

Chapter 3421: Has He Gone Crazy?!

After leaving the valley where the Purple Spike Celestial Emperor resided, Duan Ling Tian could sense that Li Fei was heavy-hearted. He said in an attempt to console her, "Little Fei'er, we can always visit the Purple Spike Celestial Emperor whenever you feel like it."

Li Fei felt better after listening to Duan Ling Tian's words.

"You can enter my Little World to cultivate," Duan Ling Tian said to Li Fei, "We'll return to the Solitary Destructive Heaven with Elder Huo... Apart from cultivating, we can travel the Devata Realms or return to the Floating Heaven to visit your master whenever you want."

After Li Fei entered Duan Ling Tian's Little World, Duan Ling Tian followed Elder Huo and headed to the transportation site in the Heavenly Palace of Floating Heaven. During the journey to the transportation site, he marveled at the buildings in the Heavenly Palace of the Floating Heaven. They were rather majestic, inspiring awe in those who saw it. Even when he was in the Heavenly Palace of the Solitary Destructive Heaven, he did not have a chance to look around since he was always in a rush. Hence, he decided to explore the Heavenly Palace of the Solitary Destructive Heaven after he returned.

When they arrived in the valley where the transportation site was located, Duan Ling Tian felt puzzled. There was no one around at all.

'Why isn't there anyone here?'

Duan Ling Tian could not help but feel something was amiss. Usually, there would be at least one or two people in a transportation site. Even if there were no one traveling, there should still be people guarding the transportation site.

Nevertheless, Duan Ling Tian did not dwell on this matter. Just as he and Elder Huo were about to step into the Transportation Formation to leave the Floating Heaven...

Elder Huo suddenly cried out, "Watch out!"

Flames surged out of Elder Huo's body immediately as he hastily brought Duan Ling Tian, who had bewildered expression on his face, away.

As soon as the duo moved away, the sound of sword howling rang in the air. When they looked at the transportation site from above, they saw a wave of wind blades sweeping through the site toward the spot where they were previously standing. If Elder Huo had been a little slower, they would have been injured by the wind blades.

"What a high comprehension of the law of wind!" Duan Ling Tian's expression was solemn. The person who had attacked them with the law of wind was undoubtedly an expert. A figure appeared in his mind at this moment; it was none other than Kong You Yi's father, the Almighty Wind Celestial Emperor.

The Almighty Wind Emperor was the Purple Spike Celestial Emperor's second senior brother and the second true disciple of the Heavenly Emperor of the Floating Heaven.

At this time, an indifferent voice rang in the air.

“I didn’t expect your old subordinate to be so capable!”

Killing intent and fury flashed in Elder Huo’s eyes when he heard these words.

At the same time, a gust of wind blew past before the Almighty Wind Celestial Emperor and his son, Kong You Yi, appeared.

Kong You Yi glared at Duan Ling Tian and said, “Duan Ling Tian, you’re finally leaving. Alas, you’ll die today!”

At the same time, Li Fei, who was in Duan Ling Tian’s Little World, had yet to cultivate so she could sense the commotion in the outside world. Her expression darkened and flames of fury danced in her limpid eyes when she discovered Kong You Yi had come looking for trouble.

“This Kong You Yi is unexpectedly relentless and stubborn!”

Duan Ling Tian did not block the outside world from those in his Little World so they could see what was happening outside if they wanted to. He did not want his family to feel trapped or suffocated in his Little World after all.

“You want to kill me?” Duan Ling Tian was slightly taken aback. He thought the pair of father and son only wanted to teach him a lesson, he did not expect them to want to take his life.

Kong You Yi said viciously, “Duan Ling Tian, Li Fei must be in your Little World, right? I’ll make sure she gets a clear view when I kill you! How dare you attack me! Today I’ll crush you into bits and pieces!”

“With your strength alone?” Duan Ling Tian scoffed.

“Duan Ling Tian, do you think that old man next to you is capable of stopping my father? How ridiculous! My father is the Almighty Wind Celestial Emperor, the second true disciple of the Heavenly Emperor of the Floating Heaven!” Kong You Yi said contemptuously. Following that, he said to his father with a hint of urgency, “Father, kill him now. Otherwise, it’d be difficult if Third Junior Aunt comes...”

The Almighty Wind Celestial Emperor silently responded through his actions.

Swoosh! Swoosh! Swoosh! Swoosh! Swoosh!

The wind stirred up violently in the surroundings in just a blink of an eye, forming a flurry of hurricanes. Following that, wind blades shot out from the eye of the hurricanes toward Elder Huo. At the same time, a huge gust of wind seemed to form an invisible hand that was making its way toward Duan Ling Tian.

“Yi’er, I’ll catch him so that you can kill him!” the Almighty Wind Celestial Emperor said to Kong You Yi.

Kong You Yi’s eyes lit up when he heard his father’s words. He charged toward Duan Ling Tian immediately. Before this, he could only look at Duan Ling Tian warily from the distance; he was afraid Duan Ling Tian would attack him before his father could make a move. Since two years ago, he knew he was no match for Duan Ling Tian at all so he knew it was impossible for him to seek revenge from Duan Ling Tian without his father’s help.

“Duan Ling Tian, I bet you didn’t expect this when you humiliated me two years ago, right?” Kong You Yi said smugly as he flew toward Duan Ling Tian with a narrow saber in his hand. He had hoped to see fear and despair on Duan Ling Tian’s face, but he noticed Duan Ling Tian was calm and unfazed. Killing intent surged from his body when he saw the giant hand was about to catch Duan Ling Tian. He roared, “Die! I planned to slowly torture, but in order to prevent mistakes from happening, I’ll kill you instead. Consider yourself lucky!”

At this moment, the Almighty Wind Celestial Emperor suddenly cried out, clearly panicked, “Yi’er, retreat!”

Kong You Yi looked up instinctively and discovered the giant hand formed from the wind was dispelled before it could even touch Duan Ling Tian. Chills ran up his spine immediately when he saw Duan Ling Tian looking at him with a faint smile. “W-what happened?!”

“You want to kill me with such meager strength?” A hint of ridicule flashed in Duan Ling Tian’s eyes. At the same time, his Celestial Origin Energy that had been boosted with the law of space swept out, easily knocking Kong You Yi away. He could easily kill Kong You Yi with just a move, but he was not in a hurry.

“Duan Ling Tian! If you dare to kill my son, I’ll kill you and your family!” The Almighty Wind Celestial Emperor’s furious and thunderous voice rang in the air.

“Father!” Kong You Yi was baffled; he did not understand why his father had stopped trying to restrain Duan Ling Tian. When he heard the nervousness in his father’s voice, he instinctively looked at his father. He saw his father and Elder Huo engaging in a battle, and it seemed like his father had fallen into a disadvantageous position.

“Who are you?” The Almighty Wind Celestial Emperor stared at Elder Huo; he did not expect Elder Huo to be so powerful. To be precise, he did not expect Elder Huo to be stronger than him. In fact, the gap between their strength was quite substantial as he felt he was about to be defeated at any moment.

“Almighty Wind Celestial Emperor, you’re really bold. You even dare to attempt to kill the Young Master of the Solitary Destructive Heaven. The Heavenly Palace of the Floating Heaven owes the Heavenly Palace of Solitary Destructive Heaven an explanation for today’s incident!” Elder Huo’s voice that had been infused with his terrifying Celestial Origin Energy echoed through the entire Heavenly Palace of the Floating Heaven.

Although the Heavenly Palace of the Floating Heaven had many defensive Formations, there were not many noise-canceling Formations. Therefore, Elder Huo’s words were heard by almost everyone, stirring up a commotion among the members of the Heavenly Palace of the Floating Heaven.

“Whose voice is that?”

“Did he say the Almighty Wind Celestial Emperor wants to kill the Young Master of the Heavenly Palace of Solitary Destructive Heaven?”

“That voice came from the transportation site... Let’s go and have a look!”

It did not take long before many figures could be seen in the sky, flying toward the transportation site in the Heavenly Palace of the Floating Heaven.

On the other hand, since the Purple Spike Celestial Emperor's cultivation ground was equipped with a noise-canceling Formation, she was unaware of the commotion outside.

Fortunately, the beautiful woman who had been in charge of protecting Li Fei informed the Purple Spike Celestial Emperor immediately of the matter when she heard Elder Huo's voice.

"Has he gone crazy?!" The Purple Spike Celestial Emperor's expression changed drastically when she heard that her Second Senior Brother attempted to kill Duan Ling Tian.

Chapter 3422: It's Just a Joke

The transportation site in the Heavenly Palace of the Floating Heaven was in ruins. Even the stone platform that held the Transportation Formation had been destroyed, rendering the Formation useless.

High up in the sky, fiery-red flames surged, entangled with a green tornado.

"What did you say?!" The Almighty Wind Celestial Emperor exclaimed in shock as he hastily blocked Elder Huo's attack.

'The Young Master of the Heavenly Palace of the Solitary Destructive Heaven?' An ominous feeling rose in the Almighty Wind Celestial Emperor's heart immediately. However, since when did the Heavenly Palace of the Solitary Destructive Heaven have a Young Master? From what he knew, the Heavenly Emperor of the Solitary Destructive Heaven, Feng Qing Yang, only had a few nominal disciples. Although Feng Qing Yang's nominal disciples were extraordinary talents who had made their marks on the Nine Serenities Battlefield, none of them could be considered the Young Master of the Heavenly Palace of Solitary Destructive Heaven. The Young Master of the Solitary Destructive Heaven could only be Feng Qing Yang's son or true disciple.

Although the Almighty Wind Celestial Emperor was a true disciple of the Heavenly Emperor of the Floating Heaven, he was only one of three true disciples. His Eldest Senior Brother was the son of the Heavenly Emperor of the Floating Island so he was, naturally, not qualified to bear the title of the Young Master of the Heavenly Palace of the Floating Island.

"Is there something wrong with your hearing?" Elder Huo scoffed. "I said I'd like to see how the Heavenly Palace of the Floating Heaven is going to answer to the Heavenly Palace of the Solitary Destructive Heaven!"

"Can you even prove you're a member of the Heavenly Palace of Solitary Destructive Heaven?" the Almighty Wind Celestial Emperor solemnly asked.

"Who are you for me to have to prove myself to you?" Elder Huo said derisively.

"If you have no proof to back up your claims, it only means you're an impostor and lying about the Heavenly Palace of the Solitary Destructive Heaven. Based on what I know, the Heavenly Palace of the Solitary Destructive Heaven doesn't have a Young Master," the Almighty Wind Celestial Emperor said coldly. Despite his words, he felt rather uneasy and fearful. If the old man was telling the truth and Duan Ling Tian was indeed the Young Master of the Heavenly Palace of the Solitary Destructive Heaven, he would be in deep trouble. It would be impossible for him to get away with his actions today even if his master, the Heavenly Emperor of the Floating Heaven, wanted to protect him. Feng Qing Yang was

known to be incredibly protective of the members of the Heavenly Palace of the Solitary Destructive Heaven.

