## Chapter 15

### Chapter 15

Guan Dongxuan said he was going to turn around and go into the classroom.

And I listened to his words, the heart is feeling that he can really help me to solve this matter. If it were the usual him, know that I have so much money, will definitely find me 'borrow' and a couple of hundred, but simply out will not return. I thought about it, or called Guan Dongxuan:.

"Xuan brother, you wait."

"What's wrong?"

Guan Dongxuan turned around and looked at me suspiciously.

"I give you this eight hundred, give me two more days, I will get the remaining five hundred as soon as possible." I was afraid that when the time came, Guan Dongxuan regretted and did not help me. And at this time, Guan Dongxuan, is the only hope I have in front of me. I gave him the money first, just to let him know that I really want to solve this matter.

Although I am still a little uneasy about Guan Dongxuan, but I can only give him the money at this time.

Guan Dongxuan naturally took the money and put it into his pocket: "Okay, then the remaining five hundred.

"Okay, then the remaining five hundred, you also grab some tight."

"Brother Xuan, trouble you."

I said with a nod.

Guan Dongxuan waved his hand and said, "It's okay, as long as you do as you're told."

Guo Xuefu came back from the toilet and asked me in confusion, "Jinchao, what did you just say to Guan Dongxuan?"

"Nothing."

“Really nothing? How do I see you just gave Guan Dongxuan what ..... should not be money!” Guo Xuefu asked me suspiciously.

I hurriedly denied a: “Eh ah, you can rest assured! I neither gave him money either, and he did not extort me.”

“Okay ..... then if something really happens, you have to talk to me oh.” Guo Xuefu looked at me very seriously. And to this, I also agreed. We have walked into the classroom, as for the remaining five hundred, I also and Guan Dongxuan delayed for two days.

I gave him my eight hundred first, and the remaining five hundred, it was only a matter of time.

I just don't want to let Guan Dongxuan think that I am suddenly 'rich' recently. If Guan Dongxuan knows, after the matter is resolved clearly, I'm afraid he will have nothing to find me, let me help him buy cigarettes, or to borrow money from me. Then it will be a problem.

I carried the last \$500, is two days later in the morning, found Guan Dongxuan, also gave him the money.

Guan Dongxuan counted the cash, and I said: “Come on, the money is almost complete. You just wait a few days for my news.”

I nodded my head and agreed.

And he was then, suddenly remembered something, and added to me: “Oh yes, if you spend more money on dinner, I will ask you for it. But if there's any left, I'll give it back to you.”

But I didn't expect to give him the money and ask for it back from him.

“It's okay Brother Xuan. If there's more then, you can keep it and buy a few packs of cigarettes. After all, you've worked hard too.”

I said hurriedly.

Guan Dongxuan smiled and patted my shoulder.

“Okay, Jinchao, you are now quite good awareness ah. As long as you listen to me, follow me in the school, with me to cover you, I guarantee that not many people dare to touch you.”

“Then thank you in advance brother Xuan.”

I said with a smile.

And this time to give money, in order to avoid being Guo Xuefu bumped into, I also deliberately called Guan Dongxuan to the toilet. It is Guan Dongxuan in the toilet smoking kung fu, I fell back to the class first. During this time, I was basically reassured to study. The teacher looked at my attitude and was finally relieved.

The teacher told me to work hard and try to get my ranking up in the final exam that was coming up.

This, I naturally agreed.

Guo Xuefu also continued to tutor me after class. And in these days, I was in a nervous mood, waiting for news from the end of Guan Dongxuan. After all, this twelve thousand, for me, is not a small amount. But Guan Dongxuan, as if the matter was forgotten, did not take the initiative to come to me to say the results.

I was a little anxious, thought about it and went to find Guan Dongxuan: "Brother Xuan, how is my matter handled?"

"What is it?"

Guan Dongxuan asked a rhetorical question.

I froze for a moment and hurriedly said, "Brother Xuan, it's the matter of Brother Cao! Did you forget?"

Guan Dongxuan was impatient and said, "Didn't I tell you the results two days ago?"

I froze again: "No ah Xuan brother! I've been waiting to hear from you."

I listened to Guan Dongxuan's words, my heart was vaguely feeling bad.

Sure enough, Guan Dongxuan is in the subsequent and I said: "Well, then I'll tell you again. That thing you ..... blew!"

"How can this be?"

I anxiously rushed Guan Dongxuan asked.

And Guan Dongxuan then even more impatient and I said.

"Blown is blown. And at the beginning, I did not promise you that I will help you to get this done ah. Moreover, just five hundred yuan benefit fee, you want to take care of this matter? How is it possible! For this 500 yuan, do you want my brother to sell a favor to Brother Cao?"

Guan Dongxuan beeped and I said a lot, what his brother's favor is very expensive, Cao is very angry and so on.

He also showed me the photos of the dinner that night. That plate inch head Cao, and indeed was present.

After all, photos are not videos, and I don't know if Guan Dongxuan really talked to Cao about me or not. Maybe he just took my money and invited his brother and Cao to have a meal with them. But at the meal, but about me, not a word!

"Brother Xuan, what about this?"

I was anxiously rushed Guan Dongxuan asked.

"You ask me, I ask who to ask? People Cao, just want to find trouble with you, what can I do?" Guan Dongxuan's tone was quite indifferent. After all, this matter, it's not like it has anything to do with him.

"But Brother Xuan, so ..... I've spent this thirteen hundred dollars for nothing? This is not a small amount ah!" The emotions in my heart were simply going to explode. I was tempted to get angry with Guan Dongxuan in public, but I held back. It was more because I, couldn't afford to offend him!

"Then what else do you want? I can't possibly pay you back myself!" That's what Guan Dongxuan said.

"Brother Xuan ....."

I still wanted to say something when it was class.

I looked at the teacher who stepped on the bell and came in, and could only honestly sit down to start the morning reading. When I want to go to Guan Dongxuan after class, he went straight out, more like he was avoiding me. And this morning, I did not have the opportunity to talk to him properly.

Guo Xuefu saw that I did not look right, is to go to my side and ask me what is wrong.

I still did not talk to her.

Guo Xuefu blocked in front of me and asked me: "Jinchao, you must have something to hide from me, right!"

"Eh, Xuefu, just don't ask too much."

I was also in a very irritable mood.

I wanted to take advantage of the time after school to find Guan Dongxuan to have a good chat. And Guan Dongxuan was really impatient, he took me, and walked out of the school gate.

I followed him to the school side of the 'cigarette store', the result is a group of people surrounded .....
