Chapter 91: Witch Spirit Setup, Yu Huang Breaks Through

Yu Huang knew that this was the test of a Divine Rank cultivation technique for her.

Yu Huang's fingers, which were hanging by her legs, trembled slightly. She licked her lips and suddenly took out the gun behind her before aiming it at her adoptive mother's throat.

When her adoptive mother saw Yu Huang raising her gun at her, her smile suddenly froze, and her eyes were filled with disbelief.

She found it hard to believe that the daughter she had raised herself would one day point the gun at her!

Her adoptive mother suddenly slid down from the car hood. She knelt in front of the car and shouted at Yu Huang, "Ah Huang, I'm your mother! Do you even want to kill your own mother? Do you really not care about your family?"

Staring at her adoptive mother who was kneeling on the ground, a hint of struggle flashed across Yu Huang's eyes.

Even though she knew that this was all an illusion and understood that her stubborn mother was never someone who was afraid of death, nor would she do something that would put Yu Huang in a difficult position, Yu Huang still wavered.

Could she really be heartless enough to kill her mother again?

In any case, humans would eventually be destroyed, and no one could survive. Why didn't she let her mother live?

Just as this thought flashed through her mind, Yu Huang pinched herself hard.

It was all fake!

His mother had died a long time ago!

She had already shot her to death in front of the building and buried her under the apple tree.

Yu Huang's struggling gaze instantly regained its determination. She raised the gun again. Just as her finger landed on the trigger, she heard her adoptive father's voice again.

"Ah Huang."

When she heard her father's voice, Yu Huang's eyelashes fluttered.

She turned around and saw her adoptive father standing behind her in a gray shirt and looking at her with disappointment.

"Daddy..." Seeing her adoptive father again, Yu Huang suddenly felt like crying.

Her adoptive father's handsome face, which always had a gentle smile, became sinister and displeased at this moment.

He stared at the gun in Yu Huang's hand and asked her, "Are you going to kill your mother?"

Yu Huang's hand trembled as she held the gun. She told her father, "Father, Mother is infected."

Her adoptive father shook his head in disappointment. He asked again, "Just because she's been infected, you have to kill her? They all say that our daughter is very powerful and prestigious. She's someone who doesn't acknowledge anyone. I thought that they misunderstood you and didn't understand your suffering. Now, it seems like I was mistaken."

His adoptive father's eyes turned red as he pointed his index finger at his wife who was kneeling on the ground and said to Yu Huang, "Ah Huang, open your eyes and take a closer look. That's your mother! You were originally just an abandoned baby. If it wasn't for that kind woman saving your life, you would have long been torn apart by a hungry wolf!"

"Ah Huang, that woman gave you life and everything. How can you be so heartless as to kill her?!"

When she heard this, Yu Huang not only recalled the bits and pieces of time she spent with her adoptive parents, but she also burst into tears.

She closed her eyes and told herself: This was all fake. The mother who would kneel down and beg for forgiveness in front of her was fake, and the father who would accuse her of being ruthless was also fake. Her parents were not such people. They were the people who understood her the most and cared the most for her. Even if they died, they would not bear to say anything heartless to her!

Divine Rank cultivation technique, f*ck you!

Yu Huang aimed at her adoptive mother again and pulled the trigger without hesitation.

The moment the bullet pierced her mother's throat, Yu Huang heard her adoptive father cursing her from behind. "Yu Huang, you will receive your retribution!"

Yu Huang closed her eyes, and tears wet her cheeks.

Retribution was karma.

Only when the commotion beside her ear had completely disappeared and the surroundings had returned to silence did Yu Huang open her eyes again.

Yu Huang raised her head and looked ahead along the maple forest path. She discovered a woman in a red battle robe standing at the end of the path.

The woman had her back facing Yu Huang. Her long black hair was fixed with a blue hairpin, giving her a gallant air.

Yu Huang walked towards the woman in red. When she got closer, she finally opened her mouth to speak. "For thousands of years, there have been more than a hundred Beast Tamers who have fallen into my Dreamweaver Space, but you're the only one who passed the test."

Yu Huang recalled the illusion just now and still had lingering fears. She stared at the woman's back and asked warily, "Are you the founder of this cultivation technique?"

When she heard this, the woman turned around and looked at Yu Huang.

Only then did Yu Huang realize that the woman did not have any clear facial features on her face. She was like a blur.

The woman walked to a big rock and sat down. She looked at her wide hands and said in a daze, "I've waited for a fated person for too many years. I've waited so long that my consciousness has faded and I can't remember who I am."

She tilted her head and sized up Yu Huang for a moment before raising her right hand to wave at her, and she said, "Little girl, since you've passed the test I set, you're the fated one. Come over, and I'll pass the cultivation technique to you."

"Thank you, Senior!" Yu Huang smiled and walked towards her.

She knelt on one knee in front of the woman and raised her head to say to the woman in red, "Senior, let's begin!"

The woman said to her, "Close your eyes and feel carefully."

Yu Huang hesitated for a moment before closing her eyes.

The woman's right hand slowly reached out towards Yu Huang's glabella. Just as her fingertip touched Yu Huang's glabella, Yu Huang suddenly opened her eyes. Not only that, but she also grabbed the woman's hand tightly.

The woman in red was enraged. "How dare you! Let go of me!"

The woman wanted to shake off Yu Huang's hand, but she didn't succeed.

Yu Huang stared at the woman's hand and suddenly sneered. "Your hands are overly wide and powerful. They don't seem like a woman's hands, but more like a man's!"

When she heard this, the red-dressed woman's mood instantly became irritable. "Little girl, what nonsense are you spouting?! Quickly let go of my hand, or you won't get my cultivation technique!"

Yu Huang refused to let go.

She stood up and looked down at the woman's entire body. As she looked, she said, "Your feet are very big. They're clearly a man's feet. Your ankles and legs are very thin. You obviously took them from a woman..."

Yu Huang stared at the woman's blurry face and guessed boldly, "You still lack a face. You wanted to peel my face away, right?"

After a moment of silence, the woman suddenly let out a strange and ear-piercing laugh. "Hohoho! Little girl, I underestimated you!"

Yu Huang raised her eyebrows and knew that she was right.

The woman in red said in a cold tone, "I disguised myself as the Time Valley and hid here for thousands of years. In these thousands of years, I've met more than a hundred Beast Tamers, and only six people passed the first round of the test."

"When they heard that they had passed the test of the cultivation technique and could obtain the cultivation technique's inheritance, they were overjoyed and let down their guard. Thus, they became my limbs, body, ears, hair..."

At this point, the woman's emotions suddenly became enraged. Her long black hair moved even without wind, and she questioned Yu Huang fiercely, "But how did you see through this ruse?! I'm just short of a face! When I gather everything for this body, I can escape the restriction of the cultivation technique and be reborn!"

"Why did you ruin my plans?!"

Chapter 92: The Strongest Bug Cultivation Method, Beast Taming Method!

How did Yu Huang see through the lie?

Because she had lived for more than 200 years, she was not a real novice. She understood that there was no such thing as easy prey in this world.

When she learned from the red-dressed woman that she was the only person among the hundred plus Beast Tamers who had passed the test, she felt that something was wrong. She had the feeling that she had fallen into a trap.

Although Yu Huang had her suspicions, she did not guess the red-dressed woman's true motive. She kept quiet and observed her every action.

It was only when she noticed that the red-dressed lady's hands were overly wide and powerful. They did not look like a woman's hands but more like a man's. A bold guess surfaced in her mind.

Her father had told her before that Witch-level cultivation techniques could give birth to intelligence, and some divine-level cultivation techniques could even give birth to witches. The stronger the cultivation technique, the more cunning the witch would be.

When her father, Yin Mingjue, was capturing a Divine Rank cultivation technique back then, he had once met a petite and beautiful lady in an illusion.

At that time, Yin Mingjue almost fell into that lady's honey trap, but in the end, he still saw through the beauty's scheme at the final moment, and only then did he obtain the first-grade Divine Rank cultivation technique.

Therefore, Yu Huang suspected that the woman in front of her was a kind of witch. Now that she heard the woman's words, Yu Huang knew that she had guessed correctly.

Yu Huang asked the woman, "You're not the consciousness that the owner of the cultivation technique left in the cultivation technique. You're the consciousness born from the Divine Rank cultivation technique. You're a witch, right?"

Seeing Yu Huang accurately reveal her true identity, the demon immediately panicked.

“I’ll kill you!” The witch’s body turned into a dense black fog that condensed into six skulls in the void. These skulls were all pitiful people who had died miserably in the hands of the witch.

Their deaths were too tragic, and their remnant souls were filled with resentment. The skeletons wailed like ghosts and howled like wolves, and their cries were sharp and ear-piercing, piercing Yu Huang until blood flowed out of her mouth and nose.

Yu Huang immediately focused and summoned Xuan Yu.

Swish!

After Xuan Yu appeared, it flapped its small wings and immediately lit up the sky with raging flames. The raging flames wrapped around the skulls and burned away the black mist on their bodies bit by bit, slowly revealing the grayish-white color of the bones.

When the last trace of black aura on the bones was burned, their resentment disappeared, and their imprisoned souls were freed.

The skeletons bowed deeply to Yu Huang before vanishing.

The red-dressed woman fell to the ground with a pale face. She spat out a mouthful of blood and looked up at the red flames that filled the sky. She muttered in disbelief, “Purifying Demonic Phoenix Flame!”

“How is this possible?! How could there be a Purifying Demonic Phoenix Flame in this shabby world?! What is your relationship with the Divine Feather Phoenix Clan?!” In order to avoid the Divine Feather Phoenix Clan, she had thought of every possible way to escape into this small world.

After hiding in this small world for thousands of years, she actually couldn’t escape the fate of being captured by the Divine Feather Phoenix Clan?!

It was unfair!

Yu Huang was somewhat shocked to hear the information about the Divine Feather Phoenix Clan from this woman.

The woman in red was speechless because the Purifying Demonic Phoenix Flame had already engulfed her and burned her to ashes...

A jade slip floated above the ashes. Yu Huang walked forward and tiptoed to take the jade slip.

The jade slip entered Yu Huang’s hands and immediately turned into a white light.

Yu Huang’s body trembled slightly as a proud and cold female voice sounded in her mind. “Fated person, hello. I am Jing Huang, and my title is Divine Feather Prime Emperor.”

Prime Emperor?

When Yu Huang heard this title, her eyes widened.

In the three thousand worlds, there was only one type of person who could obtain the title of Prime Emperor. That was the Beast Tamer whose cultivation had reached the peak of the Prime Master level! They were the people closest to the cultivation of a Divine Master!

“This cultivation technique is called a bandit...” The Divine Feather Prime Emperor probably wanted to say that this cultivation technique was called a bandit cultivation technique, but she realized that this name was not appropriate. She paused for a moment before saying, “Beast Control Art!”

“This cultivation method is relatively strong. Its strongest point is that it can steal another person’s beast form and cultivation method for its own use! That is why it is called... Beast Tamer Formula!”

1

When she heard the Divine Feather Prime Emperor’s explanation, Yu Huang’s blood boiled. She could not help but recall the majestic scene of stealing other people’s beast form, copying other people’s cultivation techniques, pretending to be weak and powerful, and catching the enemies off guard.

The Divine Feather Prime Emperor continued, “The Beast Tamer Technique has a total of 99 levels. Every level you master will mean that you will have to withstand the pain of your bones breaking and recombining, as well as the whipping of your soul! The duration will be three days, not one second less! The deeper the cultivation of the technique, the more intense the pain of punishment. It is not something an ordinary person can bear.”

These words were like a basin of cold water that splashed onto Yu Huang, causing her to instantly sober up.

Her bones will be broken and reassembled, and her soul will be lashed by the raging flames. This process would continue for three days, and each time was better than the last. Wouldn’t this be self-torture?

