

Chapter 3561: The North Profound Alliance in the Second Northern Region

In Duan Ling Tian's opinion, it was more worth it to save the Celestial Talisman to escape from those from the Title Temple. If the Title Temple sent Eight Star Gods of War after him, he would kill them all to avenge his master. If they sent a Nine Star God of War, he could easily escape with the Celestial Talisman from the Five Divine Elements.

Since Duan Ling Tian did not want to use the Celestial Talisman on Ji Ying, he decided to use a pseudonym instead. Then, he disguised himself by changing into a long black robe and wearing a hat to hide his appearance.

"There are three strong alliances in the Second Northern Region. The nearest one to me is the North Profound Alliance..."

After leaving the east region of the Nine Serenities Battlefield, Duan Ling Tian traveled north to the Second Northern Region.

Unlike the Heavenly Dao Alliance base, the North Profound Alliance base was located in a hidden ice cave. It was said that luminous pearls were suspended in the air to illuminate the cave.

At this time, Duan Ling Tian had arrived at the entrance of the Northern Profound Alliance. The width and height of the entrance measured more than 100 meters, and it was guarded by more than 11 members. Among the 11 guards, 10 of them constantly surveyed their surroundings while one of them hovered in the air cross-legged with his eyes closed.

Swoosh!

Duan Ling Tian teleported in front of the 11 people without any hesitation.

The 10 guards were startled by Duan Ling Tian's sudden appearance. Finally, one of them said, "State your purpose."

The sudden appearance of a mysterious person dressed in a long black robe and a hat that covered his face made the guards wary. Moreover, there was a threatening air around that person.

"I just joined the Nine Serenities Battlefield not too long ago, and I'm looking for a place to settle down. I want to join the North Profound Alliance," Duan Ling Tian said. He lowered his head slightly to hide his face.

"You'll have to wait for another half a year before you can join the alliance," one of the guards said.

"Is there a way for me to join the alliance now?" Duan Ling Tian asked.

"Only Seven Star Gods of War or those who are stronger are exempted from the recruitment test," one of the guards said before asking, "Are you a Seven Star God of War?"

"No, I'm not." Duan Ling Tian shook his head.

“Then, you’ll have to wait half a year to take the recruitment test,” the guard said.

At this time, another guard interjected, “This is the main entrance of the North Profound Alliance. If you have no other business here, I’ll have to ask you to leave.”

“I said I’m not a Seven Star God of War, but I didn’t say I’m weaker than a Seven Star God of War,” Duan Ling Tian said.

The guards narrowed their eyes upon hearing Duan Ling Tian’s words. Did that mean the person in front of them was an Eight Star God of War? They looked at him skeptically, unsure of what to believe.

At this time, the person who was hovering cross-legged in the air, a skinny middle-aged man, finally opened his eyes. His eyes were shining as he asked, “You’re an Eight Star God of War?”

“Bring me to your Leader,” Duan Ling Tian said.

Some of the guards inhaled sharply. Based on Duan Ling Tian’s tone and attitude, it seemed like he was really an Eight Star God of War. If he was not an Eight Star God of War, then he likely had a death wish.

The skinny middle-aged man raised an eyebrow and said, “I’m Qi Jin, an elder of the North Profound Alliance. Are you sure you want to meet our Leader? I should warn you that if you’re not an Eight Star God of War, you’ll bear the charges of deceiving the North Profound Alliance. The punishment for that is death.”

“Please lead the way,” Duan Ling Tian said indifferently.

“Please wait for a moment. I’ve sent a message to Vice Leader Luo Feng,” Qi Jin said. His tone was much more polite now. In his opinion, Duan Ling Tian was likely an Eight Star God of War, and once Duan Ling Tian joined the alliance, Duan Ling Tian’s position would definitely be higher than his.

In the North Profound Alliance, the positions in descending order were the leader, the vice leader, the guardians, and the elders. There were only two Eight Star Gods of War in the North Profound Alliance, which were their leader and vice leader. The guardians were all Seven Star Gods of War, and the elders were Six Star Gods of War.

Qi Jin, an elder of the North Profound Alliance, was a top Six Star God of War and was in charge of the guards at the entrance of the alliance base.

“Vice Leader?” Duan Ling Tian cocked an eyebrow. “Does your Vice Leader have the authority to let me join the alliance?”

“Of course,” Qi Jin said with a hint of reverence, “Apart from our Leader, our Vice Leader, Lord Luo Feng, is also an Eight Star God of War.”

At this moment, a figure appeared as a gust of wind blew past the entrance of the North Profound Alliance base.

A young man dressed in greyish-white long robes appeared in front of everyone’s eyes. He was tall and good-looking, and he carried a noble air about him.

Qi Jin and the other guards bowed and greeted the young man immediately.

“Greetings, Lord Luo Feng.”

Luo Feng nodded slightly before he looked at the black-clad Duan Ling Tian who wore a hat to conceal his face. “Elder Qi Jin said you’re an Eight Star God of War who wishes to join our North Profound Alliance?”

Duan Ling Tian nodded before he said, “Please make your move.”

Qi Jin and the other guards narrowed their eyes upon hearing Duan Ling Tian’s words.

However, before Luo Feng responded, Duan Ling Tian made a move.

Luo Feng’s expression turned grim immediately.

In just a blink of an eye, the black cloak Duan Ling Tian had draped across his body seemed to have come to life as it shot toward Luo Feng at lightning speed. It looked like a streak of black light as it flew forward, leaving ripples in its wake.

Qi Jin and the others were shocked when they saw the terrifying technique from the law of space.

“Retreat!” Qi Jin ordered the guards.

Alas, the shockwave from the energy swept past a few of them who retreated too late. They were sent flying, spitting out blood.

Boom! Boom! Boom!

Luo Feng wasted no time in making his move as well. A mustard energy surged out and formed a wall in front of him. The wall shone with intricate patterns and inscriptions and looked indestructible. Clearly, he had comprehended the law of earth.

“Lord Luo Feng has put up his defenses. Since he comprehended the law of earth, even our Leader can’t break through his defenses in a short time...”

Qi Jin and the other guards watched the battle in front of them intently, afraid of missing even the slightest detail.

Boom!

When the black cloak collided with Luo Feng’s energy wall, the wall began to tremble.

Chapter 3562: Luo Yi Ming

Swoosh!

Qi Jin and the others from the North Profound Alliance were shocked as they watched the black energy destroy the inscriptions on the wall that their Vice Leader, Luo Feng, had erected after casting the law of earth’s Defense Profundity.

Following that, the terrifying black energy proceeded to attack the wall, causing cracks to appear on the wall. It did not take long before it broke. Just like that, the second layer of Luo Feng's defense was destroyed.

Boom! Boom! Boom!

Soon after, the sounds of explosions rang in the air as Duan Ling Tian destroyed Luo Feng's final layer of defense.

"Is that a divine artifact?!" Luo Feng was certain the black cloak was a divine artifact. Otherwise, his defenses would not have been so easily destroyed.

"Bell!" With just a thought, a small bell appeared in Luo Feng's hand. After he tossed it into the air, it began to swiftly grow in size and blocked the black cloak that was shooting toward him.

"That's Lord Luo Feng's Emperor Grade Celestial Weapon!"

Although Qi Jin had witnessed many of Luo Feng's battles, this was his first time seeing Luo Feng using his Emperor Grade Celestial Weapon.

'I've long heard that Lord Luo Feng has a powerful Emperor Grade Celestial Weapon that possesses a weapon spirit. It's said that it's comparable to a divine artifact...' Qi Jin thought to himself, 'However, this black-clad man is really strong. There's no doubt he's an Eight Star God of War. However, he shouldn't be a match for Lord Luo Feng now that Lord Luo Feng has brought his Celestial Weapon out.'

Boom!

At this moment, a loud explosion rang in the air as the black cloak crashed against the bell.

When the black cloak suddenly vanished, Luo Feng's voice rang in the air. "Thank you for showing mercy."

Then, the gigantic bell shrank to its original size before Luo Feng put it away.

Qi Jin and the others were shocked when they saw Luo Feng's unkempt appearance. His robe was shredded as though it had been slashed by tens of thousands of blades. Contrary to the state of his robe, he was unharmed. Based on this, one could tell his opponent had a terrifying and precise control over his Celestial Weapon. When they recovered from the shock, they looked at the black-clad man in front of them fearfully. After seeing the outcome of the battle, how could they be unable to tell that the black-clad man was stronger than their Vice Leader?

"So can I join the North Profound Alliance?" Duan Ling Tian asked with a hint of impatience.

Luo Feng's defenses were so powerful that it was rare for those weaker than Nine Star Gods of War to be able to breach them. However, Duan Ling Tian was not an ordinary Eight Star God of War. Not only did he comprehend the law of space, which was one of the Four Supreme Laws, but he was also in possession of the black that was a divine artifact. He had obtained many divine artifacts while in the remnant of a Realm of Gods, and the black cloak was one of them. Even with an artifact soul, it was still much more powerful than Celestial Weapons.

“Of course,” Luo Feng replied. Although he found it strange that such a powerhouse would suddenly request to join the North Profound Alliance, he did refuse Duan Ling Tian after witnessing Duan Ling Tian’s strength. It was to the alliance’s benefit to have more powerhouses in their ranks. After all, although the North Profound Region was powerful, it was only the case in the Second Northern Region. Let alone a Nine Star God of War, if they were attacked by top Eight Star Gods of War, it was likely that everyone in the alliance, apart from their Leader and Vice Leader, would die.

At this time, Qi Jin and the others watched with admiration shining in their eyes as Luo Feng led Duan Ling Tian into the base.

“I didn’t expect him to be so strong!” one of the guards muttered, “To think that I considered making a move when he first arrived. Thank goodness I didn’t. Otherwise, I would’ve died!”

