

She Shocks 911

Chapter 911: Crying, Making a Ruckus, and Threatening Suicide

Feng Yuncheng suddenly said, "Actually, before I entered the Holy Spirit Academy, the Grand State Master saw me once in private."

"Oh really? When did this happen?" Yu Huang and the others didn't know about this.

Back then, Beatrice had successfully obtained human legs with the Grand State Master's help. She respected the Grand State Master very much. After knowing that the Grand State Master had once looked for Feng Yuncheng in private, Beatrice asked curiously, "Why did he look for you?"

Feng Yuncheng had a deep impression of that meeting.

After all, it was a supreme honor for someone of his status and cultivation level to be summoned by the Grand State Master in private. Feng Yuncheng told them, "After the Doomsday Battlefield competition ended, I saw that Yu Huang had woken up safely and that I had failed to make the rankings, so I planned to leave. However, before I left, the Grand State Master stopped me."

Yu Huang immediately asked, "What did he tell you?"

Feng Yuncheng rubbed his nose shyly and said, "He asked me why I didn't lie and replace my results with yours to enter the Holy Spirit Academy when I found out that you and I were the 500th and the 501th participants to be eliminated from the battle."

Yu Huang also had a deep impression of this matter. Of course, she knew why Feng Yuncheng didn't lie. It was because Feng Yuncheng treated her as a friend and wouldn't betray her.

However, Yu Huang was very curious about Feng Yuncheng's answer.

"Then how did you answer him?"

Feng Yuncheng was even more embarrassed as he said, "I told the Grand State Master that I'm not an upright and selfless person. When I found out that you and I were the 500th eliminated participants, I did have the thought of replacing you on the rankings. But there are some things that I can't do. Once I do that, I will become unscrupulous and greedy in the future. I don't want to become such a person."

Shrugging, Feng Yuncheng said, "That's about it."

Hearing Feng Yuncheng's answer, Beatrice smiled in relief. Yu Huang smiled as well.

After understanding Feng Yuncheng's hidden true ability, Yu Huang finally understood why the Grand State Master had made an exception to recruit Feng Yuncheng into the Holy Spirit Academy.

Feng Yuncheng, who had the killing instinct, was indeed an uncontrollable dangerous person. However, the more dangerous his ability was, the greater his potential.

The Grand State Master cherished talent to begin with. When he saw that Feng Yuncheng was still able to stay true to himself and protect his friend, he realized that this child was worthy of recognition and

nurturing. Before Feng Yuncheng embarked on the wrong path, bringing him onto the right path was what an elder and wise person should do.

At the thought of this, Yu Huang suddenly missed her adoptive father.

She wondered how her adoptive father was recovering.

Xiao Shu suddenly asked Feng Yuncheng, "When did you discover that you had this ability?"

Feng Yuncheng didn't dare to lie to them anymore. He said honestly, "Before I entered the Divine Realm Academy."

"That early?"

Feng Yuncheng nodded.

After knowing that Feng Yuncheng had known about his hidden ability since five years ago, Xiao Shu admired Feng Yuncheng's endurance. He said, "I remember that when you first entered the Divine Realm Academy, you were publicly acknowledged by the first-year students as someone who entered through the back door. At that time, you were the laughingstock of the new students. You were mocked by many, right? Despite facing the disdain and mockery of your classmates, you were able to hide your true ability. I really admire you."

Ordinary people who encountered Feng Yuncheng's situation would have already revealed their true abilities because they couldn't stand other people's mockery.

However, in that case, although Feng Yuncheng could establish his prestige and change his status, he would also suffer the hostility and fear of the righteous Beast Tamers because he had exposed his true abilities. After all, a Beast Tamer who could silently create a killing illusion was considered a fiendish cultivator.

Upon hearing this, Yu Huang was enlightened and said, "In the past, I was puzzled. Since you wanted to enter the Divine Realm Academy to study, why didn't you ask your parents to donate money to the school earlier when you were young? Why did you wait until you were 24 years old? If I remember correctly, you can be considered the oldest student in our batch."

Feng Yuncheng scratched his head awkwardly and said with a flushed face, "The Divine Realm Academy is one of the three top academies on the Holy Spirit Continent. If I want to enter the Divine Realm Academy through the back door to study, I have to donate a large sum of money every year. No matter how much my parents dote on me, they can't bear to waste money. If I hadn't accidentally awakened the third beast form instinct, I wouldn't have been so thick-skinned as to beg my parents to donate money to send me to study. You have to know that back then, in order to force them to agree, I threw a tantrum at home."

Beatrice glanced at Feng Yuncheng in disdain and scolded angrily, "Useless!"

Sheng Xiao seemed to have thought of something interesting and suddenly laughed softly. Everyone turned to look at him. Yu Huang asked him, "What are you laughing at?"

Sheng Xiao looked at Feng Yuncheng and said, "Feng Tang had never taken the initiative to call me since he graduated, but I remember that summer five years ago, he suddenly called me and asked me to help

him take care of you. He even said that you weren't in a good state and was afraid that you would do something stupid. So, he was probably frightened by your tantrum at that time."

Sheng Xiao laughed even more mirthfully.

Feng Yuncheng couldn't help but blush when he heard Sheng Xiao's low and pleasant laughter. He lowered his head and explained softly, "I had no choice. I heard that there are many hidden talents in the Divine Realm Academy, so I wanted to try my luck in the academy and see if I could meet an experienced teacher. I hoped that someone would be able to guide me on the right path."

At this point, Feng Yuncheng couldn't help but sigh with emotion. "I really didn't expect that I would be able to obtain the Grand State Master's guidance. To be honest, when I came to participate in the cleaner recruitment, I really didn't expect that I would be able to stay. I'm really grateful to the Grand State Master for giving me this opportunity."

To Feng Yuncheng, the Grand State Master was his benefactor.

Hearing Feng Yuncheng praise the Grand State Master, as the Grand State Master's fan, Beatrice couldn't help but say, "The Grand State Master is indeed an admirable person." If the Grand State Master hadn't helped, she wouldn't have human legs.

After confessing the biggest secret in his heart, Feng Yuncheng felt more relaxed. However, when he thought about how Yu Huang and the others might not be able to accept such a terrifying side to him, he felt uneasy.

Feng Yuncheng subconsciously pinched the hem of his shirt as he looked at his good friends in front of him. He thought about it for a few seconds before asking uneasily, "After knowing my true ability, are you guys still willing to work together with me?"

Whether they were willing to work together with him or not actually signified whether they were willing to continue trusting him.

They instantly became silent when they heard this.

Chapter 912: Yu Huang: I Have a Secret

Seeing that no one spoke, Feng Yuncheng turned slightly pale and he lowered his head even more.

He knew that after knowing his true ability, no one would be willing to be friends with him.

Swish!

Beatrice suddenly stood up and stared at Feng Yuncheng, who had a timid expression, as she said angrily, "Why are you hanging your head? Aren't you a man?" Beatrice strode to Feng Yuncheng's side and raised his chin forcefully. She stared into his eyes and said, "Whether they are willing to accept you or not, I will continue to accompany you."

With that, Beatrice turned around and told Yu Huang and the others, "Feng Yuncheng's ability is indeed quite worrying. If you guys can't accept him, we understand. I'll volunteer to work together with him. Please rest assured that we'll work hard to survive until the end of our training."

To be able to say such words, it was obvious how magnanimous Beatrice was.

She made it very clear that even if Yu Huang and the others abandoned Feng Yuncheng, she understood and wouldn't hate them for their actions.

However, would Yu Huang and the others really abandon Feng Yuncheng?