In the past, when Feng Qing Yang's subordinate, Meng Luo, the Heavenly Savage Celestial Emperor, unintentionally provoked a Heavenly Emperor and was almost killed even after he apologized for his offense, Feng Qing Yang personally killed that Heavenly Emperor to avenge Meng Luo.

Normally, the Heavenly Emperors would never kill their peers unless it was absolutely necessary since it would be troublesome and they had their reputations to maintain. However, Feng Qing Yang did not care about such things. At that time, Feng Qing Yang even boldly declared that no one was allowed to lay their hands on his people.

Since that incident, Feng Qing Yang was known throughout the Devata Realms for his protectiveness. For this reason, nobody would even dare to lay a finger on an ordinary titled Celestial Emperors from the Heavenly Palace of the Solitary Destructive Heaven unless it was necessary.

"Impostor? Lying?" Elder Huo laughed. Then, he said disdainfully, "Is there anybody who's bold enough to pretend to be a member of the Heavenly Palace of the Solitary Destructive Heaven? Let's not talk about the others; do you have the guts to pretend to be a member of the Heavenly Palace of the Solitary Destructive Heaven?"

The Almighty Wind Celestial Emperor's expression turned grim when he heard Elder Huo's words. Indeed, there were not many people bold enough to pretend to be a member of the Heavenly Palace of the Solitary Destructive Heaven. Feng Qing Yang was not an ordinary Heavenly Emperor, after all. With Feng Qing Yang's current strength, there were only a few forces in all Devata Realms who were capable of standing up to Feng Qing Yang. Moreover, if Feng Qing Yang wanted to kill someone, there would be no lack of people volunteering to help him in order to curry favor with him.

Meanwhile, Kong You Yi's current expression was one of disbelief when he saw the mocking smile on Duan Ling Tian's face. 'The Young Master of the Heavenly Palace of the Solitary Destructive Heaven? Impossible! How's this possible?'

Terrified, Kong You Yi instantly sent a message to his father, the Almighty Wind Celestial Emperor. "Father, what should we do now?"

"What else can we do? Run!" the Almighty Wind Celestial Emperor said to his useless son, "This is all your fault, brat!"

"Run?" Kong You Yi was stunned. "Father, why should we run when we aren't even sure if they're really from the Heavenly Palace of the Solitary Destructive Heaven?"

"Do you think we'll have a chance to run once the matter is confirmed?" the Almighty Wind Celestial Emperor replied. At this time, he began to feel regretful. He was filled with self-pity as he thought about how he, the Almighty Wind Celestial Emperor of the Heavenly Palace of Floating Heaven and the second true disciple of the Heavenly Emperor of the Floating Heaven, ended up in such a state.

"Let's leave first! If they aren't members of the Heavenly Palace of the Solitary Destructive Heaven, it won't be too late for us to return. If they're really members of the Heavenly Palace of the Solitary Destructive Heaven, we'll be able to escape the consequences. When things subside, perhaps, we'll have

a chance to return to the Heavenly Palace of the Floating Heaven.” The Almighty Wind Celestial Emperor was only trying to placate his son. In fact, he knew that if Duan Ling Tian was really the Young Master of the Heavenly Palace of the Solitary Destructive Heaven, it would be impossible for them to return to the Heavenly Palace of the Floating Heaven for the rest of their lives. Even if the Heavenly Emperor of the Solitary Destructive Heaven did not hunt them down, it was impossible for the Heavenly Emperor of the Floating Heaven to accept them again in fear of offending the Heavenly Emperor of the Solitary Destructive Heaven!

Many years ago, his master was evenly matched with Feng Qing Yang. Moreover, in terms of innate talent, his master was inferior to Feng Qing Yang. Now that so many years had passed, Feng Qing Yang was undoubtedly stronger than his master now. Apart from that, he had also heard from his master that Feng Qing Yang seemed to have attained godhood. With all these factors, he was certain his master would not offend Feng Qing Yang.

Meanwhile, the members of the Heavenly Palace of the Floating Heaven who had gathered at the transportation site discussed among themselves as they watched the battle before them.

“It’s the Almighty Wind Celestial Emperor!”

“Who’s that? He’s stronger than the Almighty Wind Celestial Emperor. If it weren’t for the law of wind that grants him speed, the Almighty Wind Celestial Emperor would have been defeated by now.”

“Kong You Yi is here as well!”

“Who’s that in front of Kong You Yi? Is he the Young Master of the Heavenly Palace of the Solitary Destructive Heaven?”

At this moment, a woman with a curvaceous body landed among the crowd and called out, “Second Senior Brother!”

The crowd’s attention shifted to her immediately.

“The Purple Spike Celestial Emperor is here!”

“Her expression is quite bad...”

“Since the Purple Spike Celestial Emperor is here, they should be able to defeat the red-clad old man if they join forces.”

The crowd thought the Purple Spike Celestial Emperor had come to help the Almighty Wind Celestial Emperor so they were shocked by what happened next.

“Second Senior Brother, my disciple’s husband, Duan Ling Tian, is indeed the only true disciple of Heavenly Emperor Feng Qing Yang of the Solitary Destructive Heaven. Otherwise, I wouldn’t have let Li Fei leave with him,” the Purple Spike Celestial Emperor looked at the Almighty Wind Celestial Emperor said, confirming Duan Ling Tian and Elder Huo’s identities, “As for your opponent, he’s Elder Huo, the Golden Crow Celestial Emperor from the Heavenly Palace of the Solitary Destructive Heaven. He’s only second to Meng Luo, the Heavenly Savage Celestial Emperor, in the Heavenly Palace of the Solitary Destructive Heaven!”

The Heavenly Savage Celestial Emperor, Meng Luo, was the strongest titled Celestial Emperor under Feng Qing Yang. After Feng Qing Yang returned from the Asura Hell, one of the seven deadliest places in the Devata Realms, Meng Luo had risen to fame as well. Elder Huo was lesser known compared to Meng Luo.

The members of the Heavenly Palace of the Floating Heaven were shocked by this revelation. They looked at the Almighty Wind Celestial Emperor in confusion, wondering why he wanted to kill the Young Master of the Heavenly Palace of the Solitary Destructive Heaven.

“So it’s true! That young man is the Young Master of the Heavenly Palace of the Solitary Destructive Heaven!”

“Heavens! The Heavenly Emperor of the Solitary Destructive Heaven, Lord Feng Qing Yang, has accepted a true disciple? Moreover, he’s also the husband of the Purple Spike Celestial Emperor’s disciple?”

“The Almighty Wind Celestial Emperor wants to kill someone with such an identity?”

“Once our Lord Heavenly Emperor finds out about this matter, it’s likely he won’t forgive the Almighty Wind Celestial Emperor, right?”

At the same time, hints of fear and despair filled Kong You Yi’s eyes when he heard the Purple Spike Celestial Emperor’s words.

Even the Almighty Wind Celestial Emperor shuddered in fear as he cursed inwardly, ‘This b*tch! So you’ve known Duan Ling Tian’s identity from the beginning! Why didn’t you warn me?!’

Following that, the Almighty Wind Celestial Emperor asked the Purple Spike Celestial Emperor through Voice Transmission, “Third Junior Sister, when I went to look for you two years ago, you already knew about Duan Ling Tian’s identity?”

“Yes,” the Purple Spike Celestial Emperor replied.

A hint of anger could be heard in the Almighty Wind Celestial Emperor’s voice as he asked, “Why didn’t you tell me about it?”

“Since the matter had been resolved at that time, I didn’t think there was a need to reveal his identity,” the Purple Spike Celestial Emperor replied.

The Almighty Wind Celestial Emperor fumed in anger when he heard the Purple Spike Celestial Emperor’s reply. Subsequently, he took a deep breath before he hurriedly stepped aside. Then, he forced a cheerful smile on his face before he said to Elder Huo, “Elder Huo, this is a misunderstanding. My unfilial son and I were just joking with you and your Young Master...”

Chapter 3423: Useless Brat

Just a joke?

Upon hearing the Almighty Wind Celestial Emperor’s words, not only Elder Huo and Duan Ling Tian were stunned, but even the Purple Spike Celestial Emperor and the members of the Heavenly Palace of the Floating Heaven were stunned.

They did not expect the Almighty Wind Celestial Emperor could be so shameless. However, after they thought about his current situation, they did not find his reaction surprising, considering the desperate situation he was in. Perhaps, they would have done the same if they were in shoes. After all, if the situation continued to escalate, even their Heavenly Emperor of the Floating Heaven would not be able to save him. However, did he really think such a lame excuse would work?

The Almighty Wind Celestial Emperor looked at Duan Ling Tian and humbly said, "Duan... Young Master, since my son has been disrespectful to you, I'll certainly punish him severely and make sure he doesn't appear in front of you in the future. Is that okay with you?"

"Quit playing the fool," Duan Ling Tian glanced at the Almighty Wind Celestial Emperor. It was clear he refused to let things slide. He said frostily, "Since you and your son, Kong You Yi, want to kill me, how can I just let you get away with it? Is the Heavenly Palace of the Solitary Destructive Heaven a joke to you? In the future, am I supposed to let those who fail to assassinate me go just because they begged for mercy? How ridiculous! If you were in my shoes, would you let me off?"

The Almighty Wind Celestial Emperor's expression soured for a moment before he continued to maintain the forced cheerful smile on his face and said, "Young Master, since your wife is my Third Junior Sister's disciple, it means I'm her senior uncle. Can you forgive us for the sake of my Third Junior Sister?"

Upon hearing these words, Duan Ling Tian shifted his gaze to the Purple Spike Celestial Emperor who had just arrived.

The Purple Spike Celestial Emperor's expression darkened when she heard the Almighty Wind Celestial Emperor's words. She felt a burning sensation on her cheeks when Duan Ling Tian looked at her. She said icily, "Almighty Wind Celestial Emperor, when you tried to kill him, didn't it cross your mind to hold back for my sake?"

The Almighty Wind Celestial Emperor was taken aback. The Purple Spike Celestial Emperor was clearly trying to alienate herself from him by addressing him using his title instead of using the term 'Second Senior Brother'. She had clearly drawn a line between them, making it clear she was not going to help him. With this, it was clear to him that there was no turning back.

Left with only one choice, which was to flee, the Almighty Wind Celestial Emperor dashed toward his son, Kong You Yi, to bring him away.

Kong You Yi was still frozen in shock after the Purple Spike Celestial Emperor confirmed Duan Ling Tian's identity. Although he had mentally prepared himself, nothing could prepare him from the fear and panic that rose from the bottom of his heart.

Duan Ling Tian was the Young Master of the Heavenly Palace of Solitary Destructive Heaven.

"Yi'er, let's run away!"

