He said, "There are many women who admire me, but I only admire one. I know who is more charming."

Yu Huang felt pleased by Sheng Xiao's compliment. "Alright, take a nap. When we enter the Kunlun Mystic Realm tomorrow, you won't be able to sleep even if you want to."

"Yes."

When they arrived at the Holy Spirit Academy, it was already dark.

Yu Huang arrived at Di Ruofeng's office and saw that Di Ruofeng was arranging the files. He had placed the information of the students who had registered to participate in the Kunlun Mystic Realm in the same file bag. Seeing that Yu Huang had arrived, Di Ruofeng said, "A total of 120 students will participate in the mystic realm's training."

Chapter 794: Opening the Kunlun Mystic Realm (1)

Yu Huang raised her eyebrows and said, "Is this ratio more or less than you expected?"

Di Ruofeng said, "They're basically the same."

Yu Huang nodded. She grabbed the information bag and asked Di Ruofeng, "Can I take a look at this information?"

"According to the rules, of course not." Di Ruofeng blinked at Yu Huang. "But if you don't say it and I don't say it, who will know?"

Yu Huang pursed her lips and smiled. She said even more shamelessly, "Even if they know, what can they do to us? You're the principal."

Di Ruofeng smiled and said nothing.

Yu Huang opened the information bag and discovered that the number of human Beast Tamers and Elven Beast Tamers who participated in this training was the highest. There were very few Beast Clan students to begin with, and there were even fewer of them who chose to participate in the training. Trained by Lin Jiansheng, Yu Huang's memory was very good, and she already had a photographic memory. She only looked at the information once and remembered everyone's important information.

She closed the information and said to Di Ruofeng, "Dean, I want to talk to you about Estelle." This was also Yu Huang's motive for coming here.

Di Ruofeng revealed a surprised expression. "Estelle?" The appearance of the Night Elf flashed across his mind. Di Ruofeng asked curiously, "What about him?"

"It's like this. Estelle was ostracized and bullied by the Light Elves because of his race. Just two days ago, a Light Elf publicly falsely accused him of stealing."

Di Ruofeng had heard Pupu An mention this matter before, but he didn't take it to heart. When he heard Yu Huang mention this matter again tonight, Di Ruofeng realized that something was wrong. "Are you worried that after entering the Kunlun Mystic Realm, those Light Elves will bully Estelle?"

"Yes."

With the precedent of Ouyang Luo being bullied by his fellow disciples, Yu Huang was very worried that Estelle would also be bullied. "Even fellow disciples can kill each other in the Kunlun Mystic Realm, let alone the Night Elves and Light Elves, who already have racial conflicts."

"Grand Master, I think we should set an iron rule. We can't allow our alumni to kill each other in the Kunlun Mystic Realm. Anyone who kills each other, regardless of whether they can walk out of the Kunlun Mystic Realm alive in the end, will have their chance to participate in the Central Pagoda challenge and enter the Upper World revoked."

Yu Huang placed her hands on the table and looked straight at Di Ruofeng. She said, "Someone who can betray their classmates can also betray their hometown and continent."

Di Ruofeng pondered for a moment and nodded. "You're right. We didn't consider this matter properly. However, we don't know what you will experience inside the Kunlun Mystic Realm. Even if Estelle is bullied, we won't know unless he comes back alive."

Yu Huang said with a faint smile, "I don't believe that the academy didn't send someone to supervise and hide in the mystic realm."

Di Ruofeng immediately coughed and stroked his beard. He said sternly, "What nonsense are you talking about? This is a life-or-death experience. How can there be a supervisor?"

Yu Huang hurriedly patted her mouth. "I said something wrong."

The two of them looked at each other and smiled.

The next day, the 120 students who were going to participate in the Kunlun Mystic Realm's training arrived at the field on time. They were wearing new school uniforms custom-made for them by the academy. It was a suit made of moon-white fabric. Both men and women were wearing loose pants.

Yu Huang's long hair that reached her shoulders was tied into a high ponytail. The moon-white suit weakened her fierce and dignified aura a little. She looked much gentler, but the huge bow that automatically floated behind her showed her strength and dominance.

Sheng Xiao stood beside her. He placed the Dragon Sword vertically in front of him and placed his hands on it.

The couple stood together. It was obvious that they were not to be trifled with.

Prime Emperor Dino appeared on time and asked everyone again, "Are there any students who want to change their minds and quit the training event?! If there are, get out quickly!"

The field was silent.

The moment they signed the life and death contract, they prepared for the worst. No one gave up at the last moment.

"Very good!" Prime Emperor Dino swung the spacious sleeve on his arm, and an ancient mirror appeared with a whoosh and floated above everyone's heads. Prime Emperor Dino was the first to inject spiritual power into it. Then, Di Ruofeng and Pupu A injected spiritual power into the Kunlun Mystic Realm.

Activated by spiritual power, a gear-shaped spiritual body suddenly appeared around the ancient mirror. The gear drove the ancient mirror to spin.

At first, the ancient mirror spun very slowly before quickly starting to spin at a high speed.

As the ancient mirror turned, the mirror in the ancient mirror was suddenly opened from behind. In an instant, a gas so dense that it made one feel refreshed emerged from the ancient mirror. It should be the air in the Kunlun Mystic Realm.

A transparent staircase tunnel emerged from the ancient mirror and connected the field of the Holy Spirit Academy to the world in the ancient mirror.

The moment the staircase landed, Yu Huang and the others heard Prime Emperor Dino roar in a low voice, "Now, enter!"

Hearing this, Yu Huang and the others carried their weapons and stepped on the transparent stairs before charging into the Kunlun Ancient Mirror without hesitation. The 120 students quickly entered the ancient mirror. When they pressed the stairs and disappeared, the ancient mirror suddenly closed, and the gears around the ancient mirror quickly disappeared.

Before Dino could take it back, the ancient mirror disappeared.

It had disappeared from the world and would only appear again three years later.

During this period, even Prime Emperor Dino was unable to find the whereabouts of the ancient mirror and activate it.

The ancient mirror had disappeared. Even if there was a massacre in the ancient mirror, no one could open the ancient mirror to let them out.

Seeing that the ancient mirror had disappeared just like that, and that even Prime Emperor Dino was unable to find its traces, the group of people who had not participated in the mystic realm's training secretly heaved a sigh of relief.