Xiao Shu shook his head and stood up as he said to Feng Yuncheng, "Perhaps others can't empathize with you, but I can. You hid your true ability to better protect yourself. This is the same reason I hid my identity as the Lord of All Demons."

"We've been through thick and thin together. I'm willing to trust you."

Yin Rong, who knew how difficult things were for Xiao Shu, couldn't bear to disappoint Feng Yuncheng, so she nodded and said, "I believe you too."

Feng Yuncheng's eyes lit up. As he stared at Yu Huang and Sheng Xiao uneasily, he licked his dry lips and asked softly, "Yu Huang, Professor Sheng, what about you two?"

The two of them looked at each other and smiled.

Yu Huang said, "We believe you." If she didn't really trust Feng Yuncheng, Yu Huang wouldn't have placed a man filled with mysteries in her team.

Seeing that they had all expressed their stance, Kunlun also expressed its stance. "Feng Yuncheng, I don't care what kind of person you are. I only know that you are my friend. Na Ling and I believe you." He carried the sleeping Na Ling in his arms, so his voice was very soft.

Apart from Donor and Estelle, everyone else expressed their stance.

The two of them had personally experienced the killing illusion created by Feng Yuncheng just now, so they were quite afraid of Feng Yuncheng. At the moment, they weren't in a hurry to express their stance. Feng Yuncheng could understand their attitude towards him. He apologized to them sincerely, "I'm sorry for trapping you two in the killing illusion without warning, but please believe me. I definitely won't create a killing illusion on my friends."

As he spoke, Feng Yuncheng raised his right hand and clasped his fingers while shouting, "I, Feng Yuncheng, swear to the heavens that if I dare to create a killing illusion on my friends, then I will suffer the destruction of my beast heart, my soul will be shattered, and I will never reincarnate..."

Before Feng Yuncheng could finish speaking, Estelle covered his mouth forcefully. "Shut up, don't say such inauspicious words! Hit yourself!" As he spoke, Estelle slapped Feng Yuncheng's mouth three times. He was very strong, so after three slaps, Feng Yuncheng's mouth was swollen.

As Donor stared at Feng Yuncheng's slightly swollen lips, he suddenly smiled. "Forget it." He pointed at his tattered silk shirt and said, "If you compensate me with ten shirts like this, I'll continue to be good friends with you."

Estelle hurriedly pointed at his own T-shirt that had been pierced by Donor and said to Feng Yuncheng, "Then you have to compensate me with 11 pieces."

Donor didn't understand. "Why do you want 11?"

Estelle said self-righteously, "Because I'm poor!"

Donor was speechless.

He felt very embarrassed. His Back Spirit wasn't only a Night Elf, but also a poor person.

However, Feng Yuncheng revealed a relaxed smile and said boldly, "Alright, I'll compensate both of you!"

After that, the previously relaxed atmosphere returned.

The aircraft needed spirit stones to fly. Donor had provided the aircraft, so he wouldn't foolishly give out spirit stones. Sheng Xiao and the others took out all the spirit stones they carried and filled the aircraft's energy bank.

After obtaining enough energy sources, the aircraft successfully took off and instantly flew up into deep space. It flew towards the Black Shark Bird plate at a light speed. Everyone in the aircraft had Divine Master rib fragments, so the barrier line between the plates naturally wouldn't stop them.

Soon, the aircraft left the glacier plate.

After everyone arrived at the observation platform, they looked at the sea scenery below through the glass. The isolated sea looked blue and calm, but who would have thought that there were so many ugly and greedy sea rabbits and large sea beasts hidden under the sea?

There were also some good wine and beverages hidden on Donor's aircraft, so everyone had a glass of wine. Even Yu Huang, who couldn't hold her liquor, couldn't help but pour herself a glass.

When she was about to finish the wine, Yu Huang was already a little drunk.

Sheng Xiao said, "You're drunk. You can't drink anymore." He snatched the wine glass from Yu Huang's hand and returned to the lounge.

After Sheng Xiao left, Feng Yuncheng sneaked to Yu Huang's side.

When Yu Huang saw this, she reached out and grabbed Feng Yuncheng's shoulder.

Feng Yuncheng was only 174cm tall. Yu Huang was 172cm tall, so she could easily wrap her arm around Feng Yuncheng's shoulder. Yu Huang patted Feng Yuncheng's handsome face and hiccuped slightly as she gave him a thumbs up and said, "You're such a badass!"

Feng Yuncheng looked into Yu Huang's clear eyes and said, "Are you drunk?"

Yu Huang said, "I get drunk after drinking a single glass."

Feng Yuncheng nodded and said in understanding, "Then you're drunk."

However, Yu Huang didn't look drunk at all.

However, those who were familiar with Yu Huang's way of doing things knew that she was already drunk. Only when she was drunk would she speak in a frivolous tone. Usually, Yu Huang wouldn't use the word 'badass'.

It was rare that Sheng Xiao wasn't around, so Feng Yuncheng quickly took the opportunity to ask Yu Huang, "Yu Huang, you said that everyone has a secret. Tell me, what secret do you have?"

Yu Huang looked around warily. Then, she moved closer to Feng Yuncheng's ear to say, "I'll tell you a secret. You can't tell anyone." Yu Huang thought that her voice was very soft, but how soft could a drunk person's voice be?

In any case, Donor and the others heard every word Yu Huang said.

Everyone moved to Feng Yuncheng's side. Feng Yuncheng asked Yu Huang mischievously, "What secret? Tell me. I definitely won't tell anyone." However, if the others heard it themselves, it would have nothing to do with him.

Chapter 913: Old Witch Acting Young

Yu Huang's lips were almost beside Feng Yuncheng's ear as she lowered her voice and said, "Actually, I'm not the real superstar Yu Huang. I'm from Earth's Doomsday Era. It's the Earth that Estelle reincarnated on. However, I lived in the era when Earth had already entered the Doomsday Era. I lived in that world for more than two hundred years."

Yu Huang raised two fingers and shook them in front of Feng Yuncheng. She frowned and said, "Actually, at my age, I can be your grandmother. Every time I sleep with Sheng Xiao, I feel guilty. I can be his grandmother at my age..."

Everyone was speechless.

Feng Yuncheng took a deep breath. "Is this true?"

Yu Huang nodded. "Of course it's true. Otherwise, do you think a young starlet with a bright future can be as calm as I am when she is disfigured and dumped by the man she likes?" Shaking her head, Yu Huang sighed and said, "How can it be so easy to stand up after falling from a high place? It's because I'm not the one who fell from grace..."

Seeing that Yu Huang didn't seem to be lying, everyone fell silent.

This incident sounded too freaky.

Suddenly, Donor nudged Estelle's shoulder and whispered to Estelle, "She said that she came from the Earth's Doomsday Era, so test her on some common knowledge that only Earthlings know."

Beatrice said, "That's a good idea."

Estelle frowned and thought about it, then asked, "Who's the old man on the RMB bills?"

Yu Huang said without blinking, "Mao Zedong." However, in the Doomsday Era on Earth, yuan was already worthless. In that era, money was useless paper. Weapons, ammunition, food, and medicine were the most precious things.

Donor said, "That doesn't count. When we went to look for you, everyone had seen the RMB bill. Change the question."

Estelle thought about it and asked, "What's the name of the woman who cried at the Great Wall?"

Yu Huang was clearly drunk, but she was able to answer smoothly. "Meng Jiangnu."

Estelle asked again, "Where did the Olympic Games originate?"

Yu Huang subconsciously said, "Greece."

Estelle said, "Give me a lever long enough and a fulcrum on which to place it, and I shall move the world. Who said that?"

