

I Am Born With A Silver Spoon Chapter 388

“Let me tell you, my car is also a Mercedes Benz and it’s certainly more expensive than your business class Mercedes. You won’t get away with anything lower than 300,000 for this accident today!”

“Plus, 300,000 is just the car repairing fee. Don’t forget about the compensation for the damage to my mental health. Moreover, I need to rush to an event today. If I were to miss this event, do you know how much I would lose? It’s more than 200,000!”

This girl seemed young, looking almost the same age as Wang Xiaohua and the rest.

Yet, she acted haughtily because she was rich and her speech rendered Wang Xiaohua and the others dumbfounded.

“It’s just a small collision to the back of your car. Don’t you think it’s a bit unreasonable to ask for that much? Where could we even gather this much money for you?” Lin Shengnan rebutted anxiously.

Indeed, 500,000 was not a small amount for them.

It all happened because Lin Shengnan was slightly nervous when she was driving just now. So, as she was avoiding a large vehicle, she accidentally bumped into the rear of this expensive Mercedes.

“I didn’t say that you need to pay for this. Didn’t you mention that you are driving someone else’s car? You don’t have money, but the owner of this car must be wealthy. I’ll wait for the owner. I’ll have you know, none of you can leave now!” said the girl.

At this moment, the girl’s friend walked toward them. “Let it pass. We came to have fun after all. Just ask them for some compensation and it’s good enough!”

“Let it pass? No way! I’ve been upset for these two days, so I won’t let it go so easily. Now that I’ve met someone wealthy and stupid, I must make the most out of it!” the girl refused in a low voice.

She then dialed her phone while walking to the roadside to make a call.

“Fatty, have you called him?” Lin Shengnan asked Wang Xiaohua.

“Yes I did. This place is not far from his house, so he said he’ll be here in a minute. Sigh, we were almost reaching the house anyway, what was there for you to be nervous about?” Wang Xiaohua reprimanded Lin Shengnan.

“I told you I didn’t mean to, so why are you still scolding me?!” Lin Shengnan said with teary eyes.

“Idiot!” Wang Xiaohua blasted this last word and finally stopped talking.

They were all crouching by the roadside while waiting.

At this moment, the crowd of onlookers started to gather around.

“Oh no, this crash looks serious. Is this luxurious car new? I feel so sorry for that young girl!”

A few men noticed that the victim was a female driver who looked gorgeous and playful, so they figured she was one of those wealthy women who loved to have fun.

Therefore, some cheap ideas appeared in their mind, and they approached that girl to try their luck.

At this moment, that girl finished her call. "Exactly. This car is brand new. 300,000 for the car repairing fee plus 200,000 for the medical fee for my mental health is already considered quite a small amount. After all, this is a new car! Speaking of which, has the car owner arrived? Didn't you say that he stays near this area? It shouldn't take long for him to come here!"

"He'll be here any minute now!" Wang Xiaohua replied.

Suddenly, an onlooker interrupted. "Miss, could they be lying to you?"

"Huh? What do you mean?" the girl asked in bewilderment.

"This area is the residency of the wealthy in Chengdu. How should I say this? Those who stay here worth over 100 million to a billion. If it wasn't for the scenic view of the park here, we won't even step foot into this area. Besides, the Mercedes that bumped into your car costs only around 400,000. None of the bosses that stay here would drive this kind of car," the onlooker explained.

"Sounds about right. Am I being conned? Hmph! Let me ask you guys, which residency does your boss stay at?" the girl asked with a snort.

"Chengdu Auspicious Time Villa!" Wang Xiaohua answered.

"Hahaha! That's hilarious! Oh god, this brat has the guts to lie about this. Auspicious Time Villa is the most expensive villa in Chengdu. One villa alone cost around 80 million. Those who live there will never drive a Mercedes!"

"I know. These brats must be trying to put the wind up you, Miss. After all, those who stay in Auspicious Time Villa are not to be messed with!" The few onlookers roared with laughter.

Apparently, the girl had also heard about the Auspicious Time Villa, so her anger snapped. "Are you nuts? Let me warn you, with every minute of delay, you will have to pay more for the damage you're causing to my mental state! Don't even think of scaring me. My boyfriend also knows someone from Auspicious Time Villa. With just a call, I will know who your boss is!"

Wang Xiaohua was bottled up with rage.

At this moment, Wang Xiaohua stood up excitedly and pointed to a direction. "He's here!"

At once, the girl and the onlookers turned to look in that direction.

"Are you lying? Which is your boss?" the girl asked.

"The one with the cap who is riding an electric three-wheeler!" Wang Xiaohua answered in a helpless tone.

In his heart, he was perplexed as to why Chen Hao would ride a three-wheeler here.

"Are you kidding me? That is your boss? You must be lying to me!" The girl flew into a rage.

Even the crowd of onlookers were convulsing with laughter.

On the other side, Chen Hao was riding an electric three-wheeler while looking in their direction. He saw a group of people laughing hysterically and it was rather a lively scene.

Sigh. He had no choice either.

Chen Hao did not bring his car out and he would always arrange for drivers beforehand for every trip.

But since this was a sudden event and the destination was not too far from the villa, he felt it was unnecessary to call the driver to fetch him for such a short trip.

Coincidentally, there was an old couple living in the villa next door and he was familiar with them.

The old man of the couple was sent by his son from their hometown to look after this villa. Perhaps the old man was used to an electric three-wheeler, so his son bought him one specifically designed for senior citizens.

Since Chen Hao had urgent matters, he borrowed the electric three-wheeler from the old man.

To his surprise, riding an electric three-wheeler was quite a cool experience.

At this moment, Chen Hao stopped the scooter abruptly at the spot of the accident and took off the peaked cap from his head.

Meanwhile, the girl thought that she had finally met with a pushover, thus she was prepared to make the most out of it.

However, when she saw Chen Hao's face, she was shocked. "Oh my! Chen Hao? It's you!"

"Chen Hao?" the girl's friend who was advising her earlier shouted in astonishment as well.

"Wang Wen, Hou Xiaoxia, it's you guys?" Chen Hao was taken aback as well.

It's so unexpected that Lin Shengnan crashed into Hou Xiaoxia's car! What a small world for foes!

On the other hand, Hou Xiaoxia was elated.

She thought inwardly, Finally, this is my chance. After seeing Chen Hao riding on an electric three-wheeler, she further confirmed her supposition from yesterday.

"Chen Hao, although we know each other, this luxurious car belongs to my boyfriend and it is expensive. If it's mine, I might let it pass because of you. Unfortunately, it's my boyfriend's car. So, I'm sorry but you need to pay the full amount of 500,000 as I mentioned just now. It should not be a penny lesser!"

"Geez! Xiaoxia, what are you doing? Chen Hao is our classmate!" Wang Wen hurriedly tried to convince her.

“I don’t care! You have to compensate since you crashed into my car! Besides, it’s Chen Hao. Even President Guo had to drink a toast to him! Plus, Chen Hao’s childhood friend works in an automobile company. He’s so mighty, so why would Chen Hao be bothered about this little amount of money? Am I right, Chen Hao?”

Hou Xiaoxia continued to mock, “Besides, they said that Chen Hao lives in Auspicious Time Villa. Do you know what that means?”

Just when Chen Hao was helplessly looking at Hou Xiaoxia, who would not stop her taunts, his phone rang suddenly...
