

## Chapter 2401 Yan Huang Realm Feng

Feng Qing Yang!

Duan Ling Tian was stunned when he heard Wang Shi's words. He did not expect someone from a different mundane realm had also heard about Feng Qing Yang. Based on this, he realized that Feng Qing Yang's fame was so widespread that it was not just contained in the Saint Province Realm! Even people from other mundane realms had heard about Feng Qing Yang!

Liu Xia said, "Speaking of Qing Feng Yang, rumor has it that the Great Overarching Golden Celestial's inheritance appeared in the Beyond Heaven Secret Zone when it opened up previously. It seems like that was the inheritance that Feng Qing Yang from the Saint Province Realm had obtained."

Wang Shi nodded. A hint of envy could be seen in his eyes as he said, "You're right. He obtained that inheritance. I wonder if the Great Overarching Golden Celestial's inheritance will appear this time. It's said that the Beyond Heaven Secret Zone is created by a few Great Overarching Golden Celestials!"

"You said Senior Feng Qing Yang acquired the Great Overarching Golden Celestial's inheritance?" Duan Ling Tian asked. Then, he thought to himself, 'From what I recall about the myths and ancient legends in my past life, Great Overarching Golden Celestials are the strongest Celestials.' He asked Wang Shi for confirmation, "Wang Shi, who are the Great Overarching Golden Celestials?"

"Brother Ling Tian, you came to the Beyond Heaven Secret Zone but you don't even know about Great Overarching Golden Celestials?" Wang Shi was taken aback when he heard Duan Ling Tian's question. Then, he said, "The Great Overarching Golden Celestials are the strongest Celestials. Great Overarching Golden Celestials are renowned even in Devata Realms! Like I said earlier, it's said that the Beyond Heaven Secret Zone was created by a few Great Overarching Golden Celestials. The most precious treasures in this secret zone aren't the weapons or other items. It's the inheritances that were left behind that are the most precious!" An expression of envy appeared on his face as he continued to say, "When the Beyond Heaven Secret Zone opened previously, it was said that a Great Overarching Golden Celestial's inheritance appeared and it was obtained by your Saint Province Realm's Eminent Celestial, Feng Qing Yang."

Duan Ling Tian was shocked. 'So Senior Feng Qing Yang obtained the Great Overarching Golden Celestial's inheritance?' It seemed like his speculation was right. Sword Saint Feng Qing Yang did have a fortuitous encounter in the Beyond Heaven Secret Zone that granted him the ability to kill Eight Tribulation Bodiless Celestial and the strength of a Nine Tribulation Bodiless Celestial despite only being an Eminent Celestial. Previously, he had wondered what kind of fortuitous encounter Sword Saint Feng Qing Yang had in the secret zone. With Wang Shi's explanation, he finally obtained his answer.

Rong Bo sneered when he heard that Duan Ling Tian did not even know about Great Overarching Golden Celestials. "What a hick!"

Duan Ling Tian's expression darkened and he frowned when he saw Rong Bo's mocking gaze. Did Rong Bo think he could bully him?

However, before Duan Ling Tian could say anything, Liu Xia had already spoken up. “Rong Bo, watch your mouth!” An angry expression appeared on her face as she said, “Duan Ling Tian didn’t offend you, right? What are you trying to achieve by provoking him? We’re a small group, and the most important thing is unity. If you have a hard time tolerating his presence, you’re free to leave.”

Liu Xia had lots of pent up anger. Apart from his terrible manner, she had hated the way Rong Bo looked at her lecherously since they had met. However, she did not kick up a fuss in consideration of the other two people in the group and him being an Eminent Celestial. However, since another Eminent Celestial, Duan Ling Tian, had joined their group, she did not see the need to suppress her anger nor tolerate Rong Bo’s bad behavior. In a way, Duan Ling Tian was her trump card now.

A hint of rage appeared in Rong Bo’s eyes but he did not lose his temper. “I was just joking. Why are you so serious?” When he turned to look at Duan Ling Tian, his eyes were filled with killing intent as though he wanted to cut Duan Ling Tian into pieces.

It was clear that the bulk of his anger and hatred were directed at Duan Ling Tian. After all, before Duan Ling Tian had appeared, he could act as he pleased among these people. Liu Xia, Wang Shi, and Zhang Yi would tolerate his behavior even if they did not like it. He was the strongest in the group after all, and they needed him. However, since Duan Ling Tian had appeared, he had lost his importance in the group. He was treated like a nobody. How could he not be infuriated by such a difference in treatment? How could he not hate Duan Ling Tian?

At this moment, Wang Shi quickly stepped forward to mediate. He could tell Duan Ling Tian was getting annoyed by Rong Bo. “Brother Ling Tian, that’s how Rong Bo’s temperament is. Don’t mind him.”

Duan Ling Tian was, indeed, quite annoyed. However, after Liu Xia and Wang Shi had spoken up, he decided to shrug it off. He said indifferently, “It’s fine. You can’t just go around killing dogs that bark at you, right? It’s best to just ignore them.”

Duan Ling Tian’s comment stunned Liu Xia and Zhang Yi. Meanwhile, Wang Shi could only force a smile on his face.

“Brat, who are you calling a dog, huh?” Rong Bo asked furiously.

However, Duan Ling Tian did not even deign to look at him, let alone respond to him.

Once again, Wang Shi stepped up to maintain the peace. “That’s enough. We’re all in this together. Let’s not make the situation tenser than it is. We should continue on with our journey. Otherwise, it’ll be too late if someone else discovers the location.”

The rest of the journey continued smoothly.

During the journey, Duan Ling Tian learned that Liu Xia and Wang Shi came from the same mundane realm. The mundane realm was a huge mundane realm known as the Vast Cloud Realm. There were many galaxies and planets in that mundane realm.

On the other hand, Rong Bo came from a huge mundane realm known as the Skyline Realm. He was an outstanding genius from a powerful sect in that mundane realm. Apparently, he was like a celebrity

among the younger generation in that realm. After all, Eminent Celestials who were less than 100 years old were extremely rare. Naturally, he did not divulge this information to Duan Ling Tian. It was Liu Xia who had told Duan Ling Tian about it.

Liu Xia continued to explain, "As for Zhang Yi, he came from a huge mundane realm known as the Yan Huang Realm!"

Duan Ling Tian's eyes widened as soon as he heard Liu Xia's words. "Yan Huang Realm?" He turned to look at Zhang Yi immediately. "Zhang Yi, you're from the Yan Huang Realm?" He felt as though he could not maintain his composure at this moment. This was because he had lived on earth in his past life. The people from earth were said to be descendants of Emperor Yan and Emperor Huang. Elder Huo, the Three-legged Crow, had also once told him that earth was known as Yan Huang planet in the past. Although there was a high chance that Yan Huang Realm had no connection to earth and the similar names were just a fluke, he could not control the emotions that surged through him when he heard the word 'Yan Huang'.

"Yes." Zhang Yi could see the change in Duan Ling Tian's emotion. As indifferent as he was, he was rather curious about what made Duan Ling Tian lose his composure. "Duan Ling Tian, have you heard of our Yan Huang Realm?"

"Zhang Yi, have you ever heard of Yan Huang Planet?" Duan Ling Tian asked Zhang Yi hopefully.

"Yan Huang Planet!" Zhang Yi exclaimed. It seemed like he had also lost his composure when he heard Duan Ling Tian's words. An astonished expression appeared on his face as he asked, "You're from the Saint Province Plane, but you've heard about Yan Huang planet from our Yan Huang Realm?" He was, naturally, familiar with Yan Huang planet. After all, the sect he was from originated from Yan Huang planet. Later on, the sect moved to another galaxy.

"So there's a Yan Huang planet in your Yan Huang Realm?" Duan Ling Tian continued to ask, "Can you please elaborate on the Yan Huang planet in the Yan Huang Realm?" He really wanted to know if the Yan Huang planet from the Yan Huang Realm was earth where he had lived during his past life.

"Of course." It was unknown if Zhang Yi found Duan Ling Tian agreeable or because Duan Ling Tian had asked about Yan Huang Realm, but the usually apathetic Zhang Yi who was taciturn began to speak. "Yan Huang planet is one of the cultivation planets in Yan Huang Realm... There are only a few cultivation planets in Yan Huang Realm. In fact, most of the cultivators in Yan Huang Realm can trace their roots back to Yan Huang planet. It's also for this reason that our realm is called Yan Huang Realm. Even the sect I'm from, Celestial Masters Sect, originated from Yan Huang planet."

"Celestial Masters Sect?" Duan Ling Tian's eyes brightened. He remembered hearing about this sect in the myths and ancient legends in his past life. "Is the ancestor of the Celestial Masters Sect called Celestial Master Zhang, Zhang Dao Ling?" At this moment, he was quite certain that the Yan Huang planet from Yan Huang Realm where Zhang Yi was from was earth!

## **2402 The Hope To Return To Earth**

"Y-you know the name of our ancestor?" Zhang Yi was astonished when he heard Duan Ling Tian's question.

Apart from the members of the Celestial Masters Sect, the remaining people from the Yan Huang Realm only knew the sect's ancestor as Celestial Master Zhang. Almost no one knew the name of their sect's ancestor. In fact, even the lower-level disciples in Celestial Masters Sect were unaware of the name of their sect's ancestor. How did Duan Ling Tian who was from another mundane realm know that the Celestial Masters Sect's ancestor's name was Zhang Dao Ling?