Kong You Yi finally regained his senses when he heard his father's words. His eyes brightened immediately. In his opinion, it would be difficult for him and his father to escape due to his father's speed. Even if his Third Junior Aunt was stronger than his father, her speed was slower since his father comprehended the law of wind.

“Trying to flee?” Elder Huo naturally knew the Almighty Wind Celestial Emperor was going to flee when he saw the Almighty Wind Celestial Emperor make a beeline for his son. With this, golden flames danced in his eyes before he suddenly flashed and transformed into a giant golden bird that was the size of a small hill. Golden flames raged around the bird, making it look dazzling even from afar.

Swoosh! Swoosh! Swoosh!

Although the law of fire that Elder Huo comprehended did not boost his speed much, as a flying Celestial Beast, he was gifted with speed. Coupled with his comprehension of the law of fire was higher than the Almighty Wind Celestial Emperor, his speed was on par with the Almighty Wind Celestial Emperor.

Instead of the Almighty Wind Celestial Emperor, Elder Huo flew toward Kong You Yi. He knew the Almighty Wind Celestial Emperor would not leave without his son.

“No!” The Almighty Wind Celestial Emperor did not expect Elder Huo to be so fast after reverting to his true form. His expression changed immediately. Then, without any hesitation, he abandoned his son and fled toward the distance.

Since Elder Huo’s speed was only on par with the Almighty Wind Celestial Emperor, it was difficult for him to catch up to the Almighty Wind Celestial Emperor since the Almighty Wind Celestial Emperor had a headstart.

If the Almighty Wind Celestial Emperor was an outsider, it would be difficult for him to leave the Heavenly Palace of the Floating Heaven. However, as a titled Celestial Emperor in the Heavenly Palace of the Floating Heaven and its Heavenly Emperor’s second true disciple, he knew the Heavenly Palace like the back of his hand. Since Elder Huo was not familiar with the Heavenly Palace of Floating Heaven, it would be impossible for him to catch up even if Elder Huo’s speed was faster. For these reasons, Elder Huo did not bother to give chase at all. Instead, he turned to look at the Purple Spike Celestial Emperor, whose expression was unsightly, and solemnly said, “Purple Spike Celestial Emperor, please inform the Lord Heavenly Emperor of the Floating Heaven about this matter... I demand an explanation from the Heavenly Palace of the Floating Heaven!”

“Rest assured, Elder Huo. The Heavenly Palace of the Floating Heaven will give you a satisfactory explanation,” the Purple Spike Celestial Emperor said. At the same time, she sent a message to her master, Yang Yun Xiao, the Heavenly Emperor of the Floating Heaven.

Meanwhile, Duan Ling Tian looked at Kong You Yi, whose expression was twisted, and smiled faintly. “Kong You Yi, your father is really amazing! He can even abandon his son.”

“Duan Ling Tian!” Kong You Yi glared at Duan Ling Tian and solemnly said, “My father just sent me a message... He wants you to know that if you dare kill me, he’ll never let you get away with it even if you’re the Young Master of the Heavenly Palace of the Solitary Destructive Heaven! You can’t spend the rest of your life being a coward and stay in the Heavenly Palace of the Solitary Destructive Heaven, can you?”

“Oh? Is that so?” Duan Ling Tian sneered.

Smack!

At this moment, the Purple Spike Celestial Emperor slapped Kong You Yi's cheek and said indignantly, "Kong You Yi, even if Duan Ling Tian doesn't kill you today, the Heavenly Palace of the Floating Heaven won't let you get away with this!"

"Third Junior Aunt." Kong You Yi held his swollen cheek as he spat out a few teeth. He looked at the Purple Spike Celestial Emperor and said in a grave tone, "My father wants me to tell you that if the Heavenly Palace of the Floating Heaven kills me, he will kill the members of the Heavenly Palace of the Floating Heaven as soon as they leave the palace. If I die, he'll definitely avenge me." A smirk appeared on his face when he finished speaking. He looked at the members of the Heavenly Palace of the Floating Heaven meaningfully.

Was the Almighty Wind Celestial Emperor crazy? He was willing to make an enemy out of the Heavenly Palace of the Floating Heaven because of his son? Did he have a death wish?

The Purple Spike Celestial Emperor looked at Kong You Yi and said airily, "Do you think he's capable of running away?"

Kong You Yi was taken aback when he heard these words. An ominous feeling rose in his heart immediately when he saw the triumphant smile on the Purple Spike Celestial Emperor's face. He sent his father a message immediately, panicking. "Father?"

After a while, Kong You Yi still did not receive a reply from his father.

Swoosh!

A gust of wind blew past suddenly before an old man appeared out of thin air, surprising everyone. The old man's hair was completely white, but his appearance was rather youthful for his age. A person with a grim expression on his face stood next to the old man; was this not the Almighty Wind Celestial Emperor who had just fled?

When the members of the Heavenly Palace of the Floating Heaven regained their senses, they hurriedly bowed at the old man.

"Greetings, Lord Heavenly Emperor!"

Yang Yun Xiao, the Heavenly Emperor of the Floating Heaven had finally arrived after catching the Almighty Wind Celestial Emperor who apparently failed to escape. He looked at Kong You Yi, who had turned pale, indifferently as he said, "I've already heard about what happened..."

"Both of you are really bold to attempt to kill the Young Master of the Heavenly Palace of the Solitary Destructive Heaven!" Yang Yun Xiao said as he looked at the Almighty Wind Celestial Emperor and Kong You Yi.

Kong You Yi hastily kneeled and bowed at Yang Yun Xiao before he pleaded, "Grandmaster, it's all my fault! Please forgive me! Grandmaster, I've learned my lesson so please forgive me!"

Kong You Yi knew his grandmaster loved him dearly, hence, he pleaded with his grandmaster. However, he had underestimated the severity of his actions.

Yang Yun Xiao's expression darkened further when he heard Kong You Yi's words.

"You useless brat!" Yang Yun Xiao barked.

Following that, Kong You Yi exploded into a mist of blood without any warning.

Chapter 3424: The Sly Old Fox

Yang Yun Xiao, the Heavenly Emperor of the Floating Heaven, killed Kong You Yi with just a thought.

The members of the Heavenly Palace of the Floating Heaven gasped; for most of them, this was the first time they had seen Yang Yun Xiao making a move.

"Yi'er!" The Almighty Wind Celestial Emperor cried sorrowfully. Apart from hatred, fear could be seen in his eyes as he looked at Yang Yun Xiao. Although he was powerful, he was nothing in front of his master.

"Junior Nephew Duan," Yang Yun Xiao looked at Duan Ling Tian and said with a smile, "I've killed Kong You Yi since he was the instigator. As for Kong Fen, is it okay to spare his life since his actions were born out of his love for his son?"

Without waiting for Duan Ling Tian to reply, Yang Yun Xiao continued to say, "Naturally, Kong Fen will still be punished. He'll be imprisoned for 100 years..."

Duan Ling Tian's heart sank when he heard Yang Yun Xiao's words.

On the other hand, Elder Huo's raised an eyebrow.

It was clear to the duo that Yang Yun Xiao was trying to save the Almighty Wind Celestial Emperor's life by pushing all the blame to Kong You Yi. What kind of punishment was it to be sentenced to 100 years of imprisonment? It was nothing for someone like the Almighty Wind Celestial Emperor. Moreover, who could guarantee Yang Yun Xiao would keep his words after they left?

Before Duan Ling Tian could speak, Elder Huo said, "Lord Heavenly Emperor, don't you think your disciple's punishment is too light? Although he was not the instigator, he should be held responsible for his actions as well..." His expression darkened at the end of his words.

Yang Yun Xiao did not respond to Elder Huo. Instead, he turned to look at Duan Ling Tian. Naturally, he knew who called the shots.

"I feel the same as Elder Huo," Duan Ling Tian said solemnly.

Yang Yun Xiao narrowed his eyes. "Junior Nephew Duan, you think the punishment is too light as well?" Just like before, he did not wait for Duan Ling Tian's reply before he continued to say, "If that's the case, I'll increase the duration from 100 years to 300 years. Junior Nephew Duan, this should satisfy you, right?" After he finished speaking, he looked at Duan Ling Tian meaningfully.

Duan Ling Tian's expression darkened; he felt as though he had been insulted.

Just as Duan Ling Tian was about to speak, he received a Voice Transmission from the Purple Spike Celestial Emperor.

“Duan Ling Tian, it’s obvious my master is determined to save my Second Senior Brother. No matter what you say, it won’t change his mind unless your master is here... I’ve underestimated the importance of my Second Senior Brother to my master...”

The Purple Spike Celestial Emperor was surprised by this outcome as well. She had been certain her master would not forgive the pair of father and son for their actions. After all, their actions could lead to disastrous consequences. Everyone knew how protective Feng Qing Yang was of his people, let alone his true disciple. She did not think her master would only kill Kong You Yi.

“Perhaps, my master doesn’t think that Heavenly Emperor Feng Qing Yang will be dissatisfied with his decision, They’re friends, after all. Moreover, no one can say my master has dealt with this matter inappropriately since it’s hard to determine how great the responsibility my Second Senior Brother should bear in regard to the matter....”

Duan Ling Tian, who was furious, calmed down after he mulled over the Purple Spike Celestial Emperor’s words. In the end, he said, “Since Heavenly Emperor Yang has spoken, I have no objections.”

Duan Ling Tian’s attitude had obviously turned frosty. He did not even bother to address Yang Yun Xiao as Senior Uncle.

Yang Yun Xiao had already expected this so he remained calm. He said, “Since the transportation site in the Heavenly Palace of the Floating Heaven is destroyed, it will take some time to rebuild it... Junior Nephew Duan, if you’re in a hurry to leave, you can go to the transportation site nearest to my Heavenly Palace. If you’re not in a hurry, you can wait for the transportation site here to be rebuilt...”

“We’re in a hurry to return to the Solitary Destructive Heaven,” Duan Ling Tian replied tonelessly. He did not want to stay a moment longer. After bidding farewell to the Purple Spike Celestial Emperor, he left with Elder Huo.

At the same time, discontentment and dissatisfaction flashed in Elder Huo’s eyes. After they left, he said furiously, “How dare Yang Yun Xiao protect his second disciple so shamelessly? Isn’t he afraid our Lord Heavenly Emperor will demand an explanation from him?”

“Even if master looks for Yang Yun Xiao, Yang Yun Xiao would still push everything to Kong You Yi and insist that the Almighty Wind Celestial Emperor had only acted out of love,” Duan Ling Tian said as he shook his head, “Think about it. If master decides to let things slide, then the Almighty Wind Celestial Emperor will live. If master demands an explanation, at that time, it’s not too late for Yang Yun Xiao to kill the Almighty Wind Celestial Emperor to appease master. Either way, Yang Yun Xiao won’t have to bear any consequences. He’s really a sly old fox...”

