### Chapter 81: Sheng Xiao's Photo

"This is your pass. Take good care of it." Lin Jiansheng handed a document to Yu Huang. It was a dark red document with words written in Merman language that Yu Huang did not understand. This document resembled the Tibetan language that Yu Huang remembered.

Afraid of losing the document, Yu Huang stuffed it into the identification box in the storage device.

Three quarters of the area of Xixia Sea was sea area. If one wanted to go to Lou Lan Ancient Pavilion, they could only take a boat.

The ferry dock was next to the airport, so they could only walk there. Lin Jiansheng said to Yu Huang, "This is a barbaric place. Follow me closely."

"Okay."

On second thought, Lin Jiansheng thought about how Yu Huang was someone who had been to the Rakshasa Empire alone. This small commotion would not scare her. Lin Jiansheng continued, "Mermen orcs are more barbaric and have fiery tempers. They fight whenever they are unhappy. Don't be a busybody and don't watch too much. We have to hurry to the Lou Lan Ancient Pavilion. We can't waste time and don't cause trouble."

"Understood!"

Yu Huang carried her small backpack and followed Lin Jiansheng out of the airport.

When he was out on a long trip, Lin Jiansheng usually would not wear his Level 8 Purifying Spirit Master red robe. That would be too high-profile and would cause much inconvenience to his personal schedule.

He was wearing a white T-shirt and a black and white windbreaker. The belt was tight around his robe, giving him a gallant look.

Most Purifying Spirit Masters looked pure and noble. However, Lin Jiansheng did not look like a Purifying Spirit Master, but more like a criminal who had been released from a prison.

Most Purifying Spirit Masters looked pure and noble. However, Lin Jiansheng was a traitor. He did not look like a Purifying Spirit Master, but more like a criminal who had been released from a prison.

The pair attracted attention wherever they went.

Lin Jiansheng noticed the gazes of those people. He did not realize that there was anything wrong with his image. Instead, he blamed Yu Huang for being too thin. "Look at you. You're so thin that you're like a monkey. The wind can blow you away."

Lin Jiansheng grabbed Yu Huang's arm with one hand and easily lifted her up from the ground.

Lin Jiansheng frowned and clicked his tongue with a look of disdain. "From today onwards, I will prepare a physical training set for you. You look so fragile that it's quite pitiful. Only if you grow more muscles, others will be afraid of you when they see you."

Yu Huang imagined herself covered in muscles and was somewhat frightened. "Mentor, this is called being strong and thin. Although I'm thin, I'm strong."

However, Lin Jiansheng had already decided to train Yu Huang for physical fitness. No matter how Yu Huang argued, he pretended not to hear her.

Fortunately, they arrived at the ticketing hall at this moment. Lin Jiansheng forgot about this topic and brought Yu Huang to buy a ferry ticket.

Spirit stones were the common currency used in transactions in the Xixia Sea. It took a day to get from here to the Lou Lan Ancient Pavilion, and the ticket prices were different for different cabins. The first class cabin cost one hundred spirit stones, the second class cabin cost fifty spirit stones, and the cheapest lower class cabin only cost ten spirit stones.

Lin Jiansheng stared at the ticket price of the lower cabin and hesitated for a while before reluctantly buying two second-class passenger seats.

Yu Huang was somewhat puzzled when she realized that Lin Jiansheng had bought a second-class ticket. Logically speaking, with Lin Jiansheng's status, he would have to take the first class cabin when he went out.

"Mentor, why don't you buy a first-class ticket? I heard that there are free meals and outdoor observation platforms for first-class tickets. The night sky of the Xixia Ocean is very beautiful. It must be very beautiful to sail on the sea and look at the sea."

Lin Jiansheng explained, "I can take any form of transportation in the Divine Realm Continent for free, but after leaving the Divine Realm Continent, all expenses will have to be paid for by me." Therefore, he despised the fact that first class cabins were too expensive and not worth it. He could not bear to spend money.

"Besides, the sky is above your head. Isn't it the same no matter where you look at it from? Must you spend that money to look at it from first class?"

Yu Huang vaguely understood the real reason why Lin Jiansheng had been single all these years and did not marry. It must be because he was too stingy and no woman liked him.

The ferry left at 8 PM sharp.

The sky turned dark before six o'clock. After night fell, the sky was filled with stars. Yu Huang and Lin Jiansheng stood at the pier and admired the beautiful night sky.

Only when the ferry staff urged the passengers to upload did the master and disciple board the ship.

The moment she boarded the ship, Yu Huang discovered many young boys and girls sitting in the cabin. They all looked to be about 14 to 15 years old. Almost every child had one or more adults beside them.

From the looks of it, these were all young Beast Tamers who had just awakened their beast forms this year.

After taking a seat, Yu Huang asked Lin Jiansheng, "Mentor, why is the Lou Lan Ancient Pavilion only open to the public twice a year, and each time, it's only three days?"

"Because during these six days, the energy in the Time Valley

is relatively stable and safe. Someone once trespassed into the Time Valley during the period of the Lou Lan Ancient Pavilion's Passage Pavilion, but he died without even a strand of hair remaining."

"I see."

The trip was relatively boring. Yu Huang sat in her seat and read while the other children made friends. At 11 PM, this group of energetic youths started gambling in the lounge area of the cabin.

When Lin Jiansheng heard the shouting from behind, he could not bear to watch any longer when he saw that Yu Huang was focused on her studies.

Lin Jiansheng closed the college entrance examination scripture in front of Yu Huang. "Stop looking. They're all young people. Go and play too."

Yu Huang looked helpless. "Mentor, I have to hurry up and study. Otherwise, I won't be able to become the top scholar."

"With me, the top scorer in the country, as your mentor, are you afraid that you won't be able to become the top scorer?" Lin Jiansheng raised his thumb and pointed behind him. He moved closer to Yu Huang and said in a low voice, "They're all young people. You should take a gamble too."

Yu Huang shook her head solemnly and rejected him seriously. "No, it's every citizen's responsibility to stay away from illegal gambling and drugs."

Lin Jiansheng continued to urge her. "Go on! These are all little brats who have money but no place to spend it. Go and win some money back. On the way back, we can sit in the first class. I heard that the oyster barbeque in the first class is especially delicious. If you buy a first class ticket, you can eat until you're full for free."

Yu Huang was utterly convinced when she heard this.

She felt that she had acknowledged an unreliable mentor.

"Hurry up!"

Yu Huang could only stand up and walk towards the leisure area.

The coffee table and bar counter in the leisure area had been moved away to become an empty space. The energetic teenagers formed a circle in the empty space and were engaging in intense gambling.

Yu Huang squeezed into the crowd and realized that they weren't playing cards, nor were they rolling dice, nor were they fighting crickets. They were fighting in each other's beast form.

All the participants released their beast forms. Because there was no cultivation method to enhance them, these beast forms could only rely on their beast nature to attack.

All sorts of beast forms gathered together, each releasing a different beastly light. The dazzling scene made Yu Huang gasp in amazement.

Noticing Yu Huang, a beautiful young woman in a black dress raised her chin towards Yu Huang and asked, "Miss, do you want to participate?"

Before Yu Huang could speak, Lin Jiansheng, who had appeared behind her, spoke up for her. "Yes!"

Yu Huang was somewhat helpless. She turned around and said to Lin Jiansheng, "If I lose, I'll report your name and make you lose face."

"You won't."

Only then did Yu Huang ask the group of youths, "What's the bet?"

A young man with a human head and a snake tail nodded at Yu Huang and greeted her. He then replied, "Entertainment is the most important thing. No one wins or loses. However, the final victor will be able to get Supreme Master Sheng's personal portrait."

Yu Huang's mood instantly became complicated. She asked curiously, "Which Supreme Master Sheng?"

The girl in black blinked at Yu Huang playfully. She blushed and said, "Who else could it be? Sheng Xiao, the number one genius of Divine Realm Academy who just became a Supreme Master a few days ago!"

When Sheng Xiao was mentioned, the teenagers all looked invigorated.

Yu Huang narrowed her eyes. It was Sheng Xiao's personal photo?

How could his photo be in the hands of them?!

Yu Huang, who was originally disinterested in this gamble, immediately became motivated.

"Count me in!" Yu Huang extended her right hand, and immediately, a scorching red light appeared on her palm. The red light converged to form a small duck.

Upon seeing Yu Huang's beast form, the snake youth asked curiously, "Is your beast form a duck?"

It wasn't that they were blind, but the appearance of Divine Feather Phoenix when it was a child was far too deceptive.

Yu Huang didn't explain. Sometimes, hiding one's strength was also a way to protect oneself.

The little Phoenix stretched its back on Yu Huang's palm. When its wings flapped, a thin layer of fire surrounded the little Phoenix's body and burned.

Upon seeing this scene, alarm instantly appeared in the snake youth's eyes. "Why would your duck spit fire?" The flame was clearly very small, but its aura was very powerful and somewhat extraordinary.

Yu Huang vaguely explained, "My beast form is mixed with the Vermillion Bird's bloodline, so it can spit fire.."

## Chapter 82: Yu Huang: Sheng Xiao Doesn't Like Women (2)

"How powerful!" Vermillion Birds were considered to be the most powerful existence in the beast form of a bird. Yu Huang's beast form had the bloodline of Vermillion Bird, so it could be considered to be a middle-level beast form.

"Come, let us see the power of your beast form!"

Yu Huang stared at the little Phoenix and ordered it, "Little thing, go."

The little Phoenix turned around and looked at Yu Huang. Its eyes seemed to be filled with confusion. It stood motionless in Yu Huang's palm and looked a little silly.

