

Silly Teen 39

Chapter 39

Xu Ying said to Guan Dongxuan's father very lightly. Guan Dongxuan's father's facial features were twisted up. He looked at Xu Ying with a look of fear within his eyes.

"I"

"You what?"

"I promised!"

Guan Dongxuan his father said, his face was very resigned. It seemed that he also knew how much of a threat 1908 would be to him even if it fell, but with these few numbers. His words, however, did not make Xu Ying stop. Xu Ying even put the blade in her hand, towards Guan Dongxuan's father's thigh, and shoved it hard.

The blade entered the flesh, and Guan Dongxuan's dad was even in pain, his forehead bursting with green scriptures.

"Let go!"

Guan Dongxuan his father hurriedly roared.

The first thing you need to do is to put your hand over the mouth of Guan Dongxuan's father: "Keep your voice down, Chief Guan, are you trying to draw people in from outside?"

A whimper came out of Guan Dongxuan's father's mouth. He obviously did not understand why Xu Ying went to do this when he had clearly agreed to do so.

"Chief Guan, this is just a small lesson for you. If you don't listen, or try to backtrack or something, it won't be me who does it then. Those guys who beat you into the hospital will, I'm afraid, tie you up in some remote corner again, and it will inevitably be a bout of flesh and blood."

Xu Ying said lightly.

When her words came out, not only did they cause Guan Dongxuan his father to be very shocked, but they even made froze for a moment as well. Her words were undoubtedly an admission that the reason why Guan Dongxuan's father was now lying in a hospital bed was entirely the work of her men!

"Chief Guan, recuperate well here, I will still come to see you when you are discharged from the hospital." Xu Ying said, and got up blandly. She smoothly pulled out a few facial tissues from the bedside table and just wiped away the blood between her fingers. And whether she was stabbing someone with a blade or getting up and walking towards me her movements were always very graceful.

But it was also because of this incident that I got to know a different Xu Ying.

It also made it clear to me that this woman, a wolf in beauty's skin, was a very dangerous fellow! If I accidentally fell into her beautiful trap, I was only afraid that I would die without a body!

I watched her approach, shot me a look, and let me go with her.

She carried a fragrant breeze with her. The doctor who walked in, looked at her, but was hooked by one of her winks. We, just like that, walked past the male doctor. Even, it was after we left, that male doctor's eyes, still remained on Xu Ying's body.

"Doctor, help me! My leg is going to be ruined!" Guan Dongxuan his father's pig-killing voice came out in the ward.

"Huh? Oh!"

Only then did the doctor react and hurried up to check Guan Dongxuan's dad's condition, and also asked him how a blade could have been stuck in his thigh.

And I didn't listen to Guan Dongxuan's dad's explanation. I followed behind Xu Ying and headed down the stairs. Xu Ying was still very calm despite what had happened. After walking out of the inpatient department, she took me to the car with a thin lady's cigarette gently clasped in her slender fingers.

"Do I have to take you back to get your textbooks?" Xu Ying asked me as she opened the car window and exhaled lightly on a smoke ring.

"But at Guan Dongxuan's father's end, hasn't he spoken to the school yet?" I looked at her in confusion.

She drove the car and left the car park straight away, "Do you think, with Sister Ah Jia's power, it would be hard to send you back to school? I brought you here to see Chief Guan, but it's just to give him a head start. Make him pay attention."

As I listened to her words, my mood was once again tense. I looked around at the receding city streets. Uncle Chen was not at home, while I took my textbooks and followed her straight back to school. By the time we got to school, it was time for recess.

Most of the students, went down the stairs in the direction of the playground.

And Xu Ying and I were walking together, and were extraordinarily striking. Many boys' eyes were focused towards Xu Ying's body.

"Right Jin Chao, do you know where Guan Dongxuan is now?" Xu Ying then asked me out of the blue.

I froze for a moment, not understanding her intention in asking, "Guan Dongxuan doesn't usually go to recess. At this time of the day, he's basically on the rooftop of the building, gathering with a group of delinquent students to smoke."

"Good, let's go upstairs then."

Xu Ying said with a faint smile.

"Upstairs? To the rooftop?"

I asked subconsciously.

"What, are you scared? Don't dare to go up there?" She turned her head and gave me a very amused look.

"I... How could I be scared!" My pride exploded as I listened to her words. The way she looked at me was a seductive smile on the corner of her mouth. She walked ahead, not familiar with the school, and instead led me in the direction of the rooftop.

The door to the top floor of our school was originally locked. But I don't know who it was that pried the lock right off the door. So much so that later on, the gang of delinquent students, from senior one to senior three, all gathered on the rooftop to smoke when they had nothing better to do. The school must have known about it, but it basically just didn't care.

And it was when we were about to reach the top floor that I, with my backpack on, got nervous.

Xu Ying and I, were just two people. But there were definitely more than two standing on the rooftop. There were at least a dozen of them! When I thought about what I was going to face next, I was instinctively a little scared. After all, before this, I had basically been bullied, suppressed and led by their noses.

If I had been in the old situation, I would have done whatever they wanted me to do to avoid getting into trouble with them.

But now it's different.

I already have Xu Ying backing me up, so I must break away from my previous state of life, completely! I don't want to be bullied by others anymore! And the only way to make others not dare to hit me is to make them realise that I, Jin Chao. It's not the same old me anymore! And to make them realise that I am no longer the Jinchao that can be bullied at will!

"Hold your chest and head up!"

Xu Ying patted my shoulder.

"Mmm!" I nodded my head. Afterwards, I took a deep breath and followed Xu Ying to the rooftop. Along with our appearance, the crowd of people smoking and farting on the rooftop were all casting their eyes towards us. They looked at me with my school bag on my back and in my school uniform, and there was even a look of contempt and amusement.

And among them, especially Guan Dongxuan was a little surprised at my appearance.

"Yo Jinchao, how dare you come back?" The other classes, who were still unaware of the situation, asked at me with a very light tone.

But Guan Dongxuan and his little brother, looking at me, didn't dare to speak.

"The one next to Jin Chao, is that his sister? So pretty!"

"Jin Chao, come here!"