Before today’s incident, Duan Ling Tian had a rather good impression of Yang Yun Xiao. It helped that Yang Yun Xiao had given him a unique treasure even if Yang Yun Xiao did not know how precious it was. The treasure was so precious that it could help Huang’er upgrade the Seven Orifices Exquisite Sword to a supreme-grade divine artifact.

However, after today’s incident, that good impression had diminished greatly. Since Yang Yun Xiao refused to kill the Almighty Wind Celestial Emperor, he decided to acquiesce. He would just treat it as an

exchange for the small bead he received. The only reason that old fox had given him a gift was only due to the fact that he was Feng Qing Yang's true disciple, after all.

"Young Master, you're wise." Elder Huo sighed. He realized Duan Ling Tian was right after he thought about it for a moment. Yang Yun Xiao, the Heavenly Emperor of the Floating Heaven, had boldly protected his disciple because he had thoroughly calculated everything. Just as Duan Ling Tian had said, it was not too late to kill his disciple if Feng Qing Yang expressed his displeasure later on. With this, he successfully grabbed the chance for his disciple to survive.

Duan Ling Tian and Elder Huo left the Heavenly Palace of the Floating Heaven feeling frustrated.

...

In Yang Yun Xiao's cultivation ground.

The Almighty Wind Celestial Emperor looked at the white-haired old man with bloodshot eyes.

"Kong Fen, I hope you won't blame me," Yang Yun Xiao sighed as he said, "I had to kill your son to save your life. Since you're both at fault, I have to do something as an explanation for Feng Qing Yang. If I don't act, the situation will escalate if Feng Qing Yang shows up later. Since your son is dead, it's unlikely that he'll personally come to demand an explanation and risk falling out with me. However, if he really does come and demand your death, there won't be anything I can do to protect you. Therefore, you should consider your next step carefully. It's up to you if you want to continue to stay here or leave and find a place to hide. Your fate is uncertain if you stay here. If I were you, I'd leave temporarily until we can determine Feng Qing Yang's stance..."

"Master!" The Almighty Wind Celestial Emperor fell to his knees and kowtowed. "Please forgive me for being disrespectful after you killed Yi'er! I thought you would kill me as well to appease the Young Master of the Heavenly Palace of Solitary Destructive Heaven. I didn't expect you to protect me." After he finished speaking, he kowtowed another three times to his master.

"You've been with me for so many years... How could I do nothing and watch you die?" Yang Yun Xiao shook his head and sighed. "Kong Fen, have you decided? Will you stay or leave?"

"Master, I've decided to leave," the Almighty Wind Celestial Emperor looked grim as he said, "I refuse to let someone else decide my fate even if he's the Heavenly Emperor of the Solitary Destructive Heaven!"

Killing intent flashed in the Almighty Wind Celestial Emperor's eyes. He was determined to avenge his son. Although Kong You Yi was killed by his master, Yang Yun Xiao, his master had done it to preserve his life. How could he blame his master? For this reason, he pushed all the blame to Duan Ling Tian.

Chapter 3425: The Members of the Luo River Sect Came To Annihilate the Saint Province Realm

Unbeknownst to Duan Ling Tian, after he and Elder Huo returned to the Solitary Destructive Heaven, the Almighty Wind Celestial Emperor, Kong Fen, left the Heavenly Palace of the Floating Heaven as well.

Duan Ling Tian still could not shake off his frustrations. He knew very well that Yang Yun Xiao, the Heavenly Emperor of the Floating Heaven, was adamant about protecting the Almighty Wind Celestial Emperor because his master, Feng Qing Yang, was not present. His frustration mostly stemmed from

him feeling weak. After all, if he was stronger than Yang Yun Xiao, Yang Yun Xiao would not be able to protect the Almighty Wind Celestial even if Feng Qing Yang was not present.

'I'm still too weak... In Yang Yun Xiao's eyes, I'm just like a puny ant... He wouldn't have been so warm if it weren't for my master...' Duan Ling Tian thought to himself. Indeed, he was right. Yang Yun Xiao had only treated him so kindly and warmly all because he was Feng Qing Yang's only true disciple. If it were not for this fact, Yang Yun Xiao would not have deigned to speak to him at all.

Since Duan Ling Tian's self-esteem had taken a blow from his time in the Heavenly Palace of the Floating Heaven, he had been keeping himself busy, cultivating in his room, after returning to the Heavenly Palace of the Solitary Destructive Heaven.

Meanwhile, his family and friends continued to cultivate in his Little World.

Needless to say, Duan Ling Tian cultivated using the Heaven and Earth Spirit Energy in his Little World as well. After all, even the Heaven and Earth Spirit Energy in the Heavenly Palace of the Solitary Destructive Heaven could not compare to the one in his Little World. Even the Divine Crystal's Heaven and Earth Spirit Energy could not compare to the remnant of a Realm of Gods' Heaven and Earth Spirit Energy in his Little World.

Duan Ling Tian's parents, Duan Ru Feng and Li Rou, felt it was best to stay in Duan Ling Tian's Little World. Although it was good that they could be with their son by staying in his Little World, it was rather difficult for them to be affectionate in the Little World due to the lack of privacy. Therefore, the couple would leave the Little World when they wanted time alone. After all, their son's accommodation in the Heavenly Palace of the Solitary Destructive Heaven had so many rooms that there were more than enough rooms for all his family and friends.

One of those days Duan Ling Tian's parents left his Little World, his mother, Li Rou, said, "When it's convenient, I want to visit the Saint Province Realm. It's been a long time since we went back..."

Duan Ru Feng nodded. "Alright. Let's wait a while before we return."

...

The Saint Province Realm was just one of many mundane realms. Although Feng Qing Yang, who was a prominent figure in the Devata Realms, hailed from the Saint Province Realm, nobody in the Saint Province Realm was aware of that fact.

At this moment, in the sky above a vast ocean in the Saint Province Realm.

A beautiful woman said to the man standing next to her, "Brother Qiu, it's time for us to return to the Heavenly Palace of the Solitary Destructive Heaven to look for Huan'er and Little Tian."

Lian Qiu nodded. "You're right. It's about time for us to return now that we've wandered all the places in this mundane realm. We should return to the Heavenly Palace of the Solitary Destructive Heaven to focus on our cultivation. Although it's impossible for us to catch up to the cultivation bases of our daughter and son-in-law, being able to cultivate in the Heavenly Palace of the Solitary Destructive Heaven is greatly beneficial to us."

Lian Qiu was a Sword Celestial from the Heavenly Sword Mountain, a heaven-grade force in the Solitary Destructive Heaven. Like any other Sword Celestials in the Solitary Destructive Heaven, Feng Qing Yang was his idol as well. He did not imagine he would have such a connection to Feng Qing Yang because of his daughter; his son-in-law was Feng Qing Yang's only true disciple!

The pair of husband and wife were shocked when they learned about this. At that time, Duan Ling Tian had wanted to bring them back with him, but they had fallen in love with the Saint Province Realm so they decided to stay for a little longer to explore the place. Before Duan Ling Tian left, he had told them to go to the Heavenly Palace of the Solitary Destructive Heaven and look for Meng Luo, the Heavenly Savage Celestial Emperor, if they could find him in the Heavenly Palace of the Solitary Destructive Heaven.

At this moment, Lian Qiu suddenly narrowed his eyes, and the smile on his face froze immediately. It was as though he had sensed something.

Boom! Boom! Boom!

In just a moment, a series of explosions rang from the bottom of the ocean. Corpses of beasts rose to the surface of the sea soon after, dyeing the blue water red.

"What's going on?" Du Xuan was baffled by this scene.

"Someone had killed them... The person seems to be a Celestial Emperor!" Lian Qiu said with a grave expression on his face.

Following that, Lian Qiu hurriedly brought Du Xuan away and teleported to the other end of the ocean. They saw two middle-aged men hovering in the sky as well.

The two middle-aged men raised their hands as waves and waves of terrifying energy shot into the ocean like beams of light, killing all the beasts in the ocean. They noticed Lian Qiu and Du Xuan's presence almost as soon as the duo arrived. They looked at the duo with killing intent before one of them attacked wordlessly.

Swoosh! Swoosh! Swoosh!

A fireball that contained the force of a Celestial Emperor shot toward Lian Qiu and Du Xuan in the sky. Fortunately, it was no threat to Lian Qiu.

Swoosh!

An ear-piercing sword cry rang in the air as Lian Qiu's Celestial Origin Energy that boosted by his fused profundity converged and formed a gigantic sword to repel the fireball.

Boom!

The giant sword easily repelled the fireball before it continued shooting toward the middle-aged man.

"A Celestial Emperor?!" With this attack, the middle-aged man knew Lian Qiu was a Celestial Emperor whose strength was at least on par with his.

Since Lian Qiu did not attack with all his might, the middle-aged man easily deflected his attack as well.

Following that, the middle-aged man, who was surprised to see two Celestial Emperors in this small mundane realm, asked, "Who are you? You're not members of the Luo River Sect, are you?"

'The River Luo Sect?' Lian Qiu's eyes narrowed imperceptibly. There were so many heaven-grade forces in the Devata Realms that it was impossible to remember all of them. However, he remembered a few prominent ones, and the Luo River Sect was one of them.

The Luo River Sect was not only a heaven-grade force, but it was the Heavenly Palace of the Luo River Heaven as well. The Sect Leader of the Luo River Sect was also the Heavenly Emperor of the Luo River Heaven. Therefore, it was not a force that heaven-grade forces like the Heavenly Sword Mountain from the Solitary Destructive Heaven and the Boundless Heaven's Heavenly Pool Palace could compare to.

Lian Qiu raised an eyebrow and asked "What are the members of the Luo River Sect doing in this mundane realm?"

"We've been ordered by our Sect Leader to kill living things in this mundane realm!" the other middle-aged man said as he stared at Lian Qiu intently.

"Your Sect leader?" Lian Qiu's expression changed immediately. He did not expect the members of the Luo River Sect were here to kill all living things in the Saint Province Realm due to the orders of the Sect Leader of the Luo River Sect.

Lian Qiu asked just to be sure, "You're referring to the Heavenly Emperor of the Luo River Sect Heaven?"

"Indeed," the middle-aged man replied indifferently, "We received this order through the Saint Girl of our Luo River Sect..."

Lian Qiu had heard of the Saint Girl of River Luo Sect. She was the biological daughter of Situ Zhu Qing, the Sect Leader of the Luo River Sect and the Heavenly Emperor of the Luo River Heaven. She was only second to Situ Zhuqing in both the Luo River Heaven and the Luo River Sect.

"Why does the Heavenly Emperor of the Luo River Sect want to kill all living things in the Saint Province Realm to be annihilated? How could an insignificant and small mundane realm offend her?" Lian Qiu asked. Although it was just a mundane realm, to annihilate all living things was still a terrifying act.