Yu Huang immediately felt embarrassed.

What? Is it angry since she called it 'Little thing'?

When Lin Jiansheng saw this, he couldn't help but smile. He reminded Yu Huang from behind, "This is your beast form. You have to give your beast form a name."

Name?

Yu Huang stared at the little duck for a moment before saying, "Xuan Yu. Little thing, your name will be Xuan Yu from now on."

When Yu Huang said the name Xuan Yu, a red light suddenly shot out from the little phoenix's eyes and entered between Yu Huang's eyebrows into her Spiritual Abode.

It was an extremely weak energy. It would only become stronger after Yu Huang established an absolute rapport with it.

Yu Huang immediately sensed an even more intimate connection between her and the little Phoenix. She bent down and said to Xuan Yu, "Xuan Yu, go!"

Xuan Yu immediately spread his two small wings and jumped into the battlefield aggressively before joining the beastly chaotic battle.

Xuan Yu immediately spread his two small wings and jumped into the battlefield aggressively, joining the beastly chaotic battle.

1

However, what made Yu Huang feel the most conflicted was that the seemingly innocent and cute black-dressed young lady's beast form was a hideous Piranha Plant.

Xuan Yu stood in front of Yu Huang's toes and shook its feathers. It aimed at the most lively battle royale and spread its wings before charging into the center.

It spread its wings and ran with all its might. It even looked funny. However, when it entered the center of the circle, it easily knocked away the black panther and eagle that were biting at the center of the battlefield.

“Huh?” Seeing this scene, the youths focused their attention on Xuan Yu. “As expected of a beast that has been tainted by the characteristics of the Vermillion Bird. Its combat strength is really extraordinary.”

At this moment, Lin Jiansheng lowered his head and whispered into Yu Huang’s ear, “Try your best to sense your beast form and establish a spiritual connection between you and it. You can only be considered a scholar after you and your beast form successfully establish a spiritual connection.”

In fact, Lin Jiansheng didn’t actually want Yu Huang to gamble to earn money. He wanted to use this opportunity to train the soul chemistry between her and Xuan Yu.

Upon hearing Lin Jiansheng’s reminder, Yu Huang finally understood her teacher’s true intentions.

“I’ll try.” Yu Huang entered the Spiritual Abode and called Xuan Yu’s name. However, Xuan Yu was too weak. He had yet to gain consciousness, so he was unable to sense Yu Huang’s call.

Yu Huang decided to sit down cross-legged. She searched patiently in her Spiritual Sea. Once she searched, she felt as if she had forgotten about time and herself.

Lin Jiansheng saw that Yu Huang had easily entered a meditative state, so he did not disturb her.

Staring at the charging little Phoenix on the stage, Lin Jiansheng was somewhat looking forward to seeing how this little fellow would perform after the little Phoenix and Yu Huang successfully established a spiritual connection.

The beast forms on the stage were eliminated one after another. The eliminated beast forms directly disappeared from the stage, and their masters would suffer varying degrees of injuries.

The injured youths sat down cross-legged to regulate their breathing.

In next to no time, only four beast forms remained on the battlefield. They were Yu Huang’s Phoenix Xuan Yu, the snake youth’s black python, the black-dressed girl’s Piranha Plant, and a young man’s black panther.

One bird, one snake, one flower, one leopard.

Four completely different creatures stood at four different corners. Although they did not have consciousness, they could instinctively sense how powerful and terrifying the other party was.

At first, no one moved.

Suddenly, the ferocious Piranha Flower pounced at the petiteest little phoenix. The Piranha Flower opened its hideous mouth and attempted to bite off Xuan Yu’s head.

The little Phoenix’s fur stood on end. In an instant, endless red flames burned around its body and actually wrapped around the Piranha Flower.

The Piranha Flower bit Xuan Yu’s head and was blown into pieces instantly.

“Ah!”

The girl in black suddenly knelt down and spat a mouthful of blood on the ground.

Seeing this, the corners of Lin Jiansheng's lips curled up slightly. Those bystanders who had been waiting to see the little Phoenix lose revealed shocked gazes. "Is this little duck that fierce?"

"The flames on its body are a little strange..."

After Xuan Yu killed the Piranha Plant, he seemed to have been invigorated. All the feathers on its body rose up as it ran towards the black panther.

The bird and the leopard were entangled together, and for a time, it was difficult to determine the victor. After nearly a quarter of an hour of fierce battle, Xuan Yu successfully killed the black panther.

Instantly, only Xuan Yu and the black python were left.

The snake youth had already established a spiritual connection with his beast form. He stared at the little Phoenix warily and finally gave his beast form his first order for tonight—

"Twining Move!"

When it heard this, the black python that had been standing still on the spot suddenly jumped up. It jumped into the sky and used its tail to hook onto Xuan Yu's small body while wrapping it around its stomach.

Xuan Yu felt threatened and let out a strange cry. It sounded very painful.

At this moment, Yu Huang suddenly felt a trace of weak energy fluctuations within her Spiritual Abode. She quickly flew over and finally found Xuan Yu in her spiritual sea.

Xuan Yu's energy body was a weak red light. Yu Huang protected it at the center of her left hand and used her right hand to gently stroke its energy ball.

Under Yu Huang's comfort, the energy ball gradually returned to normal.

Yu Huang placed the energy ball on her forehead and muttered softly, "Hello, Xuan Yu. I'm Yu Huang, from Earth."

Xuan Yu could feel Yu Huang's closeness and trust. Its dazzling light gradually softened. It turned into stars and engraved them between Yu Huang's eyebrows.

Soul communication was completed!

Swish!

Yu Huang suddenly opened her eyes, and a red glow flashed within her hazel eyes. "Xuan Yu, peck its eye!"

In the next second, Xuan Yu, who was originally in a daze, suddenly became energetic. It raised its little head and bit the black python's right eye.

One of the black python's eyes was injured, and it hissed in pain as it loosened its grip on Xuan Yu.

Xuan Yu immediately jumped out of the black python's stomach.

Yu Huang gave it a second order. "Xuan Yu, peck its other eye!"

Xuan Yu spread its wings and flew up before landing on the black python's head.

At this moment, the snake youth hurriedly shouted, "Divine Dragon's Tail!"

The black python immediately swung its head and tail frantically. Xuan Yu swayed left and right on its head and almost fell down a few times.

However, Xuan Yu still remembered Yu Huang's orders. Its sharp claws sank into the black python's flesh. After it stabilized itself, it mercilessly injured the black python's second eye.

Then, without waiting for Yu Huang's order, it burned the massive black python.

"I admit defeat!" The snake youth saw that the situation was bad and hurriedly admitted defeat.

Yu Huang nodded and said to Xuan Yu, "Come back." Xuan Yu immediately transformed into a red light and vanished from Yu Huang's body.

The snake youth's face turned slightly pale. He cupped his hands at Yu Huang and said in a weak voice, "My skills are inferior to others, so I accept my loss."

"Thank you."

Yu Huang extended her right hand towards the snake youth and asked, "Where's the photo?"

The snake youth looked at the girl in the black dress. The girl pouted as if she was about to cry.

She had bought Sheng Xiao's photo at a high price. It was said that it was a picture taken by a student of Divine Realm Academy at the risk of being beaten by Sheng Xiao. There were only three photos.

These three photos were the only ones that showed Sheng Xiao.

The young lady treated Sheng Xiao as her idol. Naturally, she could not bear to give the photo to Yu Huang. "Miss, can we change the bet's conditions? I only have one photo."

A woman's tears were crocodile's tears. Who would believe in them?

Yu Huang was unmoved. She shook her head and said, "I admit defeat. Give it to me."

The black-dressed girl slowly took out the photos from her bag. She stroked the man's face lovingly and refused to give it to Yu Huang.

Yu Huang was unhappy when she saw the girl caressing Sheng Xiao's face.

Yu Huang snatched the photo from the girl's hand and quickly threw it into the storage device. Then, she said to the girl in the black dress, "Master Sheng doesn't like women. It's better to give up some inappropriate thoughts early on."

The young woman's mouth formed an O shape when she heard this, and the other young men and young women had expressions that looked as if they'd seen a ghost.

Chapter 83: Yu Huang, Money Grubber

After receiving the photos she wanted, Yu Huang returned to her seat.

Lin Jiansheng returned to his seat in satisfaction after seeing that Yu Huang had won. He did not know that his good disciple had slandered Sheng Xiao outside.

Yu Huang took out the booklet and realized that the photos were taken secretly. The person who took the photos might have been afraid that Sheng Xiao would find out. His hand shook when he took the photos, causing the first photo to have a double image.

In the photo, Sheng Xiao was wearing the dark green shirt that Yu Huang had seen him wearing the first time. He seemed to like this dark-colored shirt very much. It made him appear even colder and unapproachable. He seemed out of ordinary people's league.

Yu Huang flipped to the back. In the second photo, Sheng Xiao was wearing the uniform of Divine Realm Academy. There were six to seven alumni in the same uniform standing behind him.

They were in a wide ring. It seemed like they were participating in a friendly competition. Sheng Xiao, who was standing at the front, listened to the people behind him. He raised his chin slightly and revealed his slender and attractive neck outside the collar of his school uniform. The small black mole beside the collar bone was clearly visible.

Yu Huang pressed her finger on the small mole. It was unknown what she thought of, but her ears blushed silently.

1

Yu Huang did not dare to continue looking. She hurriedly closed it and continued to read and solve questions.

After sailing at sea for an entire day, the ferry finally reached the shore.

Lin Jiansheng stood up and called Yu Huang. "Let's go."

