

Skeletons 431

Chapter 431

"The matter of divorce is not up to me. Shawn is a stubborn person, and no one has ever been able to go against his wishes. Besides... he really loves Gale.

Watching him grow up, I've never seen him care so much about anyone."

Lucas's face was full of sincerity, and he looked pitiful and bitter.

Speaking of which, Lucas was indeed a pitiful old man.

The son was killed by the joint efforts of his daughter-in-law and grandson.

Now, the only grandson he had was Shawn.

"Gale, there's no sugar in the kitchen. Go downstairs and buy some," Peter said suddenly.

Gale knew that her father was dismissing her, so she stood still.

Peter smiled and said, "Go. It's okay."

"Okay, I... will be back soon."

When she was leaving, Gale looked back, uneasy.

"The house is small and I have no special seating area. Lucas, take a seat," Peter said.

Lucas looked at him. "Don't you hate me?"

"Hate, yes, but I'm old too, and I just want to be ordinary, and it's too tiring to live in hatred."

"I can leave Paula and Zach at your disposal. If you want to kill them, you can. You can vent your anger however you want," Lucas said.

"No, they will be punished by the law."

Lucas suddenly sighed with emotion.

The Warm family was so kind.

After going through so much, he could still maintain such a good attitude.

If it were an ordinary person, he would have been tortured, insane, and psychologically distorted.

Peter poured a cup of tea. "Frankly speaking, except for Paula and Zach, we are all pitiful people. Your child died before you, you first lost your son, and now you have lost your grandson and daughter-in-law. Over the years, you haven't really lived a good life."

"Yes..."

"From the perspective of the Wood family, they think that I am a murderer, and sending me to jail is something natural. But from the perspective of the Warm family, I have been wronged and cannot reverse the case. The only

ones who deserve death are those two murderers,” Peter said slowly. At that time, Dr. Warm was still kind enough to think of others.

He used his personal connections to borrow the medicine that the hospital did not have from other hospitals just to save Alex.

The results of it? He turned into a murderer.

Of course, he was disappointed.

It was just that he had experienced so many storms and waves and did not want to think about it anymore.

Lucas stood up unsteadily and bowed ninety degrees to

Dr. Warm.

“On behalf of the Wood family, I apologize to you and to the Warm family. In the future, if you have any difficulties, just ask, and our Wood family will do our best to help regardless of the cost,” Lucas said. After half a minute, Lucas raised his head and stood up straight.

Peter replied, “We only have one difficulty, which is to dissolve the marriage relationship between Shawn and Gale.

“I can’t imagine what it will be like.”

“Have you ever imagined how he tortured Gale? The two of them should not go on, and Gale also told me that she doesn’t love Shawn!” Peter asked.

“Shawn almost lost an arm because of her, and he also

took care of her at the hospital, waiting for her to wake up ... Peter, which man do you think can treat a woman so well? How can you be indifferent to someone willing to sacrifice their own life for others?”

Peter was not informed about this matter.

Chapter 432

Lucas said sincerely, “For Shawn, Gale is his fate. Once divorced, I don’t know what will happen to him. Any

conditions can be raised as long as it was not the divorce...

You can even use the entire Wood family fortune as a dowry!”

The entire Wood family as a dowry?

That meant transferring all the wealth of the Wood family and the Wood family to Gale's name!

She would be the richest woman in the world!

"Old man, I think you still don't understand. It's never

about money. If Gale is willing to divorce, I will support her unconditionally, not even be required to give me any

gifts. If she is unwilling to divorce, I will respect her."

Lucas really had no choice but to kneel tremblingly, but

Peter hurriedly supported him.

"Please go back. We are not in charge of the children's affairs."

Peter seemed kind and docile, but when it came to principles, he was very assertive and would never back down.

Lucas could not help it either.

He came to the door in person at such an age for the sake

of his grandson, said all the good things, and had a humble attitude, but still, nothing could be changed.

He could only say, "Dr. Wood, you are a good person. Our Wood family is sorry."

When Gale came back with sugar, she happened to meet

Lucas at the top of the stairs.

He went down the stairs very slowly and laboriously, with his head down, step by step.

Seeing her, Lucas stopped. "Gale, I used to think what kind of setbacks and tribulations would be necessary to defeat Shawn. He is too invincible and powerful. I am very proud and satisfied."

