

Still Loving You Nonetheless Chapter 1454

She did not bat an eyelid nor open her eyes. She looked like she was soundly asleep.

Liam thought that she was asleep and softened his footsteps. Carefully adjusting her covers, Liam gently stroked her head.

Ivy could not help but flinch.

Liam smiled. "V, you're awake, aren't you? Open up your eyes if you're awake. Take a look at what delicious food that I've got for you."

Ivy then slowly opened up her eyes.

Liam showed a lunch box in front of her and said, "Look, I've made you dessert. Would you like to try some?"

Ivy took a glance at him and nodded, still staring at him, she then said, "Liam, you're Miss Yanne's fiance, you should go back to her."

Liam did not expect that this would be the first thing that Ivy would say to him.

He kept silent for a moment before holding her hand in his. "V, I told you, haven't I? That I'm not marrying

"They must be praying that I'd just die like that, right?" Tears were rolling out from her eyes as she sobbed,"

And especially Meredith, she must hate me a lot, she must..."

"No, V. Don't think like that." Liam removed the hands on her ears and comforted her gently, "Listen to me, Joe and Meredith knew that you only did what you did out of desperation. They've never blamed or resented you. Quite the contrary, they were worried about you after knowing that you got into a car accident."

"How is that possible? I even hate myself for what I did, how could they not hate me?" still sobbing, Ivy went on, "Liam, do you know why I don't want to see anyone?"

Because I can't bring myself to. I'd rather that I never woke up."

"I don't understand why I woke up, I really didn't want to

"But don't you know how badly all of US wanted you to wake up? Be it Joe or Meredith, even Cooper was wishing and praying that you'd get better soon."

"Cooper..." Ivy felt a wrench in her heart as she said, "I am most indebted to both Meredith and Cooper, I know Cooper hates me all this while and he would never wish that I woke up."

"V, you're overthinking it. They are not as calculative as you think."

Ivy suddenly paused before saying, "You're right, they are all kind souls and why would they hate me? How could I think of them that way?"

Wiping away the tears on her face, she went on, "I am the worst. Who am I to even assume what they're thinking."