Yu Huang followed behind Lin Jiansheng and got off the boat.

The world of mermen was far away from heavy industry and high-tech technology. There was no electricity on the Lou Lan island, so the wealthy mermen used Night Pearls to light up the entire island.

Yu Huang stood on the deck. At a glance, there were Night Pearls emitting a dim light. She was somewhat shocked by the merman's extravagance.

Lin Jiansheng stared at the Night Pearls while his eyes darted around. It seemed like he wanted to steal a few of them in passing, but his morals restrained his actions.

After alighting from the ship, Yu Huang finally saw the legendary merfolk. Like Yu Huang, these merfolk were Beast Tamers who were heading to the Lou Lan Ancient Pavilion to search for cultivation techniques.

Mermen and the mermaids in television dramas were essentially the same type of creature. The males had a human body and a fish tail. He was tall and sturdy. The female merfolks had slender waists and voluptuous chests. They wore necklaces made of pearl seashells.

The merfolk tribe had more than six million people, and there were only fifty thousand beast tamers recorded. But these fifty thousand merfolk occupied the largest and most resourceful Xixia Sea.

Logically speaking, this shouldn't have happened.

However, the Holy Spirit Continent respected strength, and although the merfolk were few in number, because of their blood source, they were innately suitable for cultivation, and their cultivation speed was far faster than other types.

They did not have many Beast Tamers, but their overall strength was very strong. Currently, there were only three Prime Masters in the world, and one of them was a merman.

Among the non-human races, Mermans had the highest status. The elves and beastmen had to stand aside.

Mermen did not have legs like humans. When they reached the ground, they could not walk and could only glide through the air with their beast energy.

Lou Lan island was the largest island in the Xixia Sea. Without a car, most people could only walk. Yu Huang blended into the crowd and climbed to the top of the mountain. Suddenly, they heard a rumble in the sky.

She looked up and saw that it was an oval-shaped aircraft. In the night sky, a red spider lily could be faintly seen on the plane.

Lin Jiansheng told her, "That's the Garo Family's aeroplane. Their family is rich, and this is how they travel to Lou Lan Ancient Pavilion every year."

Among the six great cultivation families of the Divine Moon Empire, the Garo Clan's strength was ranked at the bottom, but the wealth of the Garo Clan was ranked at the top, and it even surpassed that of the royal family the Mo Clan, which controlled the entire Divine Moon Empire.

The Garo Clan was rich. When their disciples went out to train, they squandered money.

Yu Huang was somewhat envious of their aeroplane. She asked Lin Jiansheng, "Mentor, don't you have an aeroplane?"

Lin Jiansheng said, "What do you want that thing for? One hundred thousand spirit stones are needed for every activation. Do I have that much money to burn?"

Yu Huang said, "When I become successful, I'll build a plane for you."

There was warmth in Lin Jiansheng's eyes. He smiled and said, "I'll wait for that day."

When the sky was about to brighten, Yu Huang and the others finally climbed to the peak.

The tightly shut door of Lou Lan Ancient Pavilion had yet to be opened. Only when the sun shone through the darkness and sprinkled on the sea surface, lighting up the topmost tower of Lou Lan Ancient Pavilion, would the door open automatically.

Everyone sat on the ground casually to rest. Yu Huang imitated them and sat on the ground. She took out a hot pot from her storage device and ate with Lin Jiansheng.

The aroma of the hotpot wafted out and quickly attracted the attention of some people.

A female merman floated in front of Yu Huang and stared at the hot pot in her hand with a curious expression. "What are you eating?"

Yu Huang swallowed the rice in her mouth and told her, "Hot pot."

The merman took off the beautiful and expensive necklace on her neck and asked Yu Huang, "Can I use my necklace to exchange with you?"

Before Yu Huang could speak, Lin Jiansheng quickly reached out and grabbed the necklace. He tilted his head and blinked at Yu Huang. "Ah Feng, give this lady a hotpot."

Yu Huang obediently took out a pot and passed it to the merman.

The merman left with the food she wanted.

Lin Jiansheng sized up the necklace and told Yu Huang, "This kind of pure natural pearl necklace is most liked by those women in the Divine Moon Empire. It won't be a problem to sell it for four to five hundred thousand."

Yu Huang saw the glint in her mentor's eyes and immediately had a bad premonition.

As expected, Lin Jiansheng had an evil idea. He stared at Yu Huang's storage device and asked her, "How many pots do you have left? Take them all out and sell them at a high price!"

Yu Huang really admired Lin Jiansheng. With such a mind, he should go into business.

Seeing that Yu Huang did not reject, Lin Jiansheng knew that she had agreed.

Lin Jiansheng hung the necklace around his neck and shouted, "Merman friends, elf friends, orc friends, we have brought delicious hotpot from the Divine Moon Empire! We are willing to exchange it for food with everyone. If you want to eat, come and collect it!"

Upon hearing this, the orcs and elves who had long smelled the aroma but were afraid of Yu Huang rushed over.

"I'll use a Night Pearl in exchange for a hotpot!"

"I'll use the most precious holy water in the Light Sea to exchange for a hot pot!"

"I want one—"

Lin Jiansheng accepted their gifts with a smile. After he accepted one, Yu Huang handed him a hotpot.

The mentor-disciple pair worked well together and crazily amassed wealth.

...

At this moment, the youths of the six great cultivation families of the Divine Moon Empire were gathered in the aircraft of the Garo Clan and discussing things.

A young man by the window noticed the commotion below and realized that someone was doing business. He couldn't help but take a few more glances.

“Huh?” The young man suddenly exclaimed with admiration.. “Quickly come and take a look. Doesn’t the person below look like Yu Huang?”

Chapter 84: Hitting the Little Princess of the Xuanyuan Clan

“Yu Huang?”

Upon hearing this name, a girl in a green dress suddenly revealed a disdainful expression. “Liuli Shao, this is the Lou Lan Ancient Pavilion, a place only Beast Tamers would come to! What is that trash Yu Huang doing here?!”

When she heard this, the girl sitting opposite the green-dressed girl frowned and couldn’t help but say, “Xuanyuan Sisi, Yu Huang almost became your third sister-in-law. Who are you humiliating by calling her trash in public?”

Upon hearing this, Xuanyuan Sisi’s expression turned ugly. She wanted to retort, but when she met the girl’s cold and clear gaze, she immediately held back her anger.

The people sitting beside her were all sons of noble families of the same status as her. They could not be crossed.

The girl who had scolded her was Sheng Yang. She was Sheng Xiao’s biological sister. The Sheng family was in the limelight now. Xuanyuan Sisi could offend anyone but Sheng Yang.

When Liuli Shao saw that they didn’t believe her, she waved at them and said, “Come and take a look. Isn’t that really Yu Huang? Why does it look like her?”

Upon hearing this, everyone stood up and walked towards the window.

When they saw the girl’s appearance below, they immediately revealed looks of surprise and bewilderment.

As the most popular young actor and Xuanyuan Jing’s fiancée, these sons of noble families were familiar with her. Even though she was wearing a half mask, the half face that was revealed still betrayed her identity.

On the other hand, Lin Jiansheng, who had shaved his head and was shouting with all his might in his private suit, looked disheveled. No one thought that he was the Rank 8 Purifying Spirit Master, Lin Jiansheng.

“That person really seems to be Yu Huang...”

Xuanyuan Sisi recognized Yu Huang and couldn’t help but feel slightly angry. Yu Huang was just a piece of trash, so what was she doing in the Lou Lan Ancient Pavilion?

“I have to go down and take a look!”

...

Below, Yu Huang and Lin Jiansheng's business had already ended. They had gained a lot today, and the smile on Lin Jiansheng's face was especially bright.

"We're rich, we're rich. On the way back, we can buy first-class tickets." Lin Jiansheng stuffed the item into Yu Huang's arms and reminded her, "Quickly put it in the storage device. After you return to the country, change it to money."

Yu Huang was helpless, but she could only obey and put the things away. "Quick, eat. It's almost dawn."

"Okay."

The master and disciple ate with their heads lowered. At this moment, a few pairs of beautiful leather shoes suddenly appeared in Yu Huang's line of sight.

Yu Huang raised her head curiously. When she saw the appearance of the group of people in front of her, she felt that the girl in the lead looked a little familiar.

Who was it?

Before Yu Huang could find any information about this person in the Host's memories, the green-dressed girl spoke, "Yu Huang, this is the world of Beast Tamers. Why would an ordinary person like you come here? Aren't you ashamed?!"

Lin Jiansheng could tell at a glance that these little fellows were here to find trouble with his disciple. However, with his status, he could not bully the young. He sat quietly at the side and looked at Yu Huang with a schadenfreude gaze.

He wanted to see how his sweet disciple would react.

Yu Huang inserted her chopsticks into the rice and raised her head to stare at Xuanyuan Sisi's beautiful but domineering face. She asked, "I'm sorry, who are you?"

Xuanyuan Sisi's beautiful face instantly turned livid. "Yu Huang, why are you acting in front of me?! Who am I? I'm Xuanyuan Sisi. In the past, when you tried to please me, you've always kissed up to me. Are you not familiar with me now?"

As soon as she heard Xuanyuan Sisi's name, no matter how stupid Yu Huang was, she could guess this person's identity.

Xuanyuan Sisi was probably Xuanyuan Jing's little sister. She was four years younger than her.

"Oh, Xuanyuan Sisi, I'm sorry. Ever since the fire, my brain capacity has decreased. I don't remember those unimportant people. I'm sorry that I didn't recognize you just now."

"Who are you calling a nobody?! A slut abandoned by my brother actually dares to insult me!"

