Chapter 871: Searching for the Tomb of the Ancient Merman

Donor snapped his fingers at Yu Huang and said, "Do you understand now? Only Light Elves who have awakened the power of the Divine Master can evolve the Angel Sword and completely obtain the support of the Angel God."

At this point, Donor couldn't help but give Estelle a mixed look. He said, "Just like Estelle's demon god."

"I see." Staring at the Light Sword that was emitting a faint golden light in Donor's hand, Yu Huang smiled and said, "You, who have successfully absorbed the rib fragments of the Kunlun Divine Master, have also comprehended the power of the Divine Master. Therefore, your Light Sword has begun to evolve."

"That's right. But my ancestor, Moldo, didn't completely evolve the Angel Sword, so I don't know if I can completely evolve the Angel Sword. However, I'm already very satisfied with my current achievements."

With that, Donor noticed that Xiao Shu had also woken up and asked him, "What did you gain?"

Xiao Shu pondered for a moment before saying, "I used my divine sense to check my bones just now and discovered that there seem to be some golden light spots on my bones."

Xiao Shu frowned and said, "Although I don't know what it is, my intuition is that those things are very important."

The four of them waited for another two days before Yin Rong, Beatrice, Feng Yuncheng, and Estelle woke up one after another.

When Estelle woke up, he was surprised to find that the wings on his back had completely matured. They didn't look any smaller than Donor's wings.

Not only that, but his ugly cleft lip had also healed.

Although the current Estelle wasn't considered a handsome man, he was still a good-looking guy.

Estelle touched his lips in disbelief and realized that his appearance had changed. He took the mirror from Yin Rong and seriously sized up his appearance for the first time.

Yin Rong stared at Estelle's upright facial features and said, "In my opinion, Estelle might evolve into a handsome man in the future."

Estelle blushed from Yin Rong's praise. He returned the mirror to Yin Rong in embarrassment and raised his head to say to Yu Huang, "Since you're already awake, let's go to the deep sea now."

Yu Huang thought so too.

She stood up and stared in the direction where the marriage line fell. Then, she said, "The marriage line falls into the deep sea. Brother Xiao should be somewhere in the deep sea."

She didn't know what had happened to Sheng Xiao, but Yu Huang wanted to find him as soon as possible so that she could feel at ease. "Let's find the ancient merman's grave first."

"Okay."

The eight of them dived into the sea. Under the lead of a sea rabbit, they swam towards the deep sea. Just as Yu Huang and the others had analyzed, after successfully refining the ribs of the Kunlun Divine Master, their bodies were stained with the aura of the Kunlun Divine Master.

Therefore, when they approached the deep sea, the boundless energy in the barrier swept across their bodies before making way for them.

After successfully passing through the barrier line, Yu Huang and the others entered the deep sea of the isolated sea for the first time.

There were countless strange deep-sea monsters living here. Among them, the most numerous were sea rabbits. Most of the sea rabbits here were strong, and they were seven to eight times larger than the sea rabbits Yu Huang and the others had encountered earlier.

The sea rabbits originally wanted to attack Yu Huang and the others, but when they saw the merman in Yu Huang's team, Beatrice, they revealed stunned expressions and turned to run.

"Squeak squeak!"

The ancient merman had really revived!

The sea rabbits immediately used sound waves to spread the news of the ancient merman's revival throughout the entire sea. Thus, all the sea creatures in the isolated sea knew this news.

If the ancient merman revived, didn't that mean Master also revived?

Many old demons trembled in fear when they thought of their master.

When Beatrice heard the sea rabbits, she said to Yu Huang and the others in amusement, "These sea rabbits think that I'm an ancient merman and are sending the news of the ancient merman's revival to all the sea creatures."

Beatrice pricked up her ears to eavesdrop on the conversation of these sea creatures. After understanding what they were saying, Beatrice couldn't help but laugh and say, "They're all saying that since the ancient merman has revived, the host of the ancient merman, the Kunlun Divine Master, should have revived too."

"At this moment, the sea beasts are scared out of their wits."

Feng Yuncheng suddenly smiled maliciously when he heard this. He winked at Yu Huang and the others and said, "Then why don't I transform into the appearance of the Kunlun Divine Master now and scare these bastards to death?"

Although this was a little wicked, it was a good idea.

Yu Huang smiled and said, "Let's scare them away. It'll be easier for us to get things done."

“Okay!” Feng Yuncheng suddenly transformed into the appearance of the Kunlun Divine Master. He raised the killing net in his hand and caught a ferocious-looking fish. Then, he shook the fishing net and the fish turned into a pool of blood that dyed the nearby seawater red.

Although those sea rabbits didn’t know the Kunlun Divine Master, they had already heard about the image of the Kunlun Divine Master from their ancestors.

He was born with white eyebrows, a white birthmark on his forehead, and a killing net in his hand!

Who else could it be but the Kunlun Divine Master?

“Squeak squeak!”

“Squeak squeak!”

The various sea beasts in the sea emitted wave after wave of sound waves. Their sound waves sounded very sharp, piercing Yu Huang and the others’ eardrums.

Beatrice told everyone, “They’ve fallen into our trap. They all think that the Kunlun Divine Master has revived.” Beatrice noticed that the sea rabbits were jumping quickly in the distance. She sneered and said, “The sea rabbits are desperately escaping.”

After all the sea beasts had escaped, the deep sea was instantly silent and desolate. Yu Huang sneered and said, “It’s good that they’ve all escaped.”

Beatrice and the others swam in the isolated sea for two days before the sea rabbit that led the way for them stopped in fear and sent waves of sound waves at Beatrice in reverence.

After Beatrice heard the sea rabbit’s words, she stared at the dark seabed below and stopped. Then, she told everyone, “The sea rabbit told me that the ancient merman’s burial ground is below. The pressure below is too great. It can’t accompany us deeper.”

Yu Huang frowned and said to Beatrice, “Confirm it and see if it’s lying.”

Beatrice nodded and took a drop of the sea rabbit’s heart blood to form a Blood Pact with it. After forming a Blood Pact, the sea rabbit’s life and death depended on Beatrice’s will.

Beatrice said to the sea rabbit with a sound wave, “If you dare to lie, you will die instantly.”

The long ears on the sea rabbit’s head shook, and it let out a soft sound wave.

When Beatrice heard this, she told Yu Huang and the others, “The sea rabbit said that the ancient merman’s burial ground is very mysterious and will only appear once every hundred years. It’s almost impossible for ordinary people to find the ancient merman’s burial ground because the place it lives in is a hellish place. If we go to that place, everyone will die.”

Xiao Shu sneered at the sea rabbit and scolded, “As expected of a dishonest beast.”

Chapter 872: Both Beast Form and First Wife

When the sea rabbit saw Yu Huang and the others staring at it with unfriendly gazes, it was so frightened that it lowered its ears and covered its eyes with its ears.

“Forget it, let it go,” Yu Huang told Beatrice. “Beatrice, tell the sea rabbit to find its clansmen to help find Sheng Xiao, then come here and report his whereabouts.”

“Okay.”

After letting the sea rabbit go, Yu Huang and the others dived into the deep sea.

Just as the sea rabbit had said, at the bottom of the deep sea, sunlight couldn't shine in at all. This place was pitch-black and without light. The seawater was bone-chilling, and the pressure was extremely terrifying. If Yu Huang and the others didn't have a protective shield to protect their bodies, they wouldn't have lasted for more than two minutes before their bodies exploded and died.

At this depth, the figures of the sea rabbits and ordinary sea beasts could no longer be seen. The sea beasts that could live at this depth were all super sea beasts from the ancient era.

Yu Huang and the others continued to dive. When they reached a depth of more than seven thousand meters under the sea, they had the feeling that it was difficult to move even a single inch. The protective shield used to protect them was also getting smaller and thinner.

Feng Yuncheng was the first to stop. He frowned and said, “I've reached my limit. If I continue to dive, my protective shield will break.”

Feng Yuncheng didn't have the cultivation level of a Supreme Master yet. Being able to dive to this depth was already his limit.

At the same time, Yin Rong said, “I'm also almost at my limit.”

Beatrice saw that Feng Yuncheng's face was slightly pale. The protective shield around his body only looked like a thin layer and could lose its effect anytime. She hesitated for a moment before saying to Yu Huang and the others, “You guys can continue diving. I won't go.”

Feng Yuncheng's eyes widened when he heard this. “Your Highness!” Feng Yuncheng hurriedly shook his head and said anxiously, “Your Highness, it's very likely that there will be opportunities for you in the ancient merman tombstone. You can't give up halfway.”

But Beatrice said, “I'm worried about you staying here alone.”

Feng Yuncheng was extremely touched.

However, it was bad enough that he couldn't help Beatrice. He would never allow himself to drag Beatrice down. Feng Yuncheng said, “Your Highness, you have to go. Yin Rong and I will return to the land directly. We will wait for you on the land.”

Yin Rong nodded as well and said, “That's right. Let's go back the way we came.”

Xiao Shu laughed and said to Beatrice, “Beatrice, continue to dive with Yu Huang and the others. I'll stay here.”

Seeing that Xiao Shu was willing to stay, Yu Huang asked Xiao Shu, "No one knows what's in the tombstone of the ancient merman. Perhaps your golden opportunity is also hidden there. Are you really not going?"