"We have no idea," the middle-aged man replied.

"Only both of you are here?" Lian Qiu asked as killing intent flashed in the depths of his eyes. He planned to kill the two middle-aged men if they were the only members sent here before returning to the Solitary Destructive Heaven to inform his son-in-law of this matter. After all, not only did his son-in-law come from the Saint Province Realm, but Feng Qing Yang, the Heavenly Emperor of the Solitary Destructive Heaven, came from the Saint Province Realm as well.

Lian Qiu wondered if the Heavenly Emperor of the Luo River Heaven issued such an order because of a grudge against the Heavenly Emperor of the Solitary Destructive Heaven? Even before Feng Qing Yang had gone to the Asura Hell, Situ Zhuqing was already not a match for Feng Qing Yang. Now that Feng Qing Yang had returned from the Asura Hell even stronger than before, it was impossible that Situ Zhuqing would offend Feng Qing Yang. Moreover, the rumors of Feng Qing Yang attaining godhood had

spread to all Devata Realms; Situ Zhuqing would have to be crazy to intentionally provoke Feng Qing Yang.

“Of course not.” The middle-aged man shook his head, unaware of Lian Qiu’s killing intent. He said, “There are at least a dozen members along here, led by two titled Celestial Emperors...”

Upon hearing these words, Lian Qiu’s heart skipped a beat. Then, he said with a smile, “What a coincidence that my wife and I chose to visit a mundane realm that has offended the Heavenly Emperor of the Luo River Heaven. Since both of you are carrying out your duties, we won’t get in your way.”

Chapter 3426: Meng Luo Attacks

After Lian Qiu finished speaking, he brought out the Formation compass that Duan Ling Tian had given him and hastily activated it to return to the Heavenly Palace of the Solitary Destructive Heaven.

The Formation compass was, in fact, given to Duan Ling Tian by Elder Huo. It could transport one back to the Heavenly Palace of the Solitary Destructive Heaven no matter where one was. Apart from that, after the Formation compass had acknowledged an owner, it would be useless for others to possess it since it would self-destruct upon the death of its owner.

Swoosh!

Before the middle-aged man could respond, Lian Qiu had vanished along with Du Xuan. When he learned that there were two titled Celestial Emperors from the Luo River Sect who had come to the Saint Province Realm, a sense of danger rose in his heart immediately. Therefore, he no longer dared to waste time and immediately used the Formation compass to leave the Saint Province Realm. If the titled Celestial Emperors arrived before he left, it would be too late for him and his wife to escape if the two titled Celestial Emperors intended to kill them.

Not long after Lian Qiu and Du Xuan left through the Formation compass, an old man appeared, seemingly out of thin air. He glared at the two middle-aged men as he asked, “Where are they?”

One of the middle-aged men said with a bitter smile, “Elder Xiu, they left through a Formation compass...”

“Elder Xiu, one of them said they came here to relax. Since they’re not from the Saint Province Realm, it’s not necessary to kill them, right?” the other middle-aged man asked tentatively.

“What? Just because he said he’s not from the Saint Province Realm, you believe him so easily?” The old man looked at the two middle-aged men as though they were fools. “There are so many mundane realms; do you really think it’s just a coincidence that they were here? There must be a reason they were here. It’s likely that they came from the Saint Province Realm.”

After a pause, the old man said with a frown, “However, it’s rather strange. Why did both of them run away if they’re stronger than both of you?” In his opinion, if Lian Qiu and Du Xuan were from the Saint Province Realm, they should have killed the two middle-aged men when they discovered the Luo River Sect’s objective.

The middle-aged man who had spoken first earlier froze for a moment before he said sheepishly, “It must be because we mentioned that two titled Celestial Emperors led us here...”

The other middle-aged man nodded as he chimed in, "That's right. Although that man is powerful, he's not a titled Celestial Emperor..."

"Since they left in such a hurry, they must be afraid we'd come over and kill them," the old man said with a scoff. Clearly, he was one of the two titled Celestial Emperors who had led the members of the Luo River Sect to the Saint Province Realm.

"Hurry up and kill every living thing you encounter. If those two call for reinforcement, it'll be troublesome. If we return to ask for help, the Saint Girl and the Sect Leader will definitely blame us for our incompetence..." the old man said in a grave tone.

As soon as the old man finished speaking, the two middle-aged men hurriedly moved to carry out their duties.

Following that, the old man sent a message to the others to inform them of the matter.

With that, the Saint Province Realm suffered an unprecedented calamity. Blood flowed like rivers as its inhabitants were ruthlessly and brutally massacred by the members of the Luo River Sect who seemed so invincible that even Martial Emperors and other powerful sectless cultivators were easily killed within seconds.

...

After Lian Qiu and Du Xuan left the Saint Province Realm, they arrived at the Heavenly Palace of the Solitary Destructive Heaven.

The person guarding the Formation was stunned by their sudden appearance.

"May I ask for your names?"

Since this Formation was only exclusive to those who possessed the unique Formation compasses of the Heavenly Palace of the Solitary Destructive Heaven, the guard was naturally courteous toward Lian Qiu and Du Xuan.

"Sir, is this the Heavenly Palace of the Solitary Destructive Heaven?" Lian Qiu asked.

"Yes." The titled Celestial Emperor guarding the Formation was confused by Lian Qiu's question. He did not understand why the man in front of him would ask such a stupid question.

"Sir, I'm here to look for your Young Master, Duan Ling Tian. I'm his... It's okay. I'll send him a message now," Lian Qiu said. Initially, he planned to reveal his identity so the guard would bring him to Duan Ling Tian. However, he thought it would be quicker if he personally sent a message to Duan Ling Tian.

Duan Ling Tian who was in the midst of cultivating was interrupted by Lian Qiu's sudden message. Flames of fury danced in his eyes when he heard of what the Luo River Sect was doing.

"That damned Luo River Sect!"

Although Duan Ling Tian had expected the Heavenly Emperor of the Luo River Heaven to come looking for him for revenge, he did not expect her to be so crazy as to order her men to wipe out all the living

things in the Saint Province Realm. After all, the Saint Province Realm was just a small mundane realm, it should not attract any attention at all from a Heavenly Emperor of a Devata Realm. Naturally, he knew this was because he had killed the soul of the person who possessed Mu Yi Yi. The soul belonged to the daughter of the Heavenly Emperor of the Luo River Heaven and the twin sister of the Saint Girl of the Luo River Sect.

“It’s imperative to stop them at once... I should ask Senior Meng Luo for help.” After Duan Ling Tian calmed down, he sent a message to the Heavenly Savage Celestial Emperor, Meng Luo, instead of Elder Huo, while he was on his way to meet Lian Qiu and Du Xuan.

As soon as the titled Celestial Emperor guarding the Formation saw Duan Ling Tian, he hastily bowed. “Young Master.”

Since Duan Ling Tian had spent some time in the Heavenly Palace of the Solitary Destructive Heaven, most of the members of the Heavenly Palace of the Solitary Destructive Heaven were aware of Duan Ling Tian’s identity as the only true disciple of their Heavenly Emperor.

“Seniors, I’ll bring you to my residence. I’ve arranged for a place for both of you to stay. Don’t worry about the Saint Province Realm; I’ll deal with the matter immediately,” Duan Ling Tian said before leading the couple back to his residence.

Duan Ling Tian did not bring them into his Little World because Huan’er had told him not to expose his Little World to her parents. With the Divine Tree of Life and the Five Divine Elements, if word got out about them, even Feng Qing Yang might not be able to protect him. Although Huan’er trusted her mother, she was still wary of her father since she had not met him until recently. She did not want to take the risk of exposing Duan Ling Tian’s biggest secret, hence, she told Duan Ling Tian to keep his Little World a secret until she was certain she could trust her father. If something happened to Duan Ling Tian because of her, she would never forgive herself. Since Huan’er was adamant, there was nothing Duan Ling Tian could do. Moreover, he was moved when he saw that she prioritized his safety above all things. Although she knew the cultivation environment in his Little World was comparable to that of a Realm of Gods and would greatly benefit her parents, she still decided to keep it a secret from them due to his safety.

Before Duan Ling Tian left, Lian Qiu solemnly said, “The Luo River Sect is the Heavenly Palace of the Luo River Heaven. You must proceed with caution...”

“Rest assured, Senior Lian Qiu. I know what to do,” Duan Ling Tian replied with a nod.

After bidding farewell to Lian Qin and Du Xuan, Duan Ling Tian left to meet the muscular Meng Luo, the strongest titled Celestial Emperor under Feng Qing Yang’s command.

“Senior Meng Luo, I’m sorry to have to trouble you with this matter,” Duan Ling Tian grimly said as he looked at Meng Luo, “We have to hurry to the Saint Province Realm. I’m afraid they’ll successfully kill all living things in the Saint Province Realm if we’re late...”

“Young Master, even if you didn’t ask for my help, I wouldn’t have stayed idle,” Meng Luo said as his eyes blazed in anger, “Our Lord Heavenly Emperor comes from the Saint Province Realm, and he spoke about it often in the past. It’s clear that he’s fond of the Saint Province Realm. How can I forgive those

who want to destroy the Saint Province Realm? After we deal with this, I'll personally visit the Luo River Sect. How dare a Seven Star God of War provokes our Lord Heavenly Emperor?"

When Duan Ling Tian arrived in the Saint Province Realm, he hid in Meng Luo's Little World. He did not intend to show himself since it would expose the matter with Mu Yi Yi. Since it seemed like the Heavenly Emperor of the River Luo Heaven had lost her mind over the loss of her daughter, he was afraid that even Meng Luo might not be able to protect him.

Chapter 3427: Meng Luo's Formidable Strength

Above the sky of a vast plain in the Saint Province Realm, a muscular figure suddenly appeared out of thin air. He was dressed in a long green robe, and his expression was grim at this moment. His face looked fierce and domineering, made even more so by his pair of bushy eyebrows. His eyes that were framed by his bushy eyebrows were glinting coldly at this moment.

Swoosh!

The muscular figure extended his Divine Consciousness before he flew across the sky at the speed of lightning, leaving ripples in his wake.

...

At this moment, a blue-clad old man descended on the foot of a steep mountain.

A disciple guarding the foot of the mountain asked, "Who are you? What brings you to the General Direction Sect?"

"I came to kill all of you."

As the old man's voice fell, his eyes glinted.

At the same time, a hole appeared on the glabella of the disciple who guarded the foot of the mountain.

Everything happened in just a blink of an eye.

When the other disciples regained their senses, the dead disciple had already fallen to the ground with a loud thud. Their expressions changed drastically and terror brimmed in their eyes when they looked at their fallen comrade.

"Report to the sect leader at once! We're under attack!"

"Hurry! Report to the sect leader!"

The disciples cried out one after another as they turned to fly toward the mountain peak.