Yu Huang said, "Archimedes."

Estelle asked some more common knowledge that only Earthlings knew. Finally, he nodded at Donor and the others and said, "They're all correct answers."

Feng Yuncheng said, "Back then, we all entered the Reincarnation Mirror and went to that world called Earth. Like us, Yu Huang only stayed in that world for a few days. It's not strange for her to know who the person on the RMB bill is, but it's very strange that she can accurately answer the other questions."

"Could it be that Yu Huang is really from Earth?"

At that moment, Sheng Xiao finally returned.

When they saw Sheng Xiao, everyone immediately dispersed and pretended to be admiring the sea. Sheng Xiao walked to Yu Huang silently and draped a soft blanket on her back. Then, he hugged her and said in a low voice, "Are you drunk? Do you want to go in and sleep?"

Yu Huang still looked very sober and calm, but she was actually very disoriented.

When Yu Huang smelled the familiar scent and heard the familiar voice, she leaned into Sheng Xiao's arms in peace. She closed her eyes obediently and fell asleep the moment she closed her eyes.

Sheng Xiao picked Yu Huang up horizontally. Before he left, he suddenly said, "She's not that Yu Huang. She's from Earth. She's an alien who's two hundred years older than me, but I don't mind."

Then, Sheng Xiao carried Yu Huang back to the room.

He didn't ask Feng Yuncheng and the others if they could accept Yu Huang's identity as an alien.

He didn't care what these people thought.

It didn't matter if they could accept Yu Huang's identity or not. In short, no matter what, he would stay by her side and never abandon her.

After watching Sheng Xiao, Yu Huang, and the others enter the lounge, everyone looked at each other silently.

Yin Rong was the first to laugh and say, "A mysterious big shot from another planet is indeed worthy of being with the number one genius on our continent."

Xiao Shu also laughed when he heard this. "Hehe, when she entered school back then, Yu Huang's performance gave me a strange feeling. She was clearly only 19 years old, but she displayed a mature rationality and composure that far exceeded that of her peers. At that time, I found it strange. I didn't expect that there was an old person's soul hidden in her young body."

Feng Yuncheng glanced at Xiao Shu silently and said mercilessly, "In terms of the age of our souls, who among us can compare to you?"

Xiao Shu said, "How rude."

The two of them suddenly started bickering.

Suddenly, they heard Donor say, "Yu Huang rarely drinks."

When Estelle heard Donor's words, he asked in confusion, "What are you trying to say?"

Upon hearing this, Xiao Shu stopped bickering with Feng Yuncheng. Seeing that Estelle didn't understand what Donor meant, he said, "Donor is suspecting that Yu Huang deliberately got herself drunk just now to use the influence of alcohol to tell us her secret."

Perhaps Feng Yuncheng's actions today had inspired Yu Huang, or perhaps Yu Huang had carried this secret for too long and wanted to confide in them. In short, a cautious person like Yu Huang wouldn't let herself get drunk and reveal this shocking secret.

It was true that she was drunk.

It was also true that she wanted to reveal her identity while under the influence of alcohol.

* *

In the lounge, as Sheng Xiao stared at Yu Huang's sleeping face, he stroked Yu Huang's burning forehead and said in a low voice, "Silly girl, you didn't have to reveal it."

Yu Huang seemed to have heard Sheng Xiao's words. She rubbed her cheek against Sheng Xiao's fingertip and muttered softly, "Call me Grand aunt..."

Sheng Xiao couldn't help but smile. "Alright, go to sleep. When you wake up, we have a fierce battle waiting." The fierce battle that followed would be their last battle in the Kunlun Mystic Realm.

With the help of alcohol, Yu Huang slept very soundly.

She only woke up when they reached their destination.

After waking up, Yu Huang took a quick shower and changed into a light-colored sports suit. In order to make it more convenient to fight, she tied up her hair.

She felt that her hair was in the way, so she used a red headband to cover all the hair on her forehead, revealing her plump forehead.

With this outfit, she looked energetic and youthful, like a high school student.

When everyone saw the youthful Yu Huang, they felt a little conflicted when they thought about how her soul was already more than two hundred years old.

Yu Huang knew what they were thinking. She sneered and said, "What's wrong? Can't a two-hundred-year-old witch occasionally pretend to be young?"

Chapter 914: Cause Trouble

Yu Huang's frank attitude made Yin Rong and the others relax.

They were afraid that Yu Huang would pretend to have lost her memory after she woke up. Then, they wouldn't know how to face Yu Huang. Since Yu Huang could call herself an old witch with a self-deprecating attitude, it could be seen that she still remembered what she said when she was drunk.

Beatrice gave Yu Huang a thumbs-up and pretended to be puzzled. "How is it pretending to be young? You're very young to begin with."

Yu Huang shook her head and said, "I'm old. I'm not like you young people."

Beatrice approached Yu Huang and said in a low voice that could only be heard by the two of them, "In your hometown, your field of work must be related to weapon research." Back then, when she found out that the genius weapon designer, Professor Night Owl, was actually a girl who wasn't even 20 years old, Beatrice was puzzled.

How could such a young child have such shocking design talent?

Now, Beatrice could guess the truth.

Perhaps Yu Huang was a weapon design big shot during the Doomsday Era on Earth.

And she, who had come to the Holy Spirit Continent with her memories, could naturally create miracles.

Yu Huang didn't hide it from Beatrice. She nodded frankly and told her, "My adoptive father was a weapons design master. Even during the Doomsday Era on Earth, he was protected by the global police." A precious talent would be treated well in any era.

Nodding, Beatrice said, "No wonder."

"What secret are you two whispering about?" Feng Yuncheng was very curious.

Yu Huang looked up at Feng Yuncheng and said, "A secret between women."

Since she had already said that it was a secret topic between women, Feng Yuncheng couldn't ask further.

At this moment, Xiao Shu walked to the observation platform. Through the glass, he looked at the group of Black Shark Birds on the opposite mountain. At this moment, his expression, which was always mirthful, became serious. Xiao Shu said worriedly, "Look, that mountain is filled with Black Shark Birds. What are they doing?"

Upon hearing this, Yu Huang and the others came to Xiao Shu's side and looked at the hill opposite them through the window—

In front of the mountain they were on, there was the plain where Yu Huang had almost been eaten by the parasitic crabs back then. At the end of the plain, there was a steep cliff, and the Black Shark Birds lived above the cliff.

The hill Xiao Shu was pointing at grew on the cliff.

The slope was relatively flat. There were almost no large trees growing on it, only tender green grass.

At this moment, countless adult Black Shark Birds were squatting on the hill. They were motionless, as if they were holding some strange ritual.

Seeing this scene, Yu Huang and the others were puzzled. "What are they doing?"

Kunlun said, "They're hatching children."

"Hatching children?" Xiao Shu was surprised. "Don't birds incubate children in bird nests?" As the Lord of All Demons, he had never seen the flying demon beast incubating a child on the ground. This wasn't in line with their living habits.

However, Kunlun said, "The Black Shark Bird baby is huge. If it hatches on a tree, it can easily break the tree branches. A long time ago, the Black Shark Birds hatched babies in the huge forest in the east, but after the One-Eyed Snow Wolf worked together to push down all the huge trees there, they were forced to hatch their children here."

"I see."

Kunlun also said, "Every time the Black Shark Bird hatches a baby, be it the bird mother or the bird father, they will guard each other and quietly wait for the child to be born. Now, it's the time for the Black Shark Birds to gather. I'm afraid it won't be easy for us to bypass them and deal with their ancestor."

