Still Loving You Nonetheless By Snow de Eira Chapter 1411

“That’s what you are like now.” Madam Sheldon stared at her and said, “You know that Liam and Yanne are engaged, yet you are so close to Liam. You let him always run to you. Do you know that this is wrong?”

Ivy looked at her and seemed to understand.

Madam Sheldon continued, “Think about Yanne, she is Liam’s fiancée, but Liam doesn’t treat her as a fiancée, not at all. Instead, he is always with you. she will definitely be very sad and then leave. ll

“Since Liam treats her badly, why did they get engaged?”

“...” Madam Sheldon was so angry that she gritted her teeth. ” Because if Liam doesn’t marry Yanne, our Sheldon family will be miserable and will break up. Do you understand what I mean now?”

“How could this be!?” Ivy whispered.

“So they can’t be separated...” Madam Sheldon suddenly grabbed her hands, making the tears flow even more urgently. “Miss Landers, I beg you, okay? Don’t disturb the two of them, and don’t break them up. I can promise you any reward, as long as you ask for it.”

Ivy did not quite understand what she meant, but when she saw her tears, she immediately agreed, “Ma’am, don’t cry, I promise to stop seeing Liam.”

“Really? Did you really promise not to interact with Liam in the future?”

Ivy nodded. "As long as the Sheldon family is good and healthy, I don't have to deal with him."

"Really? Thank you so much," Madam Sheldon said gratefully.

Although Ivy's spirit is not very normal, she still has a soft heart, so Madam Sheldon will use this method.

Besides, she had no other choice.

The servants came up and told them to go down to dinner.

Madam Sheldon took Ivy's arm and warned her, "Miss Landers, remember what you said, don't lie to me."

Ivy nodded. "Don't worry, Ma'am, I will."

Seeing the two of them going downstairs, Liam immediately went up to meet them and reached out to hold Ivy's little hand.

However, this time, Ivy avoided him.

Ivy grabbed his palm, pulled him to Yanne's side, put their hands together, and smiled. "Madam said that you two are engaged, so you should be together well. Liam, please accompany Miss Young in the future, and don't always come to me."

When Liam heard her words, he immediately turned her attention to Madam Sheldon.

Madam Sheldon explained with a smile, "I just told Miss Landers about your engagement to Yanne. I didn't say anything appropriate. II

“That’s right.” Ivy nodded.

Liam was speechless for a while.

Madam Sheldon said, “okay, everyone is hungry, let’s eat quickly.”

Everyone walked toward the restaurant together.

Liam originally wanted to sit next to Ivy and take care of her, but Ivy pushed her to sit next to Yanne.

“Liam, sit down with Miss Young.”

“Ivy...” Liam frowned.

Ivy smiled and said, “It’s also your responsibility to accompany Yanne to dinner.”

Yanne looked at Ivy with a smile, and said gratefully, “Thank you Miss Landers for being so gracious, and Liam and I will definitely get along well.”

“Well, then I’m relieved.” Ivy smiled at everyone.

Liam habitually took a piece of shrimp and put it in Ivy’s bowl, but Ivy stopped him.

“Liam, you should serve it to Miss Young.” she said solemnly, “ Didn’t you just say it? You have to be nice to your fiancée, so that you can be considered a good man.”

**Still Loving You Nonetheless By Snow de Eira Chapter 1412**

“That’s right, Miss Landers is right,” Madam Sheldon echoed.

“Liam, I didn’t tell you about it. You take advantage of the danger and forced Miss Landers to be a third party. If she wakes up, given her personality, how do you think she will react?”

Liam unconsciously clenched the chopsticks in his hand.

He looked at the Ivy opposite.

Yes, what would happen if Ivy found out? will she hate him?

After dinner, Liam was about to send Ivy back, but Ivy refused immediately. “No need, I’ll just go back by myself.”

“You go back by yourself?” Liam frowned. “Do you know where you live? Do you know the way back?”

“I...” Ivy said dumbly.

Madam Sheldon immediately said, “Liam, are you stupid? It’s not like we don’t have a driver. How could we let Ivy go back alone?”

She smiled and then said, “I have already arranged a driver for Miss Landers.”

“Thank you, Madam Sheldon.” Ivy nodded politely at her. “That would be troublesome.”

“No trouble, go back quickly,” Madam Sheldon urged.