With the Xuanyuan Clan backing her, Xuanyuan Sisi was used to causing trouble and being bossy. She did whatever she wanted and said whatever she wanted. She never cared about the consequences.

When the youths behind them heard Xuanyuan Sisi calling Yu Huang a 'lousy sl\*t', they felt disapproving.

Liuli Shao hurriedly said, "Sisi, that's enough. Go back!"

Xuanyuan Sisi burned with anger. How could she listen to Liuli Shao's words? She suddenly summoned her beast form. It was a beautiful snow fox.

"I'll make you remember today that anyone who bullies me, Xuanyuan Sisi, will be punished!" Xuanyuan Sisi gave the snow fox an order. "Bai Xue, mess up her face!"

When the snow fox heard its master's order, it immediately jumped towards Yu Huang.

Sheng Yang did not expect Xuanyuan Sisi to attack an ordinary person like Yu Huang. She was the first to be unable to bear it. She berated Xuanyuan Sisi in a low voice, "Xuanyuan Sisi, Beast Tamers are not allowed to attack ordinary citizens. You are openly challenging the Beast Tamer Alliance's Treaty!"

Xuanyuan Sisi immediately came to her senses.

No matter how arrogant she was, no matter how powerful her background was, she couldn't bully ordinary people just because she was a Beast Tamer!

However, the snow fox had already run towards Yu Huang. Even if Xuanyuan Sisi wanted to retract her order, it was too late.

Everyone watched helplessly as the snow fox jumped towards Yu Huang's face. It was too late to help even if they wanted to. At this moment, a scorching red light suddenly erupted from Yu Huang's body!

"Chirp chirp!"

Xuan Yu appeared out of thin air. It spread its small wings and flew in front of Yu Huang. It stood in front of the snow fox and spat a mouthful of red flames at it.

"Squeak!"

The snow fox's snow-white fur was burned by the flames. It rolled in the air in pain.

The snow fox was injured, and so was Xuanyuan Sisi. A pained expression appeared on her face, and blood flowed from the corner of her mouth.

Seeing that the snow fox was about to be burned to death, Xuanyuan Sisi hurriedly summoned her beast form.

"Bai Xue, come back!"

After she returned to her beast form, Xuanyuan Sisi clutched her chest and spat out a mouthful of blood.

Seeing this, the group of children behind Xuanyuan Sisi all revealed shocked expressions.

"Beast Tamer!"

"When did Yu Huang become a Beast Tamer?!"

Yu Huang patted Xuan Yu's little head and summoned it back into her body. After that, she took out the pair of chopsticks that were inserted into the rice and walked towards Xuanyuan Sisi.

Xuanyuan Sisi, her face extremely pale, stared at her warily. "What are you doing?!"

Yu Huang's eyes were filled with disdain. She held the chopsticks in her right hand and used the tip of the oily chopsticks to lift Xuanyuan Sisi's chin.

Xuanyuan Sisi was forced to look at her in the eye.

Yu Huang's lips curled up into a cold smile. She asked Xuanyuan Sisi, "Who were you calling a sl\*t just now?"

Xuanyuan Sisi's lips quivered a little. She was a little afraid of Yu Huang. However, when she thought about it, she realized that she was the only precious daughter of the Xuanyuan Clan's patriarch and that her three elder brothers were all talented Beast Tamers, and she concluded that Yu Huang would not dare to bully her and anger the entire Xuanyuan Clan, so she regained her arrogance.

"I'm cursing you! You, Yu Huang, are just a sl\*t that no man wants!"

Pa!

A resounding slap was thrown onto Xuanyuan Sisi's mouth by Yu Huang.

After the beating, Yu Huang even said, "Your mouth isn't clean.. I'll help you pat the dust on it on your behalf."

### **Chapter 85: Unwilling**

When they heard the sound of the slap, Sheng Yang and the others were shocked, but no one stood out to denounce Yu Huang.

Actually, they had long disapproved of Xuanyuan Sisi's arrogant and despotic actions. This time, Xuanyuan Sisi had crossed Yu Huang, who she shouldn't have messed with. They would treat it as her getting a lesson.

Yu Huang's slap stunned Xuanyuan Sisi, and her mouth burned with pain. Xuanyuan Sisi covered her mouth and cried in grievance. "Yu Huang, you actually dared to hit me! How dare you hit me!"

She was Xuanyuan Sisi!

Xuanyuan Clan's little princess!

Yu Huang was an ugly monster without any power or status. On what basis did she dare to hit her?!

This was the first time Yu Huang had seen an idiot like Xuanyuan Sisi. She felt irritated when she heard this and raised her knee to kick Xuanyuan Sisi in the chest, causing her to fall onto the ground.

Xuanyuan Sisi was in so much pain that she forgot to struggle.

Yu Huang stomped on Xuanyuan Sisi's chest and pressed her onto the ground, so she was unable to move. She looked at Xuanyuan Sisi coldly and sneered. "Why wouldn't I dare to hit you?! Do you really think that everyone will treat you like a princess just because your last name is Xuanyuan?!"

Xuanyuan Sisi threatened Yu Huang with a sinister expression. "Yu Huang, my brother won't let you off! In the Battle of the Divine Realm next year, my brother will definitely skin you alive to seek justice for me!"

Thanks to Sheng Xiao's pen, everyone in Divine Realm Academy and the six families knew about the agreement between Xuanyuan Jing and Yu Huang.

Even if Yu Huang had awakened her beast form, she was only an early-stage Scholar who had never cultivated a proper cultivation technique.

On the other hand, Xuanyuan Jing had awakened his beast form when he was 13 years old. After six years of cultivation, Xuanyuan Jing was already at the late-stage Scholar Realm and was only a step away from the peak of Scholar Realm.

Yu Huang, an early-stage Scholar, would only have one outcome when she fought a late-stage Scholar—

Defeat!

She would be completely defeated!

Defeat!

Xuanyuan Sisi looked down on Yu Huang from the bottom of her heart. She was also certain that her older brother would completely crush Yu Huang.

When Yu Huang heard the words 'my brother', she felt irritated.

"How noisy!" Yu Huang suddenly took out a dagger from her storage device and pretended to cut Xuanyuan Sisi's noisy tongue.

Seeing this, the Second Young Master of the Garo Clan, Garo Xianyang, hurriedly stepped forward to plead for Xuanyuan Sisi. "Miss Yu Huang, please show mercy."

Yu Huang raised her dagger and gave Garo Xianyang a look that said, "Who are you?"

A graceful smile appeared on the young man's face as he introduced himself. "I'm Garo Xianyang, the second young master of the Garo Clan."

After knowing Garo Xianyang's identity, Yu Huang only acknowledged him coldly.

When Garo Xianyang heard her perfunctory "oh", he immediately felt helpless.

Garo Xianyang was not annoyed. He lowered his stance and said softly, "Miss Yu Huang, during this trip to the Lou Lan Ancient Pavilion, my father told me to take good care of everyone's safety. Just now, Sisi offended Miss Yu Huang. She was indeed in the wrong, but Sisi was also punished."

The smile on Garo Xianyang's face deepened, and his tone became solemn. "Miss Yu Huang, I hope you'll let Sisi off on account of the Garo Clan. Later, I'll give my father and the Xuanyuan Clan an explanation."

Yu Huang sneered and said in a mocking tone, "When Xuanyuan Sisi humiliated me and bullied me, I didn't see you, the Second Young Master of the Garo Clan, come out to uphold justice. Now that I've made things difficult for you, you finally know how to uphold justice."

These words were full of sarcasm. Although Garo Xianyang was unhappy, he could only accept it.

At this moment, Sheng Yang also walked to the Garo Xianyang's side and looked at Yu Huang. A hint of worry appeared on her cold and charming face. "Miss Yu Huang, Xuanyuan Sisi was in the wrong first, so it's only right that she was taught a lesson by you. Later, I'll tell the Xuanyuan family head to strictly discipline Xuanyuan Sisi. Miss Yu Huang, please let her off on account of we're familiar with each other."

Yu Huang looked at Sheng Yang a few more times.

She still remembered that when Xuanyuan Sisi attacked her just now, only this lady had stood out to reprimand Xuanyuan Sisi.

Yu Huang asked her, "Who are you?"

Sheng Yang nodded and replied, "Sheng Yang."

When Yu Huang heard this name, a hint of warmth finally appeared on her cold face. She carefully sized up Sheng Yang's appearance and found a familiar look on this lady's face. Then, she asked her, "What's your relationship with Master Sheng?"

Sheng Yang naturally revealed a proud expression. "He's my elder brother."

Yo!

It was Sheng Xiao's sister!

"You're both children of prestigious families, but why is the difference so great?" Yu Huang removed her foot from Xuanyuan Sisi's body. She put away the dagger and said to Xuanyuan Sisi, "I'll let you off today. If we meet in the future and I hear you speak rudely, I'll cut your tongue off too!"

Yu Huang had no intention of really cutting Xuanyuan Sisi's tongue. She only wanted to scare her.

If she really hurt Xuanyuan Sisi, the Xuanyuan Clan would not let her off either. Yu Huang was indeed arrogant, but she was not stupid. Her wings were not yet fully grown, so she could not offend the Xuanyuan Clan.

Besides, her true enemy was Yin Mingchong, so she couldn't make a great enemy before she killed Yin Mingchong.

Garo Xianyang, Sheng Yang, and the others hurriedly helped Xuanyuan Sisi up from the ground. Xuanyuan Sisi was crying hard. She pushed Sheng Yang away and shouted while sobbing, "I don't need your help!"

