Chapter 2451 The Dragon Clan in the Ten Thousand Beasts Heaven

“After listening to you, I’m even more interested in meeting those three little fellows.” The green-clad woman’s eyes brightened in excitement when she heard the red-clad woman’s words.

“Then, let’s not waste any time. Let’s go!” The red-clad woman said.

“Let’s go!” The green-clad woman said before her body that was seated on the main seat in the great hall vanished without a trace.

In the next moment, the red-clad woman disappeared as well.

Silence descended on the great hall instantly.

...

At this moment, Little Gold, Little Black, and Little White who were in the Beyond Heaven Secret Zone were unaware of the impending danger. They did not know that if they were discovered by a Supervisory Envoy of the Beyond Heaven Secret Zone, they might lose their cultivation bases, if not die! Naturally, they were also unaware that someone had been sent to take them away as well. As danger crept closer to them, they were only thinking about meeting Duan Ling Tian and Ke’er.

...

Every Devata Realm had a Beyond Heaven Pavilion, and there were 81 Beyond Heaven Pavilions since there were 81 Devata Realms.

Beyond Heaven Pavilions were transfer stations between a Devata Realm and various Beyond Heaven Secret Zones. Great Overarching Golden Celestials had to register here if they wanted to go to a Beyond Heaven Secret Zone to leave their inheritances behind. After registering, they would be able to enter a Beyond Heaven Secret Zone through a Transporting Formation in the Beyond Heaven Pavilion. According to the rules, when they leave their inheritances in a Beyond Heaven Secret Zone, they also had to leave heaven-rank and earth-rank treasure vaults in the secret zone.

Similar to Beyond Heaven Secret Zones, Beyond Heaven Pavilions were usually managed by Heaven Emperors’ people. Since there were many people involved in managing a Beyond Heaven Pavilion, it was only natural that there were good and wicked people.

Some of the unsavory characters would even sell information from Beyond Heaven Secret Zones for their personal gains. For example, when someone from the Beyond Heaven Pavilion discovered Little Gold, Little Black, and Little White had violated the rules of Beyond Heaven Secret Zones, that person was supposed to notify a Supervisory Envoy to mete out punishment. However, that person did not notify a Supervisory Envoy, instead, he informed the force that owned the inheritance that the three little fellows received. Incidents like this were very common, and those informers would be greatly rewarded from the various forces.

...

In an enclosed room, a middle-aged man who seemed to be dressed in some kind of uniform pointed at two Mirror Images that showed three people. His uniform had the words, 'Beyond Heaven Pavilion', embroidered across his chest. He said deferentially to a red-clad woman, "Lord Meng, it's these three people!"

In one of the Mirror Images, a golden-clad little girl could be seen rushing to an unknown location. On the other Mirror Image, a black-clad little boy and a white-clad little girl could be seen in a human-rank treasure vault, easily passing the challenges in there.

The middle-aged man continued to say, "I accidentally discovered the black-clad little boy and the white-clad little girl. I realized when they attacked, both of them have a crescent Blood Moon Mark between their brows. That's how I know they're from the Blood Moon Ridge Clan. Since I discovered both of them, I decided to do a check on those people in that Beyond Heaven Secret Zone, and that's how I found the golden-clad little girl. Similarly, when she attacked, a Blood Moon Mark appeared between her brows as well."

The red-clad woman nodded her head, clearly satisfied with the middle-aged man's actions. "You've done well... After I retrieve them, I'll send you a token of appreciation from the Blood Moon Ridge."

"Thank you, Lord Meng." The middle-aged man smiled so wide that his eyes almost seemed close. He had given Blood Moon Ridge this piece of information in exchange for the token of appreciation after all.

At this moment, the green-clad woman who had remained silent suddenly spoke up as she watched the Mirror Images. "They're from the dragon clan?"

One of the Mirror Images, showed the black-clad little boy and white-clad little girl reverting to Eight-clawed Divine Dragons, which were also their true forms.

The green-clad woman looked at the red-clad woman and said decisively, "Meng Yao... I want both of them!"

"Elder sister, it's not a big deal if you want them. However, it's better if you get the Noble Patriarch to inform our master about it." The red-clad woman did not seem surprised by the green-clad woman's demand. She had a forced smile on her face as she continued to say, "Otherwise, if my superior makes an inquiry, it'll be difficult for me to explain myself."

"Alright." The green-clad woman nodded as she turned her eyes back to the two Eight-clawed Divine Dragons in the Mirror Image.

The middle-aged man who was standing at the side could not help but ask the red-clad woman curiously, "Lord Meng, may I know who this person is?"

"She's my elder sister, Ji Xiang," the red-clad woman replied.

"Ji Xiang?" The middle-aged man furrowed his brows. The name seemed familiar but he could not recall where or when he had heard it.

"My elder sister is from the dragon clan," the red-clad woman said.

“Dragon clan?” The middle-aged man suddenly jolted when he heard the red-clad woman’s words. He turned to look at the green-clad woman and asked in a trembling voice, “I-is she Elder Ji Xiang, the youngest elder in the dragon clan in our Ten Thousand Beasts Heaven?”

“Yes,” the red-clad woman replied with a nod.

“It’s an honor to meet you, Elder Ji Xiang!” The middle-aged man hurriedly said, “Please forgive me for being rude and not knowing who you are earlier. Please forgive my ignorance!”

Although the current Heaven Emperor of the Ten Thousand Beasts Heaven was not from the dragon clan, the force of the dragon clan was only second to the force under the Heaven Emperor. Even a strong force like Blood Moon Ridge was still inferior to the dragon clan.

The green-clad woman, Ji Xiang, the youngest elder in the dragon clan in the Ten Thousand Beasts Heaven, did not deign to reply to the middle-aged man. She glanced at him indifferently and said, “Activate the Transporting Formation that leads to that Beyond Heaven Secret Zone!”

“Yes, yes...” The middle-aged man, naturally, did not dare to delay when he heard Ji Xiang’s words. He quickly activated the Transporting Formation just as Ji Xiang had ordered. How could he not be afraid? Although this Beyond Heaven Pavilion belonged to the Heaven Emperor of the Ten Thousand Beasts Heaven, the middle-aged man knew very well that the Heaven Emperor would not care even if thousands of people like him were killed by Ji Xiang.

Swoosh!

As soon as the Transporting Formation was activated, Ji Xiang disappeared into it in just a flash. The red-clad woman followed closely behind.

Just like this, the Beyond Heaven Secret Zone gained two newcomers; Elder Ji Xiang from the dragon clan and Meng Yao from the Blood Moon Ridge.

As soon as Ji Xiang arrived in the Beyond Heaven Secret Zone, she extended her Divine Consciousness that encompassed a large area of the Beyond Heaven Secret Zone. Based on this, one could see how strong Ji Xiang, the youngest elder in the dragon clan in the Ten Thousand Beasts Heaven, was.

“Hm?” Ji Xiang was just about to withdraw her Divine Consciousness when she discovered her two targets were not in range when she suddenly sensed something. “This is...”

Through her Divine Consciousness, Ji Xiang watched as a Celestial Sword shot out of the hand of a purple-clad young man as more than five sword rays followed closely behind. When the sword rays merged with the sword, it boosted the power of the sword immediately. It did not take long before the purple-clad young man killed a Six Tribulation Bodiless Celestial!

Ji Xiang muttered to herself, “This Sword Wielding Art looks like...” She closed her eyes as scenes from many years ago appeared in her mind.

At that time, a genius Sword Celestial came to the Ten Thousand Beasts Heaven to challenge the patriarch of the dragon clan. That battle was truly shocking.

Ji Xiang was only an ordinary disciple in the dragon clan at that time. However, since her parents were guardians of the dragon clan, she had a chance to watch the battle. During that battle, the patriarch whom they revered like a God, was defeated by the genius Sword Celestial. She had found it difficult to accept the outcome of the battle at that time.

Ji Xiang could clearly remember what the patriarch had told that man after his defeat. "I accept my loss. Based on your strength, if you take another step forward, it won't be difficult for you to challenge a Heaven Emperor and win! At that time, you'll become a Heaven Emperor!"

After a while, there was news from the Solitary Destructive Heaven, one of the 81 Devata Realms. Someone had challenged the Heaven Emperor of the Solitary Destructive Heaven and killed the Heaven Emperor! And thus, the man who killed the Heaven Emperor of the Solitary Destructive Heaven became the new Heaven Emperor of the Solitary Destructive Heaven!

Ji Xiang remembered being shocked when she learned that the new Heaven Emperor of Solitary Destructive Heaven was the genius Sword Celestial who had defeated the dragon clan's patriarch. She did not expect the patriarch's words to come true!

Chapter 2452 Difficult to Mee

Ji Xiang, the youngest elder of the dragon clan in the Ten Thousand Beasts Heaven, was reminded of the Heaven Emperor of the Solitary Destructive Heaven, the genius Sword Celestial who had challenged the patriarch of the dragon clan and won, when she saw the purple-clad young man wielding his Celestial Sword. Although the Sword Wielding Art that the genius Sword Celestial had cast was more profound, she could still see the similarities when the purple-clad young man cast the Sword Wielding Art.

A thought appeared in Ji Xiang's mind at this moment. 'Is he somehow connected to that person in Solitary Destructive Heaven?' This was truly something unexpected. She would not have believed it if she did not witness the purple-clad young man wielding the Celestial Sword. After all, how could someone as lofty as that person from the Solitary Destructive Heaven be related to someone from one of the mundane realms?

Ji Xiang had seen many geniuses as an elder from the dragon in the Ten Thousand Beasts Heavens, but she was still amazed by the purple-clad young man. She would not have been surprised if she saw an Eminent Celestial killing a Six Tribulation Bodiless Celestial in the Devata Realms. After all, Eminent Celestials in the Devata Realms were different from Eminent Celestials in the mundane realms. 'He's only an Eminent Celestial, but he's capable of killing a Six Tribulation Bodiless Celestial effortlessly even though the Six Tribulation Bodiless Celestial didn't use any Celestial Weapon.'

