Still Loving You Nonetheless Chapter 1460

Liam got nervous immediately. With hurried footsteps, he made his way to her. "Are you okay?"

"My tummy...it aches," Yanne was crying in pain as she flung away Liam's hands. "Liam Sheldon, stop pretending as you care. I don't need you!"

"It's fine if you don't want the baby. I will take care of the baby myself and I don't need you!" She cried, "Just go back to that Ivy you love so much!"

Stanley Sheldon made his way to Liam's room at Yarme's outburst.

Taking a look at the situation, Stanley fumed, "Liam what the hell is wrong with you? Don't you know that Yanne is pregnant?"

"1..." Liam started apologizing frantically, "I'm sorry, Yanne. I just wanted to tell you the truth, I didn't mean to trigger you."

"Cut the nonsense and what are you waiting for? Aren't you going to take Yanne home?" Stanley fumed and he looked like he was about to hit Liam.

Liam avoided his father and hurriedly helped Yanne walk out of the office.

As soon as the both of them got into the car, Liam's phone rang.

"I'll have the servants and the family physician take good care of you." Liam showed no signs of wanting to stay.

Ever since Yanne was pregnant, she had moved into Liam's house. As soon as the car pulled over at the front door, Liam helped her to get down from the car.

Biting her teeth, Yanne purposely cried out, "I can feel the pain coming again...Liam...it's true..."

Liam carried Yanne into his arms and walked into the house.

Yanne was startled by his sudden response and she secretly felt happy. This was the first time Liam carried her in his arms.

Madam Sheldon was surprised to see Yanne in Liam's arms. She immediately got worried. "What happened to Yanne?"

She knew her son well and something must have happened for Liam to carry Yanne in his arms.

Yanne replied, "Aunt, I'm okay. It's just that my tummy is aching."

"What?" Madam Sheldon got nervous right away, "How is it nothing when your tummy is aching?"

She then followed closely behind them and went on," Are you really fine, Yanne? We should get you to the hospital if it's serious. You're In the early stages of pregnancy and we should be extra careful."

Yanne stole a glance at Liam, shook her head, and answered, "I accidentally tripped and hit my tummy. I'll be fine after getting some rest."
