

## Skeletons 221

### Chapter 221

Jealousy consumed Shawn's mind.

P

He was jealous of her and Sam having childhood memories, jealous that they had made a marriage agreement and became a couple, and even more jealous that even now after Sam had gone abroad, her heart still belonged to him!

Gale was stunned for two seconds. "Really, I... I did dream of him."

"You miss him?"

"No..."

Before she finished speaking, Shawn's hand was already around her neck.

He did it as if the gentle Shawn had never existed when she was asleep!

"Gale, don't you know what a lowlife you are? Do you think Sam will really reconnect with you? He is the son of the Carson family. What about you?"

Shawn said, "You are a wh\*re!"

Her face was pale. "Shawn, why do you use such words to humiliate me?"

"Am I wrong? You said that the child is not from Sam."

Well, I believe you, but you can't tell who the child belongs to! You are a woman who casually sleeps with a man and gets pregnant! Tell me you are not a wh\*re!"

This was how he described her.

After listening to this, Gale smiled bleakly. "Yes, I am such a dirty woman. I don't deserve to stay by your side. Shawn, divorce me now!"

The word 'divorce' hit his ears and seriously stimulated Shawn's nerves.

"You think you are worthy of saying these two words to me?" Shawn's fingers tightened around her neck, forcing her to look up at him. "Gale, divorce can only be initiated by me. You can only wait for my notice!"

"You can't accept that I don't want you?"

"Gale!"

Shawn's roar was so loud that it shook the room.

"I'm right. That's why you're so angry." Gale looked at him. "Women are always lovely to you and go out of their way bending backward for you... But I'm different, yet you have to be here with me. Instead of a sense of achievement, you will always have a sense of frustration!"

She reminded him again that there were countless women after him.

Girls from rich families, wealthy and successful ladies,

celebrities, etc. Which woman does not want to marry into the Wood family and successfully elevate their status in life!

Only Gale did not care about it at all!

He married her, but she felt that being Shawn's wife was a position she hated.

It was clear that she was the weak one, an ant in Shawn's hand, and yet she would not give in.

It had the opposite effect, which greatly challenged him to conquer her!

Shawn just wanted to see that Gale liked him and could not live without him!

However, she just had no feelings for him, and she only had feelings for the child in her womb!

Although it was obvious, how could Shawn admit it?

Shawn sneered. "Haha, Gale, don't take yourself too seriously. Don't forget. You are the daughter of the enemy who killed my father. I have only hatred for you, only torture!"

Gale was almost out of breath. She raised her hand and held Shawn's wrist. "Are you going to divorce me?"

"Don't say those words again!"

"Shawn...are you reluctant to divorce me?"

As soon as he finished speaking, Shawn squeezed her neck harder.

Gale could not make a sound.

Shawn's eyes were bloodshot.

He really... loved and hated her!

Logically, how could he love her yet hate her!

Tears shed uncontrollably from the corners of Gale's eyes.

She did not beg for mercy nor struggle. She just looked at Shawn quietly, and her eyes were calm and unwavering.

Chapter 222

It looked like she honestly did not care if she died in his arms tonight.

Shawn's hands began to tremble. "Gale, I gave you opportunities again and again, but you did not cherish them. Well, very good, then don't blame me for being cruel to you from now on!"

He abruptly withdrew his hand.

Gale coughed twice before gasping for air. "Being cruel from now on? Shawn, you ruined my life and everything I have!"

"It was your father who killed my father first!"

"My father, he..." Gale wanted to refute but was afraid of further aggravating him, so she forcibly held back her words. "Even so, what's wrong with me? I did not kill your father!"

"You have to atone for him!"

Gale bit her lower lip hard.

One day, she would find evidence to prove her father's innocence and prove that everything Shawn was doing now was wrong.

It was he who should be sorry to her, and it was he who should atone for his sins.

She was just waiting... waiting for this day to come!

Shawn asked, "Don't you agree? Do you still think that your father is not guilty?"

Gale turned her face away. "It's very late."

She wanted him to leave.

Shawn looked at her grimly. "Gale, don't be delusional, whether it's Sam or Aurum! You will be in my hands for the rest of your life!"