Most people in the Devata Realms referred to Celestial Supreme Treasures as Celestial Weapons. Almost all Bodiless Celestials could only use Celestial Weapons, they could not master any Celestial Techniques or Divine Abilities from the Devata Realms and mundane realms. Due to the Bodiless Celestials' special constitution, they would not be able to withstand the Celestial Techniques and Divine Abilities. Even if someone had already mastered Celestial Techniques or Divine Abilities before becoming a Bodiless Celestial, they would no longer be able to use it once they became a Bodiless Celestial unless they wanted to die. This applied to Nine Tribulation Bodiless Celestials as well. They would have to wait until they passed the last Bodiless Celestial Tribulation, ascended to a Devata Realm, and gained a new body

before they could use the Celestial Techniques or Divine Abilities. This was the biggest weakness of a Bodiless Celestial.

Naturally, there was an exception to this. The Bodiless Celestials who had mastered the Soul Congregation Embodiment were able to cast soul-offensive Celestial Techniques and Divine Abilities from the Devata Realms!

After a while, Ji Xiang shook her head. 'This must be a coincidence.' In the end, she concluded that it was unlikely for the purple-clad young man to be related to the Heaven Emperor of the Solitary Destructive Heaven. The Sword Wielding Art had to be a mere coincidence. After that, she quickly withdrew her Divine Consciousness to probe in another direction.

Meanwhile, Meng Yao, the red-clad woman, did not stay idle. She had also extended her Divine Consciousness to look for the whereabouts of the golden-clad little girl, the black-clad little boy, and the white-clad little girl.

...

At this moment, the golden-clad little girl who was hovering in the sky descended on a lake. When she descended on the lake, it caused a splash, but she remained dry. She held a Feng Shui compass as she said excitedly, "I finally found a human-rank treasure vault! After obtaining the clues here, I'll be able to meet Brother Ling Tian and Sister Ke'er soon."

The golden-clad girl was about to leave in the direction where the Feng Shui compass was pointed when...

Swoosh!

A red-clad woman appeared like a gust of wind, blocking the golden-clad little girl's path.

The golden-clad little girl's expression changed dramatically when she saw the red-clad woman. Wariness and a hint of fear could be seen in her eyes as she asked, "Who are you?"

The red-clad woman had appeared out of thin air. The golden-clad little girl did not even sense anything prior to the red-clad woman's appearance. Based on this, she knew that the red-clad woman was far stronger than her.

Meng Yao, the red-clad woman, sighed as she looked at the golden-clad little girl and said, "Little fellow, you're too greedy. After you obtained the inheritance of the Legacy Blood Pool from our Blood Moon Ridge, you should've ascended to the Ten Thousand Beasts Heaven. Even if you chose not to ascend, you shouldn't have come to this Beyond Heaven Secret Zone."

When the golden-clad little girl, Little Gold, heard Meng Yao's words, she was stunned. A hint of confusion surfaced in her eyes as she stammered, "L-legacy Blood Pool? H-how do you know about the Legacy Blood Pool?"

Meng Yao replied, "The Legacy Blood Pool was refined by the master of the Blood Moon Ridge, how could I not know about it?"

“Blood Moon Ridge? Master? The Legacy Blood Pool was refined by him?” Little Gold murmured to herself. Then, she looked at Meng Yao and asked with bright eyes, “This means you’re a celestial from a Devata Realm?”

At this time, Little Gold finally ascertained that the red-clad woman did not harbor any ill intention. Otherwise, the red-clad woman would not have revealed this information to her. Moreover, if the red-clad woman wanted to kill her, it would be extremely easy for her to do so.

“Yes, I am,” Meng Yao nodded before she said, “I came here to bring you out of this Beyond Heaven Secret Zone. Do you know it’s dangerous for you to be in here?” Her voice was solemn when she spoke.

“Dangerous?” Little Gold was startled. Then, she shook her head. “As long as I don’t provoke the Bodiless Celestials who are stronger than me, I should be fine. Moreover, there are many people who are weaker than me, and yet, they still manage to survive in here.” Based on her words, it could be seen that Little Gold was under the impression that the danger Meng Yao referred to was the Bodiless Celestials who were stronger than her.

Meng Yao patiently explained to Little Gold, “I’m not talking about the Bodiless Celestials who are stronger than you...” She told Little Gold about Supervisory Envoys and also how Little Gold had violated the rules by entering the Beyond Heaven Secret Zone after obtaining the inheritance from the Legacy Blood Pool.

Little Gold’s face turned pale. “I-if the Supervisory Envoy finds out about this, even if I don’t die, I will lose my cultivation base?”

“Yes,” Meng Yao nodded. Then, she added urgently, “That’s why we have to leave as soon as we can. If the Supervisory Envoy finds out about this, not only you, but even I would be affected!”

“I have two other friends...” Little Gold who was shocked by Meng Yao’s words suddenly remembered Little Black and Little White.

“If I’m not mistaken, your two friends should have left this Beyond Heaven Secret Zone by now. I’ll bring you to them,” Meng Yao said as she brought Little Gold away. In just a short moment, she brought Little Gold to the Transporting Formation in the Beyond Heaven Secret Zone.

It took only a short moment before they arrived in a chamber in the Beyond Heaven Pavilion.

“Little Gold!”

Little Gold was just recovering from the blinding light that had flashed when she heard two familiar voices calling out to her in unison.

“Little Black? Little White?” Little Gold sighed in relief when she saw the black-clad little boy and the white-clad little girl standing in front of her.

“I’ll take them with me... Come to the dragon clan after a month for your reward.” A voice rang in the air at this moment.

Little Gold discovered another two people in this place, apart from the red-clad woman who had brought her here, Little Black, and Little White.

A green-clad woman was speaking to a middle-aged man at this moment.

“Thank you, Elder Ji Xiang,” the middle-aged man said. He did not expect to be rewarded by the dragon clan as well since he had only thought he would be rewarded by Blood Moon Ridge. Although he knew Ji Xiang wanted two of the people he found, he did not have any expectations of being rewarded by the dragon clan.

“Meng Yao, I’ll take my leave now,” Ji Xiang said as she looked at Meng Yao. Soon after, she took Little Black and Little White with her and left.

Little Gold who did not even have a chance to speak to Little Black and Little White cried out, “Little Black! Little White!” She turned to look at Meng Yao and asked anxiously, “Where did she take Little Black and Little White?”

Meng Yao said reassuringly, “Don’t worry. She won’t harm your friends. She’s only taking them home.”

Before Little Gold could reply or resist, Meng Yao had already brought her away. She thought to herself, ‘How strong! She’s far stronger than a Nine Tribulation Bodiless Celestial!’ She had intended to struggle but failed when she realized how strong Meng Yao was.

Little Gold’s heart was filled with bitterness when she recalled how she had been taken from the Beyond Heaven Secret Zone to the Ten Thousand Beasts Heaven, one of the 81 Devata Realms. ‘Unfortunately, I didn’t get to meet Brother Ling Tian and Sister Ke’er. I wonder when I’ll be able to see them again...’

At this moment, reality finally hit Little Gold that she was in a Devata Realm when she sensed the exaggeratedly rich Heaven and Earth Spirit Energy in the surroundings.

Chapter 2453 Shamelessly Boasting?

Duan Ling Tian was, naturally, unaware of the matter regarding Little Gold, Little Black, and Little White. How could he have known they had been taken away? Let alone knowing they had been taken to a Devata Realm, he did not even know they had entered the Beyond Heaven Secret Zone to find him.

At this moment, three people who looked travel-weary arrived in a majestic mountain range.

“We’re too late!” One of them said as they watched an old man, surrounded by people, held a long and wide saber with an intimidating aura in his hand.

Buzz! Buzz! Buzz! Buzz! Buzz!

When the old man sent his energy into the saber, the saber began to vibrate and radiate fierce saber rays. It seemed indestructible at this moment.

When the old man saw this, he let out an unrestrained laugh. “What a good saber!”

‘Seven Tribulation Bodiless Celestial?’ Duan Ling Tian thought to himself as he looked at the old when he and his companions arrived in this earth-rank treasure vault.

The saber in the old man's hand was the Celestial Supreme Treasure contained in this earth-rank treasure vault.

When the old man arrived, he saw two Six Tribulation Bodiless Celestials fighting over this Celestial Supreme Treasure. He did not wait for them to kill each other before he directly killed the two Six Tribulation Bodiless Celestials and took possession of the Celestial Supreme Treasure.

Once the onlookers saw the old man was a Seven Tribulation Bodiless Celestial, they no longer dared to have covetous thoughts about the Celestial Supreme Treasure. They had no intention of seeking death after all. Snatching the Celestial Supreme Treasure from that Seven Tribulation Bodiless Celestial was no different from snatching food from the mouth of a tiger!

"It would be nice if that old man didn't have the saber. Otherwise, the saber would be yours, Brother Ling Tian," Han Xue Nai who was standing next to Duan Ling Tian said with a sigh as she looked at the old man who was laughing while he held the saber in his hand.

In Han Xue Nai's opinion, the old man who was a Seven Tribulation Bodiless Celestial was definitely no match for Duan Ling Tian if he did not obtain the Celestial Supreme Treasure. After all, she had witnessed him killing a Seven Tribulation Bodiless Celestial so she knew his strength was comparable to an Eight Tribulation Bodiless Celestial. However, since the old man had obtained the Celestial Supreme Treasure, this meant the old man's strength is comparable to an Eight Tribulation Bodiless Celestial. The old man's power was on par with Duan Ling Tian so she thought it would be difficult for Duan Ling Tian to snatch the Celestial Supreme Treasure away from the old man.