Liam followed without a word, but Ivy turned and pushed him to Yanne’s side. “Liam, didn’t I tell you to stay with Miss Young in the future? You can’t come with me. You have to be good.”

Liam looked at her serious little face and said, "V..."

"Don't call me V." Ivy interrupted him. "Just call me Ivy."

Liam gritted his teeth and raised his eyebrows. "Ivy, have you had enough?"

"Not enough." Ivy shook her head. "You haven't promised me to stay with Miss Young in the future."

"Do you want me to promise you?" Liam sneered.

"Yeah." Ivy nodded solemnly.

"Okay, how is a verbal promise enough? Let's find a place to write an agreement." He said, pulling Ivy's hand and walking in the direction of the car.

Ivy was dragged away by him and asked curiously, "Where are we going to sign the agreement?"

"Of course, I'll find a place where no one can disturb us." Liam pulled her into the car, closed the door, and got on the other side of the car.

"Liam, what are you doing? Let go of Miss Landers." Madam Sheldon quickly followed.

Before she could finish speaking, the car quickly drove out of the mansion.

Madam Sheldon was so angry that she stamped her feet and cursed.

Yanne followed quietly, watching the direction the car was leaving. She said, "Madam Sheldon, don't you think it's ridiculous to ask a lunatic to promise you something?"

Madam Sheldon was silent.

“The farce is over, and she has been taken away. I really don’t know what’s the point of bringing Ivy here.”

Madam Sheldon was so aggrieved in her heart, but thinking of her son who was still locked up, she had to endure it.

“Yanne, don’t worry, if this trick doesn’t work, we can try other tricks, and we can always find a way to get Liam back.”

“By the time we get him back, I’m afraid that even their children would have grown up.”

“...” Madam Sheldon sighed, “No, Liam won’t be so confused. If he wants to have a baby, it must be Yanne who will give birth to a child in our family.”

“But with Liam’s current attitude, how can we have a baby?” Yanne asked seriously.

“I’ll make a plan, it shouldn’t take too long,” Madam Sheldon said.

### **Still Loving You Nonetheless By Snow de Eira Chapter 1413**

“Okay, then I’ll wait for the good news from you, Madam Sheldon.” Yanne turned around and walked into the house.

After walking a few steps, she turned around and said to Madam Sheldon, “Also, it’s not a good thing for Liam to stay with Ivy alone. Call Liam back quickly.”

“Okay, I’ll go to Jay Mansion in person to bring him back.” In order to please Yanne, Madam Sheldon just said what she wanted to hear.

“How long will it take?”

“I’ll go immediately.” Madam Sheldon said to the servant, “ Arrange a car for me, I’m going to Jay Mansion.”

The servant responded and arranged for the car to go. Yanne was finally satisfied.

However, what Madam Sheldon did not know was that Liam and Ivy did not return to Jay Mansion.

After driving on the road for a while, the car turned into a dead end.

The two sides of the road are overgrown with grass and trees, and it was deserted.

Looking at the scenery outside, Ivy was puzzled, and she asked, “ Liam, where are we going to sign the agreement? There seems to be nobody here.”

“Am I not somebody?” Liam braked the car to the side of the road and turned to look at her. “How many more people do you need to sign an agreement?”

“...” Ivy did not understand what he meant, and said stupidly, “But we don’t have paper and pen, how do we sign?”

“Why use paper and pen?”

“Because...” Ivy could not answer for a while, and asked suspiciously, “If you don’t need paper and pen, what will you use?”

“Isn’t it better to use me?” Liam leaned over and looked at her closely. “Miss Landers, what do you think?”

“What do you mean?” Ivy saw his expression was not very good, and unconsciously stepped back.

However, her back was against the chair, so she could not retreat at all.

“This is what it means.” Liam lowered his head and pressed down on her red lips.

Ivy hurriedly put her hands against his chest and asked anxiously, “Liam, what are you doing?”

“What do you think?” Liam lowered his head and glanced at the hands that were resting on his chest, she would never have rejected him like this before.

“Liam, you have a fiancée now, you can’t treat me like this.” Ivy said solemnly, “We should keep our distance and never meet again.

It

“Really? Madam Sheldon told you?”

“Yes.”

He gritted his teeth, “what about yourself? Do you think so yourself?”

