

I Am Born With A Silver Spoon Chapter 266

Chen Hao felt pretty anxious because this matter should have been settled two days ago. It had been delayed because of that incident with Li Xiao. That was why it had been dragged until now.

Because some of the places had been picked out by Chen Hao, he came personally.

Once Chen Hao entered the sales office building, he ran toward the sales desk.

Whereas that agent from before immediately looked both embarrassed and disgusted when Chen Hao came in.

She was embarrassed because she had thought he was an innocent fool with no money who could be scammed easily. When Jiang Ranran had accompanied Chen Hao to buy a house that time, she had asked Chen Hao to take out a loan and whatnot with a cold attitude.

After all, he wasn't a big client.

However, she was humiliated the next day because Chen Hao didn't even take a loan, but paid the full price for it immediately.

Without taking a loan, the agent's commission would be low.

That was why she became even meaner after that, and she even scolded Chen Hao, "Are you stupid? Why didn't you take the loan, you idiot? You don't even know how to spend your money properly!"

It was a pretty harsh scolding.

In the end, Chen Hao had just thrown a bunch of money on the floor and said, "Hurry up, don't waste my time!"

Everyone in the sales office was stunned.

The crowd had looked at her disdainfully, which caused her to lose face.

At this moment, when she saw Chen Hao again, her emotions were complicated.

"I want to ask you about the property! Apart from that, I also want to ask why you ignored my messages or calls! Am I no longer your client after buying one house?"

Chen Hao half-yelled at the agent who he dealt with the last time. He wanted to know how much it would cost for him to buy a whole building, but she had been ignoring Chen Hao for the past two days when he messaged him. This made him extremely angry.

"Hehe, what is it? Why, have you finally decided to take out a loan now? Sorry, I can't change it for you. Also, if you want to renovate your house, you need to wait for your deed to arrive. Alright, I've answered everything you wanted to ask. Is there anything else? If there isn't, then I'll be serving other clients! I don't have the energy to keep talking to you!" The agent, Li Yue, glared at Chen Hao.

This made the other salespeople start giggling.

They were all watching the drama unfold.

Who didn't know that Li Yue enjoyed scolding people the most out of all the salespeople?

This person had humiliated her the last time he was here, so she was bound to get her revenge.

After Li Yue finished speaking, she arranged her folders roughly and stood to another side to write her notes.

"What kind of attitude is this? I'm your client, do you know that?" Chen Hao immediately scolded her.

"Hehe! What attitude of mine? What kind of attitude would you like me to have? You just made a full payment for a house. How pretentious can you be? It's not like I got a lot of commission from you, anyway. All I got was around 2,000. If you want it, I'll give it back to you! Don't think of being my client anymore, hmph!"

If only he had taken a loan. Then, her commission would have been larger.

But without a loan, her commission was only that much. Apart from that, selling a house with a loan would get her a good bonus. So, if Li Yue's clients didn't take a loan, then her monthly bonus would even be reduced.

"Where's your manager? You just act like this and no one cares?" Chen Hao did not expect Li Yue to be daring enough to give clients attitude as soon as they walked in.

He was boiling with rage now.

The people at the front desk were smiling bitterly with their heads down, not answering Chen Hao's question.

Obviously, not many people cared about Chen Hao.

"Li Yue, what's going on? You made the most sales last year, so why are you arguing with an unimportant person?"

At this moment, a middle-aged couple walked in.

The people at the front desk all stood up and greeted them with a smile. "Mister Li, welcome!"

"Miss Li, you became even prettier!" The salespeople buttered her up.

Li Yue was saying happily, "Mister Li, it's all his fault! If it wasn't for my cousin who asked me to help him out with buying a house, I wouldn't have cared. Mister Li, how many houses are you buying today?"

Mister Li was involved in renovating apartments. He usually bought the units and changed the three-bedroom, two-hall layout into a six-bedroom unit, then rented it out.

Naturally, he became the favourite person to these sales office workers.

"I just want to buy one for now. Help me process it quickly!"

Mister Li smiled and held his wife close, the two of them looking at Chen Hao disdainfully.

Some people were just this way. When they saw themselves being treated nicely and being respected, and when they saw the other person getting treated badly, they naturally felt a sense of superiority over the person.

On the other side was the VIP section.

Li Mingxue, Chen Lin, Li Shihan and the others had witnessed everything that had just happened.

At first, Chen Lin had wanted to go over and say hi, but Chen Hao had started arguing with the agent.

That was why she didn't go over.

Now, it was even more embarrassing. Chen Hao had just been ignored by other people, and to go over there now to greet him would only make him feel worse.

So, they just stayed at the VIP area and watched.

At this time, Li Yue came back with the contract for Mister Li, her face still full of rage.

At the same time, she was holding some other forms.

Behind her, a quiet girl followed.

"Hmph! Zhang Meng, this client is yours from now on. Let's change the information on this contract to your name! Also, I will transfer the 2,000 to you later. From now on, you're in charge of dealing with him! Sigh, what a pain!"

Li Yue watched Zhang Meng change it carefully, and after glaring at Chen Hao once, started introducing the house layouts to Mister Li with a smile.

"Mister Chen, I will be your agent from now on. If you have any problems, y-you can look for me!"

Zhang Meng looked pretty young, maybe around twenty years old? She probably just started here, and looked quite fresh.

She was looking at Chen Hao as she spoke, nervousness written all over her face.

After looking coldly at Li Yue once, Chen Hao smiled at Zhang Meng lightly. "Alright, please show me the layout for blocks B1 and B2. I want to take a look."

"Alright, sir. I will introduce them to you briefly." Zhang Meng nodded seriously.

"Hmph! Zhang Meng, he has already bought a house. He's purposely causing trouble for you, so why do you bother with him? Just ask him what business he has here, and if he has, ask him to get to the point. If he doesn't, he can just leave. Don't waste time!" When Li Yue heard this, she immediately said this scornfully.

“Li Yue, why argue with these people? Hehe, it seems like he has only bought a few houses before and wants to hear about everything now. I’ve seen many people like this!” Mister Li laughed.

“Sigh, don’t even start. The house prices in our Ping An County have risen so much. The fact that a person from the countryside can afford to buy a house is already very impressive,” Miss Li said sarcastically.

But Zhang Meng still found B1 and B2’s layout information for Chen Hao to take a look at. B1 and B2 had just been launched and no one had bought it yet.

She also patiently explained everything.

After Chen Hao finished looking, he closed the brochure and said, “Alright, I want both blocks B1 and B2! Let’s sign the contract!”