Meanwhile, Zhang Yi, who was standing at the other side of Duan Ling Tian, remained silent. However, judging by the regretful expression on his face, it was not hard to see that he shared the same thought as Han Xue Nai.

When Han Xue Nai had spoken, many people had heard her even though her voice was not loud.

"Who's shamelessly boasting?"

"This woman just said that if that Seven Tribulation Bodiless Celestial didn't possess the Celestial Supreme Treasure, the man standing next to her would be able to obtain it..."

At this moment, many people were looking at Han Xue Nai and Duan Ling Tian. They knew she was talking about Duan Ling Tian earlier.

"After that Seven Tribulation Bodiless Celestial obtained the Celestial Supreme Treasure, his strength is comparable to an Eight Tribulation Bodiless Celestial..."

"So what that woman means is the purple-clad young man standing next to her has strength comparable to an Eight Tribulation Bodiless Celestial?"

"Well, maybe he's an Eight Tribulation Bodiless Celestial..."

More and more people turned to look at Duan Ling Tian curiously. They wondered if he was really an Eight Tribulation Bodiless Celestial. Even then, none of them dared to probe his cultivation base. It was considered rude to probe someone's cultivation base. If they had probed the purple-clad young man's

cultivation, it would be fine if he was weak. However, if he turned out to be strong, they would definitely lose their lives.

“Eight Tribulation Bodiless Celestial?” When the old man who had obtained the Celestial Supreme Treasure heard the discussion in his surroundings, he turned to look at Duan Ling Tian as well. As soon as he saw Duan Ling Tian, he cried out in anger, “It’s you!” It was as though Duan Ling Tian was his sworn enemy!

A majestic energy surged out of the old man’s body immediately. Some of that energy went into the saber he held in his hands, causing the saber to release fierce and seemingly indestructible saber rays.

Everyone, including Duan Ling Tian, was, naturally, alerted by the old man’s movements.

“What’s happening?”

“It seems like this Seven Tribulation Bodiless Celestial knows the purple-clad young man. Moreover, it seems like he has a grudge against that young man...”

“How interesting!”

Han Xue Nai who could see how angry the old man was could not help but ask in shock, “Brother Ling Tian, you know him?”

Although Zhang Yi remained silent, he looked at Duan Ling Tian curiously as well.

“I haven’t seen him before.” Duan Ling Tian shook his head. He was certain he had not met this old man before, how could he know why the old man was so angry? He wondered inwardly, ‘Is he related to someone I killed?’ He thought there was a high possibility of this. After all, he had killed many people ever since he entered the Beyond Heaven Secret Zone. He did not doubt that many of those people carried Mirror Image Talismans on their bodies.

Duan Ling Tian could clearly feel the Divine Consciousness that probed his cultivation base, it made him feel exposed.

Sure enough, the old man glared at Duan Ling Tian and said with a scoff, “Similar to Rong Bo who was a disciple of my Li Yan Sect, you’re just an Eminent Celestial. However, seeing as you managed to kill him, you must be quite strong. However, it’s unfortunate for you to have met me today!”

The onlookers were confused when they heard the old man’s words since they had no idea what he was talking about.

“Rong Bo?”

“He’s from the Li Yan Sect in Skyline Realm?” Some from Skyline Realm exclaimed.

At this moment, Zhang Yi’s eyes widened in surprise when he heard the old man’s words. “Rong Bo!” He finally realized why the old man was so angry when he saw Duan Ling Tian. ‘As it turns out, he’s from the same sect as Rong Bo. No wonder he’s so hostile toward Duan Ling Tian. He must have seen Duan Ling Tian easily killing Rong Bo through a Mirror Image Talisman!’

Realization dawned on Han Xue Nai as well. "Oh! So he's from the same sect as Rong Bo!" She had heard about the incident with Rong Bo during their travels.

Duan Ling Tian was not surprised since he had already guessed the old man was related to someone whom he had killed. However, he truly did not expect the old man to be connected to Rong Bo.

At this moment, the onlookers were furtively whispering among themselves.

"An Eminent Celestial? Did the Seven Tribulation Bodiless Celestial just say the purple-clad young man is an Eminent Celestial?"

"We must have heard wrongly. If the purple-clad young were just an Eminent Celestial, I don't think the young lady by his side would dare to shamelessly boast, right?"

"Well, she could be lying..."

"That's true."

When Han Xue Nai overheard the onlookers' conversation, her face turned red from anger. She fumed inwardly, 'Boasting? Shamelessly boasting? How dare these people look down on Brother Ling Tian?' She took a deep breath before she retorted, "My Brother Ling Tian just killed a Seven Tribulation Bodiless Celestial with just a strike not too long ago! Although he's only an Eminent Celestial, his strength is comparable to an Eight Tribulation Bodiless Celestial!"

The onlookers seemed to recall something when they heard Han Xue Nai's words and broke out in a discussion among themselves again.

"An Eminent Celestial killed a Seven Tribulation Bodiless Celestial with a strike? His strength is comparable to an Eight Tribulation Bodiless Celestial?"

"She calls him... Could this purple-clad young man be Duan Ling Tian?" Someone suddenly exclaimed.

Chapter 2454 Dazzling Sword Formation

Duan Lingtian?!

Silence descended when people heard the name Duan Ling Tian. How could they not be familiar with this name? Most of them had heard the news that had been spreading even though they did not think it was true. Duan Ling Tian was an Eminent Celestial who apparently killed a Seven Tribulation Bodiless Celestial outside of a heaven-rank treasure vault left by a Great Overarching Golden Celestial. It was said that he had strength comparable to an Eight Tribulation Bodiless Celestial.

"He... He can't be that Duan Ling Tian, right?"

"Didn't you hear what the girl standing next to him said? He killed a Seven Tribulation Bodiless Celestial before and has strength comparable to an Eight Tribulation Bodiless Celestial? She even called him Brother Ling Tian. He must be Duan Ling Tian!"

Han Xue Nai, who heard the discussion in the surroundings, scoffed and said, "Duan Ling Tian is, indeed, my Brother Ling Tian! The news all of you heard is true. He did kill a Seven Tribulation Bodiless Celestial outside a heaven-rank treasure vault left behind by a Great Overarching Bodiless Celestial. Moreover, he

killed the Bodiless Celestial with just a strike!” Her voice grew louder and louder as she reached the end of her sentence.

After listening to Han Xue Nai’s words, everyone was convinced the purple-clad young man was Duan Ling Tian. They discussed his strength, and the topic slowly shifted to the Seven Tribulation Bodiless Celestial from Li Yan Sect in Skyline Realm.

“So he’s Duan Ling Tian!”

“I really didn’t expect to meet Duan Ling Tian from the rumor. I wonder if he really possesses the strength of an Eight Tribulation Bodiless Celestial like the rumor says.”

“Whether he’s as strong as the rumor says or not, we’ll find out soon enough. Can’t you see that Seven Tribulation Bodiless Celestial who had just obtained the Celestial Supreme Treasure staring at him like prey?”

“We’re about to watch a good show!”

The old man from Li Yan Sect said with a sneer, “So you’re Duan Ling Tian. I’ve seen you through a Mirror Image so I think the rumor is just a rumor. There’s no truth in it at all. The strength you displayed when you killed my sect disciple, Rong Bo, was comparable to a Three or Four Tribulation Bodiless Celestial at best!”

The hate in the old man’s eyes intensified as he spoke. When he had seen the Mirror Image of Rong Bo being killed, he had seen Duan Ling Tian’s strength. Although Duan Ling Tian had easily defeated Rong Bo, it was clear that Duan Ling Tian was not as powerful as the rumor made him out to be.

The old man’s words, naturally, caused the onlookers to doubt the veracity of the rumor. After all, to begin with, most of them did not think the rumor was true.

Under everyone’s watchful eyes, Duan Ling Tian looked at the old man indifferently before he slowly said, “You’re quite observant. I have to say you’re right...”

Killing intent could be seen in the depths of the old man’s eyes at this moment. He said threateningly, “Duan Lingtian! Since you killed Rong Bo, I’ll kill you today and send you to hell to avenge him!”

Duan Ling Tian narrowed his eyes as he calmly said, “You think you’ll be able to avenge Rong Bo? I hope you’ve thought this through. You might die trying to avenge him. That’s not worth it, right?” His words that were filled with confidence showed that he was not frightened by that old man. It seemed like he was warning the old man that he would die if he tried to avenge Rong Bo.

Duan Ling Tian’s words provoked the old man, enraging him. His body trembled in anger as he said, “Arrogant! How arrogant!”

The onlookers who were stunned by Duan Ling Tian’s confident words began to whisper furtively among themselves.

“How can Duan Ling Tian remain calm at this moment?”

“Perhaps, he’s really capable of killing this Seven Tribulation Bodiless Celestial who has obtained a Celestial Supreme Treasure?”

“You’re joking! It’s impossible for an Eminent Celestial in the mundane realms to kill a Seven Tribulation Bodiless Celestial who has obtained a Celestial Supreme Treasure!”

Most of the onlookers concluded that Duan Ling Tian did not possess the strength to defeat the Seven Tribulation Bodiless Celestial.

“Brother Ling Tian...” Han Xue Nai called out. Although she could see Duan Ling Tian was confident, she could not help but feel anxious since she thought his strength was only on par with the Seven Tribulation Bodiless Celestial who possessed a Celestial Supreme Treasure. She thought to herself, ‘However, based on Brother Ling Tian’s words, it seems like he’s certain he’ll be able to kill that old man.’