"Then what should we do?" Donor frowned in irritation. "Are we just going to wait here? Wait for all their babies to hatch?" He spread his hands out and said helplessly, "Even if the babies successfully hatch, they still have to be nurtured for a period of time. If we wait like this, the training will end."

There were less than eight months left until the end of the Kunlun Mystic Realm.

They couldn't afford to wait.

Sheng Xiao pursed his lips and pondered for a moment. Then, he suddenly looked up and said, "There's a way."

"Oh really?" Everyone turned to look at him.

Yu Huang asked, "What way?"

A hint of ruthlessness flashed across Sheng Xiao's eyes as he said in a low voice, "Let's wait quietly for a while. After the Black Shark Bird cubs hatch successfully, we'll think of a way to capture the healthiest cubs in their clan and throw them into the territory of the One-Eyed Snow Wolf and the Terrestrial Alligator..."

Before Sheng Xiao could finish speaking, Xiao Shu clapped his hands and laughed. "Sheng Xiao, you're indeed a ruthless person."

Xiao Shu, who was equally ruthless, understood what Sheng Xiao meant almost instantly.

Xiao Shu smiled and said, "You want to use the deaths of the cubs to arouse the hatred between the Black Shark Bird Clan and the One-Eyed Snow Wolf Clan. Under the influence of hatred and anger, the bird mothers will definitely go to the territory of the One-Eyed Snow Wolf Clan and the Terrestrial Alligator to seek justice. At that time, only a group of bird fathers and bird babies who are not good at fighting will be left on the opposite mountain. We can sneak in and ambush their ancestor."

"What a good move. Amazing! Amazing indeed!" Although Xiao Shu was smiling, his smile didn't reach his eyes. There was even mockery and coldness hidden in his eyes.

Sheng Xiao looked at Xiao Shu quietly and asked, "Is it funny?"

Xiao Shu smiled as he said, "Senior Sheng, you're indeed very smart to have such a wonderful idea."

Sheng Xiao felt that Xiao Shu's words and the way he looked at him were cold.

Sheng Xiao said, "This is just a preliminary idea."

Donor frowned when he heard the conversation between Sheng Xiao and Xiao Shu. He said, "The cubs are innocent. Although the Black Shark Bird and the One-Eyed Snow Wolf are enemies, we shouldn't use newborn children to achieve our goal."

Donor said to Sheng Xiao, "The elves never hurt demon beast cubs. I think we should think of another way."

Hearing Donor's words, Xiao Shu suddenly sneered. "Are you elves very benevolent?"

Donor was about to retort when he heard Xiao Shu say, "I clearly remember that a scandal happened in the Elve Clan fifty years ago..."

As soon as he heard this, Donor guessed what Xiao Shu wanted to say. He glanced at Estelle in a panic and subconsciously raised his voice to shout at Xiao Shu, "Xiao Shu, shut up!"

But Xiao Shu insisted on continuing.

He glanced at Estelle with a faint smile and ignored Donor's anger as he said, "Fifty years ago, a female elven reporter covered in blood crossed thousands of mountains and rivers to the headquarters of the Divine Moon Empire's Beast Tamer Alliance headquarters in Jingdu. She handed a USB flash drive filled with secretly taken photos and videos to Yin Mingjue, the president of the Alliance at that time. Why don't you guys guess what was inside?"

Since Xiao Shu wanted to cause more trouble, he glanced at Estelle sympathetically and said, "The USB drive contained videos of the Elven King's younger brother, Yardo, torturing Night Elf children."

Estelle's expression changed drastically.

Xiao Shu said to Donor, "Although this scandal was suppressed by the Elven Royal Family and didn't spread on the Holy Spirit Continent, as the Elven Prince, you must have heard of this matter."

Chapter 915: Bad Friend

As the Elven Prince, Donor naturally knew about this.

But Donor didn't want Estelle to know about this.

Donor looked at Estelle uneasily and felt his heart skip a beat when he saw Estelle's gloomy gaze.

Donor glared at Xiao Shu fiercely before explaining weakly, "My uncle is a psychopath. His actions violated the law, so he has already been stripped of his status as a member of the royal family and is still imprisoned in the Light Sea as punishment..."

"Heh." Xiao Shu interrupted Donor with a cold smile as he said mockingly, "He harmed more than three hundred children. In the end, he only ended up being deprived of his status as a member of the royal family and imprisoned. Do you think this punishment is very fair?"

"You elves can't even bear to kill demon beast cubs, so why are you so ruthless to the Night Elves' cubs? It can be seen that your so-called kindness is just a hypocritical act."

Xiao Shu's sarcasm rendered Donor speechless.

Estelle stared at Donor with grief and indignation, as if he wanted to say something, but then the urge was suppressed by some other emotion.

The atmosphere became a little heavy.

At this moment, Xiao Shu turned around to face Yu Huang and the others as he said, "I think Senior Sheng's method is feasible. What do you guys think?"

As Yin Rong stared at the smile on Xiao Shu's face, she felt a little uncomfortable. She walked to Xiao Shu's side silently and held his hand as she whispered, "I think Senior Sheng's train of thought is right, but it's indeed inappropriate to exploit the cubs."

As Xiao Shu stared at Yin Rong quietly for a while, his gaze became complicated. He lifted the strand of hair on Yin Rong's forehead and lamented, "You're too soft-hearted."

Yu Huang suddenly narrowed her eyes and said, "According to the Beast Tamer Alliance's rules regarding the hunting of demon beasts, there are two ironclad rules. One, hunting demon beast cubs is strictly prohibited. Two, hunting pregnant demon beasts is strictly prohibited."

At this point, Yu Huang looked straight at Xiao Shu and said, "I don't believe that you don't know this iron rule."

Xiao Shu laughed and said, "But this isn't the Holy Spirit Academy."

Yu Huang smirked, and her gaze instantly became cold. "Xiao Shu, stop pretending." Yu Huang looked at Xiao Shu with a sharp gaze, as if she had seen through him at a glance.

Xiao Shu was a little unnerved by Yu Huang's expression.

He acted as if he didn't understand what Yu Huang meant and asked her, "Pretend? What am I pretending?"

Yu Huang said bluntly, "You don't agree with Sheng Xiao's method at all. You even felt conflicted after hearing his thoughts and wanted to retort."

Xiao Shu subconsciously said, "No, I think his idea is feasible."

"But just because it's feasible doesn't mean it's right."

At this moment, Yu Huang's sharp gaze suddenly became filled with pity again.

She looked at Xiao Shu and said, "During the War of Freedom back then, in order to exterminate the demon beasts, Beast Tamers must have killed demon beast cubs and pregnant demon beasts. As the Lord of All Demons, you watched them get killed. You were angry and anguished. You wished you could annihilate the entire world, but you were being used by Prime Master Goldfeather, so you were unable to do so."

"So, when you heard Sheng Xiao's thoughts, you were very angry. Perhaps at that moment, you even had the urge to wipe out all the Beast Tamers. Donor's words agitated you even more."

As Yu Huang analyzed further, Xiao Shujun's expression became even more gloomy and serious.

When Yin Rong, Beatrice, and the others saw Xiao Shu's reaction, they realized that Yu Huang's guess was right.

No one expected Xiao Shu's psychological change to be so complicated.

Xiao Shu felt helpless when his thoughts were seen through by Yu Huang. He narrowed his eyes and looked at Yu Huang with some fear. Then, he suddenly said, "Yu Huang, you can always see through everyone's intentions. Could it be that you have the ability to read people's minds?"

Yu Huang was shocked when she heard this.

After Xiao Shu's reminder, Feng Yuncheng and the others also realized Yu Huang's unique ability.