Although Duan Ling Tian had already suspected it, he still could not help but gasp when he heard Zhang Yi's words. At this very moment, his expression was extremely complex. All this time, he had been wanting to go back to earth. Other than to seek revenge from the broker in his past life, he wanted to return to earth so he could do something for the planet he came from. However, Elder Huo had told him that it would not be easy for him to return. He had to ascend to the Devata Realm first and use a Transportation Formation in the Devata Realm to go to the Jade Emperor Heaven. After that, he would have to find a way to earth from the Jade Emperor Heaven. Naturally, finding a way to return to earth from the Jade Emperor Heaven was extremely difficult. At that time, he felt like returning to earth was a distant dream even though he knew there was a chance for him to return. He did not expect that he might be able to return to earth before he even ascended to the Devata Realm when he entered the Beyond Heaven Secret Zone.

"Duan Ling Tian!"

"Brother Ling Tian!"

The sound of people calling him caused Duan Ling Tian to regain his senses. He discovered that Lu Xia, Wang Shi, and Zhang Yi were looking at him worriedly.

When three of them realized Duan Ling Tian had snapped out of his daze, they asked in unison, "Are you okay?"

"I'm okay." Duan Ling Tian nodded. "I'm just thinking of something from the past."

"Were you thinking about the ancestor of our Celestial Masters Sect?" Zhang Yi asked curiously. After all, he could not figure out how a person from another mundane realm would know the name of the Celestial Masters Sect's ancestor!

"Your Celestial Masters Sect's ancestor?" Duan Ling Tian was momentarily baffled. After all, he was thinking about returning to earth. It had nothing to do with the Celestial Masters Sect nor its ancestor.

Zhang Yi was taken aback. He asked hesitatingly, "T-then... it has nothing to do with our sect's ancestor? However, how do you know the name of our sect's ancestor? Some of the disciples in the Celestial Masters Sect don't even know the name of our ancestor, let alone outsiders! Moreover, you're not even from the Yan Huang Realm. You're from the Saint Province Realm, and yet, you know the name of our sect's ancestor! Can you please tell me how you know his name?" He had lost his apathetic behavior at this moment.

Duan Ling Tian knew he could not reveal the truth to Zhang Yi so he quickly came up with an excuse. "I encountered a skeleton in our Saint Province Realm in the past. A row of words was carved onto the

stone tablet next to the skeleton. The words said that the skeleton belonged to a disciple of the Celestial Masters Sect and the sect ancestor's name was Zhang Dao Ling!"

Zhang Yi stared at Duan Ling Tian unblinkingly as he asked, "Was there anything that revealed the person's name? Was there an identity token on him?" He continued to say in an anxious tone, "Duan Ling Tian, I suspect that's the remains of our Celestial Masters Sect's disciple who wandered into the Saint Province Realm the last time the Beyond Heaven Secret Zone was opened."

"Name? Identity token? No..." Duan Ling Tian shook his head before he asked with gleaming eyes, "So you're saying that people from Yan Huang Realm can travel to the Saint Province Realm in the Beyond Heaven Secret Zone?" He was guiding Zhang Yi to speak about the topic he was most interested in.

Now that Duan Ling Tian found out that the Beyond Heaven Secret Zone was connected to the Yan Huang Realm, he could not help but wonder if he could go to Yan Huang Realm through the point of entrance and exit before he finds a way to return to earth.

"Yes, of course!" Zhang Yi nodded and said, "As long as you can find the point of entrance and exit of the Saint Province Realm in the Beyond Heaven Secret Zone, not only the people from Yan Huang Realm, but even people from the Vast Cloud Realm and the other realms could enter the Saint Province Realm freely. It works vice versa. If you can find the point of entrance and exit to the other realms, you'll be able to enter the realms as well."

Zhang Yi's words confirmed Duan Ling Tian's suspicion that he could return to earth without needing to ascend to the Devata Realm first. However, he could not help smiling bitterly as he thought to himself, 'However, I can't even find the point of entrance and exit to the Saint Province Realm, how am I going to find the point of entrance and exit to the Yan Huang Realm?'

At this moment, Wang Shi chimed in, "Brother Duan Ling, do you know that after a person has been in here for three years, they'll be able to sense the direction of the point of entrance and exit of their realm. At that time, that person can choose to return to their realm or stay in the Beyond Heaven Secret Zone."

"Three years? Why three years?" Duan Ling Tian was puzzled.

"I'm not really sure why it's three years. It has always been like that with the Beyond Heaven Secret Zone. Once one has entered the Beyond Heaven Secret Zone, one would not be able to leave for three years since one wouldn't be able to find the exit," Wang Shi explained.

"Then, what if I wish to go to another mundane realm? Will I need someone from that realm to lead the way after three years?" Duan Ling Tian asked.

"Theoretically, yes." Wang Shi nodded. "For example, if you want to travel to our Vast Sky Realm, all you have to do is find someone from the realm after three years and have them guide you to the point of entrance and exit."

"I see." Duan Ling Tian found Wang Shi's explanation extremely useful. He thought to himself, 'In other words, after two and a half years, as long as I'm able to find someone from Yan Huang Realm to lead me

to the point of entrance and exit, I'll be able to go to Yan Huang Realm! There's a chance I can return to earth after I go to Yan Huang Realm.' He could not help but feel emotional when he thought about this.

Duan Ling Tian and the others continued on their journey. At the same time, he did not stop asking about the matters regarding Yan Huang Realm and Yan Huang planet so he could have a better understanding of them.

'As it turns out, in the past, earth was one of the most brilliant cultivation planets in Yan Huang Realm. There were many strong powerhouses who came from there. Many of those powerhouses were those figures in the myths and ancient legends I heard about in my past life. However, due to the huge influx of cultivators, the Heaven and Earth Spirit Energy on earth began to deplete. After a while, many cultivators and sects began to move away from earth to other planets and galaxies where the Heaven and Spirit Energy were rich. Since Yan Huang Realm, the realm where earth was located, is so big that it almost seems boundless, there are many galaxies and planets. In that realm, there are many sects and clans that compete at the interstellar level.'

The more Duan Ling Tian learned about Yan Huang Realm, the more he wished he could grow a pair of wings to facilitate his search for the point of entrance and exit to the Yan Huang Realm. After learning about Yan Huang Realm, although his biggest interest was to return to earth, he also became very interested in Yan Huang Realm as a whole.

Zhang Yi said, "Actually, all huge realms are similar to our Yan Huang Realm. For example, the Vast Cloud Realm where Wang Shi and Liu Xia came from, the Skyline Realm where Rong Bo came from, and the Mouro Realm are all quite similar to Yan Huang Realm."

Generally, a huge mundane realm spanned across countless galaxies and planets. On the other hand, the Saint Province Realm was considered as a small mundane realm. In the eyes of someone from a huge mundane realm, someone from a small mundane realm was no different from a barbarian.

After listening to Wang Shi and Zhang Yi's explanation, Duan Ling Tian discovered that their words lined up with everything that Elder Huo, the Three-legged Crow, had told him in the past.

### **Chapter 2403 The Legacy of a Great Overarching Golden Celestial**

Duan Ling Tian still remembered the words Elder Huo had said back then. Elder Huo had used these words to describe the difference between a large and small mundane realm. "Generally, there are two types of mundane realms. One of them is similar to the world in your past life. They consist of planets and galaxies and are extremely vast. They're inhabited by all kinds of living things. The Devata Realms' Celestials know them as large mundane realms... The mundane realm we're in is considered a small mundane realm. As you know, this mundane realm has the Dao Martial Saint Land, the Mortal Continents, and the sea. It has relatively fewer living species."

The Beyond Heaven Secret Zone was linked to five mundane realms. Apart from the Saint Province Realm that was a small mundane realm, the other four mundane realms were big mundane realms. One of the big mundane realms was also where Duan Ling Tian's home planet in his past life was located.

While they were traveling, Duan Ling Tian turned to Zhang Yi and asked, "Zhang Yi, how do people in Yan Huang Realm categorize one's cultivation base? Do you use Saint Celestial Stages to categorize cultivation base as well?" He remembered that Elder Huo had said that the stages of one's cultivation

base had different names in Yan Huang planet and the Saint Province Realm. However, Zhang Yi and the others had mentioned the Saint Celestial Stage earlier, even Rong Bo had said he would not be allowed to join the group if he had not broken through to the Ninth Form of the Saint Celestial Stage.

“Yes, of course.” Zhang Yi nodded before he continued to say, “Previously, the Yan Huang Realm had different names for the stages in one’s cultivation base. However, at some point, it was standardized and changed to match the names in the surrounding mundane realms. Currently, the categorization of cultivation base in my, Wang Shi, Lu Xia, and Rong Bo’s mundane realms are the same. If I’m not mistaken, the categorization of cultivation base in the Saint Province Realm should be almost the same, right?”

“Yes.” Duan Ling Tian nodded. After listening to Zhang Yi, he realized Elder Huo did not lie, however, the categorization of cultivation base in Yan Huang Realm had changed instead.

After traveling for some time, Wang Shi’s solemn voice rang in the air. “We should be arriving at the place Lu Xia and I discovered in about two hours...” His eyes brightened as he continued to say, “There are numerous Formations in that place... Based on my observation, I discovered that one of the Formations restricts Bodiless Celestials from entering!”

Rong Bo who had been silent all of this time looked at Wang Shi intently as he asked, “A Formation that restricts Bodiless Celestials from entering? You... Are you sure?”

“Yes.” Wang Shi nodded. “Before entering the Beyond Heaven Secret Zone, I’ve heard that there are some places in the Beyond Heaven Secret Zone that have Formations that restrict Bodiless Celestials from entering. Naturally, the Bodiless Celestial can’t use their Divine Consciousness as well since it’s linked to their souls. In fact, that place seemed to repel our Divine Consciousness as well. We couldn’t even get close with our Divine Consciousness.” He turned to look at Lu Xia as though waiting for her to confirm his words.

“That’s right.” Liu Xia nodded.

“Hm?” Duan Ling Tian raised an eyebrow.

It seemed like Rong Bo became very excited when he learned that Bodiless Celestials were prohibited from entering that place. His eyes were shining brightly and his expressions kept changing as though he knew something about the peerless treasures in that place.