"Are you in love with me, Shawn? You haven't brought up the divorce. You want me to stay by your side ... are you in love with the enemy's daughter?" she asked, with a chuckle at the corners of her mouth.

Gale's slender fingers poked his chest.

Shawn frowned tightly.

Gale's smile became brighter and brighter. "Why don't you dare to admit *it*?"

Shawn also smiled suddenly, raising the corners of his lips.

He lowered his head and slowly approached her, their lips almost touching.

"Yes, Gale. I love you. Why can't I admit it?" Shawn said.

Now it was Gale's turn to be stunned.

Just now, she had the upper hand, thinking she had grasped Shawn's thoughts.

Who knew he actually admitted it?

Gale did not know how to answer.

She forgot that the man in front of her was Shawn.

His IQ was extremely high, and he was indeed not in tune with his feelings, but it did not mean that he could be manipulated.

He was too smart and would fight back at any time!

“Gale, you will see next what way I will use to... love you.”

He said the last few words in a very serious tone.

Red flags were in her head.

She could not help asking, “Shawn! What are you going to do!”

“You’ll know soon.”

She immediately reached out to grab him, but he avoided her.

“No, Shawn, I just... I’m sorry, forget what I said!” Her intuition told her that Shawn would do pretty crazy things.

She should not have provoked him that much.

She forgot how selfish and heartless he could be! How ruthless!

Shawn just glanced at her, then turned and walked out without hesitation.

“Shawn!” Gale called him, jumped out of bed, and tried to stop him. “You never understand love, and you have never really loved someone. How can you love me? Not hurting me would be the greatest gift of love!”

Chapter 223

Shawn pushed her away with great force.

Gale took two steps back, but she could not stand still and fell to the ground.

The door slammed shut, and Shawn left.

His way to love her... that would be the devil’s way of love!

Gale’s heart sank, and she squeezed her palm tightly.

It was very late, and Shawn walked in the dark, alone in the cold.

Yes, Gale was right again.

He did not understand love, and he had never really loved someone.

He used to think he loved Susan, but he discovered that he had no feelings for Susan.

However, his feelings for Gale have gradually deepened over time.

Shawn tried to ease his relationship with her before but to no avail.

He was learning and giving in, but Gale did not appreciate it at all.

Then... let him use his own way to start this relationship.

The devil's way! The devil's love!

Shawn tugged at his tie, and a cruel and bloodthirsty smile appeared on the corner of his mouth.

He will do whatever it takes to make her only depend on him!

The next day, the sun rose slowly.

Shawn walked into the dining room and said indifferently, "Go, bring Gale."

"Yes, Mr. Wood."

Gale was still immersed in the panic from last night. After Shawn left, she could not fall asleep.

She was not afraid of Shawn's hatred. She was only afraid of... Shawn's sudden love!

His love was more frightening than hate!

With an uneasy mood, Gale came to the dining room hesitantly. "Are you looking for me?"

Shawn drank coffee gracefully. "Sit."

"I... I'll have breakfast at the cafe next to the company..."

"I won't say it a second time."

Shawn reminded Gale of the first time they met.

He had a familiar indifferent tone! She was all too

familiar with this sense of distance!

Gale could only sit down.

The breakfast was very abundant, and plates of various sizes filled the dining table, but she had no appetite and was anxious to eat.

"I'm... full." She put down her cutlery.

Shawn glanced at her. "You haven't had much."

"Well, I don't have a good appetite in the morning."

“Keep eating.” Shawn ignored her and started serving her vegetables. “You can leave after you finish eating.”

Gale wanted to refuse, but catching his gaze, she silently picked up the cutlery.

She still did not want to face him.

She really could not.

“Don’t work overtime these days. Take care of your health,” Shawn said again.

Gale’s heart froze when he heard the words of concern.

“My body is recovering well. I can work normally,” she replied.

Shawn just slightly curled the corners of his lips. His expression was incomprehensible to her.

The food in Gale’s mouth became more and more difficult to swallow.

It always felt like... something was going to happen.

