"I'm very sorry heroes, we can't send you back to your former world. Since the magic circle we posses is a one-way trip" Said The king with a guilty voice.

"Okay, if you can't send us back, so what should we do next?" suddenly Alex who silence until now, spoke with an uninterested tone.

"Oh... you are very calm..., okay please place your hand on the crystal ball in front of you to get your status card. But before that, let me give you some basic information about this world-first" Surprised with Alex's reaction, King said.

From the king's explanation. This world Agar world consisted of 3 fractions, they are human, demi-human, and demons. There are 3 kingdoms in human territory, they are Zircodina, Acacia, Holy kingdom. Zircodina was known as a military superpower because many great warriors hail from this kingdom.

"he...he...roes..." Cheers erupted in the hall. " We have hero now"

"I am a hero? hmm, not bad" a smug smile appeared in John's face

"Thattt... Status...woooowww..." A few start notice his status.

"What with my status ?" John Startled with the comment, he asked nervously

"Ahem, Let me explain. A level 1 child usually has 10 status points each while an average level for an adult is 15-20 with 30 status each. So that's why we are very surprised when seeing your status, as expected hero.."King explain carefully

"Hehe, my John really good" Sandra excitedly said while hugging John

"Oh...., haha... it seems my status not bad right haha..., yeah your majesty what is this rank all about ?"

"Let me explain about status and level first. Each level usually gave you 5 status points. It's usually rising according to your job. Now for the rank, in this world, rank divided to 9 which is rank 1 to rank 9, rank can be upgraded every 100 levels. Each time you upgrade rank, each of your status will rise 30-50 points, that's why normally no lower rank can win against higher one excluding you hero, your status points are at normal rank 1 warrior" The king explained to John

"hehe... it seems my status was greater than my expectation...it's me after all. If each 100 rank was 1 rank, then how if I reach level 1000? Will I become rank 10?" John Asked

"According to the legend, only one person has reached rank 10 and ascended. Currently, in this world, there's no rank 9. The last rank 9 appeared 400 years ago. He said when you reach rank 9. Each level will be much harder, it's not like you need to kill many. But it's like an invincible barrier preventing you from leveling up."

"Alright how about you guys?" John mood plummeted, he then asked the girls

"Me, me, me" Sandra said excitedly while placing her hand on the crystal