"I didn't realize until now that you are the only one who can destroy Shawn."

"You were married to him, sharing the same bed. You should understand him. It will be the beginning of his madness when he loses you."

"When you leave, the former Shawn will no longer exist.

He is a walking corpse, a shell without a soul."

Gale slightly raised her lips. "Lucas, he once turned me into a corpse. I was the walking dead."

Lucas looked up to the sky and sighed. "It turns out the best revenge is to fall in love with someone."

This was the Warm family's best and most successful revenge against the Wood family!

Shawn was the only one left in the Wood family, and he was the only one left to support him.

Once he fell, the Wood family... would be doomed!

When she got home, Peter brought out some soup. "Gale, try it."

"Dad, what did Lucas tell you?"

"It's nothing, just repeated the old nag. In short, Dad supports all your decisions as long as you are happy. You can do whatever you want."

Gale nodded. "Okay!"

The feeling of being unconditionally supported and backed felt so good.

It was because she had been alone for too long.

"Dad, let's leave Sea City when mom wakes up again."

"Okay, okay. Your mom called my name today, and she recovered a bit, which is a good sign!"

She smiled. "I will also take care of my mother on

weekends to see if she can call out my name."

"You are her precious daughter; she has always been proud of you!"

The laughter of father and daughter could be heard.

After drinking the soup, Gale hung the dress in the closet.

The exquisite black and white dresses did not match the simple wardrobe.

Chapter 433

She felt like Cinderella, standing in the shoes of Mrs. Wood, attending the world's highest-level jewelry exhibition, and wearing an haute couture handmade dress.

However, she knew the fantasy would disappear when the clock struck twelve, and there would be nothing left.

On the day of the International Jewelry Fair, the whole Sea City was in a frenzy.

Reporters, and the media, have been standing outside the exhibition since the morning just to be the first to report

on it.

The value of jewelry at the exhibition was valued at a

large amount of money, so a large number of professional bodyguards were mobilized to patrol outside the

exhibition hall to ensure that there would be no losses or theft.

Those who could attend the exhibition are all prominent figures.

Celebrities, rich people or politicians.

“This station is now outside the International Jewelry

Fair hall, bringing you first-hand information. It is

reported that the number of guests invited to this

exhibition does not exceed a hundred from all over the

world...”

“Everyone can see that the entrance is already full of luxury cars, and the entire exhibition hall is under martial law, and you need an invitation letter to enter and exit.”

“The latest news, the treasure, Heart of the Deep Sea, has arrived at the exhibition hall. It is reported that the auction will start tonight. As for the fetching price...let’s

wait and see!”

Suddenly, someone shouted...

“Mr. Wood’s car is here!”

The car drove in slowly and stopped at the red carpet.

The reporters swarmed up and surrounded the car door, and the flashing lights kept blinking.

The bodyguard stopped the reporter and opened up a narrow passage.

Shawn got out of the car first, and he had long been used to this kind of scene.

He glanced at the reporter, then turned around and stretched out his hand into the car.

Mr. Wood brought his girlfriend!

Immediately, the reporters became even crazier. ‘Who will Mr. Wood bring to such an important occasion?’

‘Is it the legendary Mrs. Wood?’

A slender white hand rested on Shawn’s palm, with perfectly manicured nails.

Gale got out of the car.

Shawn helped her lift up the hem of the skirt.

As soon as she looked up, she saw countless flashing lights, which made her unable to open her eyes.

Questions from the reporters bombarded her ears...

“What are Mr. Wood’s expectations for this exhibition?”

“Is this your girlfriend?”

“Mr. Wood, why don’t you bring Mrs. Wood with you every time you go to public events?”

“It seems that Mrs. Wood has never shown up.

Gale turned his head and gave Shawn a glance.

In fact, it did not matter who Mrs. Wood was and whether she showed up.

She never thought of calling herself, Mrs. Wood.

Gale had fantasized about Shawn introducing her in public and saying, “This is my wife.”

However... It was still a step too late. Things are different now.

Gale was about to go inside, but Shawn gently pulled her.

Immediately afterward, his deep and deep voice sounded, “My Mrs. Wood is right beside me.”

Gale was taken aback for a moment.

The people around were also shocked for two seconds before reacting.

“This is actually Mrs. Wood!”

Chapter 434

“She’s beautiful. I’ve never seen her before.”

