

I Am Born With A Silver Spoon Chapter 169

“When did they open? Why haven’t I heard of it?”

Meng Cairu started sobering up and asked with a hint of suspicion.

Earlier at Li Feihong’s territory, he mentioned that Li Feihong had invited them to dine in at Homecook Kitchen Restaurant, something about apologizing.

Meng Cairu did not think too much about it.

Moreover, the black Rolls-Royce gave her a familiar feeling that she couldn’t place.

And that was why she came.

However, Meng Cairu could not help but feel uneasy when the driver mentioned about heading to West City.

The West City were mostly factory areas, and there were almost no recreational places there. Why would Homecook Kitchen Restaurant set up a new branch at that kind of place?

“They launched just a few days ago and I heard the food there tastes great! Moreover, when I was on the way, General Manager Li also reminded me to inform you guys that he’s sorry about the improper treatment last time at Imperial KTV. So, this time, a special feast will be prepared!” the driver said.

“If so then why wouldn’t General Manager Li call to inform us earlier?” Han Siyu questioned.

“Haha, how would I know? When we reach, you guys can ask Li Feihong yourselves!” The driver laughed a little.

“Why would you call General Manager Li by his name?”

Meng Cairu was sure that there was something not right about the driver.

The driver heard her but only responded with awkward laughter.

Suddenly, the car started speeding up. Then, it took a big turn and went straight onto the highway toward the West City.

Due to it being a factory area, there weren’t many cars around; just street lights illuminating the road.

Meng Cairu’s gut feeling told her that something wasn’t right.

“Hey mister, I don’t feel really good right now so I don’t think we can make it today. How about you just send us back now?”

That won’t do!

Something felt off about this. If the driver didn’t mention that they were going to the Homecook Kitchen Restaurant on Jin Ling Commercial Street, the few of them wouldn’t have entered the car in the first place.

Moreover, the driver started speeding and left Jin Ling Commercial Street before any of them could even question him.

On top of that, the driver's behavior is also very erratic.

Meng Cairu started worrying.

"Come on! Since we are reaching already, let's just go take a look!" The driver chuckled and insisted.

"No! I said no! Do you hear me? We want to get down now! I want you to stop the car right now!" Han Siyu instructed coldly.

The driver pointed to the rearview mirror and said, "I can't possibly stop now! Look! There's a car behind us, if I slow down now, the car will ram into us! Moreover, General Manager Li is waiting for you guys there already!"

"Hmph! I will talk to General Manager Li myself!"

After saying that, Meng Cairu tried calling General Manager Li again. However, the phone call was still unable to get through.

How could this be?

Boom!

Just then, the driver abruptly jerked the steering wheel. The car drifted and went down the slope next to the side of the road.

Meng Cairu and the others felt sick and dizzy from the sudden movement of the car.

"We are not even going to Homecook Kitchen Restaurant! Who are you?!" Meng Cairu roared in anger.

However, the driver ignored her.

He proceeded to press on his ear piece and said, "Roger, roger. The targets are in the car. I've also got two more beautiful girls here with me. We have reached. Over!"

"Who exactly are you? Are you kidnapping us?!"

Du Yue, who sat in the front passenger seat was terrified.

It looked like the driver was driving toward some abandoned buildings.

This reminded her of scenes from the movies.

"God damn it! Stop the car! I said stop the car right now!"

Du Yue pulled on the driver's arm in a crazed manner.

Pak!

A sharp sound echoed as the driver hit Du Yue across her face, leaving her dishevelled and knocked out in her seat.

The driver finally stopped the car.

Then, four to five guys came out from the car behind while three others came out from the abandoned building.

They forcefully dragged Meng Cairu and others out of the car before they could even react.

This was a kidnapping, a premeditated one!

“Hello? We’re being kidnapped! Please help us! We are at—”

Right at this moment, Ma Xiaonan shouted at her phone.

However, before she could even finish her sentence, one of the bodyguards snatched Ma Xiaonan’s phone before smashing it on the ground.

What came after was a slap to Ma Xiaonan’s face.

“What the f*ck, how dare you call someone? Third bro, is this how you do your job? Confiscate all their phones now!”

“Give it up! Hand it over now!”

With all the bodyguards on the move, even the phone that Han Siyu hid to call for help was confiscated before she could even react.

“Hmph! I want all of them tied up before the boss gives the next order!”

As soon as the order was given, Meng Cairu and the rest were tied onto chairs in the abandoned building.

“Haha, all of them are so pretty! Maybe if the boss plans to have some fun today, he might share them with us too!” one of the bodyguards exclaimed.

