

## I Am Born With A Silver Spoon Chapter 607

Chen Hao did not explain himself.

Since the Guo Family dared to slander him in front of everyone, he was sure that the evidence for the injured children was already being fabricated.

To accuse someone in such a short time, and with such intricate plannings, it seemed like the father and son in the Guo Family had been doing similar things all this while.

They were planning to use the power from the Shen Family to kill their own enemy.

“Someone come and make this guy a cripple!” Young Master Shen instructed coldly.

Around ten bodyguards immediately stood forward to deal with Chen Hao.

“Wait, there must be some misunderstanding! He would never do such a thing!” Su Ranran stood up and said.

Both Su Chuchu and her had seen how Chen Hao stood up for justice yesterday. How was it possible that he injured children and stole the vendors’ goods?

Moreover, Chen Hao had been sharing his location with Su Ranran for the entire day. She was notified of Chen Hao’s location so that it was easier for them to make arrangements.

And he had always been sitting in a taxi near the hotel.

How is this possible?

Su Ranran was confused. They must have gotten the wrong person.

“Hmph? Miss Su, why are you so sure?” just then, Guo Xing stood up and asked.

“Yeah, Ranran. If you’re unsure, you shouldn’t simply speak!” Young Master Shen said, looking at Su Ranran.

“Ranran, what are you doing?” Madam Su became anxious.

She was already asking Su Ranran the reason for bringing the bastard, Chen Hao, here. Now that this happened, she felt embarrassed.

She felt as though their reputation were tarnished.

Su Ranran wanted to tell everyone that she knew Chen Hao’s location all this while, but she couldn’t let them know about their plan.

As an idea formed in her mind, she stood up and said loudly, “I just know that he wouldn’t do bad things like these! Do any of you know who he is, where he is from, and why he’s here?”

The hall suddenly became quiet and everyone looked at her.

“Let me tell you guys, he came from Jin Ling. Today, he is here to send a special invitation card to my sister!” Su Ranran shouted.

“Hmph?”

The hall became even more quiet.

In everyone’s subconscious, they could not afford to offend any Young Master from Jin Ling.

The Master of the Shen Family, Shen Nianhua, stood up.

“Miss Su, you said he’s here to send an invitation card on the behalf of a Young Master in Jin Ling? Look at his attire! He doesn’t look like he works for a Young Master! Apart from that, which Young Master is he sending the invitation card for?” Shen Nianhua asked in a low voice.

“Hmph! He wears normal clothes because the Young Master who sent the invitation card to my sister is a mystery and keeps a low profile. The surname of the Young Master is Chen!” Su Ranran said, placing her arms on her hips.

“Young Master Chen from Jin Ling!”

The words coming out from Su Ranran’s mouth were like ten-tonne bombs being thrown at the crowd.

The entire hall almost exploded.

Clamor!

Everyone in the hall, including the prestigious international guests, stood up involuntarily and widened their eyes incredulously.

Young Master Chen from Jin Ling was rumored to own half of the world’s fortunes.

He was also the most mysterious and top-notch Young Master—everyone had heard of him in the business field.

Not just that, after hearing his name, no one dared to continue sitting.

Only the mysterious and low profile Young Master Chen from Jin Ling could garner such reactions.

Upon hearing that, everyone was very excited.

Su Chuchu’s heart palpitated wildly after being startled by Su Ranran.

She knew Ranran’s general plan—to let Young Master Shen give up on her, they had to find a powerful competitor.

So that he knew that he was not the only eligible Young Master in the world.

But she had never thought that her sister would create such a big ruckus by involving Young Master Chen from Jin Ling.

Everyone in the Guo Family was so shocked that they didn't dare to utter a word, and even Guo Xing's legs were shaking.

Because Young Master Chen's underling was very skilled.

Now that he gave it more thought, it was only possible that Young Master Chen's men were this skilled.

Did this mean that he had offended Young Master Chen?

If that's the case, they were in big trouble.

Guo Xing and his family turned pale as they remembered something else.

On the other hand, Madam Su, who was blaming her daughter, felt as if she had reached the pinnacle of her life upon hearing this.

What? No wonder both of them were acting so mysteriously this morning. Turns out that Young Master Chen from Jin Ling was interested in Chuchu! And he came here to invite her to his party? Comparatively, Young Master Shen is nobody! F\*ck him! Someone like him even dares to chase after my girl? Madam Su thought excitedly.

The father and son from the Shen Family looked at each other. They, too, became uneasy.

Especially Young Master Shen, who was overpowered by a strong surge of jealousy and powerlessness.

He felt as if he was being struck by lightning—his plans, hopes and everything were gone.

Nevertheless, he still had to be grateful to the lightning strike, because he couldn't resist it, and he didn't dare to show any resistance.

However, they were not the only ones who were shocked.

At this moment, even Chen Hao was shocked.

What the f\*ck? The person who sent the invitation card is me?

"Miss Su, is this gentleman really here to send the invitation card on behalf of Young Master Chen?" Shen Nianhua tried to calm himself down.

"Of course!"

Su Ranran then took out the invitation card which was intricately designed.

"Did you see that? It's written here—he's inviting my sister, Su Chuchu, to stay at the Cloud Hill Mansion! Cloud Hill Mansion! I guess I don't need to repeat again," Su Ranran said.

"The Cloud Hill Mansion was bought by Young Master Chen two years ago for 8 billion! It's the most expensive mansion in the country, and it's located on top of a mountain. It's as if you're living in the clouds. Anyone who lives there would feel like they are gods and goddesses!" some renowned people said admiringly.

“Precisely! That mansion was guarded by specialists. You couldn’t even take a picture there. Last month when I traveled to Jin Ling, I wanted to have a look at the mansion. Eh-hem! Apparently my status is still not enough!” Another top-class person laughed bitterly.

“This handsome young man is really good looking!”

Some women even looked at Chen Hao admiringly.

“Yeah, no wonder he’s Young Master Chen’s servant! With such good looks, he attracts people just at the first glance!” The ladies were very excited.

“We need to double confirm your identity—may I ask how many rooms are there at the Cloud Hill Mansion?” Shen Nianhua asked.

He had to make sure that Chen Hao was not impersonating someone else.

“What? Mr. Shen, how dare you suspect Young Master Chen’s men? Aren’t you worried about offending him?” Su Ranran blushed immediately as she didn’t even know how many rooms were there.

Su Chuchu also clenched her fists tightly nervously. If their trick was discovered by others, she would be the biggest embarrassment of the day.

I’ve already told you that Shen Nianhua was very smart! How could he be deceived so easily? Su Chuchu started panicking as beads of sweat started forming on her forehead.

“There are thirty-six room in total, and they are all separated into three storeys. As Young Master Chen studied literature, the middle storey was used to store collections of art from all over the world, including the ancient Chinese paintings, Western canvas paintings, and a lot more. A huge hot spring which could accommodate around two hundred people was built at the back of the mountain. Not just that, they have different working spaces for medical, food, and entertainment teams. And also a helipad!”

When they heard Chen Hao describe the facilities at the Cloud Hill mansion familiarly, Su Ranran and Su Chuchu looked at Chen Hao incredulously.