"Only one person is needed to report to the sect leader..." the old man said nonchalantly. He lifted his hand and pointed in the air before a few streaks of light shot out like meteors, piercing the glabellas of the disciples.

In the end, all of the disciples, except for the disciple who was the slowest to move earlier, died.

The only person to survive was a young man. At this time, his face was as pale as a sheet of paper. He was frozen to the spot, too afraid to move or breathe loudly. His fellow disciples who were stronger and faster were easily killed by the old man in front of him; how could it be possible for him, who was weaker, to escape?

“What are you waiting for? If you’re not going to report to your sect leader, you might as well accompany your comrades in death.”

The young man’s expression changed drastically upon hearing the old man’s words. His body flickered as he rushed to look for the sect leader.

Although the General Direction Sect was not a top force in the Saint Province Realm, it was still a rather powerful sect with many powerhouses who were almost at the level of a Martial Emperor.

When the high-ranking officials of the General Direction Sect learned that someone had killed their disciples, they were furious. Alas, they were easily killed by the old man with just a palm strike.

The survivors from the General Direction were terrified and horrified when they saw this.

“Who is he? Even Martial Emperors are nowhere as strong as him, right?”

“Good heavens! How did the General Direction Sect provoke such a formidable powerhouse?”

The survivors of the General Direction Sect were in despair.

News of the massacre spread quickly in the General Direction, causing chaos to descend on the sect as many tried to flee for their lives.

Alas, the old man only casually lifted his hand before streaks of light shot out toward all of the members of the General Direction Sect like missiles that were locked on their targets.

It did not take long before all of the members of the General Direction Sect were killed.

With this, a satisfied expression appeared on the old man’s face. “Killing is an art to be enjoyed... Those brutish and brash people don’t know how to savor the feeling.”

The old man was one of the Celestial Emperors from the Luo River Sect. Although he was not a titled Celestial Emperor, his strength was comparable to one. Among the dozens of Celestial Emperors who came to the Saint Province Realm, he was ranked in the top five.

When the old man turned around to leave the General Direction Sect, he discovered a tall and muscular gazing at him calmly.

‘Someone managed to escape?’ The old man’s first thought was that the person was a member of the General Direction Sect. He mobilized his Celestial Origin Energy, getting ready to kill the man, when he discovered something odd. The man was looking at him indifferently; the man’s gaze seemed familiar as well. It did not take long before he realized why the gaze looked familiar; the man seemed to be looking at him as though he was a dead man walking.

Alarms began to blare in the old man’s mind immediately as a strong sense of unease rose in his heart. Someone from the mundane realm would not have the courage to look at him in such a manner even if

he did not make a move; after all, his aura as a Celestial Emperor was so domineering that even the strongest person in a mundane realm would be terrified of him. Therefore, how could he not feel that something was wrong with the man who was looking at him boldly?

“You’re a member of the Luo River Sect?”

The tall and muscular middle-aged man was none other than Meng Luo, the Heavenly Savage Celestial Emperor. When he arrived, the old man had just finished killing the last person in the General Direction Sect. The old man’s vicious actions had stoked the fire in his heart immediately.

Even Duan Ling Tian, who was in Meng Luo’s Little World, burned with fury. He had a difficult time suppressing his urge to rush out and kill the old man. It took him a long time to calm down; he knew he could not expose himself.

“H-how do you know?” The old man was stunned by Meng Luo’s words.

“Summon all the members of the Luo River Sect in this mundane realm here. You have a day. At that time, if there’s even one person missing, you’ll die for it,” Meng Luo said. As he spoke, a destructive energy surged from his body before it transformed into a giant hand above the old man.

The clouds were scattered hundreds of miles away by the gigantic hand. Based on the giant hand’s energy, one could tell it was formed by the Celestial Origin Energy of a Ten Direction Celestial Emperor that had been boosted with more than three profundities from the law of destruction.

The old man’s expression changed drastically as terror flashed in his eyes. A powerhouse like the person in front of him was rare even in the Luo River Sect. He withdrew his Celestial Origin immediately; he knew it was futile to resist. If the man in front of him wanted him dead, he would not be alive. After that, he asked in a trembling voice, “M-my lord... Who are you?!”

Meng Luo replied indifferently, “Meng Luo, the Heavenly Savage Celestial Emperor from the Heavenly Palace of the Solitary Destructive Heaven.”

“Meng Luo, the Heavenly Savage Celestial Emperor?!” The old man’s eyes widened in shock. He did not expect the man in front of him was from the Heavenly Palace of the Solitary Destructive Heaven. Even if he knew the man in front of him was strong and not inferior to a titled Celestial Emperor, it did not cross his mind that the man was Meng Luo, the Heavenly Savage Celestial Emperor!

Despair rose in the old man’s heart. He knew even the Luo River Sect’s Saint Girl and Supreme Elders were no match for Meng Luo. Perhaps, the only person who could deal with Meng Luo was the sect leader, the Heavenly Emperor of the Luo River Heaven.

“L-lord Meng Luo... May I... May I ask why... You’re looking for the members of the Luo River Sect in this mundane realm?” the old man stammered.

The ominous feeling that rose in the old man’s heart intensified. He wondered if Meng Luo was the reinforcement whom the two unfamiliar Celestial Emperors called for. He had heard from his comrades earlier that one of them had run into two Celestial Emperors. The two Celestial Emperors had apparently left in a haste after learning about the Luo River Sect’s purpose. The two titled Celestial

Emperors who had led them here had guessed that the duo had left in a hurry to call for reinforcements. Who knew the speculations turned out to be true? Most importantly, the reinforcement the two Celestial Emperors had called for was Meng Luo, the Heavenly Savage Celestial Emperor from the Heavenly Palace of the Solitary Destructive Heaven!

Meng Luo, the Heavenly Savage Celestial Emperor, was renowned in all Devata Realms. He was famous not only because of his strength but because of his position as Feng Qing Yang's right-hand man. Moreover, it could be seen how important he was to Feng Qing Yang when Feng Qing Yang killed a Heavenly Emperor to avenge Meng Luo.

"Hurry up, I'm not a man of patience," Meng Luo said impatiently. He did not bother to answer the old man's question.

The old man quickly sent a message to summon his peers over without any hesitation and told them about Meng Luo.

Needless to say, the other members of the Luo River Sect were thoroughly shocked when they received the message.

"Huh? Meng Luo? The Heavenly Savage Celestial Emperor from the Heavenly Palace of the Solitary Destructive Heaven?"

"Heavens! Who are those two Celestial Emperors? They even managed to ask Meng Luo for help!"

"Hey, do you know when the Heavenly Emperor of the Solitary Destructive Heaven killed another Heavenly Emperor to avenge Meng Luo, his strength was already comparable to our Lord Heavenly Emperor at that time..."

"We can't go! What if he kills us?"

The members of the Luo River Sect in the Saint Province Realm were naturally reluctant to meet Meng Luo.

Upon hearing his comrades' replies, the old man regretted telling them the truth. After all, even if one of them did not come, Meng Luo would kill him. After a moment, he tried to rectify his mistake and sent another message to his comrades.

"I'm sorry. I've already revealed all your names to Meng Luo. He has said that if all of you don't show up, he'll hunt all of you down even if you leave the Luo River Sect and the Luo River Heaven. He has said that as long as you show up, he'll spare your lives..."

After listening to the old man's second message, the members of the Luo River Sect stopped what they were doing immediately and made their way to the General Direction Sect. In less than half a day, all of them had gathered at the sect.

When these people saw Meng Luo, they bowed and greeted Meng Luo in trembling voices.

"L-lord Meng Luo!"

Chapter 3428: Feng Jian Yu is Shocked

“Where are two titled Celestial Emperors?” Meng Luo asked indifferently as he swept his gaze across the members of the Luo River Sect.

Meanwhile, Duan Ling Tian glared at them furiously from Meng Luo’s Little World.

“Lord Meng Luo.”

An old man and a middle-aged man stepped forward. They were two titled Celestial Emperors from the Luo River Sect: Xu Xiu, the Outstanding Celestial Emperor; Chang Yi, the Surging Wind Celestial Emperor.

Without any warning, a strong destructive energy surged out from Meng Luo and morphed into a giant black monster. Both men’s expressions changed drastically as the giant black monster opened its mouth and devoured them.

When the black energy dissipated, only two Spatial Rings were left. The two titled Celestial Emperors from the Luo River Sect died in just a blink of an eye. Since they were just ordinary titled Celestial Emperors, it did not take much for Meng Luo to kill them.

Upon seeing this, the Luo River Sect’s Celestial Emperors kneeled and pleaded for their lives. Chills ran up their spines as they shuddered. Some of them even sent messages to the old man, cursing him for deceiving them. After all, the old man had said Meng Luo would not kill them as long as they came here. Meng Luo had killed the two titled Celestial Emperors so easily; it would be even easier for him to kill them. Although they had heard much about Meng Luo’s strength in the past, it was nothing compared to watching him in action.

“L-lord Meng Luo!”

“Lord Meng Luo, please have mercy. We’re only following orders!”

“Lord Meng Luo, please have mercy!”

Meng Luo looked at the kneeling Celestial Emperors and asked tonelessly, “Do you know why I am here?”

Silence descended on the group of Celestial Emperors. The first thought that came to their minds was that the pair of the Celestial Emperors must have sought help from Meng Luo. Moreover, those two must have a good relationship with Meng Luo for Meng Luo to personally make a move. If they survived, they swore never to return to the Saint Province Realm unless the Heavenly Emperor of the Luo River Heaven could subdue Meng Luo and stop him from intervening.

Finally, someone managed to muster up their courage and said, “Lord Meng Luo. We’re here by the orders of the Luo River Sect’s Saint Girl. We’ve been told by the Saint Girl that the order came directly from the Sect Leader of the Luo River Sect. Lord Meng Luo, you should know that our sect leader is also the Heavenly Emperor of the Luo River Heaven...”

The man naively thought that Meng Luo would be intimidated if he mentioned the Heavenly Emperor of the Luo River Sect.

“The Heavenly Emperor of the River Luo Heaven?” Meng Luo stared at the man coldly. “Do you think I’d be intimidated just because you mentioned the Heavenly Emperor of the Luo River Heaven?”

The man's expression changed drastically upon hearing Meng Luo's words. His forehead broke out in cold sweat that trickled down from his temples.

"Certainly not, Lord Meng Luo! T-that's not my intention!"

Seeing that the Celestial Emperors were all kneeling with their heads lowered, too afraid to speak, Meng Luo said, "I came after I received news that the Luo River Sect intends to annihilate the Saint Province Realm... Do you know why I intervened in this matter?" He looked at the Celestial Emperors meaningfully before he said, "It's because our Heavenly Emperor of the Solitary Destructive Heaven hailed from the Saint Province Island; he's very fond of this place..."