* *

When they entered the ancient mirror world, Yu Huang and Sheng Xiao were clearly next to each other. However, after they entered the Kunlun Mystic Realm, they were pulled by an invisible force and separated. Sheng Xiao sensed that the force was controlling their whereabouts. He subconsciously wanted to break free from its control.

However, the Kunlun Mystic Realm was the world of the Divine Master of Slaughter. This power was also the remnant power of the Divine Master. Not to mention that Sheng Xiao was only a Grand Master, even Prime Emperor Dino couldn't resist his arrangements that easily.

Sheng Xiao realized that he couldn't escape from the other party's attack. He could only suppress his worries and take it easy. He followed the force and fell into a pitch-black world.

Chapter 795: Don't Have Feelings

During the process, he first felt a chaotic and sharp force mixed with countless shattered meteors hitting his skin mercilessly. He could only use his spiritual power to resist the ravaging force. Even so, gravel still hit his body. And every time, his bones broke.

After a while, the force weakened. Sheng Xiao felt a cold gas cutting his skin mercilessly. He kept falling.

Finally, the climate became warm, and he fell faster and faster.

He passed through the atmosphere and fell into a dim, unfamiliar world where the sun couldn't be seen.

Sheng Xiao landed on a huge tree. The tree's leaves were wider than his entire body, and he fell on a single leaf. The single leaf released a faint gray aura that gave off a lifeless feeling.

Sheng Xiao was about to heave a sigh of relief when he saw sharp black thorns appear at the edge of the leaf. There were countless thorns on the thorns. The leaf wrapped around Sheng Xiao. Sheng Xiao was caught off guard and his body was pierced.

He used his spiritual power to activate the beast heart, and a black aura erupted from the beast heart. He transformed into a dragon and broke through the sealed space.

The dragon clung to the ancient tree and looked down. Only then did it realize that the tree was covered in huge leaves, and every leaf had countless sharp thorns growing on it.

This Kunlun Mystic Realm was indeed dangerous. Even trees ate people.

Sheng Xiao looked up at the sky and realized that there were three moons hanging in the sky. The moon was not only releasing moonlight, but also light blue mist.

At this moment, the huge tree suddenly swayed without any wind.

Sheng Xiao was attracted by the commotion below. He looked down and saw groups of birds flying out of the branches. The birds looked like the Icy Night T-Rex.

There was actually a group of Icy Night T-Rexes living on this tree!

As soon as he entered the Kunlun Mystic Realm, Sheng Xiao realized that it was indeed a dangerous place. He returned to his human form and looked down at the blood on his body. He was worried about Yu Huang.

Even a Grand Master like him was injured so badly by the Kunlun Mystic Realm. He wondered if Yu Huang was fine.

Sheng Xiao looked down at his ring finger. Seeing that the marriage line was lit, he knew that Yu Huang's life was safe for the time being. Then, he looked around cautiously and looked towards the place where the marriage line was.

At that moment, Yu Huang was in a bad state, as Sheng Xiao had worried about.

Just like Sheng Xiao, Yu Huang was attacked by the meteorite and the cold air first. However, she was not as lucky as Sheng Xiao. Sheng Xiao landed on the ancient tree and was caught by the leaves. Yu Huang, on the other hand, was unlucky enough to fall into a bird's nest. Falling into the bird's nest was not the worst. The worst was that she happened to hit a bird egg that was about to break out of its shell.

It was a bird egg the size of a cow.

If the egg was already so big, there was no need to think about how big the mother who gave birth to this egg was.

Today happened to be the day the bird baby broke out of its shell. The bird baby's parents were guarding beside the bird's nest and watching the child carve the eggshell with anticipation. In bird language, the bird couple encouraged the baby to work hard and quickly break out of the eggshell so that the family could meet sooner.

The bird baby was also very hardworking. It used its sharp beak to peck at the eggshell that imprisoned it. It stuck its head out of the eggshell and before it could see its parents' faces clearly, a black shadow suddenly fell from the sky where the moon was.

Bang!

Yu Huang's back was facing the sky as her butt smashed onto the huge egg. She happened to hit the bird baby's head.

With a crack, the bird's neck broke.

"..."

The father and mother looked at the jinx falling from the sky. They froze for a moment before realizing that this jinx had landed on their child.

"Hiss!" The bird's mother opened its mouth and let out an incomparably strange roar. It suddenly spread its huge wings and bit Yu Huang's shoulder before forcefully throwing the groggy Yu Huang off the cliff.

When Yu Huang's shoulder was bitten, she instantly sobered up from the pain.

She realized that she was falling and quickly summoned a protective shield. When she landed, the protective shield happened to protect her body. Only then did Yu Huang escape death. Yu Huang sat on the ground covered in gravel and looked at the huge creature on the cliff in shock.

They were two incomparably huge birds.

Yu Huang thought that the Divine Feather Phoenix was big enough, but she didn't expect that there were actually ten strange birds the size of the Divine Feather Phoenix living in the Kunlun Mystic Realm! The birds had gray wings and faces that were shaped like an inverted triangle.

Realizing that the neck of the baby they had hatched for a few years had actually been broken by Yu Huang and it was already dead, the bird's mother suddenly lowered her head and looked at Yu Huang while letting out a strange roar.

Yu Huang ignored the wounds on her body and immediately summoned her phoenix wings to retreat.

As she retreated, her fiery red wings released powerful hot flames. The dark red flames instantly lit up the dark world. And after the two birds saw the flames, it was as if they had seen a red cloth bull. Their battle intent was instantly aroused, and they increased their speed as they surrounded Yu Huang.

"Hiss!" The two birds quickly caught up to Yu Huang and bit the phoenix wings on her back.

"Ah!" The two birds were screaming, and so was Yu Huang.

Yu Huang cried out in pain because her wings had been bitten, and the two birds' beaks had been burned by the Purifying Evil Phoenix Flame. The two birds hurriedly let go of Yu Huang's wings and stared at her burning wings with fear. Yu Huang's wings were injured, and she was unable to flap them at all. She could only land on the ground.

After discovering that the two birds were very afraid of fire, Yu Huang had an idea.

“Are you afraid of fire?” A sinister smile appeared on Yu Huang’s lips as she shouted in a low voice, “Xuan Yu!”

Xuan Yu, whose entire body was burning with the Purifying Evil Phoenix Flame, immediately appeared above Yu Huang’s head.