Yu Huang said that she was inferior to Sheng Yang, so Xuanyuan Sisi hated Sheng Yang.

Sheng Yang took a step to the side and said coldly, "You don't know how to appreciate kindness!" Sheng Yang left and couldn't be bothered with Xuanyuan Sisi, that fool.

Garo Xianyang nodded at Yu Huang again. After saying goodbye to her, he supported Xuanyuan Sisi and left.

Seeing that those people had left, Yu Huang squatted down beside Lin Jiansheng.

She complained to Lin Jiansheng, "Your disciple was bullied, but you didn't come forward to help."

Lin Jiansheng said, "You will meet this kind of situation countless times. I can help you once, but can I help you forever?"

Yu Huang didn't say a word.

"Do you see that, Ah Huang?" Lin Jiansheng stood up and raised his head to stare at the aircraft above him. He muttered softly, "This is the six families. They are powerful and wealthy. There are many people like Xuanyuan Sisi. If you don't want to be bullied, you can only become stronger than them!"

How could Yu Huang not understand this principle?

She noticed an ant in front of her pushing a rice grain forward with great effort. She suddenly realized that she was that weak ant. The six families could crush her with their fingers.

Yu Huang once again realized with incomparable clarity that this was not Earth's Doomsday Era. This was a cultivation world that was even crueler than the Doomsday Era.

And she was not willing to be an ant that was crushed by others..

Chapter 86: Shocking Everyone With Her Strength!

At this moment, a ray of sunlight pierced through the darkness and sprinkled on the sea surface, also landing on the top of Lou Lan Ancient Pavilion.

Lin Jiansheng stood up and said, "It's morning."

The break of dawn chased after the darkness very quickly. In just a few blinks of the eye, the Lou Lan island brightened. At the same time, all the Beast Tamers who were resting on the spot stood up and stared at the closed and ancient door in front of them.

1

Boom!

The door to the Lou Lan Ancient Pavilion, which had been closed for half a year, slowly opened from the middle to both sides. An old woman in green stood in front of the ancient pavilion's door. Her hair was white, but her skin, which was exposed to the green light, was tight and lustrous. Under her clothes, a green fishtail swayed slightly. This was a merman figure.

Lin Jiansheng told Yu Huang, "That's the gatekeeper of the Lou Lan Ancient Pavilion, Grand Master Qingying of the Merman Race."

"I see."

Grand Master Qingying opened her mouth slightly and her voice spread throughout the entire Lou Lan island. "The Lou Lan Ancient Pavilion has opened and will be closed on time in three days. After entering the Lou Lan Ancient Pavilion, fighting and causing trouble are prohibited, and it is forbidden to leave with multiple cultivation techniques! Also, be careful and don't fall into the Time Valley."

After saying that, Grand Master Qingying took the lead and walked into the Lou Lan Ancient Pavilion.

Garo Xianyang and the others also walked out of the aircraft and gracefully entered the Lou Lan Ancient Pavilion. Yu Huang noticed that Xuanyuan Sisi's face had already regained its color. It seemed like she had taken a healing medicine.

Lin Jiansheng pressed down on Yu Huang's shoulder and placed an emergency survival bracelet on her right wrist. He reminded her, "If you encounter any trouble that you can't solve, call me. I will come to save you."

Yu Huang touched her bracelet and acknowledged it. Then, she walked towards the Lou Lan Ancient Pavilion with firm footsteps.

The Lou Lan Ancient Pavilion was open to all the Beast Tamers. Some adult Beast Tamers who had yet to find a satisfactory cultivation technique also entered the Lou Lan Ancient Pavilion. Later on, only Lin Jiansheng and a group of servants and bodyguards were left outside the building.

He found a large rock and sat down cross-legged. He meditated and waited for Yu Huang to come out.

...

Yu Huang thought that the Lou Lan Ancient Pavilion was the same as the Myriad Book Pavilion, with cultivation techniques placed neatly on the bookshelves like books. However, to her surprise, the interior of the Lou Lan Ancient Pavilion was actually empty, with only a living spring in the middle of the hall.

Yu Huang noticed that the adult Beast Tamers had all summoned their beast forms. Then, they jumped into the spring and disappeared mysteriously.

She immediately understood that this spring was a formation core. Only by jumping into the formation core could one enter the true Lou Lan Ancient Pavilion.

Yu Huang didn't hesitate at all. She immediately summoned Xuan Yu and jumped into the spring.

After entering the water, a suction force pulled Yu Huang down.

After a rush of dizziness, Yu Huang discovered that her descent speed had suddenly slowed down. She hurriedly flipped over in the void and landed on the ground with one knee.

1

After Yu Huang landed, she realized that there were many youths of her age lying or kneeling beside her. Yu Huang ignored them. She stood up and sized up the environment. She discovered that they were at the peak of a tall mountain.

Below the mountain peak was a steep and straight cliff. Below the cliff was a deep black abyss. One could faintly see lightning and thunder, as well as the roars of some unknown beast. It made one's scalp tingle.

This was the Time Valley, the legendary dangerous place where one would be pulverized if they fell in.

Many colorful light clusters floated above the Time Valley. Each light cluster was a cultivation technique.

There was only one way to get the cultivation technique—

Jump down the cliff, and try her best to capture as many light clusters as possible and chose the cultivation technique that was most suitable for her!

However, the bottom of the cliff was the Time Valley. During the process of capturing the cultivation technique, if these Beast Tamers were not careful, they would fall into the Time Valley. This made many young Beast Tamers shrink back.

Seeing that these children were a little afraid, Grand Master Qingying sighed softly. "Children, there is no free lunch in this world. Naturally, if you want to obtain a cultivation technique that is suitable for you, you must pay the price. Although jumping off the cliff to search for a cultivation technique is dangerous, cultivation is an endless adventure. This is the first step of your adventure. If you become a coward for even a moment, you will forever be a coward!"

"Whether the Holy Spirit Continent can be more glorious and powerful depends on you guys."

After Grand Master Qingying finished speaking, she looked at the group of teenagers encouragingly while hoping that someone could set an example.

Among the six families, Sheng Yang, Garo Xianyang, and Liuli Shao were the first to stand forward. Seeing them stand forward, Xuanyuan Sisi hesitated for a moment before standing forward as well.

After her, two mermaid girls walked out.

At this moment, Yu Huang had arrived at the cliff from the back of the crowd and stood beside the two mermaids.

She observed the bottom of the cliff and saw many birds living on the cliff. She had a bold idea.

When Xuanyuan Sisi saw that Yu Huang had also come out, she sneered but did not dare to say anything.

When Yu Huang heard Xuanyuan Sisi's provocative laughter, she couldn't be bothered with her.

While the others were still hesitating, Yu Huang suddenly bent her knee and jumped off the cliff!

Seeing this, everyone revealed shocked expressions.

She jumped down just like that?

The moment Yu Huang jumped off the cliff, the raw birds living on the cliff flew up in shock.

"Ga ga!" The birds had colorful feathers on their backs. When they spread their wings and flew, the entire deep valley turned into a seven-colored color.

Yu Huang hugged the neck of a bird and wanted to climb onto its back. However, the bird resisted with all its might and wanted to shake Yu Huang off. Yu Huang did not look at the Time Valley below her. She hugged the bird's neck tightly and swayed in the air a few times. In the end, she successfully rode on the bird's back.

Seeing that Yu Huang had successfully sat on the back of the bird, Garo Xianyang and the others heaved a sigh of relief.

It was really dangerous just now!

Yu Huang was really ruthless to herself. This was completely suicidal!

After seeing Yu Huang's desperado attitude, Garo Xianyang, who originally believed that Yu Huang would lose to Xuanyuan Jing in the Battle of the Divine Realm, wavered.

There were still more than ten months till the Battle of the Divine Realm. During this period, it was really hard to say what Yu Huang would experience and how much she could grow.

Who knows, there might really be a huge surprise when the time comes. It was also possible that Yu Huang could defeat Xuanyuan Jing.

In the deep valley, Yu Huang stuck her upper body onto the bird's back. She bit her index finger and dripped a drop of blood into the bird's eye. The bird resisted violently and almost threw Yu Huang off its back.

Yu Huang quickly mobilized the psychic energy in her Spiritual Abode and forcefully formed a temporary contract with it while ignoring the bird's resistance.

A contract with a Spirit Beast was the ability of a Level 2 Purifying Spirit Master!

Under Yu Huang's powerful Psychic pressure, the resistance in the bird's eye became weaker and weaker until it completely disappeared. It was completely subdued by Yu Huang.

After the contract was completed, Yu Huang controlled the seven-colored bird to shuttle among the light clusters and began to choose the cultivation technique she liked.

On the cliff, Garo Xianyang and the others saw Yu Huang's actions and widened their eyes in shock.

Why was Yu Huang able to subdue and successfully control that bird?

Didn't they say that the birds in the Lou Lan Ancient Pavilion were all proud creatures who never listened to the Beast Tamer's orders?

In the past, there were Beast Tamers who had the intention of capturing these birds and have them carry them to search for cultivation techniques.

But no Beast Tamer had ever succeeded! Even Sheng Xiao did not manage to subdue a bird back then.

But now, those legendary birds that did not listen to orders were carrying Yu Huang in the deep valley without any complaints. And those ordinary Beast Tamers had to use all sorts of methods to capture a ball of light. At this moment, it was as if they had met their nemesis, and were easily caught by Yu Huang.

Why?!

Chapter 87: Witch-Capturing Technique

Currently, there had never been a dual Master who could cultivate both the beast taming ability and the Purifying Spirit power on the Holy Spirit Continent. Therefore, no matter how hard they thought, they did not expect that Yu Huang was a Purifying Spirit Master.