“It turns out that Mr. Wood likes the delicate and gentle type of woman!”

Countless cameras were aimed at Gale, and they kept shooting, all wanting to capture Mrs. Wood’s picture!

“I’m sorry I haven’t announced my wife to everyone. She is relatively low-key and shy, and she doesn’t want to put her private life on the stage.” Shawn’s voice came through the microphone passed by the reporter.

“It means a lot to her because she is not only my wife but also the chief designer of the Lovito brand.”

Gale stood beside Shawn with her head slightly lowered.

Many microphones were pointed toward her, but the bodyguards blocked them all.

Shawn took her hand and walked into the exhibition hall.

The uproar gradually faded away.

“Why are you still announcing my identity? It’s not necessary,” Gale said softly.

Shawn walked straight forward with a steady pace. “I

want everyone in Sea City to know you. I want them to know that you are Shawn’s wife as soon as they see you.”

He placed a label on her, which can never be torn off.

“So you thought so, then... You will fall in love with another woman in the future and marry her. What should you do if she brings up today’s incident and gets jealous?” Gale said slowly.

“Second marriage?”

“Yes.”

Shawn squeezed her hand deeply. “In my life, there will only be one wife, which is you. There is no one else!”

Only she could sit in Mrs. Wood’s seat, and only she had ever sat in it.

No one else was eligible!

Gale bit her lip. Shawn had always been domineering, doing things as he pleased.

It was estimated that after the jewelry exhibition, the headlines of the major media would be her.

To be precise, everyone is not concerned about her but the identity of Mrs. Wood.

After going through the security check, showing the invitation letter, and entering the interior of the exhibition hall, Gale put everything behind her for the time being and stared at every exhibit with clear and shining eyes.

Everywhere you look, there are exquisite jewels!

Inside each showcase was a piece of priceless jewelry, which was so beautiful under the light.

"It's so beautiful, so beautiful..." Gale stood in front of the bulletproof glass, looking at a bracelet full of diamonds.

There were hundreds of pieces of jewelry in the

exhibition hall this time, and each piece was of national treasure quality, and each piece was worthy of individual appreciation and savoring.

In particular, the designers behind these jewels have long been internationally renowned and famous.

"Do you like it?" Shawn asked deeply.

Gale was looking at the jewelry, and he was looking at her.

"Which woman can refuse diamonds? Especially so many such big and expensive diamonds," Gale returned the question.

Gale, who was immersed in the world of jewelry, did not have the usual precautions and alienation and talked to him happily and seriously-sharing her love for gems.

"Look, this is a pink diamond." She pointed to the diamonds in the showcase. "Pink diamonds are rare, this one is so big, and every facet is perfect... the one that is twice as small as it is, is actually worth tens of millions. This one is at least hundreds of millions, plus the cost of labor and the hard work of the designer."

Shawn said, "If you like it, buy it."

Gale paused and glanced sideways. "Do you have to have it if you like it?"

"Of course. Otherwise, I like it for nothing."

"Mr. Wood and I are not in the same world. You can buy whatever you want, but I..." Gale spread her hands and said, "Have no money."

She still had to save money to leave Sea City to raise two children.

Milk powder, diapers, tuition fees, etc., are all a lot of expenses!

"My money is yours. You can use my money as you like." Shawn looked deeply at the pink diamond. "It's really

beautiful. I will buy it and make a ring for you. You can design it yourself. It will be perfect."

To be honest, Gale was very moved.

However, no matter how tempted she was, she would not accept it.

Chapter 435

She raised her eyebrows and said, "Shawn, can you change the way you pursue women? You gave Susan a wedding ring, and now you are giving me a pink diamond ring... It was the same both times."

“That was originally intended for you, not for her.”

Gale shrugged. “I don’t want it either.”

The appearance of two people was reflected in the clean mirror in the exhibition hall.

Shawn was dressed in a black suit and a striped tie. He was slender and had a strong aura. The watch on his wrist reflected light and had an outstanding aura.

Gale’s evening white gown with a backless skirt was noble and elegant, and with her hair rolled up, she looked very gentle and charming.

In fact, she had taken good care of her fetus and body these days, and she had gained some weight.

When she first bought this dress, it was just the right size.

She put it on today and found it a little tight.

It was a good thing.

Only when she was healthy could the two children be healthy.

