

I Am Born With A Silver Spoon Chapter 85

It was Meng Cairu.

She had approached Chen Hao when he was not paying attention. She glared at Chen Hao. "Chen Hao, I don't even know what to say to you. You are becoming more useless each day. You ignored my instructions to clean the place and played with your phone instead. Sigh, do you understand that you are only rich because you won a lottery? Those who are born wealthy are still humble and studying hard! Let me tell you, you don't have what it takes to compete with others. Even worse, your mindset and your habits will cause you to live a mediocre life forever!"

Chen Hao was taunted by Meng Cairu right after she slapped him.

Shit!

If it was not because he added Meng Cairu's personal WeChat ID, he would have spoken up for himself.

However, Chen Hao was wickedly entertained by the completely different attitudes of Meng Cairu toward him in reality and in WeChat.

He felt like a psycho. At the same time, he felt undeniably satisfied.

In the end, Chen Hao did not rebut. He quickly cleaned Meng Cairu's room and went back to his dorm.

On his way back, Chen Hao received new WeChat messages from Meng Cairu. "Sigh! Ordinary Guy, don't you think that some students were meant to be mediocre? We have a student called Chen Hao in our class. I'm not sure if you've heard of him before, but he is a loser who is extremely poor. One look and you would want to throw up!"

"But he is too lucky. He won a lottery and now he is complacent. However, I can foresee his future through his behavior. He will never succeed in life no matter how hard-working he is! God, I am so worried. Why do I have this kind of student?"

Meng Cairu messaged him continuously to express her displeasure.

Chen Hao was sinfully entertained and furious at the same time.

Meng Cairu, I am your student anyhow. All these years, I've done everything you instructed me to.

But all I am to you is a student who you abhor?

"You b*tch!" Chen Hao replied to her.

"What happened? Ordinary Guy, I know I shouldn't bad-mouth a student as a tutor, but you'll understand me once you meet him. He is nothing more than a good-looking trash!"

Meng Cairu did not dare to rebut in spite of being scolded.

In fact, she was trying hard to explain herself. She was afraid that she might leave a negative impression on Ordinary Guy.

I wonder how she would react if she knew that the student whom she abhors is chatting with her.

Chen Hao smiled.

He ended the conversation perfunctorily and returned to his dorm.

It was Friday and there were no more classes.

Normally, Yang Hui and the rest would loiter at the internet cafe.

However, Han Siyu would be live streaming this afternoon and she insisted that everyone join.

Hence, everyone stayed in their dorms to watch the livestream.

“I think Han Siyu will win this battle! That would mean she will be earning over 100,000 this month! Ordinary Guy is just fantastic! He produced a star anchor with just a move!”

“Han Siyu is now an internet influencer who is making a fortune. But look at us, we haven’t even secured our internship! Sigh...”

Just when Chen Hao stepped into his dorm, he heard the conversation between Yang Hui and Li Rui.

They were envious and jealous at the same time.

They felt ashamed that a girl was earning more than a boy.

Chen Hao had anticipated this outcome.

Due to his investment, Han Siyu was advertised all over the official pages of the app.

This had publicized Han Siyu to a wider audience.

When he left her live streaming room, her popularity had almost exceeded 70,000 people.

With the support of her fans and other VIP fans, she could certainly defeat all her opponents and become the top female anchor of SameCity Live Streaming app.

Barring any unexpected events, she would be the champion of today’s battle.

“Chen Hao, you are back! Oh, we retrieved your parcel when we went down to get ours this afternoon. I think there’s a piece of card inside. You should check it out!”

Yang Hui handed him a small parcel while speaking.

Chen Hao was perplexed. He took the parcel and opened it while lying on the bed.

It was an entrance ticket for Yun Gang Golden Beach’s Cruise Party.

The sender was Lin Yiyi.

Chen Hao recalled the party which Lin Yiyi mentioned. It was a two-day party that started tomorrow until Sunday night.

