

Chapter 3101: Emperor Grade Celestial Weapon

“A Celestial Emperor?” Lin Fei Yang looked at Jiang Lan incredulously as he asked, “Since you’re a reincarnated Celestial Emperor, you must have a motive for expending so much effort to gather all of us here, right?” He was still shocked about Jiang Lan’s identity. The strongest person in the place he was from, the One Sided Territory, was only a titled Celestial Lord. He did not know if a Celestial Emperor had ever existed in the One Sided Territory, but if there had been one, it would have been a very long time ago. How could he not feel shocked about Jiang Lan being a reincarnated Celestial Emperor? He felt chills running up his spine just thinking about it.

A Celestial Emperor was formidable and reigned supreme. After going through the series of events, Lin Fei Yang did not doubt Jiang Lan’s words. After all, there was no reason for Jiang Lan to lie about this. However, he was confused and curious as to why a reincarnated Celestial Emperor would go to such trouble to gather so many people from different Devata Realms. Even if he were beaten to death, he refused to believe Jiang Lan did not have any ulterior motive.

Jiang Lan said nonchalantly, “At this point, there’s no harm in letting all of you know, I suppose. I’d gathered so many of you here to offer all of you as a sacrifice to the tree of the Heaven Sacrificial Divine Fruit...”

The tree of the Heaven Sacrificial Divine Fruit?

Upon hearing Jiang Lan’s words, Lin Fei Yang and the two peak Overarching Heavenly Supreme Celestials, a young man and a middle-aged man, instinctively turned to look at the huge tree planted in the center. It was only now that they noticed the blood-red tree with two blood-red lumps contracting above it.

“The Heaven Sacrificial Divine Fruit?”

“What’s that?”

“How does this tree or its fruit benefit Jiang Lan to the point where he went to such great lengths to offer more than 10,000 people as a sacrifice?!”

Lin Fei Yang and the two peak Overarching Heavenly Supreme Celestials were confused and turned to look at Jiang Lan.

At the same time, Duan Ling Tian and Ling Jue Yun followed suit and pretended to look at Jiang Lan for an explanation as though they knew nothing about the matter.

Jiang Lan chuckled before he arrogantly said, “It’s only natural bumpkins like you from grade-seven forces don’t know anything about the Heaven Sacrificial Divine Fruit. The Heaven Sacrificial Divine Fruit is...”

As Jiang Lan revealed the benefit of the Heaven Sacrificial Divine Fruit, Lin Fei Yang and the two peak Overarching Heavenly Supreme Celestials could not help but gasp as their eyes widened in shock. The fruit was capable of directly helping one break through and become a Ten Directions Celestial Duke from

a peak Overarching Heavenly Supreme Celestial? Moreover, it could also help one comprehend, at least, six profundities that one had not comprehended yet? Moreover, in the past, there was someone who managed to comprehend eight profundities from a law after consuming the fruit?

Jiang Lan, who was looking at the people before him, noted their reactions. He could see Ling Jue Yun and Duan Ling Tian were shocked as well, but they were both calmer compared to the trio. He thought to himself, feeling slightly hopeful, 'I'm right about Ling Jue Yun... Look at how composed he is under such circumstances. He's not only stronger than Lin Fei Yang, but his temperament is superior to Lin Fei Yang as well. I hope he's willing to submit to me and bear the mark of enslavement on his soul.' He was rather pleased by Ling Jue Yun's reaction.

Although Duan Ling Tian had also reacted rather calmly, Jiang Lan only thought Duan Ling Tian was not impressed because Duan Ling Tian had to have an amazing fortuitous encounter in the past to obtain two extraordinary Royal Grade Celestial Weapons.

"It's about time to make a move now!" Jiang Lan's heart skipped a beat when he looked at the tree of the Heaven Sacrificial Divine Fruit and discovered the embryos were at the final stage now. His eyes flashed coldly before his Celestial Origin suddenly surged out of his body. A blue energy immediately shrouded his body.

"No!"

Upon seeing this, Lin Fei Yang and the two peak Overarching Heavenly Supreme Celestials' expressions changed drastically.

Meanwhile, Duan Ling Tian and Ling Jue Yun exchanged a look; their expressions were solemn. Jiang Lan was finally making a move.

Splash! Splash! Splash!

At this moment, it sounded as though water was being released from the floodgates as Jiang Lan's body flickered out of sight

Duan Ling Tian and the others had already mobilized their Celestial Origin Energies earlier.

Duan Ling Tian and Ling Jue Yun separated and moved in different directions while Lin Fei Yang and the two peak Overarching Heavenly Supreme Celestials subconsciously moved closer to one another. In the latter group's opinion, joining forces was the only way for them to defend themselves against Jiang Lan who was much stronger than them.

Upon seeing Duan Ling Tian and Ling Jue Yun moving further away, the middle-aged man cried out, "What are both of you doing? If we don't join forces, he'll kill us one after another!"

Jiang Lan reappeared and walked in the air in a leisurely manner as he said contemptuously to the middle-aged man, "You think you'll be a match for me if you join forces?" Then, he shifted his eyes to Duan Ling Tian and lightly said, "Duan Ling Tian, although the power of your combined Royal Grade Celestial Weapons is almost comparable to an Emperor Grade Celestial Weapon, don't forget about the word 'almost'. Alas, no matter how extraordinary they are, they're not Emperor Grade Celestial Weapons! Before you die, I'll let you have a good look at a real Emperor Grade Celestial Weapon!"

After Jiang Lan finished speaking, he casually raised his right hand. A blue saber ray suddenly appeared in his hand. It was even more dazzling than his blue Celestial Origin Energy that had been boosted with the Water Elemental Profundity. After a brief moment, the saber ray morphed into a translucent crystal saber. A chilling aura immediately rippled out into the surroundings, causing everyone to feel incredibly cold as though it was winter. As cultivators, Duan Ling Tian and the others were immune to the cold. However, the chilling aura from the crystal sword was capable of piercing through their cultivation base, causing them to feel cold.

“T-this is an Emperor Grade Celestial Weapon?!”

“E-emperor Grade Celestial Weapon!”

Lin Fei Yang and the two peak Overarching Heavenly Supreme Celestials eyes widened upon hearing Jiang Lan’s words. They felt as though their hearts had frozen over. Initially, when they found out Jiang Lan was a reincarnated Celestial Emperor, it did not occur to them that he might possess treasures from his last life. After all, it was not unlikely that the treasures had been taken by others over time. However, upon seeing Jiang Lan’s Emperor Grade Celestial Weapon, they fell into despair. What hope did they have to defeat Jiang Lan now? If Jiang Lan had possessed a King Grade Celestial Weapon, the five of them might stand a chance of defeating Jiang Lan if they joined forces even if Jiang Lan had comprehended four profundities from the law of water. Moreover, Duan Ling Tian possessed a pair of Royal Grade Celestial Weapons that was almost comparable to an Emperor Grade Celestial Weapon. Now that Jiang Lan revealed his Emperor Grade Celestial Weapon, they despaired and almost completely lost the will to fight.

Buzz!

At this moment, Jiang Lan brandished his crystal saber, and a blue energy shot out of it.

Before the middle-aged man could react, he had already been killed by Jiang Lan. He fell to the ground with his eyes still open. Among the dead so far, the middle-aged was the only one who was left with a corpse. After all, the tree of the Heaven Sacrificial Divine Fruit had already been satiated and was no longer absorbing blood energy and soul fire.

It had to be said that although the tree had received enough offering, it was not guaranteed that it would successfully bear fruits. It all depended on the will of heaven.

Upon seeing this, the young man instantly kneeled in the air in front of Jiang Lan and pleaded in desperation, “P-please... D-don’t kill me! My lord, since the tree no longer requires a sacrifice, please spare my life! I’m willing to give you everything I have!” As he spoke, he began to take off his purely defensive King Grade Celestial Weapon and brought out his Spatial Ring in hopes of exchanging them for his life.

The corners of Jiang Lan’s lips curled up into a sinister smile as he said, “Won’t your possessions belong to me anyway once I kill you?”

The young man trembled. Jiang Lan was like the devil when he smiled at him. He began to kowtow repeatedly as he begged, “My lord, please spare my life! Please spare my life!”

As though he did not hear the young man's pleas, Jiang Lan said disdainfully, "Moreover... Do you think your possessions are worthy of my attention?" As soon as he finished speaking, a blue energy shot out of his crystal saber again.

Buzz!

With that, the crystal saber claimed the young man's life.

Chapter 3102: Strength Revealed

After Jiang Lan killed two peak Overarching Heavenly Supreme Celestials, who had comprehended three profundities of a law and in the process of comprehending the fourth one, with a strike each, Duan Ling Tian, Ling Jue Yun, and even Lin Fei Yan were not surprised.

This was within Duan Ling Tian and Ling Jue Yun's expectations. After all, as a reincarnated Celestial Emperor, although Jiang Lan was less than 100 years old, he had already comprehended four profundities from the law of water. His strength was two times greater than peak Overarching Heavenly Supreme Celestial.

On Lin Fei Yang's side, as soon as he saw Jiang Lan's Emperor Grade Celestial Weapon, he did not doubt if Jiang Lan wanted him dead, then, he would die. Moreover, he was aware Jiang Lan would not need more than a strike to kill him. Therefore, when he witnessed Jiang Lan effortlessly killing the two peak Overarching Heavenly Supreme Celestials, he did not feel surprised and felt that it was a matter of course. In his opinion, the Emperor Grade Celestial Weapon was a big part of Jiang Lan's strength. In fact, he even thought that if he was the one who possessed the Emperor Grade Celestial Weapon, he would be able to defeat Jiang Lan even if his strength and combat experience were far lacking compared to Jiang Lan. After all, Emperor Grade Celestial Weapons were extremely powerful; it was much more powerful than Royal Grade Celestial Weapons. How could the King Grade Celestial Weapon he possessed compare to an Emperor Grade Celestial Weapon?

After killing the two peak Overarching Heavenly Supreme Celestials, Jiang Lan finally turned his attention to Duan Ling Tian. A sneer appeared on his face as he said contemptuously, "So, what do you think? If you have the guts, fight me with the combined power of your Royal Grade Celestial Weapons..."

However, when he looked at Duan Ling Tian's face, his expression stiffened a little. He had assumed Duan Ling Tian would be terrified and fall into despair after he revealed everything. He even thought Duan Ling Tian would kneel and beg him to spare his life like the young man earlier. It was beyond his expectation that Duan Ling Tian would look at him calmly, devoid of fear.

Duan Ling Tian met Jiang Lan's gaze and asked indifferently, "What? You're going to kill me next?"

Jiang Lan quickly regained his senses. He rationalized that Duan Ling Tian was just putting up a front and was actually trembling in fear inwardly. The sneer on his face deepened as he said, "To think you're putting up front even at the end of your life. You should've learned from that young man earlier. If I were in a good mood, I might have spared you."