The trembling Celestial Emperor stiffened immediately upon hearing Meng Luo's words; their minds turned blank. The Heavenly Emperor of the Solitary Destructive Heaven hailed from the Saint Province Realm, and he was very fond of the Saint Province Realm? Goosebumps erupted on their skin when they regained their senses; fear surged in their hearts when they recalled they had massacred the inhabitants of the Saint Province Realm where the Heavenly Emperor of the Solitary Destructive Heaven hailed from.

"I'll spare one of you so you can return to the Luo River Heaven to report this matter. As for the others, don't even think of escaping. You'll only fail..." Meng Luo said frostily.

The Celestial Emperors' expressions changed again. They froze for a moment as they exchanged a look among themselves. Without any warning, all of them began to attack each other.

In the beginning, many of the Celestial Emperors joined forces to kill the three strongest Celestial Emperors among them. Following that, all of them turned on each other, attacking and killing, before only one of them, who was severely injured, was left. Despite his injuries, he was relieved and overjoyed.

The man looked at Meng Luo nervously as he asked, "L-lord Meng Luo... C-can I leave now?"

"Leave," Meng Luo said nonchalantly "Remember to report this to your Heavenly Emperor."

"Thank you, Lord Meng Luo." The man felt as though a heavy weight had been lifted off his shoulders after he heard Meng Luo's words.

After the man left, Duan Ling Tian finally emerged from Meng Luo's Little World with an unsightly expression on his face.

"Young Master, we'll have to wait for our Lord Heavenly Emperor's return to decide our next step. However, after my intervention, I'm sure the Heavenly Emperor of the Luo River Sect won't return to the Saint Province Realm," Meng Luo said to Duan Ling Tian.

Duan Ling Tian nodded before he said, "Senior Meng Luo, you may leave now if you want... I want to wander the Saint Province Realm."

"Young Master, since there's nothing important I have to attend to, I'll accompany you. I'd like to see the place where our Lord Heavenly Emperor came from..." Meng Luo said with a smile on his face. Contrary to his words, the real reason he decided to stay was to ensure Duan Ling Tian's safety. After all,

he had learned that the massacre in the Saint Province Realm was caused by Duan Ling Tian killing the soul of the Heavenly Emperor of the Luo River Heaven's daughter. He did not dare to let his guard down. What if the Heavenly Emperor of the Luo River Sect lost her mind due to grief and came to the Saint Province Realm? Duan Ling Tian would be in danger if he were absent at that time.

Duan Ling Tian did not dissuade Meng Luo. He flew in the direction of the Ten Great Dynasty.

'Since the members of the Luo River Sect were here when we arrived, they probably hadn't finished killing all the inhabitants of the Saint Province Realm. The Ten Great Dynasty is rather remote so they probably hadn't gone there yet,' Duan Ling Tian thought to himself. He knew was just trying to reassure himself. After all, he knew very well that traversing the entire Saint Province Realm was nothing to a Celestial Emperor. Even the strongest person in the mundane realm was like an ant in front of a Celestial Emperor.

'Please let everyone be okay...'

Although most of the people Duan Ling Tian cared about had left the Saint Province Realm or passed away, their descendants remained. He, naturally, did not wish any harm to come to them.

...

Meanwhile, the only surviving Celestial Emperor, a middle-aged man dressed in a long green robe with a jade-like complexion, from the group that was sent to the Saint Province Realm finally arrived at the Luo River Sect. If it were up to him, he would not return to the Luo River Sect. However, he could forsake his family and friends who were still in the Luo River Sect.

"Lord Saint Girl!" the man called out anxiously with a fearful expression on his face.

"What's going on?"

The Saint Girl of the Luo River Sect was Feng Jian Yu. She was the biological daughter of Situ Zhuqing, the Heavenly Emperor of the Luo River Heaven. When she heard the middle-aged man's voice and expression, she knew something was amiss.

"Lord Saint Girl, except for me, everyone who was sent to the Saint Province Realm, including Lord Chang Yi and Lord Xu Xiu, is dead." the middle-aged said with his head lowered. His body could not stop trembling as he reported the matter to Feng Jian Yu.

"What?!" Feng Jian Yu's expression changed dramatically. "How's that possible?! Out of a group of Celestial Emperors and two titled Celestial Emperors, only one survived in the mundane realm? Speak! What happened?!"

Feng Jian Yu's expression darkened. She did not expect all men she sent to the Saint Province Realm, except one, had died. How could anyone in the mundane realm contend with a Celestial Emperor, let alone a group of Celestial Emperors and two titled Celestial Emperors?

"Lord Saint Girl, it's the Heavenly Savage Celestial Emperor, Meng Luo. He came to the Saint Province Realm and intervened..." The middle-aged man conveyed Meng Luo's words to Feng Jian Yu following that.

“The Heavenly Savage Celestial Emperor, Meng Luo, intervened because their Heavenly Emperor, Feng Qing Yang, hails from the Saint Province Realm and is fond of that place?” Feng Jian Yu was stunned. She knew Meng Luo had deliberately spared the middle-aged man. Otherwise, the middle-aged man would not have survived. Let alone the middle-aged, even she was no match for Meng Luo after all. She really did not expect Feng Qing Yang to have come from the Saint Province Realm.

Chapter 3429: Reverence for Feng Qing Yang’s Name

“How can there be such a coincidence?” Feng Jian Yu found this hard to believe. How could there be such a coincidence? The mundane realm Mu Yi Yi and Duan Ling Tian came from was also where Feng Qing Yang, the Heavenly Emperor of the Solitary Destructive Heaven, came from? Moreover, the men she had sent to massacre the inhabitants of the Saint Province Realms were discovered by the Heavenly Palace of the Solitary Destructive Heaven? Not only that, but Meng Luo, the Heavenly Savage Celestial Emperor, who was the strongest person after Feng Qing Yang in the Heavenly Palace of the Solitary Destructive Heaven personally made a move as well?

Feng Jian Yu looked at the middle-aged man and said in a low voice, “Tell me everything. How did the Heavenly Palace of the Solitary Destructive Heaven discover this matter in such a timely manner?”

“Lord Saint Girl, I heard someone ran into a male Celestial Emperor and a female Celestial Emperor before all this happened. It should be those two who informed the Heavenly Palace of the Solitary Destructive Heaven about that matter...” the middle-aged solemnly said, “In fact, it’s likely those two are also from the Heavenly Palace of the Solitary Destructive Heaven. There’s a possibility they were stationed there by the Heavenly Palace of the Solitary Destructive Heaven.”

“A male and a female Celestial Emperor?” Feng Jian Yu frowned.

“Yes.” The middle-aged man nodded. “I heard two of my comrades ran into them. However, when they learned about our purpose in the Saint Province Realm, they left in a haste through a Formation compass. After that, the Heavenly Savage Celestial Emperor arrived within the hour...”

The middle-aged man fell silent for a moment before he said anxiously, “For the Heavenly Palace of the Solitary Destructive Heaven to send two Celestial Emperors to guard a mundane realm... I... I’m afraid the Heavenly Emperor of the Solitary Destructive Heaven must have deep feelings for that mundane realm. Moreover, out of the two guards, one of them has strength that’s almost comparable to a titled Celestial Emperor. With this, we can see how much importance Heavenly Emperor Feng Qing Yang placed on the Saint Province Realm...”

Needless to say, this occurred to Feng Jian Yu as well. A wave of frustration rose in her heart immediately. When she calmed down, she looked at the middle-aged man coldly and said, “You! Come with me to meet the sect leader...”

With that, the duo left to meet Situ Zhuqing, the sect leader of Luo River Sect and the Heavenly Emperor of the Luo River Heaven.

...

When Situ Zhuqing learned about what had happened from Feng Jian Yu and the middle-aged man, she was stunned. “Feng Qing Yang came from the Saint Province Realm as well? Moreover, he even sent two

Celestial Emperors, one who's almost on par with a titled Celestial Emperor, to guard that mundane realm?"

With this information, how could Situ Zhuqing be unable to tell that Feng Qing Yang was incredibly fond of the Saint Province Realm?

"How can there be such a coincidence?" Situ Zhuqing's expression was rather unsightly at this moment. She was no match for Feng Qing Yang in the past, let alone now. After Feng Qing Yang survived the Asura Hell, one of the seven deadliest places in the Devata Realms, one could only imagine how terrifyingly powerful he had become. In fact, many Heavenly Emperors speculated that Feng Qing Yang had already attained godhood. Someone like Feng Qing Yang was not someone she could afford to offend.

"You... Did you say you massacred the inhabitants of the Saint Province Realm on my orders?" Situ Zhuqing looked at the middle-aged man intently. Although she had tried to suppress her killing intent when she spoke, she still could not hide it.

"Lord Heavenly Emperor, I said no such thing!" The middle-aged man cried out in a trembling voice.

Needless to say, whether the middle-aged man said such words or not, Situ Zhuqing would not let him live. With just a wave of her hand, she killed the man.

Following that, Situ Zhuqing looked at Feng Jian Yu with a hint of nervousness. She was trembling slightly, and fear flashed in the depths of her eyes as she said, "Go investigate if Heavenly Emperor Feng Qing Yang has any descendants in the Saint Province Realm. If the answer is yes, investigate if any of them were killed..."

Although Situ Zhuqing was a Heavenly Emperor of a Devata Realm as well, there were many Heavenly Emperors who were stronger than her. Feng Qing Yang, the Heavenly Emperor of the Solitary Destructive Heaven was among them. Perhaps, she would not be so afraid if it was any of the other Heavenly Emperors who were stronger than her. How could she not be afraid when she knew Feng Qing Yang had once killed a Heavenly Emperor to avenge his subordinate?

"Yes, mother." Feng Jian Yu was worried as well; she could naturally guess her mother's thoughts. She prayed fervently that the men she sent to the Saint Province Realm did not kill any of Feng Qing Yang's descendants; better yet if he did not have any descendants at all. However, why would Feng Qing Yang send two Celestial Emperors to guard the Saint Province Realm if he did not have any descendants there? With this thought, she mostly hoped her men did not kill any of Feng Qing Yang's descendants.

When Feng Jian Yu was about to leave, Situ Zhuqing suddenly stopped her. "Wait." Then, she continued to say, "We should leave the Luo River Heaven for now. While we're away, let your men investigate the Saint Province Realm to see if Heavenly Emperor Feng Qing Yang has any descendant or disciple there and if any of them were killed..."

Clearly, Situ Zhuqing already had an escape plan in mind.

Feng Jian Yu's eyes widened upon hearing those words. "M-mother, you mean... A-are we fleeing?"

“Why? Fleeing isn’t embarrassing. Don’t tell me you’d rather die instead? Heavenly Emperor Feng Qing Yang isn’t one to show mercy; it’s best we lay low for now...” Situ Zhuqing said.

Before leaving the Luo River Heaven, they hid somewhere in the Luo River Heaven to make arrangements for the Luo River Sect and sent men to the Saint Province Realm.

