

I Am Born With A Silver Spoon Chapter 120

As soon as the guy straightened his back, the whole campus was in an uproar!

“Oh my god, he’s handsome! He is so handsome!”

Some girls cheered and jumped.

The guy was wearing sunglasses. He was indeed quite cool and handsome!

He also had a very strong aura.

At present, looking at all the worshipping eyes around him, he smirked and said, “Hello, everyone. Actually, I planned to hold a welcoming conference in the college and meet all of you today, but since everyone is here, let me introduce myself in advance. I come from the Southern Region and studied at Nan Yang College. All of you may have seen the news. My father Zhao Zixing will take over the position of General Manager in Jin Ling Commercial Group from now on. Therefore, I was also transferred to Jin Ling College to continue my studies!”

“Of course, I’m not the typical domineering rich second generation although I’m wealthy. Haha, whoever wants to visit Jin Ling Commercial Street in the future, just mention my name. My name is Zhao Shan, as in the Sun, but with an extra ‘h’.”

Then, Zhao Shan threw his glasses onto the ground.

He looked so powerful.

“My goodness, he’s so handsome. Is this Young Master Zhao? Jin Ling Commercial Street will be managed by their family from now on? Oh my God!”

“Mr. Zhao, I love you, I want to be your wife!”

“Mr. Zhao, I want to bear your child!”

Some girls shouted shamelessly!

Zhao Shan and some of his followers behind him all laughed bitterly and shook their heads.

Aye, I’m used to it. Wherever I go, I’ll be pursued by these girls. I’m really tired!

“Let’s go and have a look at our Managerial Economics Department’s classroom !”

Zhao Shan climbed into his car. Su Jie, who was at the front of the car, pointed his middle finger at Chen Hao, who was getting up.

“Motherf*cker, I’ll run you over next time if you don’t pay attention!”

After that, the cars whizzed away amidst the girls’ screams.

So, he was Zhao Zixing’s son.

Why was he so wild?

Chen Hao was almost hit. He was also a little angry but if he were to take revenge, his identity would be exposed.

It was not worth it.

Besides, he is Zixing's son. I have to give him some respect.

At present, Chen Hao just wanted to leave.

A lot of things happened today and it made Chen Hao dejected.

"Haha, this loser almost got hit just now!"

"Oh, yes. But if he was hit, he wouldn't be able to afford to pay for the damages!"

"Tell me about it. Each of us has one shoulder and one head, but how can the difference between two people be this big? Look at the obvious contrast between Zhao Shao and this loser!"

"Forget about it, let's not talk about him. Let's go and see what Young Master Zhao is doing in the Managerial Economics Department!"

A few girls began to walk toward the Managerial Economics Department.

When they passed by Chen Hao, they all tutted with disapproval.

Chen Hao walked to the garden sadly and calmed down.

He was thinking about Su Tongxin.

At this time, Su Ziyue called him.

"Chen Hao, my leave was approved. I can go to Yunmeng Mountain with you!"

That big mountain was called Yunmeng Mountain.

Chen Hao and Su Ziyue had both agreed to go there to have a look today after her leave was approved.

"Alright, wait a moment. I'll call Li Zhenguo. Once he has compiled all the information, let's go together!"

Phew!

After the phone call, Chen took a long breath.

I will treat the trip to Yunmeng Mountain today as a break. I've been upset for the whole day!

After he had made an appointment with Li Zhenguo, Chen Hao drove to pick up Su Ziyue. They then headed to the village at the foot of Yunmeng Mountain located outside the suburb of Jin Ling.

As Li Zhenguo had already given the villagers a call in advance, the leaders of the village were waiting for him by the time they reached.

To be honest, Yunmeng Village was far away from the city and transportation was not very convenient.

So, not many businesses chose to invest in their development.

Now, it was good to hear that a big boss was coming to invest and develop their village.

It had attracted considerable attention from the local leaders.

As for Chen Hao, this was also the first time he had signed a development contract by himself.

He was a bit nervous.

However, standing at the foot of Yunmeng Mountain, he could feel that the place was lush and the air was very fresh. While looking at the data collected by Li Zhenguo, he saw there were lakes and streams running down the mountain which were very beautiful and refreshing. Therefore, Chen Hao immediately decided to develop Yunmeng Mountain.

The specifics of the contracts were discussed by Li Zhenguo.

This was the first time in history that a whole mountain was contracted for development.

500 million was needed to contract the whole mountain!

In addition to the 200 million that his sister gave him, he had spent 300 million from his own pocket.

But the whole mountain was worth that amount of money no matter how he calculated it.

Chen Hao then signed the contract. After that, there were also some discussions with the leaders of the village.

Chen Hao left the matter to Li Zhenguo and brought Su Ziyue out from the meetings. He wanted her to bring him around the foot of the mountain.

Naturally, Su Ziyue was very familiar with the place.

First, she took Chen Hao to a famous old lake called Jingshan Lake in Yunmeng Mountain.

They took a stroll around the lake.

Looking at the clear lake, Chen Hao's mood improved a lot. Just as he sat down on the bank, he heard some noise coming from behind.

"Damn, Ding Hao. I never thought that your hometown was so beautiful! How about having a picnic here in the evening?"

"Sure! This place is like a paradise. Aye, Ding Hao, if we didn't need to work in Jin Ling, I would have married you, hahaha!"