“Yes.” Ivy nodded solemnly. “I think Madam Sheldon is right, I can’t stop you from being with Miss Young, otherwise, I will become your and Miss Young’s mistress. Being a mistress is very shameful.”

“You didn’t want to hinder me from being with Miss Young, so you pushed me to her side?” Liam bit her.  
“Ivy, do you think I’m an item? You can push me around as you please?”

“You...what do you mean? Am I doing something wrong?”

Seeing the innocence and blankness in her eyes, Liam was about to go crazy.

Not wanting to talk nonsense, he started to persuade her with his actions.

Feeling the chair being reclined further and his body pressing towards her, Ivy hurriedly whispered,  
“what are you doing, Liam, didn’t I just say it? We can’t do this anymore!”

“Try it and you’ll know if it can be done again.” Liam ignored her protest and whispered in her ear as he acted, “Ivy, let me tell you, if you push me to other women in the future, I will be very angry.”

“But you and Miss Young are engaged.”

“Do you know what the consequences of my anger are?” Liam asked.

#### **Still Loving You Nonetheless By Snow de Eira Chapter 1414**

“What is it?” Ivy asked in confusion.

“It’s just like how it is now.” He curled his lips into a smile.

Ivy was even more at a loss. Like now? why does she still feel pretty good?

However, soon, she did not feel good anymore.

Liam will soon make her whole body tremble.

She was so frightened that she quickly begged for mercy. "Liam, what are you going to do? How can you do such a thing here?"

People will see US."

What she got in response was more fanatical plundering.

This was accompanied by his cold warning. "Ivy, listen to me, no matter if Yanne and I are engaged or not, I will never let you go, and I will never stay away from you. If you push another woman pushes to me, I will definitely double the punishment."

"Do you understand?" He asked.

Ivy grabbed his shoulder tightly and nodded vigorously. "I understand."

Although she did not understand why Liam was so angry, she really did not want to go on like this, so she could only nod her head along with his words.

She did not know how long it took before Liam returned to his position.

He picked up his jacket and draped it over Ivy, then lowered his head and kissed her on the forehead, and said softly, "I'll take you back to rest."

Ivy looked at him. she had not recovered from the episode just now.

"What's the matter? Why are you looking at me like this?"

“Liam, this is not right,” she said weakly.

Liam raised his eyebrows. “Really? Isn’t it right? Is it because the punishment just now wasn’t enough that it gave you the wrong impression?”

“What nonsense are you talking about?”

“I think you’re talking nonsense.” Liam raised his hand and stroked her forehead, “okay, don’t make me angry anymore, I’m going to take you back to rest.”

Ivy did not understand how she made him angry.

However, hearing him say that, she had to shut up.

She was probably just exhausted, and she fell asleep not long after.

Parking the car in front of the red light, Liam turned his head to look at Ivy who was sleeping, looking at her gentle and peaceful little face smudged by the street light. “V, don’t worry, I won’t let you become a mistress.”

As if hearing him calling her, Ivy’s eyelashes trembled, but she did not wake up.

Liam smiled slightly and restarted the car.

After driving the car into the mansion, Liam discovered that Madam Sheldon’s car was parked in the courtyard. Madam Sheldon was standing in front of the house at this time, clearly waiting for him.

Liam glanced sideways at Ivy who was still sleeping and immediately opened the door to get out of the car.

Madam Sheldon looked at him, then looked at Ivy, who was sleeping with his jacket in the car, and held back her anger, she asked, "Where did you go?"

Liam said calmly, "We walked around. Why are you here, Mom?"

"You left Yanne at the Sheldon Mansion and ran away with Miss Landers. Do you think she can have a good rest? Am I not allowed to come and take you back?"

"Mom, I'm not a child anymore. I'll go home myself."

"If you knew how to go home, you wouldn't be hanging around outside and come back so late."

#### **Still Loving You Nonetheless By Snow de Eira Chapter 1415**

Madam Sheldon pointed to her watch. "Look at what time it is now. You call this walking around? Are you running away from home?"

Liam was silent.

He did not tell Madam Sheldon the truth. In fact, he has been making love with Ivy the entire time.

"Hurry home with me." Madam Sheldon ordered.

Liam did not listen to her, but said, "Mom, I want to talk to you."

"What is there to talk about? I don't want to talk to you about anything!" Madam Sheldon did not have to guess to know what he wanted to talk to her about.