Xuanyuan Sisi also looked at Yu Huang, who was riding on the back of a bird, with a baffled expression. She couldn't figure out why Yu Huang was able to tame a bird, so she stomped her foot and scolded, "This slut must have used some kind of evil technique!"

Sheng Yang sneered. "Then why don't you do it too?" With that, Sheng Yang summoned her beast form.

What made people laugh was that the cold and proud petite Sheng Yang's beast form was actually a plump polar bear. As everyone knew, a polar bear was a strength-type player. It could crush an adult.

The polar bear stood beside Sheng Yang, making her appear even more petite.

The polar bear turned into a ball of white light that wrapped Sheng Yang in the middle. Sheng Yang extended her leg and took a step out of the cliff. Her body actually floated in the air and did not fall.

Seeing this, Xuanyuan Sisi exclaimed, "Sheng Yang, you've actually reached the intermediate-stage of the Scholar Realm!" Only a Beast Tamer at the intermediate-stage of the Scholar Realm could use a beast form to fly temporarily.

If she remembered correctly, Sheng Yang only awakened her beast form last spring. It had only been more than a year, and she had already advanced to the intermediate-stage of the Scholar Realm. Could she also be like her elder brother, who broke through to the Master Realm at a young age?

Liuli Shao also praised, "Sheng Yang is so impressive!"

Garo Xianyang said, "As expected of Master Sheng's biological sister. Her cultivation talent is indeed not something we can compare with."

Sheng Yang turned around and said to Garo Xianyang and the others, "I'll take my leave first. You guys follow behind!" With that, Sheng Yang flew towards the energy balls.

Seeing this, the others showed their abilities and took out their flying equipment to wear before boldly jumping into the deep valley.

Because the elves had wings on their backs, they did not need the help of aircraft to fly high in the sky. However, there was a time limit. Generally, after flying for more than ten minutes, they would need to rest for a few hours to recover their energy.

For a moment, the deep valley was filled with densely packed airborne people.

Yu Huang spent an entire day capturing seven to eight light clusters. From the start to the end, she had not found a cultivation technique that she liked. She gradually felt a little impatient. At this moment, thunder sounded from the Time Valley below her.

Yu Huang stared at the Time Valley and sensed the shocking energy fluctuations within it. She thought of a possibility—

The largest energy light blob here had never been the light blobs floating in the deep valley. It was clearly the dark and unfathomable Time Valley!

According to the records, Divine Rank cultivation techniques were the most crafty and easy to disguise. They would disguise themselves and prevent others from discovering them.

Then, could there be a cultivation technique that deliberately disguised itself as terrifying in order to avoid being captured by a Beast Tamer?

What could be more terrifying than the Time Valley?

Yu Huang felt her blood boiling with excitement at her bold guess.

She licked her lips furtively as an adventure plan flashed through her mind.

At this moment, Garo Xianyang suddenly shouted, "Sheng Yang, your spiritual power is about to run out. Go up and rest!"

When she heard this, Yu Huang looked towards Sheng Yang and saw that the white light around Sheng Yang's body was almost transparent. She guessed that Sheng Yang's spiritual power was about to be exhausted, so Yu Huang rode her bird and flew towards Sheng Yang.

Realizing that Yu Huang was approaching, Sheng Yang thought that Yu Huang had her eyes on the same cultivation technique as her, and her eyes instantly revealed vigilance. "I took a fancy to this! Miss Yu Huang, are you going to snatch it from me?"

Yu Huang extended her right hand.

Sheng Yang stared at the fair hand in front of her. A hint of confusion appeared on her proud and cold face. "W-what?"

Yu Huang said, "I can carry you while we search for cultivation techniques."

The confused expression on Sheng Yang's face instantly turned into suspicion and alarm. "What is your condition?"

She was quite wary.

However, girls should be wary when they were outside.

The corners of Yu Huang's lips curled up slightly as she said to Sheng Yang, "50,000 spirit stones per session. Are you coming?"

Upon hearing this, Sheng Yang asked subconsciously, "Are you short of money?"

Yu Huang nodded. "Yes."

Sheng Yang realized that her spiritual power was about to run dry. If she did not go up the cliff to rest, she was afraid that an accident would happen. Sheng Yang stared at Yu Huang for a moment before taking out a money bag from her interspatial ring and throwing it at her.

Yu Huang grabbed the money bag and heard Sheng Yang say, "There are 50,000 spirit stones inside! Check it."

Yu Huang did not use her divine sense to check the money bag. She directly threw the money bag into the storage device and said to Sheng Yang, "Come up!"

Sheng Yang grabbed Yu Huang's hand and was pulled onto the back of the bird by Yu Huang.

The two of them flew for a moment in the deep valley. Sheng Yang suddenly stared at a ball of white light and said to Yu Huang, "I sensed a powerful cultivation technique over there!"

Yu Huang glanced at the ball of light.

The ball of light emitted a dazzling steam. It was definitely an extraordinary cultivation technique.

Yu Huang roared, "Sit tight!"

Sheng Yang hurriedly wrapped her arms around Yu Huang's waist.

The bird swooped down and flew towards the ball of white light. As it got closer, Sheng Yang took advantage of the opportunity and quickly reached out to grab the white light. However, the white light seemed to have intelligence. It immediately sensed Sheng Yang's grab and quickly escaped into the distance.

Seeing this, Sheng Yang was stunned for a moment before excitement appeared on her face.

"That is a Witch-ranked cultivation method!" The cultivation methods that could produce independent consciousness were only Witch-ranked cultivation methods and Divine-ranked cultivation methods. And those cultivation methods that unconsciously floated in the deep valley were mostly ordinary Mortal-rank cultivation methods.

Sheng Yang desired to possess a demon-level cultivation technique that belonged to her very much. She could not conceal her excitement as she said, "Miss Yu Huang, help me seize the cultivation technique. I'll give you another 50,000 spirit stones!"

Yu Huang nodded and carried Sheng Yang as she chased after the white ball of light.

The Witch-level cultivation technique was extremely cunning. If she wanted to capture it, she had to be patient. Sheng Yang took out an energy catcher from her interspatial ring and threw it at the ball of light.

The ball of light avoided Sheng Yang's grasp and fell towards the valley below.

"It's going to hide in the Time Valley!" Sheng Yang was somewhat regretful. Once that ball of light hid in the Time Valley, they would be unable to capture it.

Yu Huang said, "Hug me tightly. Don't get thrown into the Time Valley!"

With that said, Yu Huang hugged the flying bird's neck tightly and dived down.

The ball of light was getting closer and closer to the Time Valley's vortex. Just as it was about to enter the Time Valley, Sheng Yang threw out the capture device again.

This time, she successfully grabbed the ball of light!

Sheng Yang shouted excitedly, "It worked!" After shouting, she realized that the bird was still charging down.

Sheng Yang's expression changed drastically, and her face turned pale. She grabbed Yu Huang's arm tightly and shouted at her with a heart-wrenching voice, "Yu Huang, we're about to fall into the Time Valley!"

Chapter 88: Yu Huang is dead? Her body has been reduced to ashes?

They were too close to the Time Valley vortex and had no way of reversing the situation.

Yu Huang suddenly turned around and stretched out her right hand, striking Sheng Yang's chest forcefully. That palm directly pushed Sheng Yang to the top of the deep valley.

Grand Master Qingying noticed the situation on Yu Huang's side. She ran over to save the two of them, but she was still a step too late.

Grand Master Qingying grabbed Sheng Yang's hand and lowered her head to look down. She happened to see Yu Huang being sucked into the empty valley by the vortex.

Upon seeing this scene, Grand Master Qingying also revealed a trace of pity and sigh.

A good seedling was gone just like that.

"Yu Huang!" Sheng Yang watched helplessly as Yu Huang was swallowed by the Time Valley. Her face was pale, and she was on the verge of a breakdown.

Grand Master Qingying pulled Sheng Yang to the peak of the mountain. She stood at the edge of the cliff and looked down. When she saw that there was no longer any sign of Yu Huang in the empty valley, she couldn't help but close her eyes and sigh. "She's dead."

Sheng Yang, her face filled with sorrow and self-reproach, knelt by the cliff. "How could that be?! How could she be so stupid?!" Yu Huang had died for her!

Sheng Yang suddenly took out a teleportation talisman from her spatial ring. She crushed the talisman and cried as she said to the talisman, "Father, please come, I beg of you!"

The talisman was crushed, and a red firework bloomed above Yufu City.

When Sheng Lingfeng saw the firework, his expression changed slightly.

He extended his index finger and caught the fireworks in his palm. Sheng Lingfeng placed the fireworks beside his ear and heard his daughter, Sheng Yang, crying. "Father, please come here. Please!"

Sheng Lingfeng started to panic. The last time his daughter cried so sadly was when she was three or four years old.

What exactly happened?!

Sheng Lingfeng's figure disappeared from the spot. In just a few blinks of the eye, he appeared in the Lou Lan Ancient Pavilion.

Seeing Sheng Lingfeng appear out of nowhere, Garo Xianyang and the others quickly greeted him with cupped fists. "Greetings, Grand Master Sheng!"

Not only was Sheng Lingfeng the Patriarch of the Sheng Clan, but he was also the President of the Divine Moon Empire's Beast Tamer Alliance. His cultivation was now at the peak of the Grand Master realm. He was only waiting for a chance to break through and become a Prime Master.

Thus, when they saw him, no one dared to act rashly.

Sheng Yang ran to Sheng Lingfeng in tears and hugged him tightly. "Father!"

