

Chapter 41

When Guan Dongxuan heard Xu Ying's words, he froze once again. He had no idea what we wanted to do, but because of my intervention, he could only follow me. What he was afraid of was not me, but Cao Ge behind me. It was that between him and us leaving, his little brother, didn't follow.

Xu Ying took us and went straight to the headmaster's office, just to talk to him face to face about letting me back into school.

I was expelled from school in the first place, mainly because Guan Dongxuan's father was the local director of Xuancheng. The reason Xu Ying called Guan Dongxuan over was because she wanted him to call his father and take over his role to get this done.

Because we went to Guan Dongxuan's father's side first, it was much easier to resolve the matter.

The school agreed to let me return to class, and when I left the headmaster's office, Guan Dongxuan looked at me with even more fear. From his point of view, he must not have been able to figure it out. Just how did I, a man with little power, suddenly hook up with Cao Ge and meet someone like Xu Ying.

It was the school that was in the middle of the formalities and the headmaster himself took us to the office.

Ms Lin, who was sitting in the office, was also very surprised to see me arrive. What surprised her even more was that I was coming back to school. And Duan Chang, who had received the news, rushed to the office to come. The way Duan Chang looked at me was extremely awkward.

Previously, he had targeted me regardless of anything because Guan Dongxuan's father was powerful.

Now he knew that I knew someone who even Guan Dongxuan's father couldn't help, so his attitude towards me changed a hundred and eighty degrees.

And Guan Dongxuan, who came along with us, was explaining the misunderstanding clearly. In front of the crowd, he could only say, "The matter of my father's injury has nothing to do with Jin Chao". However, when Ms Lin listened to him, she still looked very unbelieving, and I'm afraid it was even more because of what she had seen with her own eyes yesterday.

"Alright, alright, now that the misunderstanding has been explained. Teacher Lin, why don't you hurry up and take Jin Chao to class?" Duan Chang said with great earnestness.

"Jin Chao, then you should go back to your class first. After a while, I'll come back for you again." Xu Ying then said to me.

"Dongxuan, Jinchao, let's go." Teacher Lin said as he stood in front, but as he spoke, his expression was somewhat cold.

I followed after Teacher Lin and walked right up to the class entrance. The people in the class were all shocked as they watched my arrival.

"Isn't this Jin Chao?"

“How come he’s back?”

And among them, the one who was most excited was also Guo Xuefu. As I listened to the suspicion and confusion of the crowd on the stage, I walked to the podium, together with Mr. Lin. As for Guan Dongxuan, who was beside us, his face was ashen, and he went back to his seat.

“Everyone, be quiet for a moment.” Teacher Lin said as he stood on the podium and tapped on the table.

The crowd listened to Mr. Lin’s words and hurriedly calmed down. However, their eyes were still on me. Then I heard Mr. Lin say on the stage, “The school has withdrawn the punishment of expelling Jin Chao, so next, Jin Chao will still study with everyone until graduation.”

“Jin Chao, you will still be in your original position.” Teacher Lin said to me as she turned her head.

“Yes, Mr. Lin.” I nodded my head and agreed.

It was after I sat down that Guo Xuefu was turning her head and winking at me. Just the way she looked, she was obviously very happy. She snaps her lips at me, obviously asking why I’m still back.

And before I could explain, Ms Lin on stage threw a piece of chalk at Guo Xuefu and told her to turn her head back. In response, Guo Xuefu was lightly spitting out her pretty tongue in a very playful manner.

“Before class starts, I would like to remind everyone one last time. We, Class 7, are one. And I don’t want to hear any more people in the class, bullying other students. This is the first warning to start afresh, and it will be the last!” Teacher Lin looked at the crowd seriously.

“If anyone dares to bully the class again, and I find out about it, I will never forgive them lightly!” Teacher Lin said, but looked at me.

As I listened to her words, I wanted to tell her in public that the incident yesterday was a misunderstanding. But if this were me, just seeing the scene of Guan Dongxuan kneeling down, I would definitely have misunderstood too. And this misunderstanding was not something that would be useful just by me explaining it, but I had to make Ms Lin understand clearly the reason why I did it at that time.

That is, after the lesson, someone passed over a note for me. The handwriting was that of Guo Xuefu.

She asked me in the same sentence, “Jin Chao, how did you get back?”

“This, I’ll talk to you after class.” I sent it back to her.

That is, after class was over, Ms. Lin didn’t stay in the class for long before she turned around and left. I watched Guan Dongxuan going out, but instead what I did was to hook a finger at him, “Guan Dongxuan, come here!”

“What’s the matter?”

Guan Dongxuan said with a sullen face.

“Go downstairs and buy me two bottles of drinks!”

I sat in my seat with Guo Xuefu in front of me. The others in the class looked at my words with even more dismay. How could they have imagined that I would dare to speak to Guan Dongxuan with such a tone of voice. The day before yesterday, I had been forced by Guan Dongxuan to swear in front of everyone, but today, Guan Dongxuan had to listen to me!

It's just like getting people!

"Brother Chao, it's better for me to go, I'm a faster runner." Guan Dongxuan's little brother stood out and just rushed to talk to me.

"What's the matter with you? It's Guan Dongxuan I'm calling, not you!" I bellowed at him straight away.

"Okay, I'll go." Guan Dongxuan said through clenched teeth.

Guan Dongxuan remembered what I wanted to drink and went to the kiosk by the canteen to get me a drink. I did exactly what he had done before and didn't give him any money at all.

And in no time at all, Guan Dongxuan had bought the drinks and placed them dutifully on my table.

"Any more orders?" Guan Dongxuan must have known that I was back in the class and must have been looking for him as a start and to establish authority.

"Well, there's one more thing. Guan Dongxuan, from today onwards, the boss of Class 7 is me!" My tone was unquestionable.

When the crowd at the side heard this, they immediately focused their eyes on Guan Dongxuan's body. It was waiting for Guan Dongxuan's answer.

"Okay, I know." Guan Dongxuan said, about to turn around and leave, return to his seat.

"What do you mean you know? Is that your reaction?" I said disgruntledly.

"Then what else do you want from me?" Guan Dongxuan turned around and said with a gloomy face. He had already lost a lot because of my return.

I knew he was upset, but I was going to make him even more upset!

"Guan Dongxuan, I'll give you a chance to call out to Chao!"