When Duan Ling Tian saw this, he could not help but think to himself, ‘Is it possible that Rong Bo knows something that we don’t?’

Rong Bo’s change in behavior was too obvious. Even Wang Shi and Lu Xia had noticed it.

“Rong Bo, do you know something?” Wang Shi asked with a frown, “If you know something, you should share it with us so that we can be prepared as well. It’ll help us reduce the chances of accidents.”

Rong Bo calmed down slightly when he heard Wang Shi’s words. He shook his head and shrugged as he said, “It’s nothing. I don’t know anything.”

Visit our comic site [Read.live](http://Read.live)

“As far as I know...” Zhang Yi interjected. “In the Beyond Heaven Secret Zone, Bodiless Celestials are prohibited from entering places that contain legacies or inheritance left by Great Overarching Golden Celestials!”

“You!” Rong Bo’s expression changed drastically when he heard Zhang Yi’s words. He glared at Zhang Yi resentfully. He really did not expect Zhang Yi would be privy to this matter. After all, only a few powerful sects in the mundane realms knew that Bodiless Celestials were not allowed to enter places that contained legacies from Great Overarching Golden Celestials! He had no intention of revealing this information at all. Not only did Zhang Yi know about this information, but Zhang Yi even revealed it to everyone! He thought Zhang Yi was an incompetent teammate!

“The legacy of a Great Overarching Golden Celestial?” Duan Ling Tian, Wang Shi, and Liu Xia’s eyes lit up when they heard Zhang Yi’s words. How could they not feel excited? After all, the most valuable thing in the Beyond Heaven Secret Zone was a legacy or inheritance left behind by a Great Overarching Golden Celestial.

Wang Shi took a deep breath to calm down and asked Zhang Yi again for confirmation, “Zhang Yi, are you sure about this?”

“Well, this information has been passed down for generations in our Celestial Masters Sect so it should be true,” Zhang Yi said as he looked at Duan Ling Tian, “Moreover, according to our sect elder, one of the Eight Tribulation Bodiless Celestials in our sect, who had entered the Beyond Heaven Secret Zone before, he personally witnessed Feng Qing Yang from the Saint Province Realm enter a place that restricted Bodiless Celestials from entering. At that time, apparently, there were many Bodiless Celestials waiting for him outside to rob him when he came out. However, all those who tried to look for trouble with him were killed. He even managed to kill an Eight Tribulation Bodiless Celestial with ten moves! Our sect elder even said he was lucky he didn’t attack Feng Qing Yang. Otherwise, he would’ve been killed by Feng Qing Yang as well. Our sect elder speculated that Feng Qing Yang was capable of such a feat despite only being an Eminent Celestial was due to the legacy left behind by a Great Overarching Golden Celestial.”

Zhang Yi’s words sounded convincing and logical.

Wang Shi and Lu Xia were stunned. “After inheriting the legacy of a Great Overarching Golden Celestial, Feng Qing Yang managed to kill an Eight Tribulation Bodiless Celestial despite being an Eminent Celestial?” Previously, they had heard that a prodigious Sword Cultivator from a small mundane realm had successfully obtained a legacy from a Great Overarching Golden Celestial in the Beyond Heaven Secret Zone. However, they were unaware that the prodigious Sword Cultivator managed to kill an Eight Tribulation Bodiless Celestial despite being an Eminent Celestial!

After a few moments, Liu Xia seemed to have recalled something. She looked at Rong Bo pointedly and said, “Rong Bo, you knew the place we discovered might contain the legacy of a Great Overarching Golden Celestial, right?”

As soon as Liu Xia finished speaking, Wang Shi fixed a penetrating gaze at Rong Bo as well.

“Well, I knew there’s such a possibility,” Rong Bo said indifferently, “However, not all places that prohibit Bodiless Celestials from entering necessarily have legacies from Great Overarching Golden Celestials. I didn’t want to simply speculate without knowing for sure.”

Liu Xia said angrily, “You’re clearly trying to hide this from us!”

The way Wang Shi looked at Rong Bo became more and more unfriendly as time passed.

Zhang Yi chimed in at this moment, “Generally, even if the places with Formations that prohibit Bodiless Celestials from entering don’t have legacies left by Great Overarching Golden Celestials, they would still have clues that lead to legacies left by Great Overarching Golden Celestials at the very least. So, it’s highly probable that the place Wang Shi and Lu Xia discovered isn’t that simple.”

Zhang Yi’s words, once again, earned him a glare from Rong Bo. Rong Bo truly thought Zhang Yi had a big mouth.

At this moment, Duan Ling Tian was completely distracted by the possibility of finding a legacy from a Great Overarching Golden Celestial. He thought to himself, ‘With my current strength, I should be even stronger than Senior Feng Qing Yang if I manage to obtain the legacy from a Great Overarching Golden Celestial!’

Excitement rose in Duan Ling Tian’s heart when he thought about this. After he regained his senses, he could not help but urge Wang Shi, “We should continue with our journey!”

...

After about two hours, Wang Shi’s voice rang in the air again.

“We’re here.”

Duan Ling Tian looked down and saw sharp ridges and u-shaped valleys filled with greeneries. He was currently hovering above a mountain valley. Although the valley was not small, it was extremely narrow. It was shrouded by a grey fog that obscured his view.

After a while, Duan Ling Tian realized that not only could they not use their Divine Consciousness to enter the place, but they could not even exert their Divine Consciousness.

#### **Chapter 2404 Right In Front Of The Treasure Vault**

“This is the place!” Wang Shi said.

Even without Wang Shi’s reminder, Duan Ling Tian could tell they had arrived at the place based on the fact that his Divine Consciousness had been restricted by a Formation in the valley. As he looked at the mountain valley that was shrouded in a grey fog, he thought to himself, ‘With all these restrictive Formations around, it’s only natural that Bodiless Celestials whose true forms are their souls couldn’t enter this place!’

Whoosh!

Duan Ling Tian and the others heard a gust of wind blowing and lifted their heads instantly. They saw a figure zooming in from the distance. However, it did not seem like the figure was heading toward them. The figure seemed to be in a rush and did not notice their presence.

At this point, Wang Shi said in an urgent tone, "Let's enter. Five of us should be enough." Based on his words, it was clear that he did not want another additional member in their group. After all, an additional person meant that they would get a lesser cut of the treasures in that place. Since Duan Ling Tian had joined them, they had two Eminent Celestials in their group. He was confident they had enough strength to enter that place.

"Yes." Duan Ling Tian, Liu Xia, and Zhang Yi nodded in unison. They, naturally, caught the underlying meaning in Wang Shi's words.

Their robes began to flutter in the air as they prepared to enter the valley that was shrouded in great mist.

Rong Bo who had been standing motionlessly at the side suddenly cried out, "Wait a second!"

Before the others could even react, Rong Bo looked at the rushing figure and cried out again, "Feng Man!"

When the figure that was flying away heard Rong Bo's words, it stopped moving before changing its direction and flew toward Duan Ling Tian and the others.

Meanwhile, Wang Shi, Liu Xia, and Zhang Yi's expressions changed drastically. If they still did not realize the approaching figure was Rong Bo's acquaintance then they were truly dumb.

Duan Ling Tian was the only one whose expression remained unchanged. Nary a ripple could be seen on his face when Rong Bo called out to the passerby...

When the passerby finally arrived, he ignored Duan Ling Tian and the others. He looked at Rong Bo and asked in a friendly manner, "Rong Bo? Why are you here?"

'So they really know each other!' Although Wang Shi, Liu Xia, and Zhang Yi had already known these two were acquainted with each other, they could not help but feel their hearts sinking when they thought about having another person to share their cuts of the treasure in that place. Not only that, but that person was an acquaintance of Rong Bo.

Rong Bo did not answer his acquaintance's question. Instead, he said, "Feng Man, try using your Divine Consciousness to scout the mountain valley below us..."

This Feng Man was a young man with an average appearance and an average build. Based on the look in his eyes, one could tell he was not a simple-minded person.

After Feng Man heard Rong Bo's words, he tried to extend his Divine Consciousness to scout the mountain valley below only to find he could not do so. It was as though there was a force that prevented him from doing so. His eyes lit up and an excited expression appeared on his face. "This... This is..." It was obvious he had realized what might be contained in the mountain valley below him.

In the Beyond Heaven Secret Zone, only places related to legacies from Great Overarching Golden Celestials would have such Formations. These Formations were not intended to restrict the use of Divine Consciousness but were used to restrict souls from entering. Naturally, this applied to Bodiless Celestials who were essentially souls.

“It seems like you’ve realized it...” Rong Bo said indifferently.

Feng Man who had regained his senses burst out laughing. After a while, he said, “Rong Bo, aren’t you a lucky one? In just half a year after we entered the Beyond Heaven Secret Zone, you found such a treasure vault. We’ll hit the jackpot if this place truly contains the legacy from a Great Overarching Golden Celestial!”

“Right? Don’t you think I’m a good friend?” Rong Bo asked with a smile.

“The best! You’re the best!” Feng Man said as he gave Rong Bo a thumbs up. “I really owe you one for calling me over!” If Rong Bo did not call out to him earlier, he would have missed a great opportunity.

After a while, Feng Man finally noticed Duan Ling Tian and the others. A frown appeared on his face as he said to Rong Bo, “Who are they? Rong Bo, with our strength, we can enter this place on our own...” His eyes flashed with killing intent as he turned to look at Duan Ling Tian and the others and said, “We don’t need all these people...”

As soon as Feng Man finished speaking, Rong Bo turned around and studied the people before him. When his eyes landed on Duan Ling Tian, he nodded in agreement with Feng Man’s words. “You’re right. It’s unnecessary for us to bring so many people along.”