As if it knew what Yu Huang was thinking, the voice sounded again at the right time. “The path of cultivation is filled with suffering and torture. Use the cruelest methods on yourself, and treat pain and destruction as normal. When you conquer pain, defeat despair, and are used to destruction, you will be invincible and omnipotent!”

“Endure hardships that others cannot bear and bear fruits that others cannot obtain is the true meaning of the Beast Art! Young one, are you prepared to receive my cultivation technique’s true inheritance?”

This was a Divine Rank cultivation technique, and it was rare in the world. Could Yu Huang bear to refuse it?

No!

This was a burning soldering iron. Yu Huang had to open her mouth and swallow it!

“I’m ready!”

“Alright!”

In the next second, a jade slip appeared in Yu Huang’s Spiritual Abode. On it, three pitch-black words were clearly printed—

Beast Tamer Formula!

The words were bold and powerful, with a golden hook and an iron line. It gave off an impressive aura.

Following that, another reminder appeared at the bottom of the jade slip. On it was a line of small golden words—

Beast Tamer Formula, a fourth-grade Divine Rank cultivation technique.

Fourth Grade Divine Rank!

When Yu Huang saw these words, her pupils dilated.

It was actually a fourth stage Divine Rank! It was even more powerful than the first stage Divine Rank that her father had captured back then!

No wonder the witch born from this cultivation technique was so evil.

A long mnemonic entered Yu Huang's mind. Yu Huang hurriedly sat down cross-legged and calmed her mind. She carefully chanted the mnemonic and comprehended the cultivation technique.

Yu Huang could not be sure how long this process lasted. When she successfully memorized the cultivation technique, all the bones and tendons in her body were cleansed by the cultivation technique. They emitted a layer of sparkling white light, like fine jade.

After comprehending the cultivation technique's mnemonic, Yu Huang finally had the time to read the detailed notes of the Beast Tamer Formula.

Just as the founder of the cultivation technique, the Divine Feather Prime Emperor, had said, the Beast Tamer Formula was indeed a bandit cultivation technique. After cultivating this cultivation technique, as long as Yu Huang could obtain a drop of the enemy's blood and completely refine and tame it, she could perfectly duplicate the enemy's beast form and cultivation technique for her own use.

When she mastered the first level of the Beast Tamer Technique, she could duplicate another person's beast form and cultivation technique once a day. When she reached the second level of cultivation, she could duplicate another person's beast form twice a day, and so on until she reached the perfection of the 99th level. Only then could she break through the limit of number of times and achieve the freedom to duplicate another person's beast form.

Yu Huang felt that this was a huge bug. If the news got out, she would be pursued by all the Beast Tamers!

Chapter 93: Sword Kinesis Flight

After successfully absorbing the Beast Tamer Formula, Yu Huang also walked out from the illusion created by the fourth-grade Divine Tier cultivation technique. She discovered that she was still sitting on the back of the bird and maintaining her falling posture, as if everything that happened in the illusion had never happened.

Yu Huang hurriedly turned around to look behind her, but found that there was no one in the deep valley. Both Sheng Yang and Garo Xianyang were gone.

She lowered her head to look down again, and found that the 'Time Valley' that was formed by a fourth-grade Divine Rank cultivation technique had already disappeared, revealing the true appearance of the Time Valley hidden underneath.

To everyone's surprise, the real Time Valley didn't have the terrifying appearance of a rolling fog. It looked more like a peaceful amber sea. Sunlight sprinkled on it and even reflected a sparkling luster.

It was beautiful, so beautiful that one could easily lose their rationality and want to reach out to touch it.

Yu Huang steered the bird higher for a while before taking out a small folding stool from the storage device and throwing it into the amber sea.

As soon as the stool fell into the amber sea, the originally calm sea immediately began to churn violently. In the blink of an eye, the stool was pulverized into wood shavings by the Time Valley.

This was the true power of the Time Valley!

"Let's go up." Yu Huang hurriedly hugged the bird's neck and let it carry her out of the deep valley and onto the cliff.

The bird had completed its mission. It lowered its head and rubbed its forehead against Yu Huang's palm. After receiving Yu Huang's response, the bird was satisfied and flew back to the nest on the cliff.

When Yu Huang saw that there was no one in the deep valley, she guessed that the others had already left. She didn't know how long she had been in the illusion. Afraid that her mentor and father would be worried, Yu Huang prepared to leave.

She turned around and was about to leave when she heard Lin Jiansheng's voice. "Ah Huang?" Lin Jiansheng stared at the beautiful figure at the edge of the cliff and suspected that he had seen wrongly. "Are you Ah Huang?"

Yu Huang was shocked.

Her mentor's voice?

Yu Huang suddenly turned around and saw her mentor. Lin Jiansheng was standing under a towering ancient tree and walking towards her excitedly.

Yu Huang hurriedly jogged to Lin Jiansheng. "Mentor!" Yu Huang stared at the black hair on Lin Jiansheng's head that was three fingers long and realized a serious problem.

Her mentor's hair had grown long, which meant that time had passed much faster than she thought. "Your hair has grown long. Have I been at the bottom of the valley for a long time?"

Lin Jiansheng said angrily, "You still have the cheek to ask?! It's been half a year, and you're finally out! If the Blood Pact didn't show that you were still alive, I would have gone back to report to your father!"

When she heard that half a year had passed, Yu Huang was surprised. "I've been in this deep valley for half a year?"

"Of course!" Lin Jiansheng rubbed his head and said, "When you entered the Lou Lan Ancient Pavilion, I was still bald. Look at my black hair!" He stroked the hard beard on his chin and said, "Touch this beard. Can it grow overnight?"

Yu Huang really stroked her mentor's small mustache. The touch made Yu Huang understand that she had really disappeared for half a year.

Seeing that Yu Huang was fine, Lin Jiansheng felt relieved. He then rubbed his hands and asked expectantly, "Tell me, did you find a suitable cultivation technique?"

Yu Huang raised her chin slightly and revealed a mysterious expression. "Guess."

Seeing her quirky reaction, Lin Jiansheng knew that Yu Huang must have gotten hold of a treasure. He guessed boldly, "You got a Witch-level cultivation technique?"

Yu Huang shook her index finger and encouraged Lin Jiansheng to continue guessing boldly. "Guess again, and guess at something more impressive!"

"Impressive!" Lin Jiansheng narrowed his eyes, and his heart rate quickened slightly. His tone became hurried. "Could it be that you obtained a Divine Rank cultivation technique?"

Yu Huang nodded.

Lin Jiansheng grabbed Yu Huang's arms forcefully and revealed an ecstatic expression. "What grade is it? What type is it?!"

Yu Huang kept blowing his mind—

"Fourth Grade Divine Rank! A battle-type! Very powerful. Through refining the blood of others, one can duplicate the other party's beast form and cultivation technique!"

Lin Jiansheng was dumbfounded. "There's such a bandit technique?"

See, not only did the Divine Feather Prime Emperor think that the cultivation technique she had created was a bandit technique, but even her mentor thought so too. Yu Huang coughed lightly and told Lin Jiansheng, "What bandit technique is that? It's called the Beast Tamer Technique!"

Lin Jiansheng clapped his hands and said, "The Beast Tamer Technique is good! This name is good! It's cool and catchy!" The shorter the name, the more reliable it was. He liked it.

At the thought of his disciple actually obtaining a fourth-grade Divine Rank cultivation technique, Lin Jiansheng's face was full of smiles, and the gaze he used to look at Yu Huang became more and more affectionate.

He smiled and said, "You'll be better than your father. Your father will be proud of you."

Lin Jiansheng began to fantasize. As he fantasized about the glorious future, he said, "Not only are you the only dual Master on the Holy Spirit Continent, but you are also a rare Beast Tamer who possesses a

fourth-grade Divine Rank cultivation technique. You are so outstanding. Even if you don't take the college entrance examination, the Divine Realm Academy will still open its doors to you!"

"In the future, you will definitely surpass your father and become an even more powerful Prime Master. You might even be able to become the first Divine Master on the Holy Spirit Continent! And I will become the mentor of a Divine Master! Hehehe, I'm a Purifying Spirit Master, but I managed to nurture a Divine Master. If this matter gets out, it will so glorious!"

Yu Huang was originally smiling. Upon hearing Lin Jiansheng mention the Divine Realm Academy and the examinations, she finally thought of serious matters.

"Holy shit!" Yu Huang slapped her forehead in despair. "It's been half a year. Doesn't that mean I only have three months before the college entrance examination?!"

Lin Jiansheng also came back to his senses.

He stared at Yu Huang's anxious expression and could not help but feel schadenfreude. "Yes, there are only three months left. Yu Huang, don't forget to become the top scorer and bring glory to me."

Yu Huang had not flipped through her books for half a year. What could she use to become the top scholar?! Yu Huang grabbed Lin Jiansheng's arm and acted cute with Lin Jiansheng with an innocent expression. "Mentor, good Mentor, help me gain three months worth of knowledge and help me enter the Divine Realm Academy, alright?"

Could Lin Jiansheng reject her?

He couldn't.

She was his disciple. Even if he had to stay up all night to lecture, he had to send her to the Divine Realm Academy!

Lin Jiansheng complained angrily, "Did I get a disciple? I got a little diva instead!" The kind that couldn't be sent away after being invited in!

"Go back. Your father must have been worried sick."

"Okay."

The two of them left the independent space and returned to the Lou Lan Ancient Pavilion.

The main door of the Lou Lan Ancient Pavilion was locked from the outside. Lin Jiansheng's temper flared up. He used his Psychic power to transform into a giant ax and hacked at the ancient door, creating a rectangular hole.

Lin Jiansheng put away his psychic axe, lifted his windbreaker, and walked out. Standing outside the door, Lin Jiansheng raised his head and saw Grand Master Qingying.

Lin Jiansheng, who was caught, was speechless.

Grand Master Qingying lived near the Lou Lan Island. The commotion caused by Lin Jiansheng opening the door had alarmed Grand Master Qingying. She thought that a thief had attempted to enter the Lou Lan Ancient Pavilion, so she teleported to the ancient pavilion to investigate the situation.

Unexpectedly, the thug who opened the door was Lin Jiansheng.

The two of them suddenly met and looked at each other.

Lin Jiansheng's beloved disciple had died in the empty valley. The derelict Grand Master Qingying felt guilty and could only pretend not to see Lin Jiansheng opening the door.

"Are you planning to leave?"

Lin Jiansheng acknowledged and said, "It's time to leave."

Hearing this, Grand Master Qingying heaved a sigh of relief.

This old scoundrel was finally willing to leave.

Lin Jiansheng turned his head and said to the girl behind the door, "Alright, you can come out."

Seeing Lin Jiansheng speaking to the back of the door, Grand Master Qingying was surprised. Who was standing behind the door?

Under the gaze of Grand Master Qingying, Yu Huang walked out of the door. When she saw the person who should have been buried in the Time Valley standing in front of her, she was shocked.

"You're actually still alive!" Grand Master Qingying looked as if she had seen a ghost.

"You clearly fell into the Time Valley. How could you walk out alive?!" As the gatekeeper of the Lou Lan Ancient Pavilion, Grand Master Qingying had worked here for more than 200 years. This was the first time she had seen someone walk out alive after falling into the Time Valley.

"I was only able to survive because of luck." Yu Huang lied without batting an eye. She said, "That day, after I fell into the Time Valley, I woke up and found myself in an illusion array. I spent half a year to successfully break the array. After I exited the array, I realized that the Time Valley we saw before was not the real Time Valley at all. Instead, it was a poisonous gas layer with an illusionary effect. The real Time Valley is hidden underneath the poisonous gas layer."

"After I successfully breached the spirit formation, the poison gas disappeared."

Yu Huang had already perfected her ability to speak nonsense. Upon hearing her explanation, Grand Master Qingying did not notice anything amiss. She only felt that Yu Huang was really lucky.

No matter what, it was a good thing that Yu Huang was still alive.