Xiao Shu glanced at Yin Rong and shook his head calmly. "I'm not going. Opportunities are indeed important, but I've already found the most important thing in my life." Xiao Shu held Yin Rong's hand and said to Yu Huang and the others, "Go. I'll stay behind to accompany Rong'er and Yuncheng. If your lives are in danger, send a signal flare to call me."

Yu Huang also felt that there was a high chance that Beatrice's golden opportunity was hidden in the ancient merman's tomb. Letting Xiao Shu stay and letting Beatrice go to the ancient merman's burial ground was indeed the best way.

Yu Huang immediately made a decision. "Alright, then wait for us here."

Yu Huang, Donor, and the others checked the high-pressure and powerful signal flares they carried with them. Seeing that the signal flares could still be used, they continued to dive into the deep sea.

Beatrice gave Feng Yuncheng a deep look before chasing after Yu Huang and the others without looking back.

They continued to dive for more than half a day.

At this depth, there were no longer any marine creatures in the sea. The Night-Luminescent Pearl in Yu Huang's hand was unable to emit light in the sea.

The five of them held hands and continued to set off towards the pitch-black deep sea.

Suddenly, Yu Huang realized that the seawater had disappeared and turned into a droplet-shaped fog. They continued to sink deeper into this fog.

"Look!" Estelle suddenly exclaimed.

Yu Huang and the others opened their eyes curiously and discovered that they were actually floating in a black cloud!

Where was the sea?

Weren't they at the bottom of the sea?

Sensing that they were still falling, the five of them subconsciously held each other's hands tightly.

Swish! Swish!

They passed through the black clouds and saw an infinitely wide land! It was an endless grassland filled with dark green grass.

Before Yu Huang and the others could process all of this, they quickly fell to the land below.

"Ah!"

The five of them screamed and landed on the soft grass. Then, they helped each other up. When they looked up, they found the corpses of a few giant sea beasts lying on the plain in front of them.

Presumably, these corpses were pitiful sea beasts that had fallen from the bottom of the sea and died here tragically.

Yu Huang raised her head and looked up. Only then did she realize that there were no white clouds or blue sky here. There was only an incomparably huge black eye of the storm.

Behind the eye of the storm, there was the isolated sea of the Kunlun Mystic Realm.

Who would have thought that under the isolated sea of the Kunlun Mystic Realm, there was actually a piece of land!

When Yu Huang thought of what the sea rabbit had said to Beatrice, she said in a low voice, "The sea rabbit and all the sea beasts are all aquatic demon beasts. If they leave the water, they will dry up and die. Although there is oxygen on land, there is no seawater. This is indeed hell for the sea rabbit and the others."

Donor quickly walked in front of the pile of sea beast bones. He could sense the despair and pain of these sea beasts before they died.

Donor shook his head and sighed. "I really didn't expect the Kunlun Divine Master to build a land at the bottom of the sea just to bury his beast form merman."

Beatrice was still shocked. She said, "Who would expect that there's actually a piece of land hidden at the bottom of the sea? Probably no one had discovered that Kunlun Divine Master buried his beast form merman here."

Yu Huang flew up and relying on her Purifying Spirit Master vision, she saw a tall and beautiful merman statue in the distance.

The statue was lifelike and Yu Huang could clearly see the shape of every scale on the merman's body. She noticed a line of words written below the statue.

However, Yu Huang couldn't understand the writing since it was from the ancient era.

Yu Huang returned to the ground and used her sword to write the words on the ground. Then, she asked Donor and the others, "Who among you recognizes these words?"

Estelle and Kunlun shook their heads immediately.

Neither of them could read.

Beatrice and Donor only glanced at the words before saying at the same time, "These are ancient words."

Yu Huang's eyes instantly lit up. "What's written?"

Beatrice pointed at the second word and said, "I know this word. It's 'wife'."

Donor stared at the last word and said, "I only recognize this word. This word is 'Spirit'."

The three of them stared at the line of words and looked at each other. They blurted out at the same time, "My wife's 'Spirit'!"

Yu Huang suddenly raised her head and looked into the distance as she said in shock, “Not only was the ancient merman the beast form of the Kunlun Divine Master, but also his wife!”

Chapter 873: Untitled

Everyone in the cultivation world knew—

Beast Tamers with the cultivation of a Scholar could use spiritual power to fight on land. Beast Tamers with the cultivation of a Master could use spiritual power to fight in the sky. Beast Tamers with the cultivation of a Supreme Master could fuse with their beast form and freely control their beast form to change their battle form.

On the other hand, Grand Master Beast Tamers could completely fuse with their beast forms and achieve the power of one plus one greater than two in battle.

After a Beast Tamer broke through to the Prime Master Realm, their beast form would be given life and become a demon beast that cultivated on its own.

After Beast Tamers reached the Divine Master Realm, their beast form could even have a human body. They could completely escape the restrictions of the demon beast bloodline and have a brand new life.

However, this only existed in legends.

After all, it had been more than ten thousand years since a Beast Tamer broke through to the Divine Master Realm in the three thousand worlds. The theory that a Divine Master’s beast form could transform into a human only existed in legends.

If the legend was true, and a Divine Master’s beast form could really transform into a human, then it wasn’t strange that the Kunlun Divine Master married his beast form.

After all, beast forms accompanied the host Beast Tamer day and night. It was very easy for them to develop feelings for each other.

Donor suppressed his surprise and said, “Let’s go take a look first, in case we’re mistaken.”

“Okay.”

The four of them rested for a short moment before setting off again towards the merman statue. They ran for thousands of meters towards the west and finally saw the figure of the statue.

That statue was very tall and exquisitely carved. As it stood on the plain, it almost towered into the sky.

The scene in front of them looked mighty and sacred.

Staring at the merman’s gorgeous face, everyone couldn’t help but stop in their tracks. As Beatrice looked at the merman’s devastatingly beautiful face from afar, her breathing gradually slowed down and she praised sincerely, “She’s so beautiful.”

The beautiful appearance of the merman in front of them mesmerized them.

Even Donor nodded in agreement with Beatrice. “She’s indeed beautiful.”

Yu Huang stared at the merman's face and looked at it carefully. After a moment, she suddenly turned around and asked Donor and Beatrice, "Don't you guys notice that her appearance is familiar, as if we've seen her before?"

Donor searched his memories, but he didn't find any memories related to the woman in front of him. He shook his head and said, "I've never seen her before."

Beatrice's gaze flickered, as if she had thought of something, but she wasn't sure.

Yu Huang slowly walked forward, then she looked up at the merman's appearance and said, "In the quarterly group arena competition held by the Divine Realm Academy, my merman friend Na Luo once used a mysterious cultivation technique called the Heaven Extermination Finger. When she used the Heaven Extermination Finger, she summoned a beautiful merman with a golden tail."

"After that battle ended, Na Luo once told Yang Yang and me that the beautiful merman with the golden tail was her mother. Back then, we all believed it without a doubt, but after the changes in the Blood Peacock Organization, we discovered that the ancient merman had a strange ability to be reborn infinitely. The undead merman that Na Luo summoned back then wasn't her mother, but her appearance after she reached adulthood."

Yu Huang pointed at the statue of the ancient merman in the distance and said, "Don't you think that this merman's appearance is very similar to that of the adult Prime Emperor Na Luo?"

While fighting the Blood Peacock Organization many times, Donor and Beatrice had seen Prime Emperor Na Luo's face from afar.

After Yu Huang said that, Beatrice and the others realized that the appearance of the ancient merman in front of them was indeed somewhat similar to Na Luo's.

Recalling the inscriptions engraved under the merman statue and the merman's similar appearance to Prime Emperor Na Luo, Beatrice guessed a possibility. She said in shock, "Are you suspecting that Prime Emperor Na Luo is the descendant of the Kunlun Divine Master and this ancient merman?"

Yu Huang shook her head and said, "I think that she's the daughter of the Kunlun Divine Master!"

Hearing this, everyone turned around in unison and looked at Kunlun.

Kunlun hadn't spoken since he saw the statue of the ancient merman, but his eyes were filled with sadness.

When Kunlun saw that everyone was looking at him, he shook his head and said, "I don't remember."

Yu Huang stood on her tiptoes and patted Kunlun's shoulder as she said, "This is just our guess. We still don't know if it's true or not."

Kunlun nodded. When he pressed his chest and felt his heart racing. He said sadly, "For some reason, my heart started aching the moment I saw her."

Kunlun even felt a lump in his throat.

He said, "I want to get closer. I want to take a good look at her."

“Okay.”

Everyone increased their speed again.

Just as Yu Huang and the others were about to approach the statue, an angry dragon’s roar suddenly sounded. When she heard this familiar dragon’s roar, a look of shock flashed across Yu Huang’s eyes.

Brother Xiao?

She looked up in shock and saw a black dragon suddenly fly out from the back of the ancient merman’s statue. Its huge body almost blocked all the light in the sky.

After the Black Qing Sky Dragon descended from the sky and landed in front of Yu Huang and the others, it raised its dragon head and let out a deafening roar at them—

“Roar!”

The dragon roar was accompanied by a spiritual attack, causing Yu Huang’s hair to flutter. She couldn’t help but close her eyes.

When the violent wind stopped, Yu Huang and the others opened their eyes anxiously and met a pile of pitch-black dragon eyes.

His eyes were cold and devoid of any warmth. Yu Huang and the others were just random figures in Sheng Xiao’s eyes.

“Brother Xiao!”

Yu Huang called out to Black Qing Sky Dragon tentatively.