Yu Huang gave Xuan Yu an order in her mind, and Xuan Yu immediately transformed into the shape of a long arrow burning with flames. After her cultivation level reached the Supreme Master Realm, Yu Huang could already control her beast form to transform into any combat weapon form she wanted.

Yu Huang took off the Aofeng Bow on her back and held the Xuan Yu Arrow that was burning with flames. She placed the rocket on the bow and pulled the bow to the limit before shooting it at the bird’s mother.

A mother who was protective of her child was much more difficult to deal with than the father.

Only by killing the bird’s mother would Yu Huang have a chance to escape.

Therefore, Yu Huang decided to kill the mother first.

When the bird’s mother saw the terrifying rocket shooting towards her, she let out an angry roar. She didn’t intend to escape. Instead, without hesitation, she pulled the bird’s father beside her and pushed it in front of her. She used the bird’s father’s body to block the arrow.

The couple, who had been happily welcoming the birth of the baby just now, turned against each other.

When Yu Huang saw this scene, she was instantly dumbfounded.

Damn!

The birds in the Kunlun Mystic Realm were so heartless!

Chapter 796: Untitled

Although husband and wife usually looked out for themselves when disaster struck, this bird couple’s relationship was too superficial.

When Yu Huang saw that the bird’s mother had pulled the bird’s father over as a scapegoat without hesitation, she immediately had a bad feeling. Would a female bird that could even betray her spouse without hesitation let her off?

The dad’s heart was pierced by Yu Huang’s Xuan Yu Arrow, and its Monster Core was shattered. It died on the spot.

The bird’s mother released her claws, and the bird’s father’s heavy body smashed onto the gravel ground below like a huge rock. The bird’s mother only glanced at the bird’s father’s corpse before looking at Yu Huang with a ferocious expression.

It was clearly a pair of beast eyes, but Yu Huang could capture killing intent, hatred, and playfulness in the other party’s eyes.

It seemed to be mocking Yu Huang and expressing, "You didn't expect me to betray my partner, did you?"

Yu Huang's heart skipped a beat as she turned around and ran.

The bird's mother let out a shrill cry and swooped down from the sky like a gust of wind. It was like an eagle circling in the sky, and Yu Huang was like a little white rabbit running on the grassland. In the Kunlun Mystic Realm, the bird's mother was the controller of the battlefield.

"Swish!" The bird's mother suddenly opened her mouth and spat out a pile of extremely thick mucus at Yu Huang. What was even more magical was that that thing actually emitted a faint egg white fragrance, like... a swallow's nest.

As Yu Huang escaped, she thought to herself, "If I opened a bird's nest manufacturing factory here, I would definitely become rich. This mouthful can produce one to two pounds of top-grade bird's nest..."

"Blech!" Another vomiting sound came from behind.

Yu Huang turned around and saw that the mother bird had vomited out another pile of bird's nest. This time, the amount of bird's nest was so large that it actually enveloped Yu Huang. Yu Huang was stuck to the sticky liquid of the bird's nest, and she actually discovered that her body was unable to move at all.

This bird's nest was extremely sticky, and its effect was better than super glue.

Yu Huang was frozen on the spot and was unable to move.

She watched helplessly as the bird retracted its wings and landed in front of her from the sky. It approached her step by step. Its beast eyes were filled with killing intent. Yu Huang didn't doubt that it would skin her alive.

"Swish." The bird opened its mouth and planned to bite off Yu Huang's head.

It opened its huge beak, and only then did Yu Huang realize that this creature actually had teeth in its mouth. Those teeth were very sparse, but they were long and sharp, like iron nails. If her head was bitten by its sharp iron teeth, Yu Huang would definitely die!

Just as the bird was about to bite Yu Huang's head, Xuan Yu suddenly appeared above Yu Huang's head and flapped its burning wings as it pounced towards the giant bird. The giant bird had already seen the flames and flew back a large distance in fear. It cautiously sized up Xuan Yu and pondered over whether or not it could defeat it.

"Swish!" Xuan Yu circled in the air. As its wings flapped, it sprinkled a rain of flames that filled the sky. When the Purifying Evil Phoenix Flame landed on the bird's mother's body, the bird's mother's grayish-black wings were actually riddled with holes. It screamed in shock and flapped the flames on its body while running towards the distant river valley.

However, the Purifying Evil Phoenix Flame was unable to be drenched by ordinary rain at all. The bird jumped into the deep river and realized that the flames on its body had not been extinguished. It immediately went crazy.

It splashed in the water for a while before being burned to death by the Purifying Evil Phoenix Flame.

The bird was dead, but Yu Huang was still unable to break free from the restraints of the bird's nest silk. She was like a silkworm, quietly standing in the chaotic world, hoping that someone would appear in time to save her.

After being stuck for about five to six hours, Yu Huang discovered that the three light blue moons above her head had disappeared. However, after the moons disappeared, light finally descended on this land. However, Yu Huang discovered a shocking phenomenon, because there were actually three incomparably huge suns in the sky!

They hung in the sky and released heat into the Kunlun Mystic Realm. Yu Huang discovered that the sharp rocks on the ground suddenly moved.

A sharp-edged stone slowly stood up. Then, it extended six legs that were the same color as the stone and crawled forward horizontally to search for food. One after another, thousands of stone crabs quickly climbed up and moved towards the corpse of the distant bird's father.

At this moment, Yu Huang realized that the ground she thought was not the ground, but a group of stone crabs piled up. The reason why the stone crabs were all piled up here was that they were eating a dead bird.

After they finished eating the bird's corpse and discovered its father's corpse, they moved.

After the stone crabs all moved away, Yu Huang discovered that there was the skeleton of a bird in front of her. The flesh and blood of the bird had been eaten clean, and even the bone marrow in the bones had been sucked clean. Yu Huang turned her eyes to look ahead and saw that not long after, a quarter of the bird's father's corpse had been eaten by the stone crabs.

At this rate, it wouldn't be long before this bird was eaten clean.

The problem was, if there were no other corpses here to eat, after the stone crabs finished eating the bird, wouldn't she be next?

Yu Huang was unable to move. If the stone crabs really wanted to eat her, then she would only end up being eaten.

Yu Huang could accept having her throat slit, but she couldn't accept being eaten by thousands of stone crabs.

