

Silly Teen 35

Chapter 35

When Cao Ge's words came out, Guan Dongxuan and the others all froze. They were now reacting in the same way as I had when I was bullied before. They were scared, but they didn't dare to resist and followed Cao Ge out of the hotel, doing exactly as he said.

"Guan Dongxuan, you can do it. Tell me honestly, are you planning to get into trouble with my brothers again?" Cao Ge just asked at Guan Dongxuan in a condescending tone.

"Brother Cao, your brother is"

Guan Dongxuan said and just glanced towards me. He might have thought it was me, but he certainly couldn't believe it.

"And you f*cking know it?" Cao Ge said and landed another slap on Guan Dongxuan's face.

"Brother Cao, I think this kid Guan Dongxuan also deserves a beating. It's just as well that Brother Chao is here, so why don't we just give Guan Dongxuan a violent beating and help Brother Chao out?" Cao Ge's junior brother gave a suggestion from the side.

"Brother Chao?" Guan Dongxuan's minions were all dumbfounded as well. As they listened, they all looked at me one after another as well.

Guo Xuefu, who was standing beside me, was also surprised at this scene, but she didn't say anything when she saw that I was fine. In the middle of the conversation, Cao Ge's boys surrounded Guan Dongxuan and his men.

Guan Dongxuan looked at Cao Ge and the others beside him, and his expression also became grave.

"Brother Cao, aren't you going a bit too far? If my brother asks, you won't be able to explain yourself to my brother, will you?" Guan Dongxuan hurriedly said to Cao Ge.

But Cao Ge didn't think anything of it, "Cut it out, your brother? I don't give a damn about that guy! You've offended my brother, I'll beat you up, isn't that normal?"

"That's right. Brother Cao, let's cut the crap with him too!"

"Yes, let's do it."

Cao Ge listened to their words and was nodding his head in agreement. But before they started, Cao Ge gave me a look and told me to back off, he was afraid that Guo Xuefu and I would be hurt by mistake.

I took Guo Xuefu and stood in the shop. And Guo Xuefu looked at me afterwards with a strange look in his eyes.

Guo Xuefu asked at me suspiciously, "Jin Chao, you're not really in society, are you?"

For my part, I shook my head with her.

I said, "No.

But she listened to my words with a clearly still suspicious look, perhaps thinking I was lying to her. After all, the scene unfolding in front of me was more than intuitive – I, Jin Chao, was the one who had a connection with the community!

“Guan Dongxuan, I heard that you used to bully my Chao brother and get high on it, huh?”

“Have you tasted this feeling of being bullied now? How does it feel? Does it feel good!”

“Does it not feel good enough? Then why don’t we hit a little harder!”

Cao Ge’s minions were thrilling Guan Dongxuan while they were fighting. I watched as they surrounded Guan Dongxuan and the others in the middle and just beat them up, not even holding back. I had a lot of anger in my heart because of this.

Many people were watching the scene and the way Guan Dongxuan was being beaten.

Some people who had just come over and knew Cao Ge and Guan Dongxuan rushed up to stop them, “Brother Cao, what’s wrong with you? Why did you hit Xuanzi?”

“F*ck off! None of your business?”

Cao Ge just shouted at the other party.

Because of Cao Ge’s irascible attitude, the few people who were ready to calm things down rushed away at once. They were afraid that the heat would get to them too!

After they had fought for two or three minutes, Cao Ge hurriedly waved at me and called me over.

Guo Xuefu took a look and was still very worried. But I gave her a look to relax him, and that’s when I walked over to Cao Ge and the others.

“Ah Chao, this Guan Dongxuan, what are you going to do next to clean up? I’m all yours!” Cao Ge put his arm around my shoulder and also shot a look at me. I also knew that as a small leader around the school, if he called me ‘Chao’ in front of so many people, he would definitely lose face too.

I thought that in my mind, so I didn’t bother correcting him on anything.

I turned my head, put my eyes on Guan Dongxuan and directly stomped on his body: “Guan Dongxuan, I said that I would step on you under my feet. Tell me, did I do it?”

Guan Dongxuan coughed violently twice because of my move, but he just didn’t respond to me.

“Guan Dongxuan, say something!”

I prodded him.

“Guan Dongxuan, are you mute? What do you mean by keeping your mouth shut when my Ah Chao tells you to speak?” Cao Ge came up and kicked Guan Dongxuan directly.

Only then did Guan Dongxuan clench his teeth and said very reluctantly, “It’s

“It’s what?” Cao Ge asked at him.

“Brother Cao, I don’t dare to look for trouble with Jin Chao in the future, can you spare me?” Guan Dongxuan said in a very ‘innocent’ manner.

“F*ck! We all have to call him Brother Chao, and you call him by his full name? Guan Dongxuan, what do you mean by that?” Cao Ge’s little brothers were all upset at once.

“Brother Cao, I think Guan Dongxuan is looking like he hasn’t been beaten up enough. Why don’t we let him sober up again?”

“Ah Chao. Do you think so?” Cao Ge asked me for my idea instead.

But when Guan Dongxuan heard that, he immediately became anxious: “Jin Chao er no, Chao, just let me go. Even if you let Cao and the others beat me up again now, there’s not much point in doing so. In the future, I will definitely look up to you in the class! If you tell me to go east, I will definitely not go west!”

I looked at him but laughed coldly, “But Guan Dongxuan, I’ve been expelled from school because of you. Have you forgotten?”

Once Guan Dongxuan heard my words, he was very embarrassed.

I looked at him and just squatted in front of him, “What’s wrong Guan Dongxuan, don’t you know how to respond to me?”

“No ah Chao brother before my father was injured, I plus when people came, reported your name, so I am not,” Guan Dongxuan hurriedly explained.

“Okay, let’s not talk about that first. Let’s just say that after you stabbed me that day, why didn’t you even call an ambulance for me? Did you want me to die there?” I asked right at Guan Dongxuan as I stared into his eyes.

“What! Jin Chao, when did you get stabbed by Guan Dongxuan?” Guo Xue-fu reacted very loudly when he heard that on the side.

“That was more than ten days ago, I’ll talk to you slowly later. Xuefu, I’ll settle the matter of Guan Dongxuan first now.” I turned my head and spoke to Guo Xuefu.

“Guan Dongxuan, you’re quite a bully. Even my brother dares to stab, tell yourself what to do now!” Cao Ge’s brow furrowed at once and asked Guan Dongxuan in a very serious manner.

“Brother Cao, Brother Chao, I,”

“What’s wrong with you? Do you also want to be stabbed and thrown in the hospital for half a month before you can get out?”