Grand Master Qingying sighed with emotion. "Previously, there were quite a few people who fell into the Time Valley, but none of them survived. I think they didn't see through the illusion formation. You didn't rely on luck to break the formation and walk out alive. You relied on your own abilities."

Grand Master Qingying looked at Lin Jiansheng with some envy and praised him with mixed feelings. "Master Lin, you've really accepted a powerful disciple."

Lin Jiansheng was feeling extremely proud, but he said hypocritically, "Sigh! What's so great about it? She's too reckless. She might just treat it as playing a game and breaking through the levels!"

Grand Master Qingying felt exasperated. She wanted to flare up, but she couldn't.

Seeing that Yu Huang was still alive, Grand Master Qingying thought about the pill that originally belonged to her.

Grand Master Qingying glanced at the space ring on Lin Jiansheng's thumb. She said, "Sir, since your beloved disciple is still alive, then..."

The moment Grand Master Qingying spoke, Lin Jiansheng guessed what this woman was going to say.

He suddenly grabbed Yu Huang's hand and said anxiously, "My dear disciple, you haven't been home for half a year. Your father must be worried sick! Quick, I'll use Kinesis Flight to bring you back and tell your father that you're safe!"

After saying that, Lin Jiansheng used his Psychic power to transform into a sword. He pulled Yu Huang and stood on the sword. He cupped his fists and said to Grand Master Qingying, "We'll meet again if we're fated!" Then, he flew away on his sword.

Grand Master Qingying was dumbfounded and couldn't stop him in time.

Chapter 94: Is Talent Important?

Realizing that Lin Jiansheng did not want to return the Rebirth Pills and had left, Grand Master Qingying was both angry and annoyed. She waved her tail vigorously and scolded angrily, "Short-lived old ghost, don't let me see you again!"

Yu Huang heard Grand Master Qingying's words. She grabbed Lin Jiansheng's clothes and asked loudly, "Mentor, is that Grand Master Qingying interested in you? I see that she has been standing on the spot and staring at you. Is she feeling reluctant to part with you?"

Upon hearing this, Lin Jiansheng sped up.

What a joke. Was there a reason to take out the treasures stored in his interspatial ring and return them?

Don't even think about it!

Lin Jiansheng pulled Yu Huang and flew to the top of the pier of the Lou Lan island in one go. After confirming that Grand Master Qingying did not chase after them, he landed in front of the ticketing hall on his sword.

Lin Jiansheng threw the bag of spirit stones and money to Yu Huang and ordered, "Go and buy two first-class tickets."

Yu Huang obediently bought the tickets and boarded the first class cabin with Lin Jiansheng. The environment of the first class cabin was much more luxurious than the economy cabin on the second floor. Their seats could become a single bed, and they could sit or lie.

There were staff members roasting oysters on the deck outside. When the aroma wafted into the cabin, Lin Jiansheng was about to cry from craving it. "Let's go and eat the oysters. We have to get the money for the two boat tickets back!"

Yu Huang followed Lin Jiansheng to the deck to eat and drink. After she was full, she returned to her seat to rest.

Yu Huang had spent half a year in Lou Lan Ancient Pavilion. There was only half a month left until the opening of Lou Lan Ancient Pavilion this year, but there were fewer passengers on the ship.

The number of human passengers on the ship could be counted with one's fingers, most of them were local merfolk of Xixia Sea.

Yu Huang stared at the tails of the merfolk who were under the chairs and couldn't help but whisper to Lin Jiansheng, "Mentor, they are fish, so why do they still need to take the boat? Isn't it more convenient to swim over directly?"

Lin Jiansheng rolled his eyes at her and said, "You're a person. Isn't it more convenient for you to travel the world barefoot? Why do you still need to take a plane?"

Yu Huang was rendered speechless. She even felt that she was a little stupid.

1

"Aren't you too free?" In order to find something for Yu Huang to do, Lin Jiansheng took out a stack of exam papers from his interspatial ring and placed them on the small table in front of Yu Huang. He said, "If you have nothing to do, let's do the exam papers!"

Yu Huang stared at the pile of exam papers and revealed a pained expression.

She flipped through the exam papers and saw that there were ten stacks per seven sets of exam papers. She asked, "These are the college entrance examination papers from previous years?"

"Yes." Lin Jiansheng explained, "When I was compiling the scriptures for the college entrance examination for you, I read them a few times."

Lin Jiansheng picked out a stack of papers from the pile and stuffed it into Yu Huang's hands. He said, "This is the easiest set, I think. Do this first. After you're done, I'll give you a score."

"... Okay."

Hence, next, Lin Jiansheng sat on the chair and meditated while Yu Huang did the test papers at the side. She would bite her pen at times and scratch her ears and cheeks at other times. The process was very tortuous.

Finally, Yu Huang threw down the pen and woke Lin Jiansheng up. "Mentor, I'm done."

Lin Jiansheng picked up the pen. He opened the first exam and began to grade the papers. He finished the seven papers in less than an hour.

Mathematics, 100; language, 72; world language, 73; morality and law, 75; history, 63; biology, 92; chemistry, 98.

When Yu Huang saw this result, she was quite satisfied. However, Lin Jiansheng's eyes were filled with disdain. "Your grades are so bad that I can't bear to watch. You're only as far away from becoming the top scholar as Xixia Ocean's size."

Yu Huang immediately felt wronged and deflated.

Lin Jiansheng made a sincere suggestion. He said, "Ah Huang, you should give up on this path. I am a Level 8 Purifying Spirit Master, and you are my only personal disciple. Take my letter of recommendation and report to the Divine Realm Academy. The academy will definitely accept you."

Yu Huang was somewhat tempted.

However, when she thought about how she had once said those words in front of Xuanyuan Jing and Sheng Xiao and swore that she would pass the college entrance examination and be accepted into Divine Realm Academy, she felt that it would be embarrassing to give up halfway.

"Mentor, I still want to try. If I fail, I'll use your connections to get in through the back door."

Seeing that Yu Huang was still unwilling to compromise, Lin Jiansheng admired her stubbornness in resisting pressure, but also felt that she was a blockhead. "Alright then. After you go back, stay in my study room every day to read and write the exam papers."

After returning to the Prosperous Capital, Yu Huang returned home and informed Yu Donghai that she was safe. The father and daughter gathered together for a meal. The next morning, Lin Jiansheng sent someone to bring them to the Purifying Spirit Academy.

From that day onwards, Yu Huang started studying hard.

In a flash, it was May.

One day, Jiang Shangfeng suddenly sent a message in the class group chat asking who would be going to Jingdu to watch the Beast Tamer Selection.

When she saw this message, Yu Huang was doing an international language test. She put down her pen and asked the class monitor, "Will Anna participate?"

Seeing Yu Huang appear, everyone jumped out and asked her: "Yu Huang, rumor has it that you went to Jingdu's cram school. Is that true?"

[Yu Huang, you will come back on time to participate in the college entrance examination, right? You will participate in our graduation party, right?!]

[Yu Huang, have your grades improved recently?]

The moment Yu Huang appeared, she was warmly treated by the entire class.

Yu Huang replied their messages one by one. Only then did she see Jiang Shangfeng's reply: "Anna will be participating. It has been many years since Yong Hui High School had a Beast Tamer. Old Ban hopes that someone from our class can go to the scene to cheer Anna on."

The Recreation & Culture Committee member, Vivian, also appeared. She said, "Anna is the most timid, and her beast form is a relatively weak ant. I think we should go together to cheer her on and maybe give her some encouragement."

Jiang Shangfeng asked again: "Who wants to go? Let's register in the group. When the time comes, we'll go Dutch and book a bus to the venue to cheer her on."

1

One message after another appeared in the class group chat. Yu Huang felt the value of friendship. Anna was the first girl in Class 7 to show her kindness. Yu Huang hoped that Anna could stand out in this competition.

Yu Huang: "Count me in. I'll go too."

Yu Huang and Lin Jiansheng took a day off. When Lin Jiansheng found out that she was going to watch the Beast Tamer Selection, he said, "It's good that you will watch from the side and broaden your horizons. However, they are just a group of children. Most of them don't even have a decent cultivation technique. It's boring to watch them compete."

Yu Huang explained, "A friend of mine is participating in the qualifying competition. I want to go and cheer for her. Do you remember her? She's the girl who awakened her ant beast form during the beast awakening ceremony last year."

Upon hearing about the ant beast form, Lin Jiansheng thought of that girl.

Lin Jiansheng had some impression of Anna Tao. After all, useless beasts were rare.

Lin Jiansheng told Yu Huang, "That girl's beast form is too weak. I'm afraid it will be very difficult for her to stand out in the Beast Tamer Selection Competition. If no high-level Beast Tamer Academy is willing to accept her and no cultivation clan is willing to nurture her, then she will only be a Scholar for the rest of her life."

Yu Huang felt an inexplicable sense of sorrow. "Are ants in their beast form really that weak?"

Lin Jiansheng knew what Yu Huang was thinking. He told Yu Huang, "Ah Huang, on the path of cultivation, it is indeed precious to be able to withstand hardship, but talent is the key."

He pointed at himself and said, "Because I didn't have any talent, it took me three years to form the Psychic Pearl. You only used half a month to break through to the Second Beginner Stage."

"Don't you understand yet?" Lin Jiansheng pointed out mercilessly. "The reason why so many Beast Tamers have mediocre cultivation levels is not because they aren't hardworking, but because they are without talent."

Because if you don't have talent, you can't catch up to other people even if you study hard all night.

After hearing Lin Jiansheng's words, Yu Huang did not feel smug or happy. Instead, she felt her heart sink.

Was talent really that important?

...

In May, it was the assessment season for the world's Beast Tamer Selection Competition. This year, there were 40,000 new Beast Tamers participating in the selection competition worldwide.

After these 40,000 Beast Tamers underwent various tests, the Beast Tamers who eventually entered the top 2,000 would be prioritized by the three top Beast Tamers Academy in the world.

Beast Tamers who entered the top 12,000 would be accepted into 10 second-rate Beast Tamer Academies. Beast Tamers who entered the top 25,000 would be accepted into some of the lower-ranking Beast Tamer Academies.

In other words, out of the 40,000 Beast Tamers, only the top 25,000 would have the chance to enter the school. If 15,000 were eliminated, they would lose their right to enter the school.

Since they could not enter school to receive professional lessons, they could only be non-affiliates.

However, the eliminated Beast Tamers could still participate in another test as alternate students three years later. If they could enter the top 10,000 as alternate students, they could still be accepted into a high school.

Every time this happened, the disciples nurtured by the large family clans with all their strength would have an absolute advantage.

For ordinary and weak Beast Tamers like Anna Tao and the others, it was very difficult for them to enter a high-level Beast Tamer Academy to study.

There were 334 countries in the Holy Spirit Continent. This year, there were only 40,000 new Beast Tamers. As the strongest country in the Divine Realm Continent and the four most powerful countries in the world, the Divine Moon Empire had more than 800 new students.

In addition, there were more than two hundred backup students.

Only Beast Tamers who entered the top 280 of the Divine Moon Empire had a high chance of being accepted into the high-level Beast Tamer Academy. And to successfully enter the Divine Realm Academy, one had to rank in the top 50 in the entire country.

The competition was intense.

Anna Tao's first match was scheduled for Saturday afternoon. Jiang Shangfeng and the others could take the first bus on Saturday morning to Jingdu.

The bus ticket cost 360 yuan. For high school students who had to ask their parents for living expenses, this was not a small sum.

After discussion, class 7 decided to use the entire class' vote to choose six students who were closest to Anna Tao and represent the entire class to go to Jingdu to cheer for Anna Tao.

They were the class monitor Jiang Shangfeng, Vivian, the Recreation & Culture Committee member, and Anna Tao's childhood friend, Zhu Nuowen, as well as her roommates Jiang Qiangwei, Julia, and Su Tiantian.