Whoosh! Whoosh! Whoosh!

As soon as Jiang Lan finished speaking, a violent raging flame surged out of Duan Ling Tian's body before it completely engulfed him. After that, the flame surged even higher, burning hotter and hotter, as though it intended to destroy everything in its path!

'Hmm?' Upon sensing the aura of Duan Ling Tian's flames, Jiang Lan's eyes that were flashing with a cruel light narrowed slightly. "This is the law of fire's Burning Profundity? You were concealing your strength?" He did not expect the person in front of him, whom he had thought only comprehended two profundities from the law of fire and was fortunate enough to obtain two extraordinary Royal Grade Celestial Weapons, had concealed his strength! Not only did the person in front of him comprehend the law of fire's Fire Elemental Profundity and the Pillaging Profundity, but he had even comprehended the Burning Profundity!

In the next moment, the flames around Duan Ling Tian seemed to be exploding into dazzling sparks.

Upon seeing this, Jiang Lan's eyes widened. He was stunned. 'The Explosion Profundity? So, he has comprehended three profundities from the law of fire and is in the process of comprehending the fourth one?' He did not expect Duan Ling Tian was also a monstrous talent like Ling Jue Yun and Lin Fei Yang.

Meanwhile, Lin Fei Yang was similarly shocked by Duan Ling Tian's strength. He did not expect Duan Ling Tian was not any weaker than himself. Moreover, he had yet to factor in Duan Ling Tian's two Royal Grade Celestial Weapons that were almost comparable to an Emperor Grade Celestial Weapon. Taking everything into account, it would be as easy as flicking a finger if Duan Ling Tian wanted to kill him.

"Duan Ling Tian, I didn't expect you to conceal yourself so deeply. Your innate talent and comprehension skills are not inferior to Ling Jue Yun and Lin Fei Yang." Jiang Lan, who was about to attack, paused for a moment to appreciate Duan Ling Tian's strength and talent. "However, even if we don't factor in our Celestial Weapons, I'm stronger than you. With my Emperor Grade Celestial Weapon, my strength far surpasses yours!"

Jiang Lan soared up into the sky after he finished speaking. He looked at the remaining three survivors and said, "I'll give three of you a chance of survival..." He paused for a beat before he continued to say, "As long three of you allow me to brand the enslavement mark on your souls, I'll spare your lives. Not only that, but if three of you submit to me, you will also be given a chance to compete for a Heaven Sacrificial Divine Fruit. The fruit will belong the strongest among the three of you." Then, as though he just recalled something, he looked at Duan Ling Tian and said, "Naturally, when three of you compete for the fruit, Duan Ling Tian's not allowed to use his pair of Royal Grade Celestial Weapons."

'Enslavement mark?' Duan Ling Tian's expression turned slightly unsightly. He knew that once one was branded with an enslavement mark, it could not be removed at all unless the person who branded the mark removed it. With the mark, one had to obey every wish and command of the person who branded the mark.

Lin Fei Yang was the first one to speak up. He said loudly, "Dream on! You want me to submit to you and let you brand my soul with the enslavement mark? Impossible! I'd rather die!"

Then, Ling Jue Yun sneered before he said, "What a load of nonsense!"

Finally, Duan Ling Tian added with a sneer, "If I allow you to brand my soul, even if I obtain the Heaven Sacrificial Divine Fruit and become a Ten Directions Celestial Duke, what use would it be? It'd be meaningless!"

Upon hearing the trio's response, Jiang Lan clicked his tongue. "It seems like the three of you are intent on dying!" Although he had somewhat expected this outcome, he still could not help but laugh.

"In that case, I'll send three of you on your way and keep the two Heaven Sacrificial Divine Fruit!" As soon as Jiang Lan finished speaking, a blue saber ray shot out from the crystal saber in his hand. It lit up the cave with a blue light. "Die!"

Lin Fei Yang's eyes glinted with determination. His figure flashed as he charged out like a dragon breaking out of the surface of the sea.

At the same time, Duan Ling Tian and Ling Jue Yun made their moves as well.

It was as though they had come to a tacit agreement beforehand. Without needing to speak, the trio knew their chances of survival would rise if they joined forces.

Upon seeing the trio charging at him, Jiang Lan remained unaffected. Then, he said, "Ling Jue Yun, Lin Fei Yang, I'm going to kill Duan Ling Tian first. Consider my proposition during this time. If you change your minds, don't hesitate to speak up. Otherwise, it might be too late for regrets!" After he finished speaking, he seemed to fall deep into thoughts for a brief moment. Surprisingly, he showed signs of compromising as he said, "Both of you. Think about it; it's meaningless for both of you to throw your lives away... If you submit to me, I promise I'll remove the enslavement marks on your souls once I become a Celestial Emperor again!"

However, Ling Jue Yun or Lin Fei Yang's replies were only the surges in their auras as they continued charging forward.

Currently, Ling Jue Yun maintained his strength from earlier; he was still concealing his strength.

Meanwhile, Duan Ling Tian, who was Jiang Lan's target, raised his hand. In the next moment, a beam of seven-color light shot out of Duan Ling Tian's hand. It was the divine artifact, the Seven Orifices Exquisite Sword. The sword's dazzling seven-color light lit up the entire cave, overshadowing the blue light from Jiang Lan's crystal saber.

"This...."

At this moment, armor appeared around Jiang Lan's body, easily deflecting Lin Fei Yang and Ling Jue Yun's attacks. He did not spare the duo a glance and was instead, looking at the sword in Duan Ling Tian's hand intently. "Duan Ling Tian, this is truly surprising! I thought you're pretty lucky when I saw your pair of Royal Grade Celestial Weapons. Who would have thought that you possess an Emperor Grade Celestial Weapon as well? Your luck truly exceeded my expectations." A hint of greed could be seen in his eyes when he looked at the Seven Orifices Exquisite Sword in Duan Ling Tian's hand.

In Jiang Lan's previous life, although he was a Celestial Emperor, in his entire lifetime, he only had one Emperor Grade Celestial Weapon. It was the crystal saber in his hand. Moreover, not every Celestial

Emperor had an Emperor Grade Celestial Weapon. After all, the requirements to forge an Emperor Grade Celestial Weapon were not only harsh on the Celestial Weapon Craftsman, but the forging materials were incredibly rare as well.

Apart from Jiang Lan's crystal saber, his armor was just a purely defensive Royal Grade Celestial Weapon. Regardless, it was enough to deflect Ling Jue Yun and Lin Fei Yang's attacks for a while.

Meanwhile, Lin Fei Yang's expression was one of disbelief as he turned to look at Duan Ling Tian once the seven-color light appeared. "Emperor Grade Celestial Weapon!" Coupled with his strange and unexplained feeling of camaraderie for Duan Ling Tian when they just met, he wondered about Duan Ling Tian's identity. What kind of person would possess an Emperor Grade Celestial Weapon?

"Why? Are you the only one who's allowed to possess an Emperor Grade Celestial Weapon?" Duan Ling Tian sneered. He was not surprised Jiang Lan mistook the divine artifact, the Seven Orifices Exquisite Sword, as an Emperor Grade Celestial Weapon. After all, the sword's current might was only comparable to an Emperor Grade Celestial Weapon. Apart from that, he had no intention of correcting Jiang Lan's misunderstanding.

"I have to admit your innate talent and comprehension skills are incredibly high. Not only that, but your luck is enviable as well! Alas, your luck has run out today. You're going to die, and your Emperor Grade Celestial Weapon will belong to me!" Jiang Lan said as he looked at Duan Ling Tian's sword covetously. Then, he shot forward toward Duan Ling Tian as a blindingly bright saber ray shot out of his crystal saber.

Chapter 3103: Falling Short By One Step and Resulting In Complete Failure

Duan Ling Tian narrowed his eyes as he faced the fierce Jiang Lang. Suddenly, his eyes opened as though flames had been ignited in them.

Swoosh!

In just a flash, Duan Ling Tian seemed to transform into a blaze of fire as he shot forth to meet the swiftly approaching Jiang Lan.

Boom!

The elements of water and fire collided, creating a thunderously loud noise. It was as though it was expressing the saying, 'Incompatible like fire and water'.

The water energy and fire energy seemed to be in a deadlock for a moment when a fragrance suddenly permeated the air in the cave, catching everyone's attention. With just a glance, everyone spotted the two blood-red fruits that had appeared above the tree of the Heaven Sacrificial Divine Fruit. Bolts of blood-red lightning could be seen flashing around the fruits.

'The embryos have successfully borne fruits?' Duan Ling Tian's eyes widened imperceptibly upon seeing the fruits. He inhaled deeply to calm himself down. It was only natural that he felt excited when he saw the Heaven Sacrificial Divine Fruits. His main objective of coming to this place was to obtain the fruits. Previously, he did not have high hopes since the chances of the tree successfully bearing fruits were low.

Even if he survived this place, it did not mean he would be able to obtain the fruits. It depended entirely on luck whether he would be able to obtain the fruits.

“Heaven Sacrificial Divine Fruits!”

Similarly, Jiang Lan, Ling Jue Yun, and Lin Fei Yang’s eyes lit up as well when they discovered the tree had successfully borne the Heaven Sacrificial Divine Fruits. Their breaths seemed to quicken in excitement as they looked at the fruits on top of the tree.

Jiang Lan laughed heartily upon seeing the fruits. “Mine! They’re mine! I’m not going to hold back anymore. I’m going to kill you now and consume the fruit!” His eyes turned cold as soon as he finished speaking. He extended his Divine Consciousness and shrouded Ling Jue Yun and Lin Fei Yang in it to prevent them from going for the fruits while he was engaged with Duan Ling Tian. With his Divine Consciousness around them, he was confident he would be able to stop them from trying to snatch the fruits while he was fighting Duan Ling Tian even if it meant prolonging the fight.

After that, Jiang Lan shifted his gaze back to Duan Ling Tian. At this moment, his saber ray seemed to be pushing back Duan Ling Tian’s sword ray. “You’re quite strong, and your Celestial Weapon is good as well. Unfortunately, you haven’t fully comprehended the Explosion Profundity. Otherwise, you might have stood a chance against me!”

Duan Ling Tian’s seven-color sword ray was majestic when it first appeared. However, the light seemed to dim at this moment as Jiang Lan’s saber ray seemed to suppress it.

“Die!” Jiang Lan roared as he blocked Ling Jue Yun and Lin Fei Yang’s attacks with his purely defensive Royal Grade Celestial Weapon. He sent part of the defensive Celestial Weapon’s power into his Emperor Grade Celestial Weapon and attacked with all his might. With this, the blue saber ray shone with blinding intensity as it rapidly pushed back Duan Ling Tian’s sword ray.

