

She Shocks 951

Chapter 951: Because I'm the Lord of All Demons (2)

As a mother, Vivian naturally sided with her child unconditionally.

However, what she didn't know was that the moment Yu Huang's hand touched Vivian's stomach, invisible and majestic energy instantly grabbed Yu Huang's five fingers firmly. A warm and cold aura that was filled with vitality instantly spread throughout her body through Yu Huang's fingers.

Surrounded by that feeling, Yu Huang felt as if she had obtained spring.

Yu Huang suddenly retracted her hand and stared at Vivian's stomach in shock. Her beautiful face instantly turned pale.

What she didn't want to face the most became real.

The child in Vivian's stomach was the 24th holy child!

Vivian noticed Yu Huang's reaction. She was stunned and immediately felt a strong sense of uneasiness. "Yu Huang, what, what's wrong?"

Sheng Xiao frowned and looked at Yu Huang worriedly.

Yu Huang slowly raised her head and stared at Vivian.

Realizing that Vivian was trembling, Yu Huang knew that Vivian had already guessed the truth.

However, as a mother, how could she accept that the child she had been pregnant with for more than five months was a dangerous monster?

The corners of Yu Huang's mouth twitched as she revealed a forced smile. "Vivian, you have to go to the Alliance headquarters with us."

Hearing this, Vivian seemed to have lost all her strength and plopped down weakly on the sofa.

* *

In the afternoon, ten pregnant women from different countries were brought to the conference hall of the Beast Tamer Alliance.

Most pregnant women still didn't know why they were brought here.

Nine out of ten pregnant women were Beast Tamers, and Vivian was the only commoner.

When Vivian sat on the soft sofa and saw seven powerful Beast Tamers sitting on the conference table opposite her, her heart skipped a beat.

She couldn't fully recognize the identities of the Beast Tamers in front of her, but she could guess that the people who could sit next to Prime Master Lingfeng were definitely the most powerful people in the Holy Spirit Continent.

At the thought that the child in her stomach was very likely an existence that even these adults feared, Vivian felt uneasy and dizzy, as if she would suffocate to death at any moment.

Noticing that Vivian was so afraid that her legs were trembling, Yu Huang closed her eyes helplessly and sighed.

Xiao Shu noticed that Yu Huang had closed her eyes. He followed Sheng Xiao's gaze and realized that he was looking at the commoner woman. Only then did he realize that the commoner woman looked familiar. Xiao Shu thought about it carefully for a while before remembering that the pregnant woman was Yu Huang and Anna's friend.

This woman had participated in Yu Huang and Sheng Xiao's wedding.

As Xiao Shu stared at Vivian's bulging abdomen, he felt that something was wrong.

Sheng Lingfeng suddenly turned around and asked Xiao Shu, "Xiao Shu, what should we do to accurately find the hiding place of the 24th holy child?"

For a moment, everyone in the room looked at Xiao Shu.

"The solution is very simple." Xiao Shu walked in front of Vivian and the other pregnant women. His gaze swept across the pale faces of the pregnant women, then he said with some pity, "Spring awakening means that the weather will warm up and everything will grow. It also represents hope. Among the 24 holy children, it is the kindest and most loving holy child."

Xiao Shu suddenly pointed at the potted plants on both sides of the conference hall and said, "Find a potted plant that is on the verge of death and place it in front of these pregnant women. The child in the womb of the pregnant woman who can make the potted plant come to life is the spring awakening holy baby."

Hearing this, Vivian subconsciously thought of the lush green lawn in her courtyard.

Xiao Shu turned around and stared at Yu Huang with a frown as he said meaningfully, "The spring awakening holy baby is not a monster, but once he is born successfully, Holy Spirit Goldfeather will be revived. Therefore, we can't keep this child!"

After hearing Xiao Shu's words, Yu Huang couldn't help but turn to look at Vivian.

Coincidentally, Vivian was also looking at her.

They could see the sorrow and pity in each other's eyes.

Finally, Vivian closed her eyes first. "Then let's begin," she said.

After Sheng Lingfeng nodded at the door, Lu Yubei brought over a potted plant with withered leaves. He carried the potted plant and tested seven pregnant women in succession, but the tree didn't show any signs of new growth.

Lu Yubei carried the fortune tree to the eighth pregnant woman.

He thought that the fortune tree wouldn't have any reaction this time either, but Lu Yubei clearly saw the withered leaves on the fortune tree suddenly shake off. Then, fresh green leaves emerged. In the blink of an eye, the withered fortune tree regained its vitality.

Lu Yubei watched this scene in shock. He subconsciously looked up at the pregnant woman's face, but saw a pair of beautiful eyes filled with tears.

Vivian covered her eyes with her hand and shook her head. "How could this be?"

When she saw this scene, Yu Huang couldn't help but close her eyes.

Xiao Shu was silent for a long time before saying in a low voice, "The child in Madam Vivian's stomach is the 24th holy child."

Hearing this, Vivian finally broke down and cried.

At this moment, Dongfang Xiagui suddenly turned around and stared at Xiao Shu with a sinister gaze. He asked inquisitively, "Xiao Shu, I've always been puzzled. At such a young age, how do you know about the existence of the 24 holy children and their use?"

Dongfang Xiagui pointed at Vivian and said, "That's a pregnant woman with a small life in her stomach. You have to show enough evidence to make us believe that what you said is true and your judgment is right before we can continue our next plan."

This was also what made Sheng Lingfeng and the others feel suspicious.

Sheng Xiao closed his eyes slowly. He knew that when Xiao Shu told the truth about the 24 holy children, he wouldn't be able to escape the fate of his identity being exposed.

Xiao Shu was already prepared to face all of this, so Xiao Shu wasn't flustered when Dongfang Xiagui questioned him in public.

He didn't say anything. He only stomped his feet hard, and his body turned into a majestic Fire Unicorn. As the Fire Unicorn stood in the void of the conference hall, his dignified and cold voice spread throughout the entire Jingdu City—

"Because I'm the Fire Unicorn, the Lord of All Demons. I was once the exclusive mount of Holy Spirit Goldfeather!"

Chapter 952: Untitled

"Because I'm the Fire Unicorn, the Lord of All Demons. I was once the exclusive mount of Holy Spirit Goldfeather!"

Xiao Shu's words were carried by spiritual power and spread throughout the entire Jingdu City. As if thunder had struck from the ground, the peaceful Jingdu City was instantly awakened.

"Lord of All Demons!"

After hearing those words clearly, all the Beast Tamers in Jingdu were stunned.

“The Lord of All Demons has really revived!”

Three years ago, there was a rumor that the Lord of All Demons, the Fire Unicorn, who had been killed by Prime Master Goldfeather ten thousand years ago, had returned to the human world!

Although the Lord of All Demons had already died, his deeds had been passed down from generation to generation by the demon beasts. In the abyss, be it big or small demons, they all regarded the Lord of All Demons as their god. Demon beasts were not human. Although they believed in the survival method of the strong, they were purer than other high-level intelligent races.

They always remembered everything the Lord of All Demons had done for them. When every beast condensed a Monster Core, it had to swear to the undead of the Lord of All Demons that it would forever follow in the footsteps of the Lord of All Demons and be his subject.

Therefore, if the Lord of All Demons really returned to the human world, he only needed to say one word and order for the demon beasts in the abyss to obey him.

They were guns in the hands of the Lord of All Demons. They would shoot wherever he pointed.

In the past ten thousand years, the demon beasts had never given up their ambition to attack Beast Tamers and occupy the Holy Spirit Continent again. If the Lord of All Demons really returned to the human world, he would definitely bring the demon beasts to attack the cultivation world.

Just the Lord of All Demons alone was enough to make the Beast Tamers suffer. Moreover, there was Holy Spirit Goldfeather, who was eyeing them covetously and wanted to exterminate them.

What was even more terrifying was that the Lord of All Demons and Holy Spirit Goldfeather had the same goal. If the two of them joined forces to deal with the cultivation world, it would be a true disaster.

In order to prevent this from happening, the Beast Tamers had been searching for the whereabouts of the Lord of All Demons for the past few years.

They wanted to find him and kill him again to prevent future trouble!

Therefore, when they heard the words ‘I am the Lord of All Demons, the Fire Unicorn’, the Beast Tamers in Jingdu stood up in shock and subconsciously circulated their spiritual power to run towards the aura of the Lord of All Demons. However, the last sentence of the Fire Unicorn made the Beast Tamers feel despair.

The Lord of All Demons was actually the exclusive mount of Holy Spirit Goldfeather!

In that case, the Lord of All Demons and Holy Spirit Goldfeather were on the same side?

At the thought of this, the Beast Tamers could already imagine the terrifying scene of Holy Spirit Goldfeather joining hands with the Fire Unicorn to kill everyone and destroy the Holy Spirit Continent.

In Yufu City, the Sheng family disciples gathered and prepared for battle. They were wearing the Sheng family’s robes and holding swords. They stood in the central square of Yufu City and looked up at the Patriarch’s wife on the high platform while waiting for her order.

With Lan Yao's order, they would represent the Sheng family to fight and kill the Lord of All Demons.