He was definitely going to say that he did not want to sleep with Yanne, but she would never agree to it.

“Mom, I really have no feelings for Yanne, can we save Brother in another way?”

“Another way?” Madam Sheldon nodded. “Okay, do you have any ideas? If there is any other way, I am willing to listen to you.”

“...” Liam paused and said, “I haven’t made up my mind yet, but I will work hard.”

“It’s not like you haven’t thought about it before. You can’t figure it out at all! otherwise, you wouldn’t obediently get engaged to Yanne.”

“Mom...”

“Enough. Don’t say anything, just go back with me.”

As soon as Madam Sheldon finished speaking, she saw Ivy get out of the car in a daze.

She was holding Liam’s jacket, her clothes had already been torn by Liam, and she would be standing by the door in a disheveled manner.

Seeing her like this, Madam Sheldon almost immediately guessed what the two of them had just done.

She was so angry that she raised her hand and slapped Liam on the face. She said angrily, “Liam, do you ever listen to me?”

Her slap was so hard, that it made a loud sound.

Ivy was taken aback and she stood beside the car, not daring to move.

“You don’t care about your brother at all, and you don’t take the Sheldon family seriously at all. What did I do to deserve a son like you?!” Madam Sheldon pointed at Liam and scolded him.

After that, she rushed to Ivy.

Liam was willing to be beaten by her because she was his mother, and he really did disobey her. He felt that he deserved the slap.

However, Ivy did not deserve it, and he could not let Ivy be beaten.

“Mom, don’t touch her!” He rushed up and hugged his mother’s arm. “You can beat and scold me if you want, but you can’t touch her.”

“Why can’t I touch her?” Madam Sheldon pointed at Ivy and angrily said, “You vixen, all you do is seduce my son. You promised to stay away from my son just now, but you turned around and forgot!”

“Ivy, you deserve to be a lunatic, your damn child...!”

“Mom! Have you had enough?” Liam hurriedly yelled at her, using his own voice to cover up her next words.

He could not let Ivy hear the news about the child’s death. He had finally gotten Ivy to move on from that nightmare.

“Mom, if you insist on forcing me like this, then I’ll leave right now!” Liam grabbed Ivy’s wrist and turned to leave.

Madam Sheldon was frightened by him and shouted loudly, “Come back to me, Liam! You can’t leave!”

“I just said, you can beat me and scold me, but you can’t hurt Ivy!” Liam turned around and stared at her. “If I can’t even protect the woman I love, how can I survive?”

“You—” Madam Sheldon was furious.

Ivy looked at Madam Sheldon, and then at Liam, she shook Liam’s arm and said, “Liam, don’t talk to Madam Sheldon like that, she is your mother.”

“No mother would hurt her son and her son’s lover like this.” Liam took off the clothes from Ivy’s arms and put them on for her. He flattened the jacket carefully, wrapping her small body tightly.

### **Still Loving You Nonetheless By Snow de Eira Chapter 1416**

“V, don’t be afraid, I ’11 take you out of here.” Only when dealing with Ivy, his tone will be soft.

However, Ivy looked at him, puzzled. “Liam, why are we leaving here? Your mother did nothing wrong.”

“Ivy!” Liam felt helpless.

Ivy continued, “Liam, how can you quarrel with your mother? she will be sad, right? No one wants their children not to like them.”

“Ivy, Γτ different from her.”

“What’s the difference? She’s your biological mother, right? Even if it’s not your bio...”

“Miss Landers, don’t act so pretentious here!” Madam Sheldon could not help shouting at her, “I don’t know what you’re thinking! You wish Liam would cut ties with me, right?”

“I don’t.” Ivy shook her head.

“Mom, since this has been said, let me tell you clearly, I will not marry Yanne...”

“What did you say?” Madam Sheldon roared anxiously.

“I don’t want to sacrifice my life’s happiness for Brother. I will tell Brother about this in person.” Liam’s attitude was firm. “This is Brother’s business, you don’t need to interfere anymore.”

“You...” Madam Sheldon was so anxious that tears were about to come out.

She rushed over and grabbed his arm, her tone softened, “Liam, don’t do this, it’s not about you and your brother, it’s about our entire Shelby family, so please marry Yanne, okay?”