Yu Huang summoned Xuan Yu again and attempted to let Xuan Yu use the Purifying Evil Phoenix Flame to burn away the sticky liquid on her body. Xuan Yu did as it was told. However, when the Purifying Evil Phoenix Flame landed on her body, not only was the layer of sticky liquid around her body not burned away, but it also instantly became hot. The liquid that was stuck to her delicate body quickly tightened, suffocating Yu Huang so much that she almost passed out.

"Stop!" Yu Huang said to Xuan Yu in her mind.

Xuan Yu immediately folded its wings and landed in front of Yu Huang while looking at her anxiously.

Yu Huang watched helplessly as the bird's dad was eaten clean by the greedy and hungry stone crabs. She looked at the ugly stone crabs and suddenly thought of the hyenas on the African grassland. They were creatures that were always greedy and hungry.

She definitely couldn't be eaten by this group of detestable things!

Yu Huang suddenly released her psychic power and used it to sense the surrounding grass and trees. She wanted to try her luck and see if she could sense the existence of her schoolmates. Unfortunately, there was not a single student from the Holy Spirit Academy around her!

Yu Huang felt even more despair.

Was she really going to die here?

When the sun set, Yu Huang realized that the group of stone crabs suddenly stopped moving.

The sun was like a switch. When the sun rose, the stone crabs woke up and began to eat all day. When the sun set, the stone crabs disguised themselves as stones while lurking in the night.

Chapter 797: Untitled

Because of the stone crab's unique schedule, Yu Huang had another night to live.

However, she also understood that when dawn broke tomorrow, she would be eaten by the stone crabs.

She couldn't sit back and do nothing!

Yu Huang closed her eyes and activated her psychic power. Threads of psychic power spread out with her as the center. Her psychic power was now completely spread out and could already envelop the entire Jingdu City. Therefore, when the psychic power spread, the surrounding tens of kilometers were under Yu Huang's surveillance.

Yu Huang tried to sense her companions.

There were none in the east.

There were none in the west.

There were none in the north.

There were none in the south...

Oh no, there was one.

Through her psychic power, Yu Huang saw Xiao Shu. At this moment, Xiao Shu was actually sitting in a pile of corpses and blood while roasting demon beast meat!

The demon beast being roasted in his hand looked like a little pig, but if one looked carefully, it looked like a cat. In short, it must be a strange demon beast from the Kunlun Mystic Realm. Yu Huang wondered if it tasted delicious.

Yu Huang sensed that Xiao Shu was sprinkling cumin powder on the demon beast.

He actually brought cumin powder!

Xiao Shu sprinkled the cumin powder evenly on the delicious roasted demon beast meat. He seemed to have sensed something approaching and immediately raised his head to stare at the dark night. In the air, wisps of blood-red psychic energy that looked like tentacles suddenly appeared. The tentacles gently wrapped around Xiao Shu's wrist. Xiao Shu felt the pure and clean power contained in the tentacles and asked in a low voice, "Yu Huang?"

Thus, the second and third tentacles wrapped around Xiao Shu's wrist.

Xiao Shu asked thoughtfully, "Are you in trouble?"

One of the tentacles suddenly grabbed a tree branch and wrote something in front of Xiao Shu—

Yes.

Xiao Shu immediately stood up and was about to leave with the tentacles.

At this moment, the tentacle moved again.

Seeing that Yu Huang still had something to say, Xiao Shu stopped and lowered his head to look at the swaying tree branch. He saw the tree branch write: "Bring your roasted meat."

Xiao Shu was speechless.

He brought the demon beast meat and rushed towards the location where Yu Huang was trapped under the guidance of the psychic tentacles.

The two of them were very far apart, with more than 60 kilometers between them. When Xiao Shu rushed to the place where Yu Huang was trapped on his sword, the light of the three moons in the sky had already dimmed. The night was about to end, and the sun was about to rise.

Seeing Xiao Shu, who had arrived in time, Yu Huang was so touched that she wanted to make him her sworn brother.

When Xiao Shu saw Yu Huang, who was stuck to the ground and unable to move, he actually laughed gloatingly. "What kind of style is this?" Xiao Shu looked at Yu Huang, who only had her eyes exposed, and couldn't help but find it funny.

Yu Huang was unable to speak and could only make muffled sounds.

Seeing that Yu Huang was flustered and exasperated, Xiao Shu stopped teasing her. He said, "Is this thing very sticky?" Xiao Shu used a tree branch with roasted meat to poke the mucus on Yu Huang's body. In the end, the tree branch stuck to Yu Huang's body and couldn't be pulled off.

Xiao Shu clicked his tongue in surprise and smiled. "This is a good thing."

Yu Huang rolled her eyes.

Xiao Shu sized up Yu Huang's environment and actually said, "You're really unlucky to have landed in the Black Shark Bird's territory."

When Yu Huang learned that Xiao Shu actually knew the name of that bird and was familiar with the geographical location of this mystic realm, she couldn't help but feel puzzled.

How did Xiao Shu know about the Kunlun Mystic Realm?

Xiao Shu told Yu Huang, "The Black Shark Bird's mucus is almost impossible to remove unless..." Xiao Shu narrowed his eyes and looked at the tall mountain behind him. "Unless you catch another Black Shark Bird and use their blood to dissolve your glue."

"Wait for me. I'll go catch a Black Shark Bird for you now!" Without waiting for Yu Huang to speak, Xiao Shu flew up and towards the straight and steep mountain peak behind him. The mountain peak was the place where Yu Huang landed. On it, there was the place where the Black Shark Birds gave birth.

Yu Huang looked up and saw Xiao Shu standing steadily on the cliff. Yu Huang only saw Xiao Shu's right hand grab the air forcefully, and a handful of... rice appeared in his hand?

At this moment, it was night and light. Most of the Black Shark Birds were napping, and the little Black Shark Birds that had just broken out of their shells were gathered together to peck each other's feathers. Their parents were also at ease to let the children be alone. After all, the Black Shark Birds were the overlords of the north of the Kunlun Mystic Realm.

There were so many of them and they were huge. After all, they were famous for being cold and heartless.

Therefore, in the north, very few demon beasts dared to offend the Black Shark Birds.

Xiao Shu naturally wouldn't foolishly charge into the flock of Black Shark Birds to catch birds.

However, catching birds and fishing both relied on wisdom.