“He destroyed Vice Leader Luo Feng’s defenses so easily so his strength can’t be inferior to our Leader...”

“With such a person joining our ranks, the North Profound Alliance will grow in power. Perhaps, our alliance will surpass the other two strongest alliances in the Second Northern Region!”

“Perhaps? With him, I think there’s no doubt our alliance is now the strongest in the Second Northern Region!”

The North Profound Alliance was one of the three strongest alliances in the Second Northern Region. In the past, the overall strength of the three alliances had always been about the same. However, now that such an extraordinary powerhouse had joined the North Profound Alliance, the two other alliances would have to join forces just to be a match for them. There was no doubt the North Profound Alliance would be the strongest alliance in the Second Northern Region with the addition of Duan Ling Tian.

At this time, the guards were very excited about the North Profound Alliance’s bright future.

...

Duan Ling Tian walked into the North Profound Alliance base that was located in an ice cave. The cave seemed to have been carved out of an indescribably huge block of ice. With a Formation supporting the base, the cave was very sturdy and held no risk of collapsing. The Formation was so powerful that it powered the floating island in the vast ice cave.

At this time, Luo Feng could not help but ask, “How should I address you?”

“Li Feng,” Duan Ling Tian replied. He had combined his mother’s surname with his father’s name. In fact, he had used the name ‘Li Feng’ before when he was in the mundane realm.

Luo Feng smiled, “Brother Li Feng, may I ask where you came from? I’ve never heard of your name in the western region.”

Earlier, Duan Ling Tian had said he had come from the western region. However, Luo Feng had never heard of anyone with the name Li Feng from the western region. It was impossible for such an extraordinary person to be unknown if he was from the western region. Perhaps, only in the central region of the Nine Serenities Battlefield that Eight Star Gods of War were treated like common folks.

“Like I said earlier, I’ve just entered the Nine Serenities not too long ago. Moreover, it’s my first time entering the Nine Serenities Battlefield. It’s not surprising that you’ve never heard of me,” Duan Ling Tian replied indifferently.

Realization dawned on Luo Feng. “Did you join our alliance because you want to find a place to cultivate without being disturbed?”

“Is there another reason for me to join the North Profound Alliance?” Duan Ling Tian bluntly asked, not denying Luo Feng’s words.

Luo Feng sighed in relief upon hearing Duan Ling Tian’s reply. It was advantageous to the North Profound Alliance to have Duan Ling Tian in their ranks, after all. He did not waste time and sent a message to the Leader of the North Profound Alliance and told him about Duan Ling Tian.

...

The Leader of the North Profound Alliance was a middle-aged man who wore a white robe with golden trimmings. He wore a dignified smile on his face when he appeared to receive Duan Ling Tian.

“Greeting, I’m Luo Yi Ming, the Leader of the North Profound Alliance. I represent our members to welcome you to our alliance.”

Luo Feng was Luo Yi Ming’s younger cousin so he did not doubt Luo Feng’s words. After he heard about what happened, similar to Luo Feng, he also felt that the alliance had struck gold. He felt the chances of the North Profound Alliance surpassing the two other strongest alliances in the Second Northern Region were very high now.

Luo Feng explained, “Brother Li Feng, this is the leader of the alliance. He’s also my older cousin. However, not many people know about this. Needless to say, the guards you met earlier are unaware of this matter as well...”

Duan Ling Tian nodded. “Two Eight Star Gods of War from the same family? Quite remarkable...”

“We’re nothing compared to you,” Luo Feng said with a wry smile. Fear still lingered in his heart when he recalled how powerful Duan Ling Tian was.. If Duan Ling Tian did not show mercy, he would have died earlier.

Chapter 3563: Mi Xuan of the Liberal Heaven Alliance!

Although people who shared the surname were common, the odds of two people holding high positions in a force in the Nine Serenities Battlefield with the same name being unrelated were low. Hence, Duan Ling Tian was almost certain Luo Yi Ming was related to Luo Feng when Luo Yi Ming introduced himself.

After hearing about Duan Ling Tian’s strength from Luo Feng, Luo Yi Ming did not dare to be negligent. He personally led Duan Ling Tian to the cultivation ground that he had arranged for Duan Ling Tian.

“Brother Li Feng, from today onward, you’re the Supreme Guardian of the North Profound Alliance. Our alliance has never had a Supreme Guardian before,” Luo Yi Ming said to Duan Ling Tian before he left.

Duan Ling Tian only nodded in response. He did not care about titles or positions. Moreover, when he was in the Heavenly Dao Alliance, Shangguan Yun Feng, the leader, had even offered the position of Alliance Leader to Duan Ling Tian.

“Leader Luo, since the North Profound Alliance is providing me with a cultivation ground, please let me know if you need my help. As long as it doesn’t conflict with my principles, I’ll definitely help you,” Duan Ling Tian said. Then, he exchanged Soul Pearls with Luo Yi Ming.

Luo Yi Ming was in a good mood after hearing Duan Ling Tian’s words. Since he had heard Luo Feng’s report, he knew Duan Ling Tian was stronger than him. He had thought if people came to look for trouble with the alliance, Duan Ling Tian definitely would not stay idle if he was around. He was even more reassured now that he had obtained Duan Ling Tian’s promise.

“Unless it’s absolutely necessary, the alliance won’t bother you, Supreme Guardian Li. Please be rest assured and cultivate with peace of mind,” Luo Yi Ming said. Although he was delighted Duan Ling Tian had offered to help, he was not one to take advantage of another’s kindness.

“Alright.” Duan Ling Tian nodded before flying into the courtyard that Luo Yi Ming had arranged for him.

The cultivation ground was located in a remote corner of the North Profound Alliance base where people hardly passed by, hence, it was the perfect place for Duan Ling Tian to cultivate.

After Duan Ling Tian left, Luo Yi Ming sent a message to his cousin, Luo Feng. “From today onward, Li Feng is our Supreme Guardian. Warn those who witnessed your battle today to keep their mouths shut, and make sure no one else finds out that our Supreme Guardian possesses a divine artifact.”

Luo Feng went to work immediately after receiving the orders from Luo Yi Ming. Hence, it did not take long for a commotion to break out in the North Profound Alliance when they found out they had gained a Supreme Elder. After all, there were quite a few Guardians in the North Profound Alliance but none of them were given the title of Supreme Guardian. Moreover, the position of a Guardian was below the Leader and the Vice Leader. How could they not be shocked that they had suddenly gained a Supreme Guardian whose position in the alliance was not lower than that of the Leader?

“What kind of person is our Supreme Guardian? His position is even higher than that of our Vice Leader. Our Vice Leader is an Eight Star God of War, after all!”

“Does he even qualify to become our Supreme Guardian?”

“Is he worthy to be treated the same as our Leader?”

The members of the North Profound Alliance were skeptical when they heard about their new Supreme Guardian. However, they were shocked when they heard about their Supreme Guardian from those who stood guard at the entrance earlier, and they wondered why such a powerhouse would join the North Profound Alliance.

“He broke through Lord Luo Feng’s defenses with just a strike?”

“I can’t believe he defeated Lord Luo Feng in just a few breaths!”

“Even our Leader might not be capable of such a feat, right? Who’s he? I heard he’s really mysterious. He’s dressed in a black robe and black cloak and wears a hat that hides his face.”

“To be able to defeat Lord Luo Feng so quickly, he must be stronger than our Leader!”

Many of them wondered

The members of the North Profound Alliance who doubted the capabilities of their newly assigned Supreme Guardian stopped being suspicious. They were shocked and in disbelief that such a person would join the North Profound Alliance.

“To be able to defeat Lord Luo Feng within such a short amount of time... He must be stronger than our leader.”

The members of the North Profound Alliance could not stop discussing Duan Ling Tian for a long time. It was as though they would never get bored of talking about him.

Meanwhile, Duan Ling Tian was naturally unaware of the commotion he had caused in the North Profound Alliance. He was fully immersed in his cultivation to attain godhood as fast as he could. He wanted to quickly reach the point of transition from a celestial to a god so he could wander the Nine Serenities Battlefield fearlessly without the need to disguise himself.

...

“Duan Ling Tian? The Vice Leader of the Heavenly Dao Alliance in the Nine Eastern Region?”

Mi Xuan, the former Clan Leader of the Phantom Clan, had possessed Tang San Pao and entered the Nine Serenities Battlefield before Duan Ling Tian had even joined the Heavenly Dao Alliance. He had joined an alliance as soon as he entered the Nine Serenities Battlefield.

Unlike Duan Ling Tian, Mi Xuan had a deeper understanding of the Nine Serenities Battlefield. He had joined the Liberal Heaven Alliance in the Fifth Western Region as soon as he entered the Nine Serenities Battlefield.

In order to enter the Nine Serenities Battlefield, Mi Xuan had sealed part of his soul to maintain the cultivation base of a Ten Directions Celestial Emperor. Moreover, since his soul had yet to fully integrate with the body he possessed, he still did not have full mastery over the laws that he had previously comprehended.

Today was the first time Mi Xuan emerged from his closed-door cultivation since he came to the Nine Serenities Battlefield and joined the Liberal Heaven Alliance. This was the reason he had just found out about the incident with the Heavenly Dao Alliance.

‘Duan Ling Tian’s in the Nine Serenities Battlefield as well?’ Mi Xuan’s eyes glinted coldly when he thought about the person who killed his younger brother, Miyan.

“I wonder if Wu Hong Qing sent someone to report to me...” Mi Xuan was certain Wu Hong Qing, the Temple Master of the Title Temple, must have already discovered that Duan Ling Tian had entered the Nine Serenities Battlefield as well. After all, with Wu Hong Qing’s vast intelligence network, there was no way he had not heard about Duan Ling Tian after Duan Ling Tian became famous in the Nine Serenities Battlefield.