At this moment, the housekeeper hurried over. “Mr. Wood, I don’t know what’s going on, but Susan is here, kneeling and crying at the door, saying she must see you.”

“Scums, you can’t even handle a simple task. Why did you allow her into my home?”

The housekeeper lowered his head and said, “I will punish the bodyguards who are ineffective.”

“Tell her to go. I don’t want to see her now!” Shawn said with a gloomy face.

Chapter 224

“Yes.”

Gale clenched her cutlery unconsciously.

Shawn loved Susan so much before, but now he was heartless!

After finally finishing what he had put on her plate, Gale felt that she could finally slip away when Shawn said, ‘ Take my car.’

“I...”

“You dare to refuse?”

Gale could only get into his car.

When the car drove out of Temperley Hall, Gale saw

Susan.

She was pressed to the ground by two bodyguards, her mouth was sealed with tape, and she looked in the direction of the vehicle eagerly and excitedly.

It seemed that she had given up, trying every means to find a chance to meet Shawn.

What about Shawn?

He held the document and looked down, completely indifferent to what was going on around him.

Cool and aloof.

Suddenly, the driver stepped on the accelerator abruptly, and Gale leaned forward uncontrollably.

A hand reached over and pressed against her forehead, preventing her from hitting the back of the head rest.

“What’s going on?” Shawn asked in dissatisfaction.

“Mr. Wood, someone stopped the car, and if I didn’t stop, I would crash into him.”

They saw that Dean opened his arms and stopped in front of the car, his body almost touching the front of the car.

He was not afraid of death!

He and Susan both fantasized about relying on Shawn to achieve success.

Now that the plan has been revealed, they must do everything possible to recover the loss...

A little bump would not hurt too bad.

What’s more, the driver would not actually dare to hit him.

“Mr. Wood, give Susan a chance to explain...” Dean knelt in front of the car. “Everything is my fault. I ordered her, don’t blame her!”

“Mr. Wood!”

Susan also broke free, ran over, and knelt down with the dean.

Shawn furrowed his eyebrows deeply and stepped out of the car with his long legs.

“Mr. Wood! I told Susan that it was my vanity that caused her to suffer. From now on, I will terminate our father – daughter relationship. I will no longer approach her. Please let her stay by your side quietly and obediently!” Dean immediately shouted.

Shawn snorted coldly.

They had clearly colluded to put all the responsibility on Dean to save Susan.

Shawn’s face was expressionless. “If I keep her by my side... Will you continue to plot against me?”

“No, I won’t. I promise to do nothing! Mr. Wood, I am yours, my innocence is yours. Without you, I really only have a dead end...” Susan replied quickly.

She started playing the sympathy card again, because she knew that that night held a heavyweight in Shawn's heart.

However...

Gale got out of the car and walked over to Susan.

"You're trying to look so pitiful. You had everything, you just needed to wait for the time to come, and Shawn will naturally hold everything in front of you. It's a pity that you are too greedy and anxious, and you screwed up all of this."

"Gale, shut up! It's you who harmed me!"

Susan still did not understand how Gale knew that she was falsely pregnant.

Where did she get the news?

"I hurt you? You fell into the trap you laid yourself!" Gale replied.

Susan stared at her angrily. "You wait and see!"

Gale smiled and said, "I'm waiting. This is just the beginning."

She glanced at Susan's ring finger inadvertently.

Well, the ring was still on her finger.

She could not wait to hear more important information through this ring!

For example, information about the child's father! 1 Gale believed that Susan would mention it to Dean!

Chapter 225 She had to be patient and wait for that day to come!

"Mr. Wood, now even Gale can humiliate me and bully me like this... Have you ever thought that she is also a bad woman? I faked my pregnancy, yes... but she is pregnant. She is pregnant with someone else's bastard child!" Susan cried.

The dean immediately echoed, "Yes! Susan pulled her down the steps and wanted to help you to get rid of her child! Otherwise, if it spreads out, you will be humiliated! "The father and daughter duo pointed their fingers at Gale.

—

Gale was about to say something when Shawn spoke, "I will handle her affairs!"

"Mr. Wood..."

