

## **Skeletons 419**

Chapter 419

Shawn watched quietly.

This was how she was before he appeared in Gale's life.

Soft and innocent.

Gale had not looked back until she got in the car.

She dared not to think about it.

Shawn was so determined that he did not want to divorce. It seemed that her plan to escape him was the right plan!

She still had a lot to do before she left.

On the way, Peter asked, "Gale, there is no one now. Can

you tell me honestly what happened to your marriage with Shawn? What did your mother... go through?"

"Dad..."

Peter sighed and said, "Say it, Gale, don't hide it from me. I don't want to be a fool. I want to know about you two."

Knowing her father's character, he will pursue the truth to the end.

She had no choice but to tell Peter everything that had happened in the past two years.

Peter was sobbing after listening to it.

Gale comforted, "Dad, actually... It's not as miserable and difficult as you imagined. Look, I'm still doing well now. Those things are over."

Peter burst into tears. "You always report the good news but not the bad, so you must have hidden a lot of bitter things. I'm so miserable, Gale. The child in your belly must belong to Shawn."

"Yes."

Peter asked, "Is this the reason why he refuses to divorce?"

Gale's expression became serious. "Dad, he doesn't know about my pregnancy. You must keep it a secret, and you can't tell anyone about it."

"Do you want to kill it or..."

"I plan to give birth and take it away. It doesn't matter who the father of the child is. What matters is that this is my child too. You are the child's grandfather!" Gale said.

Peter wiped away his tears. "I understand what you mean. I don't care who the child's father is. Anyway, the blood of the Warm family flows through it."

"I'm relieved if you think so."

"It's just that if Shawn refuses to divorce, what should you do? The Wood family is powerful, and we are no match for him at all." Peter was full of worry.

Gale replied, "There will be a solution. Go to the nursing home to visit Mom."

Wendy did not wake up.

The nurse said Wendy seldom woke up and slept most of the time.

Every time after waking up, Wendy just looked out of the window quietly, unable to move or get out of bed.

Better than a vegetable, at least, she was still awake.

Peter held Wendy's hand. "It's because of me you can't live a good life..."

Seeing this scene, Gale could not help but turn her back on them and wipe her eyes.

Although the mother was not awake, the family of three was finally reunited.

Wood Group.

Shawn put down his phone and read the latest news from Pearton.

They were in the nursing home and had not left.

As his Adam's apple rolled, Shawn tugged on his tie irritably and pushed the document at hand far away.

The relationship between him and Gale was wrong from the beginning.

He was so wrong, so wrong that it could not be undone.

Shawn thought deeply. If he had not vented his anger on Gale back then, would there have been a different ending?

"Yo, it's rare to see you here." The door of the CEO's

office was pushed open, and Joe walked in. "You've been absent for a while."

Shawn glanced at him deeply.
