

Still Loving You Nonetheless Chapter 1481

Ivy took Siena out of the mansion. Liam followed them and asked, "V, how was it? Was there any progress?"

"No." Upon the mention of this, the smile on Ivy's face faded.

Liam long guessed that this would be the result.

Although Ivy kept repeating that the child might still be alive, he remained a little skeptical. He felt that this was an illusion Ivy had from missing her own child too much.

Of course, he was still willing to accompany her around to look for the child, even if it meant going abroad.

"Ivy, don't be too sad," Liam said while ruffling her hair.

Ivy nodded and forced a smile. "Liam, I'm fine."

"Hmm, that's good," Liam said before saying to Siena, "Siena, your Aunt V is unhappy, go make her laugh."

Upon hearing that, Siena stopped in her tracks and asked concernedly, "Aunt V, what happened to you?"

"Are you for real?" Ivy was stunned. She asked in delight and surprise, "How is this possible? How could Siena's parents possibly be willing to give Siena to US?"

"Will I joke with you on matters like these?" Liam said with a smile, "I met Siena's parents today. I even drank coffee with them.

I told them that my wife liked Siena a lot and wanted to adopt her, so they agreed to it."

Liam did not tell her about how he paid them a huge sum of money, because he did not want her to worry about that.

"H-how is this possible!?" Ivy exclaimed, "My God! I can really take Siena back home. I can be with her every day?"

Ivy bent down and grabbed Siena's shoulders. "Siena, did you hear that? You can finally openly call me Mommy. We can finally be together every day."

"I heard it." Naturally, Siena was elated too.

She turned to say to Liam, "Uncle Liam, was this the surprise you were planning to give Aunt V?"

"Yes, at the same time, it's a surprise for you too." Liam reached out and caressed her head. "So, you have to call me Daddy too in the future, understand?"

"Sure," Siena said with a smile, "I like you as my Daddy."

Ivy still found it hard to believe, she took a step forward, grabbed Liam by his collar, and said, "Liam, Γ warning you. If you dare lie to me, I will...! will cut ties with you!"