Lan Yao stood on the high platform as she looked into the distance. She suddenly frowned and said in bewilderment, "This aura seems to be coming from the Alliance headquarters." Lan Yao subconsciously lowered her eyes and looked at the marriage line on her ring finger. Seeing that the marriage line was still lit and there was no movement, she knew that Sheng Lingfeng was safe.

Ling Feng brought Xiao'er and Ah Huang to investigate the 24 holy children. They were currently staying in the Alliance headquarters building.

The aura of the Lord of All Demons came from the Alliance headquarters building. In that case, Ling Feng and the others should be with the Lord of All Demons.

However, Lingfeng didn't give her the order to start the battle.

Thinking of this, Lan Yao realized that whether the Lord of All Demons was friend or foe was unknown.

"Calm down and wait for orders." With that, Lan Yao left the high platform and walked towards the Sheng family's office building.

The room in the middle of the second floor was the Sheng family's important meeting hall. Only the Sheng family's patriarch, Madam, and six distinguished elders could enter.

The meeting hall was very spacious. There were two sofa chairs placed side by side at the top. They were the seats of Sheng Lingfeng and Lan Yao. On both sides of the meeting hall, there were three solid wooden sofa chairs. They were the seats of the six elders.

At this moment, five elders were sitting in their exclusive seats with cold expressions. Only the rightmost seat was empty.

It was the position of the Sixth Elder, Grand Master Sheng Tianlun.

Back then, when the Prosperous Capital fell, the alliance decided to use the Hundred Masters Sacrifice to help Anna become a Divine Master and resolve the crisis. The Sixth Elder took the initiative to sign the sacrificial letter.

So far, this seat had been empty for four years.

Seeing that Lan Yao had arrived, the most serious and straightforward First Elder frowned and asked, "Madam, is the battle about to begin?" If the battle really started, they, this group of old fellows, would definitely be at the front. They couldn't let the juniors in the clan die.

They were old and could only reach this height in their lives.

But the younger generation still had a future full of potential.

Lan Yao shook her head and said, "Not yet."

"Oh really?" The Third Elder felt that it was a little strange. After she took off her reading glasses and wiped her lenses with her flowery shirt, she narrowed her eyes and said, "The Lord of All Demons took the initiative to appear. If we don't kill him now, when will we?"

The First Elder frowned and lamented, "I really didn't expect the Fire Unicorn to be the mount of Holy Spirit Goldfeather. Once the master and servant join forces, will our continent still have any hope of survival?" The First Elder had never been a pessimistic person, but at this moment, he actually became pessimistic.

Lan Yao didn't participate in their discussion. She sat at the head of the table and held her forehead with her hand as she said calmly, "Let's wait. As long as Lingfeng gives the order, we'll kill our way out of Yufu City."

"Okay."

The news of the Lord of All Demons returning to the human world quickly spread throughout the entire Holy Spirit Continent in less than five minutes.

Even the distant Light Sea Elven royal family received the news.

"The Lord of All Demons has already appeared. Gather all the elven warriors immediately and prepare for battle!" As he spoke, the king's robe suddenly turned into a mighty golden armor.

Donor stood under the throne. When he saw his father summon the golden armor, his heart raced.

Xiao Shu actually took the initiative to reveal his identity?

What was he doing?!

* *

Xiao Shu, who was at the Alliance headquarters, didn't know that the outside world had become restless because of him.

The unicorn's body was burning with raging flames, and the temperature in the conference room rose. The green plants at the corner of the wall were instantly roasted into dead leaves by the scorching temperature.

Upon seeing this mighty and domineering Fire Unicorn, all the upper echelons of the Alliance revealed shocked and stunned expressions. Even Sheng Lingfeng stood rooted to the ground in astonishment.

After a long while, a gasp sounded in the room

"Hiss!"

Dongfang Xiagui said in disbelief, "How can you be the Lord of All Demons?!"

The Lord of All Demons, the Fire Unicorn, was a super demon beast!

Chapter 953: History Is Written by the Victor

According to ancient records, back then, Prime Master Goldfeather led the experts of the entire cultivation world to force the Fire Unicorn to dig out its Monster Core and self-destruct its beast body. How could such a powerful person be such a young guy?!

The Fire Unicorn gradually retracted the flames on its body. Under everyone's terrified gazes, it returned to its human form.

The red-haired young man shook his head and laughed self-deprecatingly. "I'm sorry for using such an abrupt method to let everyone find out my true identity, but I'm indeed a Fire Unicorn."

At this moment, Sheng Lingfeng said in confusion, "I've checked your information. You're clearly a human. Your parents are also ordinary citizens. You..." As Sheng Lingfeng stared at Xiao Shu's handsome face and unruly red hair, for a moment, he couldn't accept this shocking revelation.

"How can you be the Lord of All Demons?!"

No one was willing to believe that Xiao Shu was the Lord of All Demons.

At this moment, Yu Huang said, "Brother Xiao and I can testify that Xiao Shu is indeed the Lord of All Demons, the Fire Unicorn."

Sheng Lingfeng and the others looked at Yu Huang and Sheng Xiao.

"Xiao'er, you knew long ago?" If they hadn't known Xiao Shu's identity already, they wouldn't have been so calm.

Sheng Xiao nodded. "Yes."

Without waiting for Sheng Lingfeng to ask in detail, Sheng Xiao took the initiative to tell him everything. "I've known Xiao Shu for ten years. Xiao Shu is indeed a human, but he is also the Lord of All Demons." Sheng Xiao added, "He only regained his memory after entering the Holy Spirit Academy."

Sheng Lingfeng wasn't someone who believed others' words so easily. He asked Sheng Xiao, "How can you be sure that he wasn't acting at the beginning? Perhaps he knew who he was all along and was fooling you?"

Sheng Lingfeng seemed to be trying to sow discord.

Xiao Shu looked at Sheng Xiao curiously.

Sheng Xiao tilted his head and looked at Xiao Shu. He frowned slightly but said, "I believe him."

"Heh..." Sheng Lingfeng shook his head and said, "You said that you believe him, but so what?" Sheng Lingfeng suddenly glanced at Xiao Shu and said meaningfully, "If you trust someone too much, you might fall into an abyss of eternal damnation. Xiao Shu, don't you think so?"

Xiao Shu looked up and met Sheng Lingfeng's gaze.

He saw fear and mockery in the Prime Master's eyes.

Xiao Shu suddenly understood. "You know," he said inexplicably.

Sheng Xiao and Ji Linyuan looked at Sheng Lingfeng in confusion.

Sheng Xiao asked Sheng Lingfeng, "Father, what do you know?"

Sheng Lingfeng remained silent.

Xiao Shu sneered and said, "He knows the truth of the demon beast race's defeat ten thousand years ago."

Sheng Xiao frowned and asked Sheng Lingfeng, "Father, how did you know?"

He knew what Sheng Xiao meant.

Sheng Lingfeng sighed and said, "What do you think the President of the Alliance is? As the President, I know some secrets that the outside world don't know."

Upon hearing Sheng Lingfeng's words, Ji Linyuan, Dongfang Xiagui, and the others realized that there were many things that the elders and members didn't know. Dietrich was a straightforward person and didn't like to play such guessing games. She asked Sheng Lingfeng, "President, what do you know?"

Now that the Lord of All Demons had returned to the human world, some things couldn't be hidden anymore.

"This matter is quite embarrassing." Sheng Lingfeng was too ashamed to look at Xiao Shu's reaction. He faced Ji Linyuan and the other elders and said in a low voice, "Everyone knows that in the War of Freedom ten thousand years ago, the Beast Tamers led by Prime Master Goldfeather successfully defeated the demon beast race led by the Lord of All Demons."

"That's right!" Dietrich said subconsciously, "The War of Freedom is the first thing everyone learns in history class. I think everyone knows about the War of Freedom, right?"

Be it the humans, the beastmen, the elves, or the merfolk, they had all learned about the War of Freedom.

After all, before the War of Freedom, the Holy Spirit Continent belonged to the demon beast race. After the War of Freedom, the Holy Spirit Continent belonged to the high-level intelligent race.

The War of Freedom was also known as the War of Honor and the War of Liberation.

"Heh..." Xiao Shu snorted mockingly.

Seeing Xiao Shu sneer while Prime Master Lingfeng remained silent, Dongfang Xiagui, Carasso, and the others had a bad feeling. "President, could there be other insider information about the War of Freedom?"

Nodding his head, Sheng Lingfeng said in shame, "History is written by the victor. In the War of Freedom, Prime Master Goldfeather and our ancestors were indeed the victors. However, the way she won was really despicable."

Prime Master Goldfeather was respectfully called a Grand Master by the Beast Tamers of the Holy Spirit Continent.

The Beast Tamers respected her very much.

For Sheng Lingfeng to use the word "despicable" to describe Prime Master Goldfeather's actions, it could be seen that Prime Master Goldfeather had indeed done something very infuriating back then.

When Ji Linyuan saw that Xiao Shu's face was filled with disgust, he could vaguely guess what happened.

As expected, he heard Sheng Lingfeng say, "The real historical records I see are different from the beautified historical records you guys see. As far as I know, Prime Master Goldfeather and the Fire Unicorn were a couple, but this relationship was a lie from the beginning."