“This can’t go on... Otherwise, we’re all going to die!” Lin Fei Yang was filled with terror when he saw how easily Jiang Lan had deflected their attacks. A hint of panic appeared on his face. At this moment, he had no design on the Heaven Sacrificial Divine Fruit. After all, as amazing as the Heaven Sacrificial Divine Fruit was, it was useless if he was dead. The most important thing now was to defeat Jiang Lan and survive. His eyes shone with determination as he gritted his teeth and attacked again even though he had not fully recovered.

Jiang Lan, who had had yet to send his energy back to his purely defensive Royal Grade Celestial Weapon, was caught off guard by Lin Fei Yang’s attack. Thus, the attack landed squarely on him. Although his armor managed to protect him to a certain extent, his blood energy still roiled in his body.

“You’re seeking death!” Jiang Lan’s eyes turned bloodshot as he glared at Lin Fei Yang. As his saber ray continued to push Duan Ling Tian’s sword ray back, he brandished his crystal saber in Lin Fei Yang’s direction.

Swoosh!

In just a moment, the saber ray that shot out of Jiang Lan’s crystal saber decapitated the powerless Lin Fei Yang. A hint of despair could be seen in his eyes at the moment of his death. He had been a peerless

genius in the faction he was from with a bright future ahead of him. However, due to greed, he was trapped in this place and killed by Jiang Lan. How could he not be filled with unwillingness?

At this moment, a thunderous roar rang from behind Jiang Lan. It was none other than Ling Jue Yun. "Go!"

Swoosh! Swoosh! Swoosh! Swoosh! Swoosh!

An ear-piercing sword cry rang in the air as a sword with gray lightning bolts flickering around it appeared in Ling Jue Yun's hand. The gray sword ray that shot out of his sword immediately pushed back a part of Jiang Lan's blue saber ray that was pushing back Duan Ling Tian's seven-color sword ray.

At the same time, a blood-red mist rose from Ling Jue Yun's body and seemed to merge with his Celestial Origin Energy that had been boosted by the law of death's Fundamental Profundity, the Death Elemental Profundity. At this moment, he manifested the scythe from the God of Death's Scythe Profundity. Although the scythe was not completely corporeal, it felt as though he had completely mastered the profundity since one could only manifest the scythe once one had comprehended it to the rudimentary stage. However, the truth was he only had a basic grasp of the God of Death's Scythe Profundity.

'Ling Jue Yun possesses an Emperor Grade Celestial Weapon as well?! Moreover, he only has a basic grasp of the God of Death's Scythe Profundity, but why does it seem like he has comprehended it at this moment?' Jiang Lan's expression changed drastically when he saw Ling Jue Yun's increased strength and the weapon in Ling Jue Yun's hand. It was beyond his expectations that not only was Duan Ling Tian concealing his strength, but Ling Jue Yun was concealing his strength as well!

Bang! Bang! Bang!

At the moment when Jiang Lan turned back to look at Ling Jue Yun in surprise, a thunderous explosion rang from in front. When he was momentarily distracted, Duan Ling Tian seemed to have grown stronger. Duan Ling Tian's sword ray surged in intensity and strength, causing him to feel as though death was breathing down his neck at this moment. "The Explosion Profundity? No... This isn't the Explosion Profundity! What the hell is it?"

At this moment, Jiang Lan discovered Duan Ling Tian's strength seemed to have surpassed his strength. It seemed like Duan Ling Tian had still been concealing his strength earlier when it seemed like Duan Ling Tian's sword ray had been pushed back by his saber ray.

"Damn it! How did this happen?!" Faced with Duan Ling Tian's attack from the front and Ling Jue Yun's attack from the back, Jiang Lan's expression had changed drastically. However, he did not retreat. He boosted his Celestial Origin Energy with his Water Elemental Profundity again as he sent his energy into his purely defensive Royal Grade Celestial Weapon, hoping to deflect the pincer attack from Duan Ling Tian and Ling Jue Yun.

With this, the aura from Jiang Lan's armor intensified. Its protection of him seemed to be airtight, but he did not seem to feel safe at all. An anxious expression could be seen on his face as he began to trace complex patterns in the air with both his hands again. It was obvious this was something he had learned

from his previous life as a Celestial Emperor. However, this defensive technique took time to cast, and he did not have time at this moment. Even in his wildest dreams, he did not imagine Duan Ling Tian and Ling Jue Yun would be so strong that both of them suppressed him completely, causing him to be unable to attack and could only defend himself. Ling Jue Yun's strength was not any weaker than his while Duan Ling Tian's strength had surpassed his.

'They really concealed themselves very well!' Fear and anxiety burned in Jiang Lan as he faced Duan Ling Tian and Ling Jue Yun.

"Now!" Ling Jue Yun roared, reminding Duan Ling Tian to swiftly attack, as he increased his speed. His expression had changed slightly when he saw Jiang Lan tracing patterns in the air.

"Too late!" Duan Ling Tian, whose entire body was engulfed in flames, said as the seven-color sword ray surged in power and intensity and flaming sword rays rained down on Jiang Lan like a storm.

The combined attacks from Duan Ling Tian and Jiang Lan successfully shattered Jiang Lan's armor.

At this moment, a maroon sword ray that seemed capable of destroying everything in its path appeared out of thin air. In just a blink of an eye, it had arrived before Jiang Lan's forehead.

"No!!! I'm unresigned! This can't happen!" Jiang Lan's despairing cry echoed in the cave.

When the maroon sword ray pierced Jiang Lan's forehead and exited from the back of his head, he was only a few strokes away from completing his Formation. He only needed half a breath to activate a defensive Formation in the cave that would isolate him and the tree of the Heaven Sacrificial Divine Fruit. Duan Ling Tian and Ling Jue Yun would not have been able to breach the defensive Formation that he had created in his past life. At that time, he would have been able to easily harvest the two fruits. If he did not see the tree bearing fruits, perhaps, he would not feel so unresigned. After all the preparations from his two lives, the tree had finally borne fruits! How could he not be unwilling when he failed to obtain the fruit at the very final stage? Apart from unwillingness, he felt regretful as well. He should have quickly activated the defensive Formation immediately to isolate himself from the trio. At that time, he could have harvested the fruits and safely escaped from this place.

Chapter 3104: Jiang Lan's Trump Card

Jiang Lan felt truly regretful as he faced death. He had the chance to harvest the Heaven Sacrificial Divine Fruits and safely escape if he had only spared Duan Ling Tian, Ling Jue Yun, and Lin Fei Yang. However, he wanted to kill the trio because they refused to yield to him. It was too late for him to activate the defensive Formation he had set up in his past life now because he had underestimated the trio's strength.

A crisp sound rang in the air as the maroon sword ray pierced Jiang Lan's forehead and exited from the back of his head. The sword ray moved at lightning speed, making it difficult for people to catch its movement.

Duan Ling Tian did not claim Jiang Lan's Emperor Grade Celestial Weapon, purely defensive Royal Grade Celestial Weapon, and Spatial Ring after Jiang Lan's death. In just a flash, he appeared in front of Lin Fei

Yang's corpse. Upon closer inspection, a pool of water seemed to be hovering above Lin Fei Yang's corpse.

"So this is a second-form World Cleansing Divine Water?" Duan Ling Tian asked the three Divine Elements in his body as he stared at the pool of water. Apart from the fact that it was strangely hovering in the air, it looked no different from an ordinary pool of water. At the very least, he could not see any difference at all. However, when he tried to extend his Divine Consciousness into it, he discovered his Divine Consciousness was being blocked by a profound energy.

"Yes, this is a second-form World Cleansing Divine Water... It has subconsciously left its host body, but it's still in a deep slumber," the Chaos Divine Flame said.

"Boy, what are you waiting for? Claim it now when it's in an unconscious state. Any life form that touches it now would automatically claim it." The Chaos Divine Earth's childish voice rang promptly in Duan Ling Tian's mind. "When it wakes up, it'll be able to leave your body if it's dissatisfied with you being its host. However, fret not! With how wise I am, it'd be easy for me to persuade it to stay." Confidence was brimming from its tone as it spoke.

Duan Ling Tian did not pay attention to the Chaos Divine Earth's boastful words. He raised his hand and touched the pool of water hovering in the air. As soon as he made contact with it, he felt a cool sensation. Then, he watched as the pool of water entered his body through his palm and settled in a corner of his body. He asked curiously, "When will it wake up?"

"It depends on how much it had exhausted itself. However, with our presence in your body, it'd definitely wake up much faster compared to when it was in Lin Fei Yang's body. Although we're different elements, our auras are capable of helping one another," the Chaos Divine Flame replied.

After a moment, Duan Ling Tian seemed to recall something. A hint of anticipation could be heard in his voice as he asked, "Senior, I remember when you were still in your second form, you were already capable of helping me refine Celestial Pills. Even the Profound Divine Metal was capable of protecting my soul when it was in its second form. What can this second-form World Cleansing Divine Water do?"

"Although the World Cleansing Divine Water has only acknowledged you as its host in its unconscious state, it'd still subconsciously help you when you're in danger. The second-form World Cleansing Divine Water is able to form a flexible defensive shield around you. However, its defensive ability is still no match for me when I'm in my second form," the Chaos Divine Earth hurriedly replied, "That's only natural since defense is my forte! In this regard, which one of the Five Divine Elements can compare with me?"

"Defensive ability? Does this include protecting your host's soul?" the Profound Divine Metal said as soon as the Chaos Divine Earth's voice fell.

The Chaos Divine Earth fell silent immediately. It specialized in physical defense, but the Profound Divine Metal was the best in soul defense.

After a moment, the Chaos Divine Flame added, "Apart from that, with the help of the World Cleansing Water, your success rate when inscribing high-level Celestial Talismans would increase in folds!"

After listening to the Chaos Divine Flame's words, Duan Ling Tian finally learned about the benefits of owning a second-form World Cleansing Divine Water.

"Did you just claim ownership of a World Cleansing Divine Water, one of the Five Divine Elements?" A voice rang in the air at this moment.

Duan Ling Tian regained his senses and saw Ling Jue Yun had arrived in front of him at some point. He was surprised. "You can tell it's a World Cleansing Divine Water?"

"Of course," Ling Jue Yun nodded and said, "Duan Ling Tian, it's useless to claim ownership of the World Cleansing Divine Water. The Five Divine Elements won't choose descendants of supreme powerhouses like us as their hosts unless they're in an unconscious state. Even if the World of Cleansing Divine Water unconsciously acknowledges you as its host, it'll still leave you once it wakes up."

"Why?" This was the first time Duan Ling Tian had heard of something like that since the Divine Elements in his body did not mention anything about it. He was slightly skeptical.

"This is because the power of blood contradicts the Five Divine Elements. The power of blood will continuously feed on the powers of the Five Divine Elements to supplement itself. Even if the Five Divine Elements in our bodies manage to evolve to a higher form, they'd still revert to a lower form once the power of blood absorbs their energies again," Ling Jue Yun said as he harvested the Heaven Sacrificial Divine Fruits and passed one to Duan Ling Tian.

"There's such a thing?" Duan Ling Tian seemed surprised when he heard Ling Jue Yun's explanation.