“Rong Bo!” Wang Shi almost vomited blood in anger when he heard Rong Bo’s words. “What do you mean it’s unnecessary to bring so many people along? Don’t forget who discovered this place. If it weren’t for me and Lu Xia, you wouldn’t have found this place!” His eyes flashed with fury as he continued to say, “As soon as we arrived at this treasure vault that might contain a legacy from a Great Overarching Golden Celestial, you plan to take everything for yourself?”

Rong Bo and Feng Man had called the mountain valley below them a treasure vault since they knew the place either contained a legacy from a Great Overarching Golden Celestial or clues that led to one. A treasure vault was definitely a befitting name for this place.

Although Liu Xia was silent, she was glaring at Rong Bo. If she knew this was going to happen, she would have insisted on kicking Rong Bo out of the group.

When Feng Man heard Wang Shi’s words, he sent a Voice Transmission to Rong Bo. “So these are the people who found this place? How strong are they? Can both of us defeat them?” Based on Rong Bo’s reaction, it was clear Rong Bo did not have a good relationship with these people.

Rong Bo quickly replied through Voice Transmission. “Among those four, there’s an Eminent Celestial, two cultivators at the Ninth Form of the Saint Celestial Stage, and a cultivator at the Eighth Form of the Saint Celestial Stage... If both of us join forces, it shouldn’t be a problem for us to deal with them!”

After a pause, Rong Bo added, "However, it's fine just to kill the three males. Don't kill the girl yet. I want to... Well, in any case, when I'm done with her, I'll send her to them!" When he finished speaking, the way he looked at Liu Xia turned lecherous.

Ever since Duan Ling Tian had joined the group, Rong Bo did not dare to have lewd thoughts about Liu Xia. He was not afraid of Duan Ling Tian alone, but if Wang Shi and Zhang Yi were to join forces with Duan Ling Tian, he would definitely not be a match for them.

"I understand." Feng Man nodded when he heard Rong Bo's reply. He turned to look at Duan Ling Tian and the others, not bothering to conceal his killing intent.

All of them, apart from Duan Ling Tian, felt an acute sense of danger. It was as though they were being targeted by a venomous snake.

Wang Shi suppressed the fear in his heart and said, "Rong Bo, do you really think you'll be able to defeat all four of us just because you have an ally?"

"Well, if he's weak, then, maybe not..." Rong Bo smiled. "You can only blame yourself for being unlucky. There are seven Eminent Celestials who are younger than 100 years old in the Skyline Realm. Coincidentally, Feng Man is one of them!" His smile widened when he finished speaking.

Wang Shi, Liu Xia, and Zhang Yi's expressions changed drastically when they heard Rong Bo's words. They felt their hearts sink. They did not expect Feng Man to be an Eminent Celestial as well. After all, there were no more than ten Eminent Celestials below the age of 100 in their respective mundane realms.

If Feng Man was at the Ninth Form of the Saint Celestial Stage, they would still stand a chance to defeat him and Rong Bo with Duan Ling Tian's help. However, how could they deal with two Eminent Celestials?

### **Chapter 2405 Celestial Supreme Treasure?!**

Rong Bo looked at all of them and said, "I'll give all of you one chance... I'll spare your lives as long you kick Duan Ling Tian out of the group. You don't have to worry about him seeking revenge. You can rest assured that Feng Man and I will kill him!" When he finished speaking, he looked at Duan Ling Tian with a penetrating gaze.

Naturally, Rong Bo had no intention of letting all four of them live. He only said these deceiving words to let Duan Ling Tian feel the despair of being abandoned before he died. Even if Wang Shi and the others kicked Duan Ling Tian out of the group, he still would not let them live.

"That..." Wang Shi and Lu Xia felt conflicted when they heard Rong Bo's words. They felt caught between a rock and a hard place. Chills ran up their spines when they thought about how they would die if they did not kick Duan Ling Tian out of the group. Everyone was afraid of death, and they were no exception. If they had a choice, they would, naturally, choose to preserve their lives.

Contrary to Wang Shi and Liu Xia, Zhang Yi did not hesitate at all when faced with Rong Bo's threats. He spat out these three words, "You are dreaming!" He would not abandon Duan Ling Tian just because of Rong Bo's words.

From the moment Rong Bo had finished speaking, Duan Ling Tian's eyes were trained on Wang Shi, Liu Xia, and Zhang Yi. He saw Wang Shi and Lu Xia's hesitance and Zhang Yi's determination. A smirk appeared on his face as he thought to himself, 'Zhang Yi has a righteous and unyielding character. He's really worth befriending.' It was easy to find fair-weather friends, but true friends are difficult to find.

Zhang Yi would never imagine that in the future, he would feel extremely grateful for the choice he made at this moment. Due to his choice at this moment, he would gain Duan Ling Tian's help that would make his future shine. Although he was considered quite talented, he was nowhere close to being at the top in the Celestial Masters Sect. Most of the good resources in the sect would not even go to him.

"You're seeking death!" Rong Bo was infuriated by Zhang Yi's words. His eyes were filled with killing intent as his Celestial Origin Energy that was mixed with Saint Origin surged out of his body. In just a blink of an eye, his Celestial Origin Energy had shrouded his body, making him look imposing. His robes began to flutter as though there was a strong wind blowing as he looked at Zhang Yi and cried out, "Die!"

Rumble! Rumble! Rumble!

Boom! Boom! Boom!

Thunderous noises began to ring in the air as Rong Bo charged toward Zhang Yi like a cannonball. It was clear that he was going in for the kill.

Shua!

Zhang Yi did not expect Rong Bo would attack him immediately. He faltered for a moment before he mobilized his Saint Origin as well. He quickly tried to evade Rong Bo who was charging at him. However, Rong Bo was already very close to him. When he saw this, a wave of desperation overwhelmed him as he thought to himself, 'Is this the day I die?' Even so, he did not regret his decision even if it meant he would die. Put aside the fact that he knew Rong Bo had no intention of letting them live even if they kicked Duan Ling Tian out, he was not the kind of person who would throw someone else under the bus just to save his own life!

"Hm?" At the moment when Zhang Yi had resigned himself to death, he felt a gust of wind blowing past him. Following that, he felt a hand grabbing his shoulder and lifting him up into the air. It felt as though he was flying.

"Duan Ling Tian!" Zhang Yi did not need to guess to figure out who had saved him. After they came to a halt, he said to the person next to him, "Thank you, Duan Ling Tian!"

Duan Ling Tian shook his head and said with a smile, "There's no need for you to thank me. After all, he targeted you because of me."

"Impossible!" Rong Bo exclaimed as he looked at Duan Ling Tian. He was clearly flustered. "You... Your speed... How can you be so fast?" Although he had not cast any techniques or his movement Divine Ability, even if he did, he knew he still would not be able to catch up to Duan Ling Tian's speed.

At some point, Feng Man had moved next to Rong Bo. "His speed is, indeed, quite fast." He turned to Duan Ling Tian with killing intent flashing in his eyes. "Your speed is definitely almost as fast as mine. It doesn't matter, you'll still die anyway!"

"I almost forgot, Feng Man, you're known for your speed..." Initially, Rong Bo's expression had turned grim. He knew he would not be able to defeat Duan Ling Tian based on his speed. Duan Ling Tian could easily escape if he so wished. However, his expression changed for the better when he realized he had an ally. Moreover, his ally's strongest suit was his speed.

Rong Bo turned to Duan Ling Tian and said mockingly, "Duan Ling Tian, so what if you managed to save him? You're just wasting your strength. After we kill you, we'll kill him as well."

"Is that so?" Duan Ling Tian said indifferently. It was as though he could maintain his composure even if Mount Tai were to collapse in front of him.

Duan Ling Tian's nonchalant behavior angered Rong Bo. "Since you're seeking death, I'll grant you your wish and kill you! Feng Man, let's kill him! Once we kill him, all the treasures in the treasure vault would belong to us." As soon as he finished speaking, Celestial Origin Energy mixed with Saint Origin began to surge out of his body.

"Okay!" Rong Bo's words spurred Feng Man into action. He spread his arms open as a terrifying energy surged out of his body like a mighty dragon. At this moment, he looked like a god of war.

Duan Ling Tian scoffed when he saw Rong Bo and Feng Man. He waved his hand and a sword appeared in his hand. The sword was translucent as though it was made from water.

Rong Bo sneered. "A weapon? Don't you know weapons from the mundane realms aren't of any use to Eminent Celestials?"

Weapons from the mundane realms were a burden to Bodiless Celestials and were of no use to Eminent Celestials. For this reason, Rong Bo mocked Duan Ling Tian when he saw Duan Ling Tian had retrieved his weapon.

Duan Ling Tian's Celestial Origin Energy surged out of his body after circulating through his 99 Saint Veins and converged in his sword. He said indifferently, "How do you know for sure that my sword is from the mundane realm?"

When Duan Ling Tian's Celestial Origin Energy that was mixed with Saint Origin surged into the sword, the sword began to shine brilliantly, blinding Rong Bo and Feng Man temporarily.

'How do you know for sure that my sword is from the mundane realm?' These words kept echoing in Rong Bo and Feng Man's minds.

At the same time, the sword that Duan Ling Tian held in his hand radiated a destructive aura that felt as though it could destroy heaven and earth!

As soon as Rong Bo and Feng Man felt the aura, both of their expressions changed immediately. They cried out in unison, clearly horrified, "Celestial Supreme Treasure?!" Both of them could clearly sense the dangerous aura from Duan Ling Tian's sword. It was definitely not an aura that weapons from

mundane realms possessed. There was only one possibility; Duan Ling Tian's weapon was from a Devata Realm!

"Celestial Supreme Treasure?!" Zhang Yi, Wang Shi, and Lu Xia were stunned by Rong Bo and Feng Man's words. The seemingly-modest Duan Ling Tian who had traveled with them possessed a Celestial Supreme Treasure?

