

Silly Teen 66

Chapter 66

As soon as my words fell, Ms. Lin slapped me across the face.

I felt the hotness on my face and my whole body froze for a moment. I would never have thought that after I had saved Ms. Lin, she would respond with a slap. The motorbike that was just there continued on down the road as if nothing had happened.

“Jin Chao, are you now so reckless that you dare to even put your hands on your teacher?” Teacher Lin asked me with a stony face.

“Teacher Lin, there was a car just now

I responded with great embarrassment.

“Even if there was a car, I would have dodged it myself!” Ms. Lin was obviously still angry now, and even took her temper out on my end.

And I listened to her words, but didn’t know how to respond. I watched her walk away, and only then did I react and rush to get away from the zebra crossing. The attitude of Ms. Lin towards me now was becoming more and more different from before, but I didn’t know how to make it right.

I then called and asked where Guo Xiaoming was now.

When I arrived at the shop where Guo Xiaoming was now, I saw Ms Lin’s father, with his back to me, eating noodles from the shop. His back was very mournful and helpless, and it reminded me of the way I watched him leave after every visit to my dad in prison.

Miss Lin’s father must have had his helplessness.

But Ms Lin, too, must have had her reasons and insistence.

One of those things that I, as an outsider, didn’t want to interfere with so much. He told us that he had been in Xuancheng for several days, but had not yet found a place to stay. Even the ticket to go back had fallen off when he got off the bus. Without even thinking about it, I went to the bank and withdrew 300 yuan for him to go back to the countryside first.

From my point of view, that was all I could do.

It was after we parted that Guo Xiaoming handed me a cigarette and asked me suspiciously, “Chao, your class teacher treated you like that, so why did you treat her father so well? You even gave someone three hundred yuan for the bus fare.”

I sighed and said, “Eh, Teacher Lin was also very nice to me before. I just wanted to do what I could too.”

“But even if you did, she definitely doesn’t know about it. And even if she knew, she definitely wouldn’t appreciate it!” Guo asked me rhetorically.

“I don’t need her to know either. I just want to be true to my conscience.” I said as I exhaled a smoke ring.

“Chao, look at you, you’re quite melancholy here too. Why don’t I take you somewhere and we’ll go have some fun?” Guo Xiaoming said with a bad smile.

“Find what kind of fun?”

I froze for a moment.

“You’ll find out when you and I go.” Guo Xiaoming said, and led me to his booster. I subconsciously thought that he was going to take me to an internet cafe to play LOL, but it wasn’t. Instead, he took me to a roller skating rink by the arcade and was about to take me in.

I was embarrassed to tell him that I didn’t know how to play roller skating at all, but he insisted on taking me in.

“It’s just a try! It’s not a big deal anyway. And there are lots of pretty girls in there!” Guo winked at me.

“F*ck you. You’re basically just trying to come over here to pick up girls!” I looked at him with a very sterile look.

“Just by the way. It might even develop a bit and if we’re lucky, we won’t have to go home at night.” Guo then said. I was practically drooling at the way he was talking. I was a bit puzzled though, and I asked him if the girls inside were really that open?

I saw that most of the girls in there were junior and senior high school girls, individually from the community, with a faint social air about them.

I instinctively thought that it was basically impossible for Guo Xiaoming to find a f*ck-buddy inside.

But Guo Xiaoming patted his chest and assured me: the girls inside, absolute slut. As long as they know you have some power, they will go with you. Some of the relatively conservative ones have to start with their sisters first. Then lure them step by step and finally trick them into bed. Once in bed, you will find out that they are actually all very slutty.

I was even more speechless as I listened to Guo Xiaoming’s words.

“Brother Chao, just don’t worry about coming with me. I can be considered an old hand in this scene!” Guo Xiaoming laughed harshly.

“Then, before you pick up girls, do you want me to call Brother Cao over and station you at the venue?” I asked him breathlessly.

“No, no, no! Forget about that!”

Guo said hurriedly.

“Why? Wouldn’t a stop by Brother Cao looking at you make you look like the bully-boy you want to make? Wow sh*t, this guy even knows Brother Cao in the community, he must be a very powerful person. I, I, I I must be his sister.”

I mimicked it backwards in amusement.

Guo Xiaoming laughed dryly, "Brother Chao, don't bury me. If Brother Cao came over, all those girls would be surrounding him, so how could there be anything for me?"

"So if I stand there, I won't cause you any problems?" I asked him rhetorically.

"That can! You're on my side, you're my little brother at best. Haha!" Guo Xiaoming joked.

As I listened to him, I snapped and gave him a heavy slap on the shoulder. My move was also meant with a joke. To be honest, I couldn't raise any interest in these non-mainstream girls in the venue. But Guo Xiaoming wanted to play, so I had no choice but to buy a ticket and come in with him.

The shoe locker at the rink was quite smelly, like a pair of worn out socks that had been sitting around for half a month.

Guo Xiaoming beside me handed me two plastic bags, and I was a bit of a cargo: "Xiaoming, are these plastic bags dry wool?"

"Of course they're for your feet! Do you want to get infected with foot fungus?" Guo Xiaoming then explained to me.

"Er can I just watch you slip?" I said, embarrassed.

"What do you think?"

Guo Xiaoming instead gave me a blank look, "Chao, didn't you get up to speed quickly playing LOL? If you're rollerblading, it's surely not that hard for you either."

"Holy sh*t, those two, they're not the same thing at all, okay?"

"So why don't we go play video games?"

"Yeah wow!" I agreed.

"I'm just kidding with you we've bought all the tickets!" Guo said with a silly grin.

I looked at him like he owed it and straight away just kicked at him as he stood up. I thought this guy would fall on all fours, but instead he used my strength and slid out smoothly.

"Chao, come on come on." Guo Xiaoming said to me in a very flirtatious manner, imitating a woman's accent.

"Come on your sister!"

I almost was trying to smash my roller skates over.

But at that moment, a junior high school-looking girl skated over and stopped next to Guo Xiaoming's voice: "Brother, why are you here?"

"Brother Chao, let me introduce you to precisely that. This, is my sister!"