"In order to gain the trust of the Lord of All Demons, Prime Master Goldfeather deliberately approached him. After obtaining the Fire Unicorn's trust, she poisoned him while he was caught off guard and took the opportunity to lead the Beast Tamers to attack the entire Demon Beast Clan."

Hearing this, Dongfang Xiagui subconsciously retorted, "How is that possible? Isn't this the story written by that historian called Grand Master Xiaoyao after he retired?"

Grand Master Xiaoyao was a famous historian. He was the one who recorded the details of the War of Freedom.

After Grand Master Xiaoyao retired, for some reason, he wrote another personal sequel. In the sequel, he made up a large amount of history. The content Sheng Lingfeng said came from Grand Master Xiaoyao's personal sequel.

Sheng Lingfeng said, "After every president of the Alliance takes office, they will receive a history book. This history book is also called Grand Master Xiaoyao's autobiography." Sheng Lingfeng lamented with a complicated expression, "History has always been written by the victor. We are the victors, so we naturally can't slander Prime Master Goldfeather."

Hearing this, Dietrich and the others were stunned.

When they thought about how they actually worshiped such a despicable and shameless woman, they felt a little disgusted.

However, this wasn't the most disgusting thing. The truly disgusting thing had yet to come.

Sheng Lingfeng said, "I'm afraid you don't know that the reason Prime Master Goldfeather wanted to exterminate the demon beast race back then wasn't to protect intelligent races like us."

Yu Huang and Sheng Xiao looked at each other in surprise.

They had always thought that Prime Master Goldfeather attacked the demon beast race so that the four races could lead a stable life. From Sheng Lingfeng's words, Prime Master Goldfeather clearly had another motive.

Chapter 954: Give Me Two More Hours, Okay?

When Yu Huang looked at Xiao Shu and saw his icy expression, she guessed that even Xiao Shu didn't know Prime Master Goldfeather's true motive.

Xiao Shu pressed his tongue against the roof of his mouth and asked calmly, "Oh really? Could it be that Prime Master Lingfeng knows other insider information?"

Sheng Lingfeng didn't know that Xiao Shu didn't know Prime Master Goldfeather's true motive.

He thought that Xiao Shu was testing him to see how much he knew.

“I know a little, but it’s not that comprehensive.” Sheng Lingfeng pondered and said, “Not only is Grand Master Xiaoyao a historian, but he was also a participant in the War of Freedom back then. Before he died, he wrote in his personal biography that after Prime Master Goldfeather led the four races to kill the Lord of the Ten Thousand Demons, she took the Fire Unicorn’s Monster Core. Twenty years later, after Prime Master Goldfeather reached the peak of the Prime Master Realm, she entrusted the Divine Realm Academy to her only personal disciple, Prime Master Guan Xing, and left the Divine Realm Academy to tour the world.”

“A year later, Prime Master Guan Xing sensed that his mentor’s lifespan was coming to an end, so he went to a certain place in the Divine Sea and found Prime Master Goldfeather’s remains. He brought it back to the Divine Realm Academy and made it into Prime Master bones that would be buried forever. However...” Sheng Lingfeng looked at Xiao Shu and said, “But before Prime Master Guan Xing died, he took the initiative to look for Grand Master Xiaoyao and told him the truth about Prime Master Goldfeather’s death. ”

Xiao Shu frowned and asked, “How did she die?”

Sheng Lingfeng’s expression was mixed as he said, “At that time, Prime Master Goldfeather was already a Prime Emperor. She wanted to use the Fire Unicorn’s Monster Core to break through and become a Divine Master, but... she suffered the backlash of the Fire Unicorn’s Monster Core and died.”

With that, Sheng Lingfeng concluded, “Prime Master Goldfeather worked hard to kill the Fire Unicorn because her goal was to snatch the Monster Core of the Fire Unicorn and become a Divine Master. The warriors of the four races were just tools for her.”

Sheng Lingfeng, who knew this secret, looked down on hypocrites like Prime Master Goldfeather the most.

After knowing what Prime Master Goldfeather had done from Sheng Lingfeng, everyone in the room had different thoughts.

After Xiao Shu found out the truth behind Prime Master Goldfeather’s death, he didn’t know if he should feel gratified that Prime Master Goldfeather got what she deserved or feel indignant that it wasn’t enough punishment. When Yu Huang saw the mocking expression on Xiao Shu’s face, she felt even more sympathy for him.

After saying so much, Sheng Lingfeng only cared about one thing—

“Xiao Shu, you said that you’re the Lord of All Demons, but I don’t understand. You’d been betrayed and harmed so badly by Prime Master Goldfeather. Why did you take the initiative to come to Jingdu and even risk exposing your identity to tell us the truth?” At this point, Sheng Lingfeng smiled, but his smile was very cold.

Sheng Lingfeng said, “Don’t tell me that you still have a conscience and can’t bear to see the Holy Spirit Continent go to ruin. I’m more certain than anyone else that you can’t wait for the Holy Spirit Continent to get wiped out.”

After hearing Sheng Lingfeng’s question, Xiao Shu wasn’t in a hurry to answer.

He also asked himself, “Why did I tell them the truth at the risk of exposing my identity?”

Yin Rong's smile appeared in his mind. The scene of him fighting side by side with Sheng Xiao and the others in the Divine Realm Academy appeared in his mind. He also thought of the scenes of his companions staying by his side in the Kunlun Mystic Realm.

As Xiao Shu stroked the purple daisy ring on his middle finger, he suddenly resigned himself to fate.

"Whether you believe it or not, I don't want to destroy this world." Xiao Shu stared at Sheng Lingfeng calmly and said, "There are some people who are worth me risking life to protect and they love this world deeply."

With that said, Xiao Shu glanced at Yu Huang and the others and said, "Before I came, I had already thought about it. Should I hide in the abyss and wait for him to look for me to threaten me? Or should I take the initiative to fight alongside you guys?"

Xiao Shu smiled and hammered Sheng Xiao's shoulder as he said, "I'd rather fight with you guys to the end. Even if I die, I won't have any regrets."

Sheng Xiao held Xiao Shu's arm tightly.

Trust was unspoken.

When Sheng Lingfeng saw the interaction between Sheng Xiao and Xiao Shu, he realized that his son had established a deep friendship with the Fire Unicorn. For a moment, he didn't know if he should trust Xiao Shu.

Xiao Shu knew that Sheng Lingfeng and the others were still afraid and suspicious of him. He sneered and said, "You guys can suspect me, question me, or even kill me. However, the 24 holy children can't successfully gather. Once they successfully gather, the Holy Spirit Continent will be completely destroyed!"

"On what basis should I believe you?" Sheng Lingfeng was still suspicious of Xiao Shu.

Xiao Shu said proudly, "Because Prime Master Mo Xiao chose to believe me."

Mo Xiao had divine foresight. It was impossible for him not to know Xiao Shu's true identity. He knew and had specifically recruited Xiao Shu into the Holy Spirit Academy. This meant that he trusted Xiao Shu.

When Sheng Lingfeng heard this, most of his doubts were dispelled.

That's right, a child who could be trusted by the Grand State Master was trustworthy.

Sheng Lingfeng took a deep breath and turned to look at Vivian.

At this moment, Vivian's face was already full of tears.

Sheng Lingfeng and the others looked over. When she saw the struggle and hesitation in Sheng Lingfeng's eyes, Vivian knew that she definitely couldn't keep this child.

As a mother, Vivian should cry and beg them to let the child live.

But.

Vivian couldn't help but think of the destruction of the Prosperous Capital four years ago.

That year, hundreds of masters sacrificed themselves to help Anna become a Prime Master. Anna sacrificed herself to save the world.

Today, Vivian became the second Anna.

Vivian suddenly made up her mind and said in a hoarse voice, "Today is my child's ob exam. I promised my husband that I would go to the hospital to see him." Vivian looked at the room full of people pleadingly as she said, "Let us see him and let him stay in my stomach for another two hours, okay?"

Who could reject a mother's humble request?

Sheng Lingfeng nodded and said, "Child, I will send you to Jingdu's treatment center. You will see your child's appearance clearly through the most advanced examination device."

Vivian nodded and burst into tears again. "...Okay."

At five in the afternoon, Sheng Lingfeng led a group of Grand Masters to escort Vivian to the treatment center.

* *

At this moment, in the Xuanyuan Clan.

Xuanyuan Ming strode towards the villa where his mother lived. The moment he entered the living room, he saw his mother resting on the sofa.

"Mom." Xuanyuan Ming called out softly. Seeing that his mother was still sleeping, he raised his voice and shouted, "Mom, the elders and all the Beast Tamers above the Supreme Master Realm are here."

Hearing this, Liuli Nuonuo finally woke up slowly. The moment she opened her eyes, hatred and anger suddenly surfaced in them.

Xuanyuan Ming was so frightened by his mother's gaze that his entire body stiffened.

Chapter 955: Untitled

"Mom."

Xuanyuan Ming slowly regained his composure. He tried his best to look more relaxed and revealed a concerned expression as he asked considerately, "Mom, did someone make you unhappy?"