'Run!' This thought appeared in Rong Bo and Feng Man's minds when they saw Duan Ling Tian wielding a Celestial Supreme Treasure.

### **Chapter 2406 Distancing Himself**

Rong Bo and Feng Man had a deep understanding of the strength of an Eminent Celestial since they were both Eminent Celestials as well. If both of them joined forces, there was no doubt they would be able to defeat an Eminent Celestial. Naturally, there were exceptions to this. If their opponent mastered a Divine Ability from a Devata Realm or possessed a Celestial Supreme Treasure, let alone two of them, even if they had another two Eminent Celestials helping them, they still would not be a match for their opponent.

An Eminent Celestial with a Celestial Supreme Treasure had strength comparable to a Three Tribulation Bodiless Celestial. If the Celestial Supreme Treasure was of a higher grade, the strength it granted could be even stronger than a Three Tribulation Bodiless Celestial.

For this reason, when Rong Bo and Feng Man realized the translucent sword in Duan Ling Tian's hand was a Celestial Supreme Treasure, they instantly discarded their thoughts of fighting and decided to run instead.

Boom! Boom! Boom!

Sounds of explosions rang in the air as Rong Bo and Feng Man utilized their Celestial Origin Energy that was mixed with Saint Origin to escape. Both of them moved really quickly, running in two different directions.

"Trying to run?" Duan Ling Tian sneered when he saw Rong Bo and Feng Man trying to escape. Then, the sword shot out of his hand immediately.

Xiu!

The short-lived sound of a sword cry rang in the air. The noise sounded like it heralded death to those people who heard it.

Duan Ling Tian took his time to cast the Sword Wielding Art, the third stage of the Supreme Sword Dao Mental Cultivation Method Sovereign Heart Sword. Even without using the assist-type Divine Ability, the Elementary Devouring Technique, his strength now was comparable to a Five Tribulation Bodiless Celestial!

As the sword flew out, it looked like a meteor shooting across the sky. Everything in the surroundings paled in the majesty of the sword.

“Noooo!” Rong Bo cried out in despair when he heard the brief sword cry. This was destined to be the last word that would come out of his mouth. In the next second, the sword pierced his skull from the back and emerged from his glabella. His soul was instantly destroyed, there was no chance for him to survive at all.

Xiu!

After killing Rong Bo, the Celestial Sword continued to chase after Feng Man at an extremely fast speed!

‘Run!’ This was the only thought left in Feng Man’s mind. He paled significantly when he heard Rong Bo’s cry. He knew in his heart that Rong Bo had died. He cursed Rong Bo inwardly, ‘Damn it! Damn you, Rong Bo! If you didn’t call me earlier, I wouldn’t be in this predicament! Who cares about the legacy from a Great Overarching Golden Celestial? If I knew there was someone like this in your ranks, I wouldn’t even want to have anything to do with that bullsh\*t legacy!’

It seemed like Feng Man had decided to push all the blame to Rong Bo. He seemed to have forgotten that he had been eager to kill the others so that he and Rong Bo would be able to keep the legacy from a Great Overarching Golden Celestial or the clue leading to it for themselves.

“No!” Feng Man felt his hair standing on its end when the sword was at his back. Similar to Rong Bo, he let out a final desperate cry, “No!!!” Even if he was extremely unwilling, he could not escape death. In just a blink of an eye, he had followed in Rong Bo’s footsteps.

Two Eminent Celestials were dead! Duan Ling Tian had killed them so easily as though he was killing a chicken or cutting grass.

Xiu!

Zhang Yi, Wang Shi, and Liu Xia only regained their senses when the Celestial Sword flew back into Duan Ling Tian’s hand. Shock and disbelief could be seen in their eyes when they looked at Duan Ling Tian. None of them expected the purple-clad young man who seemed so easygoing possessed such terrifying strength! He killed two Eminent Celestials in just a blink of an eye.

One should remember that the only Eminent Celestials who were allowed to enter the Beyond Heaven Secret Zone were all younger than 100 years old. These people are considered as geniuses even in the big mundane realms. However, Duan Ling Tian had killed two of them in just a blink of an eye!

Zhang Yi was dumbfounded. ‘Rong Bo said that there are only seven Eminent Celestials below the age of 100 in the Skyline Realm. Duan Ling Tian killed two of them with just a strike!’ A complex emotion could be seen in his eyes when he looked at Duan Ling Tian.

‘Duan Ling Tian is so powerful?’ Liu Xia was shocked and extremely delighted when she saw how strong Duan Ling Tian was. She turned to him excitedly only to find that he was cold and distant toward her and Wang Shi.

Wang Shi, naturally, felt the change in Duan Ling Tian’s behavior as well. He could only smile bitterly as he thought to himself, ‘It seems like our hesitance has distanced us from him...’ He felt slightly regretful, but he knew there was no point in dwelling on this matter.

'I can only hope that he'll allow me and Liu Xia to enter the treasure vault with him...' Wang Shi knew Duan Ling Tian would not kill him or Liu Xia. During their journey, he could see what kind of person Duan Ling Tian was. Duan Ling Tian would not attack them unless they gave him a reason to. However, he was not certain if Duan Ling Tian would still want to enter the treasure vault with them.

At this time, Liu Xia wore a guilty expression on her face as she said apologetically, "Duan Ling Tian, s-sorry..."

When Wang Shi saw this, he instantly apologized as well. "Brother Ling Tian, so sorry." He hoped Duan Ling Tian would let bygones be bygones and explore the treasure vault with them.

"There's no need to apologize. Both of you didn't do anything wrong." Duan Ling Tian shook his head with a faint smile on his face. "Don't worry. I'll still enter the treasure vault with both of you. After all, I wouldn't be able to find this place without both of you. I'll try and help you if it's within my ability to do so."

Wang Shi sighed in relief upon hearing that.

As a woman, Liu Xia was definitely more sensitive to emotional changes. She could clearly feel that Duan Ling Tian had distanced himself from them. It was only natural after all. He was already being very gracious for agreeing to explore the treasure vault together. It was impossible for them to hope that he would treat them like how he did before.

"Duan Ling Tian." Zhang Yi looked at Duan Ling Tian in admiration when he saw how magnanimous Duan Ling Tian was. After a moment, his expression turned solemn as though he just remembered something. "I'm not sure about Feng Man, but Rong Bo was an outstanding disciple from a powerful sect in Skyline Realm. I'm afraid his sect members are already alerted to the fact that you killed him. In fact, the scene of his death might have already been transmitted back to them!" A hint of worry could be seen in Zhang Yi's eyes when he spoke.

The Minor Major Mirror Image Talismans were not exclusive to the Saint Province Realm. Naturally, the other big mundane realms had it as well. They even had talismans that could fuse with the bearer so that others would not be able to detect it nor take it away.

"Don't worry," Duan Ling Tian said with a smile, "They don't know who I am anyway. So what if they know I'm the one who killed Rong Bo? Can they find me in this huge Beyond Heaven Secret Zone?"

"I'm just afraid that they'll find out about you or your location from people who came from your mundane realm. They might even go to your realm to seek revenge. People can do unimaginable things for revenge," Zhang Yi said with a wary expression on his face. After a moment, he added, "Moreover, I remember Rong Bo saying he was the nephew of the sect leader he was from." The more he spoke, the darker his expression became.

### **Chapter 2407 Ke'er Appeared**

"There's no need for you to worry about Rong Bo's people finding out the mundane realm I'm from to seek revenge." Duan Ling Tian shook his head and laughed. "Only me and a few members of the Seven Absolutes Sect have entered the Beyond Heaven Secret Zone from the mundane realm where I came from."

After all, the only people who entered the Beyond Heaven Secret Zone from the Saint Province Realm were only a few people from the Seven Absolutes Sect. Even if news spread out about Duan Ling Tian, it would be hard for Rong Bo's people to find him in the secret zone. Moreover, if they wanted to find out about his location from the members of the Seven Absolutes Sect, it would be even harder.

"What?!" Zhang Yi, Wang Shi, and Liu Xia were shocked by Duan Ling Tian's words. In the Saint Province, only a few people from his sect had entered the Beyond Heaven Secret Zone?

"Duan Ling Tian, is the key to the Beyond Heaven Secret Zone in your mundane realm the final key to be used?" Zhang Yi asked, still in shock.

"I'm not sure whether the key in my mundane realm is the final key to be used. All I know is we used the key to enter the Beyond Heaven Secret Zone."

Duan Ling Tian's attitude toward Zhang Yi was completely different from his attitude toward Wang Shi and Lu Xia. He would not hesitate to answer Zhang Yi's question.

Wang Shi and Lu Xia were slightly envious of Zhang Yi, but they knew there was nothing they could do to change things. After all, Zhang Yi had risked his life and supported Duan Ling Tian when Duan Ling Tian was in danger.

"Then, it should be the final key." Zhang Yi nodded. "Only when the final key is used will the other four points of entrance and exit in the four mundane realms open."

"So, that's how it works. No wonder there are so many people from other mundane realms. As it turns out, the points of entrance and exit in the other mundane realms had been opened before and were sealed after that. The only reason the points of entrance and exit to the Beyond Heaven Secret Zone have been opened again was due to the final key" Duan Ling Tian finally got the answer that had been in his mind. Initially, he was confused about how after he used the key to the Beyond Heaven Secret Zone, there were people from other mundane realms who had entered the secret zone as well. Was it possible that the other four mundane realms had used their keys to open the entrance to the Beyond Heaven Secret Zone at the same time? He finally understood that each of the mundane realms had already used their keys. The only reason they could enter again was due to the final key being used to open the Beyond Heaven Secret Zone.

