

## I Am Born With A Silver Spoon Chapter 368

"Is there something wrong with you?" Chen Hao blasted.

"Hmph! So what if Fei lost this battle? Why are you so excited? Why don't you take a look at yourself? If you have the guts, go on and take the stage!" Xu Yangyang berated.

It was as if she was pouring out all of her rage onto Chen Hao.

Suddenly, she grabbed a bottle of mineral water and splashed it directly at Chen Hao.

Fortunately, Chen Hao dodged it. At that moment, he was extremely infuriated but held himself back from slapping Xu Yangyang.

Just then, a group of classmates rushed over to them and dragged Xu Yangyang away in order to prevent a brawl from happening.

On the other hand, Hu Huimin took a glance at Chen Hao, who was being mocked, before diverting her gaze to Shen Junwen who was standing in the limelight. Indeed, there was not a single time that Shen Junwen let them down.

At this moment, a referee got onto the stage and walked toward Shen Junwen.

He then complimented Shen Junwen, "I've never met a young man like you who could display such classic and aesthetic moves. This is certainly as expected from a champion of Jiang Nan province's youth team!"

The referee seemed almost in his forties and was probably a well-known person in this industry.

Shen Junwen shook his head with a bitter smile.

"You consider this a classic and aesthetic move? Someone might have never seen a true classic move!" Suddenly, a girl's voice full of dissatisfaction rang.

Upon hearing this voice, everyone became silent at once and looked at that girl.

That girl was none other than Fang Yi.

Initially, Fang Yi and Fang Jiannan planned to leave after the battle was over.

However, the flattery of the referee toward Shen Junwen and the cheers from the crowd made its way to Fang Yi's ears.

In the beginning, Fang Yi did not feel repugnance toward Shen Junwen even if Liang Fei had lost the battle.

However, her repulsion started to grow when Fang Yi heard that compliment.

Even if it was a praise, it was obviously too much.

Everyone who knew these two 'goddesses' muted themselves at this moment and watched quietly at the scene before them.

"Enough. Stop talking now!"

Fang Jiannan tugged gently at Fang Yi's arm and signaled her to leave.

"If that's the case, have you ever seen a true classic move? Some people can be so jealous," Hu Huimin was the one who spoke.

Of course she was unhappy seeing someone criticizing Shen Junwen. Besides, she had no idea of the ability of these two girls.

"Of course. In her eyes, the provincial champion is nothing but equivalent to a beginner student's level!" Fang Yi pointed at Fang Jinnan as she spoke.

She then added softly, "Jiannan, battle with him and teach him a lesson!" Fang Yi said out of anger.

Of course, Fang Jiannan would not battle with him. After all, she would have participated in this kind of competition if she was interested.

Unfortunately, she had yet to meet a worthy opponent.

Therefore, she shook her head to refuse and was about to leave.

"Don't leave now. Battle with him if you are really that capable!" Hu Huimin smiled smugly.

"Huimin, stop it. I won't battle with a girl. You know that too, I've never hit a girl!" Shen Junwen smiled bitterly as he spoke.

Unexpectedly, Fang Jiannan stopped at once when she heard that.

She then turned back to look at Shen Junwen.

"Alright. I'll battle against you!"

It was all because of a phrase by Shen Junwen, 'never hit a girl'. Why was it that some boys thought that girls were doomed to be weaker than boys, and that girls would never outperform boys in anything?

And this was also the reason why she and Fang Yi were never qualified to participate in their family matters.

Since young, Fang Jiannan hated this sentence. Therefore, she changed her mind and agreed.

"Yay!" Fang Yi screamed in excitement.

"The goddess is going for a battle?"

"Oh my! This is the real highlight!"

The atmosphere was jazzed up again.

Shen Junwen shrugged his shoulder helplessly at the audience, signaling to everyone that he was up for the challenge.

Soon, Fang Jiannan returned to the scene with a change of uniform.

Her style changed again after tying up her hair into a ponytail, causing all the boys to be allured. Even the girls were jealous of her.

Chen Hao stared fixedly at Fang Jiannan.

He did not expect Fang Jiannan to also be skilled in these.

On the other hand, Shen Junwen's action roused the hisses from the audience.

To everyone's astonishment, he took out a black strip cloth and covered his eyes.

It was absolutely domineering and doughty!

After that, Shen Junwen made a beckoning gesture at Fang Jiannan. "You may attack now!"

Fang Jiannan did not express any feelings or words toward such apparent contempt.

With a rapid sprint, she launched a swift and violent roundhouse kick.

Bang!

With a loud hit, she had kicked Shen Junwen right on the face.

Shen Junwen did not even have the time to block the attack. Following that kick, he went spinning in mid-air and crashed harshly against the floor.

The landing was rapid and violent.

Upon witnessing this scene, everyone gasped in great shock.

Shen Junwen got up from the floor embarrassedly and took off the cloth from his eyes.

He then stared at Fang Jiannan in terror.

Even Hu Huimin was dumbfounded because this girl was genuinely skillful.

At this moment, Fang Jianan made a beckoning sign at Shen Junwen who was standing with weak knees, inviting him to attack.

This action infuriated Shen Junwen, so he dashed toward her.

Bang!

However, before he could get to Fang Jiannan, she had launched a reverse spinning kick. Shen Junwen flew backward across and out of the stage, like a kite with a broken string.

Everyone gaped at this scene with disbelief.

Even Chen Hao was completely astounded.

That was beyond awesome!

Shen Junwan was quite skillful, but he could not withstand a single move from Fang Jiannan!

He even caused himself to be in such a humiliating situation.

“Junwen!”

Xu Wentao and the others rushed to Shen Junwan, who was covering his chest and was unable to stand, and propped him up.

Shen Junwan was drenched in cold sweat due to the tormenting pain, yet his face was full of awe.

Even Liang Fei’s heart was filled with admiration and reverence.

“Excellent moves! You are so amazing!”

Xu Yangyang saw that Shen Junwan, who had just defeated Liang Fei, was humiliated by the girl from the class next door, so she stood up and applauded although Shen Junwan was her brother’s best friend.

Her actions stirred the entire court.

“Even the most skilled person couldn’t stand a chance against her. I feel that you boys are just mediocre. How boring!” Fang Yi said complacently.

“Who else refuses to accept this failure? You are welcome to battle against her!” Fang Yi added.

All the boys bowed their heads upon hearing her provocation. Obviously, they were terrified.

Xu Wentao was also afraid to take the stage. After all, even the mighty Shen Junwan was defeated.

“Yeah. Chen Hao, aren’t you quite good at this too? Why don’t you accept the challenge?” At this moment, Xu Yangyang turned to look at Chen Hao behind her and mocked scornfully.

“Some people are just idiots. Didn’t you applaud and cheer for Shen Junwan just now? You don’t even have the guts to clap now, right?” Xu Yangyang continued.

As if mocking was not enough, she moved her foot and stepped onto Chen Hao’s foot. It was not clear whether she did it deliberately or accidentally.

She was wearing wedge heels, and the pain caused by her step was piercing, causing Chen Hao to grimace in pain.

“F\*ck off!”

Out of anger, Chen Hao lifted his leg and sent a kick to Xu Yangyang's butt. Following that, she fell flat onto the floor.

"Chen Hao! H-How dare you kick me?"

Xu Yangyang did not expect Chen Hao to hit her. Now that she was kicked onto the floor in public, she went berserk.

"Tao! H-He hit me!" Xu Yangyang cried at Xu Wentao.