LL

"Go back and reflect on your mistake!" Shawn said sternly. Susan lost her momentum to retaliate, and she only agreed, "I've been reflecting on it the whole time, Mr. Wood... No matter what, my love for you is true, and what we did that night..."

She also wiped the corners of her eyes, trying to gain sympathy.

"I faked my pregnancy. You are so angry and yell at me... But Gale was pregnant with another man's child, but you tolerated it. Why don't you abort her child ? How much longer will you leave it!"

There was non-stop talk about Gale's child from the beginning to the end.

The father and daughter duo have not given up on getting rid of Gale's child.

Unable to bear it, Gale suddenly stepped forward and raised his hand to slap her twice.

Susan screamed, "Ah! Gale, you... you actually hit me!"

"It was you who hit me." Gale withdrew her hand." Besides, I will hit you in front of Shawn!" "How dare you overstep your place! Mr. Woods, are you watching this? How can you let me be so embarrassed....."

Susan cried and shouted, her voice spreading far and wide.

Fortunately, Temperley Hall was big enough. Otherwise, the neighbors next door would consider them the joke of the town.

Gale squatted in front of Susan and said in a voice that only two people could hear...

"You better not come after my child again. Otherwise, I have a way of causing you to suffer worse than now! Susan, you should think, why would I know about your fake pregnancy and miscarriage ? Let me tell you. I can know more of your secrets!"

"The child is my bottom line, and I couldn't touch you before because Shawn was backing you. I was bullied and framed by you again and again. Now it is different. You can't protect yourself. I will let you pay with blood if you dare to come for my child again!"

"You don't want to guess what I will do to you, if my child is injured."

Gale's eyes were so sharp. Susan looked at it blankly, and she felt that Gale was a bit like Shawn.

Gale has been by Shawn's side for a long time, and she has also learned a bit of his ruthlessness!

After a while, Susan calmed down and gritted her teeth." Are you threatening me?"

"Yes!"

"Oh, Gale, I also have something on you. If you make it harder for me, I promise you will never know who the child's father is."

Saying that Susan wanted to stand up.

Gale was one step faster than her, raised her hand to press on her shoulders, and pressed her back down to a kneel.

"I can raise the child by myself. Susan, get lost!" Gale said.

"Hmph, I won't listen to you!"

Susan only panicked for a brief moment before she regained his composure. "Mr. Wood!" She raised her head. "You hate me for lying to you, I accept, but I always feel it's unfair!" Shawn said lightly, "Unfair?" "Yes. In comparison, which is more difficult to accept, fake pregnancy or carrying another man's child? It must be a bastard! At least I am innocent and belong to you only!"

Seeing Shawn's expression turn dark slowly, Susan struck while the iron was still hot. "Mr. Wood, I repent. I have thought about it... But I hope you will take away Gale's child! Otherwise, it will be unfair to me!"

Dean quickly flocked to his daughter's side. "Yes, Mr. Wood, this is the bottom line of a man. You can't cross it!" Gale clenched her palm tightly.

This father and daughter duo will desperately pull her into the water even when they are unable to protect themselves!

Chapter 226 What to do...

She only heard Shawn say calmly, "I will solve it my way. You don't need to worry about it."

"Mr. Wood, can you bear it?"

"Of course not, but it's not your place to teach me how to do things! Come, men!" he replied.

"Yes, Mr. Wood."

"Take them..."

Shawn had just said a few words when he suddenly heard a 'ding'.

It was the notification sound of the mobile phone mailbox.

It was quite clear.

Moreover, the sound came from... Gale's mobile phone.

"Who sent you an email this early in the morning?" Shawn swept his eyes sharply.

"I didn't even look at it. It should be someone from the company."

Gale was worried, but she pretended to be calm.

She probably guessed that the email was sent by Sam!

After Sam went abroad, they were in touch via email. Sam unilaterally sent it, and she would not reply. She was afraid of being discovered by Shawn.

Unexpectedly, her email came now!

No matter how much Gale pretended to be calm, she could not hide from Shawn's sharp eyes.

No guilty thought could escape Shawn's watchful eyes. "Bring it." Shawn stretched out his hand toward her, spreading his palm. Gale swallowed her saliva slowly. "Bring... what?" "Mobile phone. I want to read your email."