Through autonomous donation, the students of Class 7 gathered 2,200 yuan and bought bus tickets for the six of them. Everyone thought that Yu Huang was studying in Jingdu, so they naturally did not include her bus fare.

Yu Huang had to cover up her lie no matter what.

In order not to be exposed, Yu Huang set off from Prosperous Capital one night early and stayed in Jingdu for one night.. The next morning, she went to the bus stop to meet up with Jiang Shangfeng and the others.

Chapter 95: Spring Is Here, Time to Date

After being separated for a few months, they were reunited again. Everyone was very excited.

The girls surrounded Yu Huang and sized her up for a while. Julia praised Yu Huang for losing weight, while Vivian stared at the golden mask on Yu Huang's face and asked curiously, "Yu Huang, where did you buy this mask? It's so beautiful! I want to buy one too. I'll wear it at mask balls in the future!"

When she heard Vivian say that the mask was beautiful, Yu Huang's lips curled up.

She blinked at Vivian and touched the mask. She said proudly, "This mask is custom-made. There's only one like this in the world."

She could not buy Sheng Xiao's mask.

After knowing that the mask was custom-made, Vivian stopped.

After the girls finished chatting, Jiang Shangfeng and Zhu Nuowen came to Yu Huang. Jiang Shangfeng asked Yu Huang, "It must have been tough for you to catch up for the college entrance examination in Jingdu. Look, you've lost weight."

Yu Huang was about to shake her head when she heard Zhu Nuowen say, "Yu Huang, actually, you don't have to work so hard. Even if you don't do well on the college entrance examination, we won't laugh at you."

Everyone knew that Yu Huang used to be an actress. Since she skipped too many classes, how good would her grades be? And it was already rare for her to have such a proper learning attitude.

When Yu Huang saw that no one believed that she could get good grades, she was even more determined to work hard to improve and then secretly become the top scholar to stun the entire school!

Vivian thought of something and hurriedly opened the zipper of her backpack to take out a white plastic bag.

She handed the item to Yu Huang and said, "Don't you like to eat mint starch jelly? Before we left, we bought a portion of starch jelly from an old lady at the entrance of the bus stop. It's been chilled the entire way. Hurry up and eat."

Yu Huang hurriedly caught the starch jelly with both hands.

She opened the packaging and stared at the cold and green mint starch jelly in the lunch box. She suddenly felt guilty.

She was ashamed of herself for lying to them. One could hide some secrets from one's real friends, but one shouldn't lie to them.

Yu Huang suddenly said, "Actually, I lied to you."

Jiang Shangfeng and the others stopped talking and looked at Yu Huang. They asked curiously, "What did you lie to us about?"

The bus stop was crowded, so it was not a convenient place to talk. "Let's go to a place with fewer people to talk."

Yu Huang led them out of the bus stop and to a small park.

Seeing how secretive Yu Huang was, everyone became nervous. Vivian couldn't stand the strange atmosphere, and she couldn't help but ask Yu Huang, "Yu Huang, what exactly are you trying to say?"

Yu Huang didn't know where to start either, so she stretched out her right hand and summoned Xuan Yu.

Seeing the beast form duck that Yu Huang had suddenly summoned, Jiang Shangfeng and the others widened their eyes and exclaimed in unison, "Beast form!"

Vivian stared at the little duck in Yu Huang's palm and subconsciously swallowed hard. She asked with a tight throat, "Yu Huang, you successfully awakened your beast form?"

Yu Huang nodded gently.

Seeing that she had admitted it, Jiang Shangfeng and the others widened their eyes. "What exactly is going on?! Weren't you getting tutored in Jingdu?"

Could it be that when she was studying in Jingdu's cram school to catch up on lessons, they even gave her the secret to beast form awakening?

Yu Huang told them, "Actually, during the period of time that I took leave of school, I wasn't studying in Jingdu's cram school. Instead, I went to find a way to successfully awaken the beast form in my body."

With that, she put away her beast form and bent down to apologize to everyone sincerely. "I'm sorry that I lied to you and Teacher."

Jiang Shangfeng and the others were agitated and didn't know what to say for a moment. In the end, it was Vivian who spoke first. She asked Yu Huang, "Why didn't you dare to tell us the truth?"

The corners of Yu Huang's lips curled up as she gave a self-deprecating smile. She said, "That day in the Purifying Spirit Academy, I wasn't able to successfully awaken my beast form at the final moment, causing me to be mocked by the entire internet. I wasn't willing to accept this and wanted to find a way to awaken my beast form. However, I was afraid that after everyone found out my thoughts, they would laugh at me for being delusional, so I lied."

Yu Huang's apology was filled with sincerity and her tone sounded so pitiful. How could anyone bear to blame her?

When Jiang Shangfeng and the others recalled how Yu Huang was mocked by the entire internet, they naturally understood why she was lying.

When one truly treats a person as a good friend and see that one's friend has become outstanding, one should give her endless blessings, instead of being jealous or condemning them.

Real friends didn't envy each other when they saw that the other party had become outstanding. Instead, they would sincerely feel happy for the other party when they saw that the other party had become outstanding.

Jiang Shangfeng smiled in relief. He raised his fist and hammered Yu Huang's shoulder. He smiled and said, "Idiot, you've successfully awakened your beast form. This is a good thing. We all understand why you hid it earlier. You don't have to feel too burdened."

Zhu Nuowen and the others also raised their fists and imitated Jiang Shangfeng's actions, hammering Yu Huang on the shoulder. Only Vivian did not react. She bit her lip and looked at Yu Huang with a complicated expression.

Yu Huang looked at Vivian and didn't say anything.

The atmosphere instantly became awkward.

Jiang Shangfeng and Zhu Nuowen felt uneasy mixed among the girls.

Vivian's attitude towards Yu Huang had always been very ambiguous. Originally, Yu Huang had been disfigured and had not successfully awakened her beast form. Since she was pitiful, Vivian's attitude towards her was more that of pity than friendliness.

Now, Yu Huang had successfully awakened her beast form and become a Beast Tamer. Vivian immediately felt a sense of crisis, and felt gloomy that she would be overshadowed by Yu Huang for the rest of her life.

She glared at Yu Huang fiercely and said frankly, "In the past, when I was running for the school belle's position, you always beat me. Among the entire class, I hated you the most."

Hearing this, Jiang Shangfeng and the others' expressions froze. Julia gently pulled Vivian's sleeve, hinting that she shouldn't make their relationship too awkward.

But Vivian ignored Julia.

Vivian looked directly at Yu Huang. Her tone was filled with disdain as she said, "Yu Huang, I find you annoying. I hope that after graduation from high school, you will immediately enter the Divine Realm Academy to harm others. I don't want to see your name in the competition for the most beautiful girl in school in my life!"

Everyone was speechless.

Yu Huang finally smiled.

She reached out and hugged Vivian, who wasn't being frank. She promised, "I swear that I will never compete with you for the title of the most beautiful school belle again."

Vivian said, "You better not!"

Seeing that these two girls had let bygones be bygones, Jiang Shangfeng and the others suddenly heaved a sigh of relief, and the atmosphere instantly became relaxed. "Let's go. We should go to the selection competition. We can't miss Anna's competition!"

"Let's go!"

The group of girls walked in front and chatted about whose dress was better and whose shoes were the most fashionable. Jiang Shangfeng and Zhu Nuowen looked at each other and shrugged. "Women are so hard to figure out."

There was a considerable distance from the bus stop to the Beast Tamer Selection ground. The group of seven finally decided to take the subway.

As the capital of the Divine Moon Empire, Jingdu was the most prosperous city in the Divine Moon Empire. The population was also very high.

The subway was packed, and it took the seven of them a lot of effort to squeeze into the subway. After entering the subway, Vivian grabbed the armrest above her head and exclaimed, "My shoes fell outside the subway!"

This was her first time coming to the capital. Vivian even specially went to the mall to buy a beautiful set of clothes and shoes last night.

Today, Vivian was wearing a light blue long dress and a pair of almond-colored flats. She looked beautiful and elegant. However, the shoes on her left foot had disappeared. She could only step on the floor barefoot. Her elegance had vanished.

Vivian was very vain, so it was humiliating for her to be barefoot in a public place. Her face was flushed, and she had the feeling that everyone around her was peeping at her.

But in fact, apart from herself, no one would notice that she was not wearing shoes.

Jiang Shangfeng noticed that Vivian's face was flushed with embarrassment. He slowly squeezed through the crowd and stood beside Vivian.

Jiang Shangfeng took off his shoes with his heel and kicked his sneakers in front of Vivian's heel. He lowered his head and whispered in Vivian's ear, "You can wear my shoes. I'm still wearing a pair of socks."

Vivian, both grateful and touched, blushed at him. "... Thank you."

Yu Huang was tall, and her vision was good as she stood among the girls. She watched Vivian and Jiang Shangfeng's interaction, and suddenly realized that spring was here.

Spring had arrived, and it was time to date.

...

The host of the Beast Tamer Selection Competition was the Divine Moon Empire's Beast Tamer Alliance and the Imperial Family. The venue was a horse racing field in Jingdu.

The square horse farm was divided into ten phalanxes by the staff. Each phalanx was a hundred meters long and a hundred meters wide. The horse farm could accommodate ten groups of Beast Tamers for a competition.

The participating Beast Tamers sat in the waiting area. They all had a silver-white Beast Tamer badge on their shoulders with a light gray star on it.

In order to differentiate between the ranks of Beast Tamers, the colors of the stars on the Beast Tamers' badges were also different.

The stars on the Scholar's badge were light gray, the Master's badge was light blue, and the Supreme Master's badge was dark blue. The Grand Master's badge was light purple, and the Prime Master's badge was dark purple. Only the Divine Master's badge was the most special color, and it was a seven-colored badge that was mainly purple.

The Divine Master badge only had a design plan and had not been manufactured yet. After all, no one in this world had truly reached the level of a Divine Master.

The current competition tickets were charged. Ordinary tickets cost 100 spirit stones per ticket, and it cost 20,000 yuan per ticket. The VIP area tickets were even more outrageous. They ranged from 200 spirit stones to 500 spirit stones. The better the viewing angle, the more expensive the ticket price.

Jiang Shangfeng and the others did not have the money to buy tickets. They planned to stand outside the competition venue and call Anna Tao out to talk. However, when they arrived at the racecourse, Yu Huang took out seven ordinary tickets and distributed them to them.

Holding the ticket, Vivian asked with a surprised expression, "Yu Huang, where did you get the ticket? Does your family know that you're wasting money?" In their impression, Yu Huang was no longer the big star she was before. Her family was poor now, and she relied on her father to buy alms bowls and chickens to earn money.

Vivian and the others didn't want Yu Huang's tickets. They even said, "Sell the tickets. We'll stand outside. It's not easy for him to earn money."

When Yu Huang heard their words, she sighed silently. They were all a bunch of good children!

Chapter 96: Xuanyuan Sisi Against Anna Tao

Yu Huang blinked at them mysteriously and told a white lie. She said, "When I was out, I was lucky enough to befriend a lady from a big family and even saved her life. In order to repay my kindness, she gave me a huge sum of money, so I can buy many tickets. Alright, let's go in. Don't miss Anna's competition."

After hearing Yu Huang's explanation, everyone believed that she had really struck it rich. Only then did they carry their small bags and excitedly rush to the viewing area.

The racecourse was located in a basin. Around the basin were hills hundreds of meters high. The hills had been modified into viewing seats that could accommodate 20,000 people at once.

The ticket Yu Huang bought was in the middle of District D.

After taking a seat, Zhu Nuowen took out the prepared binoculars from his backpack and wanted to find Anna Tao. It was not easy to find the petite Anna Tao among the more than 1,000 Beast Tamers.

After a long search without finding Anna Tao, Zhu Nuowen lowered the binoculars.

At this moment, the match on stage 8 had ended. After the referee read the results of the match, he held the microphone and shouted towards the waiting area, "Group 65, Xuanyuan Sisi versus Anna Tao!"