“Perhaps, I should leave the Nine Serenities Battlefield temporarily to see what Wu Hong Qing plans to do. There’s no news of Duan Ling Tian ever since he killed the second true disciple of the Heavenly Emperor of the Given Heaven so he must have gone into hiding. It won’t be easy for Wu Hong Qing to find him...”

In the end, Mi Xuan decided to leave the Nine Serenities Battlefield to find out what was going on.

...

“What took you so long?” Wu Hong Qing asked as soon as he saw Mi Xuan. He had sent men to inform Mi Xuan to meet him. Before entering the Nine Serenities Battlefield, Mi Xuan had left his Soul Pearl with him. Hence, he gave his subordinate Mi Xuan’s Soul Pearl so his subordinate could contact Mi Xuan in the Nine Serenities Battlefield.

Wu Hong Qing was not sure if Mi Xuan received the message. As days passed, there was no reply from Mi Xuan. Finally, he concluded that Mi Xuan must not have received the message. Now that Mi Xuan suddenly appeared, he knew Mi Xuan must have heard about Duan Ling Tian’s deeds in the Nine Serenities Battlefield.

“I blocked out everything that might affect my cultivation before I entered closed-door cultivation,” Mi Xuan said indifferently, “You sent someone to inform me about Duan Ling Tian?”

Wu Hong Qing nodded.

Mi Xuan glanced at Wu Hong Qing and said, “Now that Duan Ling Tian killed the second true disciple of the Heavenly Emperor of the Given Heaven, the Heavenly Emperor won’t let him go, right? You must be reluctant to see Duan Ling Tian being killed by him...”

Wu Hong Qing scoffed. “What? Are you not reluctant as well? I’m not the only one after the Five Divine Elements in his body, after all.”

“Fine.” Mi Xuan waved his hand. “Let’s get straight to the point. What are your plans? After that incident, Duan Ling Tian has clearly gone into hiding. He might have even left the Nine Serenities Battlefield...”

Wu Hong Qing’s eyes glinted as he said, “On the contrary, I don’t think he’s left the Nine Serenities Battlefield. Someone like him who achieved so much at such a young age won’t be complacent. He’s unwilling to hide in one of the mundane realms and went to the Nine Serenities Battlefield; this only shows that he wants to cultivate and gain experience so he can attain godhood as soon as possible. Hence, I’m certain he won’t leave the Nine Serenities Battlefield over that incident. Even Heavenly Emperor Ji You agrees with me...”

Mi Xuan cocked an eyebrow upon hearing Wu Hong Qing’s words. “You’ve contacted the Heavenly Emperor of the Given Heaven?”

Chapter 3564: Luo Yi Ming’s Secret Wish

Mi Xuan seldom visited the Devata Realms when he was the Clan Leader of the Phantom Clan. However, he was still aware of the Devata Realms’ Heavenly Emperor Ranking. Hence, he knew Ji You was ranked

first among the Heavenly Emperors. Even if he was previously unaware of it, he would have gained this information from Tang San Pao's memories after he possessed Tang San Pao.

Wu Hong Qing nodded. "That's right. I reached out to him first."

Mi Xuan furrowed his brows. "You reached out to him first? You didn't tell him about the Five Divine Elements, did you?"

"Of course not." Wu Qing shook his head. "I told him the Title Temple will help him look for Duan Ling Tian. However, I told him that Duan Ling Tian has to be captured alive, and he'll be held in the Title Temple so we can learn more about the Four Daos of Heaven and Earth. Heavenly Emperor Ji You knows about the Title Temple's interest in the Four Daos of Heaven and Earth. He has expressed interest as well so I promised to share what we learn from Duan Ling Tian with him. Apart from that, he wants Duan Ling Tian's divine artifact."

Mi Xuan said, "Since he wants Duan Ling Tian's divine artifact, it only shows that Duan Ling Tian's divine artifact isn't ordinary. What do you think?"

"I agree," Wu Hong Qing nodded and said, "Ji You isn't stupid. For him to show interest in Duan Ling Tian's divine artifact definitely means the divine artifact is special. However, is a divine artifact, extraordinary and ordinary, comparable to the Five Divine Elements? Don't forget the Five Divine Elements in Duan Ling Tian's body have all evolved into their higher forms. Even if we only possess one Divine Element, we'll become Emperors of Gods or Supreme Gods even if we can't become supreme powerhouses..."

Based on these words, it was clear Wu Hong Qing was willing to give up an extraordinary divine artifact in exchange for the Five Divine Elements.

"You're right." Mi Xuan nodded.

"How strong are you now?" Wu Hong Qing asked as he looked at Mi Xuan with an anticipatory gaze.

Mi Xuan replied indifferently, "Although it's not perfect, my Celestial Origin Energy now has traces of the Divine Energy. I haven't regained mastery of the laws I comprehended, but it's not a problem for me to kill ordinary Nine Star Gods of War."

Wu Hong Qing's eyes lit up when Mi Xuan said he was capable of killing Nine Star Gods of War.

"Mi Xuan, the Title Temple will do all it can to help you capture Duan Ling Tian alive. If you can capture him alive, steal the Five Divine Elements and kill him! If Ji You is unaware of it, then claim the divine artifact as well. You can keep it. The Title Temple will send a group of Eight Star Gods of War to assist you. I'm also in the midst of gathering a group of Nine Star Gods of War. For now, a Branch Temple Master who's a Nine Star God of War will join you soon..."

Clearly, Wu Hong Qing had not been slacking off while Mi Xuan was away.

"Should I go to the Given Alliance when I return to the Nine Serenities Battlefield?" Mi Xuan asked.

"Yes." Wu Hong Qing nodded. "I made a deal with Ji You. I'll send a Nine Star God of War to assist his first disciple, Ji Ying, to capture Duan Ling Tian. Initially, I planned to send a Branch Temple Master there. However, since you're now a Nine Star God of War, you should go to the Given Alliance instead."

There were a few Nine Star Gods of War in the Title Temple who were Branch Temple Masters. However, most of them were busy dealing with the Title Temple branches' affairs and could not freely leave. They would not be able to leave and enter the Nine Serenities Battlefield even if Wu Hong Qing wanted to send them there.

In fact, Duan Ling Tian had considered this as well. Hence, he was rather bold and certain the Title Temple would not send Nine Star Gods of War after him. At most, they would send a group of Eight Star Gods of War after him.

"You should assist Ji You's disciple, Ji Ying. I'll send another Nine Star God of War to assist you. Ji You will be sending a Nine Star God of War as well. A group of four Nine Star Gods of War in the Nine Serenities Battlefield is practically invincible. It won't be difficult for us to find Duan Ling Tian," Wu Hong Qing said as his eyes burned with greed.

...

Duan Ling Tian was unaware that Wu Hong Qing was now working together with Mi Xuan and Ji You, the Heavenly Emperor of the Given Heaven. He had no idea that four Nine Star Gods of War were now on a mission to hunt him down.

Currently, Duan Ling Tian had disguised himself and used the pseudonym 'Li Feng' to join the North Profound Alliance.

The North Profound used to be one of the three strongest alliances in the Second Northern Region. However, with the addition of Duan Ling Tian, the North Profound Alliance was now the strongest alliance in the Second Northern Region, surpassing the other two alliances.

"I think the North Profound Alliance is strong enough to defeat the other two alliances now..."

"Of course! We have three Eight Star Gods of War in our alliance now. Moreover, our Supreme Guardian is stronger than our Vice Leader and possibly our Leader!"

"I wonder if our Leader and Supreme Guardian will do anything to the other two alliances..."

The alliances in the Nine Serenities Battlefield not only provided one with shelter, but they also provided one with support. After all, it was difficult to survive alone and without help in the Nine Serenities Battlefield. If they worked together, they would be able to obtain more treasures and resources even if they had to share among themselves.

For example, a group of ordinary Six Star Gods of War could easily kill a top Six Star God of War if they worked together.

Naturally, stronger alliances would attract more people, and as a result, they would grow bigger as well.

The three alliances in the Second Northern Region had been locked in a stalemate for a while now. Their strength was equal and it was difficult for them to take the other out unless they joined forces. However, that would defeat the purpose of dominating the entire Second Northern Region. However, when Duan Ling Tian joined the North Profound Alliance as Li Feng, he broke the balance between the

three alliances. With his presence, the Northern Profound Alliance had grown significantly stronger and was capable of taking down the other two alliances.

Hence, many members of the North Profound Alliance eagerly anticipated the day their Leader and Supreme Guardian would wipe out the other two alliances and dominate the Second Northern Region.

However, it did not take long for them to realize that their Supreme Guardian seemed to have vanished into thin air after joining the North Profound Alliance. For this reason, a few of the Guardian looked for Luo Feng to inquire about the matter.

“Lord Luo Feng, now that we have a Supreme Guardian, aren’t we going to attack the other two alliances?”

“That’s up to the Leader or the Supreme Guardian,” Luo Feng replied. This was the response he gave to everyone who asked him this question.

In the end, there was nothing the members of the North Profound Alliance could do but wait. They did not dare to approach their Leader after all, and it was difficult to even catch a glimpse of their Supreme Guardian, let alone ask him questions.

When Luo Feng met Luo Yi Ming, he asked, “Brother, don’t you think you should say something. The members are waiting for an answer. Are we going to attack the two alliances now that we have the Supreme Guardian on our side?”

Luo Yi Ming shook his head. “I’ll make an announcement when the time is right. Now’s not the right time. The Supreme Guardian just joined us not too long ago. What if we raise this matter to him and cause him to feel displeased? It’d be disadvantageous to us if he leaves. We should wait for the Supreme Guardian to develop a better relationship with us before we involve him in this matter. Moreover, you know he’s not someone we can afford to offend.”