That's right. How could Yu Huang see through Xiao Shu's thoughts at a glance?

Could it be that she really could read minds?

Feng Yuncheng asked Yu Huang directly, "Yu Huang, do you have other abilities that we don't know about? Like... mind-reading?"

Everyone valued privacy. If they knew that Yu Huang was good at reading minds, they would definitely mind.

Therefore, Yu Huang rarely used this skill. Yu Huang only used her mind-reading skill because she discovered Xiao Shu's abnormal emotions just now.

Unexpectedly, Xiao Shu was so smart that he immediately guessed that she had mind-reading skills and even exposed her.

Facing the suspicious gazes of her good friends, Yu Huang couldn't take it anymore. She told a white lie and said, "I met a red-furred ape in the abyss in the past and obtained the power that allows me to sense malice from people."

Yu Huang looked at Xiao Shu and explained, "I sensed your malicious intent to destroy the world."

Everyone heaved a sigh of relief.

Feng Yuncheng patted his chest and said with lingering fear, "Fortunately, you can only sense malice. I thought that you could eavesdrop on our thoughts at all times." He had been with Beatrice recently and his mind was filled with lewd thoughts. If Yu Huang heard it and told Beatrice, what would happen?

Yu Huang shook her head and said, "You're overthinking things. Speaking of which, I think Brother Xiao's previous thoughts are on the right track. However, we don't need to use the cubs to arouse hatred between the two races. Don't forget that there's someone among us who can create a killing illusion."

Upon hearing this, everyone tacitly looked at Feng Yuncheng.

Sheng Xiao immediately understood what Yu Huang meant. "You're saying that we should let Fourth Brother create a killing illusion and arouse the hatred of the Black Shark Birds towards the One-Eyed Snow Wolf? When the Black Shark Birds come out to take revenge, we should take the opportunity to ambush their ancestor?"

"That's right." Yu Huang blinked at Feng Yuncheng and said, "Fourth, it's time to showcase your ability."

Feng Yuncheng subconsciously asked, "Do you really think I can do it?"

Beatrice said, "If you're a man, you can't say no."

Feng Yuncheng immediately straightened his chest. "I can do it!" After living for 29 years, it was finally Feng Yuncheng's turn to show off. He... found it difficult to refuse. "However, my cultivation level is still relatively weak. I can't create an illusion for the entire Black Shark Bird clan. It's best if you guys can help me think of a way to lure those bird fathers away."

"That's easy," Kunlun told Feng Yuncheng. "During the breeding season, the Black Shark Bird fathers will go out together every few days to forage for their wives. We can wait until then to create a killing illusion."

"That makes things easier."

After making up their minds, everyone hid in the forest and quietly waited for the day when the bird fathers went out to hunt.

Chapter 916: Untitled

On the morning of the fourth day, Yu Huang saw a Black Shark Bird standing up from the hill. She immediately shouted in a low voice, "A bird moved!"

Everyone looked at the opposite hill and saw a large group of Black Shark Birds flying into the distance together.

"The male birds have gone out to hunt. We can mobilize now."

Feng Yuncheng took a deep breath and summoned the Bewitching Butterfly. It crossed the plain and flew towards the hill on the opposite side...

* *

On the mountain peak, hundreds of huge bird mothers laid in their bird nests and hatched their bird babies.

Every time it was the breeding season, there would always be some bold demon beasts that would sneak into the incubation location and steal their bird babies when they were not paying attention. Therefore, during the incubation process, the bird mothers had to pay full attention to the situation around them.

A Black Shark Bird baby needed 60 days to successfully hatch. From the first day of hatching, the bird mothers didn't sleep or rest. They personally laid on the bird egg and hatched the child with their warm bodies.

There were only three days left until the bird baby would be born.

After 57 consecutive days without sleep, the bird mothers were a little tired. At this moment, many bird mothers couldn't help but doze off.

Just as they were about to fall asleep, they suddenly sensed a breeze.

Huh?

Wind?

Any commotion would attract the bird mothers' attention.

A bird mother who was lying at the outermost edge of the hill immediately opened her eyes warily. She was curious about where the wind came from. The moment she opened her eyes, she saw a colorful and beautiful butterfly flying elegantly up from the bottom of the cliff.

The butterfly had a pair of huge and gorgeous wings. As it flapped its wings, many blood-red light spots fell.

Even after living on this plate for thousands of years, these Black Shark Birds had never seen such a beautiful butterfly. The Black Shark Bird mother was momentarily mesmerized and even called out to her other companions to come and see the butterfly.

The bird mothers looked at the charming butterfly in fascination. Just as they were about to praise the butterfly's beauty, they suddenly heard wolf howls.

The One-Eyed Snow Wolf was here!

The bird mothers turned to look at the top of the mountain in shock and saw a group of one-eyed snow wolves charging down from the top of the mountain. There were so many of them, more than a thousand.

There were only slightly more than a thousand warriors in the entire One-Eyed Snow Wolf clan.

From the looks of it, the One-Eyed Snow Wolves were going to come out in full force this time to completely exterminate the Black Shark Bird Clan.

Seeing that the other party was aggressive and there were too many of them, and that they were no match for the other party at all, the oldest bird mother let out a shrill roar of anger.

Run!

Hearing this, the bird mothers hurriedly picked up the bird egg that was as big as a yak and spread their wings to escape to another mountain peak. However, something strange happened. A pair of incomparably huge black wings actually grew out of the back of the one-eyed wolf pack.

Then, they all flew up.

When did these wolves obtain wings?

The bird mothers were stunned.

The One-Eyed Wolves with wings quickly caught up to the bird mothers. They were very ferocious and their claws quickly shattered the bird eggs under them. After destroying all the unhatched bird eggs, the One-Eyed Snow Wolves flew away proudly.

“Hiss!”

The bird mothers who had lost their eggs instantly went crazy. They roared angrily and chased after the one-eyed wolf pack.

In fact, the one-eyed wolf pack had never appeared on this mountain peak.

Seeing that the bird mothers were spreading their wings and flying towards the territory where the One-Eyed Wolf Beast lived, Sheng Xiao immediately shouted in a low voice, “Move!”

Hearing this, Yu Huang and the others immediately flew across the plain and arrived at the cliff opposite.

...

At this moment, the bird fathers had all gone out to hunt for food. The bird mothers, as if possessed, abandoned their egg babies and flew away. Only a group of teenage Black Shark Birds were left in the clan and they looked at the sky in confusion.

Why did those bird mothers suddenly fly away?

Among the Black Shark Birds, no bird mother would leave the egg's side during the hatching period.

Then, what exactly happened?

Before the adult Black Shark Birds could figure out what was going on, they suddenly sensed a dangerous aura rapidly approaching. They looked up and saw a group of demon beasts that they had never seen before appear in the sky of their territory.

Those two-legged beasts released a dangerous and powerful aura.

They immediately realized that they were no match for these two-legged beasts.

Just as they were feeling afraid, the trunk of the only towering tree at the top of the mountain range suddenly split into two. In the next second, a Black Shark Bird that was huge enough to blot out the sky flew out from the ground.

On the head of the Black Shark Bird, there was a very mighty crown feather. As it flapped its wings, the grass on the entire mountain range swayed in the wind.

Seeing the large Black Shark Bird, the teenage Black Shark Birds exclaimed, "Swish!"

It was their ancestor!

The ancestor landed on the mountain range in the blink of an eye. As it raised its beast eyes and stared at Sheng Xiao and the others in the void, it opened its mouth and roared angrily.

"Hiss!"

How dare these bastards bully his children?!