"How weird. Isn't this common knowledge among the descendants of supreme powerhouses? Anyway, let's continue our conversation later. I have quickly harvested the two Heaven Sacrificial Divine Fruits in case something unforeseen happens. Apart from that, I've also claimed Jiang Lan's possessions," Ling Jue Yun said.

Before Duan Ling Tian could reply, the cave began to shake violently as though there was a massive earthquake. At the same time, visible cracks appeared in the air and were spreading to every corner of the cave.

"Let's go!" Ling Jue Yun beckoned Duan Ling Tian before he left the secret realm left behind by Jiang Liang in his past life through the nearest crack.

Now that the secret realm was beginning to crumble, they could leave through the cracks in the void.

Before Duan Ling Tian left, he saw the floating island and the cave slowly being pulled into the spatial turbulence. Apart from that, the tree of the Heaven Sacrificial Divine Fruit had also turned into dust and scattered in the wind. If Ling Jue Yun were not quick with his action, the Heaven Sacrificial Divine Fruits would have been reduced to dust as well.

Once a Little World created by a Celestial Emperor collapsed, the cracks in the void were akin to exits. The cracks would transport them back to where they came from. With that, Duan Ling Tian and Ling Jue Yun appeared at the same time at the peak of the towering mountain.

“Is this Jiang Lan’s final trap?” Duan Ling Tian narrowed his eyes. Even in death, Jiang Lan was still causing them trouble. If Ling Jue Yun did not harvest the Heaven Sacrificial Divine Fruits earlier, all their efforts would have been in vain.

“That Jiang Lan really was something... When the Little World he created in his past life collapsed, it triggered a Killing Formation that shrouded the tree of the Heaven Sacrificial Divine Fruit! With his strength in this life, it would be impossible for him to activate the Killing Formation. However, due to energy generated from the collapse of the Little World, the Killing Formation was activated.” Ling Jue Yun’s expression was solemn at this moment. He felt fortunate he had the foresight to quickly harvest the Heaven Sacrificial Divine Fruits. If he were a step too late while he conversed with Duan Ling Tian about the World Cleansing Divine Water, the two Heaven Sacrificial Divine Fruits would have been destroyed.

“So it’s just a coincidence that the Little World collapsed when it did?” Duan Ling Tian asked. He could not help but feel the Little World’s collapse shortly after Jiang Lan’s death was too coincidental.

“Of course not,” Ling Jue Yun shook his head and said, “That Jiang Lan must have used a Formation to connect the Little World to his Soul Pearl... Under such circumstances, if his Soul Pearl shatters, it would trigger the destruction of the Little World he had created.”

Chapter 3105: The Blood Skull Gang’s Assassins Who Had Traveled From Afar

“Under such circumstances, it’s reasonable to say that he had taken such drastic measures because he was not completely confident of his success or he was just extremely cautious. However, as it is, he was right to have made this move,” Ling Jue Yun said.

Duan Ling Tian’s eyes flashed as he looked at Ling Jue Yun and said, “Fortunately, you harvested the Heaven Sacrificial Divine Fruits quickly. Otherwise, the fruits would have been destroyed along with the tree if you had continued to converse with me.” A hint of fear could be seen on his face when he thought about how close they had come to losing the Heaven Sacrificial Divine Fruits!

“I was worried about something unforeseen happening. In any case, we’re the final victors!” Ling Jue Yun said with a grin. It was a rare sight to see. Then, he suggested, “Let’s find a place to consume our Heaven Sacrificial Divine Fruits.”

“Alright.” Duan Ling Tian nodded in agreement.

The duo did not waste time and found a secluded valley nearby. They dug out a cave each as a temporary shelter while they consumed and digested the Heaven Sacrificial Divine Fruits.

‘I’ll become a Ten Directions Celestial Duke within a month after consuming the Heaven Sacrificial Divine Fruit!’ Duan Ling Tian thought to himself excitedly as he sat cross-legged in the cave he had dug out. He had trouble containing his excitement when he thought about the Heaven Sacrificial Divine Fruit’s power. ‘Moreover, the fruit will also help me comprehend at least six profundities from a law I’ve yet to encounter... If I’m lucky, I might be able to comprehend seven to eight profundities! I wonder what kind of law I’d be able to comprehend after consuming the fruit and becoming a Ten Directions Celestial Duke...’

After Duan Ling Tian calmed down, he took the Heaven Sacrificial Divine Fruit out and looked at it curiously. It was blood-red as though it had been painted with blood. Dazzling bolts of lightning flashed in and out of it. It looked so much like a piece of art in his palm that he almost felt reluctant to eat it. However, its appearance, naturally, could not compare to the temptation of becoming a Ten Directions Celestial Duke and comprehending a new law. With that, he no longer wasted time and bit into the fruit. He finished eating it in just a few seconds, leaving only a tiny pit behind; the pit was also the seed of the Heaven Sacrificial Divine Fruit.

After putting the seed of the Heaven Sacrificial Divine Fruit away, he shifted his attention to regulating the power of the Heaven Sacrificial Divine Fruit that was coursing through his body. He felt a comfortable sensation all over and felt as though he was as light as a feather. There was not much he needed to do before his body would automatically absorb the fruit's power. All he could do was wait at this moment.

While he waited, Duan Ling Tian asked the Chaos Divine Flame curiously, "Senior Chaos Divine Flame, Ling Jue Yun mentioned earlier that the Five Divine Elements won't choose descendants of supreme powerhouses as hosts. Is it true?"

"Yes." The Chaos Divine Flame's explanation was similar to Ling Jue Yun's earlier explanation. "For example, if I choose a descendant of a supreme powerhouse as a host, it's highly likely that I'll revert to my second form after a while. Without consuming other Chaos Divine Flames, it won't take long before I revert to my first form. Eventually, I'd be completely absorbed and cease to exist. The power of blood truly contradicts the Five Divine Elements. However, outside the body of a descendant of a supreme powerhouse, the power of blood doesn't have any advantage over the Five Divine Elements in a fight. As you can see, previously, during your fight Ling Jue Yun, you're still capable of defeating him with my help even though he used the power of blood!"

Duan Ling Tian smiled faintly after listening to the Chaos Divine Flame's explanation. When he recalled Ling Jue Yun's words to him before they left the secret realm, he thought to himself, 'It seems like Ling Jue Yun has mistaken me for a descendant of a supreme powerhouse.'

If Ling Jue Yun knew Duan Ling Tian was not a descendant of a supreme powerhouse, he would have felt envious of Duan Ling Tian.

"Senior, does this also mean that those who become a supreme powerhouse with the help from the Five Divine Elements aren't descendants of supreme powerhouses?" Duan Ling Tian asked. Previously, the Chaos Divine Flame had told him one of the ways to become a supreme powerhouse was through evolving a Divine Element to its highest form. This was also the most common way to become a supreme powerhouse.

"That's right! For this reason, descendants of supreme powerhouses rarely become supreme powerhouses themselves. In the history of heaven and earth, there were very few of them. After all, it's much easier to become a supreme powerhouse through evolving a Divine Element. Although it's rare, it doesn't mean there was no one who succeeded. In the past, there were descendants of supreme powerhouses who managed to completely master one of the Four Supreme Laws and as a reward, were transformed into supreme powerhouses," the Chaos Divine Flame replied.

Duan Ling Tian felt his horizon had been broadened again after listening to the Chaos Divine Flame's words. At the same time, he could not help but acutely feel his insignificance when compared to a supreme powerhouse.

"I wonder if I'll be able to become a supreme powerhouse in this life," Duan Ling Tian thought to himself. He clenched his hands tightly as his eyes flashed with hope. He thought to himself self-deprecatingly, "It's just wishful thinking on my part... I can't even save my wives, children, and parents now, but I'm thinking about becoming a supreme powerhouse..." He could not help but feel depressed when he thought about his loved ones.

After a while, he closed his eyes and inhaled deeply to calm down. However, based on the rhythm of his breathing, it was clear he was struggling to calm down.

...

After a day and night had passed, the five elemental auras in Duan Ling Tian's body rippled out into his surroundings. He was now calm when he opened his eyes. He had achieved a breakthrough!

"This is the strength of a Celestial Duke?" Duan Ling Tian could clearly feel a tremendous change in his Celestial Origin Energy. His eyes lit up brightly like the stars in the night sky and his face flushed red in excitement.

Shortly after Duan Ling Tian had broken through and become a Celestial Duke, Ling Jue Yun who sat in a nearby cave opened his eyes in surprise. He had also broken through and become a Celestial Duke!

...

Meanwhile, two unwanted guests had arrived in the area where Duan Ling Tian and Ling Jue Yun had dug out caves to consume the Heaven Sacrificial Divine Fruits.

"Leng Ye, based on the current situation, Duan Ling Tian must have come to the Jade Emperor Heaven because of that reincarnated Celestial Emperor... In my opinion, he has most likely died in the secret realm that the reincarnated Celestial Emperor created in his past life," one of the two men said as they landed at the peak of a towering mountain.

"Let's search for another half a month... If we still can't find him, we'll return to the organization," the other man replied.

If Duan Ling Tian were here, he would have recognized one of the men, Leng Ye. He had encountered Leng Ye, an assassin from the Blood Skull Gang, outside the Simplicity Celestial Sect's estate.

Leng Ye was a Nine Palaces Celestial King, and he was stronger than the Sect Leader of the Simplicity Celestial Sect. Duan Ling Tian had managed to escape from Leng Ye all thanks to the Wind Shadow Escape Talisman that was given to him by the Sect Leader of the Simplicity Celestial Sect.

Duan Ling Tian was unaware that not only did the Blood Skull Gang not give up on him after he left the Spirit Overarching Heaven through a Transporting Formation, but they had even managed to investigate that he had gone to Yan Mountain in the Jade Emperor Heaven's Equal Heaven Territory.

“The lad sure got it easy if he died in the secret realm created by that reincarnated Celestial Emperor,” Leng Ye said. He had felt deeply humiliated that a peak Overarching Heavenly Supreme Celestial managed to escape under his nose. For that reason, he was determined to reduce Duan Ling Tian into ashes if he encountered Duan Ling Tian again.

Whoosh! Whoosh! Whoosh!

Leng Ye and the other assassin continued to search through the area where Jiang Lan had created the Little World with their Divine Consciousness.

...

Three days later, the two assassins appeared above the valley where Duan Ling Tian and Ling Jue Yun were undergoing closed-door cultivation.

Chapter 3106: Their Efforts Are In Vain

Leng Ye extended his Divine Consciousness and shrouded the entire valley within it. Initially, he did not think he would find anything here just like the other places he had searched. However, in just a moment, his eyes lit up. He had discovered the aura of his target, Duan Ling Tian! A sinister grin appeared on his usually expressionless face. He sneered as he said, “I found him! I didn’t expect him to really survive! It’s good anyway; this means I can kill him with my own hands.”