Luo Feng nodded. Then, he asked worriedly, “However, the other two alliances must have found out by now that we have another Eight Star Gods of War in our ranks. Will they join forces and launch a preemptive strike?”

“Join forces? Preemptive strike?” Luo Yi Ming smiled. “I really wish they’d do that.”

“Why? Wouldn’t that be a disaster for us?” Luo Feng asked, shocked and confused.

Chapter 3565: The Autumn Cloud Alliance and the Mount He Alliance

“A disaster?” Luo Yiming smiled faintly upon hearing Luo Feng’s words. “That might not necessarily be the case.”

“Brother, what do you mean? Stop beating around the bush and tell me what’s on your mind!” Luo Feng said impatiently.

Luo Yi Ming laughed before he said, “Brother Feng, you’ll know what I mean if the other two alliances work together and come for us.”

Luo Yi Ming was incredibly calm. It seemed as though he did not care at all even if two major alliances joined forces to deal with the North Profound Alliance. In fact, there was a reason for his confidence. A few days ago, he had sparred with Duan Ling Tian when Duan Ling Tian came to visit him regarding some matter. Similar to his cousin, he was quickly defeated by Duan Ling Tian. With this, he realized Duan Ling Tian was a top Eight Star God of War, at least.

Luo Yi Ming and Luo Feng were only ordinary Eight Star Gods of War. Like the North Profound Alliance, the other two alliances only had ordinary Eight Star Gods of War as well.

...

The three strongest alliances in the Second Northern Region were the North Profound Alliance, the Autumn Cloud Alliance, and the Mount He Alliance.

It did not take long for news about the North Profound Alliance's newly appointed Supreme Guardian being stronger than the Alliance Leader and Vice Alliance Leader to spread to the Autumn Cloud Alliance and the Mount He Alliance.

Needless to say, the two alliances began to act as soon as they received this news. After investigating the matter, the Eight Star Gods of War from the alliance finally convened to discuss the matter at the Mount He Alliance base.

Two rows of seats could be in the main hall of the Mount He Alliance base. Two groups of people sat facing each other at this time.

At this time, a tall and burly middle-aged man who was dressed in a long gray robe called out, "Leader Yuan, I think it's time for us to temporarily set our differences aside and work together. Otherwise, it'll be too late for regrets when the North Profound Alliance comes for us."

The dignified gray-clad tall and burly middle-aged man had large eyes and a pair of bushy brows that framed them. He was none other than Tie Ming, the Vice Leader of the Autumn Cloud Alliance. He was an Eight Star God of War whose strength was on par with Luo Feng, the Vice Leader of the North Profound Alliance. The vice leaders of the alliances had a duel a few years ago and were equally matched.

Tie Ming's words were directed at a dignified old man dressed in a dark green long robe. The old man's hair and sword-shaped brows were white as snow. He looked energetic and youthful for his age. He was Yuan Fu, the Leader of the Mount He Alliance. Since the Leader of the Autumn Cloud was present, he forgo the main seat reserved for the leaders in the hall and sat with the others.

"Vice Leader Tie, how sure are you that the North Profound Alliance will attack us?" An ordinary-looking young man with a medium build who was sitting next to Yuan Fu shook his head as he spoke. He was the Vice Leader of the Mount He Alliance, Qi Kun.

"Vice Leader Qi," Tie Ming said as his eyes flashed, "Is the Mount He Alliance willing to risk it? If that's the case, my Leader and I will leave Mount He Alliance immediately. We only came to Mount He Alliance to seek cooperation. I'm sure it must have crossed your mind to work together to take down the North Profound Alliance as well. We decided to personally come here as a show of our sincerity. However, if

the Mount He Alliance is unwilling to cooperate, then we won't insist on it as well." Tie Ming smacked his hand against the table and rose to his feet as soon as he finished speaking.

"Vice Leader Tie, please calm down," Qi Kun said as he rose to his feet as well.

In fact, the Mount He Alliance was keen to cooperate with the Autumn Cloud Alliance as well. However, due to past conflicts with the Autumn Cloud Alliance, the Mount He Alliance did not want to seem too eager. However, now that Tie Ming had said such words, it was only natural that the Mount He Alliance would soften their attitude.

"Leader Yuan, what do you say? It's a waste of our time to argue at such a time, don't you think?" The harmless-looking middle-aged man, who looked like a scholar sitting next to Tie Ming, finally opened his eyes to look at Yuan Fu. He was Ximen Jiang Cheng, the Leader of the Autumn Cloud Alliance.

"Leader Ximen." The expressionless Leader of the Mount He Alliance, Yuan Fu, forced a smile on his face as he said, "The Mount He Alliance is willing to cooperate with the Autumn Cloud Alliance regarding this matter."

"Then you should've said so earlier..." Tie Ming said before he returned to his seat.

Yuan Fu asked Ximen Jiang Cheng, "Leader Ximen, since you personally came to seek cooperation with us, I'm sure you already have a plan in mind. Do you mind telling me what you planned to do next?"

Ximen Jiang Cheng shone coldly as he said, "Both alliances will join forces to attack the North Profound Alliance as soon as possible."

...

In the Given Alliance base in the central region of the Nine Serenities Battlefield.

A young man leading a dozen men appeared at the entrance of the Given Alliance base. He said indifferently to the guards at the entrance of the base, "I came to look for Ji Ying."

"Ji Ying?"

The members of the Given Alliance guarding the base entrance were briefly confused until one of them said, "Ji Ying seems to be the name of our Leader..."

"My Lord, may I ask for your name?" another guard asked carefully.

"Mi Xuan," the young man replied curtly. This young man was none other than Mi Xuan who had possessed Tang San Pao.

"So you're Lord Mi Xuan. Our Leader has ordered us to bring you to him as soon as you arrive."

The eyes of the guards of the Given Alliance lit up as they bowed respectfully.

Before Mi Xuan returned to the Nine Serenities Battlefield, Wu Hong Qing, the Temple Master of the Main Title Temple, had contacted Ji You, the Heavenly Emperor of the Given Heaven, to notify Ji You that he would be sending someone to the Given Alliance to help search for Duan Ling Tian.

The members of the Given Alliance were confused. Shortly afterward, one of them reacted. "Ji Ying seems to be the name of our leader!"

"My lord, may I know who you are?" One of the members of the Given Alliance asked tentatively.

"Mi Xuan," the young man replied indifferently.

He was none other than Mi Xuan who had possessed Tang San Pao's body.

"So, you're Lord Mi Xuan." The eyes of the members of the Given Alliance lit up as they bowed respectfully at Mi Xuan. "Our Leader has commanded us to bring you to meet him immediately."

Before Mi Xuan had entered the Nine Serenities Battlefield, the Title Temple Master, Wu Hong Qing, had contacted the Heavenly Emperor of the Given Heaven, Ji You to inform his disciple, Ji Ying that the Title Temple would send someone over to the Given Alliance to help search for Duan Ling Tian.

After Ji You had informed his first true disciple, Ji Ying, about this matter, Ji Ying had notified his men to expect a respected guest by the name of Mi Xuan.

One of the guards led Mi Xuan and the dozen men following him into the base.

Half of the dozen men were Eight Star Gods of War from the main Title Temple while the remaining were from various Title Temple branches. Wu Hong Qing had told them to listen to Mi Xuan's orders and to capture Duan Ling Tian alive.

When they arrived at the entrance of a valley, Mi Xuan's men were stopped at the entrance.

"You're Mi Xuan from the Title Temple? Our Leader has been waiting for you. However, our Leader wishes to meet with you privately."

When Mi Xuan entered the valley, he saw Ji Ying, who looked formidable, hovering in the air. He flew up and drew level with Ji Ying.

"Mi Xuan?" Ji Ying raised an eyebrow.

Mi Xuan nodded lazily. Although Ji Ying was a Nine Star God of War, Ji Ying was nothing in the eyes of Mi Xuan who used to be a King of Gods before he sealed his soul. Even an ordinary god was nothing in Mi Xuan's eyes, let alone a titled Celestial Emperor who had yet to attain godhood.

"My master said you're a Nine Star God of War?" Ji Ying bluntly asked.

"I guess." Mi Xuan shrugged.

"This is not a matter to be taken lightly. If you're not a Nine Star God of War, then you're not worthy of cooperating with me. Since when did the Title Temple become so unreliable and untrustworthy?" Ji Ying asked, annoyed.

"Unworthy of cooperating with you?" Mi Xuan scoffed. "Brat, you better watch your mouth. Otherwise, I'll teach you a lesson on behalf of your master."

Mi Xuan who treated Wu Hong Qing, the Temple Master of the Title Temple, as someone inferior to him did not even care about Ji You, the Heavenly Emperor of the Given Heaven. How could he care about Ji You's disciple?

Ji Ying was stunned by Mi Xuan's words. When he regained his senses, he said disdainfully, "If you want to teach me a lesson, you'll have to have the ability to do so."

With this, the atmosphere grew heavy and tense immediately.

It looked as though a fight was about to break out as the duo glared at each other..

Chapter 3566: The Powerful Soul Attack

Mi Xuan narrowed his eyes and barked, "Presumptuous!"

A grey energy surged out from Mi Xuan's body as he continued to say, "You asked for this, Ji Ying. You have to suffer the consequences of your actions."

"It's too early to tell who would suffer the consequences..." Ji Ying said indifferently. As the first true disciple of Ji You, the Heavenly Emperor of the Given Heaven, he was naturally not easily intimidated. Even if his opponent was truly a Nine Star God of War, he remained confident. Moreover, based on his opponent's reaction earlier, it was likely that his opponent was not even a Nine Star God of War. Hence, he thought it was likely that his opponent was only a top of Eight Star God of War or had only just recently become a Nine Star God of War. Moreover, the strongest powerhouse in the Nine Serenities Battlefield were Nine Stars Gods of War like him; gods were prohibited from entering. For all these reasons, he was unafraid of his opponent.