Zhang Yi was taken aback by Duan Ling Tian’s confidence. He could not help but muse inwardly, ‘Duan Ling Tian, I wonder where your confidence came from. This old man is a Seven Tribulation Bodiless Celestial with a Celestial Supreme Treasure!’

Nonetheless, due to Han Xue Nai and Zhang Yi’s trust in Duan Ling Tian, they assumed he would not speak recklessly if he was not confident. After thinking about it, they were convinced Duan Ling Tian would be able to kill the old man even though they did not know how he was going to do it.

Han Xue Nai who knew Duan Ling Tian well began to think to herself, ‘Brother Ling Tian’s assist-type Divine Ability can raise his strength by two stages. The Celestial Sword can raise it by another stage. The fourth stage of the Sovereign Heart Sword, the Body Sword Fusion, can raise it by two stages, and the offensive Divine Ability, the Thirteen Green Lotus Swords, can likely increase it by another stage. All in all, his strength should be on par with an Eight Tribulation Bodiless Celestial.’ She shook her head, trying to figure out why Duan Ling Tian was so confident. After a moment, her eyes suddenly brightened as though she had found her answer.

At this moment, the old man from Li Yan Sect in Skyline Realm bellowed angrily, “Duan Lingtian!” He charged toward Duan Ling Tian without any warning as the Celestial Saber in his hand shot out saber rays that seemed indestructible.

When the old man moved, the sound of the wind whistling rang so thunderously that it caused onlookers to have a headache. This was only natural since the old man was a powerful Bodiless Celestial. Even among Seven Tribulation Bodiless Celestials, he was much stronger than ordinary Seven Tribulation Bodiless Celestials. Moreover, he had just obtained a Celestial Supreme Treasure. This would only further raise his strength.

“Elementary Devouring Tactic!” Duan Ling Tian cried out, casting his assist-type Divine Ability. In just a moment, he absorbed the Heaven and Earth Spirit Energy in the surroundings and raised his strength by two stages. Then, his eyes flashed coldly as he continued to say, “Complete Weaponry Submission!”

As soon as Duan Ling Tian finished speaking, a Celestial Sword appeared in the air and transformed into sword rays that revolved around his body. The number of sword rays continued to increase from

hundreds to thousands and it kept increasing. In the end, it seemed like there were tens of thousands of sword rays. It looked extremely intimidating!

Soon after, the sword rays shot up, converging above Duan Ling Tian. It began to form a complicated and mysterious Sword Formation.

Everything happened in just a blink of an eye that some of the onlookers with a weaker cultivation base could not catch Duan Ling Tian's movements at all. The Formation was so dazzlingly beautiful that the onlookers could not take their eyes away from it!

Swoosh! Swoosh! Swoosh! Swoosh! Swoosh!

At this moment, an energy that seemed similar to lightning and thunder surged out in all directions. In just a blink of an eye, the energy shrouded the entire area along with everyone present on the scene, including the old man from Li Yan Sect in Skyline Realm.

"Hm?" At this moment, the old man who was charging toward Duan Ling Tian discovered that the Celestial Saber in his hand was behaving strangely. It was vibrating with no rhyme or reason.

"What's happening?!" It did not take long before the old man's expression changed drastically. He had discovered that as the Celestial Saber in his hand continued to vibrate, it was also repelling the energy that he tried to send into it.

Swoosh! Swoosh! Swoosh!

In just a blink of an eye, the old man's hand that was holding onto the Celestial Saber suddenly began to bleed from wounds that had appeared just as suddenly. He thought to himself, panicking, 'No!!! If I don't let go of the saber now, I'll lose my hand!' He quickly released the saber in his hand without a second thought.

The Celestial Saber fell quickly like a wild horse at this moment...

Chapter 2455 Complete Weaponry Submission

The onlookers suddenly broke out in an uproar.

"This..."

"My sword..."

"What's wrong with my saber!?"

After the Seven Tribulation Bodiless Celestial from Li Yan Sect in Skyline Realm released the Celestial Saber in his hand, the commotion the onlookers were making attracted his attention. He saw everyone who was carrying a weapon suffered the same thing that he did. The parts where their weapons were touching were injured, causing their weapons to fall. Upon further inspection, he saw that the weapons, including his Celestial Saber, were actually not falling. Instead, they were all flying toward the Sword Formation over Duan Ling Tian's head.

The dazzling Formation above Duan Ling Tian's head was like a terrifying magnet that attracted all the weapons in the area it affected. It forcefully broke the weapons' connections to their owners.

“What kind of technique is this?”

“Even the Seven Tribulation Bodiless Celestial’s Celestial Saber had been taken away!”

“How terrifying!”

“Is he even human?”

Fear coursed through the onlookers’ veins as they watched the terrifying Formation pull all the weapons in the vicinity to it. Even the Celestial Saber was not spared.

“How’s this possible?” The old man who had been aggressive initially and was charging toward Duan Ling Tian instantly stopped moving. He had lived for a very long time, but this is his first time seeing such a phenomenon.

At this moment, Han Xue Nai felt chills running up her spine as she looked at the Sword Formation and the weapons. She exclaimed, “Complete Weaponry Submission! This is the Complete Weaponry Submission! Brother Ling Tian has successfully mastered the fifth stage of the Sovereign Heart Sword, the Heart Sword Amalgamation! I heard that once one masters the fifth stage of the Sovereign Heart Sword, one would be able to master a technique called Complete Weaponry Submission! It’s able to submit all weapons, including Celestial Supreme Treasure!”

Han Xue Nai had suspected this earlier when she saw Duan Ling Tian’s confidence. However, it was just a speculation. Therefore, it still came as a shock when she witnessed it with her own eyes.

Zhang Yi was similarly shocked. “What kind of technique is this?” He felt the scene unfolding before his eyes was surreal. He was not worried about Duan Ling Tian confronting the Seven Tribulation Bodiless Celestial since he thought they were evenly matched. Who knew before the battle even started, the Seven Tribulation Bodiless Celestial had already lost his Celestial Supreme Treasure. He thought to himself, ‘This attack seems stronger than the Body Sword Fusion that he used previously.’

At this moment, a grey-clad old lady holding a cane suddenly cried out, “That’s right! Didn’t the rumor say Duan Ling Tian is from the Saint Province Realm?”

“Yes. Is there something wrong with that?”

“Why? Did you think of something?”

Many people were curious and confused by the grey-clad old lady’s question. They had a feeling her question had something to do with the powerful attack Duan Ling Tian had just unleashed.

The grey-clad old lady explained, “I read a record in my sect before this. Most people, including me, didn’t think it’s true. The record details what had happened the last time the Beyond Heaven Secret Zone was open.” She looked at everyone as she asked, “I’m sure all of you know who obtained the inheritance from a Great Overarching Golden Celestial the last time the secret zone opened, right?”

“I know! It’s someone from the Saint Province Realm as well. His name is Feng Qing Yang, and he was a genius Sword Cultivator!”

“Yeah! That’s him!”

“I’ve heard about him as well.”

Most people knew about the person who had obtained the inheritance from a Great Overarching Golden Celestial the last time the Beyond Heaven Secret Zone opened.

After listening to everyone’s answer, the grey-clad old lady continued to speak, “The record states that Feng Qingyang managed to kill an Eight Tribulation Bodiless Celestial after obtaining the inheritance from a Great Overarching Golden Celestial with this technique.” She looked at the dazzling Sword Formation above Duan Ling Tian’s head and said, “The record is written by an ancestor of my sect who was present at that time. He had said that Feng Qing Yang used a powerful Celestial Technique to snatch the Eight Tribulation Bodiless Celestial’s Celestial Supreme Treasure away before killing him.”

Everyone gasped when they heard the grey-clad old lady’s words. They were clearly unaware of this. The last time the Beyond Heaven Secret Zone opened was roughly 100,000 years ago. Naturally, there were many incidents that were lost to time. Most of them only knew Feng Qing Yang had obtained the inheritance from a Great Overarching Bodiless Celestial and killed an Eight Tribulation Bodiless Celestial, but they did not know the details.

The grey-clad old lady stared at Duan Ling Tian as she said conspiratorially, “Feng Qing Yang and Duan Ling Tian are both from the Saint Province Realm... Since the technique is so similar, I suspect this technique is the same one that Feng Qing Yang used at that time. It’s possible he has some connection with Feng Qing Yang!” Her words shocked the onlookers again.

All of a sudden, Duan Ling Tian said, “Senior is, indeed, observant.” A hint of surprise could be seen in his eyes as he looked at the grey-clad old lady. He said with a smile, “This technique is, indeed, the same one that senior Feng Qing Yang used. In a way, I can be considered as his heir.” His words confirmed the grey-clad old lady’s speculations.

“Indeed!” The grey-clad old lady smiled, satisfied that she had guessed correctly.

In just an instant, the crowd broke out in a commotion again.

“Heavens! So Duan Ling Tian is Feng Qing Yang’s heir?!”

“Unbelievable!”

“The last time the Beyond Heaven Secret Zone opened, Feng Qing Yang obtained the inheritance from a Great Overarching Golden Celestial. And now, his heir seems to have a high chance of obtaining it as well! Why does it feel like the Beyond Heaven Secret Zone is opened especially for them?”

“True, I would think that way as well if it were not for the fact that we know the Beyond Heaven Secret Zone was created by a Great Overarching Golden Celestial.”

“Go!” Duan Ling Tian’s voice rang in the air, catching everyone’s attention.

Swoosh! Swoosh! Swoosh! Swoosh! Swoosh!

As soon as Duan Ling Tian spoke, the Sword Formation above him shone even brighter than before, causing everyone to squint or close their eyes.

At the same time, the Sword Formation began to shoot out sword rays that were headed toward the Seven Tribulation Bodiless Celestial from Li Yan Sect in Skyline Realm.