...

Duan Ling Tian was unaware that Situ Zhuqing, the Heavenly Emperor of the Luo River Heaven, and her daughter, Feng Jian Yu, would flee as soon as they found out about the matter. If he were aware of it, he would have been impressed by how Feng Qing Yang’s name alone was so fearsome and revered.

When Duan Ling Tian and Meng Luo finally arrived in the Ten Great Dynasty, he saw that it was painted red with blood. Not a single living soul could be seen in the Ten Great Dynasty. None of his friends and acquaintances’ descendants survived the massacre.

“No... No... No...” Duan Ling Tian’s eyes turned red, and his body trembled. Flames of fury burned his heart, causing his Celestial Origin Energy to roll out in waves. The thing he was most worried about had happened; those from the Luo River Sect had killed every living thing in the Ten Great Dynasty!

“My condolences, Young Master.”

During their journey here, Meng Luo had learned that Duan Ling Tian’s hometown was located in this place.

After a moment, Meng Luo said to comfort Duan Ling Tian, “When our Lord Heavenly Emperor returns, I’m sure he’ll avenge you!”

Chapter 3430: Feng Qing Yang’s Return After 200 Years

The Ten Great Dynasty was considered a rural area in the Saint Province Realm. The average strength of the people there was among the lowest in the Saint Province Realm. Even a sectless celestial with an average cultivation base could easily massacre everyone in the Ten Great Dynasty, let alone Celestial Emperors who were generally considered the most powerful in Devata Realms.

“No, no, no, everything’s gone...” Duan Ling Tian could not accept this. He was here not too long ago with Huan’er. They traveled to the Fresh Breeze Town and Aurora City before traveling to other places. There were legends about him in all the places they visited and many of his friends’ descendants. Now they were all gone.

“The Heavenly Emperor of the Luo River Sect...” Duan Ling Tian said through gritted teeth. To think that a Heavenly Emperor of a Devata Realm would stoop so low as to massacre all living things in a mundane realm!

When Duan Ling Tian regained his senses, he inhaled deeply to suppress his surging emotions. Nevertheless, his expression was still terrible.

“If Little Fei’er, Tian Wu, or my parents learn of this, they’ll be very saddened... It’s time for me to break the news to them...”

Initially, Duan Ling Tian had planned to keep this a secret from his loved ones. However, he knew he would not be able to keep this a secret forever. In the end, he thought it was better that they learn about this sooner rather than later. There was no need to hide this from them.

Just as Duan Ling Tian expected, everyone was furious and sad when they learned about what happened. No one expected that a Heavenly Emperor of a Devata Realm would do something like that.

“Tian’er, I know you want revenge... However, it’s best if you don’t expose yourself before you’re powerful enough to take them down. Moreover, Heavenly Emperor Feng Qing Yang surely won’t let this matter slide when he returns. Don’t take unnecessary risks...” Duan Ru Feng solemnly said. He was worried his son would act rashly out of anger and rush to the Luo River Heaven to seek revenge. However, after he finished speaking, he felt that his worries were unfounded. After all, his son had much more experience in the Devata Realms compared to him. Even without his reminder, his son was certainly aware of all the things he had mentioned.

“Father, I know what to do. Don’t worry.” Duan Ling Tian said.

At this time, a frown could be seen on Han Xue Nai’s face. She asked, “Brother Ling Tian, can we take a look at the Greenwave Han Mansion?”

The Greenwave Han Mansion was where Han Xue Nai came from in the Saint Province Realm. Now that a few hundred years had passed, she was clueless about her family’s situation. She was naturally worried.

“Alright.” Duan Ling Tian nodded. He was reminded that Han Xue Nai’s hometown was not located in the Ten Great Dynasty.

Duan Ling Tian flew in the direction of the Greenwave Han Mansion following the route in his memory. He wondered if Han Xue Nai’s family members were still alive. After all, her family members had rather high cultivation bases so they could live for a long time if nothing untoward happened.

When Duan Ling Tian arrived at the Greenwave Han Mansion, he discovered that the Greenwave Han Mansion, similar to the Ten Great Dynasty, was bathed in blood as well.

“No! Impossible!” Han Xue Nai looked at the ruins of the Greenwave Han Mansion in disbelief. Pain flashed in her eyes; her family, her home, everything was gone.

“Brother Ling Tian!” Han Xue Nai rushed into Duan Ling Tian’s arms and began to sob uncontrollably.

Duan Ling Tian could empathize with her pain. He reached out and patted her back. “Xue Nai, don’t worry. A few hundred years have passed; it’s possible that they’ve moved elsewhere...”

Duan Ling Tian’s words were only meant to console Han Xue Nai. In fact, he thought it was likely that Han Xue Nai’s family had met with a disaster.

At this moment, Duan Ling Tian’s anger and hatred toward Situ Zhuqing, the Heavenly Emperor of the Luo River Sect, grew so much that they almost overwhelmed him.

After Duan Ling Tian became a Celestial Emperor, he had never once felt he was extremely powerful even if he possessed the Five Divine Elements. After all, there were too many elites. However, it had been a long time since he had felt so weak and helpless.

When he was still in the mundane realm, he was already aware of the existence of the Realms of Gods. He knew celestials from Devata Realms were no match for those from Realms of Gods at all. For example, just the servant of Yun Qing Yan, the Young Master of the Yun Clan in the Divine Offering Land, was able to force Feng Qing Yang to escape to the Asura Hell, one of the seven deadliest places in the Devata Realms.

“Xue Nai, don’t worry... If something really happened to them, I promise I’ll capture the culprit for you to kill!” Duan Ling Tian promised Han Xue Nai in a low voice.

Since Meng Luo was aware of Duan Ling Tian’s power and potential, he knew Duan Ling Tian was not making empty promises.

Perhaps, if another titled Celestial, who was unaware of Duan Ling Tian’s strength and potential, were present, they would think Duan Ling Tian was talking nonsense. After all, Duan Ling Tian was only an ordinary Celestial Emperor. Although the Heavenly Emperor of the Luo River Heaven was only average among all the Heavenly Emperors, she was still a Seven Star God of War. How could an ordinary Celestial Emperor capture or kill someone like that? It sounded like a joke.

After consoling Han Xue Nai and sending her back to his Little World, Duan Ling Tian asked, “Senior Meng Luo, since the Heavenly Emperor of the Luo River Heaven knows you intervened and that this is where master came from, she won’t dare to act rashly, right?”

“That’s right!” Meng Luo said confidently.

Duan Ling Tian sighed in relief upon hearing these words. Although the places he knew and the descendants of the people he knew were gone, the Saint Province Realm as a whole was his hometown. It was only natural that he did not want disaster to befall the Saint Province Realm.

...

After Duan Ling Tian and Meng Luo returned to the Heavenly Palace of the Solitary Destructive Heaven, he discovered that everyone was incredibly focused on cultivating, unlike before where they would take breaks and chat with each other.

It was obvious that the massacre in the Saint Province Realm had placed a huge pressure on his loved ones. In the past, they were under the illusion they would be able to live a peaceful and safe life in the mundane realm. After all, even if they were only average in Devata Realms, they would be invincible in the mundane realms. However, this matter made them realize they were not 100% safe even if they chose to live in a mundane realm; there were many factors that they did not account for. In the end, they realized that they would not be fully in charge of their own fates unless they grew stronger and stronger.

This matter weighed heavily on their hearts, hence, they began to focus on their cultivation. Even Mu Yi Yi who was affected by the atmosphere began to cultivate.

‘By the look of things, most of them should be able to become Celestial Lords and Celestial Emperors soon...’

After checking up on his family in his Little World, Duan Ling Tian focused on his cultivation as well. Similar to the others, he felt the pressure weighing heavily on his shoulders.

Two Heavenly Emperors appeared in Duan Ling Tian's mind as he cultivated: Situ Zhuqing, the Heavenly Emperor of the Luo River Heaven; Yang Yun Xiao, the Heavenly Emperor of the Floating Heaven Yang Yun Xiao. He could not wait until he was strong enough to kill the former and force the latter to hand over Kong You Yi's father, the Almighty Wind Celestial Emperor.

...

The days continued to pass.

Every once in a while, Elder Huo would send over some Celestial Pills and Celestial Fruits suitable for a Celestial Emperor to Duan Ling Tian.

Celestial Pills and Celestial Fruits were not very popular in the Heavenly Palace of the Solitary Destructive Heaven so there were not many of them in the Heavenly Palace. Perhaps, it was because Feng Qing Yang had never had a true disciple before.

Naturally, the titled Celestial Emperors in the Heavenly Palace of the Solitary Destructive Heaven possessed these things. However, since these were part of their personal belongings, they would naturally give them to their respective disciples. How could they freely give them away to Duan Ling Tian?

For this reason, Elder Huo looked for these titled Celestial Emperors and traded with them fairly for the Celestial Pill and Celestial Fruits that would be useful to Duan Ling Tian.

Under such circumstances, Duan Ling Tian and his loved ones improved at a shocking speed.

While Duan Ling Tian cultivated, he did not forget to continue learning how to fuse his profundities from the law of space with the Supreme Powerhouse Divinity. As expected, his comprehension speed was incredibly fast with the help of the Supreme Powerhouse Divinity.

...

Time flew by quickly. In just a blink of an eye, more than 200 years had passed.

During this time, the Heavenly Palace of the Solitary Destructive Heaven did not change much. After all, 200 years were not long for celestials in Devata Realms.

At this time, Duan Ling Tian who was cultivating in his room heard Elder Huo calling out to him.

"Young Master."

Duan Ling Tian stopped cultivating and left immediately. "Elder Huo, what's the matter?"

During the first 100 years, Elder Huo would visit him frequently. However, as time passed, the frequency of visits had dropped. After all, Celestial Pills and Celestial Fruits were not endless even in the Heavenly Palace of the Solitary Destructive Heaven.

As soon as Elder Huo saw Duan Ling Tian, he said with a smile, "Young Master, our Lord Heavenly Emperor has returned!"

Duan Ling Tian, who had assumed Elder Huo had come to give him Celestial Pills and Celestial Fruits like before, was stunned. Soon after, a delighted expression appeared on his face. His eyes shone brightly as he asked, "Truly? He's returned from the Asura Hell?"

"That's right." Elder Huo nodded with a smile on his face. "Lord Heavenly Emperor just returned today. When he heard you're in the Heavenly Palace of the Solitary Destructive Heaven, he asked me to bring you over to meet him." A hint of reverence could be heard in his voice when he mentioned Feng Qing Yang.

"Let's go!" Duan Ling Tian said excitedly. He was finally going to meet his master, Feng Qing Yang. Ever since he ascended to a Devata Realm and learned that Feng Qing Yang did not perish in the Asura Hell, he had been looking forward to meeting Feng Qing Yang. Now, the day had finally arrived.