At that moment, Sheng Xiao and the others moved to the side, revealing Kunlun, Na Luo, and Beatrice, who they had hidden behind them.

When the Black Shark Bird Ancestor saw Kunlun and the merfolk on his left and right, he immediately let out a jarring cry—

"Hiss!"

Master! Master was actually back!

The Black Shark Bird had seen the Kunlun Divine Master before.

At that time, the Kunlun Divine Master would come to the Kunlun Mystic Realm every once in a while to torture demon beasts. The leader of the Black Shark Birds, its grandfather, was often tortured until he was covered in blood, but even so, he didn't dare to make a peep.

Later, the Black Shark Bird Clan was chased around by the Terrestrial Alligator and the One-Eyed Wolf Beast. Only three to four clansmen were left. In order to escape, they had no choice but to escape from this land and go elsewhere.

But there were also terrifying demon beasts outside.

In short, during that period of time, the Black Shark Bird clan had a very difficult time.

Therefore, when it accidentally encountered the corpse of the Kunlun Divine Master, it boldly went to get a share.

However, how could the body of the Kunlun Divine Master be so easy to refine?

For the past ten thousand years, the Black Shark Bird had been enduring the torture of the Divine Master's remains day and night. The clansmen all thought that it was in seclusion. Only it knew that it was hiding underground and fighting the devilry of the Divine Master's remains.

It took nearly ten thousand years for the Black Shark to finally suppress the devilry. The Black Shark thought that it could finally welcome a new life, but it didn't expect its master to return!

Chapter 917: Untitled

After recognizing Kunlun, the Black Shark Bird's huge and mighty body actually trembled uncontrollably.

It was as timid as a mouse that had seen a cat.

At this moment, Kunlun had already sensed the existence of the other bone. It stared at the Black Shark Bird's abnormally thick left leg and suddenly opened its mouth to let out a sharp roar at the Black Shark Bird.

He was threatening the Black Shark Bird: "How dare you, you beast! If you take the initiative to return your left leg, I will only kill you. If you dare to resist, I will slaughter your entire clan."

When he heard the term 'beast', a fear that emerged from the depths of the soul lingered deeply in the Black Shark Bird's heart.

It remembered that more than ten thousand years ago, the Kunlun Divine Master's favorite thing to do was to hold his killing net and chase demon beasts in the sky. As he chased them, he even berated them. He always called the demon beasts—

Beast.

The Black Shark Bird tilted its head and sized up its territory. It realized that the bird fathers and mothers were gone, while the egg babies had yet to hatch. There were only more than a hundred teenage Black Shark Birds left in the entire Black Shark Bird Clan. It felt despair.

The Black Shark Bird ancestor realized that its clan was about to be wiped out!

It took over the Black Shark Bird Clan from its mother. It definitely couldn't let the Black Shark Bird Clan be wiped out in its hands.

It couldn't become the sinner of a wiped-out clan!

At the thought of this, the Black Shark Bird cried out in anguish. Then, it suddenly rushed into the sky. When it flew ten thousand meters into the sky, it suddenly retracted its wings and fell down to the land below!

Bang!

The Black Shark Bird's huge body slammed into the plain between the two mountains. The huge impact shook the ground.

Sheng Xiao and the others looked down at the huge corpse on the plain in shock.

Was it over just like that?

They had yet to fight.

Xiao Shu shook his head and sighed as he said with a smile, "I've seen this bird before."

"Oh really?" Yu Huang and the others turned to look at Xiao Shu and asked him, "When have you seen it before?"

Xiao Shu said, "Ten thousand years ago, in order to obtain the inheritance of the Kunlun Divine Master, I entered the Kunlun Mystic Realm several times. At that time, my ability was at its peak. Even these super demon beasts in the Kunlun Mystic Realm found it difficult to defeat me. After I entered the Kunlun Mystic Realm, the first great demon I encountered was this bird."

Xiao Shu pointed at the corpse of the Black Shark Bird and said, "I remember very clearly that the left leg of that Black Shark Bird was thicker than the legs of other Black Shark Birds."

Yu Huang and the others' gazes landed on the left leg of the Black Shark Bird's corpse. As expected, they discovered that its left leg was much thicker than its right leg.

Xiao Shu suddenly looked at Kunlun again and said, "Actually, I think I saw you at that time as well."

Kunlun revealed a confused expression. "Me?"

Xiao Shu pointed at Kunlun's left leg and said, "There's a scar on your left ankle."

Kunlun lowered his head to look at its left ankle, but it was covered in thick fur. Yu Huang squatted down and reached out to lift the fur on Kunlun's ankle. Then, Sheng Xiao and the others saw a deep scar on Kunlun's ankle.

Kunlun stared at the scar and said, "This was left behind when I was young, but I forgot how I was injured." He looked at Xiao Shu in surprise and asked curiously, "How did my injury come about?"

Xiao Shu stared at the wound on Kunlun's ankle and said, "At that time, you were still very young." He reached out and gestured at his waist. "You were probably only as tall as this." Actually, Xiao Shu had already forgotten about this, but after seeing the Black Shark Bird, it evoked his memories.

He told Kunlun, "At that time, the Holy Spirit Continent was ruled by demon beasts. I wasn't the only demon beast who could enter the Kunlun Mystic Realm. When I met you, you were unlucky enough to step into the net set up by a big demon. That net was deeply embedded in your flesh. When I met you, I didn't know how long you had been captured for. In any case, you had already become skin and bones. Even the grass, tree bark, and insects around the net were all eaten by you..."

Kunlun hadn't gained intelligence at that time, so Kunlun had no impression of what Xiao Shu had said.

Kunlun asked Xiao Shu, "Did you save me?"

Xiao Shu frowned and shook his head. "I didn't save you. I just helped you remove the net." At this point, he revealed a guilty expression and said, "At that time, you stared at me with an eager gaze and begged me to take you away, but I..."

Chapter 918: Untitled

Xiao Shu shook his head and laughed self-deprecatingly as he said, "But I'm not Yu Huang. I don't have that much sympathy. I saved you because I wanted to. As for taking you away, I'm not that kind." Xiao Shu suddenly looked at Yu Huang, who happened to be looking at him.

Xiao Shu knew what Yu Huang was thinking about. He said, "Now that I think of this past, I realize that when I first entered the Kunlun Mystic Realm, the Kunlun Divine Master gave me a chance, but I didn't grasp it."

"I was wondering that if I had saved you and brought you away, would I have been able to unravel the true mystery of the Kunlun Mystic Realm step by step? Would I have been able to help the Kunlun Divine Master collect his remains scattered all over the mystic realm? Would I have been able to obtain the inheritance of the Kunlun Divine Master?"

Hearing this, no one said anything.

They didn't know what to say.

It could only be said that Xiao Shu's coldness and heartlessness destined him to be unable to obtain the inheritance of the Kunlun Divine Master.

"Alright, if I missed the opportunity, so be it. Now, thanks to everyone, I've also obtained a piece of Divine Master bone fragment and successfully obtained the power of the Divine Master. This can be considered a key to opening the path to becoming a Divine Master." Xiao Shu said to Kunlun, "Let's go and retrieve what belongs to you."

Kunlun nodded and flew to the plain below with Na Ling in his arms. Then, he stood in front of the Black Shark Bird's corpse.

When he approached the Black Shark Bird's corpse, the Black Shark Bird's left leg trembled unconsciously.

It was a lost bone that had sensed its master's existence.

The leg bone's devilry had been successfully suppressed by the Black Shark Bird and no longer had the power to attack. Therefore, when Sheng Xiao raised the Dragon Sword and cut off the Black Shark Bird's left leg bone, the leg bone didn't attack him.