"Please go on stage quickly!"

Upon hearing the name of the battle team, Yu Huang suddenly stood up.

Anna was going to fight Xuanyuan Sisi?

This was only the first round of matches. According to the rules, the people fighting in the first round should be two people with similar cultivation levels competing together.

However, why would Anna Tao be in the same group as Xuanyuan Sisi? By arranging Xuanyuan Sisi and Anna Tao to be in the same group, Anna Tao was doomed!

Yu Huang suspected that the reason they were paired together was because the organizer had secretly done it.

Everyone knew that Xuanyuan Sisi was an idiot among the children of noble families. If that idiot fought a Beast Tamer of the same level, there was a high chance that she would be eliminated. Beast Tamers who were eliminated in the first round did not have the right to enter the second round.

Thus, Yu Huang reasonably suspected that in order to avoid Xuanyuan Sisi being eliminated at the start of the game, the Xuanyuan Clan must have bribed the organizers and gotten them to secretly work together to match Xuanyuan Sisi with a weak opponent!

If Yu Huang could guess these insider information, couldn't others?

Yu Huang carefully observed the seats where the few great families were sitting. She saw that everyone shook their heads when they heard the name of this duo. They understood that they had seen through the shady business between the organizer and the Xuanyuan Clan.

They knew very well, but they acquiesced.

This was because if Xuanyuan Sisi was eliminated at the start of the match, not only would it disgrace the Xuanyuan Clan, but it would also disgrace the six great cultivation families.

In order to protect the prestige of the big families, they tacitly accepted this unfair deal.

At that moment, Yu Huang only felt sad.

...

Before the battle began, every Beast Tamer would draw a lot. The number of participants was written on the lot. Anna Tao only knew that she was number 65, but she did not know who her opponent was.

She stood quietly in the crowd and waited. When she heard the referee call her and Xuanyuan Sisi's names, Anna Tao immediately heard the low discussions among the crowd.

"Huh? Why is Miss Xuanyuan's opponent a stranger I've never heard of?"

"Who is Anna Tao? Is she very powerful?"

Some Beast Tamers who were from the same school as Anna Tao were shocked when they heard the name announced by the referee. "What is the organizer doing? Xuanyuan Sisi is the eldest daughter of the Xuanyuan Clan. How can her opponent be that trash?!"

"The organizers are helping Xuanyuan Sisi cheat!"

Hearing this, what else did Anna Tao not understand?

She was going to lose to that young mistress of the Xuanyuan Clan.

But they were both Beast Tamers, so why did she deserve to be set up? Was it because her beast form was an ant? Was it because the young lady of the Xuanyuan Clan needed someone to be sacrificed to advance?

Was this the M.O. of cultivation families?

At that moment, Anna Tao suddenly felt wronged, indignant, and angry!

Anna Tao emerged from the line. She walked from the left side of the Beast Tamer team to the front of the crowd. She looked up and saw the girl in the green dress standing at the front of the crowd.

Xuanyuan Sisi was wearing a floral green dress. A long gold-plated bracelet was wrapped around her snow-white arm. Her slightly curled long hair fell onto her shoulders and swayed gently with the breeze.

One look and she knew that she was a princess who had been pampered growing up.

As a princess, she had to have slaves kneel down and serve her!

And she was that slave...

Anna Tao felt sad. She thought that after awakening her beast form, she could escape from the clutches of her alcoholic father and live a different life.

However, she was still too young and did not know that there were demons everywhere in this world. She had escaped from her father's clutches and fallen into the hands of others.

Yu Huang finally discovered Anna Tao. When she saw Anna Tao's pale face, she understood that Anna Tao had also guessed the shady deal between Xuanyuan Sisi and the organizer.

Yu Huang felt unfair for Anna Tao, but she couldn't openly point out the problem with the organizer. If this was proven to be a misunderstanding, not only would she be punished, but Anna Tao would also be implicated.

Xuanyuan Sisi raised her chin at Anna Tao proudly and said arrogantly, "I won't show any mercy when we get on the stage later!"

With that, Xuanyuan Sisi took the lead and went to the stage.

Anna Tao bit her lip so hard that the blood drained from it. Then she chased after her.

After both parties went onto the stage, a translucent protective shield immediately rose around the stage. Xuanyuan Sisi summoned her beast form immediately. The moment the white snow fox appeared on the stage, it immediately attracted the surprised cries of many girls.

“Ah, it’s a snow fox! What a beautiful beast form!”

Everyone’s attention was attracted by Xuanyuan Sisi’s beast form. After they had admired enough, they looked at Anna Tao’s beast form and realized that she had yet to summon her beast form.

“Huh? What about Anna Tao’s beast form? Why didn’t she release her beast form?”

“Why hasn’t she released her beast form yet?”

Gradually, more and more people were discussing Anna Tao.

When Jiang Shangfeng and the others heard these people’s words, they thought that Anna Tao was feeling inferior and did not dare to summon her little ant beast form. They were all worried for Anna Tao.

Vivian stomped her feet and muttered, “Anna, stop daydreaming. Quickly summon your beast form!”

As if she had heard Vivian’s prayer, Anna Tao took a deep breath and finally raised her hand to summon her beast form. When the tiny ant that was difficult to notice appeared on the stage, it immediately attracted boos.

“What’s going on?! She’s actually in a useless beast form!”

“What’s going on? How did the ant beast form collide with the snow fox beast form? Did the organizer make a mistake?”

“Why is Xuanyuan Sisi’s opponent such a weak girl?”

Xuanyuan Sisi heard their guesses and was afraid that they would discover her dirty dealings with the organizers. She was so guilty that she attacked Anna Tao without waiting for the referee to speak.

“Xue’er, Crafty Rabbit Three Burrows!”

Upon receiving the order, the gentle-looking snow fox’s body suddenly expanded and turned into a giant snow fox about half a meter in length. The snow fox’s four limbs jumped three times on the ground. With each jump, the spiritual energy on its body became stronger.

After jumping three times, the snow fox suddenly jumped towards the little ant. When it got up, two cracks appeared on the stage under its feet.

Anyone with eyes could tell that Xuanyuan Sisi’s snow fox had cultivated a cultivation technique.

With the enhancement of her cultivation technique, her beast form would possess even stronger power. Xuanyuan Sisi had brought out her trump card right from the start. She planned to defeat the enemy in one move and end the battle quickly!

Anna Tao panicked for a moment. She hurriedly gave an order to her beast form, but the order was filled with despair. "Longxiang, retreat!"

She gave that weak ant a powerful name called Longxiang. Her first order to Longxiang was to retreat.

Compared to Xuanyuan Sisi's formidable appearance, Anna Tao was in a sorry state.

The ant had retreated from the moment it heard Anna Tao's order. However, it was too slow. The snow fox landed on it and the huge spiritual force pressure knocked the ant unconscious.

At the same time, Anna Tao's body suddenly flew into the air and slammed towards the edge of the stage.

Bang!

Anna Tao's thin and petite body was slammed into the hard ring. She spat out a mouthful of blood and her head shook.

A double image appeared in Anna Tao's vision. She saw the green-dressed girl walking towards her step by step. As she got closer, the girl crossed her arms and lowered her head to look at her for a moment. She turned around and said to the referee, "Referee, she lost!"

The judge put the whistle in his mouth and was about to blow it when he heard a weak female voice say very softly, "I haven't lost yet!"

Xuanyuan Sisi and the judge looked at the little girl lying on the ground at the same time.

Anna Tao held onto the ground with her hands. She gritted her teeth and stood up with trembling legs. She summoned her beast form back into her body and punched Xuanyuan Sisi!

Xuanyuan Sisi's beast form immediately turned into a ball of light to protect her within the protective shield. She brought Xuanyuan Sisi and teleported to three to four meters away.

Xuanyuan Sisi stood firmly while hugging the snow fox with one hand. She looked at Anna Tao with a dangerous gaze while her gaze turned sinister. "Anna Tao? Your beast form already lost consciousness. You're already at the end of your rope. Why are you still trying to be brave?!"

Anna Tao had serious internal injuries and her mouth was filled with blood. When she heard Xuanyuan Sisi's words, Anna Tao opened her mouth and spat at her!

The blood landed on Xuanyuan Sisi's pure white shoes and green dress. Xuanyuan Sisi lowered her head to look at her shoes. They were her favorite shoes. Her brother had brought them back for her from the Divine Realm Academy.

She took the Beast Tamer Selection very seriously and deliberately wore these shoes. However, that reckless girl actually dirtied her shoes!

Xuanyuan Sisi suddenly became murderous.

Her gaze became fierce as she suddenly threw the snow fox into the sky and roared, "All Things Return to Void!"

The snow fox started spinning frantically in the air. As it spun, a tornado appeared below it. The tornado swept Anna Tao into it, carried her in the air, and mercilessly slammed her onto the ground.

Before Anna Tao could catch her breath, she was sucked into the sky by the tornado again and thrown to the ground.

Anna Tao was lying on the ground like a rag doll.. She was motionless.

Chapter 97: Sheng Xiao's Show!

This scene became the most tragic scene on the stage. Everyone held their breaths and cast their gazes towards Arena 8, where Anna Tao was.

Everyone could tell that Anna Tao would only be crushed by Xuanyuan Sisi!

Xuanyuan Sisi stood in the distance. Her clothes fluttered as she asked Anna Tao coldly, "Anna Tao, do you admit defeat?"

Anna Tao looked at the gray sky above her.

Admit defeat?

If she knew what it meant to admit defeat, she would have been beaten to death by her father!

"No, I won't admit it!" She would admit anything, but she would not admit defeat!

Anna Tao's voice was clearly so weak, but her weak voice reached everyone's ears through the loudspeaker. It shocked everyone.

Many people couldn't bear to watch any longer. There was even a soft-hearted woman who was about to cry. She bit her handkerchief and said nervously, "Child, just admit defeat!"

Seeing Anna Tao being abused by the girl called Xuanyuan Sisi, Yu Huang and the others were enraged.

Zhu Nuowen suddenly took out a custom-made red banner from his bag. He asked Julia and Su Tiantian to pull the banner while he raised the horn and shouted, "Anna!"

Anna Tao's consciousness was about to dissipate, but at this moment, she heard her childhood friend shouting her name.

Anna Tao tried to turn her head to look at the audience.

Several blurry figures appeared in her line of sight. After recognizing those people, tears finally fell from her eyes.

It was her friends!

Jiang Shangfeng snatched the loudspeaker and raised it while shouting, "Anna Tao! You're the bravest and strongest person in Class 7. Today, even if you lose, you're still the god of Class 7!"

Hearing her good friends cheer her on suddenly gave Anna Tao an endless amount of energy again. She wiped away her tears, then gritted her teeth and pushed through the last of her consciousness as she stood up while trembling.

Anna Tao could not stand still. She stared at Xuanyuan Sisi while swaying and stammered, "Xuanyuan, Sisi. I, I won't admit defeat. If you have the guts, beat me to death! If you can't kill me, I'll definitely kill you in the future!"

She would remember everything Xuanyuan Sisi had done to her for the rest of her life!

Xuanyuan Sisi was frightened by Anna Tao's ruthless gaze. She suddenly realized that she really couldn't let this wretched girl live. If Anna Tao really walked off the stage alive, she would definitely become a stumbling block on her cultivation path!

Xuanyuan Sisi made up her mind to kill Anna Tao to prevent future trouble!

Xuanyuan Sisi secretly gave the snow fox an order. The snow fox in the sky swept up a tornado again. Just as the tornado was about to touch Anna Tao, two lights suddenly lit up in the audience.

One black and one red were particularly eye-catching.

The black light came from where the Sheng family was located, and the red light came from the audience seats in District D.

Noticing the tyrannical and powerful light and sensing the Spiritual Energy aura of her acquaintance, Yu Huang hurriedly hid herself.

"Hum!"