What did birds like to eat the most?

It was nothing more than insects and rice.

In the Kunlun Mystic Realm, insects were as big as bowls. These Black Shark Birds were tired of eating insects. If they occasionally saw precious rice, wouldn't they swarm over?

Xiao Shu called out to the group of young birds. When the young birds heard the commotion, they stopped pecking and turned to look at the cliff. When they saw Xiao Shu, their eyes widened and they stifled their noses to determine if Xiao Shu could be eaten or not.

Xiao Shu deliberately threw a small handful of rice at the young birds.

The young birds smelled the fragrance of the rice and immediately fought to eat it.

Although these birds were young, the young birds had huge bodies similar to those of water buffaloes. The amount of rice Xiao Shu scattered wasn't enough to satisfy their cravings. After eating the rice, they stared at Xiao Shu greedily.

This time, Xiao Shu took out a bag of rice. He sprinkled the bag of rice over an area of five to six meters in front of him. The group of young birds stared at Xiao Shu warily for a moment. After confirming that this person was weak and wouldn't pose a threat to them, they ran forward like hungry wolves. They lowered their heads as they pecked through the bag of rice and began to wolf it down.

A sinister smile appeared on Xiao Shu's lips. He suddenly flew forward and quickly and accurately grabbed the wings of a young bird. Before the other young birds could react, he carried the bird and jumped off the cliff. He flew in front of Yu Huang and cut the young bird's throat.

Hot blood splattered all over Yu Huang's body. The thick liquid that was tightly attached to her body instantly melted and fell like a piece of clothing.

Xiao Shu pulled Yu Huang's arm and flew away.

"We have to run quickly. If the mother find out that her child was killed, she will definitely chase after us and kill us."

Yu Huang nodded and hurriedly grabbed Xiao Shu's shoulder.

The two of them had just flown more than ten kilometers away when sharp cries of Black Shark Birds sounded behind them. The sharp sound waves entered Yu Huang's ears, causing her scalp to go numb.

Xiao Shu didn't dare to stop. He brought Yu Huang as he traveled south for more than twenty kilometers and passed by a relatively flat grassland before daring to land with her.

Chapter 798: Xiao Shu Is the Lord of all demons

Xiao Shu sat on the ground and panted heavily. He said, "Black Shark Birds are the only social creature in the Kunlun Mystic Realm, and they are famous for being cold and heartless. Female birds are respected and are responsible for hunting and fighting the enemy, while male birds are only responsible for warming beds and raising their children."

"And a female bird often has several male birds as partners."

"In the monster journal of the Kunlun Mystic Realm, the Black Shark Bird is known as the most difficult demon beast to deal with. Everyone is most afraid of landing in the territory of the Black Shark Bird because the moment you land, you will die." Xiao Shu saw that Yu Huang's lips were dry and covered in dead skin. He handed Yu Huang a bottle of mineral water and teased her with a smile. "You're lucky to have received the favor of the Kunlun Mystic Realm."

Yu Huang only smiled helplessly.

She drank all the water in the bottle and told Xiao Shu, "When I landed in the Kunlun Mystic Realm, I accidentally smashed a bird baby that was about to break out of its shell and was chased by its mother."

Xiao Shu shook his head when he heard this. "No wonder. Younglings are the most valued group among Black Shark Birds. Usually, if demon beasts hurt their young, they will suffer the revenge of the entire bird race." Xiao Shu gave Yu Huang a thumbs up. "As expected of you. You offended the entire Black Shark Bird group the moment you arrived."

Yu Huang looked at him with a faint smile and didn't answer.

Xiao Shu saw the deeper meaning behind Yu Huang's smile and gradually restrained his smile. He knew what Yu Huang was suspecting and didn't want to explain. He took out an extremely ancient map and handed it to Yu Huang.

Yu Huang took the map and flipped it open. She discovered that the map was drawn on an unfamiliar continent. Different plates were drawn with demon beasts of different races. Among them, on the plate closest to the north, there was a Black Shark Bird, a one-eyed wolf, and a demon beast that looked like a crocodile.

Yu Huang stared at the Black Shark Bird and looked at Xiao Shu in shock. "This is the map of the Kunlun Mystic Realm?"

Xiao Shu nodded. "That's right."

"The current Beast Tamers only know that the Kunlun Mystic Realm was a mystic realm used by the Kunlun Sect to test the successors back then. However, they don't know that ten thousand years ago, the Kunlun Mystic Realm was also used by the demon beasts to compete for the position of the Lord of all demons. At that time, among the demon beasts of the Holy Spirit Continent, whoever could defeat all the demon beasts in the Kunlun Mystic Realm would be respectfully called the Lord of all demons."

"The ancient map in your hand was drawn by the Lord of all demons ten thousand years ago. At that time, the demon beast race didn't have any words, so the drawing of this place was a little sloppy. However, this doesn't affect the viewing and use of it. After all, even after ten thousand years, the Kunlun Mystic Realm is still the same Kunlun Mystic Realm. At most, some demon beasts went extinct and some new demon beasts were born. However, the plate and the land didn't change that much."

Yu Huang stared at the childish drawings of demon beasts on the map and suddenly smiled. "Do you still draw as abstractly as you did back then?" Her words were equivalent to exposing Xiao Shu's true identity.

Long ago, on the night she dealt with Museido, Yu Huang had seen the flames on Xiao Shu's body and thought of the rumors of the Lord of All Demons' rebirth. She had doubts about Xiao Shu. And what he said tonight was indirectly revealing a message to Yu Huang—

He was someone from tens of thousands of years ago.

When Xiao Shu heard this, the smile on his lips froze.

He turned his head and stared at Yu Huang with a sharp gaze. His clear eyes suddenly turned red. Immediately after, Xiao Shu's handsome face gradually changed. In the blink of an eye, the man in front of Yu Huang turned into a majestic Fire Unicorn that was burning with flames.

The Fire Unicorn's intimidating aura spread throughout the entire Kunlun Mystic Realm. Sensing this domineering and scorching aura, the nearby demon beasts let out instinctive roars.

The Fire Unicorn saw that Yu Huang didn't run or even summon her beast form. She only sat there quietly and looked at him calmly. The Fire Unicorn suddenly asked, "Are you... not afraid of me?"

Yu Huang slowly stood up.