The venue was at Yun Gang City!

At this moment, Chen Hao's phone rang.

It was from Lin Yiyi.

"Young Master Chen, did you receive the entrance ticket?"

"I received it. Why didn't you give it to me straight away? You didn't have to waste your time and effort to courier it to me."

"Young Master Chen, I arrived at Yun Gang City yesterday to visit my aunt. That's when I realized that you haven't gotten your entrance ticket. I couriered it to you immediately so that they could deliver it to you overnight!"

Ever since Lin Yiyi found out about Chen Hao's identity, she had been treating Chen Hao with deep reverence.

In actuality, Lin Yiyi was forced by her parents to ingratiate Chen Hao at first.

However, after they got to spend some time together, Lin Yiyi realized that she was attracted to Chen Hao's unique charm.

He was a rich heir, but he did not behave tyrannically like most of the dandies. In fact, he was ordinary and humble.

Lin Yiyi was tempted to understand more of Chen Hao. Therefore, she was actually glad to invite Chen Hao!

"Are there any places that are fun in Yun Gang other than Golden Beach?"

"There is a lot! Young Master Chen, you just need to come. When you arrive, show them your entrance ticket and they will arrange a hotel room for you. I will meet you there after you settle down!"

"Alright!"

After a discussion, Chen Hao ended the call.

To be honest, Chen Hao had never left his small town in the county seat when he was young. He only got the chance to travel to big cities such as Jin Ling to widen his horizons when he was accepted at Jin Ling College.

Unfortunately, Chen Hao was too poor. He could not afford to visit other cities.

Should I invite Su Tongxin? Chen Hao asked in his heart.

Their relationship was slightly more than friends now.

On second thought, Chen Hao gave up on the idea. Su Tongxin was frightened by the incident of Ning Fan, and she was not even present at college today. He should let her rest thoroughly at home.

That night, Chen Hao slept early.

The next day, Chen Hao woke up early in the morning.

Bai Xiaofei and the rest had arrived at Yun Gang one day earlier.

Chen Hao was not familiar with the directions. Therefore, he travelled by train instead of driving there.

At 8am, he arrived at the entrance of Golden Beach.

“Good day, Sir. Kindly show us your entrance ticket!”

Chen Hao was blocked by a beautiful female receptionist at the entrance.

She was asking for his entrance ticket for validation.

Moreover, the female receptionist was sizing Chen Hao up.

Chen Hao was wearing his old clothes that he had just washed. Judging from his attire, the beautiful female receptionist suspected that Chen Hao might be a dolt who came to have a look around.

Hence, she was driving him away with her gaze although her tone was polite.

It seemed like she was saying—You may enter if you have a ticket, otherwise you should leave now!

Chen Hao was aware of the derision in the female receptionist’s gaze. He was baffled by the quality of these receptionists who seemed to have the same bad attitude toward him.

He scoffed.

Chen Hao did not back away this time. While showing the ticket to her, he took out his phone to call Bai Xiaofei who was enjoying himself inside.

At the same time, he trotted in.

“You!”

The beautiful female receptionist was enraged by Chen Hao’s disregard but she could not find any issue on the entrance ticket. Although she suspected that he did not belong to this kind of event, she did not have any evidence.

At this moment, the beautiful female receptionist stood upright perturbedly.

A fleet of luxurious cars stopped at the entrance and a group of youngsters got down from the cars.

“I’m excited! Many rich people will be coming here, and we can make more friends! There will be many beautiful rich women too!”

“Behave yourself! Don’t just aim for pretty, wealthy girls. Don’t you have billions of family assets to be inherited? Why are you so hungry for wealthy girls?”

The group walked to the entrance while joking with each other. They took out their entrance tickets.

Suddenly, the boy who was clamoring for wealthy women jumped in anxiety. “Shit, has anyone seen my entrance ticket? How could I have lost it?”