Sheng Xiao heard her call, but he didn’t react at all. He clamped his dragon claws hard, as if he didn’t know them at all.

Instantly, the entire land shook.

“Shameless humans, leave quickly. Otherwise, I’ll kill you all without mercy!”

With that said, the dragon scales on the dragon’s body suddenly stood up upside down. Endless black fog lingered around the dragon’s body. Immediately after, the dragon transformed into a tall and handsome man.

The man was wearing dragon scale armor and holding a heavy dragon-patterned sword that emitted a cold aura. The dragon horn on his forehead was so black that it gleamed.

Who else could it be but Sheng Xiao?

Seeing that Black Qing Sky Dragon had turned into the Sheng Xiao they were familiar with, Donor and the others shouted at the same time, “Sheng Xiao! Don’t you recognize us?”

How did Sheng Xiao respond to them?

Sheng Xiao's expression was still cold and firm as he slowly raised the Dragon Sword in his hand. The tip of the sword pointed at the dark clouds in the sky, then all the dark clouds descended along the Dragon Sword.

As Sheng Xiao hid in the black fog, his figure changed quickly. Then, everyone saw nine Sheng Xiaos appear in front of them at the same time.

Chapter 874: The Couple That Started Fighting At The Drop Of A Hat

"One Sword Slashes the Nine Heavens!"

One Sword Slash the Nine Heavens was a move that Sheng Xiao had just comprehended. He had just killed the Nine-tailed Snake Demon with this move not long ago.

Who would have thought that he would actually use the most ruthless cultivation technique on his closest friends?

When she saw this scene, Yu Huang froze on the spot.

"Brother Xiao, what's wrong?"

Seeing that Sheng Xiao attacked so ruthlessly, Donor said decisively, "Yu Huang, Sheng Xiao's mind is controlled by an unknown force. He doesn't remember us at all now!"

Yu Huang had actually guessed Sheng Xiao's situation. She just didn't dare to face it.

Seeing that Sheng Xiao was about to kill them mercilessly, Donor and Estelle looked at each other. Then, they took out the Light Sword and the Demon Scythe at the same time and summoned the angel and demon to the human world.

After Estelle spread the black wings on his back, his aura instantly became sinister and dangerous. He waved the Demon Scythe in his hand and shouted in a cold voice—

"Demon's Death!"

An illusory and sinister demonic phantom appeared from the Demon Scythe and rushed to the first Sheng Xiao. It reached out its demonic claws and grabbed Sheng Xiao's throat.

Seeing this, the angel descended from the sky and slapped Sheng Xiao's head mercilessly.

Boom!

The first Sheng Xiao was crushed.

Then, they used the same move to crush three Sheng Xiaos. At that moment, the illusions of the demon and angel began to disappear.

"Yu Huang, the rest is up to you!" Donor and Estelle retreated immediately and handed the battlefield to Yu Huang.

At that moment, Yu Huang had already regained her composure.

Yu Huang had seen how powerful Sheng Xiao was in his peak state. Even if all of them worked together, they might not be able to defeat him.

They would be lucky if they could even break even with Sheng Xiao.

But the biggest possibility was that they would be defeated and become Sheng Xiao's victims.

Yu Huang knew very well how much Sheng Xiao cared about Donor and his friends. If Sheng Xiao came to his senses and realized that his good friends and lover had all died under his sword, he would be in so much anguish that he would wish he was dead.

Yu Huang would never let Sheng Xiao become a murderer.

She would rather kill Sheng Xiao herself than allow him to kill his best friends and lover. At the thought of that, Yu Huang quickly made up her mind and adjusted her state.

Yu Huang swayed her waist, and nine black furry fox tails appeared on her back.

After her cultivation level broke through to the Supreme Master Realm, this was the first time Yu Huang had used Mo Xiao's beast form and cultivation technique. The nine tails on her back were the sign of her initial fusion with the nine-tailed fox.

"Nine Tails Appear!"

The illusory figure of a dark purple nine-tailed fox appeared above Yu Huang's head. When the dark purple nine-tailed fox's eyes swept towards the ground, its two eyes appeared as bright and dazzling as lamps.

After, the nine-tailed fox raised its head and roared at the sky, the violent energy in the black storm eye surged towards it in unison, and there was intense lightning power mixed within it.

Yu Huang suddenly raised her right hand and clenched it in the void. The phantom of the nine-tailed fox in the sky also forcefully grabbed the power of the storm and lightning.

"Nine tails appear, the world collapses, and everything is activated!"

Yu Huang waved her right hand, and the nine-tailed fox also waved its right arm.

Boom!

Countless lightning balls hidden in the black fog turned into a hemispherical energy shield that descended from the sky and enveloped Sheng Xiao.

As soon as the hemisphere covered Sheng Xiao, the lightning balls inside exploded one after another.

Bang!

Bang!

Bang!

After a deafening explosion, the energy shield in the hemisphere disappeared, and the black fog that had gathered slowly dissipated.

Everyone widened their eyes and watched the situation on the battlefield intently.

Just as the black fog was about to dissipate, two tall black figures walked out. They were both Sheng Xiao.

The Sheng Xiao who was walking in front was in rags and his body was covered in blood. It was obvious that he was injured. The Sheng Xiao who was following behind still had his armor intact. He looked imposing.

Seeing this, Beatrice exclaimed, "There are two more!"

Everyone's expressions changed.

The Myriad Slash cultivation technique had a very obvious characteristic. The higher the number the move was, the stronger the cultivation technique's energy.

Yu Huang, Donor, and the others joined forces to resolve the first seven moves, but there were still the strongest two moves left.

At that moment, Yu Huang and the others were exhausted. On the other hand, Sheng Xiao seemed to be quite relaxed.

At that moment, the Sheng Xiao who was at the front suddenly raised the Dragon Sword in his hand and slashed at Donor and the others.

Seeing this, everyone gathered around each other and quickly formed an umbrella formation. With Yu Huang as the array core, they gathered all their spiritual power to fight Sheng Xiao together!

After receiving the help of Beatrice, Donor, and the others, Yu Huang immediately sensed that the spiritual power in her body had already reached the peak of the late-stage Supreme Master Realm.

With a shake of her right palm, the Aofeng Bow appeared in her palm.

As Yu Huang held the Aofeng Bow, she mobilized the psychic energy in her Spiritual Abode world. The psychic energy body turned into a fan-shaped arrow and pulled the Aofeng Bow to the max.

Yu Huang narrowed her eyes and aimed at Sheng Xiao. When Sheng Xiao slashed down, she let go.

"Blazing Moon Art!"

Swish!

The psychic fan-shaped arrow turned into three sharp arrows. Under Yu Huang's psychic control, they attacked Sheng Xiao from the front and left.

The three long arrows trapped Sheng Xiao's sword power. The two sides were in a stalemate, but in the end, Yu Huang and the others successfully suppressed Sheng Xiao's eighth move.

Bang!

The eighth Sheng Xiao and the sword energy around him disappeared with a deafening explosion.

At this moment, Yu Huang and the others' combat strength was close to zero.

Sheng Xiao's ninth move had yet to be used.

Sheng Xiao looked at Yu Huang, who was standing in front of Donor and the others. He suddenly smelled the sweet and delicious scent of blood.

That smell...

It made Sheng Xiao hungry.

Yu Huang was wearing a short shirt with a round collar, revealing her slender neck and sexy collarbones. As Sheng Xiao stared at Yu Huang's neck, he felt as if he could hear her blood flowing in her veins.

Sheng Xiao felt thirsty.

Yu Huang noticed that Sheng Xiao's gaze was getting more and more ferocious. When she realized that Sheng Xiao had his sights set on her, she felt a chill down her spine.

Damn it!

"Run! Return to the sea and leave this place!" With that said, Yu Huang turned around and ran towards the center of the black storm eye. Donor and the others followed closely behind.

Yu Huang spread her phoenix wings and was about to take off when Sheng Xiao turned into Black Qing Sky Dragon and caught up quickly. The dragon opened its bloody mouth and bit the wings on Yu Huang's back mercilessly.

"Ah!!!" After the roots of her wings were bitten off, Yu Huang raised her head in pain and let out a shrill cry.

When she screamed, the veins on her neck bulged, and she looked in extreme pain. Blood splattered from her wound and splattered into the deep sky, instantly dying the sky red.

Chapter 875: Don't Doubt It, We're a Couple

Kunlun and the others turned to look down when they heard the scream. When they saw that Yu Huang's body was trapped by Sheng Xiao and one of her wings was bitten, they were furious.

"Yu Huang, fight back!" Donor urged Yu Huang to fight back.

It wasn't that Yu Huang didn't want to fight back. One of her wings had been bitten off, and her body was completely entangled by Sheng Xiao. She couldn't fight back at all.

The Black Qing Sky Dragon's tail suddenly curled up and wrapped around Yu Huang's body tightly. After confirming that Yu Huang was unable to break free from his restraints, he released his sharp teeth to bite off Yu Huang's other wing.

Right at this moment, a wisp of fiery red light suddenly flew out from between Yu Huang's eyebrows.

Swish!

A loud bird cry echoed.

A Divine Feather Phoenix that was burning with red true fire was reborn from the flames. The phoenix's wings covered the entire sky. As its gorgeous tail trembled slightly, the grass on the entire plain was instantly sucked dry. They lost their vitality and turned into withered grass.