“Let’s go brothers, we have to go down to greet the boss now. You! You! and You! I want the three of you to stay here to watch guard. You better watch them closely before the boss reaches. If I catch any of you doing anything to them, the boss will slice off your p*nises!”

The three bodyguards nodded immediately.

The others started making their way down.

However, the three bodyguards couldn’t resist the beauty of the girls and went to play games by the entrance in order to suppress their lust.

“Xiaonan, Xiaonan, did your phone call get through just now? Siyu what about you?”

Meng Cairu asked, her face as pale as a ghost.

Han Siyu shook her head tearfully. "I didn't, they took my phone before I managed to make a call. Miss Meng, what should we do now? I am an online celebrity, they can't do those things to me! Sob sob!"

Du Yue, whose busted lip was bleeding, started blubbering out of fear as well.

It didn't matter how calm and collected a girl usually was, in a situation like this—it was hard not to be terrified.

"Miss Meng, I am not sure whether my call was connected, but I think it was? Which was why I shouted earlier," Ma Xiaonan definitely sounded much more collected than the others. However, she was also breathing heavily.

"What? Who did you call?" It was as if everyone saw a lifeline.

To be honest, all of these girls were college students after all.

They did have some sort of rationality.

They sensed something was wrong when the bodyguard hit Du Yue and fixed his attention on Meng Cairu.

Han Siyu and Ma Xiaonan immediately tried to call for help using their phones.

In reality, Ma Xiaonan had reacted the fastest. She had sensed something was wrong when the car started going off the slope and had started calling as soon as it happened.

Although undeniably, everyone had their hopes on Li Feihong when Meng Cairu tried to reach out for him on the phone.

Who would have expected that the phone call couldn't get through several times.

"I called Chen Hao!" Chen Hao's contact was the first that popped out when Ma Xiaonan turned on her phone. She couldn't care less to nitpick on who to call especially when the situation was so urgent.

"What? You called Chen Hao?"

Meng Cairu was disappointed.

"Why did you call that useless loser? What can he do with his pig brain?!"

Han Siyu tensed up and started cursing.

"It's all over! I don't want to die!"

Du Yue cried out.

"Stop whining already! Six! Get some tape over here and shut them up! There will be plenty of chances for you guys to shout all you want later! Hahaha!"

The bodyguard laughed lustfully.

At the same time.

At the boy's dorm.

Chen Hao was still holding his phone in shock.

Just three minutes ago, Ma Xiaonan gave him a call. It rang for awhile because Chen Hao was still showering.

However, just when the call was picked up, he was met with Ma Xiaonan's shouts.

Chen Hao couldn't completely understand what she shouted.

However, he was sure it was something along the lines of "I had been kidnapped!" before the call ended.

What in the world is going on?

Chen Hao tried calling back but to no avail, the phone was already turned off. When he tried to contact Meng Cairu and the others, he found out that their phones were turned off too.

Were they too high from having fun?

Chen Hao thought.

Anyhow, he was still worried about them. Knowing that they will be at Imperial KTV, Chen Hao tried contacting Li Feihong.

However, the line was busy.

Chen Hao tried contacting Li Feihong again with his private number. Luckily, his call was connected in no time.

"Young Master Chen, have you not rest yet?"

"Nah, why was the line of your working number busy? Are you still at Imperial KTV?" Chen

Hao asked.

"Don't even mention it, Young Master Chen. I'm still checking. Just forty minutes ago, my phone was blasted with phone calls every two minutes. I'm now at Imperial KTV to investigate who is behind this!"

"Alright. Meng Cairu, Han Siyu and others are at Imperial KTV too. Can you go around to check on them now?"

"Alright!"

Chen Hao waited on hold for three minutes before Li Feihong said, "Young Master Chen, they were picked up by someone twenty minutes ago!"

“What? Quick! Check the surveillance now. Who picked them up?”

Chen Hao sensed that something wasn't adding up.

Li Feihong was not stupid either. He knew that something might have happened.

Immediately, all surveillance tapes on Jin Ling Commercial Street were retrieved.

Li Feihong said anxiously, “Young Master Chen, from what the surveillance cameras captured, they were picked up in a Rolls-Royce. However, the car had sped off to West City!”

“Sh*t! Is it possible that Ma Xiaonan and the others were actually kidnapped?”

Sweat started forming on Chen Hao's forehead.

“Quick! Inform Li Zhenguo and Zhao Zixing to meet me at Imperial KTV, I am on my way now!”