Mi Xuan scoffed as his eyes shone with killing intent. At this moment, a figure that resembled him, or rather, Tang San Pao, appeared. The clone had red eyes, unlike Mi Xuan. Based on the pair of red eyes, it was obvious the clone was the Undead Doppelganger from the law of death.

Swoosh!

Ji Ying made a move as well. In just an instant, he shone with a green light. Like a gust of wind, he easily dodged Mi Xuan's clone.

Swoosh! Swoosh! Swoosh! Swoosh! Swoosh!

As Ji Ying dodged Mi Xuan's preemptive attack, he attacked at the same time. In just a blink of an eye, countless wind sabers appeared and swept toward Mi Xuan like a tsunami.

...

At the same time, the high-ranking members of the Given Alliance looked at the men from the Title Temple. Then, one of them explained, "Gentlemen, don't worry. Our Leader won't hurt Lord Mi Xuan. He's only testing Lord Mi Xuan's strength."

In fact, the explanation was unnecessary. Even when the wind sabers swept toward Mi Xuan, their faces remained expressionless. It was obvious they were not worried at all.

These men were not familiar with Mi Xuan at all. They had only followed him here because of Wu Hong Qing's orders. As Eight Star Gods of War, they naturally would not easily acknowledge someone whom they were familiar with. Hence, they were secretly thrilled by this chance to observe Mi Xuan's strength.

One of the Eight Star Gods of War from the Title Temple said with a sigh, "I've long heard the first true disciple of the Heavenly Emperor of the Given Heaven is a Nine Star God of War. It's not a waste of my time coming here since I'm able to witness his strength..."

Another one of the Eight Star Gods of War nodded. "You're right."

The group of Eight Star Gods of War discussed in low voices as they watched the fight before them. None of them was worried about Mi Xuan's safety at all. Since none of them was present during the Devata Realms' Battle of the Geniuses, they did not recognize him at all.

On the other hand, the members of the Given Alliance were shocked by the group of Eight Star Gods of War's lackadaisical attitudes.

...

Back in the sky above the valley in the Given Alliance base.

Mi Xuan easily deflected the wind sabers before he vanished into thin air. When he reappeared again, it was clear he was not injured by the wind sabers at all. Then, he said indifferently, "Is this the extent of your strength?"

Ji Ying's expression changed slightly. Although he did not attack with his full might, he did not hold back much of his strength as well. With this, he finally realized Mi Xuan was indeed a Nine Star God of War. He cursed inwardly at Mi Xuan for being so misleading with his words earlier.

Ji Ying attacked once again. This time, he did not hold back and attacked with all his strength. He was determined to end the fight in a draw at least. Otherwise, it would be too embarrassing if he was defeated. After all, he was the one who had challenged Mi Xuan first.

"I'm going to defeat you with just a strike," Mi Xuan said indifferently.

Ji Ying and the other high-ranking members of the Given Heaven were shocked by Mi Xuan's bold claim. After all, even if Mi Xuan was a Nine Star God of War, it would be difficult for him to defeat Ji Ying who was also a Nine Star God of War.

"Presumptuous!" Ji Ying roared. Green energy surged, stirring up a gust of violent wind. At this moment, he looked like the god of wind who could destroy heaven and earth with just a wave of his hand.

"You'll see soon enough if I'm being presumptuous or not," Mi Xuan said indifferently.

As soon as Mi Xuan's voice fell, a streak of light shot out from his glabella. It looked like a meteor as it flew across the sky. In just a blink of an eye, it was only a few inches away from Ji Ying.

Ji Ying's Celestial Origin Energy that had been imbued with the law of wind was helpless against Mi Xuan's attack.

...

“A-a soul attack?!”

The spectator gasped in shock. After all, even among their peers, there were not many who mastered soul attacks since it was difficult to master. Hence, they were shocked when they saw Mi Xuan casting a soul attack.

“Nevertheless, it still won’t be easy for him to defeat a Nine Star God of War with soul attacks alone, right?”

Although soul attacks were powerful, it was impossible for them to defeat someone who had the same cultivation base as the caster unless one used a soul-type divine artifact as well.

...

“A soul attack?” Ji Ying scoffed.

In fact, Mi Xuan was highly skilled in soul attacks. Moreover, he also possessed a soul-type divine artifact.

On the other hand, although Ji Ying was slightly skilled in soul attacks, he only used them to launch sneak attacks. He preferred to attack with his Celestial Origin Energy and the law he had comprehended.

At this moment, Ji Ying’s mocking smile suddenly froze on his face. When Mi Xuan’s soul attack was only a hair’s breadth away, he tried to dodge. He discovered that his attacks only managed to reduce half the force of Mi Xuan’s attack. Mi Xuan’s attack landed on him just as he was about to make his move. Following that, he felt as though his brain was growing heavier and heavier. He also found it hard to focus.

...

Boom!

A loud commotion rang in the air, causing the group of spectators to look in the direction of the commotion. They were shocked when they saw Mi Xuan’s clone sending Ji Ying flying with just a punch.

After being hit, the green energy that shrouded Ji Ying vanished immediately. He spat out a mouthful of blood as he tried to stabilize his footing. Traces of fear could be seen on his pale face when he looked at Mi Xuan again.

“Who are you exactly?!” Ji Ying did not think anyone could be so highly skilled in soul attacks without using soul-type divine artifacts.

Naturally, Ji Ying was unaware that his opponent was a member of the Phantom Clan from the Land of the Dead. Most importantly, he was unaware that his opponent was a King of Gods who had sealed his souls.

...

At the same time, the spectators looked at Mi Xuan in shock. None of them had expected this outcome.

The Eight Star Gods of War from the Title Temple sighed in relief inwardly. Fortunately, none of them tried to challenge Mi Xuan when they still doubted his strength. Otherwise, they would have suffered terribly. After all, even Ji Ying, the first true disciple of Ji You, the Heavenly Emperor of the Given Heaven, was easily defeated despite being a Nine Star God of War. Most of them could also tell that Mi Xuan had been holding back earlier.. If he did not hold back, just a punch from his clone could have killed Ji Ying.

Chapter 3567: The North Profound Alliance's Crisis

Ji Ying, who looked miserable at this moment, asked grimly, "Who are you?"

Ji Ying did not expect the Title Temple would send such a formidable Nine Star God of War. His opponent's soul attack was so powerful that it seemed impossible coming from someone who had yet to attain godhood. Hence, it was impossible for a Nine Star God of War to deflect such an attack with a soul-defense divine artifact. Mixed feelings rose in his heart at this moment. It was a good thing that the Title Temple sent someone so strong to assist his search for Duan Ling Tian, but he felt uneasy with the strength and dominance Mi Xuan had displayed. It seemed like he had forgotten that he had challenged Mi Xuan first at this moment.

"I'm someone you can't afford to offend," Mi Xuan replied brusquely.

Although Ji Ying was infuriated with Mi Xuan's reply, there was nothing he could say to refute those words. He truly could not afford to offend someone who could easily kill him. Moreover, Mi Xuan, who was from the Title Temple, was unlike those people who feared him since he was the first true disciple of the Heavenly Emperor of the Given Heaven.

Meanwhile, fear could be seen in the eyes of the high-ranking members of the Given Alliance and the Eight Star Gods of War from the Title Temple when they looked at Mi Xuan. In this world where the strong were revered, they were instantly convinced by Mi Xuan's strength and no longer had any reluctance about obeying Mi Xuan's orders.

Mi Xuan glanced at Ji Ying and asked, "Is there any news about Duan Ling Tian?"

After Ji Ying regained his senses, he shook his head. "After Duan Ling Tian killed my junior brother, the Heavenly Dao Alliance disbanded immediately. Ever since then, there has been no news of Duan Ling Tian. We managed to capture a few former members of the Heavenly Dao Alliance, but none of them revealed anything about Duan Ling Tian's whereabouts even though we tortured them to death."

Ji Ying clenched his hands tightly, and his body trembled slightly when he mentioned his junior brother whom he treated like his biological brother.

"Were there any high-ranking members from the Heavenly Dao Alliance among those you captured?" Mi Xuan asked.

"No." Ji Ying shook his head. "We only managed to capture those few people because they were openly bragging about witnessing the battle between Duan Ling Tian and my brother. All of them were only ordinary members of the Heavenly Dao Alliance."

After the Heavenly Dao Alliance disbanded, all the members had gone their separate ways. Those who were smart naturally did not dare to disclose the fact that they were formerly members of the Heavenly Dao Alliance. It was unfortunate that there were fools who thought they would get away with bragging about this matter.

Mi Xuan said in a low voice, "Although I loathe to admit it, Duan Ling Tian's innate talent and comprehension skills are truly remarkable. He achieved so much before even reaching 700 years old. If he becomes a Nine Star God of War, I'm afraid you won't be a match for him at all."

"He won't be a match for me if he only recently became a Nine Star God of War," Ji Ying said indignantly, feeling underestimated by Mi Xuan.

Mi Xuan only glanced at Ji Ying and did not respond to those words. Instead, he changed the topic and said, "Arrange for a quiet and remote place for me to stay in."

...

Duan Ling Tian was still unaware that Mi Xuan had possessed Tang San Pao, let alone the fact that Mi Xuan had sealed his soul and entered the Nine Serenities Battlefield. He was fully immersed in cultivating and comprehending the law of space and two of the Four Daos of Heaven and Earth in the North Profound Alliance base.

Due to the Heaven and Earth Spirit Energy from the remnant of a Realm of Gods in his Little World, his cultivation environment was the best. With that, he improved tremendously while he cultivated, uninterrupted, in the North Profound Alliance base.

...

Time continued to pass.