Madam Sheldon glanced at Ivy. “I promise you that I won’t come here again, and I won’t stop you from meeting with Ivy, okay?”

“Liam, please promise me that you’ll marry Yanne. I don’t want to lose your Brother,” Madam Sheldon pleaded while shaking his arm.

Seeing Madam Sheldon crying so sadly, Ivy reached out and held her palm. “Okay, Madam Sheldon, I promise you on behalf of Liam.

||

“Really?” Madam Sheldon looked at her.

“Yeah.” Ivy nodded solemnly, and then said to Liam, “Liam, I promised Madam Sheldon for you. You should go back with her quickly.”

Liam looked at her, his eyes cold.

Ivy pushed him and said, "Hurry up, and stop being angry at each other, or I will ignore you."

In order to drive him away, Ivy also forcibly pushed Liam into the car. She then turned around and said to Madam Sheldon, "Ma'am, Liam has already got in the car, so you should get in too."

Madam Sheldon looked at her with complicated eyes, then nodded and sat down in the carriage.

"Liam, you have to be good." Ivy waved her little hand at Liam.

Liam wanted to get out of the car but was stopped by Madam Sheldon.

He had no choice but to say to Ivy, "Go back quickly, don't wander around."

Then he instructed Kaylee behind Ivy, "Take Miss Landers in to rest."

Kaylee immediately came up and held Ivy's arm. "Miss Landers, let's go."

Ivy nodded and followed her into the house.

Yanne saw that Madam Sheldon was back with Liam, and the anger in her heart eased a little. However, when she saw Liam's disheveled appearance, she was even more depressed.

She took a deep breath and greeted the two of them with a forced smile. "Liam, Madam Sheldon, you are back."

"Yes." Madam Sheldon responded with a bit of physical and mental exhaustion, and walked into the room.

Yanne glanced at Liam's back and asked worriedly, "Liam, what happened to Madam Sheldon?"

“She’s fine.” Liam said to Yanne, “It’s getting late, you can go upstairs to rest.”

“Okay.” Yanne tugged at his messy shirt. “You also hurry to take a shower and rest early.”

Standing close, she felt she could smell the Ivy on him. She could not stand the smell.

### **Still Loving You Nonetheless By Snow de Eira Chapter 1417**

Liam nodded and walked towards the second floor.

Liam took a shower and came out. He picked up his mobile phone and dialed Jay Mansion. The voice of a servant came from inside.

“Is Miss Landers asleep?” he asked.

“Mister Liam, Miss Landers said she’s not sleepy and is reading in the room.”

It was normal not to be sleepy after what happened just now.

“Remember to remind her to sleep later,” he said.

“Mister Liam, don’t worry, I will.”

Liam hung up the phone, turned around, and saw Yanne walking in towards him. Before he could speak, she said softly, “Liam, Madam Sheldon is looking for you and said she wants to talk to you.”

Liam guessed what she would say, and felt a little frustrated. "I have to go to work tomorrow, so I want to go to bed earlier. Ask her to go to bed earlier too."

"But Madam Sheldon said that she just fell asleep and had a nightmare, so she wanted to chat with you." Yanne comforted him, "Liam, just go down and say a few words with her. I think she's very depressed."

Liam hesitated for a while but finally walked downstairs.

Madam Sheldon sat down on the sofa, her mood really looked down, and her attitude was not as tough as before.

She sighed helplessly and said to him, "Son, sit down and have a cup of tea with me. We haven't had a good conversation for a long time."

Liam glanced at the tea on the table. "Mom, drinking tea at night is not good for sleep."

"It's alright, this is chamomile tea, which helps you fall asleep." She poured him a cup and signaled again. "Sit down."

Liam hesitated for a while, and finally took a seat opposite her.

"I dreamed about your brother just now." Madam Sheldon said bitterly, "I dreamed that he said he was bullied, and asked when we were going to save him."

"Mom..." Liam looked at her and said, "Don't talk about Brother. It will only make you sleepless."

"Liam..."

"Mom, don't talk about me and Yanne anymore. I'm afraid I'll disappoint you and make you lose sleep."

Madam Sheldon paused and looked at him with some disappointment.

She nodded and said, “okay, let’s not talk about it, then let’s talk about your work.”

Madam Sheldon never asked about the company on weekdays, but she asked him about work. Liam did not quite understand.