Sheng Lingfeng held Sheng Yang's face and asked with concern, "Yang Yang, what happened?" Seeing his daughter's teary face, Sheng Lingfeng narrowed his eyes. He asked softly, "Who bullied you?"

At this moment, Grand Master Qingying walked over. "Grand Master Sheng."

Sheng Lingfeng recognized Grand Master Qingying and nodded. "Grand Master Qingying."

"This is what happened..." Master Qingying told Sheng Lingfeng about the tragedy in the simplest language.

When Sheng Lingfeng heard that the girl called Yu Huang had fallen into the Time Valley to protect Sheng Yang, he was somewhat moved.

He hesitated before asking, "Is this Yu Huang the ex-fiancée of the Xuanyuan Clan's Third Young Master?"

Grand Master Qingying was unsure.

Sheng Yang wiped her tears and choked on her tears as she said, "It's her! Father, Yu Huang fell into the Time Valley to save me. Father, can you save her?!"

Sheng Lingfeng stared at the Time Valley at the bottom of the cliff where lightning and thunder were rumbling. He shook his head helplessly and sighed. "The energy of the Time Valley is too strong. Even if I enter, I'm afraid I will be crushed."

Hearing this, the hope in Sheng Yang's eyes dimmed completely. "Then will she die?"

No one answered Sheng Yang's question, but it was obvious that everyone had the same answer.

Yu Huang would die. This was common knowledge.

For thousands of years, countless people had fallen into the Time Valley. No one had ever walked out alive.

...

Three days later.

Sheng Lingfeng said to Sheng Yang, who was sitting on the edge of the cliff, "Yang Yang, Lou Lan Ancient Pavilion is about to close. Go back with me."

Because Sheng Yang refused to leave and insisted on waiting for Yu Huang here, Sheng Lingfeng could not bear to abandon her, so he waited with her.

Sheng Lingfeng stayed here and did not leave, so Garo Xianyang and the other juniors did not dare to leave early.

Thus, for three whole days, no one left the Lou Lan Ancient Pavilion early.

When Sheng Yang heard Sheng Lingfeng's words, the last bit of hope in her heart disappeared.

She slowly stood up and stared at the Time Valley at the bottom of the cliff. She muttered softly, "Yu Huang, I'm sorry."

Sheng Yang hid all her sorrow and guilt. She turned around and said to Sheng Lingfeng, "Let's go back, Father."

"Alright." Seeing that Sheng Lingfeng and his daughter had left, Garo Xianyang and the others also walked out of the Lou Lan Ancient Pavilion.

Lin Jiansheng and the others waited outside the ancient pavilion for three days. During this period, they did not see the children come out. They were worried that they had encountered an accident, and everyone felt uneasy.

Boom!

When he heard the door of the Lou Lan Ancient Pavilion open again, Lin Jiansheng, hoping to see Yu Huang, immediately stopped his meditation and stood up to look at the entrance.

However, group after group of people walked out, but he did not see Yu Huang even after a long time. Lin Jiansheng finally felt a little panicked.

Where was his Ah Huang?

Lin Jiansheng quickly walked over and tugged at someone's sleeve. "They're all out? Have you seen that child of mine?"

The one who was stopped was an elf. He asked Lin Jiansheng, "Who is your child?"

Lin Jiansheng said, "Her name is Yu Huang. She's about 1.7 meters tall and is wearing a golden phoenix mask."

Over the past three days, the name 'Yu Huang' had become a familiar name for everyone. The elf looked at Lin Jiansheng with pity and sympathy and told him, "In order to save Sheng Yang of the Sheng family, Yu Huang unfortunately fell into the Time Valley and died."

Upon hearing this, Lin Jiansheng took two steps back.

Ah Huang had fallen into the Time Valley?

Died?

In an instant, sorrow and anger occupied Lin Jiansheng's mind. He broke down and raged.

The vast psychic power of a Level 8 Purifying Spirit Master spread out in all directions and surrounded the entire island.

Sensing this wave of Psychic energy, Sheng Lingfeng suddenly stopped in his tracks and said in surprise and doubt, "Purifying Spirit Master? Why would a Purifying Spirit Master with such powerful Psychic energy appear in the Lou Lan Ancient Pavilion?"

Sheng Lingfeng brought Sheng Yang out of the Lou Lan Ancient Pavilion and saw a bald man floating in the sky outside the Loulan Ancient Pavilion. He blocked Grand Master Qingying's path and shouted angrily, "Return my disciple to me!"

1

As the gatekeeper of the Lou Lan Ancient Pavilion, Grand Master Qingying's profession was to protect every Beast Tamer and try to prevent them from falling into the Time Valley and causing a tragedy.

Yu Huang's death was indeed related to Grand Master Qingying's failure. Grand Master Qingying did not dare to be angry when Lin Jiansheng scolded her.

She sighed and told Lin Jiansheng what happened in the valley.

When Lin Jiansheng heard her say that Yu Huang had accidentally fallen into the Time Valley in order to save Sheng Yang, his anger gradually subsided.

Lin Jiansheng sensed that something was amiss.

Lin Jiansheng understood his disciple very well. Yu Huang dared to jump into the Purgatory Sea alone because she wanted to become an expert. In the future, she would bring her father back to the Yin Clan and seek justice from Yin Mingchong.

Thus, before her wish was fulfilled, Yu Huang would definitely not do something stupid like sacrificing her life to save Sheng Yang.

The method to verify if Yu Huang was still alive was very simple.

Yu Huang and Lin Jiansheng had a Blood Pact before. As long as the Blood Pact was effective, Yu Huang would definitely still be alive!

Lin Jiansheng entered the Spiritual Abode and realized that the Blood Pact between him and Yu Huang had yet to disappear. He immediately heaved a sigh of relief.

Yu Huang was still alive!

Chapter 89: Mentor's Acting Skills

After confirming that Yu Huang was still alive, Lin Jiansheng immediately calmed down and regained his rationality. He no longer flew into a rage.

Lin Jiansheng suspected that Yu Huang's fall into the Time Valley was not an accident, but something she had done deliberately. Although he did not know why Yu Huang had done this, Lin Jiansheng chose to believe her.

Grand Master Qingying had thought that Yu Huang had no one to rely on and was only a talented young Scholar. Now that she had died, Grand Master Qingying had no other thoughts than pity.

However, after discovering that Yu Huang's mentor was actually a Level 8 Purifying Spirit Master, Grand Master Qingying found it troublesome.

Although Yu Huang's fall into the Time Valley was an accident, it was her fault.

Grand Master Qingying waved her hand in the air and a blue jade bottle appeared in her hand.

A pained expression flashed across Grand Master Qingying's face. She told Lin Jiansheng, "This medicinal pill is called the Rebirth Pill. It is a Heaven Grade medicinal pill refined by an Alchemy Grand Master on the Upper World's Alchemy Continent."

"Its effect is to restore his body. No matter how deep the injury is, as long as one still has a breath left, it can restore one's body after taking this medicine."

A hint of hesitation and consideration flashed across Grand Master Qingying's eyes. In the end, she decided to part with her treasure and throw the medicine to Lin Jiansheng as compensation.

Lin Jiansheng hurriedly grabbed the medicine and opened the bottle in front of Grand Master Qingying. He took a sniff and indeed smelled a rich medicinal fragrance.

After confirming that this was indeed a rare Heaven Grade medicinal pill, Lin Jiansheng hurriedly put it away in his interspatial ring.

Seeing that Lin Jiansheng had accepted her apology gift, Grand Master Qingying could not help but heave a sigh of relief. She said that she still had something to do and quickly left.

Seeing that Grand Master Qingying had left, Lin Jiansheng glanced at the people below and accidentally saw Sheng Yang and the others walking out of the Lou Lan Ancient Pavilion.

Seeing a dignified middle-aged man beside Sheng Yang, the shrewd Lin Jiansheng recognized Sheng Lingfeng immediately.

Lin Jiansheng hurriedly flew down and guarded the path that Sheng Yang and the others had to pass through. Lin Jiansheng immediately put on a pained expression and cried sorrowfully, "Ah Huang, my poor disciple!"

1

Sheng Lingfeng and the others stopped in their tracks and stared at Lin Jiansheng.

Lin Jiansheng rubbed his red eyes and sighed sorrowfully. "My dear disciple, why are you so unlucky?! So a great celebrity had her beauty ruined by a fire! The bastard who kept saying that he loved you abandoned you mercilessly when he saw that you were disfigured and forced you to break off the engagement with him!"

"After suffering a series of blows, you finally came out of your sorrow. I thought that after awakening your beast form, you would have a different exciting life. Who would have thought that you would fall into the Time Valley to save people!"

“Why are you so kind?! Why are you such a busybody?! I don’t want you to be a good person. I only want you to live!” Lin Jiansheng cried as he spoke. His appearance really made those who heard it cry.

When Sheng Yang heard Lin Jiansheng’s words, her eyes were filled with tears again. She tugged at Sheng Lingfeng’s sleeve and said in a hoarse voice, “Father, we can’t be ungrateful.”

Sheng Lingfeng was not an ungrateful person. He had not moved just now because he had recognized Lin Jiansheng.

As a Level 8 Purifying Spirit Master, Lin Jiansheng was considered a big shot in the Divine Moon Empire. Sheng Lingfeng and Lin Jiansheng had met on many occasions and were considered old acquaintances.

He felt somewhat puzzled. Why would a Level 8 Purifying Spirit Master accept a Beast Tamer as his disciple?

Sheng Lingfeng suppressed his doubts and walked towards Lin Jiansheng.