Upon hearing Xuanyuan Ming's words, Liuli Nuonuo lowered her head slightly. When she looked up again, the negative emotions in her eyes had been completely hidden. She shook her head and said, "I'm fine. I had a dream just now."

Hearing Liuli Nuonuo's explanation, Xuanyuan Ming heaved a sigh of relief. "So it was a nightmare."

Noticing that Xuanyuan Ming had suddenly relaxed, Liuli Nuonuo smiled and said in an eerie tone, "It was indeed a nightmare. I haven't had a dream that made me so angry in a long time. I was so angry that I really wanted to kill all those people in the dream."

When she said this, Liuli Nuonuo smiled.

That smile was indescribably unnerving and meaningful.

As Xuanyuan Ming listened to his mother's words and looked at the mysterious smile on his mother's face, for some reason, he felt his scalp go numb.

Ever since Xuanyuan Shen passed away, his mother had become very moody.

In the past, Xuanyuan Ming was influenced by the rumors and thought that his mother was really a promiscuous woman. Since he felt ashamed, he had never been close to his mother since he was young. It was only when he found out that his mother was a victim and that his father, whom he had respected and loved since he was young, was actually a rapist that Xuanyuan Ming took the initiative to cut ties with his father and tried to get close to his mother.

In the beginning, his mother was quite gentle to him. During that period of time, the mother and son got along well.

However, ever since Xuanyuan Shen passed away, his mother's personality had changed drastically.

Her temperament was unpredictable, and the way she looked at him occasionally made his hair stand on end.

Xuanyuan Ming felt that his mother had some mental problems.

"Mom, that was just a dream." Xuanyuan Ming hoped that his mother wouldn't obsess over the contents of the dream.

Liuli Nuonuo nodded and changed the topic. She asked him, "Is everyone here?"

Nodding his head, Xuanyuan Ming said respectfully, "According to your instructions, I called the experts of our clan and the Liuli Clan over. Now, they're almost all here. However..."

Xuanyuan Ming raised his head to look at Liuli Nuonuo and asked hesitantly, "Mom, what exactly happened? Why did you suddenly gather the high-level Beast Tamers of the entire clan?"

The Xuanyuan Clan was one of the six great cultivation clans of the Divine Moon Empire. It was considered a second-rate clan in the entire Holy Spirit Continent. There were four Grand Master elders and more than three hundred Supreme Master Beast Tamers in the clan. Unless there was an emergency, they rarely ordered the entire clan's high-level Beast Tamers to gather.

Therefore, something big must have happened for his mother to suddenly decide to gather the powerhouses of the entire clan.

"Of course something big happened." Liuli Nuonuo revealed that strange and unsettling smile again as she said, "You'll know later."

Xuanyuan Ming couldn't help but frown when he saw his mother acting mysterious.

He recalled the voice that had resounded throughout the entire capital and asked worriedly, "Mother, the Lord of All Demons has taken the initiative to appear. Is our cultivation world going to start a war with the demon beast race again? Are you anxious to get the powerhouses of the entire clan to prepare for battle?"

Liuli Nuonuo chuckled but didn't answer. She only said, "Let's go to the conference hall."

"Okay."

* *

At the same time, on the Eight Towers Mountain, the Yin Clan's First Elder, Yin Jingyun, was also quickly gathering all the warriors of the clan and preparing to fight to the death with the demon beasts.

Upon hearing Yin Jingyun's order, Yin Rong, who had already walked to the Cultivation Hall at the back of the mountain and was about to enter seclusion, turned around and walked down the mountain without hesitation. On the way, her peers saw her and couldn't help but call out to her in shock, "Senior Yin Rong, are you going to participate in the battle too?"

This battle would be fought among the strong. Only Beast Tamers above the Supreme Master level were qualified to fight those powerful demon beasts in the abyss.

Beast Tamers below the Master level were not qualified to participate in the battle.

They had to stay in the clan and protect their home.

More importantly, once all the warriors died, they would bear the heavy responsibility of protecting the Holy Spirit Continent.

Beast Tamers who could break through to the Supreme Master Realm were mostly older Beast Tamers. In the entire Yin Clan, among the young people, only Yin Rong and Yu Huang had broken through to the Supreme Master Realm.

Therefore, when they saw that Yin Rong was going to participate in the battle, her junior brothers and sisters were worried and reluctant.

Yin Rong nodded calmly and said, "Since I'm a Supreme Master, I should pick up the weapon in my hand and protect our home." If Xiao Shu really attacked the three races of the cultivation world, she had to participate in the battle. She would kill Xiao Shu personally!

She loved him, but she wouldn't allow him to harm her own kind and family.

"Senior Sister Yin Rong." A young man in black walked towards Yin Rong.

His name was Yin Que, and he was Yin Mingchong's former personal disciple. He was the disciple with the second highest cultivation level below Yin Rong. Yin Que grabbed Yin Rong's arm and frowned as he said, "Senior Sister Yin Rong, if you go, who will stay here and lead us to protect our home? You're still so young. What if..."

If she wasn't careful, she would die.

Yin Rong patted Yin Que's shoulder and said, "You guys will be here." After Yin Rong nodded at the other junior brothers and sisters, she walked down the mountain without looking back.

When she passed by Yin Mingchong's courtyard, Yin Rong was stopped by Liuli Luoluo.

"Yin Rong."

Yin Rong stopped in her tracks and turned to nod at Liuli Luoluo, who was standing at the door of the courtyard. She politely called out, "Senior Luoluo."

Liuli Luoluo walked elegantly towards Yin Rong and held her hand. "What happened?"

Yin Rong said, "The Lord of All Demons has appeared. The demon beast race can leave the abyss at any time and attack the entire continent."

Liuli Luoluo's eyes widened slightly. "You're saying that the Lord of All Demons, the Fire Unicorn, has appeared?"

"Yeah."

The Eight Towers Mountain of Jingdu was relatively far from Jingdu. Therefore, the news of the Lord of All Demons exposing his identity had yet to spread to the ordinary disciples of the Yin Clan.

"Are they going to fight?" Liuli Luoluo asked.

Yin Rong nodded. "That's a possibility."

"Then are you going to participate in the battle?"

"Yeah."

Liuli Luoluo sighed. "How old are you this year? You're not much older than the Patriarch, right?"

Yin Rong said, "I'm two years older than the Patriarch."

When Yin Rong was 15 years old, she entered the Divine Realm Academy. When she was in the sixth grade, the 19-year-old Yu Huang reported to the Divine Realm Academy as a new student. Although Yin Rong was five grades above Yu Huang, she was actually only two years older than her.

"Then you're only 26 years old."

Liuli Luoluo sighed. "You're still so young. You can choose not to participate in the battle, right?"

Yin Rong said, "Everyone is responsible for protecting our world. Even if I was only 16 or even 6 years old, I shouldn't be cowardly and afraid of battle." As Yin Rong's right hand gently grabbed the void, a warm white sword appeared in her palm. She said, "Protecting the Holy Spirit Continent is every Beast Tamer's responsibility."

Chapter 956: Strange Liuli Luoluo

Upon hearing this, Liuli Luoluo was stunned. Then, she said with a dejected expression, "You're right. As Beast Tamers, it's indeed our responsibility to protect the world. Unfortunately, I'm not qualified to participate in the battle with you guys."

Four years ago, during the graduation examination, Liuli Luoluo had successfully reached the 98th floor of Skysplit Tower while Xuanyuan Chen had reached the 99th floor.

Among their batch of students, Liuli Luoluo was an honorary student second only to Xuanyuan Chen.

Four years ago, when Liuli Luoluo participated in the Doomsday Battlefield, she was already at the peak of the late-stage Master Realm. However, for some reason, Liuli Luoluo's cultivation level hadn't improved at all in the past four years. She was still at the peak of the late-stage Master Realm.

As a Master, she wasn't qualified to fight alongside Yin Rong and the others.

Liuli Luoluo was Yin Rong's senior, so Yin Rong naturally knew Liuli Luoluo's former strength.

However, not every young genius could have an extraordinary life.

Clearly, Liuli Luoluo's glorious days stopped at the year she graduated from the Divine Realm Academy.

Seeing the disappointment in Liuli Luoluo's eyes, Yin Rong, who was kind by nature, felt a trace of sadness. She held Liuli Luoluo's arm as she comforted her in a low voice, "Senior Luoluo, you can't fight with us, but you can stay at home and protect the Yin Clan."

She smiled gently at Liuli Luoluo and said, "You're Mr. Linyuan's wife now and can be considered the Matriarch of the Yin Clan. After we leave, the Yin Clan will be in your hands."

When she met Yin Rong's trusting gaze, Liuli Luoluo's heart skipped a beat. She nodded and said, "I will."

"Alright, I'll get going first."

Yin Rong rushed to the training ground to gather. After hurriedly bidding farewell, Yin Rong quickly left.

After walking for a while, she suddenly turned around and looked at Ji Linyuan's small courtyard. She saw that Liuli Luoluo didn't enter the room. Instead, she walked around the courtyard and towards the top of the mountain.

On the top of the mountain was the Patriarch's Residence, which was where Yu Huang lived.

What was she doing there?

