

## Still Loving You Nonetheless Chapter 1466

Ivy was so absorbed in finding her child that she did not want to have anything to do with Yanne at all.

Yanne glared at her with tears in her eyes while covering her stomach. "Miss Landers, you're going overboard. Just because you can't get pregnant with Liam's child, you want to frame mine in such a way! H-How could you be so cruel?!"

"Yanne, are you okay?" Madam Sheldon was only worried about the child in Yanne's belly. Then, she glared at Ivy. "Miss Landers, not only did you instigate Liam to turn away from saving his own brother, you even tried to hurt my grandson? Are you still human?"

Ivy looked at the people in this room. She never wanted to get involved with them, but it seemed that they did not plan to let her go just like that.

Ivy sneered and asked, "Your grandson? Madam Sheldon, are you sure this child is really your grandson?"

Yanne's eyes flashed with a hint of guilt as soon as these words came out.

Sheldon was incensed, "of course I'm certain of

"But the baby..."

Yanne wiped the tears from her face. "It's fine. Crest Care Hospital is not the only good hospital around. We can also go to Mercy Hospital."

"Okay, sure. Let's go to Mercy Hospital." Madam Sheldon hurriedly ordered the driver, "Get US to Mercy Hospital immediately."

A friend of Yanne's at Mercy Hospital attended to them and arranged for Yanne's admission. Yanne's friend even gave her a reassuring gaze, suggesting that everything was under control.

However, Yanne was still anxious as she recalled the scene where Ivy grabbed her wrist just now.