When the Black Qing Sky Dragon heard the cry of the Divine Feather Phoenix, it acted as if it had heard the provocation of its old enemy. It quickly raised its head and stared coldly at the phoenix.

“Roar!”

The dragon suddenly let go of Yu Huang and turned around to fly towards the Divine Feather Phoenix. When the Divine Feather Phoenix heard the dragon roar, the battle spirit in the depths of its soul was completely aroused.

After a loud cry, the Divine Feather Phoenix flew towards the Black Qing Sky Dragon with Purifying Evil Phoenix Flame that filled the sky. It arrived in front of the Black Qing Sky Dragon in the blink of an eye.

The phoenix suddenly opened its beak and bit the head of the Black Qing Sky Dragon.

“Roar!” Black Qing Sky Dragon's cry came from the mouth of the Divine Realm Phoenix. It sounded angry and unwilling.

The phoenix bit the dragon's head and shook it hard. Its body was huge and it had endless energy in its body.

As its head swayed, the dragon's body was repeatedly smashed to the ground by it. Soon, the dragon's tail was injured and it bled profusely.

At this moment, the dragon's tail suddenly curled up forcefully and hooked onto the gorgeous tail wings on the Divine Feather Phoenix's tail tightly.

With its tail wings entangled, the phoenix lost its balance and was unable to fly.

Seeing this, the Black Qing Sky Dragon swung its tail angrily and forcefully pulled the phoenix's tail. The phoenix's tail wings were almost broken, and it could no longer hold on. Only then did it open its mouth unwillingly and let go of the Black Qing Sky Dragon's head.

After relaxing its mouth, the Divine Feather Phoenix quickly turned its head and pecked at the dragon tail behind it.

At this moment, the Black Qing Sky Dragon took the opportunity to pounce from behind and opened its bloody mouth mercilessly to bite the Divine Feather Phoenix's head.

Swish!

A few bloody holes were instantly bitten through the Divine Feather Phoenix's neck. The Divine Feather Phoenix wailed and turned into a ball of red light that flew back into Yu Huang's body.

Seeing the phoenix disappear and hide in Yu Huang's body, the Black Qing Sky Dragon dragged its injured dragon tail and flew in front of Yu Huang.

He approached Yu Huang step by step and opened his bloody mouth to bite off her body. At this moment, Yu Huang suddenly raised her hands above her head.

She revealed the marriage line in her left hand and grabbed it forcefully with her right hand. As Yu Huang spat out blood, she said with difficulty, "If you dare to bite me, I'll break the marriage line so that you won't be able to find me for eternity!"

When it heard this, the dragon's mouth, which was larger than a basin, froze in front of Yu Huang's head.

The pair of beast eyes flickered with confusion. He had clearly seen the marriage line on Yu Huang's finger. He looked along the line and discovered that there was also a line on his front claw.

And that line was actually connected to Yu Huang's red line.

Sheng Xiao had lost his memory and forgot about his identity. He thought that he was the guardian of this continent and the tomb guardian beast responsible for protecting the ancient merman's tomb.

But this didn't mean that he was incapable of thinking rationally or that he didn't understand human emotions.

When Sheng Xiao realized that there was a connection between him and the woman in front of him, he stopped and squatted a distance away from Yu Huang. He looked at her warily and curiously.

After Yu Huang struggled to get up, she found her wallet and took out a photo. Yu Huang and Sheng Xiao didn't take a wedding photo. They had taken a marriage registration photo.

The photo hidden in Yu Huang's wallet was their marriage registration photo.

Yu Huang faced the photo towards Sheng Xiao and said, "Don't doubt me. We're a couple."

Black Qing Sky Dragon turned into Sheng Xiao.

Sheng Xiao walked to Yu Huang warily. After confirming that Yu Huang wouldn't attack him, he quickly snatched the photo from her hand.

Sheng Xiao's expression became complicated when he saw him and Yu Huang in the photo.

Yu Huang thought that Sheng Xiao still didn't believe that they were a couple, so she pointed at the marriage line on her ring finger and said, "You and I got married a long time ago. We even formed a marriage compact. This can't be faked."

When Sheng Xiao's gaze landed on the marriage line between them, his eyes flickered, but he remained silent.

Seeing that he didn't say anything, Yu Huang thought that he still didn't believe her. She simply went all out and said, "If you still don't believe me, then we can only take off our clothes to verify it."

Yu Huang said without blinking, "The mole beside your Adam's apple is your sensitive point. Whenever I kiss the mole, you become extremely excited. There's also a black mole near the base of your thigh. I've pressed it with my hand before and with my mouth..."

Seeing that Kunlun and the others were rushing over, Yu Huang was too embarrassed to say the remaining words.

But Sheng Xiao understood what Yu Huang meant.

He immediately blushed in embarrassment. He didn't need to take off his pants to check the top of his left thigh. He realized that an abnormal heat was rising in his body.

Yu Huang waved at Sheng Xiao and said, "Come closer. I don't have the strength to get up."

Sheng Xiao hesitated for a moment before squatting down and leaning his head against Yu Huang's cheek.

Yu Huang, who claimed that she was weak a second ago, suddenly reached out and hugged Sheng Xiao's neck. Then, she raised her head and kissed the mole beside Sheng Xiao's collarbone.

When the tip of her tongue moved, Sheng Xiao felt his scalp go numb.

Sheng Xiao was still immersed in the thrilling sensation, but Yu Huang had already pushed him away mercilessly. She raised her eyebrows and asked him, "How is it? Isn't it exciting?"

1

Sheng Xiao was speechless.

Sheng Xiao believed Yu Huang's words now.

At this moment, Kunlun and the others arrived in front of them.

Donor stared at them worriedly and in confusion. When he saw that Sheng Xiao's face was flushed and Yu Huang's face was pale, he asked in confusion, "What's going on? You two were fighting just now and wanted to skin each other alive. Why are you hugging and biting each other now?"

Beatrice stared at Sheng Xiao's face and asked, "Sheng Xiao, you remember everything now?"

Sheng Xiao looked at Yu Huang.

He didn't even notice that the way he looked at Yu Huang was filled with trust and dependence.

Chapter 876: Immature Sheng Xiao

Sheng Xiao didn't remember Donor and the others either. He looked at Donor warily and quickly stood up to protect Yu Huang behind him.

Yu Huang pushed Sheng Xiao away and looked up at Donor and the others. "He doesn't remember anything yet. He doesn't even remember that I'm his wife. However, he won't attack us again for the time being."

Yu Huang glanced at Sheng Xiao and pointed at Beatrice. "She's your sister." She pointed at Donor and Estelle, then said, "These are your brothers."

In the end, she pointed at Kunlun and said, "This is your uncle, Kunlun."

Yu Huang took advantage of Sheng Xiao losing his memory to play with him.

However, Sheng Xiao felt that something was wrong.

He frowned and said, "You're lying to me. I have black eyes, but my 'sister' has blue eyes."

Beatrice raised her eyebrows with a playful expression.

Sheng Xiao pointed at Donor and Estelle. "I have yellow skin, but they have white and black skin."

Donor and Estelle exchanged looks and raised their eyebrows with baffled expressions.

Sheng Xiao stared at Kunlun and shook his head as he said, "He's a baboon and I'm a human. 'Uncle Kunlun' is not even from the same race as me. So, he's not my uncle."

Then, Sheng Xiao turned around and said to Yu Huang seriously, "But I know that you're my wife."

Seeing this, Donor smiled and said, "I'm relieved to see that you haven't completely become an idiot."

Yu Huang sneered too and she told Sheng Xiao, "I lied to you. I'm not your wife. The red line between us is not a marriage line, but a slave line. I'm the master and you're the slave. You're just a sex slave I bought from the black market for twenty thousand yuan."

Yu Huang looked up arrogantly and said to Sheng Xiao, "Call me Master."

Sheng Xiao was stunned by Yu Huang's words.

As he looked at Yu Huang, for a moment, he couldn't tell if she was lying or telling the truth.

Yu Huang nodded at Beatrice, Donor, and the others. Then, she said to Sheng Xiao, "You can ask them if you don't believe me."

Sheng Xiao was silent for a while before saying, "You guys are in cahoots."

Therefore, their words couldn't be trusted.

Seeing that Sheng Xiao wasn't easy to deceive, Yu Huang couldn't help but feel bored. She lost interest in teasing Sheng Xiao.

After Donor and the others confirmed that Sheng Xiao wouldn't attack them for the time being, they sat down cross-legged opposite Sheng Xiao and Yu Huang.

Donor said, "Sheng Xiao."

Sheng Xiao looked up at Donor.

It was obvious that he had a deep memory of his name.

Donor asked him, "You really don't remember us?"

Sheng Xiao shook his head and asked, "Should I remember you guys?"

Donor fell silent.

Beatrice asked, "Then what do you remember now?"

Everyone looked at Sheng Xiao.

Sheng Xiao turned to look at the statue behind him and said, "I'm the tomb guardian beast of the ancient merman. My duty is to protect the ancient merman's tomb and resist all intruding creatures."

With that, he glanced at Donor and the others with hostility and said coldly, "You guys shouldn't have come here. This is the resting place of the ancient merman. Disturbance is forbidden!"

Clearly, Sheng Xiao believed that he was the tomb guardian beast.

Yu Huang snorted and sneered as she said, "The ancient merman has been dead for more than ten thousand years. Last year, you were sleeping with me under the same blanket. What kind of tomb guardian beast are you?!"