"I said it from the company..."

Shawn said, booming, "Bring it!"

Gale hesitated.

Once Shawn saw it, it was completely over.

Not handing over the phone would cost more suspicion.

Thinking for a few seconds, Gale slowly reached into her pocket...

She could only secretly pray for God's blessing in her heart, the email was not from Sam, and even if it was, she

wished it did not mention her father!

Otherwise, she was doomed!

Shawn's eyes stared straight at her without blinking.

Gale just took out her mobile phone, but unexpectedly, Susan next to her suddenly rushed over and snatched her mobile phone away!

"Susan!" she exclaimed.

Susan was not stupid, Gale's hesitation shows that the email is shameful!

Naturally, she wanted to seize all the opportunity to take Gale down!

"Give it back to me!" Gale immediately reached out to grab it.

She was a step too late, and Dean quickly ran over to stand in front of her, shouting, "Susan, look!"

Susan stared at the phone screen with a happy expression, as if she had discovered some big secret. Gale's heart skipped a beat!

Chapter

227 "It's an email from Sam! Mr. Wood, Gale is still in contact with Sam!" she said quickly. Gale's eyes went dark, she almost fainted, and her back was sweating profusely.

It was really from Sam!

How now!

Shawn had murderous intent in his eyes. "Gale!"

He grabbed the phone and opened the email...

"Everything is fine here. Everything is going well. Gale, how are you? I miss you so much. Wait for me to come

back."

Shawn squeezed the phone tightly, his fingertips turning pale from the pressure.

The next second, he raised his hand and smashed the phone.

With a snap, the phone was torn apart, and the screen was completely shattered.

Gale took a deep breath.

She could not even read what was written in the email!

This scene made Susan smile proudly. Gale really brought this upon herself. How dare she keep in touch with her ex –fiance!

“Mr. Wood, look. What else is she afraid to do? She is wild, and she even dared to contact her ex. She is hung in the past!” Susan said deliberately.

Gale tried to refute. She opened her mouth, but nothing came out.

She could only stand quietly.

Shawn did not say a word, took a stride, grabbed her wrist, and walked toward the car.

“Mr. Wood! “Give me another chance. At least I love you, and I didn’t betray you. I belong to you!” Susan shouted.

Shawn seemed to have not heard.

He only had murder in mind!

LLLL

He threw Gale into the car roughly.

“Mr. Wood, where to?” the driver asked tremblingly.

“The hospital.”

“Yes, sir.”

Gale fell on the soft cushion. Before she got up, her pupils enlarged unconsciously when she heard the word ‘hospital’.

“Shawn! What do you want to do!”

A bloodthirsty smile appeared at the corner of his mouth. “What do you think it is?”

Gale froze. Her blood seemed to be flowing backward, causing her to go blind temporarily. Shawn’s face was not clear.

After a few seconds, her vision gradually became clear. It turned out that a person would be in such a state when one is extremely frightened... Gale never wanted to feel it again in his life.

“No, don’t...” She clutched her stomach and backed away until her back hit the door.

LL

"You can't escape." Shawn's throat tightened, and there was no emotion in his voice. "Gale, only without this child can we really start over."

"I never thought about starting over with you."

"I think... I already informed you last night. I will use my way... to love you," Shawn replied.

Gale shook her head in fear. "That is not love!"

"I said yes, this is."

No one could object to his words!

Gale's ears were buzzing, and her face was pale.

"This child is very unfortunate. It's a pity because he

1

shouldn't have come into this world. Gale, without him, we will have a future." Shawn pursed his lips.

"Without him, there is no future!"

He smiled confidently. "I will make sure you have a future."

"Shawn... how can you love me? You can't love me. Please stop joking with me. It's not funny at all... We can't start over, I'm the daughter of your enemy, and we have a deep hatred. How can there be love?"

Shawn said, "Hate is hate. Love is love." They can even exist together.

Chapter 228 Hate her family but love her.

Despair and fear surrounded Gale.

She knew Shawn was determined to abort her child!

'No!'