When Lin Jiansheng saw Sheng Lingfeng, he hurriedly hid his sadness and pretended to be surprised as he asked, “Grand Master Sheng, why are you here?”

Sheng Lingfeng sighed and cupped his fists at Lin Jiansheng guiltily. He said, “Master Lin, I really didn’t expect that the girl who fell into the Time Valley two days ago to save my beloved daughter was actually your beloved disciple!”

Upon hearing this, Lin Jiansheng widened his eyes and turned pale from shock. He hurriedly asked, “Previously, Grand Master Qingying said that my disciple fell into the Time Valley because she wanted to save a little girl. From what you’re saying, my disciple saved your beloved daughter?”

“It’s my daughter, Sheng Yang.” Sheng Lingfeng bowed to Lin Jiansheng with gratitude. The man bent his body 90 degrees towards Lin Jiansheng.

Lin Jiansheng revealed a sorrowful expression and lamented, “Forget it, forget it. That disciple of mine had a short unlucky life.” He seemed to have aged by a few years, and his strong and sturdy body had become hunched.

When Sheng Lingfeng saw that Lin Jiansheng was in so much pain, he felt sad too.

After a moment of silence, Sheng Lingfeng continued, “Yu Huang died to save my daughter, Sheng Yang. The Sheng family owes her too much! We can’t repay her kindness. Mr. Lin, I don’t know what I have to do to make you feel better.”

Lin Jiansheng was waiting for Sheng Lingfeng to say this. His eyes turned red again as he replied in a low voice, “If there’s a day when I really need the Sheng family’s help, I will come to find you. At that time, I hope you won’t reject me.”

Sheng Lingfeng had always been upright and frank. He immediately promised, “The Sheng family owes Yu Huang a huge favor. In the future, if you are in trouble and need help, the Sheng family will definitely do our best to help! We will never go back on our words!”

After a pause, Sheng Lingfeng added, “Of course, helping a villain do evil doesn’t count.”

Lin Jiansheng said, "You have to remember what you said today!"

With that, Lin Jiansheng looked at the sobbing Sheng Yang and asked her, "Did that disciple of mine say anything before she fell into the Time Valley?"

Sheng Yang shook her head. "No, Yu Huang didn't manage to say anything before... she fell into the Time Valley."

Lin Jiansheng was stunned for a moment before saying, "I have to go say goodbye to her. She had no one to rely on, no parents. The road to heaven is too cold, so I have to accompany her to talk."

With that said, Lin Jiansheng teleported and barged into the Lou Lan Ancient Pavilion, which was about to close.

Seeing this, Sheng Yang looked up at Sheng Lingfeng and asked worriedly, "Father, the Lou Lan Ancient Pavilion is about to close. Won't he be in danger for breaking into the Lou Lan Ancient Pavilion?"

Sheng Lingfeng looked back at the slowly closing door and said thoughtfully, "He's a Level 8 Purifying Spirit Master. He should be able to protect himself."

Sheng Yang was relieved.

...

Lin Jiansheng barged into the Lou Lan Ancient Pavilion and jumped into the eye of the spring. In the next moment, his figure appeared at the edge of the cliff. After the Lou Lan Ancient Pavilion closed, the energy in the Time Valley once again went out of control, and the entire deep valley became dark.

The light clusters of cultivation techniques that had been floating in the deep valley had all been hidden long ago, as if they were hiding from something terrifying. The birds on the cliff cried out uneasily, and in the space-time vortex at the bottom of the valley, lightning flashed and thunder rumbled, as if the end of the world had arrived.

Lin Jiansheng could sense how terrifying and freaky the bottom of the valley was just by standing at the edge of the cliff. His heart trembled, and he suspected that Yu Huang had long been pulverized by the Time Valley.

However, the blood contract in the Spiritual Abode was still glowing red. This meant that Yu Huang was still alive.

"Ah Huang, what exactly are you doing..."

His disciple was too bold and capricious. As her mentor, he was always worried and afraid.. Lin Jiansheng suspected that he would be frightened to death by Yu Huang sooner or later.

Chapter 90: The Scaryness of Divine Level Cultivation Techniques

He didn't know when Yu Huang would be able to escape from danger. Lin Jiansheng simply walked to a towering tree and sat down cross-legged. He focused on cultivating.

Although the energy in the Time Valley was chaotic, the Spiritual Energy was very rich. Cultivating here was more effective than cultivating in the outside world.

â€¦

Two days ago, when Yu Huang landed in the Time Valley and saw Sheng Yang's incredulous expression, she despised herself.

Yu Huang felt that she was very despicable.

Everyone thought that she had sacrificed herself to save Sheng Yang and fell into the Time Valley by accident.

But the truth was that she had used Sheng Yang.

Falling into the Time Valley was part of Yu Huang's plan. Inviting Sheng Yang to fly with her to search for cultivation techniques was also part of Yu Huang's plan.

Yu Huang knew that it would be even more difficult than ascending to the heavens for her to take down Yin Mingchong and the Yin Clan alone.

As the leader of the six great cultivation families, the Sheng family's patriarch, Sheng Lingfeng, was an upright and righteous person. In addition, he was the President of the Beast Tamer Alliance.

Befriending the Sheng family was beneficial to Yu Huang.

She deliberately created the illusion that she had fallen into the Time Valley to save Sheng Yang. Her goal was to gain Sheng Yang's friendship and Sheng Lingfeng's affection.

From the moment she extended her right hand to Sheng Yang and invited her to sit on the bird, Sheng Yang walked into the trap that Yu Huang had woven for her.

1

When she fell into the Time Valley and saw the shock and sorrow in Sheng Yang's eyes, she realized that her plan had worked. She knew that Sheng Yang would remember her kindness, and it might even be unforgettable.

Yu Huang's heart was black. In the process of manipulating Sheng Yang, Yu Huang did not hesitate or waver.

However, when she really achieved her goal, only when she saw Sheng Yang's sorrowful and sad expression did Yu Huang realize that her actions were very cruel. Sheng Yang was a pure white paper, but she had personally drawn a black plum on that paper.

The guilt in her heart flashed past. Before Yu Huang could repent, she was sucked into the spatial rift.

After being sucked into the vortex, Yu Huang was not pulverized by the chaotic energy inside the Time Valley.

This was very normal and was within Yu Huang's expectations. This was because Yu Huang had long suspected that the 'Time Valley' they had seen was not the real Time Valley at all. It was a manifestation of something.

The real Time Valley was actually hidden underneath this 'Time Valley'.

Yu Huang's body continued to sink. During the process, she saw the gray abyss and the terrifying scene of lightning and thunder rumbling in the abyss.

This made Yu Huang feel as if she was facing the end of the world.

Following that, Yu Huang discovered that the environment she was in had changed.

The sky above her head was still gray, but the place she was in had become an abandoned city.

She looked down and saw herself standing on the edge of a skyscraper. Below her, the concrete road and the standing bridge and the Huangpu River were clearly visible.

Yu Huang looked at the city scenery below her and was somewhat stunned.

Universal Finance Center, Huangpu River, the clearly visible Outer Banks of the River

This was Shanghai, the city where Yu Huang used to live!

1

In the Earth's Doomsday Era, there were 60 human survival bases worldwide. The Shanghai base was the only one in the entire southeastern region. The Universal Finance Building under her feet was the center of the base.

At that time, humans and animals were infected by the environment and had varying degrees of mutation. Mutated people would have messy thoughts, lose their rationality, and become a monster that ate people.

Once they discovered that someone had mutated, the police at the base would shoot the mutant to protect the people at the base.

Because Yu Huang was physically fit, she was selected to be a member of the base's police force.

How many mutants had Yu Huang killed in her life?

There were tens of thousands of them.

Yu Huang lowered her head and looked down. She saw a long line outside the building. Men and women in combat uniforms were standing outside the line and waiting to pass.

Although she didn't understand why she appeared in the Doomsday Era, Yu Huang decided to wait and see.

Yu Huang jumped down from the tall building and stood at the entrance of the checkpoint. She examined every human who returned to the base.

At that moment, a bloody smell unique to mutants entered Yu Huang's nose. Yu Huang looked in the direction of the smell and saw her adoptive mother.

Her adoptive mother was wearing a gray land battle suit. She sat with one leg curled up on the front cover of the pickup truck. Her skin was a healthy tan color due to years of being exposed to rough weather.

Her adoptive mother had deep eye sockets, a high nose bridge, and sexy red lips. She was a rare beauty in the base.

As if she had sensed Yu Huang's attention, the woman on the car hood looked up and saw that Yu Huang was looking at her with a sad and pained gaze. Her adoptive mother immediately felt uneasy.

Her adoptive mother lowered her head and saw that the blood on her arm had turned black. She realized that she had been infected.

Her adoptive mother quickly raised her head and took out a bright red apple from her pocket. She raised the apple and gave Yu Huang a bright smile. She mouthed to her, "Ah Huang, the apple isn't infected. Remember to eat it."

After deciphering her mother's lips, Yu Huang suddenly closed her eyes.

Yu Huang finally understood how terrifying this Divine Rank cultivation technique was.

Witch-level cultivation techniques could develop intelligence and could avoid the pursuit of Beast Tamers. Divine-level cultivation techniques were even more powerful. Not only did they have their own intelligence, but they could also scheme against Beast Tamers.

It must have pried into the guiltiest memory in Yu Huang's mind and created a net for her, sending her back to the day her mother passed away.

1

It wanted to let Yu Huang return to this day and let her make a new choice.

Should she kill her mother to maintain the order of the base? Or should she hide the truth behind her mother's mutation and secretly let her mother return to the base, causing the entire base to fall?