Sheng Xiao was speechless.

Donor and the others revealed amused expressions.

Sheng Xiao had another memory in his mind, so he was suspicious of Yu Huang's words and said, "I don't remember you guys, but I remember my life."

Yu Huang crossed her arms and sneered as she asked him, "Then tell me, what memories do you have?"

Sheng Xiao pondered for a moment and said, "A long time ago, Master captured many demon beasts from the three thousand worlds. I was one of them."

Hearing this, Estelle subconsciously asked, "Then what demon beast are you?"

Sheng Xiao replied subconsciously, "I'm the Azure Dragon of Slaughter."

"Pfft!" Donor and the others laughed.

Sheng Xiao stared at them gloomily. "What are you guys laughing at?"

"Azure Dragon of Slaughter?" Donor pointed at Sheng Xiao. "Transform and see if you're an Azure Dragon or a Black Dragon."

Sheng Xiao thought about how he fought Yu Huang in his beast form. He seemed to be... a black dragon.

But wasn't he an Azure Dragon?

Sheng Xiao was stunned.

Yu Huang urged him, "Continue."

For some reason, Sheng Xiao couldn't help but glance at Yu Huang diffidently. Then, he continued, "Master gathered all the demon beasts in the Kunlun Small World and made us kill each other. The demon beast that won in the end was chosen as the tomb guardian beast."

Sheng Xiao looked proud as he patted his chest and said, "I'm the strongest demon beast."

Everyone looked at Sheng Xiao with amusement. "What happened after that?"

Sheng Xiao continued, "Because I was the strongest demon beast, I was lucky enough to be brought here by Master and I became the tomb guardian beast of the ancient merman."

"I've guarded this place for tens of thousands of years and killed many intruders." At that point, Sheng Xiao pointed at the demon beast corpses around him and said proudly, "Look, these are the beasts that have died under my claws all these years."

Yu Huang and the others turned around and stared at the demon beast's corpses. Then, they gave Sheng Xiao a thumbs up. "You're so impressive."

Sheng Xiao nodded. "Now, you know how powerful I am!" He looked up proudly and put on a dignified and terrifying expression to intimidate Donor and the others. "If you know your place, leave on your own."

Donor and the others were speechless.

Donor turned to Estelle and the others and whispered, "Don't you think that Sheng Xiao's words are very childish today?"

Estelle, Beatrice, and Kunlun nodded.

Yu Huang suddenly said, "There might be another soul in his Spiritual Abode world." She looked at Sheng Xiao thoughtfully and said, "I suspect that it's the soul of the Azure Dragon."

Beatrice nodded. "I think so too."

It was obvious that after they fought with the male Winged Fish last time, Sheng Xiao was accidentally swept into the land world under the sea for some reason. He must have met the Azure Dragon and was possessed by the Azure Dragon's soul for some other reason.

Yu Huang suddenly reached out and held Sheng Xiao's arm. She said sweetly, "Brother Xiao, let them go. Let me stay here with you, okay?"

Sheng Xiao looked conflicted.

As a tomb guardian beast, he should not allow any intruders to stay here.

However, he couldn't bear to let Yu Huang leave.

Yu Huang deliberately rubbed her softest body part against Sheng Xiao. She let out a gentle and charming voice while seducing Sheng Xiao. "Brother Xiao, I can't live without you. Let me stay here with you, okay?"

"In any case, my strength is inferior to yours, so I can't defeat you. Even if I accompany you, I won't pose any threat to you, okay?"

Seeing Yu Huang wheedling, Donor and the others widened their eyes in shock.

At this moment, they all had the same thought—

So Yu Huang knew how to wheedle!

Sheng Xiao had never seen Yu Huang act so seductive before. He was already mesmerized by Yu Huang's charming winks. How could he bear to turn her away?

“Then... alright.” Sheng Xiao immediately looked at Donor and the others coldly. “But you guys have to leave!”

Yu Huang blinked at Donor and the others.

Although Donor and the others didn’t understand what Yu Huang was up to, they decided to cooperate with her.

“Alright then.”

Donor and the others stood up together. They bid farewell to Yu Huang solemnly and turned to leave. As soon as they left, Yu Huang held Sheng Xiao’s hand and stood up. “Brother Xiao, bring me back too.”

“Okay.”

The two of them had just taken a few steps in the direction of the ancient merman statue when Sheng Xiao suddenly realized that the arm on his arm had fallen.

Sheng Xiao was puzzled. When he turned around, Yu Huang blew dust into his eyes.

“Ah!”

Sheng Xiao felt a sharp pain in his eyes when the dust entered.

Chapter 877: In Terms of Ruthlessness, Yu Huang Is More Ruthless

At that moment, Yu Huang quickly took out a Spirit Binding Rope and tied Sheng Xiao up. She whistled, then Donor and the others ran out from behind a large demon beast skeleton.

Donor and the others were excited to see Yu Huang tie Sheng Xiao up. “Good job, Yu Huang. You’re so ruthless.”

How could ordinary people think of this method?

Yu Huang didn’t waste time. She said quickly, “Hold him down. Don’t let him escape. I want to purify his spirit.”

“Okay!”

Kunlun sat on Sheng Xiao’s chest. Beatrice pressed Sheng Xiao’s legs. Donor and Estelle pressed Sheng Xiao’s shoulders.

The Spirit Binding Rope could suppress a portion of the Beast Tamer’s spiritual power. Kunlun and the other three adults pressed Sheng Xiao down hard. Sheng Xiao wouldn’t be able to escape today.

Yu Huang extended her right hand, closed her eyes, and summoned the Psychic Sphere.

She opened her eyes and chanted the Purifying Spirit Incantation softly. Instantly, all the grass on the grassland swayed. Pure life force emerged from the grass and fused with the psychic power in Yu Huang’s Spiritual Abode world. Through the purification of the Psychic Sphere, it turned into the purest energy in the world and surged into Sheng Xiao’s body.

Pure psychic power spread its tentacles and extended endlessly like a spider web. Soon, it arrived at Sheng Xiao's Spiritual Abode world.

When her psychic power entered Sheng Xiao's Spiritual Abode world, Yu Huang sensed an unfamiliar soul filled with killing intent in Sheng Xiao's Spiritual Abode world.

At the same time, the energy in Sheng Xiao's beast heart was in an excited state. The beast heart was sometimes enlarging and sometimes shrinking rapidly, as if two energies were devouring each other.

Yu Huang immediately realized that Sheng Xiao's consciousness was fighting with the foreign soul.

She was right. Sheng Xiao had indeed been attacked by an intruding soul.

Yu Huang immediately calmed down and transferred all her psychic power into Sheng Xiao's body without hesitation. With the help of Yu Huang's psychic power, Sheng Xiao's consciousness, which had already become very weak, suddenly became invigorated.

Sheng Xiao knew that Yu Huang was here!

Yu Huang had come to help him!

In the desperate situation, Sheng Xiao saw hope and suddenly had endless motivation.

In the Spiritual Abode world, a nearly transparent black dragon suddenly let out an indignant dragon roar. When it heard the dragon roar, all the psychic power flew towards the black dragon.

After the psychic power and the little black dragon fused into one, it actually turned into a reddish-brown little dragon. The little dragon raised its head angrily and quickly rushed towards the swaggering Azure Dragon in the sky.

The Azure Dragon sensed that the little Black Dragon's aura had changed and its energy had become stronger. It let out a muffled dragon roar and charged towards the reddish-brown dragon fearlessly.

Bang!

The two dragons collided and shook Sheng Xiao's Spiritual Abode.

Donor and the others saw Sheng Xiao frown with a pained look.

“Roar!”

The two dragons opened their bloody mouths and bit each other mercilessly. At this moment, the psychic energy in the red-brown little dragon's body immediately floated out and entered the little Azure Dragon's body.

After the psychic power entered the little Azure Dragon's body, it changed from being gentle and pure to being bloodthirsty and ferocious. The psychic power turned into countless daggers that slashed at the little Azure Dragon's body.

“Roar!”

The little Azure Dragon widened its eyes in pain and looked ferocious.

It rolled in pain and turned the world upside down in Sheng Xiao's Spiritual Abode. However, as the psychic energy devoured and purified it, its sturdy body gradually became illusory.

In the end, it turned into a nearly transparent dragon.

At that moment, Sheng Xiao's little Black Dragon let out a deafening dragon roar at the little Azure Dragon. The dragon's roar was filled with pressure and the little Azure Dragon sensed the suppression of its bloodline. It trembled for a moment before turning into countless pieces and being driven out of the Spiritual Abode world by Sheng Xiao.

When Yu Huang opened her eyes, she saw an illusory Azure Dragon floating out of Sheng Xiao's body.

The undead laid on the ground on its last breath. It looked at Sheng Xiao indignantly and cursed at Yu Huang, "B*tch, you ruined my plan!"

Yu Huang suddenly summoned Xuan Yu when she heard this. Her heart ached when she saw that Xuan Yu was covered in wounds and couldn't even fly.

As Yu Huang patted Xuan Yu's head gently and stared at the undead of the Azure Dragon, she said with a faint smile, "Xuan Yu, do you want to eat a snack?"

The moment Xuan Yu saw the Azure Dragon, it was like a cat who had seen a mouse. It revealed a greedy and hungry gaze. It rubbed Yu Huang's chin affectionately and cried out ingratiatingly.

Yu Huang nodded and said, "Go, eat."

