

## I Am Born With A Silver Spoon Chapter 122

“Sir, I’m really sorry to tell you that our restaurant’s prices are a little high... look...” the waitress said apologetically.

She wasn’t foolish enough to offend a guest like Wang Xiaoti because of such a person.

“Is it?” Chen Hao forced a slight smile.

He then took out his phone and showed it to the waitress, the screen displaying his reservation booking that he had done online for VIP seats.

The waitress’s expression tensed when she looked at the phone screen.

The reservation was actually for VIP seats.

She knew that she would get at least 2,000 in commission if she served a VIP guest.

It was because there was even a special violin performance for the VIP guests as they enjoyed their meals.

Immediately, her expression changed drastically, from contemptuous to enthusiastic as she said, “Sir, this way please!”

After bowing, the waitress led Chen Hao to an area which was very different from the ordinary sitting area.

After that, a violinist in a suit came to their table with a violin.

Wang Xiaoti was almost dumbfounded by the scene.

To be able to enjoy her meal by the window had made her feel vain enough, she thought.

But now, this loser, Chen Hao, was a VIP guest, enjoying this kind of first-class service.

Where does this poor loser Chen Hao get his money from? Wang Xiaoti was puzzled.

“Chen Hao, how much money do you actually have? Are you sure you want to spend it this way? Haha, don’t tell me you’re here to act cool just to court a girl.” Scoffs crossed Wang Xiaoti’s face as she mocked him.

Chen Hao only ignored her.

He was too lazy to bother about this woman.

She still didn’t want to accept the truth after he had used his actions to prove her wrong.

“Sir, do you want to buy some flowers? These are Damascus roses from the beautiful Bulgaria. Although it’s expensive, it’s worthy of your tastes. How about buying a bouquet for your lover?”

Just then, a beautiful foreign waitress pushed a flower cart carefully from table to table.

The fragrance of the flowers wafted behind her as she passed. All the customers were attracted by the color and fragrance of those roses.

"It's Damascus roses! It's the most famous rose in the world. I have always wanted to have a bouquet of it. Young Master Li, can you buy me a bouquet of the roses?"

When Wang Xiaoti saw the romantic roses, she moved her gaze away from Chen Hao.

She couldn't stop staring at the flower cart.

"Alright. Since you like it so much, I'll buy whatever you want."

Young Master Li shook the gold watch on his wrist and took a bouquet of the roses from the flower cart. There were around thirty stalks in the bouquet and they gave off a nice fragrance.

"How much is this bouquet?" Young Master Li asked.

"Thank you sir. You really have good taste. This bouquet matches your beautiful girlfriend perfectly!" the pretty waitress quickly said with a smile.

"All right, how much is it?" Young Master Li felt proud when he noticed that everyone in the Michelin restaurant was looking at him in admiration.

He took out his wallet and asked,

"There are thirty-six roses in this bouquet. It costs only 72,000, sir!"

"What?"

As his hands trembled, Young Master Li dropped his wallet on the ground. He stared at her and questioned.

He heard that a bouquet of roses could cost around 20,000 to 30,000.

But it was the first time he heard of a bouquet that actually cost around 70,000 to 80,000.

He was dumbfounded.

"Are you alright, Young Master Li? Damascus roses are specially planted for the first lady of certain countries. The petals are silky smooth, and these roses have been cultivated professionally before planting, thus they can be kept fresh for almost three months. It's absolutely worth it for 70,000!"

Seeing how Young Master Li was startled by the price, Wang Xiaoti pleaded as she badly wanted the roses.

The pretty waitress hurriedly nodded her head and said, "Sir, your girlfriend must be an expert. She's right! Do you want to pay by card or cash?"

"Cough, I think I don't need these. I just remembered that I have already ordered another bouquet of roses for Xiaoti!" Li Shao's lips twitched and he placed the roses back on the cart.

Wang Xiaoti was disappointed, especially with so many people staring and laughing at them.

It made Wang Xiaoti feel embarrassed.

In fact, she took great pride in comparing with others.