Madam Sheldon asked, “I heard that the company is cooperating with the Young Group on a new project recently?”

“Yeah.”

“If the partnership goes well, will our company be able to take it to the next level?”

“Yes.”

“Are you in charge of that project?”

“Yes.”

Madam Sheldon gently took a sip of the tea from the cup, nodded her head, and said, “This tea is prescribed by the doctor, and it tastes pretty good. You can try it.”

Liam picked up the teacup and smelled it lightly, took another sip, and nodded. “It’s really fragrant.”

“Would you like to take some to the company for a drink?”

“No, I like to drink coffee at the company.” Liam glanced at the time. “Mom, it’s very late, you should go to bed and rest.”

Madam Sheldon poured a cup of tea gracefully and said bitterly, " You, you don't even have the patience to drink tea with your mother. Forget it, if you don't want to accompany me, go back upstairs to rest. I'll ask Yanne to accompany me. "

Liam heard what she said and felt a little embarrassed to leave.

### **Still Loving You Nonetheless By Snow de Eira Chapter 1418**

Biting the bullet and accompanying Madam Sheldon for a while, he finally could not stand it and said, "Mom, I have to go to work tomorrow, so I have to go upstairs to rest."

"You should rest early, too." He stood up from the sofa, and his body suddenly swayed.

"What's the matter?" Madam Sheldon immediately asked nervously, "Liam, are you not feeling well?"

Liam shook his head. "No, I'm just a little tired."

"Then go upstairs to rest." Madam Sheldon 'just' saw Yanne coming downstairs, and waved to her. " Yanne, Liam is not feeling well. You should accompany him upstairs to rest."

Yanne walked toward the two of them quickly, took Liam's arm, and said, "Liam, let me accompany you up there."

As soon as her body leaned up, Liam's whole body went numb like an electric shock.

It felt good, and he wanted her.

This feeling was wonderful, just like every time he put Ivy under him.

However, he looked at Yanne in front of him and shook his head rationally. "No, I'll go up by myself."

He struggled to steady his pace and walked upstairs.

Yanne quickly followed, and before leaving, she did not forget to give Madam Sheldon a look.

Madam Sheldon took a deep breath. She could guess her son's reaction when she woke up tomorrow, but for the eldest son to come out safely, she had no choice but to do this.

"Liam, if you're sleepy, go to bed and rest," Yanne said to him thoughtfully after accompanying Liam up to the bedroom on the second floor.

"Yeah." Liam walked toward the sofa. He still wanted to sleep on the sofa tonight.

"Liam, you're so tall. How can you sleep on the sofa? Let's go to bed."

Yanne stepped forward and hugged his arm. "Liam, look at me."

Liam turned to look at her and found that the long nightgown that she had wrapped around her body was gone, and there was only a little piece of fabric on her body that had little shielding effect.

It was like a second of burning passion. He took her into his arms and rolled over onto the big bed.

Yanne felt his impatience, and the corners of her lips curled into a successful smile.

Although this method is a little out of place, and it is very likely to anger him, but other than that, they had no other way.

She must make Liam her man while Madam Sheldon was still on her side.

Of course, it would be better if she could conceive his child, and the relationship between the two would be completely stable.

She closed her eyes, and while enjoying the happiness at this moment, she fantasized about her upcoming happiness.

Just when she thought that Liam was about to become her man, Liam suddenly stopped.

He raised his head and stared at her, his eyes blank and confused. "V, is that you?"

Yanne bit her lip in disappointment.

Although she really wanted to be Liam's lover, she was also a woman after all. How could a woman not care that her beloved man sees her as someone else at this time?

She stared at him movingly and said, "Liam, I'm your fiancée, Yanne."

"Are you Yanne?" Liam's body froze.

Seeing this, Yanne could still react at this time. She immediately hugged him in a panic and said, "Liam, take a look at me, am I really not as good as Miss Landers?"

Liam turned over and sat up, and left without saying a word.

Yanne hurriedly chased after him and hugged him from behind. "Liam, don't go, you obviously really wanted me, right? why did you leave?"

## Still Loving You Nonetheless By Snow de Eira Chapter 1419

She suddenly regretted saying that she was Yanne. In order to have him, so what if she was Ivy's stand-in?

If she became pregnant, she will not need to be worried about losing him again.