The members of the North Profound Alliance who had been hoping for Duan Ling Tian, their new Supreme Guardian, to help them to eliminate the other major alliances in the Second Northern Region had also given up on the idea. It seemed to them that their Supreme Guardian was rather passive so they did not hold much hope of him making a move.

Alas, the peaceful days in the North Profound Alliance did not last long. The peace was first broken by a loud cry from the entrance of the base. Following that, many members began to rush into the base in a panic.

"The members of the Mount He Alliance are here!"

"Vice Leader Qi Kun of the Mount He Alliance brought many of the Guardians here as well!"

An ominous feeling rose in the hearts of the members of the North Profound Alliance as chaos and panic ensued. In just a short moment, their alliance was faced with an unprecedented crisis.

"Leader Ximen Jiang Cheng led his men to attack the eastern entrance!"

"Leader Yuan Fu of the Mount He Alliance is at the southern entrance!"

"Vice Leader Tie Ming of the Autumn Cloud Mountain and his men are at the northern entrance!"

Report after report came in, causing the members of the North Profound Alliance to panic.

“What to do? What to do?”

“The Mount He Alliance and the Autumn Cloud Alliance came to eliminate us! Why didn’t our Supreme Guardian and Leader eliminate them earlier?”

“I shouldn’t have returned to the base! I only returned to the base yesterday after being away for a few months. How unlucky!”

“Do you think the Mount He Alliance or the Autumn Cloud Alliance will accept us if we jump ship?”

“Do you think they’ll accept traitors?”

“The Nine Serenities Battlefield is different. Everyone wants to join a strong alliance, after all. It’s normal to jump ship.”

The Leaders and Vice Leaders from the Mount He Alliance and the Autumn Cloud Alliance led their men in and attacked the North Profound Alliance, leaving a river of blood in their wake. The members were brutally killed; they disregarded all pleas for mercy.

At this moment, Luo Yi Ming appeared. His expression was twisted by anger as he looked at the chaos in the alliance base.

Similarly, Luo Feng who was standing behind Luo Yi Ming wore an unsightly expression on his face as well.

“Ximen Jiang Chen, Yuan Fu, what do you think you’re doing?!”

As soon as Luo Yi Ming and Luo Feng appeared, the members of the North Profound Alliance rushed toward the duo’s sides.

“Leader!”

“Vice Leader!”

Swoosh! Swoosh! Swoosh! Swoosh! Swoosh!

Soon after, the eleven Guardians of the North Profound Alliance, who were Seven Star Gods of War, appeared one after another as well.

“Leader, Vice Leader...”

The group of Guardians stood in a row behind Luo Yi Ming and Luo Feng, glaring at their opponents fiercely. Despite their fierce expressions, a hint of fear could be seen in the depths of their eyes. Some of them even trembled slightly.

This was not surprising considering the Mount He Alliance and the Autumn Cloud Alliance had joined forces. This was their worst nightmare. When their Supreme Guardian joined them, they were filled with anticipation. They could not wait for him to eliminate the Mount He Alliance and the Autumn Cloud Alliance. However, when it was clear their Supreme Guardian was not going to take action, they became

restless before finally resigning to the fact that their Supreme Guardian was never going to make a move. At that time, they wondered if the other two alliances would be able to put their differences aside and join forces to get rid of the threat that was the North Profound Alliance. Today, they finally received the answer to their question.

“Luo Yi Ming, today is the end of the North Profound Alliance,” Yuan Fu, the Leader of the Mount He Alliance, said as he looked at Luo Yi Ming mockingly.

“Ximen Jiang Cheng, is this your intention as well?” Luo Yi Ming asked Ximen Jiang Cheng, the Leader of the Autumn Cloud Alliance.

Ximen Jiang Cheng remained silent. However, his expression was more than enough to convey his answer.

“Very well.” Luo Yi Ming was so angry that he could not help but laugh. “It seems like both of you are determined to eliminate the North Profound Alliance today.”

Yuan Fu said indifferently, “Luo Yi Ming, you can only blame yourself for letting another Eight Star God of War join your alliance. You should know that would tip the precarious balance between our three alliances.”

Upon hearing this, the expressions of many members of the North Profound Alliance turned unsightly. Many of them were filled with discontentment and dissatisfaction.

“It’s the Supreme Guardian’s fault!”

“That’s right! Not only did he not contribute to the alliance, but he even brought disaster to our alliance!”

“Our Supreme Guardian is a waste of space!”

“We shouldn’t have let him join us!”

It was not just the ordinary members of the North Profound Alliance who thought this way, but even the Guardians of the North Profound Alliance thought this way as well.

Chapter 3568: The Supreme Guardian

“Shut up!” Luo Yi Ming roared.

The members of the North Profound Alliance were shocked into silence.

Luo Yi Ming looked at the members of the North Profound Alliance coldly as he said, “Whether the Supreme Guardian is useless or not or if the alliance should’ve accepted him or not aren’t something any of you have the right to comment on. You’re free to leave the alliance if you’re unhappy. The alliance doesn’t need people like you...”

The members of the North Profound Alliance who were complaining earlier lowered their heads. Naturally, they wanted to leave the alliance now if they were given the chance. However, it was clear that the Mount He Alliance and the Autumn Cloud Alliance would not let them go even if they left the

North Profound Alliance. At this time, they knew their only hope of surviving was Luo Yi Ming. If he abandoned them, they would definitely die.

“How stubborn.” Yuan Fu, the Leader of the Mount He Alliance, scoffed. Then, he said disdainfully, “Luo Yi Ming, they’re right. Your Supreme Guardian brought this disaster upon your alliance. Why do you still defend your Supreme Guardian at such a time? Where’s your Supreme Guardian? Was he frightened into wetting his pants?”

The people from the Mount He Alliance and the Autumn Cloud Alliance burst into fits of laughter upon hearing Yuan Fu’s words.

“My Lord, you’re right. I wonder what an Eight Star God of War looks like when he wet his pants!”

“In the end, he’s no different from an ordinary person.”

“He’s even more pitiful than an ordinary person!”

The people from the Mount He Alliance and the Autumn Cloud Alliance looked delighted as they jeered loudly.

“Yuan Fu, are you that eager to meet our Supreme Guardian?” Luo Yi Ming narrowed his eyes that glinted with a cold light as he looked at Yuan Fu.

“To be honest I can’t wait to meet him.” Yuan Fu nodded. “The North Profound Alliance, the Autumn Cloud Alliance, and the Mount He Alliance have been rivals for many years. I should at least meet the catalyst of the North Profound Alliance’s downfall, right? What do you think, Leader Ximen?”

Yuan Fu looked at Ximen Jiang Cheng with a smile on his face after he finished speaking.

The corners of Ximen Jiang Cheng’s lips curled up into a derisive smile, and his eyes shone with killing intent as he said, “I’d like to meet him as well.”

Ximen Xiang Cheng was filled with hatred for the Supreme Guardian of the North Profound Alliance whom he had never met before. After all, due to the threat the other party posed, he was forced to lower himself to seek cooperation with the Mount He Alliance. The humiliation he felt made him direct his anger and hate at the Supreme Guardian of the North Profound Alliance.

Yuan Fu smiled. “Leader Ximen, just as we agreed upon, he’s all yours to deal with.”

At this time, Luo Feng, who was feeling anxious, sent a Voice Transmission to Luo Yi Ming. “Brother, what are you planning? What are you going to do about this?”

Luo Feng remembered that Luo Yi Ming had previously said he wished the Autumn Cloud Alliance and the Mount He Alliance would join forces and attack them. However, Luo Yi Ming did not explain why. His curiosity had also faded away as time passed. Now that the alliance was faced with a disaster, he could not help but remember that matter again.

Before Luo Yi Ming could respond to Luo Feng, a voice rang in the air.

“Who wants to kill me?”

Following that, a figure dressed in a long black robe and black cloak wearing a black hat appeared in front of Luo Yi Ming. Since his face was concealed by the hat, he looked rather mysterious.

“Is that our Supreme Guardian?”

The members of the North Profound Alliance had only heard descriptions of their Supreme Guardian and had never met him before.

“Supreme Guardian.” Luo Yi Ming bowed before he cupped his fists together and greeted Duan Ling Tian. “I apologize for disturbing your cultivation today.”

The members of the North Profound Alliance were taken aback by Luo Yi Ming’s respectful attitude.

“Why is our Leader so respectful to the Supreme Guardian?”

Luo Feng was perplexed by his cousin’s behavior as well. He wondered if his cousin’s confidence came from their Supreme Guardian alone. However, he thought it was absurd. Even if the Supreme Guardian was the strongest person here and joined forces with his cousin, it would still be difficult for him to defeat four Eight Star Gods of War at the same time. After all, Luo Yi Ming and his strength were only on par with the strength of the Leaders of the Vice Leaders of the two alliances respectively. They were outnumbered.

Yuan Fu laughed. “Luo Yi Ming, do you think by acting this way, we’ll be fooled into thinking your Supreme Guardian is stronger than us combined? Let me make this clear to you. The North Profound Alliance is doomed today unless he’s a Nine Star God of War or a top Eight Star God of War like Wu Long, the former second Leader of the Given Alliance, or Duan Ling Tian, the Vice Leader of the Heavenly Dao Alliance!”

The people from the Mount He Alliance and the Autumn Cloud Alliance who felt slightly uneasy by Duan Ling Tian’s appearance felt relieved upon hearing Yuan Fu’s words.

“Hmph! Trying to fool us? How stupid!”

“Our Mount He Alliance’s Leader saw through your petty trick immediately!”

“It seems like the North Profound Alliance is really afraid of us since they resorted to such petty tricks!”

The eyes of the people from the Mount He Alliance and the Autumn Cloud Alliance flashed with killing intent as though they could not wait to kill the people of the North Profound Alliance and wash the North Profound Alliance’s base with blood.