She strode towards the Fire Unicorn and pressed her hand on its shoulder.

When the Fire Unicorn's flames roasted Yu Huang's palm, the back of Yu Huang's palm also burned with the Purifying Evil Phoenix Flame. The two equally overbearing flames collided, and for a moment, they were evenly matched. Neither could burn the other. Yu Huang pressed down on the Fire Unicorn's shoulder and said in a low voice, "Why should I be afraid of my friend?"

The Fire Unicorn looked at Yu Huang without blinking.

Seeing that there wasn't any insincerity on Yu Huang's face, the flames on the Fire Unicorn's body gradually disappeared. The unicorn turned into a black unicorn again. Then, it turned into Xiao Shu.

Xiao Shu lowered his eyes and glanced at Yu Huang's hand on his shoulder. He chuckled and said, "Ten thousand years ago, there was also someone who placed her hand on my shoulder and told me that she wanted to be friends with me. I became friends with her and even fell in love with her. But do you know what happened to me in the end?"

Although Yu Huang didn't know who the 'him' Xiao Shu was talking about was, she knew the final outcome of the Lord of all demons. "Legend has it that the Lord of all demons took the initiative to dig out the Monster Core and gave it to Prime Master Goldfeather."

"Heh..." Xiao Shu shook his head and laughed. "Did the legend say that the reason the Lord of all demons was defeated was because Prime Master Goldfeather drugged him?"

Yu Huang's eyes widened slightly. "The person you mentioned just now is Prime Master Goldfeather?"

A hint of disgust flashed across Xiao Shu's eyes. He took Yu Feng's hand and said, "Yu Feng, I won't trust anyone's promise anymore. I only understood something after dying once."

Yu Huang looked at him speechlessly and didn't say anything.

Xiao Shu said, "Actions are more reliable than promises." Xiao Shu looked straight into Yu Feng's eyes and said, "If you really treat me as a friend, prove to me with your actions that I'm your real friend."

Yu Huang nodded. "That day will come."

Yu Huang raised the map in her hand and said, "Then lend me this map."

However, Xiao Shu shook his head and said, "No, this map is for Rong'er. If you want, you can copy my map and draw another one."

Yu Huang's smile was a little forced.

She had always liked to show off her love with Sheng Xiao. This time, Xiao Shu showed off in front of her. She felt envious and jealous. "Tsk, okay, okay. Of course, I have to give your woman your handwritten manuscript. I'll draw a copy." Yu Feng immediately took out some paper money and drew according to Xiao Shu's drawing.

When she returned the map to Xiao Shu, Yu Huang suddenly said, "You have other motives for entering the Kunlun Mystic Realm, right?" She didn't believe that Xiao Shu, the Lord of all demons, only wanted to visit the Kunlun Mystic Realm again.

Xiao Shu asked her, "Do you know why the Kunlun Mystic Realm is called the Kunlun Mystic Realm?"

Yu Huang thought about it and said, "Isn't it because of the Kunlun Sect?"

Xiao Shu shook his head. "The Kunlun Mystic Realm was called this ten thousand years ago."

Yu Huang shook her head and said, "Then why?"

Xiao Shu explained patiently, "Although the Kunlun Mystic Realm is a mystic realm, it is actually a star floating in the universe. The person who created this star was a Divine Master called Kunlun in ancient times. The Divine Master called Kunlun majored in the Dao of Slaughter. He was punished by the heavens for his heinous crime. After his soul dissipated, the Kunlun Mystic Realm he created became ownerless and floated aimlessly in the universe."

"The Holy Spirit Continent accidentally found a passageway to the Kunlun Mystic Realm, so we can enter this world. In fact, the location of the Kunlun Mystic Realm has been changing." Xiao Shu pointed at the sky and said, "Ten thousand years ago, there was only one sun in the sky of the Kunlun Mystic Realm and there was no moon. Now, there are three suns and three moons on it. This means that the Kunlun Mystic Realm has already drifted to another galaxy."

Yu Huang was stunned when she heard that.

The Earth she lived on in her previous life had always existed in the solar system. She didn't know that there was actually an independent world in the universe that could move freely.

"Then what's your goal?"

Xiao Shu smiled and said in a low voice, "If you successfully comprehend the Slaughter Dao of the Kunlun Divine Master and become in love with him, you can obtain the ownership of the Kunlun Mystic Realm and inherit the Slaughter Dao of the Kunlun Divine Master!"

At this point, Xiao Shu stared at Yu Huang and said with a fanatical expression, "For Beast Tamers who are unable to comprehend the power of the Divine Master and create the Divine Master World, accepting the inheritance of a fallen Divine Master is the only way to become a god! And I want to become a god!"

Become a god.

For demon beasts to be lucky enough to awaken their divine sense and become a divine demon before transforming into a human to cultivate again was already the deepest blessing from the heavens. And if they wanted to become gods, it was indeed extremely difficult.

Since ancient times, except for the clansmen of the Divine Beast Clan, almost no demon beast could comprehend the power of the Divine Master, possess the Divine Master's small world, and become a Divine Master.

Obtaining the inheritance of a fallen Divine Master was the only way for Xiao Shu to become a Divine Master.

Chapter 799: Untitled

After knowing Xiao Shu's true plan, Yu Huang nodded and patted Xiao Shu's shoulder. She said to him, "Then I wish you success as soon as possible. Remember to help me after you become a god."

Xiao Shu glanced at Yu Huang in surprise. "Don't you think my thoughts are wishful thinking?"

Yu Huang chuckled and said, "Back then, when I told the people around me that Sheng Xiao was my man, everyone thought that I was fantasizing. But in the end?" Yu Huang smiled and pointed at her ring finger. She said, "In the end, we got married and formed a marriage compact."

Xiao Shu smiled. "Alright, when I become a god, I'll help you."

Yu Huang nodded.

Seeing that the three suns had risen again, Yu Huang couldn't help but feel a lingering sense of fear. "I really have to thank you for today. If you weren't nearby, I would definitely have become food for the stone crabs."

"Stone crabs?" Xiao Shu frowned and thought for a while before saying, "You're talking about the parasitic crab?" Xiao Shu asked again, "Are you talking about a type of demon beast that looks like a small rock at night and will collectively move and devour food the moment the sun comes out?"

Yu Huang nodded. "Yes, you've seen the Black Shark Bird. Those parasitic crabs can eat an entire Black Shark Bird in a single day."