When the leg bone landed on the ground, the fur and flesh on the leg were instantly peeled off, revealing a long leg bone that a human should have.

After Kunlun put Na Ling down, Na Ling rubbed her eyes and stood with Yu Huang.

Kunlun bent down and picked up his left leg bone with both hands. The moment he held the left leg bone, the entire Kunlun Mystic Realm suddenly trembled. In that instant, the aura on Kunlun's body suddenly became strange and unfathomable. He looked like a calm ancient well.

However, as long as one threw a stone into this ancient well, that stone would fall into the endless depths and never reach the bottom.

After Kunlun took out both leg bones and placed them in front of his legs, the leg bones fused with the baboon's legs. Following that, Kunlun's body began to twist crazily. Yu Huang and the others only heard the sound of bones shattering.

Kunlun knelt on the ground and howled in pain.

"Ah—"

Yu Huang and the others revealed pained expressions as they watched Kunlun's body continuously change between the form of a human and a baboon.

But how could one be reborn without experiencing pain?

This was Kunlun's own path. He had to walk it himself.

When Na Ling saw Kunlun's pained and terrifying appearance, she, who could knock down a sea rabbit with a single punch, was actually so frightened that she hugged Yu Huang tightly and buried her face in Yu Huang's chest. Her entire body was trembling. As Yu Huang gently patted Na Ling's shoulder, she observed Kunlun's transformation.

In the past, Kunlun could quickly fuse with his remains. However, this time, perhaps because all the remains had been gathered and all the bones in his body had to be recombined, the process was extremely long.

Even when the sky darkened, he still hadn't completely fused.

As soon as the sky darkened, the parasitic crabs that had fallen asleep during the day woke up. They first crawled towards the corpse of the Black Shark Bird ancestor and quickly gnawed on it until only bones were left. Then, they crawled towards Yu Huang and the others.

"Form the array!" Sheng Xiao immediately raised the Dragon Sword and released his spiritual power to form a protective shield to resist the parasitic crabs.

Seeing this, Yu Huang and the others also released their spiritual power to strengthen the protective shield.

For the entire night, they protected Kunlun.

When dawn broke and the sun rose again, Kunlun finally slowly opened its eyes. The moment he opened his eyes, everyone could clearly sense that Kunlun's aura had changed.

He no longer had the simple and kind aura from before. His gaze became sharp, like that of an aggressive eagle. He looked like an overbearing sword, in which the blade was sharp and the blade was hard. Even the hilt was filled with an indestructible aura.

Kunlun turned around and looked at Yu Huang and the others with a deep gaze.

At this moment, Yu Huang and the others seemed to have seen the Kunlun Divine Master who had fought victorious battles more than ten thousand years ago and made the three thousand worlds feel deep veneration.

They were not sure if Kunlun had recalled his previous life. No one knew how to interact with Kunlun, so they pursed their lips and didn't dare to say anything. Even Sheng Xiao remained silent.

Kunlun suddenly spoke. He looked at Xiao Shu first and said, "As a demon beast, you had the will to defy the heavens and change your fate. The moment you entered the Kunlun Mystic Realm, I sensed your existence. I gave you guidance, but you didn't seize that opportunity."

Hearing this, Yu Huang knew that Kunlun had remembered everything.

Xiao Shu also realized that the Kunlun in front of him wasn't their close friend, but the Slaughter Divine Master, Kunlun.

Xiao Shu hurriedly bent down and replied respectfully, "Although I didn't successfully obtain your inheritance, I'm still grateful that you gave me a chance back then. Senior, I've disappointed you."

Chapter 919: End of Training

Kunlun shook his head slightly and looked at Yu Huang again. This time, he said, "The moment you arrived, I sensed my old friend's aura."

Yu Huang was slightly shocked when she heard this. "Senior, you mean..."

Kunlun was unwilling to say anything else. He only sighed as he lamented, "I really didn't expect that the reincarnation of the Divine Feather Phoenix and Black Qing Sky Dragon would actually end up in a small world like the Holy Spirit Continent..."

Yu Huang and Sheng Xiao lowered their heads in shame.

Kunlun's gaze swept across Donor, Estelle, and Beatrice. In the end, his gaze landed on Feng Yuncheng. "You have a very strong murderous aura..."

Feng Yuncheng hurriedly replied, "Feng Yuncheng, your beast form is the Bewitching Butterfly. You have indeed awakened your killing instinct."

Kunlun nodded and said, "In ancient times, I had always wanted to find a child with the talent to kill as my disciple, but I was unlucky and never found one. Now, although I have recovered my memories and the body of a Divine Master, my strength is very weak. I wonder if you are willing to acknowledge me as your mentor and be my only personal disciple. My killing cultivation technique must be the most suitable cultivation technique for you in the world."

Feng Yuncheng was overjoyed when he heard this and his heart raced.

Feng Yuncheng had always been a thick-skinned person. He immediately knelt down to Kunlun and said solicitously, "I, Feng Yuncheng, am willing to acknowledge Senior Kunlun as my mentor and treat you as my parent. I will respect, love, filial piety, and care for you..."

Kunlun immediately frowned and said, "You talk too much. Forget it."

Feng Yuncheng immediately shut his mouth.

Kunlun laughed. "Young people should speak less and do more."

Feng Yuncheng nodded vigorously.

"Alright, from today onwards, you will be my only personal disciple."

Feng Yuncheng then shouted, "Mentor!"

Nodding, Kunlun suddenly glanced at Na Ling with a gentle gaze.

Seeing this, Feng Yuncheng immediately understood what Kunlun meant. He hurriedly turned around and shouted at Na Ling, "Mentoreess!"

Although Na Ling looked like a young teenage girl, she was actually very naive. When she heard the term 'Mentoreess', she was first stunned before raising her head and asking Kunlun, "Kunlun, what does Mentoreess mean?"

Kunlun extended his right hand towards Na Ling.

Na Ling held Kunlun's hand trustingly.

After Kunlun pulled Na Ling to his side, he scratched Na Ling's nose and said, "You're my only wife. A mentor's wife is called a mentoreess."

Na Ling knew what a wife meant. Yu Huang was Sheng Xiao's wife. Na Ling had even secretly seen Yu Huang pressing Sheng Xiao against a tree and kissing him. Na Ling looked up at Kunlun and said, "Yu Huang is Sheng Xiao's wife. If Yu Huang can kiss Sheng Xiao, can I kiss you too?"

Yu Huang and Sheng Xiao blushed.

Donor and the others looked at Yu Huang and Sheng Xiao with mockery.

When Kunlun heard Na Ling's words, he raised his eyebrows solemnly and said to Na Ling, "You can when you grow up."

Na Ling said, "Then I'll definitely grow up quickly."

Kunlun stared at the crossed battle-ax mark on his arm. When he thought of his dead old friend, he couldn't help but feel pity.

"Your training will only end in seven months. During this period of time, stay in the mystic realm and cultivate." Kunlun said this to Yu Huang and the others. Then, Kunlun said to Feng Yuncheng, "You, follow me during this period of time."

Feng Yuncheng nodded obediently.

After saying that, Kunlun left with Na Ling and Feng Yuncheng. It was unknown where they were going. Before leaving, Feng Yuncheng turned to look at Beatrice. Beatrice waved at him and gestured for him to get lost.

After they left, Yu Huang muttered softly, "Kunlun doesn't look cute at all." He was much cuter when he was still a simple-minded baboon.

Sheng Xiao stroked Yu Huang's hair and said, "He's Senior Kunlun now."

