

Silly Teen 28

Chapter 28

Guan Dongxuan was holding a cigarette in his mouth, and he totally looked like he was going to get me killed. They moved forward and I couldn't stop backing up. I felt their unkind eyes and retreated into the cigarette shop behind me. I thought they wouldn't dare to do anything to me once I got into the shop.

But they came after me and dragged me out of the shop.

In the process, I resisted, but I was dragged to the open space in front of the shop. Guan Dongxuan pointed to the spot in front of him and told me to kneel down.

I looked at the five or six men standing around me and I rang the bell, hesitating before deciding to turn and run.

"Chase!"

Guan Dongxuan clung on.

I ran ahead, already exerting all my strength. Normally, I was more or less exercising. But Guan Dongxuan and the others were no slouch either. I didn't want to be overtaken by them, so I dashed straight onto the main road by the school, and I couldn't care less about the oncoming traffic.

There were quite a few paths that went through across the school, and once I got in, I had a way to lose them.

And I hadn't really thought it would turn out that way before I got here. I thought that after a day's time, Guan Dongxuan would know what was going on at Cao Ge's end somehow. Cao Ge had said yesterday that he would help me to get rid of Guan Dongxuan. But this day has gone by and there's no movement at all!

"Don't let him get away."

Guan Dongxuan's voice came from behind.

It was also between my burst of hasty flight that I unknowingly ran near Guo Xue-fu's house. Her house was not far from the school. If I wanted to get rid of them completely, I had to go to Guo Xuefu's house to hide out.

I thought so and called Guo Xuefu halfway, asking her to open the door downstairs.

When she heard me gasping for air, she hurriedly asked me what was wrong. I didn't have time to explain to her, so I rushed to her door. But I pushed on the door and it didn't open!

"Snow floo!"

I hurriedly called out to her from downstairs. But inside, she didn't respond.

"Brother Xuan, that kid Jin Chao is just ahead." The voices of Guan Dongxuan and the others were not far from me.

"Hurry up, keep chasing!"

“Damn it, I’m exhausted from running for half a day. When I catch up to him he’ll be dead.” This was Guan Dongxuan’s voice.

I was even more anxious as I listened to their voices. I kept knocking on the door. If Guo Xuefu still didn’t show up, I really had to turn around and leave in a hurry.

And it was at that moment that a rush of footsteps came from the door behind me. But at the same time, Guan Dongxuan and the others were only ten metres away from me! But at that very moment, two or three people suddenly appeared from the other end.

Guan Dongxuan and his five or six men were scattered into two groups, attacking me from the front and back of Guo Xuefu’s house!

“Jin Chao?”

Guo Xuefu behind the main door called out my name.

“It’s me, hurry up and open the door.”

My cold sweat was left behind in my anxiety.

I could see that Guan Dongxuan and the others were only three or four metres away from me, and the door behind me was only then opened. As my back was against the door, the moment the door opened, my whole body fell backwards. Guo Xuefu, who was behind the door, was also startled by my suddenness.

After I got in, I didn’t care about anything else and hurriedly closed the door with my hands.

But since Guan Dongxuan and the others were not far away from me, they were pushing hard on the door outside before I could lock it. It took all my strength to hold the door open for a moment.

“Snow float, hurry up and lock the door!” I said anxiously.

“Oh oh.”

Only then did Guo Xuefu respond. She turned the door lock. The lock on the front door of her house was somewhat similar to the kind of long metal locks used in rural houses. One needed to turn the handle on the door and snap the long strip of metal against the catch on the other side of the door in order to lock it.

But as soon as the person outside the door heard the sound of the lock turning, he pushed harder on the door.

“It’s done!”

Guo Xuefu said hurriedly.

I listened to her words, and my whole body felt like it was deflated, which was a relief.

“Jin Chao, get the f*ck out of here.” Guan Dongxuan then shouted from the doorway.

“Is that Guan Dongxuan outside?” Guo Xuefu asked me suspiciously.

I nodded at her. She was wearing a simple sundress and even her hair was still wet. Droplets of water kept dripping down her hair. I'm afraid she was in the middle of a shower, and after answering my call, she rushed downstairs without caring about anything.

"Jin Chao, did you hear what I said?" Guan Dongxuan was growling angrily from outside.

I sat on the floor and yelled out, "Guan Dongxuan, you'd better get out of here. Don't make me call the police over later!"

"Good, Jin Chao, you've got guts! But you can't run away from the monk, if you have the guts, don't show up at the school for me." Guan Dongxuan threatened me just outside the door.

"Let's go."

Guan Dongxuan seemed to lead the way out.

I listened to his words, a breath of air in my chest, which was gasped out. But I, who had taken out all my strength to pump and run, once I sat down, I was a bit unable to stand up because my feet were weak. I looked up and asked Guo Xuefu to give me a hand. And she was helping me to a chair on the side and let me sit down.

She handed me a glass of water and told me to rest in her house for a while.

But I had my own plans.

I asked her to go upstairs first and help me see if Guan Dongxuan and the others had really gone. She listened to me, but looked at me with some concern. She told me not to be in such a hurry to leave yet since I had come over. I should wait at her house for an hour first, and by then Guan Dongxuan and the others would have left.

But I shook my head, "No, I don't need to. I'll sit at your house for a while, and I'll be leaving in a while."

"What do you want to do?"

"I want to go to Yin Guan Dongxuan."

I then said to Guo Xuefu. And Guo Xuefu was literally frozen for a moment after hearing my words.

"Jin Chao, you're crazy. Just you alone, you still want to go to Yin Guan Dong Xuan?" Guo Xuefu looked at me incredulously.

I, on the contrary, laughed afterwards.

"I was actually lying to you. I also know that if I were to go to him alone, it would be a death sentence, wouldn't it?"

"That's right!"

Guo Xuefu affirmed my words.

I then explained to her that I was going back early because Uncle Chen was still waiting for me at home and I didn't want him to worry too much. After listening to my words, Guo Xuefu let me leave the place.

But what she didn't know was that after I left, I took the bus and went straight to the neighborhood where Guan Dongxuan lived.

I also saw Guan Dongxuan's address on the parent roster this morning, and also subsequently arrived at the neighborhood where Guan Dongxuan lives