Xiao Shu nodded and said with some disdain, "Parasitic crabs are the most detestable creatures in the Kunlun Mystic Realm. They seem to be social animals, but they actually are not real demon beasts at all. What you see is only a clone formed by the parasitic crabs with demonic power. These creatures are very afraid of the moonlight because once their bodies are illuminated by the moonlight, they will turn into a pool of blood. Therefore, they have to live with rocks. After dark, they will hide in rocks to sleep. At dawn, they will collectively go out to find food."

"When they are completely full, they will return the way they came and return the demonic power they absorbed from the dead demon beasts to their main bodies. This kind of creature is greedy and can never be satisfied. The best way to deal with them is to poison their food."

Xiao Shu thought of a certain past and smiled very happily. He said, "I once threw a poisoned giant crocodile into the nest of a parasitic crab. Those little bastards swarmed up and quickly ate the giant crocodile clean. Because they were too stuffed and poisoned too deeply, their main bodies were poisoned to death as well."

Xiao Shu smiled and said, "I did the same thing that time and poisoned more than a thousand parasitic crabs to death. I thought this species had long become extinct. I didn't expect them to still be alive."

When Yu Huang heard Xiao Shu recall the past, she could roughly imagine what Xiao Shu was like in the past. He must have been a carefree and reckless person. To be able to deliberately poison parasitic crabs to death, the Lord of all demons was quite playful.

"How can I obtain the Kunlun Divine Master's inheritance?" Yu Huang was still curious about this question.

Xiao Shu made an exaggerated expression. “No way. You’ve already comprehended the power of the Divine Master, yet you still want to snatch the inheritance of the Kunlun Divine Master from me?” Xiao Shu deliberately bowed to Yu Huang and begged for mercy. “Please give us a piece of the cake. Don’t eat too much alone.”

Yu Huang was caught between laughter and tears. “I won’t snatch it from you. I’m just curious.”

Xiao Shu naturally knew that Yu Huang wouldn’t compete with him for the inheritance of the Kunlun Divine Master. Those who could rely on their talent to successfully comprehend the power of the Divine Master wouldn’t bother to snatch others’ things. Only demon beasts like them, who were destined to be unable to obtain the recognition of the heavens with their own strength, needed unconventional means.

“I didn’t understand the details. I’ve been in the Kunlun Mystic Realm for nearly a hundred years. I’ve tried many methods, but none of them worked. I can feel that there’s a force monitoring every intruder in the Kunlun Mystic Realm. I even guessed that it’s the remnant divine sense of the Kunlun Divine Master.”

Xiao Shu said calmly, “His divine sense is hidden in this secret space. He has been hiding for a long time, waiting to choose the successor he is most satisfied with. In order to obtain his recognition and attract his divine sense, I once started a massacre and hunted every type of demon beast in the Kunlun Mystic Realm. I sacrificed the blood of demon beasts, but the Kunlun Divine Master was still dissatisfied.”

When Yu Huang heard Xiao Shu’s description, it wasn’t difficult for her to guess how reckless Xiao Shu was at that time.

He dared to hunt all the demon beasts reared by others in their territory and sacrifice them in order to attract the attention of the Creator of this world.

To be able to have such an idea and boldly put it into practice was enough to prove that Xiao Shu was a stubborn lunatic.

“You want to awaken the divine sense of the Kunlun Divine Master by killing?”

Seeing that Yu Huang had immediately revealed her plan, Xiao Shu looked at her playfully. “To be able to understand me is enough to show that you’re also a lunatic.” Xiao Shu winked at Yu Huang and asked, “Does Professor Sheng know that you’re a lunatic at heart?”

Yu Huang smiled and remained silent.

Xiao Shu shrugged and said, “Yes, but I still failed.” Xiao Shu had always been indignant that he didn’t receive the recognition of the Kunlun Divine Master. “I want to try my luck again when the Kunlun Mystic Realm opens this time. Perhaps after ten thousand years, the Kunlun Divine Master’s preferences changed again?”

Yu Huang said, “It’s not impossible.”

“The Kunlun Divine Master is everywhere. The entire world is his incarnation. However, we can’t see him just because we want to. Only the appearance of a fated person will attract him.” Xiao Shu rolled up the old map and stood up. He stomped his feet and said to Yu Huang, “For the next three years, please work hard to survive. I have to go find Rong’er. Good luck.”

Xiao Shu inserted the map into his collar and strode away.

Yu Huang suddenly shouted at him, "Have you thought about how to tell Yin Rong about this?"

Xiao Shu stopped in his tracks.

His lips moved, and for a moment, he didn't know how to explain this.

In fact, not long after Xiao Shu regained his memory, he had the intention to confess his identity to Yin Rong. He dared to reveal his identity to Yu Huang, but he didn't dare to reveal it to Yin Rong. The more he cared about someone, the less he dared to say or do anything wrong.

He was afraid that his true identity would scare Yin Rong away.

Yin Rong was a treasure that he had painstakingly wooed. He couldn't bear to scare her away.

Seeing Xiao Shu's hesitant expression, Yu Huang knew how terrified he was.

It didn't matter if he was the Lord of all demons or the Master of the human world. In front of the girl one liked, one would be a coward.

Yu Huang told Xiao Shu what she was thinking. "Just say it. I think it's better for her to hear the truth from you than from others." If it were her, she would want to hear Sheng Xiao tell her the truth himself, not from others.

Chapter 800: Untitled

Xiao Shu thought that to be able to woo Sheng Xiao, Yu Huang must be an expert in relationships. What she said was definitely right. He asked her humbly, "Do you really think it's better to be frank? I'm just worried that once I confess, she will be afraid of my identity."

Yu Huang said, "If you scare her away, then chase her back. You, the Lord of all demons, can kill all the demon beasts in the entire Kunlun Mystic Realm, but you can't take down Yin Rong?"

Although this was the case, Xiao Shu said, "I wouldn't even blink if I drained the demon beast's blood. But if Yin Rong's finger was even the slightest bit scratched, I would feel heartbroken for a while. How can it be the same?"

Yu Huang smiled. "Since you like her so much, why don't you get married?"

Xiao Shu's eyes lit up as if he had a new idea. He cupped his fists at Yu Huang and left.

After Xiao Shu left, Yu Huang was alone again.