Shawn looked at her deeply. Although Gale was standing in front of her at this moment, he always felt like he could not grasp her.

She was like an elf who could leave at any time.

“Gale...” Shawn stretched out his hand, wanting to wrap his arms around her waist.

However, Gale took a step back, creating a distance between the two of them. “Why can’t we find the Heart of the Deep Sea? Is it going to be the final exhibition?” She stopped a staff member and asked, “Hey, where is the display case of Heart of the Deep Sea?”

“It’s there.” The staff pointed to the rectangular display case in the center, covered with a wine-red velvet curtain. “It’s not officially on display yet, and we need to wait until nine o’clock.”

“Okay, thank you.”

Nine o’clock...

Gale glanced at the time late, and it was only after eight o’clock.

Would she need to spend so long with Shawn?

Just as she was thinking about it, someone next to him came forward with a wine glass. "Mr. Wood, I have

admired your work for a long time, and I finally saw you today..."

One person started, and the others silently observed from a distance and quickly surrounded them.

After all, this was Shawn! The most honorable man in Sea City!

Who did not want to curry favor with him? Who did not want to introduce themselves to Mr. Wood!

Shawn's face darkened.

He did not want to waste time dealing with these people. His main purpose today... was to accompany his wife!

However, there were too many people, and they quickly formed a circle, surrounding him in the middle.

Gale retreated to the side sooner or later.

Shawn was a famous person. Everyone knew him, but

they did not know who she was, so she took the

opportunity to slip away.

Seeing Shawn looking at her deeply, Gale waved at him directly and mouthed silently, "Bye."

She went looking by herself, admiring every piece of jewelry carefully.

She did not want him to be around all the time, like a nouveau riche who kept saying that he would buy this

and that.

'If you like it, you really don't have to own it, and you can be satisfied by watching it from a distance.'

Shawn had no way to push away so many people, so he could only watch Gale walk away.

The exhibition had a dessert area and a wine area.

Gale did not know if it was because of her pregnancy, but she had developed a sweet tooth.

She could not drink, so she could only stay in the dessert area, eating cakes and drinking juice.

Beside them were two well-dressed women in red and purple dresses, chatting.

"I heard that Heart of the Deep Sea will be put up for sale

tonight. Who will buy it?"

"It must be your husband. He loves you so much."

Chapter 436

"He's just a man. How could he do something so romantic?"

Gale was a little surprised. The Heart of the Deep Sea was so precious, and they were actually planning to sell it?

However, even if it were sold, the price must be an astronomical figure, which was beyond the reach of ordinary people.

The person who could own it must be from a wealthy family.

She glanced curiously and found that she knew one of the two women chatting.

She was a popular actress in the entertainment industry, Winnie Nightingale.

Winnie's popularity had been very strong in the past two years. The three TV dramas she starred in have all

exploded. They were ranked first at the same time, and she became an A-listed female star. Her salary had also increased several times.

Moreover, she had just signed endorsements for several

i

(

high-end luxury brands, including jewelry brands.

So as the spokesperson, it was not surprising that Winnie could appear here.

Gale did not know the other person in the purple dress and had never seen her before.

However, very few women can wear purple and look good. This woman was tall and elegant, and she looked like a rich lady at first glance.

"What are you looking at?" Suddenly, Winnie met Gale's gaze and raised her chin very proudly. "Who are you?"

Gale realized that she had been staring at them just now.

"Sorry. This is the first time I saw a female star in real life, so I couldn't hold back my gaze," she said.

Winnie became proud and deliberately brushed her hair. Looking is okay, don't take pictures, I don't accept any group photos today, and I don't sign autographs."

However, the woman in the purple dress next to her said, "She didn't do anything, don't act like this."

Winnie replied, "You are just too good-tempered and kind."

As she spoke, Winnie looked expectantly in Shawn's direction.

"When there are fewer people, I'm going to talk to Mr. Wood."

Winnie said, "If I have a good chat with him, I can be the spokesperson of Lovito!" Her eyes were full of obsession.

That was the man standing at the top of the food chain.

She really had no idea what kind of woman would be able, to take him down, tie him down with a marriage.

Winnie felt that she had the qualifications!

"Okay, I'll accompany you," the woman in the purple dress said.

"Yeah, you're the best!"

Gale smiled, said nothing, and left with the dessert.

It seemed that Shawn's fans were coming.

