

## I Am Born With A Silver Spoon Chapter 145

“Hehe, miss, is the guy sitting in the car in front your boyfriend? Are you checking whether he’s being loyal when he’s out?” the driver said cheekily.

“To be honest, those who always hang around Jin Ling Commercial Street are mostly fickle. Why is that so? Because those who always come here are all loaded!”

“Stop spouting nonsense and follow closely!” the girl instructed coldly.

This shut the driver up and he diverted his attention to tail the car in front of them.

The girl in the car was none other than Lin Jiao.

Why did Lin Jiao tail after Chen Hao?

The story started when Lin Jiao left Homecook Kitchen Restaurant with Su Jie.

After leaving, Su Jie felt his blood boiling from rage and embarrassment. Not only was he given a slap and kicked out in the public, he also offended his backer, Zheng Yue.

Even his brother got jumped.

This was just like losing all your possessions even after sacrificing everything!

It felt really awful.

Who was to blame?

Su Jie blamed everything that happened to him on Lin Jiao.

If it wasn’t for her stirring up rumors that Li Rui was poor, he wouldn’t have made such an impulsive decision and allowed his brother Su Kai to try to blow his brains out.

Su Kai also just found out today that Lin Jiao offended Zheng Yue in the past.

So, Su Kai pinned the name of the culprit onto Lin Jiao.

Naturally, they fought. After fighting, Su Kai ditched Lin Jiao and drove her away.

Lin Jiao was pissed off.

However, she was also wondering, Why did this happen?

Li Rui wasn’t Young Master Li, she was sure of that. This was because she did a background check on everyone in Chen Hao’s dorm the first time they had a dorm party.

She wanted to search for any possible potentials but came up with none. However, Lin Jiao managed to find out that Li Rui came from a poor family.

It was just that after she told Xu Xia about it, no one discussed it.

The only person she didn't do a background check on was Chen Hao because there was literally nothing to check about this poor guy.

Unexpectedly, Chen Hao never failed to give her surprises every time.

Lin Jiao put all the blame onto Chen Hao for everything that happened today.

The only person who could cause Zheng Yue to act like this must be Chen Hao. Even though he was not Zheng Yue's boy toy, there must be something going on between both of them.

Moreover, Chen Hao would always give off a mysterious vibe.

He was not rich, but sometimes it felt like he was even more powerful than other rich guys.

She witnessed it again today!

So, Lin Jiao decided to track Chen Hao to figure out what was going on with him!

She had been following Chen Hao, Yang Hui and the others secretly for a while now!

However, Chen Hao was not aware at all.

It was already evening when she reached the college entrance.

People at the park gradually dispersed.

Lin Jiao walked to her car in the park and prepared to drive it back to the Cloud Mansion.

biubiu !

Beep beep.

The headlights flickered.

Soon after, the car door opened automatically.

Chen Hao walked toward the familiar car and prepared to drive away.

Clank!

He heard the sound of a phone falling into pieces to the ground behind him.

“Oh my god... I was right. It was you all along!”

A woman's disbelieving voice rang from behind.

Chen Hao turned around and was startled.

“What the hell, Lin Jiao, why are your movements like a ghost?”

Just ten footsteps behind him, Lin Jiao was staring at Chen Hao, looking stunned.

She covered her mouth in astonishment. Her phone laying next to her feet had broken into two.

Even her body seemed to be quivering.

“Chen Hao, does this car belong to you? Is this your car?”

Lin Jiao finally reacted and looked at Chen Hao in shock.

Oh my God, that luxurious Lamborghini that captured countless of Jin Ling girls’ hearts belonged to Chen Hao.

A luxury car that cost 18 million.

What did that even mean?

Lin Jiao felt as if she got struck by lightning.

If Lin Jiao had not witnessed this herself, she wouldn’t have believed what was happening in front of her even if she were beaten to death.

The owner of the car was actually Chen Hao, who had been by her side all along.

“Fine, since you caught me, I’ll admit it. This is my car!” Chen Hao said reluctantly and sighed.

“What?!”