She looked down at the marriage line on her ring finger and saw that it was swaying. She knew that Sheng Xiao had been walking. Yu Huang walked towards the marriage line and planned to meet up with Sheng Xiao. When they met, she would tell him what she had seen and heard in the past two days.

Sheng Xiao wasn't doing well.

When he entered the Kunlun Mystic Realm, he fell into a cannibal forest. The leaves here could instantly grow sharp needles that could pierce through people. The weeds here could also instantly extend their slender tongues and break people's ankles in the blink of an eye. Even the insects that landed on those flowers and plants were poisonous.

Sheng Xiao avoided the Piranha Plant and the ferocious beasts, but he wasn't able to avoid the attack of a mosquito. The mosquito landed on Sheng Xiao's left eye and bit it. Sheng Xiao immediately felt poison flowing quickly through his eye muscles.

Sheng Xiao felt an intense itch. He couldn't help but scratch it with his hand. Then, his eye swelled to the size of a lantern.

Sheng Xiao's eyelids were so swollen that he couldn't see anything from his left eye.

He squeezed the mosquito's body to death. He hated that it had no bones. Otherwise, he would have pulled out its tendons and peeled its bones.

When it was almost dark the next day, Yu Huang arrived at a wide beach.

Yu Huang flew around the sea for two hours and discovered that the continent she was on was completely surrounded by the sea. Yu Huang took out the map and discovered that there was indeed such a sea on the map drawn by Xiao Shu ten thousand years ago. This sea was very wide and almost ran through the entire Kunlun Mystic Realm.

There were a total of five plates in the Kunlun Mystic Realm, and this sea happened to separate each plate into a separate sea.

Because there was no written language on the Holy Spirit Continent at that time, this sea naturally had no name. However, Xiao Shu drew a pair of bird-shaped shark fins on the sky above the sea.

Therefore, this strange-looking holy object was a creature that lived in the sea.

However, the strange thing was that not only did Xiao Shu draw the rabbit's appearance, but he also drew a... anatomy map for the rabbit.

He even marked two circles on the rabbit's heart and legs. He even drew a unicorn's mouth under the circle, and the unicorn was drooling at the rabbit.

Yu Huang stared at this strange painting and pondered for a long time before vaguely understanding what Xiao Shu wanted to convey.

He felt that the rabbit's heart and legs were the most delicious. They were so delicious that he drooled!

Yu Huang stared at the endless sea in front of her and swallowed hard. Something that the Lord of all demons, who had eaten all kinds of demon beast meat, craved must be very delicious...

Yu Huang spread her phoenix wings and flew up. She wanted to cross the deep sea to the other side of the sea because the marriage line pointed at the continent opposite the sea. However, when Yu Huang spread her wings and was about to leave, she realized that she couldn't fly above the sea!

Just as she flew to the shallow sea, she was pulled down by an inexplicable magnetic force.

She fell into the shallow sea and choked on a few mouthfuls of seawater. Just as she was about to open her eyes to see the shallow sea environment she was in, she saw a sea beast with two rabbit ears on its huge head and wings on its back swimming over from the deep sea. That creature was especially ugly. Countless tentacles extended from its mouth, and the tentacles moved along with it.

It floated extremely quickly and arrived behind Yu Huang in the blink of an eye.

As they got closer, Yu Huang realized that the sea rabbit wasn't as cute and harmless as Xiao Shu had drawn. It was very big! It appeared to be more than twenty meters tall, and its tentacles had many disgusting things that looked like tumors. Yu Huang was shocked by its ugly appearance and large body.

Just based on this thing's appearance, how could Xiao Shu bring himself to eat it?

The rabbit's tentacles whipped towards Yu Huang. Yu Huang saw that the tumors on the tentacles actually opened their mouths one after another, revealing rows of dense and sharp black teeth. The small mouths all opened and spat out black mud-like things at Yu Huang.

Instantly, the entire seawater became reeked of a stench.

Yu Huang almost fainted from the stench.

She hurriedly swam ashore. She swam so fast that she could have easily won the gold medal in the Olympic swimming competition.

Yu Huang successfully reached the shore. The sea rabbit could only squat in the shallow sea area and stare at Yu Huang with a pair of strange black eyes, as if telling Yu Huang, "You can escape once, but not forever."

Yu Huang and the sea rabbit looked at each other. Just as they were about to turn around, they saw a huge ancient fish swimming past the shallow sea area. The sea rabbit kicked the ground and instantly teleported more than 30 meters away. It used the tentacles in its mouth to wrap tightly around the fish.

Yu Huang only saw a ball of black mud rising, and the mud hid the bloody scene inside.

Two to three seconds later, Yu Huang saw a complete fish skeleton floating out of the black seawater.

In less than three seconds, the sea rabbit finished the big fish.

When the skeleton floated nearer, Yu Huang realized that the skeleton was actually longer than her.

It took the sea rabbit three seconds to eat the fish. It might only take two seconds to eat her.

Yu Huang climbed ashore in fear. She stood by the shore and was momentarily anxious. Behind her, there was the vast and boundless sea. In front of her was the territory occupied by the Black Shark Bird. She was in a dilemma. Was she screwed?

Yu Huang didn't give up. She tried to use her psychic power to contact Sheng Xiao on the other side of the coast. However, the mysterious power in the deep sea blocked Yu Huang's psychic power!

At that moment, Sheng Xiao arrived at the beach.

He noticed that the marriage line on his ring finger was getting brighter and brighter. He knew that Yu Huang must be very close to him. He subconsciously turned into a dragon to fly across the sea. However, he was pulled into the deep sea by some magnetic force in the sea. When he fell into the deep sea, Sheng Xiao was trapped by five huge sea rabbits.

Very few people knew that the number one genius, Sheng Xiao, wasn't only afraid of ghosts, but he also had a phobia of narrow spaces.

When he saw the densely packed sarcomas on the sea rabbit's mouth tentacles, he had goosebumps all over his body. He could have bitten a rabbit to death, but when he saw the rabbit's disgusting appearance, he couldn't bring himself to do it.

Sheng Xiao immediately released his strongest spiritual power and shattered the sea rabbits before returning to his original spot.

Sheng Xiao stood on the shore while drenched. He stared at the endless sea. He felt irritated when he thought about how Yu Huang was on the other side of the sea and he couldn't see her on this side.