“This is bad!” The old man cried out when he saw this. His vision was currently affected by the blindingly bright light. He could vaguely sense the immense power from the attack and it thoroughly frightened him. Energy surged out his body immediately as he tried to escape.

“Too late!” Duan Ling Tian said.

The old man did not even have time to react as the sword rays from the Sword Formation above Duan Ling Tian landed on him, drowning him.

Boom! Boom! Boom! Boom! Boom!

A series of thunderous explosions rang in the air as a terrifying shockwave spread out in all directions, injuring the onlookers. The weaker ones were sent flying while those who were stronger stumbled a few steps backward.

Chapter 2456 Fragmentary Legacy

“He’s so strong!!”

“How terrifying!”

“His strength is not inferior to an Eight Tribulation Bodiless Celestial, right? ”

“It seems like the rumor of him easily killing two Seven Tribulation Bodiless Celestials is not fake!”

After a while, everyone finally regained their sense. All of them felt chills running up their spines when they recalled what happened earlier. They were terrified and worried when they saw the Sword Formation above the purple-clad young man’s head.

Whoosh! Whoosh! Whoosh

The shockwave from the attack finally died down into a light breeze.

Everyone turned to look at the place where the Seven Tribulation Bodiless Celestial was standing and discovered he was nowhere in sight. There were no traces left of him at all as though he had never existed. The Seven Tribulation Bodiless Celestial from Li Yan Sect had died! His body had vanished and his soul had been destroyed.

Swoosh! Swoosh! Swoosh!

The sound of wind blowing rang in the air as the ‘stolen’ weapons returned to their owners one after another. Naturally, the Celestial Saber currently without an owner remained with Duan Ling Tian. His Celestial Sword returned to his hand when the Celestial Saber fell from the sky and into his hand as well. He put the two Celestial Supreme Treasures away and turned to look in the distance. Nobody could tell what he was thinking about at this moment.

Duan Ling Tian thought to himself, 'I didn't expect Heart Sword Amalgamation from the fifth stage of the Sovereign Heart Sword to be so powerful. The Celestial Supreme Treasure, the Submitting Ten Thousands Soldier technique is really powerful to be able to snatch the Celestial Sabert as well.' Although he was confident with his ability, he did not think the technique would be so strong. After all, this was his first time casting the Submitting Ten Thousand Soldiers technique after mastering the fifth stage of the Sovereign Heart Sword. Earlier, he has used the Sword Formation and used the Formation to attack. Needless to say, it was even stronger than the Body Sword Fusion. If he had used the Thirteen Green Lotus Swords, his power would have been comparable to a Nine Tribulation Bodiless Celestial. Even if that Seven Tribulation Bodiless Celestial had used the Celestial Supreme Treasure, Duan Ling Tian would still have been able to kill him without using the Thirteen Green Lotus Words.

Duan Ling Tian continued thinking to himself, 'However, I really got lucky. Who knew I would be able to master the fifth stage of the Sovereign Heart Sword, the Heart Sword Amalgamation, due to the enlightenment from Li Bai, the Green Lotus Sword Celestial.'

After passing the ninth challenge in the heaven-rank treasure vault, he did not expect the minor inheritance from Li Bai would be able to help him master the fifth stage of the Sovereign Heart Sword. Initially, he was not interested in the minor inheritance left behind by Li Bai since it was not useful for his sword training but somehow it was able to help him master the fifth stage of the Sovereign Heart Sword.

When Duan Ling Tian returned to his senses, he looked at everyone with his hands behind his back as he asked, "I'll take this Celestial Saber, nobody has a problem with it, right?"

When everyone heard his word, they forced a smile on their faces, signaling their approval.

"Why is he even asking for our opinion?"

"Would we dare to have any opinion after witnessing what just happened?"

None of the onlookers had any thoughts of snatching the Celestial Supreme Treasure from the Seven Tribulation Bodiless Celestial from Li Yan Sect, let alone Duan Ling Tian who had just easily killed him.

Soon after, someone replied with gusto as he waved his hand. His tone was flattering. "No! We don't mind at all! Only a master like you is suitable to own that Celestial Saber. All of us wish for you to own the Celestial Saber."

"Yes, yes, that's what we think!"

"Master Duan Ling Tian definitely deserves this Celestial Supreme Treasure!"

It did not take long before most people followed in the footsteps who the person who had spoken and began to flatter Duan Ling Tian.

Duan Ling Tian did not pay attention to their words, he looked over at Han Xue Nai and Zhang Yi before he said, "Xue Nai, Zhang Yi, let's go!"

Without wasting any time, Duan Ling Tian and his two companions left in the area where the Feng Shui compass was pointing.

After watching Duan Ling Tian and his companions left, the onlookers sighed in relief.

“Duan Ling Tian is terrifying,” a Five Tribulation Bodiless Celestial said, still frightened, “With his strength, even if we joined forces with so many of us around, he’ll still be able to kill us with a flick of his fingers.

“Duan Lingtian, he’s so scary!”

“That’s a matter of course. He killed a Seven Tribulation Bodiless Celestial with just a strike!”

“The rumors from before didn’t say if the Seven Tribulation Bodiless Celestials he killed possessed a Celestial Supreme Treasure, but this Seven Tribulation Bodiless Celestial had a Celestial Supreme Treasure and his strength was almost close to an Eight Tribulation Bodiless Celestial!”

“Even so, he killed him without even blinking his eyes!”

“What’s the technique he used? He even managed to snatch the Celestial Supreme Treasure so easily. His strength is really terrifying!”

“I wonder what technique the genius Sword Cultivator from Saint Province Realm, Feng Qing Yang, used when he obtained the inheritance from the Great Overarching Golden Celestial. I guess only they would know what it is. However, there’s no doubt the technique is a powerful Celestial Technique!”

“Maybe the technique that purple-clad young man used was the inheritance from the Great Overarching Golden Celestial from the Beyond Heaven Secret Zone previously?”

“That’s possible!”

The onlookers discussed among themselves, their fear toward Duan Ling Tian grew as well.

“Do you think Duan Ling Tian has already obtained the inheritance from a Great Overarching Gold Celestial?” Someone in the crowd asked.

“That’s quite likely.”

Someone answered, “Yeah, otherwise, how could he be so powerful?”

Only a few people remained silent. These people had some knowledge about the inheritance from a Great Overarching Gold Celestial. They had obtained clues from human-rank treasure vaults and received the Feng Shui compasses. If Duan Ling Tian had obtained the inheritance, their compasses would stop working immediately. Since their compasses were still working, they knew without a doubt that nobody had obtained the inheritance from a Great Overarching Gold Celestial yet.

After about an hour had passed, the onlookers began to leave one after another. It did not take long before what happened today spread in the Beyond Heaven Secret Zone again.

...

“Duan Ling Tian killed a Seven Tribulation Bodiless Celestial of Li Yan Sect from Skyline Realm?! And that was before he snatched the Celestial Supreme Treasure away?!”

...

Somewhere in the Beyond Heaven Secret Zone.

An old man's expression was extremely unsightly at this moment.

"Based on my knowledge, only one Seven Tribulation Bodiless Celestial from Li Yan Sect had come. His power was on par with me. If I had to fight him and he had a Celestial Supreme Treasure, I would definitely lose! It's said the old man was trying to avenge his sect disciple, Rong Bo." The old man paused for a moment before he finally muttered to himself again, "My Thousand Battle Sect disciple, Feng Man, was also killed at the same time as Rong Bo... Is it possible that the purple-clad man I saw in the Mirror Image killing Feng Man is Duan Ling Tian?"

This old man was the strongest person from the Thousand Battle Sect who had come to the Beyond Heaven Secret Zone. He was a Seven Tribulation Bodiless Celestial.

The old man was, naturally, instantly alerted when Feng Man was killed. He had seen Feng Man and Rong Bo being killed through a Mirror Image.

Chapter 2457 The Lost Land

"Fortunately, I didn't run into the Duan Ling Tian. Otherwise, I would've died as well!"

This Seven Tribulation Bodiless Celestial who had witnessed his sect disciple's death had also planned to seek revenge from Duan Ling Tian. If he had done that, he would have been killed by Duan Ling Tian.

...

Somewhere in the Beyond Heaven Secret Zone.

"Duan Ling Tian killed the Seven Tribulation Bodiless Celestial from Li Yan Sect?! Moreover, that Bodiless Celestial even possessed a Celestial Supreme Treasure. Even so, he still died?"

Liu Xia was shocked when she heard this news. She became even more fearful of Duan Ling Tian after hearing that he managed to kill a Seven Tribulation Bodiless Celestial who possessed a Celestial Supreme Treasure. She thought to herself in an attempt to reassure herself, 'I just need to wait for five more months. As soon as I can sense the point of entrance or exit to the Vast Cloud Realm in the Beyond Heaven Sect, I'm going to leave!' She knew very well if she stayed in the Beyond Heaven Secret Zone and was unfortunate enough to meet Duan Ling Tian, she would definitely die. Although the Beyond Heaven Secret Zone was vast and she might not even encounter him, it was still not as safe as returning to the Vast Cloud Realm.

After hearing the rumors about Duan Ling Tian, especially with the recent news, she continued hiding in small valleys, too afraid to venture out.

Time continued to pass, and in just a blink of an eye, five months had passed.

At this time, Liu Xia finally sensed the point of entrance to Vast Cloud Realm. She muttered to herself, "I better leave..." She did not even hesitate to leave. She was afraid the longer she stayed here, the more dangerous it would become. For this reason, she quickly made her way to the point of entrance and exit.

During the journey to the point of entrance and exit to the Vast Cloud Realm, Liu Xia attempted to console herself, "Although I didn't obtain anything in the Beyond Heaven Secret Zone, it's still good that I managed to come in here and see this place with my own eyes. It's not a complete waste of time..."