A dragon's roar shook everyone's eardrums.

A giant black dragon suddenly appeared in the air and charged straight at Arena No. 8. It slammed into the barrier effortlessly!

After the Black Dragon charged into Arena No. 8, it opened its mouth and swallowed the tornado. Then, it curled its tail and swept Xuanyuan Sisi into the void.

"Hum!" An angry dragon roar sounded again. This time, Xuanyuan Sisi was thrown to the ground by the dragon tail.

Xuanyuan Sisi fell to the ground and spat out a mouthful of blood.

She laid on the ground and looked up at the sky.

A dark green figure descended from the sky and landed on Black Qing's dragon head.

The person standing on the dragon head was wearing a navy blue shirt. There was a black fountain pen on his left chest pocket and a token in his right hand. It was the rights card of the Beast Tamer Alliance's President!

The man was handsome and charming. His appearance attracted the attention of all the women in the audience.

After seeing the man's face clearly, Xuanyuan Sisi finally revealed a frightened expression.

"Sheng... Sheng Xiao..." Xuanyuan Sisi did not expect her battle with Anna Tao to alarm Sheng Xiao.

The patriarch of the Sheng family, Sheng Lingfeng, had been in seclusion since early this year. Now, his only son, and the young master of the Sheng family, Sheng Xiao, was handling important matters of the Sheng family.

As the president of the Beast Tamer Alliance, Sheng Lingfeng was unable to attend the qualifying competition because he was in seclusion, so he asked Sheng Xiao to attend the scene on his behalf.

So, Sheng Xiao represented Sheng Lingfeng today.

He held the rights card of the Beast Tamer Alliance, so he had the right to exercise all the rights of the Alliance's President!

Xuanyuan Sisi's ruthless action against Anna Tao had seriously violated the rules of the Beast Tamer Selection. She realized that Sheng Xiao was here to convict her!

If Sheng Xiao really wanted to pursue this matter, Xuanyuan Sisi would either be punished physically or lose her right to participate forever!

If she couldn't participate in the competition again, it meant that Xuanyuan Sisi would never be able to enter the high-level Beast Tamer Academy to further her studies in her lifetime. She would never become powerful!

How could Xuanyuan Sisi not be afraid of Sheng Xiao?!

Xuanyuan Sisi endured the pain and got up. She knelt on the ground and called out respectfully, "Master Sheng!"

Sheng Xiao looked at her coldly. His voice was cold as he said, "Xuanyuan Sisi, you are not allowed to kill your opponent during the competition! Your actions just now violated the rules of the Beast Tamer Selection Competition! As a core disciple of the Xuanyuan Clan, you knew the law and violated it. Do you know your crime?!"

Xuanyuan Sisi's face turned as pale as a sheet when she heard this.

Her lips quivered for a moment, but she refused to admit her crime obediently. She quibbled in a broken voice, "Supreme Master Sheng, she, she deliberately provoked me! She refused to admit defeat and forced me to kill her!"

"She forced you?" Sheng Xiao was furious. He asked Xuanyuan Sisi sharply, "You said that she forced you? But what I saw was a junior scholar with a powerful cultivation technique beating up a novice scholar who did not even have a cultivation technique! Who forced you? Do you think I'm blind and can't see? Do you think the audience is blind and can't see?!"

After he finished speaking, Sheng Xiao glanced at Anna Tao, who was seriously injured, and then at the organizers. The organizers lowered their heads guiltily when they noticed Sheng Xiao's gaze.

Sheng Xiao was not only cursing Xuanyuan Sisi, but he was also cursing the organizing committee that had been bribed by Xuanyuan Sisi.

Xuanyuan Sisi trembled in fear when she saw Sheng Xiao getting angry. She did not dare to argue anymore.

Sheng Xiao raised the Rights Card of the Beast Tamer Alliance and announced loudly,

“Xuanyuan Clan’s core disciple, Xuanyuan Sisi, tried to kill her opponent during the competition and severely violated the prohibition rule of the Beast Tamer Selection Competition. On account that it was her first offense and did not really harm her opponent’s life, I decided to detain her on the sixth level of the prison and only let her be released after three months of imprisonment! Due to the negative influence, she will be given an additional two years of ban!”

Xuanyuan Sisi knelt on the ground on the spot when she heard this, and she was completely stunned.

After killing Xuanyuan Sisi, Sheng Xiao looked at the delegation.

The group of people sitting at the organizer’s representative’s table were all alarmed.

Sheng Xiao aimed the card at them and said, “The second supervisory team of the host of the Beast Tamer Selection Competition this year, due to bribery and covert operations, has severely violated the rules of the Beast Tamer Alliance. They will be removed from their position immediately and their membership will be rescinded!”

As soon as he finished speaking, the royal family immediately sent someone to bring the second supervisory team and Xuanyuan Sisi away from the racecourse.

Sheng Xiao immediately condemned Xuanyuan Sisi and the host’s delegation the moment he appeared. He shocked everyone. He was making an example of them to show the consequences of manipulating the Beast Tamer Selection Competition with his strength.

Some people admired him, while others hated him. However, they could not do anything to him.

Sheng Xiao was known as the number one genius of the Holy Spirit Continent. He was even more precious than a national treasure in the Divine Moon Empire. Who would dare to cross him?

The future of the entire Divine Moon Empire was on his shoulders. Touching him was tantamount to provoking the Divine Moon Empire!

After the army took Xuanyuan Sisi and the others away, Sheng Xiao flew to the front of the Beast Tamer waiting area.

He stood in front of the young Beast Tamers and looked at the location of the organizer and the six families. A cold voice sounded throughout the entire arena again—

“Beast Tamers are the future of the entire Holy Spirit Continent. The Beast Tamer Selection Competition should be fair, just, and sacred! As a cultivation family, you should set an example and lead the way in maintaining order, not rely on your status to commit evil!”

Sheng Xiao stared at the Xuanyuan clan leader's position and asked meaningfully, "Is the Divine Moon Empire the Divine Moon Empire of everyone, or the Divine Moon Empire of some people?"

The Xuanyuan Clan's patriarch's face instantly turned pale when he heard this.

On the royal family's side, the prince Mo Yuelou immediately glanced at the seat of the Xuanyuan clan leader. His gaze was aloof, but it was filled with condemnation and disappointment.

The Xuanyuan clan leader's eyes flickered, but he did not dare to react.

Sheng Xiao only returned to the Sheng family's seat after he finished speaking. The young beast tamers blushed when he left.

"Supreme Master Sheng is so handsome! He's my idol!"

Garo Xianyang stood beside Sheng Yang. He exclaimed in admiration and respect, "Sheng Yang, your brother is getting more and more ruthless."

Sheng Xiao was indeed a disciplinary officer of Divine Realm Academy. He dared to provoke the organizer and humiliate the patriarch of the Xuanyuan family. He was truly impartial and heartless!

Sheng Yang did not react to Garo Xianyang's words at all.

While everyone was busy worshiping Sheng Xiao, only Sheng Yang looked at the middle of Area D in the audience. She stared at the girl in the crowd who was wearing a golden mask. She was in disbelief.

Yu Huang was still alive?

Sheng Yang was looking at Yu Huang, but Yu Huang was looking at Sheng Xiao.

Sheng Xiao's actions just now were really cool.

Yu Huang wanted to start a relationship. That child from the Sheng family was upright and righteous. He was handsome, charming, and rich. The more she looked at him, the more she liked him.

1

Sheng Xiao was used to being stared at, but today, he felt that a gaze in the crowd was too burning. He frowned and turned around to look behind. With his good eyesight, he saw the girl in the phoenix mask in Zone D at a glance.

Sheng Xiao was stunned. His calm and cold gaze flickered.

She... was still alive?

Yu Huang suddenly bent down and pulled a foxtail from the weeds beside her leg. She quickly tied the foxtail grass into a circle and blinked at Sheng Xiao.

Sheng Xiao looked at the circle and suddenly felt his ring finger burning.

His ears suddenly turned red.

Chapter 98: Yu Huang: I'm Sorry, I'm Such an Old Pervert

After becoming a level-two Purifying Spirit Master, Yu Huang's senses had evolved. Now, she could see a thousand meters in front of her. She could see anything within a thousand meters. She would not miss Sheng Xiao's reaction.

Yu Huang was amused by Sheng Xiao's innocent reaction.

When they were fighting, he was fierce and valiant, but he actually became shy in private.

So cute.

Yu Huang shook her dog tail ring and deliberately shouted at Sheng Xiao silently, "Brother Xiao."

There was a distance of two hundred meters between them, but Sheng Xiao had the illusion that Yu Huang was breathing beside his ear.

Yu Huang saw that Sheng Xiao's ears were even redder. Not only was his face red, but his neck was also a little red. The small mole beside his Adam's apple looked even more attractive when his neck was red.

Yu Huang stared at the mole. Her gaze deepened. She wondered if Sheng Xiao would be in so much pain that he would need to catch his breath if she took a bite of the mole.

What would happen when Sheng Xiao panted?

Just the thought of it made Yu Huang feel a little horny.

She felt that she was an old pervert. She even lusted after a young guy in his twenties.

Yu Huang's gaze was too bold and obvious. Sheng Xiao could not help but look away. He stared at the competition on the racecourse.

However, his thoughts were elsewhere.

Sheng Xiao and his sister Sheng Yang were twelve years apart in age. When Sheng Yang was still in her infancy, Sheng Xiao had already gone to Divine Realm Academy to study.

Due to the huge age difference between them, the siblings did not have a close relationship.

Sheng Yang respected and admired Sheng Xiao, but she did not have a sister's attachment to her brother. Although Sheng Xiao loved his sister, he was not good at expressing his feelings.

It was only when Sheng Yang awakened her beast form two years ago and often asked Sheng Xiao for advice on cultivation through videos that the siblings became closer.

Last summer, Sheng Yang had broken through to the intermediate-stage of the Scholar Realm and she urgently needed a suitable cultivation technique. Coincidentally, the Lou Lan Ancient Pavilion was open to the public. Sheng Yang and the two other newborn Beast Tamers of the Sheng Clan took the Garo Clan's aircraft to the Lou Lan Ancient Pavilion to search for a cultivation technique.

Sheng Xiao was concerned about it. After the Lou Lan Ancient Pavilion closed, he called Sheng Yang immediately and asked about her gains in the building.

However, when Sheng Yang received Sheng Xiao's call that time, she was not as excited as before.

Sheng Xiao could tell that she sounded sad. He thought that she was disappointed that she did not find a suitable cultivation technique.

Sheng Xiao comforted her. "Why are you unhappy? Did you not find a suitable technique?"

Sheng Yang said, "I obtained a fifth-grade Witch rank cultivation technique!"

A fifth-grade Witch-level technique was second only to a Divine-level technique. It was very powerful. Sheng Xiao smiled and praised her on the phone. "Not bad. A fifth-grade Witch-level technique is very good. You must cultivate it well."

"... I will definitely cultivate this cultivation technique properly!" After all, it was obtained by Yu Huang with her life!

Yu Huang successfully removed the Spirit Restraining Parasite in her body and awakened her beast form. She became a new Beast Tamer. Sheng Xiao guessed that Lin Jiansheng would bring Yu Huang to the Lou Lan Ancient Pavilion to look for cultivation techniques. He asked Sheng Yang indirectly, "Did you meet any interesting people when you went to the Lou Lan Ancient Pavilion this time? Did you make any like-minded friends?"

Sheng Yang immediately thought of Yu Huang. She felt terrible and replied gloomily, "Yes, I met a very kind girl, but she..."

Sheng Yang suddenly couldn't continue and started sobbing.

Other girls would cry in front of Sheng Xiao, but Sheng Xiao would not pity them at all. However, this person was his biological sister. Sheng Xiao was helpless.

Sheng Xiao asked concernedly, "Why are you crying?"

Sheng Yang told Sheng Xiao while sobbing, "It's all thanks to a girl called Yu Huang that I was able to catch a fifth-grade Witch-level cultivation technique."