“You want to kill me?” Duan Ling Tian asked again as he looked at Ximen Jiang Cheng.

“Yes. What can you do about it?” Ximen Jiang Cheng’s eyes flashed coldly as killing intent surged from his body. “Today is the day a rat like you will die!”

“Is that so?” the black-clad Duan Ling Tian said indifferently. As soon as his voice fell, he vanished into thin air.

“Be careful!” Yuan Fu cried out.

Ximen Jiang Cheng smiled contemptuously when he saw Duan Ling Tian disappearing into thin air. “I knew you comprehended the law of space, and I expected you to cast the Teleportation Profundity. Take this!”

Energy surged out of Ximen Jiang Cheng’s body instantly. His energy was so powerful that it was like an unstoppable landslide.

Even a top Eight Star God of War would suffer heavy injuries faced with Ximen Jiang Cheng’s full-force attack. Alas, Duan Ling Tian was no ordinary Eight Star God of War; he was almost comparable to a Nine Star God of War. Moreover, he had also comprehended the Mastery Dao and the Sword Dao, two of the Four Daos of Heaven and Earth.

“Mastery Dao.” Duan Ling Tian cast the Space Mastery Dao, easily destroying Ximen Jiang Cheng’s attack. At the same time, his black cloak shot out like a sword and drew blood.

“Leader Ximen!” Tie Meng, the Vice Leader of the Autumn Cloud Alliance, cried out in horror.

Ximen Jiang Cheng, the Leader of the Autumn Cloud Alliance, who was alive just a moment ago and was threatening Duan Ling Tian, was decapitated. Following that, his remains were crushed into blood mist by the space energy.

Silence descended immediately..

Chapter 3569: One Man Sealing Everyone’s Fate

Swoosh!

A gust of cool wind, carrying a blood mist, swept past the people from the Mount He Alliance and the Autumn Cloud Alliance. A biting chill seeped into their bodies immediately. Ximen Jiang Chen, the Leader of the Autumn Cloud Alliance, who was almost as strong as a top Eight Star God of War had died so easily. They could even capture the moment he was killed.

“This...”

Apart from Luo Yi Ming, the Leader of the North Profound Alliance, who wore a faint smile on his face, the others from the North Profound Alliance, including Luo Feng; the Vice Alliance Leader, were dumbfounded. They did not expect their alliance’s Supreme Guardian to be so powerful! Those who had doubted the Supreme Guardian earlier felt as though they had been slapped. They felt embarrassed for being proven wrong.

On the other hand, the people from the Mount He Alliance and the Autumn Cloud Alliance looked at each other in despair. Since the Supreme Guardian of the North Profound Alliance had easily killed the Leader of the Autumn Cloud Alliance, it was clear the remaining three Eight Star Gods of War on their side would not be a match for the Supreme Guardian of the North Profound Alliance.

Similarly, Yuan Fu; the Leader of the Mount He Alliance, Qi Kun; the Vice Leader of the Mount He Alliance, and Tie Ming; the Vice Leader of the Autumn Cloud Alliance, were overwhelmed by despair. Although they could not see clearly when that black-clad mysterious figure killed Ximen Jiang Chen, the aura the figure emitted at that time was enough to send chills running up their spines. They were deeply aware that they were no match for that mysterious figure at all.

“Leader, what should we do now?” Qi Kun asked Yuan Fu through Voice Transmission. At this moment, he deeply regretted coming to the North Profound Alliance. He seemed to have forgotten that he had been strongly in favor of attacking the North Profound Alliance previously.

Under everyone’s watchful eyes, Yuan Fu, who had been domineering, offensive, and arrogant earlier, cupped his fists together at Duan Ling Tian before he said in a very respectful tone, “Li... Lord Li Feng, our target is the North Profound Alliance, not you. If you’re willing to stand aside and not intervene, after the Mount He Alliance and the Autumn Cloud Alliance destroy the North Profound Alliance, we’ll give you all the treasures we find in the North Profound Alliance. You can consider it as our meeting gift to you...”

Not only did Yuan Fu humble himself, but he even tried to bribe Duan Ling Tian with the North Profound Alliance’s treasures.

Yuan Fu really regretted his decision. If he knew then what he knew now, he would never agree to join forces with the Autumn Cloud Alliance to attack the North Profound Alliance even if the Autumn Cloud Alliance put a knife to his neck to force him to agree. The Supreme Guardian of the North Profound Alliance alone could eliminate both the Mount He Alliance and the Autumn Cloud Alliance alone with the help of the two Eight Star Gods of War in the North Profound Alliance.

Meanwhile, the expressions of the people from the North Profound Alliance changed immediately upon hearing Yuan Fu’s words. They looked at Duan Ling Tian nervously, worried that he would be moved by Yuan Fu’s proposition. Only Luo Yi Ming and Luo Feng who had spent some time with Duan Ling Tian knew that Duan Ling Tian would not be moved by Yuan Fu’s words. Moreover, the duo knew there was nothing in their alliance that would catch the eye of someone like Duan Ling Tian.

Nevertheless, Luo Yi Ming thought he should step forward and announce that the treasures from the Mount He Alliance and the Autumn Cloud Alliance would be given to Duan Ling Tian once the two alliances were eliminated. However, before he could speak...

Swoosh!

The black cloak shot out again like the Grim Reaper’s scythe, decapitating Yuan Fu before he could even react.

Blood mist exploded in the air again as Yuan Fu followed in the footsteps of Ximen Jiang Cheng.

“Leader!” Qi Kun’s expression changed drastically as he plunged into despair. If this were in the past, he would have celebrated the death of the Leader of the Mount He Alliance. After, Yuan Fu’s death would pave the way for him to become the new Leader of the Mount He Alliance. However, currently, he felt that Yuan Fu’s death was a precursor to his death.

‘Run!’

The same thought appeared in Qi Kun and Tie Ming’s minds when they looked at each other. After exchanging a brief Voice Transmission, the duo fled in opposite directions.

“Vice Leader?”

The people from the Mount He Alliance and the Autumn Cloud Alliance were dumbfounded. They did not expect their Vice Leaders would abandon them without a second thought. Their expressions changed as they hurriedly mobilized their energy to flee as well.

“Vice Leader?”

However, before the people from the Mount He Alliance and the Autumn Cloud Alliance could flee, they heard two distinct muffled noises. Then, they saw the two Vice Leaders falling from the sky, decapitated.

Just like that, the four Eight Star Gods of War from the Mount He Alliance and the Autumn Cloud Alliance perished in just a blink of an eye.

Everyone from the North Profound Alliance looked at the hooded figure in awe. Even Luo Yi Ming, the Leader of the North Profound Alliance was no exception.

After the black cloak flew back to Duan Ling Tian, he looked at Luo Yi Ming and asked tonelessly, “You should be able to handle the others on your own, right?”

“Yes, Supreme Guardian,” Luo Yi hurriedly nodded as he said, “Thank you for helping the North Profound Alliance overcome this disaster.”

“Alright.” Duan Ling Tian nodded before seemingly vanishing into thin air after casting the Teleportation Profundity.

On the other hand, after witnessing Qi Kun and Tie Ming’s deaths, the people from the Mount He Alliance and the Autumn Cloud Alliance no longer dared to flee. However, now that the terrifying figure from the North Profound Alliance had left, they began to flee in all directions. Alas, they were running like a flock of headless chickens now that they had lost their leaders.

The members of the North Profound Alliance who were led by their leaders were greatly invigorated. Moreover, their spirits were greatly boosted after witnessing their Supreme Guardian’s strength.

As such, the members of the other two alliances did not stand a chance at all. In the end, all of them perished.

Now that the disaster had been averted, Luo Yi Ming hovered in the air as he said, “I’m planning to give everything we gain today to the Supreme Guardian. Any objections?”

Although Luo Yi Ming knew that Duan Ling Tian would not be interested in the treasures from the other two alliances, he thought he still had to offer them to Duan Ling Tian. After all, it was very different to offer up the treasures and was refused by Duan Ling Tian in comparison to not offering the treasures to Duan Ling Tian.

“No.” Luo Feng shook his head. He was the first to respond.

Needless to say, the others from the North Profound Alliance did not have any objections as well.

“No!”

“Leader, we would have died if it were not for the Supreme Guardian. It’s only right that the treasures are given to him!”

Everyone was in high spirits. The Mount He Alliance and the Autumn Cloud Alliance had brought the bulk of their forces here. The remaining members back in their bases were no threat to the North Profound Alliance at all. Moreover, after learning about the events here, it was likely that they would disband on their own initiative.

Just like that, the North Profound Alliance was now the strongest alliance in the Second Northern Region.

The members of the North Profound Alliance could stop discussing the event that happened.

“You think our Supreme Guardian is a top Eight Star God of War? If you ask me, it’d take someone much stronger than a top Eight Star God of War to turn the tides today. Don’t forget that Ximen Jiang Chen and Yuan Fu were already almost as strong as a top Eight Star God of War.”

“In any case, our Supreme Guardian is definitely one of the strongest Eight Star Gods of War. He’s not inferior to Wu Long, the former second Leader of the Alliance, and Duan Ling Tian, the Vice Leader of the Heavenly Dao Alliance, who mysteriously vanished!”

“I agree!”

...

Duan Ling Tian was unaware that the members of the North Profound Alliance were now filled with only admiration for him.

He had been completely immersed in his cultivation earlier and was interrupted by Luo Yi Ming’s message. He decided to make a move since he knew if he did not act, the North Profound Alliance would definitely be wiped out today. At that time, he would have to find another alliance to join again. Apart from this, he had also promised to help Luo Yi Ming.

