After calming down, Alex continuing to kill in the inner forest for one and a half months. Reaching at rank 1

When he got to rank 1, he confused since the king said they will have another boost status but he got nothing. So he asked his system

[System speculate, when your rank upgraded, it purifies the impurities in your energy resulting in a boost of status in him/her. with host never taken any energy from monsters you got no impurities so there's no boost for your status]

"....." Alex speechless with the explanation

"System how about I take the energy, and after my rank upgraded you expel the remaining impurities"

[If Host take too much time having impure energy in your body, it will blend with your energy and it will be impossible to separate them anymore]

He sighed."I know you are a useless system"

Like system said Host, there's no useless system, only useless host]

"Okay-okay, Let's go out of the forest. I'm bored watching the trees here"

After walking for a few hours, just before he got out of the forest, he immediately raises his guard

"There's a fight there" he peeked at the situation in the main road. He sees knights facing many orcs. There are Orc Leader and Orc Shaman spotted too. He decided to help after looking at the knights protecting a luxurious caravan. He thought 'if I help them, maybe I can get a free ride to the next town'

He immediately closed their distance starting to slash the orc one by one until he gets in the middle of the knight formation. He said "I will help"

"Thanks, young man, I can't get my attention distracted because of the Orc leader and orc shaman. Though I can face the orc leader sine we have the same rank. The Shaman will start pummeling my subordinate if I fight their leader." The middle-aged captain is a rank 3 warrior. His face can't be seen since he using a helmet

"I am close to rank 2, I can distract the shaman while you fighting the orc."
Alex reply

"Oh, that helps me so much, thank you. Let's go" before the two started to get to their target. The caravan door opened and a girl came to the outside. The girl looked around 15-16 years old, stunningly beautiful, with long purple hair. Her body curves make the other think perfect. She said "Let me help too"

"Please go back inside, princess" The Captain immediately response.

The girl's name is Alicia Van Rizertia. She is the current Acacia Kingdom king's niece and the current grand duke third daughter. The current grand duke didn't have any son resulting his brother get to the throne, but the duke was fine with it since he always thought managing kingdom was tiring.

"No. Please let me help. Even with this, I'm Still a rank 1 magician I can support us" she rebuked the captain

Looking there's no way to convince the princess. He sighed, "Okay princess, but you need to support us from here and don't go closer to the battlefield. Besides, I think you need to support this boy. Even he was almost rank 2 but he still not rank 2 while the shaman already past the rank 2"

"Okay" Smiling happily, Alicia Complied.

Alex just nodding his head and ready his battle stance.