Yin Rong walked down the mountain thoughtfully. On the way, she met First Elder Yin Jingyun's beloved daughter, Yin Xu. She was wearing a red shirt and black pants and holding a special whip in her arms. She looked aloof and dignified.

"Aunt Yin Xu!" Although Yin Rong was from a side branch of the Yin Clan, her surname was Yin, so she was considered a relative of Yin Xu.

As the most outstanding person among the young disciples, Yin Rong had a bright future, so Yin Xu was naturally willing to establish close relations to her.

Yin Xu stopped and smiled as she urged her, "Hurry up. Almost everyone is at the training ground. If we're late, my father will scold me."

Although Yin Xu was already in her sixties, she was still very afraid of her father.

Yin Rong smiled and hurriedly quickened her pace.

As they walked, Yin Xu asked her, "Why did you come from the mountain?"

Yin Rong said, "I was planning to go to the Cultivation Hall at the back of the mountain to enter seclusion when I suddenly heard the summons and came down."

Nodding, Yin Xu said, "Why don't I see the Patriarch?"

"The Patriarch is at the Beast Tamer Alliance."

Yin Xu was enlightened. "No wonder. I was wondering why I didn't see the Patriarch and Mr. Linyuan."

Yin Rong recalled the scene she had just seen and asked Yin Xu, "Aunt Yin Xu, I just saw Madam Ji heading towards the Patriarch's Mansion. Do you know what she went to do?"

"You're talking about her." Liuli Luoluo's enchanting figure and beautiful appearance flashed across Yin Xu's mind. She frowned and said, "Mr. Linyuan is the acting Patriarch. During those years that the Patriarch went to the Kunlun Mystic Realm to train, the Patriarch's residence has been handed over to her to manage."

Yin Xu revealed a puzzled expression again. She said, "Logically speaking, this is not the time to clean up. Why is she going to the Patriarch's Mansion?"

After she found out that Liuli Luoluo was managing the Patriarch's Mansion, the doubts in Yin Rong's heart dissipated.

At this time, Liuli Luoluo arrived at the Patriarch's Mansion.

When the guards guarding outside the Patriarch's Mansion saw Liuli Luoluo, they asked respectfully, "Madam Ji, why are you here at this time?" Although Liuli Luoluo was the manager of the Patriarch's Mansion, she usually wouldn't come at this time. She actually didn't come often. She only came to check the cleaning situation once a day.

Liuli Luoluo lowered her eyes and adjusted the sleeves of her dress as she said softly, "Mr. Linyuan left something here and asked me to come find it."

Ji Linyuan had indeed come here to see the Patriarch last night.

Hearing this, the guard hurriedly opened the door and bowed. "Madam Ji, please come in."

Liuli Luoluo nodded and entered the Patriarch's Mansion before walking towards the small courtyard where Yu Huang lived. In the courtyard, a few servants were chasing away the parasites under the roots of the red elm tree.

The red elm tree was a spiritual tree. There would always be parasites secretly clinging to its roots to absorb spiritual power.

“Are you guys busy?” Liuli Luoluo stood under the tree as she smiled at the servants.

When the servants saw Liuli Luoluo, they hurriedly stood up and asked, “Madam Ji, why are you here?”

Liuli Luoluo said, “Mr. Linyuan asked me to come over and exorcise the red elm tree.” Liuli Luoluo took out a white jade bottle from her bag and said, “This is the insect exorcism medicine that Mr. Linyuan concocted for the red elm tree. This medicine is relatively poisonous.”

Liuli Luoluo looked up at the huge tree above her head and said, “The red elm tree is a spiritual tree. Nothing can happen to it. Go rest. I’ll personally repel the insects for the red elm tree.”

The servants were only Scholars with low cultivation levels. They couldn’t bear the sin of damaging the red elm tree.

“Thank you, Madam Ji.”

“Yes, it’s getting late. You guys should go back and rest.”

“Okay.”

After the servants left, Liuli Luoluo lowered her eyes and stared at the red elm tree root. The grass near the tree root had just been trampled on by the servants. At this moment, it had all been broken from the root and was stuck to the ground miserably.

However, no one noticed that the grass actually slowly stood up again and showed signs of vitality.

Seeing this, Liuli Luoluo slowly squatted down and extended her finger to gently stroke the grass, as if she was stroking a child’s soft skin.

* *

It was almost dark.

All the large families of the Divine Realm Continent had already gathered all the beast tamers of the clan. They were only waiting for Sheng Lingfeng’s order to lead all the beast tamers to fight.

However, they didn’t receive Sheng Lingfeng’s notice.

At this moment, Sheng Lingfeng, Ji Linyuan, and the others were quietly guarding outside the gynecology room of Jingdu’s treatment center while waiting for the Healer inside to do Vivian’s prenatal checkup.

In the room, Vivian was lying on the bed with bloodshot eyes. Jiang Shangfeng was holding her right hand tightly.

Jiang Shangfeng kissed Vivian’s finger and said, “Vivian, look, that’s our child.”

Vivian couldn’t bear to open her eyes.

Because she knew that this would be the last time she saw her child.

She was lying to herself. She told herself that as long as she didn’t open her eyes and look at the child one last time, the child would stay safe in her stomach.

Chapter 957: The Empty Xuanyuan Clan

Jiang Shangfeng naturally knew what Vivian was thinking. How could he not want the child to be born safely?

However, the existence of this child concerned the survival of the entire Holy Spirit Continent. They couldn't give birth to him, let alone be sinners.

Jiang Shangfeng's tears landed on the back of Vivian's hand. He begged Vivian in a choked voice, "Vivian, open your eyes and take a look. We can't delay any longer."

Jiang Shangfeng's tears were so cold that the back of Vivian's hand turned cold.

No matter how reluctant she was, she still had to say goodbye to her child.

As Vivian held Jiang Shangfeng's hand tightly, she forcefully opened her eyes and saw the shape of a fetus on the display screen. The fetus' eyes were closed and there was an umbilical cord wrapped around its neck. He floated in his mother's warm amniotic fluid and moved his feet from time to time.

It was as if he was telling his mother, "Mom, look, I'm interacting with you."

The treatment device was the latest intelligent ultrasound device produced on the Holy Spirit Continent. It could vividly show the appearance of the child in the pregnant woman's stomach.

Therefore, what Vivian saw now wasn't a blurry fetus shadow, but a living fetus!

He really looked too similar to Jiang Shangfeng. His hump nose was exactly the same as Jiang Shangfeng's, as if it was carved by the same carpenter!

After seeing the child's face clearly, Vivian couldn't help but hug Jiang Shangfeng tightly. She cried her heart out and shouted indignantly, "Ah Feng, I can't bear to part with him. We can't kill him with our own hands!"

Tears streamed down Jiang Shangfeng's face.

He pressed Vivian's shoulder tightly and closed his eyes. He said in anguish, "But his existence is sinful. Vivian, we can't be the sinners of the world."

"But I just want to protect my child!"

After seeing the child's face clearly and feeling that the child was a part of her, Vivian realized that she couldn't bear to kill him.

At this moment, Vivian suddenly admired Anna.

Jiang Shangfeng sensed how strong Vivian's resistance was. He bit his lower lip hard and whispered in Vivian's ear, "Vivian, I love you. Sorry!" With that, Jiang Shangfeng suddenly raised his right hand and struck the back of Vivian's neck.

But he wasn't a Beast Tamer or a warrior, so this palm strike didn't knock Vivian out.

After Vivian's neck was suddenly struck, she was in so much pain that she was seeing stars.

Vivian endured the pain and raised her head. She glared at Jiang Shangfeng with hatred and anger as she cursed Jiang Shangfeng, "Jiang Shangfeng, how could you kill our child with your own hands? You..." Before Vivian could finish speaking, she felt another sharp pain in her neck. Then, she lost consciousness and fell weakly into Jiang Shangfeng's arms.

Jiang Shangfeng hugged Vivian as he buried his head in Vivian's neck and cried non-stop. "I'm sorry, I'm sorry..."

He had let Vivian and that child down.

But he had to.

Hearing the cries in the room, Yu Huang opened the door and walked in.

She pulled down the shirt on Vivian's stomach to cover her bulging stomach. Then, she said to the person outside the house in a hoarse voice, "Alright, you can come in now."

At this moment, Sheng Lingfeng and the others walked in with the number one Healing Grand Master of the Divine Realm Continent, Ye Qing'an.

As a Healer, Ye Qing'an was good at saving people. Naturally, he was also good at taking lives.

As he stared at Vivian's bulging abdomen and listened to Jiang Shangfeng's sobs, he suddenly said to Yu Huang, "Please let Mr. Jiang sleep for a while." How cruel was it to let a father watch his child's life be terminated?

Yu Huang couldn't bear to do it.

Jiang Shangfeng raised his head. Tears made his sight blurry, and he couldn't see Yu Huang's face clearly.

However, he knew that Yu Huang's expression must be one of struggle and hesitation.

Jiang Shangfeng said, "Yu Huang, let me sleep."

"... Okay."

Yu Huang gently tapped Jiang Shangfeng's glabella. Jiang Shangfeng fell onto the bed, as if he had been injected with anesthesia.

Sheng Xiao carried Jiang Shangfeng and placed him on another bed.