Sheng Xiao did not notice that his lips were curled up when he heard Yu Huang's name. When he spoke again, his tone was not as cold and casual as usual. "Oh really? Yu Huang? How did you meet her and how did she help you?"

After Sheng Xiao asked, he heard Sheng Yang crying even louder.

As she cried, she spoke intermittently, "Yu Huang tamed the birds on the cliff and invited me to travel with her. I discovered a Witch-level cultivation technique, but that Witch-level cultivation technique was too crafty. She actually wanted to hide in the Time Valley. Yu Huang saw that I wanted that cultivation technique, so she risked her life to approach the Time Valley and helped me successfully capture the Witch-level cultivation technique. However, at that time, we were too close to the Time Valley and could no longer escape! At the final moment, Yu Huang sacrificed herself to save me, and she fell into the Time Valley..."

"Brother, Yu Huang used her life to help me exchange for my Witch cultivation technique. I'll definitely cultivate it properly!"

Sheng Yang was sobbing on the other end of the phone. Sheng Xiao fell silent.

Yu Huang had fallen into the Time Valley?

She was dead?

Sheng Xiao refused to believe it.

He couldn't believe that the little girl who had said that she wanted to enter Divine Realm Academy and defeat Xuanyuan Jing would die just like that.

Sheng Xiao called Yu Huang many times, but none of the calls went through. Later, he accidentally heard that Purifying Spirit Master Lin Jiansheng had lost his beloved disciple. In his grief, he locked himself in the Lou Lan Ancient Pavilion and refused to leave.

It was only then that Sheng Xiao accepted that Yu Huang was really dead.

Sheng Xiao admired Yu Huang very much. In order to become a Purifying Spirit Master, she dared to jump into the legendary Purgatory Sea. In order to make him happy, she dared to swallow the Purifying Spirit Sacred Pearl recklessly.

She was stubborn and brave, sincere and interesting. She was the most unique girl Sheng Xiao had ever seen.

But she was dead.

Sheng Xiao could not calm his mind when he confirmed that Yu Huang was really dead. He took half a month to recover.

At that moment, Sheng Xiao began to doubt himself. Was the girl who teased him with the foxtail really Yu Huang?

Yu Huang was not the kind of woman who would cast flirtatious glances at a man from afar.

Was he so angry that he had an illusion?

Sheng Xiao, who suspected that he was hallucinating, could not help but look back at Area D again. He saw that the row where Yu Huang was sitting was empty.

Gone?

Sheng Xiao's expression darkened. Was it really his illusion?

...

Yu Huang and the others saw that Anna Tao had been brought to the small building on the east side of the horse farm for treatment. They left the audience and quietly followed her.

The three-storey building on the east side of the racecourse was originally the racecourse's waiting room, but now, it was set up as a temporary treatment room.

The person in charge of treating the Beast Tamers was a team of healing Beast Tamers. The leader was Jiang Ruixue, a Beast Tamer at the peak of the Supreme Master realm.

When Anna Tao was sent into the treatment room by the officer, Jiang Ruixue had just finished her meal. Seeing that an injured person had arrived, Jiang Ruixue immediately stood up.

When the officer saw Jiang Ruixue, he shouted, "Empress!"

Not only was Jiang Ruixue a healing Beast Tamer, but she was also the Empress of the Divine Moon Empire, the biological mother of the prince and His Majesty.

Jiang Ruixue saw that Anna Tao's face was as pale as wax and that she was out of breath. She realized that this child's injury was too serious. If she did not receive emergency treatment, she would probably die.

She hurriedly took the blanket from the small bed and said to the officer, "Put her here."

"Yes!" The officer carefully placed Anna Tao on the bed and quickly stepped back. He couldn't delay the Empress's treatment.

Jiang Ruixue walked to the bed and raised her right hand. A cute pink Polymeat appeared on Anna Tao's chest.

Plant Polymeat was Jiang Ruixue's beast form and possessed a powerful healing power. Jiang Ruixue chanted the healing incantation while the spirit energy around her body circulated rapidly and entered Anna Tao's body through the polymeat.

Under Jiang Ruixue's treatment, Anna Tao's pale face gradually turned red.

Seeing this, the officer knew that this little girl was safe.

...

Yu Huang and the others chased to the small building, but were stopped by the guards. "You can't come here. Go back quickly!"

The guards recognized them as a group of ordinary citizens. The people living in the small building were all Beast Tamers and the honorable Empress Dowager. They naturally wouldn't let Yu Huang and the others in.

Jiang Shangfeng and the others were a group of youths who had never experienced social beatings. They were all naive and kind. When they were stopped by the officer, all of them looked anxious, but they did not dare to explain.

Vivian grabbed Yu Huang's wrist and asked her, "Aren't you a Beast Tamer? Where's your Beast Tamer badge? Take it out for them to see! It's fine if we can't go in, but you can go in on our behalf to see Anna."

Yu Huang's expression was somewhat awkward. "I haven't received my badge yet."

Yu Huang planned to summon Xuan Yu and get the officer to let her in. Just as she extended her right hand, she saw the officers bending down and shouting behind them, "Welcome, Your Highness!"

Yu Huang and the others hurriedly turned around and looked behind them.

Dressed in a royal black suit, Mo Yuelou walked forward gracefully. He had come to visit his mother.

Mo Yuelou walked towards the main entrance of the building without looking sideways. When he walked to a group of youths, he saw a girl with a face wearing a mask from the corner of his eye.

Mo Yuelou suddenly stopped in his tracks, and turned to look at Vivian and the others.

Yu Huang lowered her voice and reminded them, "Hurry up and pay your respects."

Greetings!

Yes, they had to bow!

How should they greet the prince?

It was a pity that Jiang Shangfeng and the others had never had the chance to meet the royal family members in their entire lives. They did not even know the rules of etiquette. Yu Huang was stunned when she realized that Jiang Shangfeng and the others did not even know how to bow.

She hurriedly placed her hands behind her waist and raised her palms.

Palms up was to confirm that they had not secretly hidden dangerous weapons. It was a sign of respect for the royal family.

Yu Huang nodded and lowered her eyes. She greeted Mo Yuelou respectfully. "I am Yu Huang, a resident of the Prosperous Capital. Greetings, Your Highness."

They were clearly old friends who could not be more familiar with each other, but in order to cover up Yu Huang's identity, they could only pretend to be strangers.

Chapter 99: Sheng Xiao: Were you teasing me just now?

It had been more than half a year since Mo Yuelou met Yu Huang. This was the first time he had seen Professor Night Owl bow to him. This was a rare opportunity, and he had to remember this feeling carefully.

Seeing Yu Huang's actions, Vivian and the others followed suit and bowed. "Greetings, Your Highness!"

"Greetings, Your Highness!"

...

"Greetings." Mo Yuelou also bowed to them before turning to ask the officer behind him, "What are they doing here?"

The officer replied, "They want to visit the injured, but they are ordinary citizens."

Mo Yuelou looked back at Yu Huang and asked her, "Is your friend inside?"

Yu Huang told him, "The girl who fought Xuanyuan Sisi at Arena No. 8 was our friend. Her name was Anna Tao. We came from afar from the Prosperous Capital to cheer her on. Anna is badly injured. We want to see her."

How could Mo Yuelou reject Professor Night Owl's request to visit her friend? He nodded and said to the officer behind him, "Let them in."

Since the prince had spoken, the officer naturally couldn't stop Yu Huang and the others.

"You guys can go in!" Afraid that they would not understand the rules, the officer reminded them again, "Don't make any noise after you go in. Don't disturb the injured person's rest."

"Thank you, Sir."

After Mo Yuelou entered the building, Jiang Shangfeng and the others followed behind. Vivian admired Yu Huang's courage. She said, "When I saw His Highness, I was so excited that my legs went weak. Yu Huang, you actually dared to speak to His Highness."

In her previous life, Yu Huang had been the ultimate monitor of the base and was used to seeing death and bloodshed. Therefore, when facing Mo Yuelou, Yu Huang did not show any signs of weakness. Instead, she had the feeling that she had met someone of the same kind.

Yu Huang said, "His Highness is also a person. He kills ruthlessly against enemies, not his subjects."

In front, Mo Yuelou heard Yu Huang's comment about him. His eyes warmed slightly. "Wait here for now. Someone will inform you to go up and visit your friends later."

"Okay."

Mo Yuelou went up to the second floor alone. Yu Huang and the others quietly stood in the hall on the first floor and waited for the summons.

In the treatment room on the second floor, Jiang Ruixue's treatment of Anna Tao had come to an end. As the treatment progressed, Anna Tao's face became more and more flushed, while Jiang Ruixue's face was a little pale.

At a certain moment, Jiang Ruixue's body swayed slightly while the spirit energy in her body was exhausted. The piece of meat automatically returned to Jiang Ruixue's body. Jiang Ruixue couldn't hold on anymore and her body swayed.

Mo Yuelou saw it and hurriedly rushed over to hug Jiang Ruixue.

Falling into a broad and familiar embrace, Jiang Ruixue looked up and smiled weakly at Mo Yuelou. "I'm fine, don't worry." She stared at the weak little girl on the bed and sighed. "This child is too seriously injured. I used all my spiritual power to save her. If she didn't meet me, she would have died."

Mo Yuelou knew the real reason for Anna Tao's injury, and his expression was ugly.

This incident was a wake-up call.

These young Beast Tamers were tightly tied to the Divine Moon Empire. Only when they thrived could the Divine Moon Empire become stronger. However, the Xuanyuan Clan had bribed the organizer to secretly operate for their own benefit. This was a huge taboo!

The six great clans had been in the limelight for too long. They were beginning to grow out of hand.

Jiang Ruixue was exhausted. She believed that her two sons could work together to govern the Divine Moon Empire. There were some things that she did not need to say anymore. "I'm tired. Help me back to my room to rest for a while."

"Okay, Mother."

Mo Yuelou personally escorted Jiang Ruixue to her room to rest before asking the officer to let Yu Huang and the others go upstairs.

In the treatment room, Anna Tao had regained consciousness. She was lying on the bed alone with her eyes open and staring at the ceiling. She looked like a rag doll that had been barely mended with needles and thread.

"Anna!" Yu Huang and the others filed in. The quiet treatment room was immediately filled with liveliness.

Anna Tao suddenly burst into tears when she saw her familiar friend. "Mmm..." Anna Tao, not wanting Yu Huang and the others to see her tears, shielded her eyes with her sleeve.

That would make her appear useless.

Seeing that Anna Tao was so sad, Yu Huang also felt sad. "Alright, you did well today. It's not embarrassing at all!"

Everyone surrounded the bed. One moment, they were grabbing Anna Tao's hand, the next moment, they were tugging at her clothes and hair. They were even telling her jokes.

Anna Tao laughed at their antics and lowered her arm. Her eyes were red but adorable.

"I'm sorry. I... I embarrassed you guys!" After changing schools, in order not to be mocked, Anna Tao had already tried her best to correct her habit of stammering.

But when she saw her good friends from Class 7, Anna Tao relaxed, and all her true emotions were revealed.

"What are you saying?!" Jiang Shangfeng glared at Anna Tao and consoled her. "You're already very impressive. You don't know how many people are touched by your courage today. Even if you lose today, you're still the hero of Class 7."

Anna Tao felt even more useless.

After Anna Tao calmed down, Yu Huang asked her, "You're so injured now. Can you still participate in the qualifying competition this year?"

Anna Tao shook her head and said, "When I recover, the screening test will probably be over. Besides, my strength is obvious. Even if I fight someone at my peak, I might not be able to enter the top 280."

Vivian said, "What about next year? Can you do it next year?"

Anna Tao still shook her head.

"Why?"

Yu Huang told Vivian, "Beast Tamers who have participated in the first year's Beast Tamer Selection Competition can only participate again three years later as substitute students."