Liam resisted the urge in his body and forcibly pulled her away from him and said, "Miss Young, I'm sorry, I don't want to hurt you."

"Liam, you will only hurt me if you leave now, understand?" Yanne roared toward his back.

"Sorry." Liam dropped her and walked quickly towards the bathroom.

Yanne stared blankly in the direction he was leaving, feeling humiliation and sadness that she had never felt before.

She really underestimated Liam and his feelings for Ivy.

A man who can reject her at such a time and retreat completely was nothing short of a miracle.

Liam drenched himself in cold water in the bathroom for a long time, but he still could not lower his anger.

He did not expect that Madam Sheldon would do such a thing to him, that Yanne would lower herself like this. Also...he was surprised that he actually was able to withdraw from her.

He washed his face with cold water again and looked up at himself in the mirror.

Gradually, the figure in the mirror blurred into the appearance of Ivy, and the woman was looking at him with a small smile.

It was obvious that she had done such wicked things before, and she did it to another man, but he still felt that her eyes were clean and her whole body was full of pure aura.

He was so angry that he almost waved the mirror in front of him with his hand.

When Yanne saw that Liam did not come out of the bathroom for a long time, she realized that he could not figure it out by himself.

It seems that Madam Sheldon was still very strong, she did not give him a chance to escape at all.

She gritted her teeth, pushed open the bathroom door, and stepped in.

When she saw Liam curled up in pain in the corner, she hesitated and hugged him, coaxing in his ear, "Liam, don't bear it anymore, you can't bear it."

Feeling her approach, Liam roared, "Don't touch me!"

However, how could Yanne let him go? She hugged his body even tighter...

When Liam woke up the next day, he was already in bed.

He opened his eyes faintly, and some images gradually emerged in his brain. He remembered that he seemed to be drugged and bumped in the bathroom.

He raised his hand and touched his forehead. It was painful but not bleeding.

Feeling that something was pushing into his arms, he instinctively lowered his head and glanced. Seeing that it was Yanne, he sat up from the bed almost immediately.

“You—” He frowned, looked at her in astonishment, and then pulled the quilt over her naked body.

Yanne grabbed his wrist and prevented him from getting out of bed. “Liam, you don’t want to ask me why I’m here, do you? Have you forgotten what happened last night?”

She smiled so softly, she even tried to pull him back to the bed.

“Liam, we are engaged. Isn’t it normal to do this kind of thing?”

Liam looked at her unrepentant little face, his eyes cold.

“Is it normal?” He looked at her and asked, “Yanne, do you think it’s normal to drug a man who doesn’t want to sleep with you?”

Yanne originally thought that he might have a better attitude toward her after spending a night with her naked. However, she did not expect this reaction from him.

she could see thick anger in his eyes.

The smile on her face faded, and she turned pitiful and said, “Liam, if it wasn’t because you always leave me to find Ivy, Madam

Sheldon wouldn’t have come up with this way to get US together.”

**Still Loving You Nonetheless By Snow de Eira Chapter 1420**

“What happened last night...” Yanne bit her lip and said, “I won’t blame you, I just hope you can take a good look at me and recognize the facts. I am your fiancée.”

She deliberately showed him the traces under her neck and asked affectionately, “Liam, you clearly liked me very much last night, and you even a little crazy, why did you wake up like a different person?”

Liam did see some traces on her body. These traces, when on Ivy’s body, were tempting, when they were on Yanne’s body, they were just a dazzling shame.

“Miss Young, you really lost my respect for you,” Liam said and walked quickly to the bathroom.

He took a shower, came to the mirror, and looked at himself in it. He began to try to remember what happened last night.

Last night, he clearly doused himself with cold water for so long, but he still could not lower his body temperature, and then Yanne appeared again.

He remembered that he and Yanne were pulling at each other in the bathroom, and then he fell. He could not remember what happened after that.

He did not even remember how he and Yanne got to bed, let alone how they started and how they ended.

Did he really do it with Yanne...

At the same time he questioned, he could not help but think of the marks under her neck, which were all left by him.

If he really did it with Yanne...

With a punch, he shattered the mirror.

Yanne was a little scared listening to the movement in the bathroom. In order to avoid danger, she quietly left the bedroom.

When Madam Sheldon added something into the tea last night, she had guessed what kind of reaction she would face the next day, so she made preparations early in the morning.