Yu Huang placed Vivian on the examination bed.

Ye Qing'an continued, "The others can leave."

Hearing this, Sheng Lingfeng said, "I have to guard this place."

Ye Qing'an knew what Sheng Lingfeng was worried about.

Sheng Lingfeng was worried that Ye Qing'an was bribed by the heavens and would rebel at the last minute. He was also worried that the spring awakening holy baby was too tenacious and that Ye Qing'an couldn't deal with it alone.

Ye Qing'an glanced at Sheng Lingfeng. Seeing Sheng Lingfeng's domineering gaze, he could only say, "Then stay here."

Yu Huang said, "I'm a woman. It's fine for me to stay here."

Ye Qing'an knew that Yu Huang and Vivian were good friends. He was worried that Vivian would wake up during the pregnancy termination process. At that time, he would need Yu Huang to comfort Vivian, so he said, "Yes, other than Prime Master Lingfeng and Yu Huang, everyone else, go out."

This time, no one had any objections. They all walked out.

Ye Qing'an took a deep breath and said, "Then I'll start."

Yu Huang nodded. "Yes."

As Yu Huang held Vivian's hand, she silently transferred her spiritual power into Vivian's body. This could calm her down and prevent her from waking up.

After Ye Qing'an released his healing power and found the child in Vivian's stomach, his spiritual power turned into invisible hands and placed them on the umbilical cord. As long as he broke the umbilical cord forcefully and lost the supply of the mother, the child would suffocate from lack of oxygen.

This way, it could achieve the effect of terminating the pregnancy.

At that time, Sheng Lingfeng and the others would be able to think of a way to destroy these holy children.

Just as the hands formed from spiritual power grabbed the umbilical cord, an ear-piercing ringtone suddenly startled him.

Ye Qing'an stopped and glared at Sheng Lingfeng unhappily.

"Sorry." Sheng Lingfeng picked up his phone and saw that the caller was Lu Yubei.

Lu Yubei was sent by him to supervise Madam Xuanyuan.

If there was no emergency, Lu Yubei wouldn't call him.

Sheng Lingfeng immediately picked up the phone. Before he could speak, he heard Lu Yubei say, "President, I followed your instructions and deliberately released the news of the spring awakening holy baby. As expected, Madam Xuanyuan couldn't sit down anymore. But the strange thing is that Madam Xuanyuan didn't go to the treatment center as we expected."

Sheng Lingfeng's expression changed slightly.

He stared at Vivian, who was unconscious on the bed, and felt puzzled.

The spring awakening holy baby was here. Madam Xuanyuan didn't come here to stop them, but went somewhere else?

One had to know that Sheng Lingfeng had long set up a Prime Master capture net outside the treatment center. He had joined forces with the four Grand Masters of Jingdu City's city protection and other

hidden experts to set up an ambush in the surroundings. He was just waiting for Madam Xuanyuan to appear, then they would work together to capture her!

At this juncture, where else could Madam Xuanyuan go?

Sheng Lingfeng's heart raced. He tried his best to maintain his composure and asked uneasily in a low voice, "Where did she go?"

Lu Yubei said, "To the Eight Towers Mountain."

Eight Towers Mountain!

What was she doing on the Eight Towers Mountain?

"Who did she bring?"

However, Lu Yubei said, "She went alone."

"The people from the Xuanyuan Clan and the Liuli Clan didn't go with her?"

At this moment, Lu Yubei was hiding behind a hidden shrub outside the Xuanyuan Clan. He stared at the towering Xuanyuan Clan entrance and said in confusion, "She didn't bring a single subordinate. The strange thing is that two hours ago, all the Supreme Masters of the Xuanyuan Clan and the Liuli Clan arrived at the Xuanyuan Clan, but Madam Xuanyuan didn't bring them there, and I didn't see them come out."

Hearing this, Sheng Lingfeng seemed to have thought of something and suddenly roared hoarsely, "Quickly enter the Xuanyuan Clan to check the situation!"

Lu Yubei was shocked and asked, "You want me to barge in?"

"Hurry up and go!"

Hearing the usually calm Sheng Lingfeng lose his composure, Lu Yubei didn't dare to delay for a second and hurriedly ran towards the Xuanyuan Clan. The door of the Xuanyuan Clan was locked. At the risk of being shot by the Xuanyuan Clan's guards, he flew up and jumped in from outside the courtyard wall.

However, no one attacked him!

Lu Yubei walked into the Xuanyuan Clan in confusion. Along the way, he didn't see anyone.

At this moment, Lu Yubei finally sensed that something was wrong.

The entire Xuanyuan Clan was abnormally quiet.

This place was as quiet as... as an empty city.

But was this normal?

Chapter 958: Deceived

Due to the fact that Xuanyuan Shen had colluded with the heavens, the Xuanyuan Clan had been at the center of the storm for the past few years and had become a pest that everyone in the cultivation world despised.

The Xuanyuan Clan, which had once been infamous, was now in ruins. They were already showing signs of withdrawing from the ranks of the Divine Moon Empire's six great clans.

As the saying went, even a scrawny camel is bigger than a horse. After all, the Xuanyuan Clan was one of the six families of the Divine Moon Empire. It had been established in the Divine Moon Empire for three thousand years, so it couldn't collapse overnight.

There were still more than a thousand Beast Tamers who had submitted to the Xuanyuan Clan. Previously, Lu Yubei had personally seen a large number of Supreme Master Beast Tamers return to the Xuanyuan Clan. They had clearly entered the Xuanyuan Clan, but the Xuanyuan Clan was so quiet that it was as if no one existed.

Where had they gone?

Lu Yubei pondered over it as he walked towards the Xuanyuan Clan's meeting building. Usually, if something big happened in the clan, the Beast Tamers would go to the meeting building to hold a meeting.

Along the way, Lu Yubei didn't even see a single cleaner.

Among the six families, the architectural style of the Sheng Clan and the Yin Clan was basically the same. They were both traditional Chinese architectural style buildings. The Liuli Clan and the Mo Clan had modern-style buildings. The Caro Clan was the most extravagant and had ancient European architectural style buildings. The ground was plated with a layer of gold and looked extremely extravagant.

The overall architectural style of the Xuanyuan Clan was that of a modern garden style. The scenery was beautiful.

It was like an ancient city far away from the bustling city. Right after the rain stopped, it would be even more beautiful.

However, Lu Yubei only felt his hair stand on end as he walked alone in this large garden.

"Is anyone there?" Lu Yubei shouted.

But no one responded.

Lu Yubei subconsciously quickened his pace and passed through a long corridor before finally arriving at a three-storey building.

There was a sign hanging beside the door on the first floor. It said—

Azure Cloud Pavilion.

The Azure Cloud Pavilion was the Xuanyuan Clan's meeting hall.

Lu Yubei walked to the door and hesitated for a moment before knocking hard.

Knock, knock, knock—

Lu Yubei knocked four to five times, but no one opened the door.

Lu Yubei frowned and directly circulated his spiritual power to attack the door.

Bang!

The door landed on the floor of the conference hall with a loud bang.

The first floor of the conference hall was the reception hall. Every table was filled with coffee, tea, and some snacks. Some tea was unfinished, but the person drinking the tea was nowhere to be seen.

Staring at the teacups on the table, Lu Yubei looked up.

The elevator door was closed, and the staircase beside it led straight upstairs.

Lu Yubei walked up the stairs. Just as he reached the corner platform, he got a whiff of the faint smell of blood.

With a serious expression, Lu Yubei rushed to the second floor.

The second floor was an open conference hall. After exiting the corridor, he would arrive at the entrance to the conference hall.

After Lu Yubei arrived at the second floor, he looked down at the conference hall. As if he had seen an extremely terrifying scene, he subconsciously let out a scream—

“Ah!”

Lu Yubei sat on the ground with his back against the wall and his legs slid to the ground weakly.

A large square conference hall was in front of him. Black benches were neatly placed in the conference hall. A group of Beast Tamers who had long stopped breathing were lying on the benches without moving.

Their posture was very uniform—

They sat upright on the bench, but their chins and heads were raised high, and their hands were tightly wrapped around their necks.

Black blood flowed out of their noses and eyes.

They all had their eyes open.

Every pair of eyes was filled with malevolence.

Nearly a thousand pairs of bleeding eyes stared at Lu Yubei without blinking, as if they were accusing him of being the murderer.

Lu Yubei clenched his fists against the wall behind him before slowly standing up.

After he regained his rationality and strength, he quickly took out his phone with trembling hands and dialed Sheng Lingfeng's number.

Beep!

Beep!

The phone rang for a long time before it was picked up.

Sheng Lingfeng's worried voice came from the receiver. "Assistant Lu, what's the situation with the Xuanyuan Clan?"

Lu Yubei's eyelids trembled as he stared at the thousand-plus ferocious faces in front of him. He said with a quivering and hoarse voice, "They're all dead. President, the powerhouses of the Xuanyuan Clan and the Liuli Clan are all dead!"

Hearing this, Sheng Lingfeng suddenly punched the wall.

"What's wrong?!" Sheng Xiao grabbed Sheng Lingfeng's right hand and stopped him from hurting himself.