"I'm not going to the hospital. I'm not going!" Gale slapped the driver's seat incessantly. "Stop, let me out! Stop it!" The driver gave Shawn a look.

"Don't stop!"

"Yes, sir." The car continued to move forward. Gale gritted her teeth and suddenly turned around quickly to open the door!

When she had grabbed the handle and was about to open it, Shawn's hand stretched out to wrap her waist, and with the other hand, he locked the car door again!

"Gale, do you want to die?"

"I'm not going to the hospital! If you don't stop, I'll have to jump out of the car!" She reiterated again.

Shawn said angrily, "Do you think you can save your child if you jump out? You can't!"

"I know. Then let me jump off the car with my child and

fall to my death. It's better than being sent to the hospital's operating table and letting the abortion go on!"

He stroked her face. "Why would I let you die? Sit down."

Shawn picked Gale up and sat her on his lap. Such a posture made Gale unable to move and could only lean against his arms.

There was a faint smell of cologne on his body, his tie was meticulously tied, and his shirt collar was as white as new. So well-dressed, yet ready to do such cruel things to her...

Gale admitted defeat.

"Shawn..." She called out his name.

"Huh?"

"You'll let this kid go, okay?"

"No." He snapped back.

.

Gale said, "As long as you let me give birth to the child, I will agree to any other conditions. If you want me to go east, I will never go west. If you want me to accompany you all my life, I also promise to stay by you willingly..." "Only when the child is gone can we have a lifetime together."

"Why... Why are you so cruel? You forcibly persecuted me like this. How can it be meaningful for us to be together?"

Tears fell from Gale's eyes uncontrollably.

Several times, her children have escaped death and survived tenaciously.

Will he die in the hands of Shawn today? She could not accept that! "Why are you crying?" Shawn raised his hand and gently wiped away her tears. "I won't hurt you."

"But..."

"I want that man to have never appeared in your life!"

Gale shook her head. "I can't do it..."

That night was her first time.

That night, the man promised to marry her.

The hand that wiped away tears from the corner of her eyes suddenly stopped, slid down, and pinched her chin." Gale, I don't care that you once had a fiancée and are pregnant with another man's child. I want to be with you. Yet, you're still here telling me you can't do it?"

'Why can't she do it!'

It was the first time he had lowered himself to this point for a woman. What was the result?

Gale did not appreciate it!

However, it was precisely Gale's unappreciative behavior that made him fall in love!

"I don't care about the past or the future. I just want this child to live safely and come to this world alive. Even if I can't raise him, even if he doesn't know that I'm his mother, I'm just... I just would like that. It's just a small request," Gale said.

Chapter 229 As long as Shawn allowed her child to live, she would stay by his side obediently because she had no choice.

However, he did not want to.

He just wanted to kill it off. "No man can bear for his wife to carry a bastard child! Let alone me!" Shawn roared.

LL

He was the high and mighty master of Sea City's business empire! "You keep saying that my child is a bastard...But do you know, Shawn, I met that man earlier than you," Gale closed her eyes, and tears rolled down his cheeks.

That person appeared first, followed by Shawn.

First come, first serve.

Shawn was the one who arrived later.

Shawn leaned back. "Stop saying things like this to make me angry. It won't do you any good to make me angry."

Gale raised her hand to wipe away her tears.

The car was parked at the hospital.

Shawn carried her out of the car and to the operating room without letting go.

Doctors and nurses were already waiting at the door of the operating room.

They were waiting for her to come.

Gale would never forget this moment in his life.

So painful, so desperate, like being in the dark, unable to see a ray of light.

Shawn placed her on the hospital bed, but she hooked his neck and refused to let go. "It'll be fine soon. It will be a whole new life when you come out," Shawn said.

He felt that being able to bring himself to coax her softly, that was considered good.

Gale pulled his head down and said in his ear, "Shawn... you are making me hate you even more by doing this."

"Hate then. Anyway, talking about love between the two of us is even more absurd," Shawn replied.

He tried to pull her hand, but Gale was reluctant to let go. If she let go, it would be the operating room for her. She could not believe this was happening. The world stopped spinning for her.

That was not an operating room. That was her hell.