Yu Huang was a little sad as she said, "We've always wanted to help Kunlun gather all his bones, but after Kunlun has really gathered all his bones and recovered his memories, he's no longer the Kunlun we're familiar with. I feel a little saddened, and I have a..."

She frowned and said, "I have a feeling that I killed my friend with my own hands."

Sheng Xiao wasn't a person who was good at comforting people. When he saw that Yu Huang was upset, he placed his hand on her ribs and said in a low voice, "Kunlun will always live in our hearts."

Chapter 920: End of Training

When Yu Huang felt the rib burning, she immediately felt more at ease. "You're right."

* *

In the next few months, Yu Huang and the others stayed in the Black Shark Bird section to fight with the Terrestrial Alligator. The Terrestrial Alligator knew that the Kunlun Master had returned and that Yu Huang and the others were friends of the Kunlun Master. Despite facing Yu Huang and the others' provocation day after day, it didn't dare to be angry and could only obediently fight with them.

Now, this Terrestrial Alligator was the demon beast with the strongest combat strength on this continent. As Yu Huang and the others had trained with the Terrestrial Alligator, their combat strength had improved greatly. And after fighting together day after day, they had also trained to have super tacit understanding and coordination.

In the blink of an eye, it was time for the training to end.

After a few months of battle, Yu Huang and the others formed a deep friendship with the Terrestrial Alligator. A few days before they were about to leave the mystic realm, the few of them gathered in the territory of the Terrestrial Alligator to roast bird eggs to eat. The Terrestrial Alligator laid behind them and waited to be fed.

Roasted bird eggs were better than raw ones.

"We're leaving tomorrow." As Yin Rong stared at the bird egg in her hand, she actually felt reluctant.

As Estelle peeled the bird's eggshell, he couldn't help but sigh. "My siblings have probably grown up already. I wonder if they still remember me as their brother."

Yu Huang wondered how her adoptive father's recovery was going.

Beatrice thought of her second brother, Mo Yuelou, and was even more worried. "I wonder how my second brother is doing now." Back then, a total of 120 students had entered the Kunlun Mystic Realm to train, but most of these students had already died, and only a small number had been expelled from the Kunlun Mystic Realm.

She wondered if her second brother, Mo Yuelou, was dead or alive.

Everyone had their loved ones on their mind.

At this moment, a hurricane suddenly blew in the mystic realm. A figure quickly appeared in front of Yu Huang and the others.

It was Kunlun.

Na Ling and Feng Yuncheng stood behind Kunlun.

In just seven months, Feng Yuncheng had undergone a complete transformation.

His gaze was firm, and he looked very confident. His usual frivolous temperament had also faded. He was much tanner, and he, who used to give off a feminine sense of beauty, actually looked more manly now.

It could be seen how badly he had been tortured by the Kunlun Divine Master in the past eight months.

After eight months, Na Ling had become much more mature and seemed to have lost a lot of weight. Na Ling's current figure looked tall and sexy. She already looked like a mature girl. However, her gaze was still pure and innocent.

As soon as she saw Yu Huang and the others, Na Ling revealed a reluctant gaze. She pouted and said, "Kunlun said that you guys are leaving tomorrow."

Yu Huang handed the bird egg to Na Ling, but Na Ling didn't take it.

Na Ling said, "Can you guys not leave?"

Yu Huang was silent for a moment before telling Na Ling, "Na Ling, everyone has their own path to take. The Kunlun Mystic Realm is only a portion of our journey. After this journey, we have to set off for the next one. Only dead people will stay on the spot."

Na Ling's eyes turned red and she looked like she was about to cry as she said, "But I can't bear to part with you guys."

Yin Rong couldn't bear to see Na Ling sad, so she suggested, "Why don't you leave with us?" As she spoke, she glanced at Kunlun with respect.

Yu Huang and the others were also staring at Kunlun.

They actually hoped that Kunlun could leave with them.

But Kunlun was shaking his head.

He said, "When the time is right, we will leave." Kunlun looked at Sheng Xiao and said, "I hope you can keep Na Ling and my existence a secret."

Sheng Xiao quickly stood up and bowed as he said to Kunlun, "Don't worry, Senior. We won't reveal what happened here after we leave the Kunlun Mystic Realm." Wasn't Kunlun hiding in the Kunlun Mystic Realm to avoid 'that person'?

They would definitely keep it a secret for Kunlun.

“Thank you.”

Kunlun turned around and said to Feng Yuncheng, “You’ve formed a Blood Pact with me. As long as the Blood Pact doesn’t get severed, I’ll know if you’re safe. We’ll meet again in the future.”

Feng Yuncheng knelt down again and kowtowed hard. “Thank you for your lessons, Mentor. I look forward to the day we meet again!”

“Okay.”

After explaining everything, Kunlun left, leaving Na Ling behind.

That night, Na Ling pestered Yu Huang and the others to talk about the exciting world outside. It was only when dawn broke and the sun rose that a black space-time tunnel suddenly appeared in the sky. Na Ling stood up and said to Yu Huang and the others with red eyes, “Yu Huang, Brother Sheng Xiao, Sister Yin Rong, Brother Xiao Shu... Goodbye.”

With that, Na Ling swung her tail and ran towards the place where Kunlun lived.

She didn’t want to bid farewell to them.

Yu Huang and the others saw that Na Ling was continuously wiping her tears. They watched silently as Na Ling left. Only when they could no longer see Na Ling’s figure did they fly towards the spatial tunnel.

...

“Why aren’t they out yet?”

On the field of the Holy Spirit Academy, 412 students stood in a neat formation. At this moment, they all raised their heads and looked at the ancient mirror in the sky with concern and anxiety.

The Kunlun Mystic Realm was behind the ancient mirror.

Three years ago, 120 genius students of the Holy Spirit Academy signed the life and death letter and entered the Kunlun Mystic Realm to train. Three years ago, 30 people were brought back by the inspector on and off. The remaining 90 genius students were still in the Kunlun Mystic Realm.

They wondered how many of these 90 students were still alive and how many had already died.

At this moment, the ancient mirror had been open for a long time already, but no one walked out standing. The students began to become restless.

“Why hasn’t anyone come out yet? Could it be that they all died...”

“Shut up, jinx!”

“Sheng Xiao is so capable. He will definitely come out alive!”

“Heavens, why hasn’t anyone come out...”

At the thought that the 90 geniuses might have all died in the Kunlun Mystic Realm, the students felt their hearts ache.

At this moment, the principal, Prime Emperor Dino, the vice principal, Di Ruofeng, Pupu An, and the dean of the Purifying Spirit Department, Lin Jiansheng, were standing side by side on the high platform in front of the Holy Spirit Academy's field.

Seeing that no students had walked out even after a long time, the four of them gradually became nervous.

"It's been a while since the mystic realm passageway opened. Why... why hasn't anyone come out yet?" Pupu An looked at Di Ruofeng and then at Lin Jiansheng, his face filled with uneasiness.

Di Ruofeng and Lin Jiansheng ignored Pupu An.

He stared at the mystic realm passageway without blinking.

Suddenly, Dino said, "There's an energy fluctuation in the passageway!" An energy fluctuation meant that someone was passing through!

"There's still someone alive!" Di Ruofeng grabbed Lin Jiansheng's arm tightly. Two bruises appeared on Lin Jiansheng's arm, but he didn't shake Di Ruofeng off. After glancing at Di Ruofeng, Lin Jiansheng widened his eyes and stared fixedly at the mystic realm passageway. He wanted to see who would be the first to come out.

He wanted to know Yu Huang's situation the most.

The fluctuations became more and more obvious.

Finally, someone came out!
