

Silly Teen 76

Chapter 76

I'm afraid Fatty Zhu would never have thought that I would give him a hard kick in the crotch. His face turned red, his left hand was tightly covering his crotch, and his right hand, which was gripping the mop, had little strength left, and was snatched back by me in a flash.

"Jin Chao, we have words, don't move your hands and feet, okay?" Fatty Zhu saw that I was going to do it and hurriedly said.

"There's nothing to say to you!"

I took advantage of his pain and waved the mop and smashed it against his head again. I saw that the pain in his crotch – was almost healed, so I gave him another fill. I couldn't help it if I was good at it, I wouldn't want to use such underhanded tricks.

I was still a high school student, and Fatty Zhu was an adult. And the fat man's strength is, naturally, greater.

I knew more than anything that I couldn't beat him.

And I kicked him twice in the bottom, even more out of such fear.

Fatty Zhu was basically ruined after being kicked by me several times. His whole body was so painful that he fell to his knees, and his forehead was unstoppable with large beads of sweat. I didn't care about that, I just kicked him away and rushed into the room, trying to take the man away.

But as I stood at the end of the bed, I was frozen alive.

How could this be her?

Ouyang Xiaxue!

The rose I had bought from her during the day was still stuck in her ear. And at this moment, she was lying on the bed, more than a flush of red. The clothes on her body, they were all ripped open for her. Her left hand, which was wedged between her legs, rubbing from side to side, was even more striking.

"Xia Xue, Xia Xue, are you all right?" I asked hurriedly as I went right up to her and patted her face.

"Well"

She looked at me with dazed eyes.

"Xiaxue, hold on a little longer, I'll take you to the hospital right now." I got even more anxious. But it was between my words that she was the one who kissed me with one mouthful. Her lips were soft and supple. Her left hand, which was between her legs, suddenly grabbed my hand and placed it on her breast.

I felt the softness of her breast and froze in my tracks.

No! I couldn't do this!

I can't take advantage of people's danger!

At that moment, Fatty Zhu was still crouching at the door, and his eyes were sinister as he looked in. I hurriedly reminded him, "Fatty Zhu, you'd better get lost. I've just called the police and they're on their way now. If you don't hurry up, you won't be able to leave in a while."

"Good, very good! Jin Chao, you have completely angered me. You, are finished." Fatty Zhu threatened me again.

"Then let's really wait until I'm finished." I then responded.

And Fatty Zhu was to then stand up with great strain, his hands covering his crotch – a very wretched look – and just leave.

I closed the door of the room with my backhand.

I had heard that in the case of Ouyang Xixue, cold water could be used to dissolve the situation. I thought about it and called 120 while trying to pick up Ouyang Xixue and take her into the bathroom. But she was in my arms and not at all honest. Just before she got on top of me, she ended up with her hands down my clothes.

"Xixue, your hand" I was still in the middle of a phone call, and it was too late to stop it.

"What's wrong?" The doctor on the other end of the phone asked me.

"It's my friend, her symptoms seem to be getting worse now." I hurriedly then spoke to the doctor.

"Then, then take her into the bathroom and flush her body hard with cold water, I'll send an ambulance over right away." The doctor on the other end of the phone then spoke to me. And his words confirmed my thoughts, and reinforced my idea of taking her into the bathroom.

And Ouyang Xixue's whole body was soft because of the effects of the medicine. She couldn't stand up, and it was impossible to have a bathtub in a small hotel like this, where you don't need an ID card.

I made her sit on the floor, with her back against the wall, and used the cold water that had been turned on to wash over her body in copious amounts.

The water drenched her clothes and clung right to her body, showing off her fledgling figure even more. I couldn't stop gulping as I looked at the vaguely visible bodice. The fact that she was rubbing her body in front of me made my blood boil.

Helplessly, I had to be to divert my attention and make myself look in another direction.

"Jinchao, I'm so hard." She suddenly grabbed my trouser leg, is a look of pity and I said.

"Hold on a little longer, the doctor will be here soon." I said hurriedly.

"But I'm really uncomfortable, please help me out, I want it!" That's what she said to me instead. I listened to her words, subconsciously turned my head to look at her, also looked at her eyes containing the charm, but also a surge of emotions, is a little unable to resist.

I felt the changes in my body, and even more so, I clenched my teeth to death, so that I could never cross that step.

“Jinchao, why don’t you say anything? Good Jinchao, just help me.” She even grabbed my pant leg and said to me.

“I can’t do that!”

“Why?” As she spoke, the skirt she was wearing had flopped up, revealing her pale thighs and even more so her pink panties. Her mouth, more than anything else, was making wooing noises. I felt something bursting out of my body.

I had no choice but to pinch myself hard again.

I kept reminding myself in my mind: I must not do this! I must never take advantage of her and have anything to do with her!

“Jinchao ……” she called out to me again in a very ambiguous – ambiguous tone when she saw that I didn’t respond to her.

“The doctor will be here, right away!” At this point my, but only so, response to her.

“I don’t want a doctor, I want you!”

She said to me, but strained to take off her clothes, but even more so, revealing a large area of snow white. I noticed out of the corner of my eye, was hurriedly squatting down, trying to help her put the clothes on. Although her clothes were wet, it was better to have clothes to cover her than not!

Instead, she felt my hand, but grabbed my hand and pressed it against her chest again.

“Xiaxue, don’t you do that. You’re drugged now! I don’t want anything to happen to you that you don’t want to meet when you come to your senses.” I looked at her solemnly and just pulled my hand out of her grasp.

But Ouyang Xiaxue gently wrapped her arms around my neck and just looked like she wanted to kiss me. But I was avoiding her. I tilted my head to the left, and she followed. Lean to the right and she still followed.

“Xia Xue ……” I was just about to speak, but she gagged me with her lips. Meanwhile, what I didn’t expect more was that her other hand, silently, slipped into my trousers ……