That Azure Dragon was born ten thousand years ago, so it clearly knew the Divine Feather Phoenix. When it saw the Divine Feather Phoenix, it revealed a shocked and despairing expression.

The Divine Feather Phoenix and the Black Qing Sky Dragon were divine beasts and natural enemies.

On the other hand, the little Azure Dragon and the others were all hybrid dragons. They were the offspring of the Black Qing Sky Dragon Race's affairs with the other dragon races. If the Divine Feather Phoenix could eat the Black Qing Sky Dragon's body and soul, it could naturally eat its soul too!

The little Azure Dragon never expected to meet the Divine Feather Phoenix after it died.

The little Azure Dragon turned around and was about to run.

At this moment, Yu Huang suddenly released strands of psychic energy. The psychic energy surrounded the little Azure Dragon, and the little Azure Dragon realized that it was trapped.

Although it didn't know what that energy was, it could feel that energy's threat to the undead.

The little Azure Dragon said angrily, "Damn woman, I won't let you off!"

Before it could finish shouting, it saw a phoenix pounce on it. The phoenix opened its mouth and bit its head before sucking its entire soul in...

After Xuan Yu ate the undead of a super demon beast, the Azure Dragon, the wounds all over its body healed quickly.

Xuan Yu spread its gorgeous and huge wings and flew a few times in the sky to show off before landing in front of Yu Huang.

It raised its head and leaned against Yu Huang's forehead intimately before turning into a ball of red light and flying back into Yu Huang's body.

After her beast form was healed, Yu Huang's spiritual power was completely restored. Her face looked rosy and healthy. When Yu Huang saw that Donor and the others had untied Sheng Xiao, she walked to Sheng Xiao and squatted down. "Is he still unconscious?"

"That's right. He's not awake yet. Did something happen?" Logically speaking, Sheng Xiao should have woken up after the Azure Dragon's soul was chased out.

Since he didn't move even after a long time, Donor and the others also felt puzzled and worried.

As Yu Huang stared at Sheng Xiao's peaceful face, she suddenly sneered. "I'll count to three. If you don't wake up, don't even think about holding my hand and getting into my bed before I'm thirty years old."

Yu Huang was only 23 years old this year. There were still seven years before she turned 30.

"One."

"Two."

Before Yu Huang could count to three, Sheng Xiao opened his eyes quickly.

Seeing that this move was really effective on Sheng Xiao, Beatrice said to Yu Huang, "You're very good at controlling your husband. It's worth learning."

Yu Huang waved her hand and frowned at Sheng Xiao. "Why were you pretending to be unconscious?"

Sheng Xiao sat up cross-legged and covered his face with his hand as he said in shame, "I feel ashamed. I'm too ashamed to see anyone, let alone you."

Sheng Xiao felt ashamed when he thought about how he almost killed Yu Huang, Donor, and the others.

Yu Huang grabbed Sheng Xiao's hand and asked, "Are you injured?"

Sheng Xiao nodded honestly. He lifted his clothes and everyone saw a long scratch on the back of his spine. The scratch extended from the back of his neck to his waist.

The scratch mark was very deep, and his flesh was torn apart. One could clearly see the white bones protruding from the flesh.

The wound was already black, and like he had been poisoned.

Yu Huang frowned when she saw the scar. When Sheng Xiao saw that Yu Huang was worried about him, he pretended to be nonchalant as he explained, "When I was fighting with the Azure Dragon, I was accidentally scratched on the back by it. The Azure Dragon's claw is poisonous. The wound will only heal slowly after a period of time."

"Okay." Yu Huang nodded and asked him, "Do you remember us now?"

"I remember everything." Sheng Xiao looked at everyone apologetically and lowered his head. "I'm sorry. I almost killed you guys by mistake."

Then, his gaze stopped on Yu Huang's face. He felt even more guilty and sad. "Yu Huang." Sheng Xiao pressed his hand on Yu Huang's back gently.

Yu Huang realized that Sheng Xiao's fingers were trembling.

She heard Sheng Xiao ask her tremblingly, "Does it still hurt?"

Chapter 878: Untitled

Yu Huang was sensitive to pain and her phoenix wings were almost bitten off by Sheng Xiao, so how could she not feel pain?

However, Yu Huang was already used to pain.

However, when she heard Sheng Xiao's words of concern and thought about how ruthless he was back then, Yu Huang felt aggrieved.

Yu Huang's eyes turned red.

Sheng Xiao's heart ached when he saw Yu Huang's eyes turn red. He wished he could slap himself.

How could he be such a jerk?

He promised to dote on Yu Huang, but in the end, he hurt her so badly. "I'm sorry." Sheng Xiao didn't know what else to say to express his guilt.

Yu Huang wasn't a pretentious person. She turned her head and rubbed her eyes hard. Then, she punched Sheng Xiao hard and scolded, "If you dare to hurt me again, we'll get a divorce."

How could a man beat up his wife like he did?!

They couldn't get a divorce. Sheng Xiao quickly held Yu Huang's hand and kissed as he coaxed her, "There won't be a next time. Believe me, I won't be so stupid in the future."

Donor really didn't want to see the two of them show off their love anymore, so he hurriedly interrupted their interaction. "Alright, stop being lovey-dovey. Tell me what happened to you after you separated from us."

Yu Huang pulled her hand out of Sheng Xiao's palm.

However, Sheng Xiao insisted on holding it. He only felt at ease when he held Yu Huang's hand.

Yu Huang didn't break free from Sheng Xiao's palm this time.

Sheng Xiao organized his words and said, "That day, the male Winged Fish launched a tsunami attack. In order to protect you guys, I used my dragon body to block the largest wave of tsunami attacks. But that wave of attacks was so powerful that I fainted on the spot."

“After I fainted, I was washed into the sea. I thought I would die, but when I woke up, I found myself on a wide plain.”

“In the beginning, I thought that I was washed to a plain on the Northwest Continent by the waves. But when I realized that the sky here was always dark, and that nighttime never came, I realized that I might not be in the Kunlun Mystic Realm.”

Sheng Xiao stood up and looked around. Then, he frowned and asked, “According to my timekeeping method, I’ve lived on this land for about a month, right?”

Sheng Xiao wasn’t sure if the time on this land was the same as in the Kunlun Mystic Realm where Yu Huang and the others were.

Yu Huang told him, “More or less. It’s been a month and eight days since we separated.” In the past month or so, they had been absorbing the rib fragments of the Kunlun Divine Master.

Sheng Xiao nodded. “That’s right. But I still don’t know where we are. Oh right, how did you guys arrive here?”

When Sheng Xiao woke up, he was already on this land. He still didn’t know what this place was.

Donor told him, “This is the world hidden at the bottom of the deep sea by the Kunlun Divine Master. It’s the burial ground of the ancient merman.”

Sheng Xiao was shocked. He looked up at the black eye of the storm in the sky and shook his head. “You’re saying that this land is hidden under the sea?”

That was possible?

“Although it sounds unbelievable, this land is indeed hidden under the sea.” Yu Huang answered Sheng Xiao’s second question. She said, “We dived into the deep sea and came here.”

Sheng Xiao asked again, “But there’s a barrier line in the deep sea. How did you guys pass through the barrier line? Did you kill the male Winged Fish?”

Sheng Xiao didn’t think that Yu Huang and the others could defeat the male Winged Fish.

He had personally fought the male Winged Fish. In his opinion, the male Winged Fish’s combat strength wasn’t inferior to that of the Azure Dragon.

“Kunlun helped us.” Yu Huang quickly handed the remaining Divine Master rib fragment to Sheng Xiao and explained, “Kunlun divided the Divine Master rib I found at the bottom of the sea into eight pieces and gave each of us one. This piece is yours.”

“After we successfully absorbed the Divine Master fragment, our bodies were tainted with the aura of the Kunlun Divine Master, so the barrier line let us in.”

“I see.” After Sheng Xiao took the fragment, he nodded at Kunlun and thanked him solemnly. “Thank you, Kunlun.”

Kunlun snorted and said angrily, “You almost killed Yu Huang. Don’t talk to me for the time being.” He was unhappy when he thought about how Sheng Xiao almost killed Yu Huang.

Seeing that Kunlun was angry, Yu Huang didn't intend to put in a good word for Sheng Xiao to get Kunlun's forgiveness. She felt that it wasn't a bad thing to let Kunlun give Sheng Xiao a hard time.

If not, Sheng Xiao wouldn't learn his lesson.

Sheng Xiao felt even more guilty when he heard Kunlun's words. He clenched Yu Huang's fingers subconsciously. He only felt relieved when he realized that Yu Huang had not shaken off his hand.

Donor noticed Sheng Xiao's uneasiness and wanted to distract Sheng Xiao, so he quickly asked, "What did you encounter in the past month?"

As expected, when they heard Donor's question, Kunlun, Yu Huang, and the others became curious and forgot about the confrontation just now.

Sheng Xiao knew that Donor was helping him out, so he gave Donor a grateful look and said, "I only discovered this merman statue after walking on this land for about four days."

Sheng Xiao suddenly lowered his head and asked Yu Huang, "Don't you think this merman looks a little like Na Luo?"

Nodding her head, Yu Huang said, "I realized it."

"I discovered it and I suspected that there was some connection between this ancient merman and Na Luo, so I wanted to check it out. However, just as I was about to approach that statue, I met that tomb guardian beast."

At the mention of this, Sheng Xiao frowned.