She thought she had finally found a catch. Although Young Master Li was incomparable to the Ordinary Guy, he was considered rich too.

Wang Xiaoti thought she finally could enjoy the life of being rich and pampered.

However, looking at Young Master Li now, it was obviously not the case.

As for Young Master Li, it wouldn't be a problem for him to spend around 20,000 to impress girls. However he wouldn't be able to spend more than that, let alone spending around 80,000 for a bouquet of roses.

Feeling dejected, Wang Xiaoti tried to avoid the mocking gazes from the customers in the restaurant.

As she turned her head to the side, she happened to see Chen Hao laughing at her direction.

He was laughing while talking to his ugly girlfriend.

Wang Xiaoti hit the roof at once.

"Damn it! Chen Hao, what are you laughing at?"

Wang Xiaoti stood up and yelled while pointing at Chen Hao who was sitting at the VIP seat.

Loser, what are you laughing at? You're just pretending to be cool sitting at the VIP seats. How dare you laugh at me?

"Hm? Since when did I laugh at you? I'm looking at the flowers. Does it bother you that much?"

Chen Hao replied in a displeased manner.

Chen Hao had seen that Su Ziyue was fascinated by the flowers, and he was asking her which flowers she wanted. He never thought that he would be scolded by Wang Xiaoti because of this.

"My god, you're looking at the flowers? Do you think that you could buy it?" Wang Xiaoti spoke sarcastically.

Chen Hao shook his head without saying a word.

Instead, he snapped his fingers to signal the waitress who was selling the flowers to come to him.

The waitress pushed the flower cart in front of Chen Hao with a smile.

"How many flowers are here in total?"

“Huh? Sir, are you asking how many flowers there are in the whole cart?” The pretty waitress was stunned for a while and answered in a hurry. “There are a total 1001 stalks of roses here, sir!”

“1001 stalks, which means that they cost around 200,000 right?”

“Yes, sir. Sir...What do you want to do with them?” The waitress gaped, her eyes wide in astonishment.

Su Ziyue realized what Chen Hao wanted to do. She had been staring at the Damascus roses since just now.

She remembered seeing these flowers in a textbook when she was young.

She was enchanted by the flowers as she didn't expect to see the amazing Damascus roses in real life today.

Chen Hao must have noticed that I am fond of these flowers and intends to buy them.

It was too late when she wanted to stop him from doing so.

Chen Hao had already handed over his card and said nonchalantly, “I'll take all the flowers. I'll pay by card.”

“What?”

The waitress was flabbergasted when she heard that Chen Hao wanted all of them.

Wang Xiaoti gulped loudly.

She felt as if she was slapped.

No way! What is this loser trying to do?

I'm sure that he's just putting on an act. Does he have that much money?

However, the sound of a successful transaction after swiping his card had proven that Wang Xiaoti was absolutely wrong. She felt like she had received countless slaps on her face.

200,000!

Oh my God, Chen Hao actually has more than 200,000, and he couldn't care less about spending it at all?

“I'll help you to bring the flowers back and decorate your house beautifully!”

Chen Hao took no notice of Wang Xiaoti's shocked expression and kept talking with Su Ziyue with a smile instead.

After finishing their meal, they left straight away, they didn't look at Wang Xiaoti at all.

Chen Hao's disregard for her made Wang Xiaoti feel extremely hurt.

Oh my gosh, the one whom I have been looking down on is actually so rich!

Ah!

No way, I must figure it out!

Wang Xiaoti pursued him.

However, the only thing that she could see was a familiar Lamborghini leaving. Where was Chen Hao and that girl accompanying him?

Is it that luxury car? My God, the owner of the luxury car has finally driven it. It means that the mysterious young master was here just now! Argh! I should have come out earlier. I might get to know the identity of this young master if I were here earlier!

Wang Xiaoti stamped her foot furiously as she missed the chance of getting to know the young master.

But...

Something crossed her mind at the moment and for a moment Wang Xiaoti was stunned.

Wait a minute, where is Chen Hao?