Sure enough, seeing Liam walking downstairs, she immediately coughed and said, "Liam, what happened last night, I arranged it. It has nothing to do with Yanne, so don't blame her."

Although Liam's face was frosty, he did not get angry. He went to sit down in front of his mother and Yanne.

He then raised his eyes and stared at them and said lightly, "I originally thought I was quite ignorant and inappropriate, but now, since you are so cruel to me, I have nothing to feel guilty about."

After speaking, he picked up the plate and fork and started to eat breakfast.

Madam Sheldon and Yanne looked at each other.

Yanne asked in confusion, "Liam, what do you mean?"

"It means that we are all adults, and it was Miss Young who took the initiative. It shouldn't be because we slept once, right?" Liam raised his eyebrows at her.

Yanne's pretty face sank immediately.

"Liam, what are you talking about?" Madam Sheldon reprimanded, "Yanne is your fiancée, and now she's yours again, how can you say such disrespectful words to her?"

"Mom, if you think that if you drug me again, I'll be bound mentally and physically, that's too naive."

Liam raised the corners of his lips and sneered, "I hate being forced, it's not like you don't know."

"..." Madam Sheldon gritted her teeth, glared at him, and asked, "So what do you want? Are you going to cancel your engagement with Yanne?"

"My engagement with Miss Young didn't finish because of Miss Young's own reasons, and we're not engaged anymore."

Yanne's little face was even more ugly, she stared at him and asked, "What reason?"

"Isn't it your idea to make Ivy make a fool of yourself at the engagement party?" Liam stared at her. "Blame Ivy's affairs on Susan, and then blame the drugging on Madam Sheldon. Miss Young, you're quite clever."

Yanne did not expect him to speak so directly, since she did not know what else to say for a while.

After a long while, she explained, "Liam, how can you say that? Susan saw that you didn't come to the scene that day. She was so angry that she went to find Miss Landers. I didn't even know she went to Jay Mansion. Besides, how could I possibly spoil my engagement just to embarrass Miss Landers?"

"That's right, why don't you use your brain?" Madam Sheldon echoed.

Yanne's eyes were red, and she said aggrievedly, "Liam, although you don't love me, you agreed to be engaged to me. Is it fair to me that you ran to hang out with Miss Landers during our engagement day? You? Have you ever thought about my feelings?"

Liam looked at the tears in her eyes and nodded. "Yes, I'm sorry for you, I thought I could force myself to be with you, but now I realize that this kind of thing is impossible. So, I don't want to hurt you anymore. I can't hurt you anymore."

Madam Sheldon was so angry that she stood up. "Liam, can't you apologize to Yanne properly?"

"I don't think Miss Young will take my apology seriously." Liam put down the plate and fork. "I'm full, you guys eat slowly."

After speaking, he walked out without looking back.

Only Madam Sheldon and Yanne were silent at the table.

At this time, Yanne was naturally angry and disappointed, she sat silently wiping her tears.

Madam Sheldon did not know how to comfort her properly, so she could only say weakly, "Yanne, don't worry, it's normal for Liam to be angry last night, and I expected it early in the morning. Let's wait. Let's talk about it when he's calmed down, and then we'll think of away."

"Liam has made it very clear that he wants to cancel the engagement with me." Yanne turned to Madam Sheldon, crying even more. "Madam Sheldon, you must find a way to help me. If he cancels the engagement like this, I will be the laughing stock of everyone."

Liam's attitude was so tough. It was useless for her to threaten Madam Sheldon, so she decided to use a softer approach instead.

However, she did not have the face to admit directly that she could not live without Liam, so she could only use the excuse of fear of being laughed at.

Madam Sheldon naturally agreed. "Yanne, don't worry, I like you very much, and I will definitely help you."

Yanne nodded. "Thankyou, Madam Sheldon."

After Liam left the Sheldon Mansion, he did not go to the company immediately, nor did he go to Jay Mansion to visit Ivy.

Instead, he drove his car to the place where his brother Howard was being held.

After waiting for a while, Howard was finally brought out.

Seeing his always high-spirited elder brother turn into a dishelved man, and seeing the cuffs on his hand, Liam felt as if his heart was bleeding.

He took a light breath and said softly, "Brother."

Howard and Liam were brothers, and they looked alike.

Howard lost a lot of weight, and his handsome face had become haggard.
