

I Am Born With A Silver Spoon Chapter 156

"I didn't know that Chen Hao was this good at acting! Haha, if we hadn't met him today, maybe he would have stopped by every mobile phone store and pretend to buy a phone!"

"That's right, and he won't even buy it in the end. Sigh, I've seen many posers like him!"

Two of his highschool classmates said in disdain.

"Chen Hao, I hope you will be more pragmatic in the future. Your family conditions are worse than others and you will have a harder time at the starting point in your career. Even someone like Young Master Ding does not dare to buy it. Why are you still pretending?" said Li Shihan.

To be honest, at first, her whole attention was on Ding Hao.

She didn't even notice Chen Hao.

Now that Chen Hao had been ridiculed by Ding Hao, Li Shihan couldn't help but follow suit and scolded Chen Hao.

She even shook her head in disdain after scolding him.

Su Ming suddenly came to stop Ding Hao and started to promote the phone. "Young Master Ding, why are you here? I spoke to my leader just now and we've decided to give you a 2,000 discount for that phone if you buy two. However, Young Master Ding, you have to promise me that you will refer more customers to me in the future. If not, I will be badly scolded by my leader!"

She was really good at selling. Those who didn't know the situation would have thought that she was at loss.

Furthermore, even Chen Lin and Li Shihan were tempted.

Although Ding Hao was troubled, there was a way for him to shift her attention away. He quickly shifted the topic to Chen Hao. "Ahem, wait a moment, Su Ming. I am not a tyrant. The real tyrant is here. Hahaha, he wants to buy this mobile phone that costs 28,888. It's better for you to promote your product to him!"

"Huh? Him? If he can afford it, I'll slap myself in public, hahaha!" When Su Ming saw that it was Chen Hao, she let out a laugh. She then said, "Hey, Young Master Ding, don't change the subject! Come quickly to our store and have a look!"

At this moment, the promoter in the shop said softly, "Miss, it's stipulated in this mall that we can't undercut the other stores!" She was rather nervous.

"Haha, are you new here? Everyone here in this mall knows my name, Su Ming. If you don't know, go and ask around. If you don't shut up, I'll find someone to teach you a lesson after work!"

The new promoter was upset and remained silent.

Chen Hao ignored their taunts and said, "Miss, can you please help me pack one more of this phone? I'm going to buy two!"

Why did he do so?

It was because Chen Hao just remembered that Su Ziyue's phone was quite old. Since he had already bought one, he might as well buy another one and give it to Su Ziyue.

"Damn! Did you hear that? Hahahaha, is he buying two?"

Everyone was laughing when they heard that.

Even Su Ming was watching Chen Hao with interest. Where was this idiot from? Was he a joker?

But the promoter took another phone for Chen Hao in all seriousness.

Chen Hao took his mobile phone and scanned the payment code. Ding!

"Payment successful. You have received the payment of 57,776!"

"Fu*k?"

"What?"

They were dumbfounded when they heard the clear message prompt from the system.

Especially Ding Hao, who was laughing while holding his stomach. When he heard that the payment was successful, his waist was still bent. However, he quickly stopped laughing and looked at Chen Hao with a shocked expression.

Chen Lin and Li Shihan's mouths were slightly ajar, and they were short of breath.

They had looked down on Chen Hao all this while. But, unexpectedly, Chen Hao bought two of the most expensive phones without batting an eyelid.

Where did Chen Hao's money come from?

Su Ming was shocked too. She felt her cheeks burning from embarrassment.

"Chen Hao, how did you get the money?"

Chen Lin grabbed Chen Hao's arm when she saw that Chen Hao wanted to leave after he took the mobile phones.

Sh*t! As a teacher, her salary was only five or six thousand a month. Chen Hao had just spent one year's worth of her salary in a second to buy mobile phones.

This was just unbelievable!

Was it possible that Chen Hao had won the lottery?

How much had he won then?

Obviously, both Chen Lin and Li Shihan were very concerned about this issue and they were very anxious to know the exact answer.

It didn't matter if he stole the money or robbed someone. He just needed to tell everyone that he didn't get this money from winning the lottery's grand prize.

Otherwise, they would feel extremely uneasy!

"I have something to do, so please excuse me."

Chen Hao was too lazy to answer this question. Why should he tell them?

He turned around coldly and left them stupefied.

After he came out, Chen Hao immediately used his new mobile phone to call Li Zhenguo.

He told him about his situation. It would be better for Li Zhenguo to pick him up and talk about it in person so that they could solve it as soon as possible.

Li Zhenguo was shocked when he heard the news.

He didn't dare to waste a single second.

Chen Hao hung up the phone and sent him the location. Then, he went to Su Ziyue's house.

Chen Hao was stunned when he passed by the gate of Hope Elementary School.

There was a large group of people surrounding the entrance. There was even a fleet of luxury cars blocking the road.

Next to the luxury cars was a smashed cab. There was also the sound of someone howling from the middle of the crowd.

Obviously, someone was being beaten.

Chen Hao thought that the luxury car looked familiar and his blood ran cold. Didn't this belong to Xu Dayuan?

He had found them!

As for that smashed cab, Chen Hao recognized it as well because it was the one that he took here!

The crowd was watching.

Chen Hao's face was tense. When he looked through the crowd, he could see that the cab driver was being beaten although some people were blocking his view.

His face was full of blood and he was laying down on the ground.

“F*ck. Tell me, where is that bitch and that stinky kid that you picked up?”

There was a cold roar from Xu Dayuan.

The driver lay on the ground and pleaded, “Mr. Xu, please let me go. I really don’t know. If I knew, I would have told you!”

“They got off here, and I don’t know where they went after that!”

“F*ck, you still don’t want to tell the truth! Hit him!”

Xu Dayuan’s followers took their sticks and whacked the driver.

The beating lasted a few more minutes, and the crowd even got goosebumps because of the violence.

The driver’s answer remained the same up till the moment he passed out from the beating.

Chen Hao was watching from the side. His whole body was trembling with rage.

At the same time, he was touched by the driver.

Why was he touched?

It was because the driver had sent Chen Hao and Su Ziyue to the gate of the shanty town. How could he not know where he had gone?

Obviously, this driver didn’t want to tell them anything.

Xu Dayuan cursed, “Sh*t, find me this driver’s family right away. He must know where they went. F*ck, playing dumb with me huh? If he still doesn’t tell me, just take care of his whole family then!”

“Listen! Has anyone met a beautiful woman with a child, and a young guy in his twenties? Tell me and the Xu family will grant you a big reward. Otherwise, you’ll end up being like him!”

Xu Dayuan pointed at the driver and said, “Hmph, break his hands and legs now!”

“Stop!”?????