Hearing this, Vivian was immediately enraged. She said angrily, "What?! It was clearly the organizers who secretly arranged for Anna and that girl called Xuanyuan Sisi to be in the same group. If it were someone else of similar strength, Anna might have advanced!"

"Why does Anna have to take the blame for the organizers?!"

Just as Vivian finished speaking, she heard a response from outside the door. The person said, "You're right."

Everyone looked up at the ward door in surprise.

Sheng Xiao walked into the treatment room calmly. When he saw the masked girl standing by the bed, a strange emotion flashed across his eyes.

Yu Huang?

Was this also his illusion?

Sheng Xiao suddenly walked toward Yu Huang. He walked closer and made a very offensive gesture. He raised his right hand and pressed it on Yu Huang's mask.

Yu Huang was confused. Vivian and the others looked at Sheng Xiao strangely.

The mask felt so real. Only then did Sheng Xiao dare to confirm that Yu Huang was real. Then, was Yu Huang the one who teased him with a blade of grass in the audience?

Sheng Xiao retracted his hand and took a step back. He suddenly gave Yu Huang a solemn grateful bow. "Sheng Xiao, on behalf of my sister, Sheng Yang, thank you for saving her!"

Yu Huang had mixed feelings.

She thought to herself: If you knew that it was all a show directed and acted out by me, you would definitely think that I was despicable and sly.

Yu Huang felt guilty and rubbed her nose before saying, "She's fine, and I'm fine in the end. That's all that matters. Supreme Master Sheng, you don't have to be so serious. I can't accept it."

Sheng Xiao raised his head and looked at her deeply. "It's good that you're alive."

Yu Huang thought about Anna Tao's situation and suddenly changed the topic. "Supreme Master Sheng, if you want to thank me, just verbal gratitude is not enough."

Sheng Xiao raised his eyebrows and said, "If you have any requests, just ask. I will do my best."

Yu Huang pointed at Anna Tao, who was on the bed, and said, "The organizer colluded with the Xuanyuan Clan and secretly caused my friend to be seriously injured. This is unfair to her. I hope the organizer can give her another chance and allow her to participate in the Beast Tamer Selection next year!"

Yu Huang could have used this opportunity to ask Sheng Xiao for something else, but she used it on Anna Tao.

Anna Tao was very touched. She secretly started to regard Yu Huang as her most important friend.

Sheng Xiao did not agree immediately after hearing Yu Huang's request. He stared at Anna Tao for a moment before saying, "It's against the rules to let her participate in the Beast Tamer Selection next year."

Yu Huang's gaze instantly became dejected when she heard this, and Anna Tao bit her lip.

Sheng Xiao continued, "However, I can allow her to participate in the global finals next month as a substitute student. If she can enter the top two thousand in the finals, she still has a chance to be accepted by a high school."

Yu Huang smiled and grabbed Sheng Xiao's hand. She could not hide her excitement. "Thank you, Brother Xiao!"

Sheng Xiao felt his hands burning.

Anna Tao and the others looked at Yu Huang and Sheng Xiao's hands in disbelief.

Yu Huang squeezed Sheng Xiao's hand and let go of him.

Sheng Xiao blushed. He said, "Anna, rest well. Try to stand out in the finals!" Then, he turned around and left.

Yu Huang stared at that guy's back and rubbed her fingers again.

She had her eyes on this person. It wasn't too much for her to touch his hand in advance.

When Sheng Xiao left, Vivian and the others surrounded Yu Huang. "Yu Huang, you actually pulled Supreme Master Sheng's hand!" Vivian quickly grabbed Yu Huang's hand and rubbed it hard. She said, "Lend me some of Supreme Master Sheng's luck and help me get into a good university!"

Jiang Shangfeng and the others queued up to rub Yu Huang's hands. In the end, Yu Huang almost forgot how Sheng Xiao's hands felt.

Anna Tao's vigor was reignited when she participated in the finals as a substitute student. Jiang Shangfeng and the others surrounded the bed and told Anna Tao about what happened in Class 7. Anna Tao listened with a smile.

Yu Huang listened from the side when her phone suddenly rang. She took out her phone and saw that it was a message from Sheng Xiao.

Sheng Xiao: "Were you taking advantage of me just now?"

Yu Huang was somewhat embarrassed. Why was this child so prudish?

Yu Huang thought that it was funny and deliberately replied: "Sorry, I was too excited and lost my composure."

Sheng Xiao was not satisfied with this answer. He asked again, "Were you teasing me in the audience too?"

Yu Huang suddenly did not want to pretend anymore.

Alright, bro, I like you. What do you think I should do?

Yu Huang went all out and admitted it very honestly.

Yu Huang: "Mmm, I was flirting with you earlier. When I touched your hand just now, I was teasing you too. Brother Xiao, I like to tease you."

Sheng Xiao was selectively blind. He did not see anything else but the words ' I like you '.

He leaned against the tree trunk and rubbed his burning ears before replying very reservedly, [Defeat Xuanyuan Jing first..] Get rid of all the jerks around you before pursuing me.

Chapter 100: First Awakening of Love?

The contract Yu Huang had written to Xuanyuan Jing was still engraved on the wall of Divine Realm Academy's disciplinary hall. Everyone in the academy knew about Xuanyuan Jing and Yu Huang.

Before Yu Huang sorted out her entanglement with Xuanyuan Jing, Sheng Xiao would not accept Yu Huang's pursuit.

This was his pride.

Yu Huang received Sheng Xiao's reply and pursed her lips. "You're troublesome!"

She turned off her phone and ignored him.

Anna Tao was severely injured, and she was a little tired after chatting with Vivian and the others. She needed to rest and recover as soon as possible so that she could prepare for the global screening test next month.

It was getting late, and Anna Tao was worried that Vivian and the others would miss the bus time, so she said, "Thank you for coming to accompany me today. I'll do my best in the global screening test. You've given me a chance. It's fine even if I don't get into the top 2,000 in the end because it would be because I'm useless."

"Hurry up and go back. Don't miss the bus time."

Jiang Shangfeng looked at the time and indeed, they couldn't stay any longer.

After they said goodbye to Anna Tao, they prepared to leave. They realized that Yu Huang was still standing at the end of the bed. Jiang Shangfeng asked her, "Yu Huang, aren't you going back with us?"

Yu Huang shook her head and said, "I still have things to do."

"Alright then, be careful."

"Got it."

After Jiang Shangfeng and the others left, Anna Tao said to Yu Huang, “Yu Huang, thank you.”

Yu Huang raised her hand and stroked Anna Tao’s head. She asked her, “Have you broken off contact with your father?”

Anna Tao nodded and said, “I’ve already taken my ID from him. I now have a home of my own. Moreover, I have evidence that he once abused me. If he dares to harass me, I’ll call the police.”

Domestic abuse was illegal, and if the situation was serious, he would have to go to jail. Mr. Tao was unreasonable, but he was most afraid of the police. He was afraid of going to jail, so he didn’t dare to cause trouble for Anna Tao.

Yu Huang’s attention was elsewhere. “Anna, you aren’t stuttering anymore?”

Anna Tao was a little embarrassed. She stammered, “At my new school, I was afraid... afraid that everyone would laugh at me. So, so, I was... mindful of it.”

She started stuttering again.

Yu Huang chuckled. “I have good news to share with you.” Yu Huang stretched out her right hand and summoned Xuan Yu. “Anna, I’m a Beast Tamer too!”

Anna Tao’s eyes widened with joy. “Wow, your beast form is a little duck! So powerful!” Because her ant was in her beast form, Anna Tao felt that anyone’s beast form was very powerful.

“Yu Huang, how did you do it? Didn’t you fail to awaken in the Purifying Spirit Academy?” Anna Tao was truly happy for her good friend who had successfully awakened her beast form.

Yu Huang didn’t explain Xuan Yu’s true identity. She told Anna Tao what she had told Vivian and the others.

Anna Tao felt sorry for Yu Huang after she heard that. She grabbed Yu Huang’s hand and asked her, “You’ve suffered a lot in the past six months, right?”

Yu Huang shook her head. “It’s not tough since I’ve successfully awakened my beast form.”

“Yes, as long as it’s successful, it’s worth it.”

“Let me see your beast form.” Yu Huang had yet to take a close look at Anna Tao’s beast form.

Anna Tao felt embarrassed. Her ears were red as she said, “What’s so good about ants?”

“Let me see what species your ant is.”

Anna Tao told her, “Actually, I don’t understand what kind of ant my little ant is. I didn’t find a breed like it. You know a lot. Help me take a look.”

Only then did Anna Tao release the beast ant.

The ant was hovering over Anna Tao. Yu Huang moved closer and observed it carefully.

It was a small black ant-shaped creature. Yu Huang observed it carefully and realized that this ant was different from the ants they had seen in their lives. Firstly, it had no tentacles. Secondly, it had a row of small teeth in its mouth.

This was very strange.

Ants were insects, and their food organs were their mouthparts. When had anyone ever seen an ant with teeth?

Yu Huang looked at Anna Tao strangely and asked her, "Have you ever thought that your beast form might not be an ant?"

Anna Tao stared at her beast form and said, "That's an ant." Anyone would think that it was an ant.

Yu Huang pointed at the little ant's mouth and said, "But your ant has teeth!"

Anna Tao blinked and asked Yu Huang, "Isn't it normal for ants to have teeth?"

"Are you stupid? Ants are insects. They rely on their mouthparts to eat. They have no teeth!"

Anna Tao was confused.

Was that so?

She thought all animals had teeth.

"You must not have learned biology well." That was what she said, but Yu Huang did not know what this thing was. "I'll go to the Myriad Book Pavilion to help you investigate."

The Myriad Book Pavilion contained the most complete beast form of the three thousand worlds. She might be able to find something there.

"Got it."

She said that she would wait for Yu Huang's news obediently, but Anna Tao did not have any expectations. She spent more than half a year to completely accept the fact that her beast form was just an ant. She did not dare to dream about anything more.

Too much hope would bring despair.

If Yu Huang wanted to leave the competition, she had to pass through the entire audience. Sheng Xiao happened to be sitting in the first row of the Sheng family. When Yu Huang left, she happened to pass by him.

Sheng Xiao saw Yu Huang from afar and sat up straighter. Some people who were observing Sheng Xiao saw him suddenly sit up straight. They thought that someone had made a mistake and was caught by Sheng Xiao. They became nervous.

But soon, they realized that Sheng Xiao's attention was not on the ring at all. Instead, it was on a young girl wearing a mask.

Everyone was speechless.

Oh, was that boy from the Sheng family finally in love?

Yu Huang saw Sheng Xiao too. She saw that Sheng Xiao was staring at her. She felt amused. Yu Huang stopped in front of Sheng Xiao and said, "It's almost six o'clock."

Sheng Xiao told her, "There's still ten minutes."

Therefore, Yu Huang said, "It's time for dinner. Are you hungry?"

After reaching the level of a Supreme Master, Sheng Xiao had stopped eating. It was okay if he did not eat for a few months. However, Yu Huang asked. Sheng Xiao had to pretend to be hungry.

He nodded. "A little," he said.

Yu Huang said, "It's my treat. Let's go and eat small wontons."

Sheng Xiao stood up in a reserved manner. He turned around and said to the Sheng family disciples, "When your junior's competition is over, tell her not to wait for me. Go back to the hotel first."

"Yes."

Sheng Xiao left with Yu Huang.

As soon as they left, the Sheng family's core disciples were in an uproar.

"Who's that girl beside Young Master?! Young Master's attitude towards her is extraordinary!"

"Didn't the Young Master abstain from eating long ago? He actually said that he was hungry!"

"Could this be our future Young Madam?!"

As a Purifying Spirit Master, Yu Huang's hearing was particularly sharp. The corners of her lips curled up as she thought to herself, You guys are quite discerning. When I become the Young Madam in the future, I will definitely treat you guys well.

Such discerning children were worthy of good treatment.