After a while, Liu Xia exclaimed excitedly, "I'm almost there." She could clearly feel the point of entrance and exit to Vast Cloud Realm at this moment.

When Liu Xia saw a black hole hidden behind thick mists, her eyes lit up immediately. In just a flash, she hastened her speed and sped toward the black hole.

Just Liu Xia was about to enter the black hole, she heard a noise suddenly. It was as though something had exploded next to her. Her heart thumped wildly and her expression changed drastically as she tried to increase her speed again. Just as she was about to enter the black hole.

Boom!

Before Liu Xia entered the black hole, another explosion sounded again. Soon after, she discovered a gigantic palm print formed by energy had shrouded her. The palm did not slap down and kill her. Instead, it imprisoned her in a prison made of fingers.

Liu Xia who was imprisoned could feel her power draining quickly, she was completely oppressed by the force. It did not take long before she discovered she could not mobilize the energy in her body. Her face drained of colors immediately.

As Liu Xia looked at the black hole that was almost within her reach, she muttered to herself, "So close! I'm so close to leaving!"

"So close to leaving? Liu Xia, aren't you being too naive? Even if you enter the black hole, do you think we can't follow you in?" A beautiful young lady spoke. Although Liu Xia was quite good looking, she could not measure up to this young lady at all.

Liu Xia's heart jolted when she heard the young lady's words. Indeed. She was being rather naive. She thought to herself, 'It's true. Even if I return to Vast Cloud Realm, it doesn't mean anything. After all, when I enter the black hole, I'll be right by the point of entrance and exit. This means they can chase after me.'

After these thoughts flitted through Liu Xia's mind, she looked at the beautiful young lady in front of her and forced a smile on her face, "Xue Nai..."

Two men accompanied Han Xue Nai at this moment.

Her smile turned even more forced and awkward when she saw the two men. However, she was not surprised. "Duan Ling Tian, Zhang Yi..."

As soon as Liu Xia heard that thunderous noise earlier, her heart had sunk. She knew she would not be able to return to the Vast Cloud Realm since she knew it was Duan Ling Tian.

Duan Ling Tian had a blank expression on his face as he asked indifferently, "Liu Xia, do you have anything to say for yourself?"

"I... don't have anything to say," Liu Xia said with a sigh. An expression of despair could be seen on her face. She had completely given up at this time. Although Duan Lingtian did not look sad or angry, she could see the killing intent in the depths of his eyes. She knew her previous actions had incurred his wrath.

Han Xue Nai glared at Liu Xia as she said angrily, "Liu Xia, you're the one that wanted to leave. We did not think to be careful around you since we trusted you. We didn't expect you to spread word about us with the intention of getting us killed".

Zhang Yi had a disappointed expression on his face as he said, "Liu Xia, you've really crossed the line. Your actions and decisions led to this." Since he knew her longer compared to Duan Ling Tian and Han Xue Nai, he had always thought highly of her. He did not expect her to betray them.

Duan Ling Tian said emotionlessly, "Since you have nothing to say, I'll make this quick for you!"

As soon as Duan Ling Tian finished speaking, a thunderous noise rang in the air again as the palm that imprisoned Liu Xia began to tighten its grip around her.

As soon as the hand fisted, power exploded from it, causing a shockwave to spread in all directions.

After killing Liu Xia, the three of them left the area immediately. They had come here to try their luck to see if Liu Xia would show up here. They had found someone from Vast Cloud Realm who was willing to lead them to the point of entrance and exit to the Vast Cloud Realm.

At that time, Duan Ling Tian had decided to wait there for three days. If Liu Xia did not show up after three days, they would leave. He was quite certain Liu Xia would be here, but he was not 100% certain. Therefore, he decided to wait three days. If he did not see her after three days, he would no longer waste any time on her. Who knew that they had only waited half a day before Liu Xia showed up?

Liu Xia was clearly unaware of all this. Otherwise, she might have been able to avoid this.

...

Currently, three years had passed since the Beyond Heaven Secret Zone had opened. Everyone was capable of sensing the point of entrance and exit to their respective realm.

Those people who managed to obtain Celestial Supreme Treasures decided to leave since they did not want to take any unnecessary risks. These people were the smart ones.

A few people who decided to stay on were killed by those who were stronger than them, their Celestial Supreme Treasures were taken away.

Things like these were the norm in the Beyond Heaven Secret Zone.

As time passed, more people obtained clues from human-rank and heaven-rank treasure vaults, getting closer and closer to the location of the inheritance from a Great Overarching Gold Celestial.

...

Somewhere in the Beyond Heaven Secret Zone that was shrouded with thick fog.

During the past three years, many people had accidentally ventured in here and had gotten lost. They had only managed to find their way out when they sensed the point of entrance and exit of their respective realm. All of them did not want to spend a minute longer in here due to the trauma they suffered and left instantly.

Chapter 2458 The Land Of Great Overarching Gold Celestial“s Legacy

The group of people who had been trapped for a long time was finally able to leave this place.

Swoosh! Swoosh! Swoosh!

However, when those people left, just like shooting stars, a few figures flew across the sky like shooting stars and came to halt before the area that was shrouded by fog. There were six people; four young men and two young ladies. Beams of falling stars like figures sliced through the sky.

“It’s here,” one of the young men said. He had a strong body, thick eyebrows, and big eyes. When he looked at the fog-shrouded area, his eyes were shining brightly.

“This place seems unusual... It doesn’t seem like a human-rank treasure vault,” a rather good looking young man said. The two remaining young men agreed with his words.

“Indeed. It’s different from the human-rank treasure vaults we’ve encountered so far.”

“You’re right. There’s a possibility that this place is a heaven-rank treasure vault. We’ve not encountered a single heaven-rank treasure vault since we came in here!”

After listening to the two young men’s words, the good looking young man, the young man with a strong build, and the two young ladies agreed with their words.

A heaven-rank treasure vault! Not only was there Celestial Supreme Treasure in it, but there were also Celestial Techniques or Divine Abilities from a Devata Realm in there.

Among the two young ladies, one of them was a peerless beauty. However, her expression and manner were ice-cold, making her look unapproachable. From the beginning until the end, her expression remained the same. She was dressed in a white robe, and as she stood there, she looked like a fairy who had descended from heaven.

“Let’s check out the place!” One of the young men said excitedly as he began to move forward. The other three young men and one of the young women quickly followed suit. It did not take long before they disappeared into the thick fog.

Only the young woman with a cold expression remained behind. She lifted her hand and a Feng Shui compass appeared in her hand. The needle on the compass was pointing in the direction of the fog-shrouded area that the other five people have entered. The young woman who was usually taciturn murmured to herself, “Is it in there?” Her voice was crisp and clear, sounding quite melodious.

If she had brought out her Feng Shui compass earlier, the other five people would have been shocked and confused since they were unaware that she possessed a Feng Shui compass that led to the inheritance of a Great Overarching Golden Celestial, and currently, the needle of the compass was pointed at the area that was heavily shrouded by fog.

Not all of the Feng Shui compasses in the Beyond Heaven Secret Zone would lead to the same location although the final destination would be the place where the inheritance from a Great Overarching Golden Celestial was located. However, since two Feng Shui compasses were pointed at the area shrouded with fog, the place was undoubtedly a treasure vault.

“Hm?” Just as the young lady was about to enter the area shrouded in fog, she suddenly sensed something. A frown could be seen on her beautiful face as she turned slightly and looked in the south direction.

Xiu!

In the beginning, no sound could be heard at all. After a while, she heard the sound of a sword cry. She murmured as she raised an eyebrow, “A Sword Cultivator?”

After a short while, she saw a small dot in the distance that began to enlarge quickly. After a while, she saw that it was a sword ray. As the sword ray came even closer, she saw the figure of a young man shrouded in the sword ray. The young man wore blood-red robes, and although they were still far apart, she could smell the stench of blood from him. “A Devil Dao Sword Cultivator?”

A frown could be seen on the beautiful young woman’s face when she smelled the stench of blood on the young man. Moreover, she could also see his eyes were completely red. He was completely shrouded in evil aura. He looked more like a killing machine than a human.

Swoosh!

A violent gust of wind began to blow as the bloody sword ray intensified. The young man finally came to halt when he arrived near the young lady. He stared at the young lady expressionlessly.

It did not take long before the young lady noticed the Feng Shui compass in the young man’s hand. She thought to herself, ‘It seems like the clue he obtained also led him here...’

The young man continued to stare at the young lady intently, and the young woman returned his gaze fearlessly.

All of a sudden a terrifying energy that was filled with killing intent surged out from the young man’s body. The energy turned into sword rays that seemed extremely sharp as though it was capable of cutting down everything in its path. Sword cries rang in the air at this moment.

Xiu! Xiu! Xiu! Xiu! Xiu!

At this moment, a holy white light surged from the young woman’s body as well. It skyrocketed into the sky like a beam of light that connected heaven and earth. Based on this, one could see the young woman’s strength was not inferior to the young man’s strength at all.

Perhaps, the young man could sense that the young woman would not be easy to deal with so he did not act against her and directly made his way into the area shrouded with fog.

Swoosh!

Seeing the young man entering the area shrouded by fog, the young woman followed suit as well. If it was not for his sudden appearance, she would have already gone into the area shrouded by fog. This was her destination after all.

The young woman thought to herself as she entered the area that was shrouded by fog, 'I hope the inheritance left by the Great Overarching Golden Celestial this time is left by a Sword Celestial like the previous time as well. Since I'm a Sword Cultivator, it'll benefit me greatly if the Great Overarching Golden Celestial is a Sword Celestial. At that time, if I obtain the inheritance, my strength will definitely rise drastically!'

...

If Duan Ling Tian was around he would recognize the young man with blood-red eyes. The young man was none other than his old friend whom he had not seen for a long time, Su Li.