Duan Ling Tian thought to himself, 'No wonder so many people knew about the Beyond Heaven Secret Zone. I'm sure these people's ancestors had passed on this information to their descendants... As time passes, this place will definitely become public knowledge.'

Duan Ling Tian was right. The mundane realm with the most people in the Beyond Heaven Secret Zone was the mundane realm who first used the key to enter the secret zone. As time passed, many people knew about the location of the entrance to the secret zone. Naturally, once those people realized the Beyond Heaven Secret Zone's had opened again, they had rushed to enter the secret zone

After a while, Duan Ling Tian looked at the valley that was shrouded with fog and said to Zhang Yi, "Let's enter." From the beginning until the end, he did not bother to look at Wang Shi and Liu Xia at all.

“Okay.” Zhan Yi nodded before he turned to look at Wang Shi and Lu Xia and said, “Wang Shi, Liu Xia... Let’s go!”

Wang Shi and Liu Xia were currently feeling awkward. Duan Ling Tian did not invite them along. However, they were thankfully saved by Zhang Yi’s invitation. They looked at Zhang Yi with gratitude before they followed Duan Ling Tian and Zhang Yi into the valley.

In just a blink of an eye, all four figures disappeared into the valley that was shrouded in fog.

...

Meanwhile, somewhere in the Beyond Heaven Secret Zone.

An old man who was traveling across a desert changed his expression suddenly. He came to a halt and took out what seemed like fragments of something that had broken from his pocket. Upon closer inspection, one would be able to see that the fragments used to be a Soul Pearl.

“This is... Rong Bo’s Soul Pearl?!” The old man’s expression was extremely dark. “Who is it? Who has the courage to kill the strongest disciple among the younger generation in the Wild Goose Sect!”

This old man was a Bodiless Celestial from Skyline Realm where Rong Bo was from. He was also from the same sect as Rong Bo, the Wild Goose Sect. Although he was not Rong Bo’s master, he was still furious over Rong Bo’s death. After all, as a Bodiless Celestial and ancestor from Wild Goose Sect, how could he not feel furious over the death of someone so promising? Not only that, a disciple as outstanding as Rong Bo was rare in the Wild Goose Sect!

At this time, many people, young and old, from the Wild Goose Sect in the Skyline Realm found out about Rong Bo’s death through his Soul Pearls that had shattered.

“This purple-clad young man is the culprit!” Images of the moments before Rong Bo’s death until he was killed were projected before these people. Some of these people, mostly Bodiless Celestials, were enraged and vowed to avenge Rong Bo.

...

In other parts of the Beyond Heaven Secret Zone.

A group of Bodiless Celestials from the Skyline Realm who were not members from the Wild Goose Sect had also discovered that Feng Man’s Soul Pearl had shattered. Similar to Rong Bo, many Bodiless Celestials from his sect carried his Soul Pearl.

“Feng Man... is dead?!”

The few strongest Bodiless Celestials from Feng Man’s sect also saw the scene where he was killed.

The strongest Bodiless Celestial from Feng Man’s sect growled when he saw the purple-clad young man in the Mirror Image. “No matter who you are... You’re destined to die when you kill a peerless genius from my sect!”

...

Duan Ling Tian was, naturally, blissfully unaware that he was now the target of various Bodiless Celestials who had entered the Beyond Heaven Secret Zone from the Skyline Realm. Naturally, he would not be afraid even if those Bodiless Celestial found out about it. Just like he had said to Zhang Yi, the Beyond Heaven Secret Zone was so vast that the people from Skyline Realm would have a hard time finding him. Moreover, even if the people from Skyline Realm found out he was from the Saint Province Realm, they still would not be able to find the point of entrance and exit to the Saint Province Realm.

Most importantly, there was no need for Duan Ling Tian to be afraid of Rong Bo and Feng Man's people. Currently, he was slightly stronger than a Seven Tribulation Bodiless Celestial with the Celestial Sword. Additionally, his strength would only grow stronger.

...

Somewhere in the Beyond Heaven Secret Zone.

Whoosh!

A graceful figure flew across the sky as she controlled the air in the Barren Mountains. The figure's appearance seemed to have dimmed the surroundings. The graceful figure was a woman with peerless beauty. Although she looked just like the girl-next-door, her temperament was that of a fairy who had descended from the nine heavens. This woman's hair was as dark as ink, and people who looked at her would find it hard to look away. Her figure was perfect and her movement was graceful.

"Such a beautiful woman!"

"Whether it's her looks, figure, temperament or the way she moves, they are all impeccable. Do you think she's from Yan Huang Realm as well?"

In the distance, two young men were staring at the woman who was flying in the sky. Their eyes flashed with a lecherous light as soon as they saw the peerlessly beautiful woman. Their desire to possess her was extremely strong!

Whoosh! Whoosh!

Both of them did not waste any time and flew toward the woman to block her path.

The woman was none other than Ke'er who had also entered the Beyond Heaven Secret Zone. It had been half a year since she had entered the secret zone. She had been searching for her husband, Duan Ling Tian, and the other members of the Seven Absolutes Sects but to no avail.

"En?" Ke'er frowned when she saw the two young men blocking her path. She was, generally, a patient person. However, she had been faced with this similar scene countless times. It was only natural that she began to feel impatient.

### **Chapter 2408 Ke'er's Strength**

One of the young men who blocked Ke'er's path took the lead to speak first. "Beautiful lady! It's dangerous in the Beyond Heaven Secret Zone, it's much safer to be in a group. Both of us just so happen to be looking for another person to join our group, would you like to join us?"

Although the other young man remained silent, his gaze was filled with hope when he looked at Ke'er.

“I’m sorry, I’m not interested in joining both of you.” Although Ke’er’s temperament was good, her patience had been exhausted over the past six months. Therefore, she had rejected them in a direct and unfriendly manner.

The two young men did not seem surprised by Ke’er’s rejection. The young man who had been keeping quiet looked at her and asked, “Miss, I wonder if you came from Yan Huang Realm like us?” It was obvious he was only trying to chat her up and make her open up to them. In his opinion, if the lady standing in front of them were also from Yan Huang Realm, it might bring them closer.

“Yan Huang Realm?” Ke’er muttered under her breath. Over the past six months, many of those who accosted her and were rejected had also mentioned the mundane realm they were from. However, this was her first time meeting someone from Yan Huang Realm.

The two young men’s eyes brightened when they heard Ke’er’s words.

“Do you know about Planet Yan Huang?” Ke’er asked.

“Of course!” One of the young men quickly responded, “Planet Yan Huang is one of the cultivation planets in Yan Huang Realm... Although I’m not from Planet Yan Huang, I’ve heard about it.”

The other young man said in a haste, “Yes, Planet Yan Huang is located at...” He quickly told Ke’er all he knew about Planet Yan Huang.

At this moment, the two young men were certain that the lady before them was also from Yan Huang Realm. Otherwise, why would she ask them about Planet Yan Huan for no reason? After all, how could someone who was not from Yan Huang Realm know about Planet Yan Huang? The two young men thought Ke’er was only trying to verify if they were truly from Yan Huang Realm. For this reason, they tried their best to prove that they were from Yan Huang Realm.

How could the two young men guess that Ke’er was only questioning them about Planet Yan Huang because of her husband, Duan Ling Tian, whose soul had traveled to the Saint Province Realm, not because she was from Yan Huang Realm?

Ke’er was one of the people who were most intimate with Duan Ling Tian. She had, naturally, learned about Duan Ling Tian’s past life from him. Therefore, when she heard the two young men were from Yan Huang Realm, her interest was piqued and she could not help but ask about Planet Yan Huang.

‘Based on their words, it seems like Planet Yan Huang is, indeed, earth where Brother Tian was from!’ After listening to the two young men’s explanations, Ke’er was certain that Planet Yan Huang was earth. Ke’er’s heart skipped a beat as she continued thinking to herself, ‘This means as long as we can find the point of entrance and exit of Yan Huang Realm in the Beyond Heaven Secret Zone, we’ll be able to return to earth where Brother Tian was from!’

Since Ke’er had already been in this place for half a year, she had, naturally, learned that this place was not the Sword Saint Secret Zone, but the Beyond Heaven Secret Zone. Apart from the members of the Seven Absolutes Sect, there were people from other mundane realms who were here as well. She also learned that the other four mundane realms were big mundane realms, and each mundane realm had their own point of entrance and exit in the Beyond Heaven Secret Zone.

Ke'er thought to herself, 'If Brother Tian knows about this, he would be very excited! Since we've been here for so long, I'm sure he has already learned about this!'

Whoosh!

After Ke'er regained her senses, she looked at the two young men indifferently before she flew past them without saying a word.

Whoosh! Whoosh!

Ke'er's action surprised the two young men, and they quickly moved to block Ke'er's path again.

Ke'er's expression darkened when she saw the two young men blocking her path again. "I've already told you that I'm not interested in joining your group."

When the two young men heard Ke'er's words, they instantly dropped all pretenses of civility. They stared at Ke'er lecherously. "Even if you aren't interested in joining us, we should have some fun before you go!"

Ke'er's eyes turned cold when she saw the two young men staring at her lecherously. The unapproachable air about her intensified as well. At this moment, she looked like an ice goddess, pure and inviolable.

Boom! Boom! Boom! Boom! Boom!

At the same time, an invisible force that felt imposing swept out of Ke'er. The void began to tremble and a loud explosion that shook the earth rang in the air.

In just a blink of an eye, the energy that swept out of Ke'er's body shrouded the two young men, causing them to vomit blood. Their faces turned as pale immediately. However, the imposing aura continued to surround them, it seemed like Ke'er had no intention of withdrawing the energy.

Before the two young men regained their senses, more energy surged out of Ke'er's body. The pressure from the energy made them feel as though they were carrying a mountain on their backs, causing them to bend over.