Sheng Lingfeng turned off his phone and looked up. His eyes were bloodshot as he said hoarsely, "We were deceived by her!"

Sheng Xiao frowned and asked uneasily, "Father, what happened?"

"The Supreme Masters and experts of the Xuanyuan Clan and the Liuli Clan are all dead. All their spiritual power was snatched away by her..." Just like Xuanyuan Shen, the other experts of the Xuanyuan Clan and the Liuli Clan had their spiritual power sucked and died in pain.

Sheng Xiao was shocked. Ji Linyuan and the others were also shocked.

Ji Linyuan said in confusion, "The 24th holy child is in our hands. She knows that her plan has failed. Is she planning to fight us to the death?"

Sheng Lingfeng shook his head in anguish and frustration. His face was filled with despair as he said, "She didn't come to the treatment center. She went to the Eight Towers Mountain!"

After he found out that Madam Xuanyuan had actually gone to the Eight Towers Mountain, Xiao Shu's expression instantly became cold.

Dongfang Xiagui said in shock, "How is that possible? The spring awakening holy baby is with us. Why didn't she come here to stop us? Why did she go to the Eight Towers Mountain?"

Xiao Shu said in a low voice, "We were deceived."

Dongfang Xiagui, Ji Linyuan, and the others hurriedly turned to look at Xiao Shu, who was standing behind them.

Ji Linyuan frowned and asked Xiao Shu, "What do you mean?"

Xiao Shu stared at the tightly shut door of the room as he said with a sinister expression, "The real spring awakening holy baby is hidden in the Yin Clan of the Eight Towers Mountain. The child in Madam Vivian's stomach is just a cover!" Xiao Shu was in despair. He closed his eyes and lamented, "He knew

that I would betray him and guessed that I would tell you guys the truth about the 24 holy children. He was already prepared and had a backup plan!”

Xiao Shu punched the wall in front of him hard. His knuckles were bleeding, but he didn't seem to feel the pain. “We... lost.” His tone was filled with helplessness and unwillingness, as well as despair.

Sheng Lingfeng suddenly looked at Ji Linyuan and asked him, “Who in the Yin family is pregnant?”

Ji Linyuan was even more shocked than Sheng Lingfeng and the others.

He shook his head and said, “There are no pregnant women in the Yin Clan.”

“Impossible.” Xiao Shu looked at Ji Linyuan and said firmly, “The spring awakening holy baby must be on the Eight Towers Mountain. Otherwise, he wouldn't have gone to the Eight Towers Mountain at this critical moment.”

Ji Linyuan explained weakly again, “There's really no pregnant woman in the Yin Clan. If someone was really pregnant, how could I not know?”

The fertility rate of the entire Holy Spirit Continent had become extremely low. Every pregnant woman was worthy of protection.

If a woman from the Yin Clan was really pregnant, it was impossible for Ji Linyuan not to know.

Therefore, Ji Linyuan was shocked that the spring awakening holy baby was hidden in the Yin Clan.

Chapter 959: Beat Us At Our Own Game

The fertility rate of the entire Holy Spirit Continent had become extremely low. Every pregnant woman was worthy of protection.

If a woman from the Yin Clan was really pregnant, it was impossible for Ji Linyuan not to know.

Therefore, Ji Linyuan was shocked that the spring awakening holy baby was hidden in the Yin Clan.

Seeing that Ji Linyuan really didn't know, Sheng Xiao suddenly said, “Xiao Shu said that the spring awakening holy baby needs three years to fully grow.” He thought of something and suddenly stared at Ji Linyuan and Sheng Lingfeng. “Liuli Luoluo married into the Yin family three years ago.”

“Are you talking about Luoluo?” Ji Linyuan shook his head and denied Sheng Xiao's guess. “That's impossible! The spring awakening holy baby can't be with Luoluo. I never slept with Luoluo at all!”

Ji Linyuan thought that Sheng Xiao was talking nonsense.

Ji Linyuan didn't seem to be lying when he confirmed that he had never slept with Liuli Luoluo, so Sheng Xiao was even more confused.

After excluding Liuli Luoluo, who in the Yin Clan could possibly be the mother of the spring awakening holy baby?

At this moment, the door of the room suddenly opened, and Yu Huang walked out. She looked at everyone silently, and in the end, her gaze stopped on Ji Linyuan, who had a serious expression. "Eldest Senior Brother, just because you didn't sleep with her doesn't mean that she can't get pregnant."

Everyone was speechless.

Yu Huang was saying that Liuli Luoluo had slept with another man behind Ji Linyuan's back?

Everyone secretly looked at Ji Linyuan.

"Ahem." Sheng Lingfeng's expression was a little awkward as he braced himself to ask, "Mr. Linyuan, does your wife have good friends of the opposite sex?" He asked very tactfully.

Ji Linyuan was so angry that he laughed. He said with displeasure, "I shouldn't have listened to you and married her back then!"

Sheng Lingfeng immediately became serious. He looked at Sheng Xiao and Yu Huang as he reminded Ji Linyuan, "Why are you saying this in front of the children?"

Ji Linyuan was furious.

However, in order to dispel everyone's doubts, he had no choice but to explain in a muffled voice, "As far as I know, she doesn't have any friends of the opposite sex in the Yin Clan." Ji Linyuan looked at Yu Huang with exasperation and said, "Your guess isn't true."

Yu Huang leaned against the wall and a strange smile suddenly appeared on her lips.

Ji Linyuan couldn't help but feel uneasy when he saw that smile.

"She doesn't have any close friends of the opposite sex in the Yin Clan, but this doesn't mean that she didn't have any close friends of the opposite sex before she married into the Yin Clan." Yu Huang sneered and said, "Don't forget that before Liuli Luoluo married into the Yin Clan, she once dated Xuanyuan Chen of the Xuanyuan Clan. The disciples of the Liuli Clan cultivate the carefree path. They have always been particular about doing whatever they want. The chastity that ordinary men and women cherish is nothing in their eyes."

"Besides, modern society is liberal, so it's common for people to live together and have children before marriage. When Liuli Luoluo and Xuanyuan Chen were dating, Grand Master Liuli Xiangsi had yet to die. At that time, the Liuli Clan wasn't the current Liuli Clan. Under those circumstances, when Liuli Luoluo and Xuanyuan Chen had a good relationship, it wouldn't be surprising if something happened between them."

Yu Huang looked at Ji Linyuan again and said, "Eldest Senior Brother, if Madam Xuanyuan knew from the start that you married Liuli Luoluo to investigate her identity and scheme, why do you think she still married Liuli Luoluo to you?"

Ji Linyuan widened his eyes in shock. "So, you think she wanted to... beat us at our own game?"

Sheng Lingfeng also revealed a shocked expression.

Nodding her head, Yu Huang said, "That's right. She's beating us at our own game."

Upon hearing Yu Huang's analysis, Sheng Lingfeng and the vice presidents beside him looked at Yu Huang in unison.

They had long known that the young patriarch of the Yin Clan was a brave, intelligent, and wise woman. Seeing that she could deduce so many things at such a young age, Dongfang Xiagui and the others admired her.

As expected of a child chosen by the Grand State Master and God Ling Xiao.

Her intelligence was enough to crush all her peers.

As the only female member of the Beast Tamer Alliance's upper echelons, Dietrich admired Yu Huang very much.

After hearing Yu Huang say so much, Dietrich asked her, "Yu Huang, if Madam Ji was already pregnant when she married Mr. Linyuan, wasn't she afraid of being discovered by Mr. Linyuan?"

Upon hearing this question, Yu Huang couldn't help but laugh.

She looked at Ji Linyuan with admiration and sighed. "Who doesn't know that Mr. Linyuan is an upright person? If he doesn't love Liuli Luoluo, he won't tarnish the girl's chastity. Madam Xuanyuan naturally knows what we know."

Dietrich suddenly held Ji Linyuan's hand and said, "You're really a good man."

Although the dwarves were short, they were all extremely strong.

As Dietrich held Ji Linyuan's wrist with one hand, Ji Linyuan felt his bones ache.

Dietrich suddenly said, "Mr. Linyuan, it's a pity that you're already married. Otherwise, I would have married you no matter what. Although I'm short, I'm extremely strong and have a big butt, so it's easy for me to give birth to children. It's not a loss for you to marry me."

Everyone was speechless.

Before Ji Linyuan could speak, Carasso sneered. "Why don't you take a good look at yourself in the mirror? How can someone like you be worthy of Mr. Linyuan?"

Dietrich immediately glared at Carasso and sneered. "If you're so impressive, why did your wife hook up with your brother?"

Carasso said, "You!"

"Shut up!" Sheng Lingfeng really couldn't stand it anymore. He said, "If Ah Huang's analysis is right, then the spring awakening holy baby is very likely hidden somewhere in the Eight Towers Mountain."

Xiao Shu, Sheng Xiao, and Yu Huang said in unison, "Red elm tree!"

Upon hearing the words 'red elm tree', Sheng Lingfeng, Ji Linyuan, and the others understood what they meant.

Ji Linyuan was enlightened. He said, "That's right. The red elm tree is the place with the strongest spiritual power in the entire Divine Realm Continent. If Luoluo hides the child under the red elm tree, it will indeed be the most perfect place to grow."