She did not know how sophisticated Winnie's methods were, whether she was a little more advanced than Susan.

If she was good at flirting with men, she might be able to entangle Shawn.

Then... she would be free.

Thinking about it, Gale wanted Winnie to succeed.

However, within a few seconds, she felt a sudden block in her heart.

The image of Shawn and Winnie sleeping in each other's arms flashed in her mind, and she instantly felt uncomfortable.

Can she really look at another woman with a calm expression, who was falling into Shawn's arms?

"Oops..."

She was so engrossed in her thoughts that the dessert in her hand fell to the ground because it was not held firmly.

Gale's skirt was stained with a little cream.

She had no choice but to go to the bathroom, wash it and dry it with paper.

Fortunately, it was cleaned up in time, and the cream was washed off without leaving any marks.

Gale breathed a sigh of relief. It would be too rude to wear a dirty skirt.

When she walked out of the bathroom, across the corner,

a person came in front of her.

“Aurum?” Gale called out in surprise.

Chapter 437

When Aurum saw her, he was also a little surprised. Gale, you also came to the jewelry exhibition?”

||

“Yeah, have you forgotten that I am the jewelry designer of Lovito?”

Aurum nodded. “You are a professional, so of course, you have to attend such a grand exhibition.”

Gale asked, “Do you also like jewelry?”

“My fiance does. She wanted to come, so I came with her,

Aurum replied.

11

“Ah, you are really a good man.

11

Aurum smiled. “I’m usually busy with work, so I don’t *have much time to accompany her. She is also sensible,

and she doesn’t blame me. She has always been

considerate, so I naturally have to be more thoughtful in return.”

“That’s great. I wish you happiness for a long time.”

Although, the person in Aurum’s heart may never come back.

The little girl would live forever in his memory.

“Thank you,” Aurum said.

Gale looked around and saw no one there, so she lowered her voice and said, “Mr. Lefting, I won’t beat around the bush anymore. There is something I want to ask you for help recently.”

“I’ve always been ready to help, and now you finally asked. Let me know what you need help with.”

She took two steps forward, closing the distance with Aurum, lowering her voice very low, almost speaking in a breathy voice. “I’m pregnant with twins. Shawn refuses. to divorce, so I can only take the children and leave Sea City.”

It was just two sentences, but the information within it was huge.

It took Aurum a while to digest the news.

*Pregnant? Twin? Divorce? Leave?

Gale's voice was soft and fast. "Shawn won't let me go, and I can only run away quietly. But you also know that with my own ability, I would be discovered by him before. I leave Sea City. So, I need your power to intervene."

"You want to leave Sea City forever and never come back?"

11

"Yes, and let Shawn never find us.

Aurum frowned, thinking quickly.

"It's a bit difficult, but you can plan slowly. Shawn's spies are everywhere in Sea City, and it's not easy to hide it from him," Aurum said.

"But as long as I leave Sea City and fly away, I will be out of his sphere of influence."

Aurum nodded. "I understand what you mean, you..."

Before he finished speaking, at this moment, a female voice sounded from the other side of the corridor. "Dear? Is that you?"

Aurum and Gale looked up at the same time.

She saw the woman in the purple dress just now looking at the two of them suspiciously.

"It's really you, and I'm not mistaken. Aurum, why are you here?"

.Gale quickly took two steps back, creating a distance between the two of them.

The two of them were discussing things just now, but they were too serious and did not pay attention to maintaining a polite distance.

"I'm going to the bathroom. I just happened to meet a friend, so we chatted for a while," Aurum replied. The woman walked over quickly, holding Aurum's hand, and looked at Gale with a little hostility.

"Friend? Which friend is this? I have never seen it before, and I have never heard you mention her," she asked.

Aurum smiled, "Natalie, let me introduce you now. This is Gale, a friend I met some time ago, and we hit it off right away."

"Hello," Gale greeted.

"Gale, this is my fiance, Natalie Yarn, whom I told you about."

“So this is Mr. Lefting’s fiance. It’s a pleasure to meet you. I’ve heard Mr. Lefting mention you all the time, and today I finally met you in person. You’re really beautiful and you complement each other very well,” Gale said.

Chapter 438

In the dessert section just now, when Gale saw her chatting with Winnie, she was still wondering who she was.