...

After Su Li and the young woman who emitted a cold aura entered the place that was left by a Great Overarching Golden Celestial, the entrance to the place remained quiet for half a month. No one had shown up at all at this place. The people who had entered had also not come out yet.

After half a month had passed, two newcomers appeared in front of the area that was shrouded by fog.

Swoosh! Swoosh!

The sound of wind whistling in the air accompanied the arrival of these two people.

These two people were peerless beauties. Most importantly, they looked identical. Their faces to their figures were exactly the same, but their bearings were different. They were obviously twins. One of them was like a burning red rose while the other was like an out-of-the-world snow lotus. These two women were none other than Ke'er and Gan Ru Yan. After they met up in the Beyond Heaven Secret Zone, they had been traveling together, making their way to the location of inheritance that was left behind by a Great Overarching Golden Celestial. They had encountered a few heaven-rank treasure vaults during their journey.

"Ke'er, this place looks different from the human-rank and heaven-rank treasure vaults we've encountered previously..." The woman with a fiery bearing said to the other woman with a hint of surprise in her tone.

"Sister," the other woman said with a solemn expression, "If I'm not mistaken, this place should be our final destination."

"Our final destination?" Gan Ru Yan was stunned when she heard her younger sister's words. Her eyes lit up as she said, "You mean this place is where the inheritance from a Great Overarching Golden Celestial is hidden?"

"Yes." Ke'er nodded.

Gan Ru Yan who was feeling overwhelmed asked again, "Are you sure?"

"I am 90% certain," Ke'er replied. She did not dare to say she was 100% certain.

"If that's the case, then it's very likely this is the place of the inheritance from a Great Overarching Golden Celestial!" Gan Ru Yan exclaimed excitedly, not doubting her sister's words at all. After all, she knew her sister very well. Her sister was very careful and would not say she was 100% certain even if she felt certain. For this reason, she did not doubt the place in front of them was where the inheritance from a Great Overarching Golden Celestial was hidden.

Ke'er said, "I guess I can only be certain once I enter the place."

Soon after, the two twin sisters entered the area that was shrouded by fog.

...

Not long after Ke'er and Gan Ru Yan entered the area that was shrouded in fog, many people began to arrive with Feng Shui compasses in their hands.

Feng Tian Wu and Mu Yi Yi, members of the Seven Absolutes Sect, had also entered this area that was shrouded by fog.

As time continued to pass, the number of Bodiless Celestials began to grow as they waited outside the area that was shrouded by fog. All of them were curious about who was going to obtain the inheritance left behind by a Great Overarching Golden Celestial.

Chapter 2459 Big Trouble

"It doesn't matter who from which mundane realm obtains the inheritance of a Great Overarching Golden Celestial, it has nothing to do with us oldies," a Bodiless Celestial said with a sigh.

Similar to other heaven-rank treasure vaults and human-rank treasure vaults in the Beyond Heaven Secret Zone, the location of the inheritance from a Great Overarching Golden Celestial also prohibited Bodiless Celestials from entering. Only non-Bodiless Celestials were allowed to enter and had the opportunity to obtain the inheritance from a Great Overarching Golden Celestial. Therefore, all the Bodiless Celestials could only watch and wait outside of the entrance of where the inheritance from a Great Overarching Golden Celestial was located.

A middle-aged Bodiless Celestial said confidently, "I think that Eminent Celestial from the Saint Province Realm, Duan Ling Tian, will obtain the inheritance from the Great Overarching Golden Celestial!" Although he did not speak loudly, everyone heard his words since it was silent when he had spoken.

"Duan Ling Tian? He's the one that's rumored to have killed two Seven Tribulation Bodiless Celestials, right? Moreover, it's said that one of the Seven Tribulation Bodiless Celestials had just obtained a Celestial Supreme Treasure at that time..."

"Is he the one who mastered a Celestial Technique that can forcefully snatch away Celestial Supreme Treasures?"

Many of the Bodiless Celestials present on the scene had heard about the rumors regarding Duan Ling Tian, but they did not put much stock in the rumors. How could an Eminent Celestial, prior to obtaining the inheritance from a Great Overarching Golden Celestial, be so strong? Even Feng Qing Yang who obtained the inheritance from a Great Overarching Golden Celestial the last time the Beyond Heaven

Secret Zone opened only had strength comparable to a Six Tribulation Bodiless Celestial before obtaining the inheritance.

“Yes, I’m talking about him!” The middle-aged Bodiless Celestial nodded.

Many Bodiless Celestials scoffed when they heard the middle-aged Bodiless Celestial’s words. Most of them did not agree with him.

“I don’t think so! It’s impossible for an Eminent Celestial to be so strong without obtaining the inheritance from a Great Overarching Golden Celestial!”

“I don’t think he’s that strong either.”

Upon hearing everyone’s words, the middle-aged Bodiless Celestial protested, “Gentlemen! It’s true! I didn’t witness Duan Ling Tian killing the Seven Tribulation Bodiless Celestial with just a strike outside the heaven-rank treasure vault. However, I witnessed him killing the Seven Tribulation Bodiless Celestial who had obtained a Celestial Supreme Treasure. At that time, he cast a mysterious Celestial Technique that snatched the Celestial Supreme Treasure from that Seven Bodiless Celestial. His strength is comparable to an Eight Tribulation Bodiless Celestial when he killed that Seven Tribulation Bodiless Celestial!” He spoke vehemently as he defended his words. It was only natural that he did not like people doubting him since he had personally witnessed Duan Ling Tian’s strength.

“I was there as well!” Another Bodiless Celestial chimed in at this moment, “He’s not lying. Duan Ling Tian really has a way to snatch Celestial Supreme Treasures away. Moreover, it seemed like it could steal all weapons. At that time, the sword I carried with me was snatched away by him as well. Since then, I no longer carried my sword on my back.” Fear lingered on his face when he spoke.

“Well...”

“Could it be true?”

“Well, we can dispute it if only one person says this. However, two people are saying the same thing now, and it doesn’t seem like they’re lying.”

After the two Bodiless Celestials had spoken up, most people began to doubt themselves. They were no longer sure if it was impossible for Duan Ling Tian to be so strong.

Then, another Bodiless Celestial spoke up, “I wasn’t there when Duan Ling Tian killed the Seven Tribulation Bodiless Celestial who had obtained a Celestial Supreme Treasure. However, I was outside the heaven-rank treasure vault when he killed a Seven Tribulation Bodiless Celestial with just a strike. I swear my words are true. It’s unfortunate the lightning penalty oath doesn’t work in the Beyond Heaven Secret Zone. Otherwise, I’ll swear on it that I’m telling the truth!”

Upon hearing this and seeing the earnest expression on the face of the Bodiless Celestial who had just spoken, everyone doubted themselves even more.

“I-is he really that strong?”

“If he’s truly that strong, I’m afraid no one’s a match for him in the fight for the inheritance from a Great Overarching Golden Celestial.”

“Yes! If the rumors are true, even if all those who had entered the location where the inheritance is kept joined forces, I’m afraid they won’t be a match for him!”

All of them stared at the misty place ahead of them where the inheritance from a Great Overarching Golden Celestial was located as they chatted among themselves. Although many people had gone in there to search for the inheritance, the Bodiless Celestials were unaware that Duan Ling Tian had yet to enter that place.

...

At this moment, Duan Ling Tian was facing his first obstacle since he had entered the Beyond Heaven Secret Zone. In fact, it was quite a big obstacle to overcome.

Duan Ling Tian leaned against the wall near the exit of the heaven-rank treasure as his expression darkened. He muttered under his breath, “I thought I was extremely lucky to have encountered another heaven-rank treasure vault, who knew I would encounter a Bodiless Celestial who had cultivated the Soul Congregation Embodiment technique!”

At this moment, the expressions on Han Xue Nai and Zhang Yi’s faces were unsightly as well.

Han Xue Nai asked, “Brother Ling Tian, is it really impossible to ferret him out and kill him? He’s merely a Four Tribulation Bodiless Celestial after all. I’m certain you’ll be able to kill him if you unleash all your strength. He won’t have time to cast soul attacks on you, right?”

“Xue Nai, I’ve told you earlier... He’s very cunning. Moreover, the exit leads to a forest. It’ll be difficult to target him. He’s very good at hiding his energy and he can manipulate puppets that look identical to him and are capable of confusing me. This is why I can’t simply attack him if I can’t distinguish him from his puppets. If I attack a puppet, he’ll have a chance to use a soul attack on me,” Duan Ling Tian explained with a grave expression on his face. He felt extremely vexed. With his current strength, he was confident even if he had to face a Nine Tribulation Bodiless Celestial. He might not be able to win, but he would, at least, be evenly matched with a Nine Tribulation Bodiless Celestial. If a Nine Tribulation Bodiless Celestial was the one guarding outside, he would have rushed out to confront him. His frustration felt palpable as he thought to himself, ‘We’ve been trapped in here for two months by a Four Tribulation Bodiless Celestial!’

There was nothing Duan Ling Tian could do even if the other party was only a Four Tribulation Bodiless Celestial since the Four Tribulation Bodiless Celestial had cultivated the Soul Congregation Embodiment technique, enabling him to cast soul attacks. If this was all, Duan Ling Tian could still defeat him. However, the other party did not only utilize the terrain in the area that was advantageous to him, but the other party was also adept at controlling puppets that looked identical to him. Duan Ling Tian was not 100% certain he would be able to distinguish what was real and what was fake, and he did not dare to take the risk. If he failed, he would certainly die.

“Duan Ling Tian!” A voice rang from outside at this moment. However, the specific direction was difficult to pinpoint. “Are you planning to hide in there until the Beyond Heaven Secret Zone closes? Think this through, if you continue to stay in there, you might not be able to leave the secret zone at all. At that time, you and your companions will be trapped here.” This was clearly the voice of the Four Tribulation Bodiless Celestial who had cultivated the Soul Congregation Embodiment technique. At this moment, he was still hiding.