Without waiting for the other assassin’s reply, Leng Ye descended in the valley like a goshawk. He kept his Divine Consciousness firmly shrouding the valley. He vowed he would not let Duan Ling Tian escape again even if Duan Ling Tian possessed another Wind Shadow Escape Talisman. However, he did not think it was likely Duan Ling Tian possessed another Wind Shadow Escape Talisman since the grade of the talisman Duan Ling Tian had used previously was rather high and rare.

“Duan Ling Tian!” Leng Ye called out loudly as he hovered in the air. His eyes were trained on one of the two caves at a corner of the valley. “Do you want to show yourself or do you want me to come in and look for you?” It was obvious he felt like he was a cat toying with a mouse.

“This voice...” Duan Ling Tian finally discovered Leng Ye’s presence when Leng Ye’s voice echoed in the cave. Based on the newcomer’s words, it was clear he had come with ill intentions. He was slightly curious since he found the person’s voice familiar. Soon enough, he figured out where he had heard this person’s voice before. With this discovery, his expression changed drastically.

“He’s the Nine Palaces Celestial King from the Blood Skull Gang who was waiting for me outside the Simplicity Celestial Sect’s estate!” At that time, Duan Ling Tian knew he would not be able to escape if it were not for the Wind Shadow Escape Talisman that was given to him by Sun Liang Peng, the Sect Leader of the Simplicity Celestial Sect.

“Why is the assassin from the Blood Skull Gang here? How did he find out I’m here?” For the assassin to show up in this specific place in the Jade Emperor Heaven, Duan Ling Tian knew it could not be a coincidence. How could there be such a coincidence in this world?

Duan Ling Tian wondered inwardly, "Did they follow me all the way to Ax Mountain? Even so, it should be impossible for them to find out I came to the Jade Emperor Heaven since Ling Jue Yun and I traveled here using the Transporting Formation...'

"Duan Ling Tian, who's that? You have enemies even in the Jade Heaven Emperor?" Ling Jue Yun's voice rang in Duan Ling Tian's mind at this moment.

Upon hearing Ling Jue Yun's words, Duan Ling Tian could not help but smile wryly. He replied through Voice Transmission, "For me to have enemies here, I have to have the time to go out and stir up trouble, right? This person isn't from the Jade Emperor Heaven. He's also from the Spirit Overarching Heaven. In fact, he's also from the Southern Heaven Territory."

"He came all the way from the Spirit Overarching Heaven's Southern Heaven Territory just for you?" Ling Jue Yun's eyes narrowed slightly upon hearing Duan Ling Tian's words. "How great is the animosity between both of you that he traveled so far just to find you? For him to be able to track you here, even if he followed you to Ax Mountain, he would have to obtain approval from the Profound Nether Mansion to be able to find out you came here. After all, without permission from the Profound Nether Mansion, no one would be able to investigate the Transporting Formation that we had traveled here with. What's his identity exactly?" His voice turned solemn at the end of his sentence.

"He's an assassin from the Blood Skull Gang," Duan Ling Tian replied with a wry smile on his face.

"An assassin from the Blood Skull Gang? One of the top assassin organizations in the Southern Heaven Territory?" Ling Jue Yun was taken aback. He did not expect Duan Ling Tian would be targeted by the Blood Skull Gang. "Why are you being targeted? Who could have hired them to kill you? From what I know, it's not easy to hire an assassin from the Blood Skull Gang... It's..."

Duan Ling Tian interjected at this moment. "Let's talk about it later. We need to think of a way to escape. This assassin is a Nine Palaces Celestial King!"

"A N-nine Palaces Celestial King? The Blood Skull Gang sent a Nine Palaces Celestial King to kill you?!" Ling Jue Yun exclaimed in shock and confusion. Why would the Blood Skull Gang send a Nine Palaces Celestial King just to kill a peak Overarching Heavenly Supreme Celestial?

After a few moments, Duan Ling Tian and Ling Jue Yun emerged from their respective caves and hovered in the air.

"So that's Duan Ling Tian?" The other assassin had arrived next to Leng Ye. His eyes found Duan Ling Tian immediately. After all, he had seen Duan Ling Tian's portrait when he had accepted the mission.

"That's right." Leng Ye nodded. He looked at Duan Ling Tian with a cold smile on his face as he said, "Duan Ling Tian, previously, you escaped under my nose because of the Wind Shadow Escape Talisman that Sun Liang Peng gave you. I want to see how you're going to escape this time!"

Duan Ling Tian met Leng Ye's gaze and curiously asked, "How did you find me here?"

"Well, at this point, there's no harm telling you about it. Our vice leader has connections in the Profound Nether Mansion and pulled some strings so we managed to investigate the Transporting Formation you

used to come to Yan Mountain. Yan Mountain Mansion is rather vast. However, we heard about the reincarnated Celestial Emperor's scheme of gathering peak Overarching Heavenly Supreme Celestials from various Devata Realms, including the Spirit Overarching Heaven, to sacrifice them to the tree of the Heaven Sacrificial Divine Fruit. With that, it's not difficult to guess you must have been tricked by the reincarnated Celestial Emperor as well. Although he had used a Transportation Formation to send you away, there was no doubt the secret realm would be nearby. Therefore, we searched the area where you were last seen! Who knew I'd actually find you here." It was obvious Leng Ye was certain of Duan Ling Tian's death today for him to reveal this information. It was also due to his humiliation from Duan Ling Tian's escape previously that prompted him to speak so much. He wanted to see the despair on Duan Ling Tian's face before he killed Duan Ling Tian. Only with that would the humiliation and hatred he felt be resolved.

"No wonder." Duan Ling Tian nodded after listening to Leng Ye's explanation. Then, he shifted his gaze to the assassin next to Leng Ye and asked, "I'm curious, is the person next to you also a Nine Palaces Celestial King like you?"

The other assassin scoffed coldly before he replied, "How smart! You managed to guess my cultivation base. Although this is the first time we've met, I've heard a lot about you!"

'Two Nine Palaces Celestial Kings!' Ling Jue Yun's heart thumped heavily upon hearing the other assassin's words. He became even more curious; why would the Blood Skull Gang send such strong assassins to kill Duan Ling Tian? There must be a good reason behind this. The Blood Skull Gang would not waste their resources for no good reason, after all!

"Two Nine Palaces Celestial Kings from the infamous Blood Skull Gang came all the way to the Jade Emperor Heaven just for me! Even if I die today, it won't be in vain," Duan Ling Tian said. A smile appeared on his face as he continued to say, "However, I'm afraid the effort both of you had expended to come here would all be in vain."

The two assassins were slightly taken aback by Duan Ling Tian's words.

At the same time, a Celestial Talisman in Ling Jue Yun's hand lit up in flames. The flame swiftly shrouded him at lightning speed. It was as though he had transformed into a human torch.

Boom!

The flame's domineering aura rippled out into the surroundings, causing the assassins' expressions to change drastically. Based on the flame's aura, they could tell the Celestial Talisman Ling Jue Yun had used was extraordinary.

Swoosh! Swoosh! Swoosh!

Ling Jue Yun mobilized his Celestial Origin Energy. Moments before his energy reached its peak, he shrouded Duan Ling Tian in his flames as well and both of them vanished into thin air in front of Leng Ye and the other assassin.

Ling Jue Yun had used an escape-type Celestial Talisman that was comparable to the Wind Shadow Escape Talisman that Duan Ling Tian had previously used. This meant that it was impossible for Leng Ye and the other assassin to catch up to Duan Ling Tian who had been whisked away by Ling Jue Yun.

The other assassin quickly withdrew his Celestial Origin Energy. Then, he looked at Leng Ye coldly, clearly displeased, as he said, "Leng Ye, he couldn't have escaped if you'd just killed him without wasting so much time talking!"

Chapter 3107: Is It Possible to Comprehend One of the Four Supreme Laws?

"Damn it!" Leng Ye cursed angrily. His Celestial Origin Energy surged out of his body in all directions, causing a series of explosions.

Boom! Boom! Boom! Boom! Boom!

The sounds of the explosions echoed in the valley, stirring up pebbles and a thick cloud of smoke. Although Leng Ye, a Nine Palaces Celestial King, did not unleash his full power, the energy that had been brewing in his body was still extraordinarily destructive.

Leng Ye was incredibly certain he would be able to kill Duan Ling Tian with his own hands today. After all, he thought it would be impossible for Duan Ling Tian to possess another Celestial Talisman like the Wind Shadow Escape Talisman. Therefore, he was not in a hurry to kill Duan Ling Tian. He decided he wanted to see Duan Ling Tian's expression of despair before he killed Duan Ling Tian. Alas, he did not expect Ling Jue Yun would possess a Celestial Talisman comparable to the Wind Shadow Escape Talisman. With Ling Jue Yun's Celestial Talisman, the duo successfully escaped. At this moment, he truly regretted not killing Duan Ling Tian as soon as he saw Duan Ling Tian. His comrade was right; Duan Ling Tian would not have been able to escape if he had killed Duan Ling Tian immediately.

"Let's return. It'll be more difficult than ascending to heaven for us to find him now that he's alerted to our presence," Leng Ye's comrade said, "Don't worry, the organization won't find out about what happened today. We'll just report that we failed to track Duan Ling Tian down. However, after today's lesson, I hope you won't make the same mistake again... Despite being hunted by our organization, a mere peak Overarching Heavenly Supreme Celestial is capable of surviving until now. It's obvious he's no ordinary person."

"Thank you for your understanding." After calming down, Leng Ye expressed his gratitude upon hearing his comrade's words. He was well aware that if the Blood Skull Gang found out about what happened today, they would not let the matter slide since it was entirely his fault that Duan Ling Tian managed to escape again.

...

Meanwhile, Ling Jue Yun who had used his Celestial Talisman and brought Duan Ling Tian with him to escape arrived in the middle of a quiet and eerie forest.

"Thank you," Duan Ling Tian thanked Ling Jue Yun. If it were not for Ling Jue Yun, he would be trapped in the valley and possibly die. After all, it was impossible for him to escape from the Blood Skull Gang's assassins without a Celestial Talisman like the Wind Shadow Escape Talisman.

A hint of sadness could be seen on Ling Jue Yun's face as he replied, "Please treat Sister Huang'er well."

The escape-type Celestial Talisman Ling Jue Yun had used was one of the few possessions he had left. When he left the Divine Offering Land, there was nothing much his clan could give him. Moreover, most of the things in his possession belonged to him originally. His clan was suddenly annihilated, and he was only able to escape because he had escaped notice due to his low cultivation base and Huang'er's help.

"Don't worry." Duan Ling Tian nodded. "She's now the soul of my divine artifact. Naturally, I won't mistreat her."

"Let's leave this area immediately. If we linger here, the two Nine Palaces Celestial Kings might find us if they continue tracking us down," Ling Jue Yun said.

The duo made their way out of the forest, leaving in the direction opposite of the valley.