Fear overwhelmed them as a thought appeared in their minds. "Bodiless Celestial?" Since they were both at the Ninth Form of the Saint Celestial Stage, anyone who could defeat them had to be Bodiless Celestials. They would have lived in vain, if at this time, they still could not figure out that they had met a stronger opponent.

"Please spare our lives, Celestial!"

"We're blind for not being able to recognize that you're a Celestial!"

The two young men hurriedly begged for pardon when they realized the person in front of them was a Bodiless Celestial. They were scared out of their wits that their voices trembled when they spoke. After all, what they had done earlier was truly unforgivable! If they knew the lady before them was so strong, they would not dare to harbor any evil thoughts at all. A small mistake could cause a lifelong regret!

"I gave both of you a chance earlier..." An extremely cold voice reverberated in the air.

"No!" A wave of despair overwhelmed their hearts. Before they even had time to react, the invisible force that surrounded them seemed to turn into a giant beast before it devoured them.

Swoosh!

A gust of wind blew past. The two young men seemed to have disappeared into thin air. There was no commotion at all, they had just quietly disappeared. All that was left was a graceful figure of a woman hovering in the air.

Ke'er muttered under her breath, "It's unfortunate that both of you didn't cherish the chance I gave you..."

Ke'er, naturally, knew those two men harbored bad intentions when they approached her. However, since both of them had explained to her about Yan Huang Realm and Planet Yan Hang, she turned a blind eye to their bad intentions and decided to let the matter go. She was going to leave, but who knew they would take the initiative to block her path again? Moreover, they even dropped all pretenses of civility! For this reason, she no longer held back.

Ke'er lowered her head and looked at her right hand as she murmured to herself, "My strength is increasing at an extremely fast speed. If I'm not mistaken my current strength is comparable to a Six Tribulation Bodiless Celestial. However, compared to my previous life, this strength is nothing at all."

Ke'er had regained much of her memory from her past life. However, her memory of her cousin was still vague. She believed it would not take long before she regained more of her memory.

A hint of determination flashed in her eyes as she thought to herself, "Regardless of who I am in my past life, I'm Ke'er. I'm Brother Tian's wife and Si Ling's mother. No one can change this! I won't let anyone or anything change me!"

## **Chapter 2409 The Ultimate Winner**

'I wonder where Brother Tian is at the moment...' Ke'er thought to herself as she continued on her journey to look for her husband. She had no interest in the treasures in the Beyond Heaven Secret Zone, including the inheritance from a Great Overarching Golden Celestial.

Although Ke'er had not completely recovered all her memories, she knew that the Great Overarching Golden Celestials could not compare to her at all in her past life. Even her servants could easily kill a Great Overarching Golden Celestial!

...

Duan Ling Tian was, naturally, unaware that Ke'er's strength was now comparable to a Six Tribulation Bodiless Celestial. In fact, he was not even aware that she had entered the Beyond Heaven Secret Zone.

Currently, he was in the valley that was shrouded by fog with Zhang Yi, Wang Shi, and Liu Xia. Although nothing could be seen from outside, there was no doubt that danger lurked in every corner of the valley.

In the beginning, it was still not too bad since Duan Ling Tian was able to look out for the other three people. However, the danger began to increase and became deadlier.

Due to the sudden increase in danger, Duan Ling Tian did not cast the assist-type Divine Ability, the Elementary Devouring Tactic, in time. He had cast the fourth stage of the Sovereign Heart Sword, the Body Sword Fusion, and wielded the Celestial Sword, but he only managed to save Zhang Yi and Lu Xia. Wang Shi had died!

After Duan Ling Tian put the Celestial Sword away, he gazed at Wang Shi's corpse and sighed. "I was careless." If he had cast the assist-type Divine Ability, the Elementary Devouring Tactic, slightly earlier, he would have been able to save Wang Shi. He did not expect the danger would increase so quickly and suddenly.

Fear gripped Liu Xia's heart as she stared at Wang Shi's corpse. However, she did not forget to reassure Duan Ling Tian when she heard him sigh. "Duan Ling Tian, you.. you've tried your best... I think Wang Shi wouldn't blame you..."

'Tried my best?' Duan Ling Tian smiled bitterly when he heard Liu Xia's words. If he had truly tried his best, Wang Shi would not have died! Naturally, it did not mean that he did not intend to save Wang Shi. He only felt he did not try his best because he did not cast his assist-type Divine Ability, the Elementary Devouring Tactic, in time.

Fear still lingered in Zhang Yi's heart as he stood at the side. "Wasn't the situation earlier too dangerous and difficult to pass? If Duan Ling Tian weren't around, I'm afraid we would need at least eighth ordinary Eminent Celestials to pass the challenge!" He was no longer as taciturn as he was before now that he was more familiar with Duan Ling Tian.

"No, you don't need that many people." Duan Ling Tian shook his head when he heard Zhang Yi's words. "Do you still remember the third challenge? If we didn't leave immediately after passing the challenge, we would have seen the Joint Strike Formation... Only three Eminent Celestials are needed to master that Formation. It would be easy to pass this challenge if three Eminent Celestials have mastered the Formation!"

Zhang Yi thought about Duan Ling Tian's words for a moment before he asked, "What you're saying is the stone tablet that appeared next to the lake during the third challenge contained the Joint Strike Formation?"

"Yes." Duan Ling Tian nodded. "The Joint Strike is inscribed on the Joint Strike Formation and it could help us pass this challenge."

Zhang Yi smiled wryly. It seemed as though he was looking at a monster when he looked at Duan Ling Tian. "That's to say when you protected me and Liu Xia and successfully passed the challenge, you didn't even use the Joint Strike Formation at all... You passed the challenge by only using your brute strength!" Although he was only at the Ninth Form of the Saint Celestial Stage, he could roughly guess Duan Ling Tian's strength. He continued to say, "If I'm not mistaken, not only do you have the Celestial Sword, but you've also mastered a Divine Ability from a Devata Realm!" He came to this conclusion in the end since nothing else would explain how Duan Ling Tian's strength far surpassed an Eminent Celestial.

Liu Xia instantly turned to look at Duan Ling Tian as soon as she heard Zhang Yi's words. She was, naturally, curious as well.

“Well, you’re not wrong.” Duan Ling Tian did not deny Zhang Yi’s words. The last few stages of the Sovereign Heart Sword were much stronger than any techniques in the mundane realms, therefore, it was not wrong to consider it as a technique from a Devata Realm. Naturally, Zhang Yi was unaware that he had a real Divine Ability from the Devata Realm that he did not have time to cast earlier, it was the assist-type Divine Ability, the Elementary Devouring Tactic! If he had managed to cast the Elementary Devouring Tactic in time, Wang Shi would not have died.

“As expected!” Zhang Yi said when he heard Duan Ling Tian’s words. He did not think there were still things that he was not privy to.

A complicated look could be seen in Liu Xia’s eyes as she thought to herself, ‘I-Is he really just an Eminent Celestial from a small mundane realm?’

Meanwhile, Duan Ling Tian checked their surroundings in the valley before he realized that was the last of the challenges. “That’s it? That’s the last challenge?”

“Let’s look around! The inheritance from a Great Overarching Golden Celestial should be here somewhere since the last challenge was incredibly difficult to pass! After all, it’s normal that something extraordinary would be hidden around such a dangerous challenge,” Liu Xia said excitedly when she heard Duan Ling Tian’s words.

“That makes sense!” Zhang Yi nodded in agreement.

Duan Ling Tian was the only one who did not think so. “That might not be the case...”

Duan Ling Tian sensed something amiss with the last challenge. Its difficulty had increased by a few times. Although he could not use his Divine Consciousness after descending into the valley, he could still sense there were supposed to be more challenges after this one that they managed to overcome. However, it really seemed like there were no more challenges. For this reason, he suspected that all the challenges had combined into one challenge to increase the difficulty.

Indeed. Duan Ling Tian’s assumption was correct. Due to how easy it was for him to overcome the challenges, the last few challenges were combined into one to increase the difficulty. Nevertheless, it was still easy for him to pass the challenge. After all, he was not an ordinary Eminent Celestial. He was far stronger than an ordinary Bodiless Celestial.

When Zhang Yi heard Duan Ling Tian’s words, he suggested, “Let’s just look around... Even if the inheritance from a Great Overarching Golden Celestial isn’t here, we might find clues that are related to it.”

After that, three of them began to search the place.

After a while, Duan Ling Tian found a shabby Feng Shui compass. It was really old and obvious that it had been around for a long time. Although it looked old and shabby, it seemed to be working in good condition. The needle was accurate and pointed in the same direction.

“Could it be showing us the direction?” Liu Xia gasped.

Zhang Yi laughed. "I don't think there's a need for us to look around anymore. I think the compass will bring us straight to the treasure vault!"

"So this is the clue?" Duan Ling Tian frowned.

They did not waste any time and began to travel in the direction where the needle pointed.

"I hope there's an inheritance from a Great Overarching Golden Celestial in the treasure vault..." Liu Xia murmured.

"Even if there's none in the treasure vault ahead, we'll just have to keep following the clues. If we don't die, at some point, we'll find the inheritance in another treasure vault!"

"Zhang Yi," Duan Ling Tian turned to Zhang Yi and asked, "Is it possible that other people who have also found treasure vaults might also find clues that ultimately lead to the same treasure vault that contains an inheritance by a Great Overarching Golden Celestial?"

"Yes." Zhang Yi nodded without hesitation. "From what I know, each time when the Beyond Heaven Secret Zone opens, there'll only be one inheritance from a Great Overarching Golden Celestial... The last time the Beyond Heaven Secret Zone opened, Feng Qing Yang from your Saint Province Realm managed to obtain the only inheritance from a Great Overarching Golden Celestial in the secret zone." Fear appeared in his eyes as he continued to say, "It's said that there were many Eminent Celestials who entered the treasure vault that contained the inheritance from a Great Overarching Golden Celestial with Feng Qing Yang at that time, but none of them came out alive. According to some cultivators who weren't Eminent Celestials, the Eminent Celestials killed among themselves and some were killed by Feng Qing Yang as they fought for the inheritance from a Great Overarching Golden Celestial! In the end, Feng Qing Yang emerged as the ultimate winner!"