Duan Ling Tian did not deign to reply.

However, Han Xue Nai said with a scoff, “So what if we’re trapped in the Beyond Heaven Secret Zone? Based on your words, it seems like you’re planning to accompany us in here as well. Let’s all be trapped in here then!”

After Han Xue Nai had spoken, the other party was silent for a long time. After a while, he finally said in an attempt to convince Han Xue Nai and the two men, “Little girl, you’re, indeed, clever... I can’t deny your words. However, does this mean you plan on giving up on the inheritance from a Great Overarching Golden Celestial? After all, with Duan Ling Tian’s current strength, it would be extremely easy for him to obtain the inheritance. Is it necessary to give up on the inheritance of a Great Overarching Golden Celestial just so you can hold onto a few Celestial Supreme Treasures?”

Chapter 2460 Master

Han Xue Nai who had been hiding in the underground palace asked skeptically, “So, you only want the Celestial Supreme Treasures?”

The Four Tribulation Bodiless Celestial, who had cultivated Soul Congregation Embodiment and was hiding somewhere outside, said in a reassuring tone, “Yes...” When he spoke, his voice seemed to echo from all directions.

After hearing the Four Tribulation Bodiless Celestial’s words, Han Xue Nai turned to look at Duan Ling Tian and said hesitantly, “Brother Ling Tian...” In her opinion, it was worth it to give up their Celestial Supreme Treasures if they could leave this place.

Duan Ling Tian was, naturally, aware of Han Xue Nai’s thoughts. He shook his head and asked in return, “You trust his words, Xue Nai?”

“Brother Ling Tian, we don’t have any other choice at this moment. If we don’t do anything, we’ll have to give up on the inheritance left by the Great Overarching Golden Celestial. This might not affect Zhang Yi and me, but it’ll definitely affect you,” Han Xue Nai said with a bitter smile. Since the lightning penalty oath did not work in the Beyond Heaven Secret Zone, they had no way to make sure the Four Tribulation Bodiless Celestial was not lying. However, she truly felt they had no other choice than to do as the Four Tribulation Bodiless Celestial had requested. After all, all he wanted was the Celestial Supreme Treasures.

Seeing Han Xue Nai’s expectant gaze, Duan Ling Tian only shook his head. After a while, he said, “Since you trust him, I’ll give him the Celestial Supreme Treasures. I want to see if he dares to reveal himself when he takes the Celestial Supreme Treasure...” After he finished speaking, he took out one of his Celestial Supreme Treasures and threw it out of the underground palace.

Duan Ling Tian had thrown out the Celestial Saber that he had snatched from the Seven Tribulation Bodiless Celestial whom he had killed. He did not exert much energy when he threw the Celestial Saber out. The Celestial Saber landed on a bush close to the point of entrance and exit of the underground palace. He threw it out as though he was throwing garbage.

As soon as the Celestial Saber landed on the bush, the Four Tribulation Bodiless Celestial who had cultivated the Soul Congregation Embodiment technique scoffed loudly, still hiding. "Do you think I'm going to fall for your trick? Don't think I'm unaware that you intentionally threw the Celestial Saber so close to the entrance in hopes that I'll personally appear and retrieve it. I'm so sorry to disappoint you, but I can just control my puppet to pick the Celestial Saber up."

As soon as the Four Tribulation Bodiless Celestial finished speaking, a figure flashed from the side of the forest and appeared close to the Celestial Saber in just a blink of an eye.

As soon as the puppet appeared, the Four Tribulation Bodiless Celestial said threateningly, "Duan Ling Tian, if you dare to destroy my puppet, I'll make sure none of you can leave this place even if you give me all your Celestial Supreme Treasures!" Just like before, his voice seemed to come from all directions when he spoke.

Duan Ling Tian who was still hiding in the underground palace said nonchalantly, "I'm not interested in destroying your puppet."

At this moment, the puppet from the Four Tribulation Bodiless Celestial finally retrieved the Celestial Saber on top of the bush. Upon seeing this, the Four Tribulation Bodiless Celestial who was hiding somewhere sighed in relief.

Duan Ling Tian's voice suddenly rang in the air. "Just because I'm not interested in destroying your puppet, it doesn't mean that other people aren't interested as well..."

Boom!

Almost as soon as Duan Ling Tian finished speaking, a thunderous and terrifying explosion rang in the air, destroying the puppet that had just retrieved the Celestial Saber. When the dust settled, no traces of the puppet could be seen at all. Only the Celestial Saber was unharmed as it fell to the ground.

Whoosh!

An old man appeared like a gust of wind and quickly took the Celestial Saber. The old man laughed as he looked at the Celestial Saber he had just obtained and exclaimed excitedly, "I'm really lucky to be able to obtain a Celestial Supreme Treasure here! It seems like my trip to the Beyond Heaven Secret Zone is not in vain!"

"Duan Ling Tian!" The Four Tribulation Bodiless Celestial who had cultivated the Soul Congregation Embodiment technique and was hiding asked in a low and anxious voice, "He just took your Celestial Supreme Treasure, why aren't you killing him?"

Upon hearing this, Duan Ling Tian scoffed loudly. "Do you think I'm a kid? If I attack him, won't you just seize the chance and use your soul attack against me when I'm preoccupied?"

“You!” The Four Tribulation Bodiless Celestial was furious when he heard Duan Ling Tian’s words. Although Duan Ling Tian’s words were not wrong, he was angry that his thoughts were easily exposed by Duan Ling Tian. All of a sudden, he cried out, “Oh, no!” He suddenly felt a Divine Consciousness sweeping over him. In just an instant, it shrouded the place he was hiding in, causing him to feel exposed and vulnerable.

The Divine Consciousness belonged to the old man who had just obtained the Celestial Saber. Similarly, the old man was also a Four Tribulation Bodiless Celestial.

The Four Tribulation Bodiless Celestial who was hiding began to panic when he felt the killing intent from the old man. He hurriedly said, “You can’t kill me! If you kill me, Duan Ling Tian who’s hiding in the underground palace will definitely kill you to snatch the Celestial Saber back once you kill me! I advise you to leave with the Celestial Supreme Treasure now since I’m able to stop him from leaving the underground palace!”

The Four Tribulation Bodiless Celestial was truly afraid the old man would attack him. Although their cultivation base was the same, the old man had just obtained a Celestial Supreme Treasure. Based on this, he knew he was no match for the old man.

When the old man heard the words of the Four Tribulation Bodiless Celestial who was hiding, he asked in a low voice, “Duan Ling Tian? Is he the Eminent Celestial who’s rumored to have killed two or three Seven Tribulation Bodiless Celestials?”

The Four Tribulation Bodiless Celestial hurriedly reply. “Yes, that’s him!”

Upon hearing the Four Tribulation Bodiless Celestial’s words, the old man began to laugh uproariously.

The Four Tribulation Bodiless Celestial who was still hiding was baffled when he heard the old man laughing. He asked, “What’re you laughing at?”

“I’m laughing at your naivety!” The old man said mockingly, “If Duan Ling Tian is truly here, what can you do to stop him? You think you can defeat him? Are you dreaming?”

“I can stop him!” The Four Tribulation Bodiless Celestial said in a huff when he heard the skepticism in the old man’s voice. “Regardless of how strong he is, he’s still an Eminent Celestial. For this reason, his soul is vulnerable. Although I’m just a Four Tribulation Bodiless Celestial, I’ve cultivated the Soul Congregation Embodiment technique so I’m able to cast soul attack! Unless Duan Ling Tian is able to attack me before I cast a soul attack, he’ll definitely die if I attack him!” His voice was filled with confidence when he spoke.

As soon as the Four Tribulation Bodiless Celestial finished speaking, the old man said, “Oh, really?”

The Four Tribulation Bodiless Celestial’s expression changed drastically at this moment. He just discovered that while he was speaking to the old man, he had become distracted and unconsciously withdrew his Divine Consciousness from the point of entrance and exit of the underground palace. He cried out, “No!”

Swoosh!

A flash of sword ray shot in the air before it pierced the Four Tribulation Bodiless Celestial's glabella, effectively killing him. An unresigned expression was still etched on his face even in death. If he was not distracted by the old man, he would not have made a mistake that had cost him his life!

As soon as the Four Tribulation Bodiless Celestial died, a purple-clad young man appeared nearby. He stood with his hands behind his back as he gazed indifferently at the Four Tribulation Bodiless Celestial's corpse that was slowly fading away.

"What happened?" Han Xue Nai and Zhang Yi who were still in the underground palace were dumbfounded. Everything had happened in just a blink of an eye that they could not even react in time.

Zhang Yi who had not recovered from his shock was further shocked when he saw the old man, a Four Tribulation Bodiless Celestial, who had picked up the Celestial Saber earlier and distracted the hidden Four Tribulation Bodiless Celestial bowing respectfully at Duan Ling Tian. He even addressed Duan Ling Tian as master! "Master."

On the other hand, Han Xue Nai was not shocked when she saw the old man. She had recognized him as soon as she saw him. The old man was a Four Tribulation Bodiless Celestial and Duan Ling Tian's follower, Chen Yi Ru! However, she was confused about Chen Yi Ru's sudden appearance. Even after she left the underground palace and met up with Duan Ling Tian, this question still percolated in her mind. She could not help but ask, "Brother Ling Tian, what's going on? Why is he here?"

"Let's talk as we travel!" Duan Ling Tian said. He seemed to be in a hurry as he looked at the Feng Shui compass in his hand. "We've wasted a lot of time here. Let's find the location of the inheritance left behind by a Great Overarching Golden Celestial!"