Clearly, it was a very unpleasant memory.

Sheng Xiao continued, "For some reason, a piece of the tomb guard's tail was broken. When I met it, the wound on its tail was showing signs of serious infection."

At that time, because the tail of the Azure Dragon was seriously infected, a few parts of its tailbone were exposed. The rotten flesh stuck to its tail, making it look disgusting and pitiful.

"The Slaughter Azure Dragon was very ferocious. As soon as it saw me, it started to pursue me. I almost died under its demonic claws. I escaped with injuries and hid, but I only hid for ten days before it found me again. But in the end, I was lucky enough to kill it."

This was just an excuse Sheng Xiao was using to comfort Yu Huang, Donor, and his other friends.

In fact, Sheng Xiao had almost died under the Slaughter Azure Dragon's claw. In the critical moment, the power left in the depths of his soul by Yu Aofeng saved him again.

Sheng Xiao didn't want to elaborate on the danger. It would only make Yu Huang and the others feel heartbroken.

Donor suggested, "Since you killed the Azure Dragon, why was your consciousness possessed by him?"

Sheng Xiao pursed his lips and said in frustration, "I underestimated the cultivation level of the Azure Dragon."

After tens of thousands of years of cultivation, the Slaughter Azure Dragon was already a level-ten super demon beast. It was a super demon beast that could fight against a Prime Emperor powerhouse. How could a Grand Master like Sheng Xiao be its match?

“Although I was lucky enough to kill the Azure Dragon, the soul power of the Azure Dragon was still very powerful. After I killed him, he took advantage of my weak state of mind to barge into my Spiritual Abode and try to possess me.”

“These days, I’ve been fighting against the soul of that Slaughter Azure Dragon. That’s why when you met me earlier, my memories were in chaos.”

After hearing the whole story, everyone sympathized with Sheng Xiao.

“It’s been hard on you.” Donor patted Sheng Xiao’s shoulder and asked, “Are there any other tomb guardian beasts here besides the Azure Dragon?”

Sheng Xiao shook his head. “According to the memories of the Azure Dragon Demon Beast, there should only be one tomb guardian beast here.”

Yu Huang and the others heaved a sigh of relief when they heard this.

The strongest tomb guardian beast had been killed by Sheng Xiao, so things would probably go smoother next.

Sheng Xiao asked them, “Why are you guys here? Are you guys here for me?” There was a marriage line between Sheng Xiao and Yu Huang. It wasn’t surprising that Yu Huang could find him.

Yu Huang shook her head and said, “We accidentally found out that the burial ground of the ancient merman was hidden in the deep sea. We thought about how Na Luo was an ancient merman and might have had some relationship with this tombstone. We also thought about how Beatrice was a merman and might be able to obtain some golden opportunity here, so we decided to go to the deep sea to search for the burial ground of the ancient merman.”

Chapter 879: Kunlun’s Wife, Na Ling’s Tomb

Just as Yu Huang finished speaking, Kunlun added, “So, it was a coincidence that we met you here. Don’t think that we were here to look for you.”

Everyone could tell that Kunlun was deliberately angering Sheng Xiao. However, Donor and the others didn’t intend to help Sheng Xiao out. They looked like they were waiting for drama.

To be honest, if they knew that Sheng Xiao was trapped in the land world under the sea, they would have risked their lives to save him.

Sheng Xiao shook his head helplessly as he held Yu Huang’s hand and walked to Kunlun. He said, “That tomb guardian beast was created by you in your previous life. If we’re talking about right and wrong, your mistake is graver than mine.”

Kunlun, who had just awakened its divine sense, was still very simple-minded. He thought about Sheng Xiao's words and felt that he had indeed committed a sin.

Kunlun's face turned slightly pale, and he looked at Yu Huang with guilt. "I'm sorry, Yu Huang."

Yu Huang glanced at Sheng Xiao and muttered, "You're such a big liar."

Sheng Xiao shrugged.

It was his fault?

Yu Huang shook her head at Kunlun and said, "Don't mind. I'm fine now."

However, Kunlun was still immersed in self-reproach. No matter what joke everyone said next, he could no longer laugh.

"Alright, since the tomb guardian beast has been killed, let's go into the ancient merman's tomb to take a look."

"Okay."

The group walked towards the ancient merman statue in silence.

The closer they got, the more they felt that there was an obscure but terrifying power hidden in an unknown place and silently monitoring them.

When Yu Huang raised her head and looked around, she didn't discover anything.

Just as she thought that she was being paranoid, she heard Donor ask, "Do you guys feel like we're being watched?"

As a Light Elf, Donor was born with sharp senses. Donor could feel a gaze following his body and monitoring him inch by inch.

It was a spine-chilling feeling.

Yu Huang knew very well how sensitive the Light Elves were to all kinds of energy. Since he asked this question, it meant that there was very likely another terrifying thing hidden here.

Sheng Xiao narrowed his sharp eyes and looked around cautiously, even at the sky. After looking around, he shook his head and said, "I didn't find any suspicious creatures."

Donor rubbed the goosebumps on his shoulders and said with an uneasy expression, "But I feel a gaze peeping at us from the dark." Donor bumped Estelle's shoulder and asked him, "Estelle, do you feel that way?"

Estelle said, "Only Light Elves who grew up drinking holy water and eating spiritual vegetables have sharp senses. Night Elves who grew up eating potatoes and sweet potatoes can't sense anything."

Compared to the Light Elves, the Night Elves were a bunch of ruffians.

Donor thought that Estelle was mocking him and Light Elves for being extravagant.

He stared at Estelle's expression and observed it seriously. Seeing that Estelle's expression was calm and he was just stating a fact, he secretly heaved a sigh of relief.

Yu Huang said, "I have the same feeling."

She took a few steps forward tentatively, then realized that the gaze was focused on her.

What kind of feeling was that?

It was as if a smuggler on a boat had suddenly been noticed by a searchlight on the sea.

Yu Huang raised her head and looked around, but she didn't find the searchlight.

Even though she couldn't find the existence of that thing, Yu Huang still didn't dare to lower her guard. Yu Huang said, "No matter what, everyone, be vigilant."

Hearing this, Beatrice and the others subconsciously changed the formation of the team.

The six of them stood side by side in the same row. Kunlun and Donor stood at both ends of the team and were responsible for observing the situation on both sides.

Beatrice stood between Kunlun and Yu Huang while Donor stood between Estelle and Sheng Xiao. The two of them were in charge of observing the situation behind them.

Yu Huang and Sheng Xiao, who stood in the middle, stared ahead warily.

This way, they could observe any commotion around them immediately.

The six of them maintained this formation and advanced warily.

As they walked, Sheng Xiao said in a low voice, "I have all the memories of the Azure Dragon. The Slaughter Azure Dragon lived here for more than ten thousand years. Other than the Slaughter Azure Dragon, there are no other life forms. Could there be other creatures hidden here?"

However, which demon beast in the Kunlun Mystic Realm could avoid the attention of the Azure Dragon?

"Who else could it be?" Yu Huang looked up at the towering merman statue in front of her and teased, "It can't be this statue, right?"

After she finished speaking, she suddenly realized that the others had all stopped.

"..."

Yu Huang turned to look at her companions, then raised her head to look at the statue. She swallowed hard and said, "What's the matter? Don't tell me you guys really think that this statue is alive?"

The statue looked lifeless and cold. It wasn't a living creature.

Sheng Xiao said thoughtfully, "The Azure Dragon has to patrol the land every few days, but there's one place on this continent that it has never patrolled before."

Donor snapped his fingers and shouted in realization, "The tomb of the ancient merman!"

“That’s right.”

As Sheng Xiao looked at the tomb behind the ancient merman statue, he said, “If there is a living creature, it can only be hiding in the tomb.”

If there really was a living creature, then it probably wasn’t any younger than the Slaughter Azure Dragon. When they thought about how there might be an ancient and unknown terrifying creature living in the tomb, everyone felt their scalps tingle.

Beatrice suddenly said, “Why don’t we all go back?” This trip was filled with too many uncertainties and dangers. Beatrice didn’t want her companions to lose their lives just for the possibility of a golden opportunity.

Sheng Xiao wasn’t in a hurry to express his stance. Instead, he turned to Donor and asked, “Donor, what did you sense from that gaze?”

Elves were pure creatures. The stronger the cultivation level of an elf, the stronger his perception.

Donor had already broken through to the Supreme Master Realm. He could already sense subtle and specific emotions from that gaze.

Donor closed his eyes and allowed that gaze to study him wantonly.

After a moment, Donor opened his eyes and said in confusion, “That gaze is very complicated. There’s curiosity, fear, and fear in it, but there’s no killing intent.”

This was very strange.

The Slaughter Azure Dragon started killing like crazy when it saw intruding creatures, but this unknown creature didn’t have any killing intent towards them. Wasn’t it strange?

“Perhaps the tombstone is not as dangerous as we think it is.” Sheng Xiao looked at everyone and said, “Should we take the risk to enter the tomb to investigate, or should we go back the way we came? Everyone, express your stance.”

With that, he took the lead and said, “I want to enter the tomb.”

Yu Huang said, “I want to too.”

Donor and Estelle nodded as well. “We want to go into the tomb and take a look too.”

Kunlun hesitated for a moment before frowning and saying, “The moment I entered this place, my heart started racing. I feel that there’s something very important to me hidden here. I want to obtain it. Therefore, I also wanted to enter the tomb to take a look.”