Unexpectedly, this person turned out to be Aurum’s fiance, Natalie, the adopted daughter of the wealthy Nightingale family in Sea City. 1

The world was so unfair.

The real daughter was missing, and her whereabouts were unknown.

However, the orphan girl in the orphanage leaped past her birth station and became the daughter of a wealthy family.

“Thank you for the compliment. Did I show up too soon and interrupt your conversation?” Natalie said.

She tightly held Aurum’s arm as if she was claiming her territory.

At the same time, she raised her head and acted coquettishly to Aurum. “You didn’t tell me you left, which made me look for you everywhere... you can go to the exhibition hall if you are chatting with Ms. Warm. Why are you here?”

Aurum explained, “It’s just a coincidence. We didn’t know if each other would be attending.”

“Then, you and Miss Warm are not that close.” What

Natalie meant was that a straight guy like Aurum still had no clue.

As for women, it was normal to be hostile to other women for being too close to their men.

What’s more, she and Aurum were really too close just now.

“Yes, I usually don’t have much contact with Mr. Lefting. Mr. Lefting has a noble status, and I’m just a blue-collar worker,” Gale replied. Natalie’s face looked a little better.

She smiled, and her tone softened. “Ms. Warm is serious. You are Aurum’s friend, which also made you my friend. Next time we meet, we can have a cup of coffee together.”

“Okay. Then I won’t bother you two, I’ll go first,” Gale replied, nodding politely.

Natalie waved at her. “Goodbye.”

Aurum glanced at her and said nothing.

The matter was very important, and he did not want Natalie to know.

He did not say anything, but Natalie asked, "Aurum, what are you talking about with Ms. Warm? You seem to be mysterious."

"What are you trying to say?"

"You can't hide anything from me. I won't be happy." She shook Aurum's arm.

Aurum scratched her nose with a smile. "We grew up together, and we know everything about each other. Could it be that... you are jealous of Gale?"

"I hate it. I'm not jealous. We've been together for so many years. I believe you, and I am just curious."

Aurum was very gentlemanly and very polite.

He had always kept a distance from other women, never, going beyond half a step.

However, just now, Natalie watched him bow his head

and talk to Gale, and the alarm bells rang in her heart.

That was Aurum's tenderness toward her. How could he 'give it to other women?

Of course, she cared!

Natalie secretly thought that when the exhibition was over, she would inquire about Gale's position.

In this way, she could rest assured.

On the surface, Natalie still pretended to be magnanimous. "I'm joking with you. What are you thinking about? Let's go. I heard that the talk of the town, Heart of the Deep Sea, is about to be exhibited. Let's go and have a look."

"Okay." Aurum let her hold his arm, very cooperative.

Gale also returned to the exhibition hall.

At a glance, she saw Shawn in the crowd.

4

Chapter 439

His brows were tightly frowned, very impatient, and the arc of his thin lips was pursed downward.

This was a sign of his displeasure.

However, the woman next to him... had not seemed to notice his emotional change.

Winnie smiled

and said, "Mr. Wood, it's a great honor to meet you. I hope we can work together in the future if there is a chance."

Shawn ignored her.

She said, not knowing only she was listening to herself, I usually wear Lovito products. My fans saw it and bought my same style one after another. Mr. Wood, I believe I have the ability to be your brand ambassador.”

Winnie was like a peacock, and she kept opening her tail to Shawn, eager to show herself.

“You don’t need to ask me about these things.” Shawn was so annoyed by her and said coldly, “There are people in the marketing department who are in charge.”

Winnie did not know how to continue and took the initiative to pester him. “Well, other than work, Mr. Wood, we can also talk about life and ideals.”

She was wearing a dress with a very low neckline, showing off her voluptuous cleavage. Usually, female stars were all thin and pale, with stick-like figures. Compared to them, ordinary men could not resist her.

Therefore, Winnie was very confident in herself and believed that her charm could attract Shawn.

However,...

Shawn waved his hand and said, “Get out of here.”

He showed no mercy and was very forceful.

He found Winnie very annoying. Gale left him and went somewhere, so he was very irritable, and Winnie was still chattering in his ear.

It was so loud!

“Ah...” Winnie did not expect that Shawn would reach out and push her. She took several steps back and almost fell down as she was wearing heels.

“Be careful.” At this time, she felt someone support her with both hands. “Ms. Nightingale, you are a celebrity. If you fall down on such an occasion, you will be ashamed and humiliated.”