Lin Jiao exclaimed and looked as if she was about to cry.

“Alright, if there’s nothing else, I will be leaving. About the car, I hope that you can keep it a secret. If things get blown out of proportion, everyone will not be happy in the end,” Chen Hao added dully.

He was ready to leave.

“Chen Hao, don’t go!”

Chen Hao did not expect Lin Jiao to rush forward and lock him into a hug from behind.

“What the hell! Lin Jiao, are you crazy? What’s wrong with you? What are you even doing?”

Chen Hao felt alarmed and started struggling!

“No! I won’t let go! Chen Hao, I will never let you run away from me again. I love you, I really do! Can you please give me another chance?”

Lin Jiao clung onto Chen Hao’s waist and practically hauled herself onto Chen Hao.

What the hell?!

Chen Hao had seen Yang Xia's gold digging personality and thought he was already immune to girls like these.

However, he did not expect Lin Jiao to be even worse than Yang Xia.

That was right, Lin Jiao really went all out.

With Chen Hao's past, along with the car he drove here, Lin Jiao would believe it if Chen Hao admitted that the car belonged to him.

Why was that so?

Because Lin Jiao was smart. Looking at Chen Hao's car, if you tried to relate it to all that happened in the past, it would make perfect sense.

It was undoubtedly his.

Lin Jiao could also see that Chen Hao was a soft-hearted person. He was never ruthless, and often torn especially when it came to girls.

Thus, she held onto Chen Hao's weak point and decided to risk it all.

"Oh my God, stop it please! My goose bumps are rising!"

Chen Hao begged anxiously as cold sweat started to form on his forehead.

"I will not! I will always follow you unless you give me a chance!"

Lin Jiao wouldn't let go.

This was insane!

Chen Hao hardened his heart and forcefully pried Lin Jiao's hold apart, then took the opportunity to run into his car and lock it.

He then ignited his car engine and was prepared to leave.

Thump!

Upon the sound, Chen Hao saw Lin Jiao leaning over the hood of his car.

"Lin Jiao! What do you want?" Chen Hao yelled in exasperation.

"Chen Hao, let me ask you a question. Besides being rich, do you have any other identity? Can you tell me, please?"

Yes, there was only one answer to Lin Jiao's suspicion.

The rumored, secretive, loaded Young Master Chen was very much Chen Hao!

Otherwise, why would Bai Xiaofei, Zheng Yue, and Li Zhenguo from Hot Spring Villa hold Chen Hao with so much respect?

Oh my God!!!

Plus everything that happened today, and the sports car now!

Lin Jiao started connecting the dots.

The rumored powerful Young Master Chen must be Chen Hao!!!

Lin Jiao shivered in excitement as if she was reaching climax just from wanting to know the truth.

“I’m telling you, I don’t know any Young Master Chen. If you don’t leave now, I’m gonna step on the accelerator! Don’t underestimate my car’s horsepower!”

“I’m not leaving! If you don’t admit it, I will never leave!”

Goddamn it!

Chen Hao became furious and stepped on the accelerator.

However, he stepped on it lightly to prevent Lin Jiao from getting hurt before quickly hitting the brake.

He underestimated the inertia from this action, and the car tyre hit a rock at the same time.

“Ah!”

Lin Jiao flew as if she was a kite that got its string broken.

She crashed onto the ground and lay there unmoving.

“Sh\*t!”

All Chen Hao wanted was to scare her a little. He did not expect an accident to happen at all.

He immediately rushed out from his car to check on Lin Jiao.

Due to the blunt force on her hindbrain, Lin Jiao had lost all unconsciousness.

He tried patting her cheeks to wake her up.

“Lin Jiao, please stop scaring me! Are you okay? I didn’t mean to hit you like that just now!”

Chen Hao felt guilty.

He was no saint. However, no matter how much he hated Lin Jiao—sometimes even to the point of wanting to slap her—he would never wish anything bad to happen to her that might cause her to even risk losing her life.

He glanced at Lin Jiao's agonized face.

He quickly lifted her then secured her in his backseat and sped off to the hospital... [REDACTED]
