

Chapter 23

Xu Ying asked me this, even as she had a slightly inviting look on her face. She is a very mature, sexual woman. Because she is often around men, she also knows what kind of men and how to eat what kind of sets. At this moment, however, my attention was not focused on her.

I couldn't be bothered to answer her question, it was the scene in front of me, also looking at the men in front of me.

I hadn't thought in any way that it was the time we were talking in the Green Trails Wonderland that she had gotten someone to find all of Cao Ge and the others. Cao and the others were kneeling on the ground, looking completely humiliated. They saw me at the door and were all very surprised.

On their bodies, there were obviously signs of being beaten. And beside them stood about ten other fierce and vicious socialites.

"Jin Chao, by the looks of you, you should be enjoying yourself. What do you want to do next, just give the word and all these people of mine will listen to you." She said to me with a smile beside me.

"Chao, I was wrong. It was our fault before, so please forgive us, my lord." Cao Ge was taken aback for a moment, so she hurriedly apologised to me and begged me for forgiveness.

I suddenly had some enjoyment in it. I went up to Cao Ge and kicked him, and I yelled at him in a condescending manner, "Aren't you the boss? Weren't you going to get me killed? Why are you now such a coward?"

Cao Ge was so scared by my kick that he didn't even dare to scream, and with a bitter face, he continued to say in a low voice, "Brother Chao, if I knew you were so powerful before, I wouldn't have dared to do that even if I had a hundred guts!"

"Brother Chao, it's all Guan Dongxuan's fault. If it wasn't for him, we wouldn't be looking for trouble with you."

"Yes, yes."

"Brother Chao, if you let us go, we'll definitely help you fix Guan Dongxuan to death!" Cao Ge's little brothers were chattering away, even more so as Cao Ge and I begged for mercy. They were simply a bunch of bullies who were afraid of the soft and the hard, and were instantly scared to death when they were approached by Xu Ying's men.

I took advantage of Xu Ying's power and foxed them for once: "Guan Dongxuan, I will definitely go back for him. But you guys beat me into the hospital last time and caused me to fall into a concussion, what do you think I should do to take the anger off my heart?"

When Cao Ge and the others heard this, they all showed a look of great fear. They didn't dare to respond to me, which must mean that I had concussed them too.

"What, are you all afraid to speak?"

I asked rhetorically with a sneer.

“Brother Chao, or you can beat us up to relieve your anger.” One of the junior brothers on the side hesitated for a moment before this was said. But the moment his words came out, Cao Ge on the side hurriedly gave him a look. The way Cao Ge looked, he was obviously just afraid that I would come towards their heads!

“Then I’ll really hit?”

I said, and a fierce socialite on the side just handed me a steel pipe. I did pretend to walk towards them, and they became even more fearful. At this moment they, however, reminded me of myself at that time. And as I watched them get scared, the more the urge came over me.

I had my first taste of power, and with the ruthlessness of my heart towards Cao Ge, I was completely immersed in their fear.

I don’t know how to fight!

I was just waving a steel pipe in my hand to scare them. After they were frightened by me, I kicked Cao Ge in the jaw. Cao Ge’s jaw, which had just been opened, was closed alive because of my kick!

“How’s that, does it hurt?”

I asked Cao Ge as I squatted down in front of him.

“It hurts ..... er, no!”

Cao Ge was just too busy to change his mind.

“Alright, you don’t have to pretend either. The blood from your mouth, it’s all coming out already.” I returned the steel pipe in my hand to the man on the side. I wanted to use my fists and feet more than the steel pipe. This feeling of punching to the flesh was the only way to dispel the anger in my heart, “How about it, do you now appreciate the feeling I had then?”

Cao Ge nodded his head in a hurry, “Appreciated, appreciated!”

At his words, I stood up and kicked him in the head again, “What the hell do you think? That kick wasn’t even a tenth of what I just gave him!” And after I kicked him over, I crouched directly above his chest, grabbing his collar and landing punch after punch on his face.

“Chao, don’t you fight.”

“If you want to hit us, hit us, we were the ones who hit you the hardest when we hit you before.”

Their ‘righteous’ words fell on my ears, which upset me even more, “Shut up all of you!” With the sound of my voice, they too fell silent for a moment. Cao Ge’s face was swollen underneath me, but he didn’t say a word, not even daring to resist.

However, I didn’t completely destroy Cao Ge. Still angry, I went to look for the others.

Didn’t they want me to beat him up?

Yes!

I'll do as they say!

And it was while I was making my move that Xu Ying and the fierce socialites all stood by and didn't say anything. The iron door of the small warehouse was closed, so no one else could see anything from the outside. Everyone was waiting for me to finish venting the anger in my heart!

"Cog, you stand up."

I said under my breath.

"What, what's wrong Chao?" Cao Ge's face was already completely swollen beyond recognition, even to the point of being comparable to that two hundred pound fat man. But even so, he still patella dare to shout in front of me.

"What happened between us, can we just let it go?" I wasn't asking for his opinion at this point. It was more like I was mocking him when I said that. Who made him have to answer me in that tone and threaten me before?

"Of course!" A look of joy flashed across Cao Ge's face.

"So what do you say to the Guan Dongxuan end, what are you going to do about it? And what are you going to do with my money?" I just turned and rushed him with the question. As he listened to my words, a look of surprise flashed across his eyes.

"Brother Chao, don't worry. I will definitely help you clean him up properly. As for your money ..... I'll transfer it to your Alipay, or WeChat now!" Cao said hurriedly.

"But I don't have those."

"Then I'll transfer your bank card!"

I listened to his words and was thinking about it and said, "Forget it, you'd better return that thousand three for me to that fatty. After all, I transferred more money out of my own pocket, so if I don't return it, I'll feel a bit uncomfortable."

But Cao Ge said to me, "It's okay, Chao, that guy is a second-generation demolition man, he's very rich. He's a rich guy, he's got a lot of money. This 1,300 is nothing to him!"

"The second generation?"

"Yeah!"

"Sh\*t!"