She looked back. “It’s you?”

Gale withdrew her hand. “Ms. Nightingale, stand firm.”

Unexpectedly, Winnie did not care about the help she received.

Winnie said, “Hmph, why are you rubbing into my affairs? What are you doing here!”

Winnie just felt humiliated.

This woman must have seen the scene where Shawn pushed her away just now!

She felt very ashamed. After all, she was an A-list female star!

This woman just sprang out of nowhere, and her dress has no brand logo.

The more she thought about it, the more Winnie looked down on Gale and hated her.

She said, "This jewelry show, the requirements for the guests are quite strict...how on earth did you get in?"

Gale blinked. "Are you asking me?"

"Nonsense! Of course, it's you. Would I ask Mr. Wood? Mr. Wood's identity is known, and of course, he would be invited to participate! You'd better confess quickly. Otherwise, I will call the security guard to check your identity carefully!" Winnie replied angrily.

"I was also invited, and I came in with an invitation letter.

Winnie looked in disbelief. "Really? You are not only a charlatan but also full of lies. It seems that I still have to ask the security guard to arrest you and kick you out!"

Winnie was aggressive and only reconciled to seeing Gale make a fool of herself.

It was because Gale saw her embarrassing appearance in front of Shawn just now!

So she had to do everything possible to bully Gale!

Winnie did not notice that Shawn's face was as dark as the bottom of a pot.

Chapter 440

She was bullying his woman in front of him?

Winnie was really tiresome!

However, just as Shawn was about to speak, Gale spoke first, "There is no need to call security so as not to disturb Mr. Wood. Ms. Nightingale, I know you are a popular female star with tens of millions of fans, and everyone knows you."

Winnie was full of superiority. "It's good that you know!"

Gale smiled slightly and continued, "But I'm not an ordinary passer-by with no name or distinction. Just now, I heard you and Mr. Wood had discussed endorsement and other things, right."

"Yes! This is a matter between Mr. Wood and me. Don't meddle in other business."

"Lovito is just a product of Wood Group. Mr. Wood is the strategic person in charge, and he wouldn't care about such trivial matters. So, Ms. Nightingale, if you want to be the spokesperson of Lovito, you can talk to me."

Winnie was a little disbelieving when she heard this.

She looked Gale up and down. "You? Who are you? What is your status, and do you deserve to speak on an equal footing with me? Have you ever worn any high-end

jewelry before? Can you afford it?"

Gale replied, neither humble nor overbearing, "Let me introduce myself. I am the chief designer of Lovito, Gale. As for Mr. Wood, he is my immediate boss."

Winnie was stunned.

Chief designer?

This woman had such a career? She did not expect it!

Given what had happened, it is impossible for Winnie to lower her figure to curry favor with Gale.

"Tch, it's just a designer. It's just drawing blueprints. What's the big deal? It's not up to you to make decisions like endorsements," Winnie said disdainfully.

"Oh, what if I could?"

Winnie subconsciously glanced at Shawn.

Shawn stood calmly and straightly, with a slight smile on the corner of his mouth.

Since Gale did not let him speak, then he... would just watch it play out.

Gale can be quite cute when challenged.

Winnie did not believe it at all. "You wouldn't have that power."

"Well... Whoever I want to choose as the spokesperson, Mr. Wood will agree."

"Impossible! You can order Mr. Wood around?" Winnie said without thinking.

Gale looked at Shawn.

She did not speak and just looked at him.

Winnie also stared at Shawn. "Mr. Wood, what Gale said must be false! Tell her quickly, don't allow her wishful thinking!"

"What she said...is true."

Winnie was dumbfounded.

The corner of Gale's mouth curled up into a slight smile, which was quickly pursed again.

At the critical moment, Shawn was naturally on her side.

"Why? Gale is just a designer," Winnie asked.

Gale replied, "What's wrong with the designer? If there is no design drawing, where does the jewelry come from? Why are you so arrogant and classify occupations into different grades? Being an actress is just a profession, are you so amazing?"

“You... what are you trying to imply!”

Winnie was furious.

SO

She had always been praised by others. Everyone around her coaxed her. Who would dare anger her?

Furthermore, the other party was just a designer!

Gale smiled slightly. “Don’t be offended, Winnie. I think I will never consider you as the spokesperson of Lovito!”