Beatrice wanted to persuade everyone to leave, but seeing that everyone had decided to continue, she changed her mind. “Then let’s explore together.”

“Okay.”

The six of them quickened their pace and quickly arrived in front of the ancient merman statue.

The tomb was built behind the statue. The merman statue was the surface of the tomb. The statue's naked feet were on a rectangular jade stone. On the jade stone tablet, there was a series of ancient runes.

Donor and Beatrice couldn't recognize the ancient words, but Sheng Xiao recognized them at a glance.

Sheng Xiao stared at the words on the jade and read in a low voice, "The tomb of Kunlun's wife, Na Ling."

Yu Huang and the others had already guessed the relationship between the ancient merman and Kunlun. When they heard Sheng Xiao translate the sentence, they couldn't help but turn around and look at Kunlun.

Kunlun walked to the front and pressed his hand on the tablet, as if he could remember how he felt when he personally engraved these words in his previous life.

Kunlun's face was filled with sorrow.

He said, "I feel a strong sense of sorrow."

A tear rolled down from the corner of Kunlun's eye without warning.

Chapter 880: Tomb Guardian Array

He wiped his tears and looked up at the towering statue of the ancient merman as he muttered, "Na Ling... my wife..."

Kunlun suddenly hugged his head and said, "I have a headache."

Sheng Xiao quickly handed a beverage to Kunlun. "Drink some Spirit Suppressing Medicine."

After Kunlun drank some Spirit Suppressing Medicine, he felt less pain and gradually calmed down. His sorrow also faded a little.

"From the looks of it, this merman called Na Ling was really Kunlun's wife in his previous life." Donor patted Kunlun's shoulder and comforted him. "Don't be sad. There's still a long time. You'll find her."

Kunlun nodded.

"Let's go to the tomb." Sheng Xiao led them around the statue and to the tomb behind it.

The tomb of the ancient merman was built in the shape of a typical turtle shell tomb.

According to the records, the big shots of the ancient era believed that since turtles had a long lifespan, if tombstones were built in the shape of turtle shells, the undead could rest in peace and have endless reincarnation.

Yu Huang had seen the information map of the ancient turtle shell tomb. She stared at the turtle shell tomb in front of her with a frown and said, "This turtle shell tomb is a little different from the turtle shell tomb I saw in the records."

In the records, there was a treasure box-shaped top on the turtle shell tomb. However, the turtle shell tomb in front of them didn't have a treasure box-shaped top. There was a blood-red sword inserted.

There were many black patterns on the sword, and the entire sword revealed an evil and murderous aura.

As Sheng Xiao stared at the dark patterns on the sword and the complicated patterns on the turtle shell, he explained, "This is a Tomb Guardian Array."

Yu Huang and the others revealed shocked expressions when they heard this. "Tomb Guardian Array? Isn't that an evil array?"

As the name suggested, the Tomb Guardian Array was an array formation used to protect the tomb.

However, the Tomb Guardian Array was too evil, so it was classified as an evil formation. It was an array formation that was forbidden to learn.

Therefore, in the array formation encyclopedia that Yu Huang and the others read, there were no longer any detailed explanations.

However, Yu Huang had still seen the mention of the Tomb Guardian Array in some books about evil arrays.

However, they didn't know exactly what kind of array the Tomb Guardian Array was.

The Sheng family had a long history and was the number one cultivation family on the Holy Spirit Continent. Their family also had many out-of-print records and array formation books.

From the looks of it, the Sheng family even had books on evil arrays.

Beatrice rubbed her nose and said, "Don't worry, I won't expose the Sheng family."

Sheng Xiao looked at Beatrice calmly. "What can they do to me even if you expose me?"

Beatrice was speechless.

Damn!

How arrogant.

Sheng Xiao pointed at the sword and told Yu Huang and the others, "Although the Tomb Guardian Array is an evil array in the current era, it was a very common array in the ancient era."

"In ancient times, every time a big shot died, his descendants or his good friends and lover would definitely set up a Tomb Guardian Array outside the tomb."

"All the tombs that have been set up with a Tomb Guardian Array can only be successfully opened by the descendants of the deceased or those closest to them. If someone forcefully opens the tomb, they will be cursed."

Sheng Xiao suddenly looked at Donor. "Donor, you must have heard of the tragedy of the Elephant Clan being exterminated in the Ten Thousand Beast Continent four thousand years ago."

Donor nodded and said, "Of course I remember. It's said that four thousand years ago, the leader of the Elephant Clan found a Prime Master Tomb in a desert in the Ten Thousand Beast Continent. He forcefully pried open that tombstone and stole the Prime Master bone, all the cultivation techniques, and Spirit Tools."

"In the end, not long after, all 1,208 clansmen of the Elephant Clan died abnormally. Even those unborn children were stillborn."

Yu Huang had never heard of this tragedy. Beatrice and Estelle also had shocked expressions. It could be seen that they had never heard of this matter either.

Yu Huang asked Sheng Xiao, "A Tomb Guardian Array was on the tomb that the leader of the Elephant Clan stole from?"

"That's right." Sheng Xiao said, "There's an evil curse on any tomb with a Tomb Guardian Array. If someone ignores the Tomb Guardian Array and forcefully prys open the tomb, they will be cursed."

"Also, because most of the curses are evil and cruel, once someone is cursed, the entire clan will be exterminated, or worst, the entire country's stability will be jeopardized. That's why the Tomb Guardian Array is classified as an evil array that is forbidden and no one is allowed to learn it."

After knowing how dangerous this Tomb Guardian Array was, no one dared to act rashly.

At this moment, Kunlun took the initiative to walk out.

He stared at the red sword and said in a low voice, "Let me draw the sword. Not to mention that I'm the reincarnation of the Kunlun Divine Master, but I don't have parents, a wife, or children, so even if worst comes to worst, I'm the only one who will die."

As the reincarnation of the Kunlun Divine Master, Kunlun was the most suitable person to open this tombstone among the six of them.

The atmosphere was originally a little heavy, but Kunlun's words amused everyone.

"Those baboons are all your clansmen. How can you not have any family?" Yu Huang patted Yu Huang's shoulder and reminded him solemnly, "Be careful."

Sheng Xiao said, "We'll save you if anything happens."

"I know."

Kunlun climbed to the turtle shell tomb and reached for the hilt.

The moment he held the hilt, a demonic wind suddenly blew on the plain. The red light on the sword flickered, and the runes on the turtle shell tomb lit up.

The rune lines sank into the jade stone, revealing grooves.

Sheng Xiao immediately shouted, "Kunlun, cut your palm with your sword and drip your blood in the middle of the groove! The Tomb Guardian Array will only open the tomb after it senses your connection with the Kunlun Divine Master!"

“Okay!”

The sword was almost completely inserted into the turtle shell tomb. Kunlun gritted his teeth and forcefully pulled out the sword edge.

Kunlun extended his palm and without hesitation, he cut it with the sharp red blade. Blood dripped into the groove, and the groove lit up with a dazzling red light.

Then, the sound of mechanisms being activated sounded from the turtle shell tomb.

After a long time, the sound of the mechanism activating stopped. Then, the demonic wind stopped and the tombstone opened.

Kunlun had actually successfully opened the tomb of the ancient merman.

Kunlun was the first to jump into the tomb. He discovered that there was a long staircase paved with jade inside the tomb. The stairs led from the top of the tomb to the inside.

Kunlun stood on the stairs and waited quietly for a moment. After he didn't sense any danger, he said to Yu Huang and the others, “Everyone, come in.”

Only then did Yu Huang and the others jump into the tomb.

The entire tomb was made of jade. Even though this tomb had been sealed for ten thousand years, when Yu Huang and the others walked in, they discovered that the tomb was spotless, as if it had just been built.

Yu Huang took out the Night-Luminescent Pearl. The light of the Night-Luminescent Pearl reflected on the jade stone surface, and wisps of weak light instantly appeared in the pitch-black tomb.

Then, under the faint light, everyone stepped onto the jade stairs and walked into the tomb.

At the end of the long staircase, there was the first tomb. The tomb was semicircular, and there were three curved arches on the wall that led in different directions.

Behind every door, there was another scene. Whether one lived or died depended on luck.

Sheng Xiao said to Kunlun, “Lead the way.”

After all, this was a tombstone built by the Kunlun Divine Master for his beloved wife. Kunlun was the most suitable person to lead them.

Logically speaking, the tombs of the ancient era were particular about having direct access from one end of the tomb to the other. Using the middle door was the safest. However, Kunlun pointed at the door on the left and said, “Let's use this door.”

Sheng Xiao pondered for a moment and pushed open the door on the left.

The moment the door was pushed open, a cold wind blew into Sheng Xiao and the others' faces. They narrowed their eyes and opened them when the cold wind disappeared.

In the tomb, there was a calligraphy exhibition hall. There were many calligraphy and paintings hanging in the room. Those calligraphy and paintings had been sealed underground for ten thousand years, but they were still vibrant.

After Yu Huang and the others walked in and sized up every painting in the room, they discovered that those paintings were all drawings of the same merman.

As for the merman in the paintings, be it the attire, posture, or background, they were almost exactly the same.

In this room, besides these words and paintings, there was no door to the next house.

Seeing this, Yu Huang was puzzled. "What is the Kunlun Divine Master trying to do by placing so many identical paintings here? Let us admire his wife's beauty?"