During the journey, Ling Jue Yun asked, "You haven't explained why the Blood Skull Gang would send, not one, but two Nine Palaces Celestial Kings after you!" He still could not figure it out. Was it necessary to send such powerful assassins after a mere peak Overarching Heavenly Supreme Celestial like Duan Ling Tian even if Duan Ling Tian had a high innate talent and comprehension skills?

"It's because I killed two of the assassins they had sent after me previously," Duan Ling Tian replied.

"What?!" Ling Jue Yun's eyes widened slightly when he heard Duan Ling Tian's words. "Y-you killed two assassins from the Blood Skull Gang?" He thought, for a moment, that he had misheard Duan Ling Tian. After all, based on what he knew, even the weakest assassin in the Blood Skull Gang was a One Basic Celestial King.

Duan Ling Tian nodded slightly in response.

"From what I know, even the weakest assassin from the Blood Skull Gang is a One Basic Celestial King, right? How did you manage to kill the two assassins?" Ling Jue Yun asked.

"I used a consumable Royal Grade Celestial Weapon." Duan Ling Tian did not need to hide the truth from Ling Jue Yun. He knew Ling Jue Yun would not be interested in his consumable Royal Grade Celestial Weapon at all. Even if Ling Jue Yun coveted it, Ling Jue Yun would not dare to snatch it from him due to Huang'er. After all, Ling Jue Yun deeply respected Huang'er who was now the artifact soul of the Seven Orifices Exquisite Sword. Hence, he was certain Ling Jue Yun would not offend or provoke him for no good reason.

"Although I've only comprehended the profundities from an ordinary law, the consumable Royal Grade Celestial Weapon grants me the Celestial Origin Energy and strength of a One Basic Celestial Lord. Ordinary Celestial Kings are no match for me," Duan Ling Tian added.

"You even own a consumable Royal Grade Celestial Weapon?" Ling Jue Yun was slightly taken aback. However, with this, his question was answered.

Since Duan Ling Tian possessed a consumable Royal Grade Celestial Weapon, it would be easy for him to kill ordinary Celestial Kings. Alas, even if Duan Ling Tian had strength comparable to a One Basic Celestial Lord, he still would not be a match for either one of the two Nine Palaces Celestial Kings from the Blood

Skull Gang since the number of profundities they had comprehended was higher compared to Duan Ling Tian.

Most of the Nine Palaces Celestial Kings in the Spirit Overarching Heaven's Southern Heaven Territory had comprehended at least six or seven profundities from a law. Some with higher comprehension skills had even comprehended eight profundities from a law. Although it was possible for a Nine Palaces Celestial King to comprehend all nine profundities from a law, such a person was almost non-existent in the Southern Heaven Territory. Perhaps, they could only be found in places that were bigger than the Southern Heaven Territory.

"Ling Jue Yun." A question suddenly appeared in Duan Ling Tian's mind at this moment. His eyes flashed as he asked with a hint of anticipation, "Within a month after consuming the Heaven Sacrificial Divine Fruit, not only would we become Ten Directions Celestial Duke, but we would comprehend profundities from a certain law... Is there a chance for the law to be one of the Four Supreme Laws?"

"This..." Upon hearing Duan Ling Tian's words, the first thought that appeared in Ling Jue Yun's mind was how greedy Duan Ling Tian was. After that, it was quickly replaced with anticipation as well. Naturally, he also hoped he could comprehend a second Supreme Law. "I have no idea. I only know after consuming the fruit, one would be able to comprehend profundities from a new law. I haven't heard anything about the type of laws those people who ate the fruit had comprehended. However, I also haven't heard anything about it being impossible to comprehend one of the Four Supreme Laws."

"So you're saying it's not entirely impossible?" Duan Ling Tian asked eagerly.

"Even if it's possible, the possibility of us comprehending one of the Four Supreme Laws is low, especially in my case." Ling Jue Yun smiled wryly.

"Why?" Duan Ling Tian frowned.

"Take me for example. I'm able to comprehend the law of death because of the blood of my clan... Unlike ordinary people, I'm destined to be incapable of comprehending the law of life because of the blood in my veins. This can't be changed even if I eat the Heaven Sacrificial Divine Fruit. Apart from that, we have encountered and comprehended the law of time when we were in the lower realm of the Southern Heaven Ancient Realm in the Profound Nether Mansion. Although we didn't fully comprehend its Fundamental Profundity, it still doesn't change the fact that we had tried to comprehend it. Therefore, it's impossible for us to comprehend the law of time from the Heaven Sacrificial Divine Fruit since it'll only help you comprehend a law you haven't encountered and comprehended before. Under such circumstances, unless it's the law of space, I won't be able to comprehend the other Supreme Laws through the fruit. The probability of me comprehending the law of space is minute compared to Elemental Laws such as the law of wind, thunder, ice... In your case, the probability of you comprehending one of the Four Supreme Laws is higher than mine. So far, you've only encountered and tried to comprehend the law of time. Moreover, after obtaining the branch from the Tree of Life, you didn't comprehend the law of life, the law of death, or the law of space. Therefore, you have a chance of comprehending one of the three remaining Supreme Laws." It was obvious Ling Jue Yun had considered his answer thoroughly before replying to Duan Ling Tian.

"You recognized the branch from the Tree of Life?" Duan Ling Tian was startled. He knew Ling Jue Yun was present when he obtained the branch from the Tree of Life during an auction. Back then, he was

with the people from the Supporting Fall Nation while Ling Jue Yun was with the people from the East Ming Nation. However, he did not expect Ling Jue Yun to recognize the branch from the Tree of Life.

“It’s only natural that I recognize the branch from the Tree of Life since I’m from the Divine Offering Land,” Ling Jue Yun replied, “When you bid for the branch, I knew that you were also aware that it came from the Tree of Life. I should’ve known at that time that you’re also a descendant of a supreme powerhouse since you recognized the branch.”

Duan Ling Tian asked curiously, “Since you know the branch was from the Tree of Life, why did you let me have it instead of bidding for it?”

Chapter 3108: Sun Wu Kong, Heaven’s Equal Celestial Emperor?

Ling Jue Yun shook his head in response to Duan Ling Tian’s question. “Not to mention that it’s only one of the main branches from the Divine Tree of Life, I doubt even the entire Divine Tree of Life will be of much use to me... The Divine Tree of Life can help one to comprehend the law of life. Apart from that, it has other amazing uses as well. However, because of my bloodline, I’m unable to use it due to the law of life. Even if I tried to use it, it’ll only repel me due to the contradictory natures of the law of life and the law of death.”

With this, Duan Ling Tian understood that Ling Jue Yun did not seek to obtain the branch from Tree of Life at that time because it was of no use to Ling Jue Yun at all. “I see.”

After a moment, another question appeared in Duan Ling Tian’s mind. “Then why didn’t you tell the people from the East Ming Nation that the branch came from the Tree of Life? I think the East Ming Nation would have rewarded you if they managed to obtain the branch from the Tree of Life.”

“They’re unlikely to understand the Divine Tree of Life even if I told them about it... Furthermore, it would risk exposing my origins,” Ling Jue Yun said as he shook his head. A hint of disdain could be seen on his face when he spoke. “In regard to your point about them rewarding me, what do you think they would be able to offer me that’s of value?”

A wry and apologetic smile appeared on Duan Ling Tian’s face. He had forgotten that Ling Jue Yun was from a clan in the Divine Offering Land. How could Ling Jue Yun be lacking in anything that a grade-eight Celestial Kingdom such as the East Ming Nation had to offer?

...

Whoosh! Whoosh!

After five days of traveling at full speed, Duan Ling Tian and Ling Jue Yun finally arrive at a city called Tian Ji City in the Yan Mountain Mansion’s territories. The city was rather similar to Ax Mountain City in the territories of the Spirit Overarching Heaven’s Profound Nether Mansion.

After entering the city, Duan Ling Tian and Ling Jue Yun checked into the best courtyard in an inn called Yan Mountain Mansion’s Inn. Each of them occupied a room in the courtyard.

The two Nine Palaces Celestial Kings from the Blood Skull Gang would not be able to do much if they were staying in such an exclusive inn. Unless the assassins were suicidal, they would not attempt to assassinate them here.

“Eh? How come there are so many Memory Celestial Talismans?” After Duan Ling Tian entered his room, he discovered the Memory Celestial Talismans on the table in the room. After he inspected them, he discovered they were reusable Memory Celestial Talismans that had recorded information. After that, he saw a note on the table that explained the Memory Celestial Talismans contained recent news of major happenings in the Jade Emperor Heaven and were for the guests to use.

“This... It’s no different than the newspaper on earth, right?” Duan Ling Tian chuckled as he shook his head. He did not expect that Yan Mountain Mansion’s Inn would be so thoughtful and would provide their guests with the newspaper-like Memory Celestial Talismans.

Currently, Duan Ling Tian was still waiting for the Heaven Sacrificial Divine Fruit’s efficacy to be completely absorbed into his body. He had already broken through and become a Five Elements Celestial Duke during his journey here over the past five days.

Duan Ling Tian noticed that his breakthroughs were taking longer as he grew stronger. It only took him a day and a night to become a One Basic Celestial Duke from a peak Overarching Heavenly Supreme Celestial. However, it took him two days and one night to break through from a One Basic Celestial Duke to a Two Forms Celestial Duke. Following that, the time he used to break through from a Two Forms Celestial Duke to a Three Talents Celestial Duke, a Three Talents Celestial Duke to a Four Phenomena Celestial Duke, and finally to a Five Elements Celestial Duke took longer and longer each time.

Apart from that, he had also yet to show signs of comprehending profundities from a new law.

In any case, it did not affect Duan Ling Tian. Regardless, within a month of consuming the Heaven Sacrificial Divine Fruit, he would become a Ten Directions Celestial Duke and comprehend profundities from a new law.

Duan Ling Tian was rather nonchalant about the slow progress since he knew all these things were going to happen sooner or later. He would have to wait roughly more than twenty days at most.

“I don’t think I’m in the right state to cultivate or comprehend the profundities from the law of fire during this time. I’ll just have a look at these Memory Celestial Talismans to see what has been going on in the Jade Emperor Heaven recently. Who knows I might even recognize some of the people mentioned in these Memory Celestial Talismans. After all, the Heavenly Emperor of the Jade Emperor Heaven is the Jade Emperor from the legends on earth.”

The Jade Emperor, or better known as the Great Emperor of Jade, was the leader of the celestials in the legends on earth.

With this thought in mind, Duan Ling Tian quickly picked up a Memory Celestial Talisman and extended his Divine Consciousness into it to see information contained inside.

“The third son of Clarity Territory’s Clarity Celestial Lord successfully broke through and became a Celestial Duke before his 100th birthday. Additionally, he has comprehended the fourth profundity from the law of space when he was creating his Little World after his breakthrough.”