Nodding her head, Yu Huang also revealed a vexed expression. She said, "I returned to the Yin Clan a few days ago and discovered that the trees that were destroyed in the battle back then had actually miraculously come back to life. I thought that it was because the servants had taken good care of them. Now that I think about it, it's probably because of the spring awakening holy baby."

Xiao Shu completely agreed with Yu Huang's guess. "The spring awakening holy baby is kind by nature. It represents spring and vitality. As it grows, it will also continuously transfer spiritual power to the outside world. Therefore, where the spring awakening holy baby exists, all plants grow especially vigorously. Therefore, I think that the spring awakening holy baby is very likely hidden under the red elm tree."

Sheng Lingfeng placed his hand behind his back and said, "Madam Xuanyuan has already set off for the Yin Clan. We have to rush over and stop her."

No matter what, they had to rush over and take a look. They had to do their best to stop Madam Xuanyuan!

Chapter 960: The Heavens Come Knocking on the Door, No One Can Block The Way

* *

At this moment, the sky was already dark.

The Yin Clan disciples stood at the training ground and waited for a long time. When they didn't receive Yu Huang's battle notice, these Beast Tamers couldn't help but become restless.

"What's going on? Is the Demon Beast Clan not planning to start a war with us anymore?"

"Logically speaking, the return of the Lord of All Demons is the best time for the demon beasts to attack our three races and take back the Holy Spirit Continent. If they don't start a war now, it won't be easy for us to start a war when we're prepared for battle."

On the training ground, everyone was discussing.

Yin Rong stood at the front and pursed her lips when she heard the discussions of her clansmen.

But her hand held the sword very tightly.

The Yin Clan's First Elder, Yin Jingyun, stood on the high platform and looked out of the Eight Towers Mountain.

The battle with the Blood Peacock back then had caused the Yin Clan to suffer heavy losses. Their houses and various buildings were severely damaged. After the battle, it took them months to rebuild the Yin Clan's houses. After the construction was completed, Yin Jingyun personally went to the Sheng Clan and invited Prime Master Lingfeng over to build a Prime Master protective shield in the sky above the Yin Clan.

Every year, Sheng Lingfeng would come to the Yin Clan to reinforce the protective shield.

At this moment, Yin Jingyun's gaze passed through the invisible protective shield in the sky and looked at the void outside the Eight Towers Mountain. He sensed a powerful force approaching the Yin Clan. Moreover, that person was aggressive and extremely fast. It was obvious that he didn't come with good intentions.

Before Yin Jingyun could guess that person's identity, he saw a tall and enchanting figure appear in the void outside the Yin Clan's mountain gate in the blink of an eye.

After seeing the person's face clearly, Yin Jingyun's eyes widened.

It was Madam Xuanyuan!

The appearance of the 24 holy children was Madam Xuanyuan's doing.

The news that Madam Xuanyuan was the heavens had long reached their ears.

Thus, Yin Jingyun felt fear when he saw Madam Xuanyuan.

That was the heavens!

It was the heavens that created the entire Holy Spirit Continent and ruled the existence of this world.

That was a terrifying existence that was even more difficult to deal with than Prime Emperor Dino.

Not to mention him, even if the top experts of the entire continent joined forces, it would probably be difficult to take him down.

Yin Jingyun's old face didn't have much flesh. At this moment, his wrinkled face suddenly trembled. Then, Yin Jingyun roared hoarsely, "Yin Rong, bring all the children to hide in the bomb shelter!"

Three thousand years ago, when Prime Master Jing An was about to die, she used all her spiritual power to open a bomb shelter under the Eight Towers Mountain. The bomb shelter was buried three thousand meters underground.

Every time the bomb shelter opened, it would cost more than a million spirit stones.

Unless it was absolutely necessary, they wouldn't activate the bomb shelter.

The heavens came to knock on the door, which meant the end of the Yin Clan had arrived.

"Yin Rong, hurry!"

Originally, they thought that the demon beast race was about to attack the humans, so the elders had already gathered the underage children and made final preparations. Therefore, when she heard Yin Jingyun's roar, Yin Rong was stunned for a moment before calming down.

Realizing that the end of the Yin Clan had arrived, Yin Rong bowed deeply to Yin Jingyun before flying towards the Yin Clan's school on her sword.

The Yin Clan had a large population and had established their own school. At this moment, all the children were gathered in the school.

Seeing Yin Rong come, the teachers immediately picked up their packed personal belongings and handed them to the children.

“Sister Yin Rong, where are we going?!” A little boy with bowl-cut hair was hugging a small school bag. He raised his head and looked at Yin Rong uneasily. His school bag contained a photo of him and his family, as well as some precious items.

If the apocalypse really came, if all his family members died in battle, then this photo would be the only evidence of his family’s existence.

As Yin Rong looked in the direction of the entrance of the Eight Towers Mountain, she vaguely felt a powerful spiritual energy fluctuation from that direction. She said, “Go to the safest place.” With that said, Yin Rong took out a key and extended it into the void.

The key turned twice in the void, and a grayish-white stone door appeared in front of her.

Yin Rong cut her palm with her sword and pressed the bloodline of the Yin Clan’s direct disciple against the stone door.

With a series of clicks, the stone door finally opened.

Yin Rong immediately picked up the nearest children and threw them into the stone door before sending them into the bomb shelter.

* *

At the foot of the mountain, Madam Xuanyuan was wearing a maroon cloak and a pair of black knee-length boots. A wide belt was wrapped around the coat and outlined her sexy waist.

She walked towards the door step by step and reached out her right hand to knock gently on the black door.

The mountain gate was more than two thousand meters away from the training ground, but when Madam Xuanyuan knocked on the door, Yin Jingyun and all the Yin clansmen heard the light knock.

Knock—

Knock—

Knock—

The knock on the door was clearly very soft, but in the ears of the Yin clansmen, it was like a thunderclap.

On the training ground, all the Supreme Master Beast Tamers flew up and turned to look down the mountain with terrified expressions.

When the heavens knocked on the door, no one could block it.

Click—

The huge black door that weighed a thousand pounds suddenly opened automatically.

The Yin Clan's Beast Tamers widened their eyes and saw a pair of black knee-length boots easily cross the Yin Clan's threshold and step onto the Yin Clan's territory.

The woman took off the black hat on her head and looked up in the direction of the training ground. With a smile, she said with an unfathomable expression, "A group of ants trying to stop me... What a joke!"

With that, the woman suddenly opened her mouth.

Her rosy lips opened like a bottomless hole and emitted a strong magnetic force. The magnetic force enveloped Yin Jingyun and the others. Yin Jingyun and the other elders joined forces to resist, but they were not her match.

"Ah!"

The magnetic force broke through their defenses and instantly pulled them towards Madam Xuanyuan. Then, they were sucked into her mouth.

Yin Jingyun and the others kept falling in the endless black hole. Suddenly, they saw a trace of dim light.

In the dim light, they saw a surprisingly large land.

They were in the absolute sky and could clearly see the outline of the land.

After seeing the terrain of the land clearly, Yin Jingyun gasped and exclaimed, "It's the Jade Illusion Continent!"

Madam Xuanyuan had actually swallowed the entire Jade Illusion Continent!

Like eating a piece of cake, she swallowed the entire Jade Illusion Continent into her body!

1

As Madam Xuanyuan touched her rosy lips with her slender fingertips, she revealed an eerie smile and said in a low voice, "When I revive, all of you will die with me!" This group of toys he had created actually dared to disobey him. They deserved to die!

Seeing that Madam Xuanyuan had devoured the strongest Beast Tamers in the clan so easily, the commoners in the clan knelt down, in fear that Madam Xuanyuan would notice them.

However, Madam Xuanyuan didn't take them seriously at all.

The battle with the Blood Peacock four years ago caused the Moon Pointing Mountain in the Eight Towers Mountain Range to be completely destroyed. Later, the Yin Clan actually built another mountain in its original location. A cultivation hall was also built on the top of that mountain.

The Patriarch's Residence where Yu Huang lived was below the Cultivation Hall.

Madam Xuanyuan instantly appeared on the Moon Pointing Mountain, which was more than two thousand meters above sea level.

Seeing the woman who suddenly appeared, the gatekeeper outside the Patriarch's Mansion was about to raise his weapon and berate her when Madam Xuanyuan cut his throat with her spiritual power.

Madam Xuanyuan stepped over the gatekeeper and successfully walked into the Patriarch's Mansion to the courtyard where the red elm tree was.

The moment she entered the courtyard, she saw Liuli Luoluo sitting under the red elm tree.

"Luoluo."

Upon hearing Madam Xuanyuan's shout, Liuli Luoluo slowly turned around. When she saw Madam Xuanyuan, her lips curled into a very stiff smile and she said in a monotonous tone of voice, "Master."

Madam Xuanyuan walked over and patted Liuli Luoluo's head as she said, "Good child, your mission is completed."

"Thank you for your praise, Master."

As Liuli Luoluo rubbed Madam Xuanyuan's finger respectfully, she heard her say, "Good child, the mission is completed, so you should die."