Duan Ling Tian did not waste time and returned to his cultivation as soon as he arrived at his cultivation ground. This was because his Celestial Origin Energy was on the brink of developing traces of Divine Energy. At that time, he would become a Nine Star God of War. With such strength, he would be able to roam the Nine Serenities Battlefield fearlessly. Whether it was the Given Alliance’s Ji Ying or those from the Title Temple, there was no need for him to fear them at all so long as they were not gods.

“It seems like the Heaven and Earth Spirit Energy from the remnant of a Realm of Gods in my Little World sped up the transformation of my Celestial Origin Energy. What a pleasant surprise...”

Duan Ling Tian cultivated even harder than before now that his Celestial Origin Energy was close to gaining attributes of the Divine Energy. This was an important milestone before attaining godhood. Once he had traces of Divine Energy in his Celestial Origin Energy, he would be known as an imminent god..

Chapter 3570: Justice Above Relations

The Second Northern Region was not the strongest in the northern region of the Nine Serenities Battlefield. After all, it was merely one of the many regions in the northern region. However, recently, the Second Northern Region had risen in fame due to the tripartite confrontation between its three strongest alliances. One of the alliances, the North Profound Alliance, had single-handedly eliminated the other two alliances, the Mount He Alliance and the Autumn Cloud Alliance. Following that, the North Profound Alliance became the strongest alliance in the Second Northern Region.

Although there were many regions in the north of the Nine Serenities Battlefield that were dominated by only one alliance, most of these alliances were stronger than their competitions when they were founded, giving them a head start. In regions where there were multiple alliances of the same strength, it was a rare occurrence for the balance to break and for one alliance to wipe out the other alliances that had joined forces.

When news of what happened spread, many people were confused and skeptical. However, as details of what happened began spreading as well, they realized what seemed to be impossible was true.

“Similar to the Mount He Alliance and the Autumn Cloud Alliance, I thought the North Profound Alliance only has two Eight Star Gods of War? If the two alliances joined forces, it meant that there were four Eight Star Gods of War fighting two Eight Star Gods of War from the North Profound Alliance. It should be easy for the two alliances to deal with the North Profound Alliance, right? How did the two alliances end up getting wiped out?”

“Didn’t you hear? The reason the North Profound Alliance managed to destroy the Mount He Alliance and the Autumn Cloud Alliance is due to their new Supreme Guardian. The Supreme Guardian had just joined the North Profound Alliance not too long ago. It’s said that he killed the Leaders and the Vice Leaders of the Autumn Cloud and the Mount He Alliance with a strike each. I heard the two Vice Leaders of the two alliances were trying to flee before they were killed!”

This news shocked the northern region of the Nine Serenities Battlefield. What was more shocking to them was that the Supreme Guardian was just an Eight Star God of War, not a Nine Star God of War.

After all, the Leaders of the Mount He Alliance and the Autumn Cloud Alliance were not unknown in the northern region. The duo was almost as strong as an Eight Star God of War. How strong must one be to be able to kill the duo with just a strike each?

“Even a top Eight Star God of War wouldn’t be capable of such a feat, right? Is it possible that the Supreme Guardian of the North Profound Alliance is a Nine Star God of War?”

“Things would certainly make sense if he’s a Nine Star God of War.”

“However, I heard that he’s not a Nine Star God of War. Moreover, why would a Nine Star God of War stay in the north? They’d be able to hold their own in the central region, after all.”

“The only Eight Star Gods of War in the Nine Serenities Battlefield who might be capable of such a feat are the former and current strongest Eight Star God of War, right?”

“That’s right! The Supreme Guardian of the North Profound Alliance is comparable to the former second Leader of the Given Alliance and the former Vice Leader of the now-defunct Heavenly Dao Alliance who had mysteriously vanished!”

“Do you know the name of the Supreme Guardian of the North Profound Alliance?”

“I heard he’s called Li Feng.”

...

It did not take long before the name ‘Li Feng’ became famous in the north of the Nine Serenities Battlefield. Those who were not in closed-door cultivation had all heard of this name.

As time passed, the news spread to the other regions in the Nine Serenities Battlefield.

After six months had passed, the news of Supreme Guardian Li Feng of the North Profound Alliance killing four Eight Star Gods of War finally reached the Given Alliance.

Over the past six months, a cloud of gloom loomed over the Given Alliance base. The entire alliance was only focused on one thing: searching for the whereabouts of Duan Ling Tian, the only true disciple of the Heavenly Emperor of the Solitary Destructive Heaven. Those who had any clues regarding his whereabouts would be handsomely rewarded.

About six months ago, after the Title Temple sent a group of men to the Given Alliance, the Title Temple sent another Nine Star God of War to the alliance as well.

The Nine Star God of War was Yue Chao Qun, the Temple Master of the Title Temple branch in the Ten Thousand Beasts Heaven. He was a middle-aged man with a medium build and a harmless and ordinary appearance. He was Wu Hong Qing’s junior brother; they had grown up together in the Title Temple. For this reason, the duo had a very good relationship. As time passed, Wu Hong Qing surpassed him and became a King of Gods while he was stuck being an imminent god, unable to break through and attain godhood.

Wu Hong Qing, the Temple Master of the Title Temple, had sent Yue Chao Qun to assist Mi Xuan since the duo had a close relationship. Moreover, Mi Xuan, who had possessed Tang San Pao now, had a rather strange status in the Title Temple. After all, Mi Xuan had possessed the Young Master of the Title Temple.

Although Yue Chao Qun stayed near Mi Xuan in the Given Alliance base, today was only his second time meeting Mi Xuan. They had met for the first time when he had greeted Mi Xuan after arriving at the Given Alliance base. He had heard from Wu Hong Qing previously that Tang San Pao was no longer Tang San Pao despite his appearance. He found out that Tang San Pao had been possessed by the former Clan Leader of the Phantom Clan in the Land of the Dead who was a King of Gods. For this reason, despite being a Nine Star God of War, he was very humble and respectful to Mi Xuan who was a King of Gods. Even if Mi Xuan could not kill him in the Nine Serenities Battlefield due to the restrictions on his strength, he knew Mi Xuan could easily kill him outside of the Nine Serenities Battlefield.

“Lord Mi Xuan,” Yue Chao Qun called out.

“What’s the matter?” Mi Xuan glanced at Yue Chao Qun disinterestedly. He clearly thought Yue Chao Qun was beneath him. Nine Star Gods of War were just like ants in his eyes, after all.

Yue Chao Qun did not waste time and began to say, "Lord Mi Xuan, we received news that the North Profound Alliance recently gained a Supreme Guardian called Li Feng. Although he's just an Eight Star God of War, he managed to kill four Eight Star Gods of War with just a strike each..."

"So what? Get to the point!" Mi Xuan said impatiently. Even a Nine Star God of War was not worthy of his time, let alone an Eight Star God of War.

Yue Chao Qun naturally did not take offense. He patiently explained, "Lord Mi Xuan, it's said that Li Feng wears a long black robe and a black cloak. He also wears a hat all the time. Based on all this, it seems like he's trying to hide his identity. Most importantly, it's said that he comprehends the law of space."

Mi Xuan finally reacted after listening to the latter parts of Yue Chao Qun's words. His eyes widened in surprise as he asked with a hint of excitement, "You're saying Li Feng could be Duan Ling Tian?"

Mi Xuan was not stupid. Otherwise, how could he have been elected as the Clan Leader of the Phantom Clan in the past? It was easy for him to figure the implications of Yue Chao Qun's words.

"That's right." Yao Chao Qun nodded.

Mi Xuan asked, "Is Ji Ying aware of this?"

"Yes." Yue Chao Qun nodded again. "He was the one who asked me to convey this information to you."

Ever since Mi Xuan defeated Ji Ying, Ji Ying did not look for Mi Xuan at all. Whenever he obtained clues, he would not speak to Mi Xuan. Instead, he would send someone to speak to Mi Xuan. It was obvious that he was unwilling to see Mi Xuan.

Mi Xuan sneered as his eyes flashed coldly. "Who does he think he is? How dare he send someone to inform me about this matter instead of personally informing me?"

Following that, Mi Xuan vanished in just a blink of an eye.

Yue Chao Xun was surprised when he saw the direction Mi Xuan was flying toward. He muttered to himself, confused, "He... He's not going north?"

Instead of flying north, Mi Xuan had flown southeast.

After a brief moment, realization dawned on Yue Chao Xun. The direction where Mi Xuan had flown was the cultivation ground of Ji Ying, the Leader of the Given Alliance.

'Is Lord Mi Xuan going to look for trouble with Ji Ying?' Yue Chao Qun was taken aback. Then, he hurriedly chased after Mi Xuan. However, just when he arrived, he saw Mi Xuan leaving again. This time, Mi Xuan was heading north.

At this time, Ji Ying stood rooted to the ground. He held his shoulder, which seemed to be dislocated. A trace of blood could be seen at the corner of his lips as well.

"Leader Ji Ying, you..." Yue Chao Qun was stunned. Did Mi Xuan injure Ji Ying just because Ji Ying did not speak to Mi Xuan personally?

Ji Ying sneered as he looked at Yue Chao Qun frostily. “The people from the Title Temple are truly petty. Previously, when he hurt me, I let the matter go since I was the one who provoked him first. However, this time, he injured me for no reason. I won’t stand for this. I’ll be asking my master to seek an explanation from the Title Temple!”

The more Ji Ying said, the angrier he became. He had assumed Yue Chao Qun would apologize on behalf of Mi Xuan and ask him to make a big fuss out of this matter.

Contrary to Ji Ying’s expectations, Yue Chao Qun nodded and said perfunctorily, “I agree with you, Leader Ji Ying. I’ve always lived by the saying, ‘Justice above relations’.”

Despite his words, Yue Chao Qun snickered inwardly.. ‘What can the Heavenly Emperor of the Given Heaven do?’