The Memory Celestial Talisman Duan Ling Tian picked up first was mostly about the younger son of the titled Celestial Lord of Clarity Territory in the Jade Emperor Heaven. It detailed how he became One Basic Celestial Duke at a young age. It also spoke of how he had comprehended three profundities from the law of space before comprehending the fourth one while he was creating a Little World after his breakthrough.

“So a One Basic Celestial Duke who has comprehended four profundities from the law of space before turning 100 years old is considered as a peerless genius in the last 10,000 years in Clarity Territory?” Duan Ling Tian shook his head as chuckled to himself. “It seems like, in Clarity Territory, both Ling Jue Yun and I can also be considered as geniuses who only appeared once in 10,000 years!”

“To think that Ling Jue Yun and I will successfully become Ten Directions Celestial Dukes in another twenty-odd days... A Ten Direction Celestial Duke younger than 100 years old who has comprehended three profundities from a law and is in the process of comprehending the fourth one should be rare in most Devata Realms... Not even one might appear in 10,000 years... In fact, who knows if one might even appear after 1,000,000 years...”

Although Duan Ling Tian sounded critical when he spoke about the Clarity Celestial Lord’s third son, he was still rather impressed by his talent. To have comprehended three profundities from the law of space before becoming a Celestial Duke at his age was truly impressive.

The law of space, one of the Four Supreme Laws, was both unpredictable and complicated, making it difficult to comprehend.

It had to be noted that Ling Jue Yun was able to comprehend the law of death, another Supreme Law, with relative ease, was due to his family’s lineage that assisted him in comprehending the profundities from the law of death. Moreover, he was from a clan in the Divine Offering Land and a descendant of a supreme powerhouse. The blood of a supreme powerhouse coursed through his veins.

On the other hand, the Clarity Celestial Lord’s third son was just the son of an ordinary titled Celestial Lord. How could this person’s background compare to Ling Jue Yun’s background? Moreover, there were many places like Clarity Territory in a Devata Realm and even more titled Celestial Lords like the Clarity Celestial Lord. This showed that the youngest son of the Clarity Celestial Lord was truly extraordinary.

‘Based on Ling Jue Yun’s age and cultivation base, it’s likely he didn’t benefit much from his clan’s cultivation resources before his clan was annihilated. Therefore, his current achievements most likely don’t reflect the achievements of his peers in the Divine Offering Land.’ Duan Ling Tian was certain people from the Divine Offering Land at Ling Jue Yun’s age would have far greater achievements since they were able to take advantage of their clans’ cultivation resources. Moreover, the Divine Offering Land was a Realm of Gods that was ranked above Devata Realms. Even the top Devata Realm could not compare to the large clans in the Divine Offering Land.

“Let’s have a look at another one...” Duan Ling Tian picked up another Memory Celestial Talisman after he put the Memory Celestial Talisman that detailed the amazing achievements of Clarity Celestial Lord’s third son down.

The information revealed itself as Duan Ling Tian's Divine Consciousness entered the Memory Celestial Talisman.

Duan Ling Tian's eyes widened imperceptibly, pleasantly surprised by the information that appeared in his mind.

"The Three-Eyed Celestial Emperor, Yang Jian, who's in service of the Heavenly Emperor of the Jade Emperor Heaven challenged the Heaven's Equal Celestial Emperor, Sun Wu Kong, for the 98th time... Heaven's Equal Celestial Emperor, Sun Wu Kong, only attacked three times with his rod before seriously injuring the Three-Eyed Celestial Emperor, Yang Jian."

"Although Sun Wu Kong, the Heaven's Equal Celestial Emperor, has defeated Yang Jian in the past, his fastest speed of defeating Yang Jian was with roughly 100 moves. Sun Wu Kong, the Heaven's Equal Celestial Emperor, seems to have reached the threshold of becoming a god..."

Duan Ling Tian was slightly excited when he saw the two familiar names mentioned in the Memory Celestial Talisman.

"Yang Jian? Three-Eyed Celestial Emperor?"

"Sun Wu Kong? Heaven's Equal Celestial Emperor?"

"The Yang Jian and Sun Wu Kong mentioned here should be the Erlang God, Yang Jian, and the Sage Who's Equal to Heaven, Sun Wu Kong, whom I'm familiar with."

"The Heavenly Emperor of the Jade Emperor Heaven must be the Jade Emperor... In the legends on earth, Yang Jian is the nephew of the Jade Emperor and is always by the Jade Emperor's side. This means it's likely that he's a titled Celestial Emperor serving the Jade Emperor."

"In the legends on earth, Sun Wu Kong is also known as the Great Sage Who's Equal to Heaven... This Heaven's Equal Celestial Emperor should be the Sun Wu Kong I know."

"According to the information recorded in this Memory Celestial Talisman, it's likely that Sun Wu Kong has reached the threshold of becoming a god!"

Duan Ling Tian knew this level of strength represented the most powerful martial prowess in Devata Realms. As long as beings from the Realms of Gods did not come to Devata Realms, a Ten Directions Celestial Emperor who had reached the threshold to become a god could easily dominate any of the 81 Devata Realms!

Chapter 3109: Creating a Little World

"Sun Wu Kong is about to reach or has reached the threshold of becoming a god... This means he's already a Ten Directions Celestial Emperor, and after his next breakthrough, he'll become a god! As for Yang Jia... Since he dares to challenge Sun Wu Kong so many times, he must also be a Ten Directions Celestial Emperor."

With the information he obtained from the Memory Celestial Talisman, it was not difficult for Duan Ling Tian to figure this out.

He could not help but feel slightly bitter. In the beginning, he had looked forward to meeting these legendary characters on earth when he found out they were real. If he had the chance, he wanted to have a drink with them and have fun! However, at this moment, after discovering Sun Wu Kong and Yang Jian's strength, he was aware of how foolish his thoughts were. He was so weak that even Sun Wu Kong and Yang Jian's descendants would not want to have anything to do with him, let alone Sun Wu Kong and Yang Jian who were peak powerhouses in a Devata Realm.

'If I want to talk to them on equal footing, I must, at least, be as powerful as they are... Currently, I'm still far too weak.' Duan Ling Tian sighed as he put the Memory Celestial Talisman down.

Subsequently, Duan Ling Tian picked up the Memory Celestial Talismans, one after another.

These Memory Celestial Talismans had recorded all sorts of anecdotes, serving as a casual way for him to pass time.

Nevertheless, the information in the Memory Celestial Talismans had painted a better picture of the vastness of a Devata Realm to Duan Ling Tian. It was much bigger than he had imagined!

For instance, the Yan Mountain Mansion in the Equal Heaven Territory where he was currently staying and the Profound Nether Mansion in the Southern Heaven Territory where he had previously stayed were just a small area in the Jade Emperor Heaven and the Spirit Overarching Heaven respectively.

Such territories were ruled by titled Celestial Lords. Usually, there would only be one titled Celestial Lord in one territory.

'Insignificant... At this point, I'm far too insignificant. Even after I become a Ten Directions Celestial Duke with the boost from the Heaven Sacrificial Divine Fruit, I'm still far too weak.'

After becoming a Ten Directions Celestial Duke, the next stage was to become a Celestial King. Celestial Kings were divided into ten sub-stages.

After becoming a Ten Directions Celestial King, the next stage was to become a Celestial Lord. Celestial Lords were also divided into ten sub-stages. Moreover, there was a distinction between an ordinary Celestial Lord and a titled Celestial Lord.

After becoming a Ten Directions Celestial Lord, the next stage was to become a Celestial Emperor. Similarly, Celestial Emperors were divided into ten sub-stages, and there was a huge difference between an ordinary Celestial Emperor and a titled Celestial Emperor. Even among titled Celestial Emperors, there were stronger ones and weaker ones. Powerful titled Celestial Emperors were beings like Sun Wu Kong, Yang Jian, or the Heavenly Emperors who ruled Devata Realms.

'If Sun Wu Kong is truly about to reach or has reached the threshold of becoming a god and managed to severely injure Yang Jian with three moves, he should already be as strong as a Heavenly Emperor of a Devata Realm.'

'Is he really as arrogant and unruly as the legends say? If he is, will he challenge the Jade Emperor so he could become the new Heavenly Emperor of the Jade Emperor Heaven?'

Various thoughts appeared in Duan Ling Tian's mind. He could not help but wonder if Sun Wu Kong would challenge the Jade Emperor for the position of Heavenly Emperor of the Jade Emperor Heaven.

He felt slightly excited thinking about it. If Sun Wu Kong succeeded, there was no doubt the news would spread throughout the Jade Emperor Heaven. Moreover, such sensational news would not only be limited to the Jade Emperor Heaven. Even if he had already returned to the Spirit Overarching Heaven, he was certain news would travel to the Spirit Overarching Heaven as well!

...

Initially, Duan Ling Tian had been rather nonchalant about his slow progress. However, as the days passed, he began to feel anxious. 'My cultivation base is improving, but there are still no signs of me comprehending profundities from a new law.'

To ease his mind, Duan Ling Tian shifted his attention to opening up a Little World, a skill unique to Celestial Dukes and those who were stronger. Naturally, there were differences between Little Worlds created by stronger Celestials and weaker Celestials.

Generally, a Little World created by a Celestial Duke was portable. To be precise, the Little Worlds they created were located in their bodies. Like a Spatial Ring, they could store their possessions in there. The difference was Little Worlds were capable of holding living things.

A Little World created by a Celestial King could be placed in a fixed location similar to the Little World Duan Ling Tian had entered when he first ascended to the Spirit Overarching Heaven. It was where he had gotten to know Murong Bing intimately.

Naturally, a Little World created by a Celestial Lord was superior to those created by Celestial Kings. For example, the Southern Heaven Ancient Realm that Duan Ling Tian entered previously was created by the Southern Heaven Celestial Lord from the Southern Heaven Territory. Since it was created, it had been maintained by the other Southern Heaven Celestial Lords through the passage of time. Therefore, it did not collapse or disappear due to depleted energy.

Little Worlds created by Celestial Lords and Celestial Kings could last forever if they remained a secret and no one, apart from the creators, entered them. However, once others stepped foot into a Little World, it would begin to exhaust its energy until it eventually vanished.

"I've read about the method to create a Little World while I was in the Simplicity Sect's library... I should try creating one now."

Duan Ling Tian followed the methods he had memorized to create a Little World in his body.

To create a Little World, the main energies used were Celestial Origin Energy and Soul Energy. Apart from that, one had to nourish the Little World with Celestial Origin Energy and Soul Energy for some time before the Little World stabilized.

If Duan Ling Tian used his consumable Royal Grade Celestial Weapon to obtain the strength of a One Basic Celestial Lord and used it to create a Little World, the Little World would be similar to Little Worlds created by Celestial Lords. However, it would collapse quickly. This was because he would have to nourish it with a Celestial Lord's Celestial Origin Energy and Soul Energy, for a period of time before it stabilized, and he could not maintain the strength of a Celestial Lord since the consumable Royal Grade Celestial Weapon's power would dwindle with every use.