"Soon. I'll wait for you outside." Shawn looked into her

eyes deeply. Those who did not know would have thought he was such a responsible and affectionate husband.

The truth?

He was a murderer!

The child in the belly was also a life!

"No, I'm not going in..." Gale shook her head repeatedly. "Shawn, let's talk..."

She wanted to seize the last chance.

"There's nothing to talk about. That's all I have to say to you."

Shawn had tolerated this child long enough, and now, he could not bear it anymore.

He raised his hand and pulled down Gale's wrist.

Gale grabbed his shoulders harder, not wanting to be separated from him.

"Good." His eyes softened.

What he said made her tremble.

Shawn opened Gale's fingers one by one with such force that she almost broke her fingers.

How can a woman's strength be compared to a man's?

After less than a minute of stalemate, Gale's hand fell from Shawn's shoulder.

He straightened up and took a step back to a distance that Gale could not reach!

"Shawn..." Gale called out his name in a panic.

He just stood there quietly, with no expression on his face.

“Go. It will be a different world when it’s done. From then on, we can get along in a different way,” Shawn said.

Chapter 230 The doctor and nurse pushed the hospital bed and walked into the operating room.

There were tears in Gale’s eyes. Her hands grabbed the sheets under her till her fingernails broke.

He said he would love her in his own way.

Sure enough... it was the devil’s love!

Destroy her and deprive her of her most precious child in exchange for the lifestyle he wanted! “Shawn, I hate you. I will always hate you!”

As Gale’s voice fell, the door of the operating room closed.

She only saw the corners of Shawn’s lips slightly raised.

It was cruel and bloodthirsty.

It was a hospital bed with a doctor and nurse.

The lamp on the operating table made Gale unable to open her eyes. Tears fell violently, and the hair around her ears was wet.

“Can you spare me...can...” she repeated over and over again, hoping for a miracle to happen. This time, who could save her?

Gale knew that she was lucky enough to be able to save the child at the most urgent moment.

Can the luck continue?

The anesthetic was slowly injected into her body.

Slowly she lost consciousness...closed her eyes.

LLI

Outside the operating room, Shawn stood upright, looking at the clock on the wall. He would be staying here till it was done!

Last time, he clearly instructed everyone not to save Gale, let her fend for herself, let the child die... After giving the order, he left.

The result of it?

Aurum came and took her away.

So this time, Shawn was more cautious.

No one is allowed to even think about interrupting the procedure.

After half an hour, there was the sound of rapid footsteps at the end of the corridor and the sound of crutches hitting the ground.

Lucas hurried over here.

Paula was also there, but with a gloating expression on her face.

The old man Lucas looked anxious. "Shawn! What's wrong! What happened to my great-grandson!"

Shawn frowned. "Grandpa?",

Why was Grandpa here? Who informed him? Who leaked the news?

LU

Shawn's sharp eyes swept to the bodyguard beside him.

Lucas asked, "Answer my question! If Gale loses the child, I will not spare you!" Shawn squinted deeply. "Your spy has been removed. How can you know the news so quickly ... It seems that there is a spy in my circle."

"That's not the point!"

When Lucas got the news, he rushed over from Wood Mansion in a hurry.

The person who notified him... was the housekeeper of Temperley Hall.

It turned out that after Shawn threw Gale into the car and took him away, the housekeeper realized that something was wrong. After driving Dean and Susan away, he

immediately called and told Lucas. In the Wood family, although Lucas had abdicated his position as the family leader and had no real power in the company, his age and seniority were still important, and

Shawn still respected them.

"Speak!" Lucas tapped the cane in his hand heavily. "What's wrong with Gale? The child can't be saved?"

Shawn replied directly, "No." Lucas sucked in a breath of cold air. Taking a few steps back again and again. "You... What did you say? Is it true or false?"

He placed too many expectations on this great-grandson, so he could not accept it! Shawn pursed his lips deeply. "Really. The child is gone." Lucas asked, "Why? Is it because of the doctor? If he's no good, I will find the best doctors from abroad! I don't believe it can't be saved!"

Lucas did not know that it was Shawn who wanted to kill it.
