

Silly Teen

Chapter 14

“That’s all I’m saying. Who said to you that I was talking about myself?” She looked at me with no good grace.

I said with a chuckle.

“But that’s what you meant by your words.”

She rolled her eyes again, but the lollipop in her mouth accidentally fell on the floor. She exclaimed, also with a look of pity, is to throw the lollipop in the trash can. When she sat down, but found her collar, is open. She suddenly blushed and hurriedly turned her back, just to fasten the button.

When she turned around, but also rushed me to ask: “You just keep staring at me, it would not be looking at my chest, right?”

I hurriedly shook my head and said, “I look like such a lewd person? I was just looking at your face, really!”

“Well, that’s fine. Then I’ll give you the benefit of the doubt.” She said with a flushed face.

I guess she had guessed that I was looking at her chest, but she was just embarrassing everyone by not putting it out in the open.

She went on and on, telling me about it.

Because my senior year, Ben was in the top 20 of the year. After figuring out some knowledge points, I was also able to understand what she said very quickly. In the process, my hand accidentally touched the back of her hand. She quickly withdrew her hand almost as a reflex.

At the same time, a boy suddenly came into the class.

I recognized him.

He is called Guan Dongxuan, claiming to be the boss of our class, and has collected a few little brothers in the class, very powerful. He usually asked me to help him with his homework, asked me to buy cigarettes for him, and extorted my pocket money which were already too common to be common.

“Jinchao, you and I come out for a moment.”

He said hooking his finger at me.

And Guo Xuefu beside me pulled my hand and looked at me with great concern. Just my heart is more worried about the consequences of not going out. I thought about it, or follow Guan Dongxuan to go outside.

I gave Guo Xuefu a look, let her rest assured. But in fact, my heart are very apprehensive.

And Xiao Tao took me to the toilet after the mouth threw a cigarette asked me: “Know I called you over, because of what?”

I shook my head and said: no idea.

He looked at me and said with a sneer: “Jin Chao, you can be a kid. Even I do not dare to offend Cao, and you dare to hit and injure people. Now you’re dead, people are looking for you all over the school, to get you killed.”

Guan Dongxuan are such a tone, and even more so, I feel. That called Cao’s plate inch head, is not at all what to mess with goods.

As soon as I heard it, I hurriedly said, “Brother Xuan, can you help me contact Cao ah? The situation that night was urgent I now regret it, and I want to apologize to Brother Cao.”

At this juncture I, do not want to create a greater conflict with off-campus social workers.

And that time the injury root serious, it is obviously me. Although I was a belly full of grievances, but I could not help that people Cao was powerful. I am a loner, not to mention offending Cao. Even if it offends Guan Dongxuan, my days at school, are not easy.

Now I just want to settle down and study hard. Other things, as little contact as possible.

“Tsk tsk, and apologize? Do you think it’s useful to apologize when things have turned out like this?” Guan Dongxuan asked me with a smile.

“Then brother Xuan, what do you think should be done?” I then asked Guan Dongxuan.

Guan Dongxuan thought about it and then said to me, “Well, there is not no way to solve this matter. I asked my brother to come out and invite Cao to have a meal, so that Cao can take the heat off. Just by then the meal money, there is no way we can pay for it!”

I gritted my teeth and asked him how much he needed.

If less, I still have some pocket money in my hand, but also barely able to support a little.

But Guan Dongxuan said: "How can it be a seven or eight hundred. When the time comes to drink, then I'm still talking about less."

"Ah? So much ah"

I still have some hesitation.

Guan Dongxuan patted my shoulder, exhaled a smoke ring and said: "Not much ah. You think it's easy to buy a meal now, is a small fried restaurant in front of the school can be sent off? You think too much!"

"Brother Xuan, let me think about it."

I didn't immediately agree to it.

If Guan Dongxuan can really help solve it, it is still possible to try. The money is spent, if it can completely solve this matter of Cao, then I will also try to get all the money out. Although my pocket money is not so much, but the red envelope money that exists in the card, or a few thousand.

That is what I keep for college, and I usually don't take it out.

"What else to consider ah? I'm only helping you because you're so obedient, otherwise I wouldn't bother with my brother."

Guan Dongxuan then said directly.

"Okay brother Xuan, I will get the money together in the next two days and give it to you as soon as possible." I gave him such a rush, is promised.

"How long will it take?"

"Three days at the latest."

"Then, in three days, you will take the initiative to give me the money yourself." Guan Dongxuan said, is the hand of the cigarette, to the toilet gutter a throw, is so away. When I walked back to class, Guo Xuefu worriedly asked me what had just happened. I said nothing, to reassure her.

Although she still looked worried, but because I did not say, she could not help.

After we left the school, I parted with her and went to the bank first to withdraw a five hundred out. Together with my pocket money, there was also eight hundred. I put the money on the table. To be honest, I was a little apprehensive. I also do not know if this matter to Guan Dongxuan, whether it can be.

The next morning, I went to school with eight hundred dollars in my pocket.

I thought the sooner the matter was resolved, the less trouble I would have, so I took the initiative to find Guan Dongxuan.

“Brother Xuan, this matter by your brother, can really be done?” I lowered my voice and asked him.

“Of course. My brother is also walking in the community, he and Cao still have some friends, by him to appear certainly no problem right, I talked to my brother about this last night. My brother said that he wanted five hundred dollars in benefits to help you out.” Guan Dongxuan then and I said.

“Ah? Five hundred more ah!”

I froze for a moment.

Guan Dongxuan listened, the tone of voice immediately raised: “Jin Chao, I tell you the truth, my brother only five hundred yuan benefit fee, or for my sake less for you to receive. If it were someone else, without a thousand and a half, certainly not down. And this fifteen hundred, and does not include the money for dinner.”

“But I just have eight hundred

I pulled out the money in my pocket.

Guan Dongxuan took a look, but a contemptuous look: “Then you think clearly yourself. The opportunity, only so once. If they come to Cao to find you in trouble, you can cope? More than five hundred, as a break in the money to eliminate disasters. If you do not want to, then let’s forget it!”