Swoosh! Swoosh! Swoosh!

Duan Ling Tian mobilized his Celestial Origin Energy before he compressed them.

To create a Little World, one had to compress one's Celestial Origin Energy as densely as possible until it exploded. The explosion would signify the successful creation of a Little World.

At this moment, while Duan Ling Tian was compressing his Celestial Origin Energy, the Profound Divine Metal's voice suddenly rang in his mind. "If you're trying to create a Little World, I suggest you place it near your heart..."

"Near my heart?" Duan Ling Tian was curious. "Why?"

"You might have a surprise waiting for you," the Profound Divine Metal replied.

"A surprise?" Duan Ling Tian was puzzled. However, it seemed like the Profound Divine Metal had no intention of enlightening him. Moreover, even the Chaos Divine Flame and Chaos Divine Earth remained silent.

It was not unusual for the Chaos Divine Flame to stay silent, but Duan Ling Tian was surprised when the Chaos Divine Earth stayed silent as well. "Chaos Divine Earth, aren't you going to tell me about the surprise?"

"The chances of it happening is low... There's no point in mentioning it now if it fails to happen. If it succeeds, it'll be a surprise for you then." The Chaos Divine Earth's childish voice rang in Duan Ling Tian's mind. Its reply only made more questions appear in Duan Ling Tian's mind.

"It might be possible. Don't forget he has 99 Heavenly Veins. Moreover, the main branch from the Divine Tree of Life has already acknowledged him as its' master," the Chaos Divine Flame said at this moment.

"The possibility of success is not more than 30%," the Profound Divine Metal said.

Duan Ling Tian only grew more and more confused after he listened to the three Divine Elements' words. Nevertheless, the three Divine Elements had no intention of clearing his confusion. Although he was puzzled and curious, he no longer asked any questions. He continued focusing on compressing his Celestial Origin Energy. After all, he would get his answer sooner or later. He would also do as the Profound Divine Metal's suggested and place the Little World close to his heart.

...

Time continued to pass...

One hour.

Two hours.

One day.

Two days.

...

After three days had passed, Duan Ling Tian had compressed his Celestial Origin Energy and made it as dense as he possibly could with the help of his Soul Energy.

“I finally reached the most important stage... According to the records I read, I should pierce this ball of compressed Celestial Origin Energy with my Soul Energy. The Soul Energy will draw power from the Celestial Origin Energy at that time to create a Little World. During the process, my Soul Energy has to be in harmony with the compressed Celestial Origin Energy.”

“The Little World will be cold and empty like a Spatial Ring in the beginning. To make it more lively, I’ll have to personally put soil in there and transplant whatever plants I want.”

After taking a deep breath, Duan Ling Tian controlled his Soul Energy and pierced the ball of compressed Celestial Origin Energy with it. He did not find the process difficult since he had carefully studied the methods for a Celestial Duke to create a Little World.

Duan Ling Tian’s Soul Energy is like God’s hand as he used it to manifest a space in his body. First, he created the general outline of the space. Then, he slowly filled the gaps with anything that he deemed necessary to complete it.

Swoosh!

At this moment, the sound of something moving at top speed rang in Duan Ling Tian’s body. It was heading to the place near his heart.

Something had happened while Duan Ling Tian was using his Soul Energy to complete the creation of his Little World! The main branch from the Divine Tree of Life that was rooted in Duan Ling Tian’s heart shone brilliantly before it shot into the Little World that Duan Ling Tian was still in the process of creating. After that, it seemed to dissolve into energy that merged with the Little World.

Soon after, Duan Ling Tian felt as though his 99 Heavenly Veins were boiling as Heaven and Earth Spirit Energy from outside surged into them. The Heaven and Earth Spirit Energy transformed into Celestial Origin Energy that was instantly sent to his heart through his Heavenly Veins. To be more precise, it was sent into the Little World he was creating.

“This...” Duan Ling Tian was baffled by this sudden development.

Chapter 3110: The Law of Space

At the same time, the Soul Energy controlled by Duan Ling Tian slowly came to a stop. However, even after the Soul Energy stopped working, the Little World in Duan Ling Tian continued to complete itself. Moreover, its speed seemed faster than before.

The force that was shaping Duan Ling Tian’s Little World at the moment was the Celestial Origin Energy that flowed into the Little World from his 99 Heavenly Veins. It seemed as though they were being controlled by something as they shaped and created the Little World.

“That is... Is that the main branch from the Divine Tree of Life?” At this moment, Duan Ling Tian discovered the branch from the Tree of Life standing on its end in the middle of his incomplete Little World.

At some point, soil that seemed to have a green glow around it had appeared around the branch from the Tree of Life. Under the green light, grass began to grow rapidly before various kinds of flowers bloomed in full splendor.

“W-what is happening?” Duan Ling Tian continued to watch as the branch from the Tree of Life emitted a faint light that quickly shrouded the Little World.

Meanwhile, the Celestial Origin Energy that the 99 Heavenly Veins sent into the Little World brought more energy into the Little World, making it look even more alive than before.

Hills appeared along with winding streams and lush trees.

The Little World was filled with greeneries.

As time passed, the hills became a beautiful valley and all the streams converged and gushed down into a beautiful waterfall. At the bottom of the waterfall was a crystal clear lake. Pebbles of all shapes, sizes, and colors could be seen at the bottom of the lake.

“This...” It did not take long before Duan Ling Tian noticed movements in the valley. As it turned out, they were from birds and animals. As the birds flew around and the animals scampered in the valley, they painted a picturesque scene. However, it could be seen that the birds and animals avoided the main branch from the Divine Tree of Life in the middle of the center of the valley when they moved.

“It seems like all these things are related to the branch from the Tree of Life!” At this time, it was not difficult for Duan Ling Tian to figure out that the changes had something to do with the branch from the Divine Tree of Life.

“It’s a success!” The Chaos Divine Earth’s childish voice rang in his mind at this moment; its surprise was barely concealable.

After that, he saw the Chaos Divine Earth leaving its position before it made its way into his incomplete Little World.

Currently, the creation of his Little World was near completion.

As soon as the Chaos Divine Earth entered the Little World, it managed to manifest a human form. Although its form was vague and seemed as though it was made from smoke that would disappear with a blow, Duan Ling Tian could clearly see its form as a two or three-year-old little boy. It was chubby and extremely cute.

“Not bad... A Little World filled with the Divine Tree of Life’s life force is enough for me to manifest a human form.” The little boy stood in the valley and looked at the rooted branch from the Tree of Life nearby as he nodded in evident satisfaction.

Swoosh! Swoosh!

Two more figures appeared after that.

Prior to their appearance, Duan Ling Tian had noticed the Profound Divine Metal and the Chaos Divine Flame had also entered the Little World.

The Profound Divine Metal's human form was that of a middle-aged man dressed in a long golden robe with a fair complexion as smooth as jade. He was handsome and carried a dignified air about him.

On the other hand, the Chaos Divine Flame had manifested as an old man dressed in a fiery-red long robe. He was tall and well built, and he had a distinct red mark in the shape of a flame on his glabella.

Similar to the Chaos Divine Earth, the two Divine Elements' human forms were not corporeal.

At this time, Duan Ling Tian could no longer suppress his curiosity. He asked, "What happened?"

The little boy manifested by the Chaos Divine Earth grinned before he said, "You got lucky! Your newly created Little World is acceptable to the branch from the Tree of Life so it took root in your Little World. You know there's a very low possibility of this happening, right? Even if you have 99 Heavenly Veins, the chances of this happening are less than 30%!"

"What's so special about it? Is it beneficial?" Duan Ling Tian bluntly asked. There was no doubt that the most important thing was how this phenomenon would benefit him.

"It is super beneficial," the little boy said excitedly in his childish voice, "Now that the main branch from the Divine Tree of Life has taken root in your Little World, there would be fewer obstacles in your path to becoming a supreme powerhouse. Moreover, it'd help you even more now if you comprehend the law of life. Before it took root here, although it'd help somewhat, you would be mostly on your own if you comprehend the law of life. However, now that it has taken root here, even if you don't actively comprehend the law of life, you'd subconsciously comprehend the law of life. Although it would take a very long time, it's completely possible to master all the profundities from the law of life to the mastery stage through this passive comprehension! If you actively comprehend the law of life, your comprehension speed would be even faster. It's comparable to the speed of you comprehending Elemental Laws with our help."

Duan Ling Tian did not expect there would be so many benefits!

"Lad, don't waste this opportunity. Take the chance to observe and feel your Little World that the Divine Tree of Life is helping you to construct. Observe the process. It might help you grasp the basics of the law of space," the golden-clad middle-aged man, the Profound Divine Metal, said to Duan Ling Tian with a hint of urgency, "The law of space is one of the Four Supreme Laws so you better seize this opportunity. This is the best chance you'll ever come across to begin comprehending the law of space."

Duan Ling Tian was momentarily stunned when he heard the Profound Divine Metal's words. It was true that he had nothing to do so he could concentrate on observing his Little World and how it was being constructed.

The Divine Tree of Life's main branch drew the Celestial Origin Energy from his 99 Heavenly Veins and quickly constructed his Little World. It was getting closer and closer to completion.

'The law of space...' After taking a deep breath to clear his mind of distracting thoughts, Duan Ling Tian calmed down and extended his Divine Consciousness to explore his incomplete Little World. He vaguely felt as though he was being enlightened about the law of space as he observed and sensed the Little

World with his Divine Consciousness. Naturally, it would take time for him to process and digest this information before he comprehended the law of space.

The information about the law of space seemed to be dangling in front of him, but he was having a difficult time grasping it. However, he did not give up. All of a sudden, obscure and profound information appeared in his mind. He was briefly stunned by the information overload. He could vaguely sense this had something to do with the Heaven Sacrificial Divine Fruit because he felt a stirring from the efficacy of the Heaven Sacrificial Divine Fruit before the information appeared in his mind.

In just a brief moment, he felt his body burning up and growing numb. "W-what's happening?"

Soon after, he felt a stirring in his mind. When he moved his hands, he found their movements strange. It felt as though he could control the void before him.

'Could it be...?' A thought appeared in his mind, causing his eyes to light up like the stars in the night sky. They were dazzlingly bright. He quickly forced himself to calm down and focus. Then, he began to study the profound and obscure information he had received earlier. However, at this moment, they did not seem obscure nor profound to him. He understood them easily.

As expected! He had guessed something like that would happen. He clenched his hands in excitement to stop them from trembling. 'It's the law of space! The Heaven Sacrificial Divine Fruit is helping me to comprehend the law of space, one of the Four Supreme Laws!' How could he not be ecstatic? He had been hoping he would be able to comprehend one of the Four Supreme Laws from the Heaven Sacrificial Divine Fruit. It seemed like his wish had been granted!

Duan Ling Tian was so engrossed that he only discovered his Little World had been completed when he regained his senses after half an hour.