### **Chapter 2410 Gao Village Sect?**

Duan Ling Tian, naturally, did not get to witness for himself how Feng Qing Yang had killed and obtained the inheritance from a Great Overarching Golden Celestial at that time. Nevertheless, he could imagine how Feng Qing Yang had surprised the group of talented powerhouses from the four big mundane realms.

'Senior Feng Qing Yang had thoroughly mastered the five stages of the Supreme Sword Dao Mental Cultivation Method's Sovereign Heart Sword when he was just an Eminent Celestial. Although he didn't possess a Celestial Sword or mastered any Divine Abilities from a Devata Realm, his full strength was comparable to a Five Tribulation Bodiless Celestial!' Duan Ling Tian who had inherited the Sovereign Heart Sword that Feng Qing Yang created understood this very well.

"Based on Feng Qing Yang's strength at that time, an ordinary Eminent Celestial was no match for him at all!" Duan Ling Tian muttered under his breath.

Although Duan Ling Tian's voice was not loud, Zhang Yi heard his words. He instantly voiced his disagreement. "I don't think his strength is that exaggerated!"

"Hmm?" Duan Ling Tian looked at Zhang Yi curiously "Why do you say so? After all, Senior Feng Qing Yang from our Saint Province Realm was already stronger than an ordinary Bodiless Celestial before he

even entered the Beyond Heaven Secret Zone! The Bodiless Celestials in our Saint Province Realm were no match for him at all at that time!”

“Yes, I’ve heard about this,” Zhang Yi nodded before he said, “I’ve seen the records that are handed down in our Celestial Masters Sect that documented what happened in the Beyond Heaven Secret Zone the last time it opened. Although the Sword Cultivator from your Saint Province Realm, Feng Qing Yang, didn’t seem to have a Celestial Supreme Treasure, he seemed to have mastered an extraordinary Divine Ability from a Devata Realm. That was why his strength was comparable to a Five Tribulation Bodiless Celestial even though he was only an Eminent Celestial at that time...”

Duan Ling Tian disagreed inwardly when he heard Zhang Yi’s words. He knew those people must have mistaken the Supreme Sword Dao Mental Cultivation Method’s Sovereign Heart Sword that Feng Qing Yang created for a Divine Ability from a Devata Realm.

Zhang Yi continued to say as he looked at Duan Ling Tian, “If I’m not mistaken, before Feng Qing Yang obtained the inheritance from a Great Overarching Golden Celestial, he should be stronger than you!”

Since Zhang Yi had witnessed Duan Ling Tian’s strength when he killed two Eminent Celestials effortlessly with the Celestial Sword and when he overcame the last challenge earlier, he thought that Duan Ling Tian’s strength was comparable to a Three Tribulation Bodiless Celestial or possibly even a Four Tribulation Bodiless Celestial!

The reason Zhang Yi came to this conclusion was due to his weaker cultivation base. Otherwise, he would have been able to see that Duan Ling Tian’s strength earlier was comparable to a Five Tribulation Bodiless Celestial!

In other words, although Duan Ling Tian did not cast the assist-type Divine Ability, the Elementary Devouring Tactic, his strength was equivalent to Feng Qing Yang when Feng Qing Yang first entered the Beyond Heaven Secret Zone and before he obtained the inheritance from a Great Overarching Golden Celestial. If he had cast the Elementary Devouring Tactic, his strength would rise another two levels, which would make his strength comparable to a Seven Tribulation Bodiless Celestial! The reason for him being stronger than Feng Qing Yang before Feng Qing Yang had obtained the inheritance from a Great Overarching Golden Celestial was due to him mastering the assist-type Divine Ability, the Elementary Devouring Tactic, from a Devata Realm and the Celestial Sword he possessed.

Without the Elementary Devouring Tactic and the Celestial Sword, Duan Ling Tian would be undoubtedly weaker than Sword Saint Feng Qing Yang. After all, he had merely comprehended the Sovereign Heart Sword to its fourth stage.

Based on Zhang Yi’s words, Duan Ling Tian knew that Zhang Yi was unaware that the strength he had displayed earlier was comparable to a Five Tribulation Bodiless Celestial. Nevertheless, he did not reveal the truth to Zhang Yi.

Zhang Yi continued speaking, “Do you think those Eminent Celestials from the big mundane realms, including Yan Huang Realm, were easy to deal with? Among those people, some of them owned Celestial Supreme Treasures and mastered extraordinary Divine Abilities from the Devata Realms!

Although their numbers were small, those who competed with Feng Qing Yang from your Saint Province Realm had strength comparable to a Six Tribulation Bodiless Celestial!”

“What?” Duan Ling Tian was shocked when he found out those Eminent Celestials from the four large mundane realms were so strong. In fact, based on Zhang Yi’s words, they seemed stronger than Sword Saint Feng Qing Yang.

“In fact, there were many monstrous geniuses among the Eminent Celestials who entered the Beyond Heaven Secret Zone at that time. For example, our Yan Huang Realm had a peerless genius from Gao Village Sect whose strength was comparable to a Five Tribulation Bodiless Celestial despite being an Eminent Celestial!” Zhang Yi said.

Duan Ling Tian was shocked by Zhang Yi’s words. “An Eminent Celestial from Yan Huang Realm whose strength was comparable to a Five Tribulation Bodiless Celestial!”

After a moment, Duan Ling Tian cried out, “Impossible!” He quickly turned to Zhang Yi and asked, “Zhang Yi, you mentioned the Gao Village Sect... Are you talking about Heavenly Martial Zhu Gan Yi?”

Zhu Gan Yi, a Heavenly Martial, was a character from the ancient legend on earth in Duan Ling Tian’s past life. Based on that ancient legend, Heavenly Martial Zhu Gan Yi had another identity as well; he was Monk Pig, the second senior brother, in the story of the Journey to the West.

“Zhu Gan Yi is the founder of Gao Village Sect! Y-you... How do you know this?” A shocked expression appeared on Zhang Yi’s face when he heard Duan Ling Tian’s words.

Although the Gao Village Sect was one of the stronger forces in the Devata Realms and its strength was roughly on par with the Celestial Masters Sect, the Gao Village Sect kept a very low profile. For this reason, in Yan Huang Realm, apart from those cultivators or sects with roots on Planet Yan Huang, very few people knew about the Gao Village Sect, let alone the name of the sect’s founder. Zhang Yi was already shocked when Duan Ling Tian previously mentioned the name of the founder of Celestial Masters Sect, Zhang Tian Shi. He was even more shocked now that Duan Ling Tian mentioned the name of the founder of Gao Village Sect.

Earlier, Duan Ling Tian had said he knew the name of the founder of Celestial Masters Sect due to the skeletal remains of a disciple from the Celestial Masters Sect that were found in the Saint Province Realm. Zhang Yi did not doubt Duan Ling Tian’s words at that time. However, now that Duan Ling Tian accurately mentioned the name of the founder of Gao Village Sect, he could not help but feel suspicious. Did Duan Ling Tian make up a story about finding the skeletal remains of a disciple from Celestial Masters Sect?

When Duan Ling Tian saw the skeptical expression on Zhang Yi’s face, he knew that he had revealed too much and he could guess what was going through Zhang Yi’s mind at this moment. An idea appeared in his mind, and he said, “To be honest, I didn’t find any skeletal remains of a disciple from Celestial Masters Sect in the Saint Province Realm. I know about the founders of Celestial Masters Sect and Gao Village Sect because of an inheritance I obtained in the Saint Province Realm.”

“Inheritance?” Zhang Yi looked at Duan Ling Tian skeptically.

“Yes, it’s a Celestial Supreme Treasure I accidentally came across in the Saint Province Realm. The Celestial Supreme Treasure is known as the Seven Treasures Exquisite Pagoda. There was a pagoda spirit who called himself a Three-legged Golden Crow from Planet Yan Huang! He...” Duan Ling Tian cleverly brought up Elder Huo.

However, before Duan Ling Tian could finish his sentence, Zhang Yi interrupted him with a shocked expression on his face, “What? D-did you just say you obtained the Seven Treasures Exquisite Pagoda?”

“Yes.” Duan Ling Tian nodded. He then continued to talk about the treasure in detail. “The Seven Treasures Exquisite Pagoda that I obtained had a pagoda spirit on the first floor. That was the Three-legged Golden Crow I mentioned. The Jasper Celestial Sword was on the second floor, and on the third floor...”

Zhang Yi interrupted Duan Ling Tian again as he said, “The Astonishing God Halberd is on the third floor, and the Universe Ruler is on the fourth floor. The Heaven Net Umbrella is on the fifth floor, the World Cleansing Horsetail Whisk is on the sixth floor, and the War Heave Spear is on the seventh floor!” Zhang Yi stated all the Celestial Supreme Treasures in the Seven Treasures Exquisite Pagoda as though he was listing out his family’s treasures.

Duan Ling Tian was taken aback. “Y-you know about the Seven Treasures Exquisite Pagoda?”

“Of course!” Zhang Yi exclaimed, “The Seven Treasures Exquisite Pagoda is the top Celestial Supreme Treasure according to legend. It’s an extraordinary Celestial Supreme Treasure even in the Devata Realms... More importantly, it’s from Planet Yan Huang. Therefore, it’s a source of pride for those of us with roots on Planet Yan Huang!” Zhang Yi’s eyes burned with desire and pride as he looked at Duan Ling Tian.
