“Congratulations to the host for getting a newcomer gift pack! It contains 20 attribute points and the eagle ability extraction!”

Lin Kai looked at the attribute panel in front of him with a dazed expression. What is this stuff?

God level extraction system? Is it possible that, like the hero in the novel, he has won gold fingers and is about to reach the pinnacle of life?

“Lin Kai! Get out!”

When Lin Kai was in a daze, a loud roar sounded, making Lin Kai agitated and immediately reacted.

But when he opened his eyes, Lin Kai was even more bewildered, and saw that he was actually standing on a military green lawn, and all around him were soldiers in military uniforms!

In front of him, there was a row of people, and Lin Kai was more familiar with this row!

Thunder war in the Phoenix! He Zhijun! Yama! Old fox!

Fuck me! I really crossed!

Shaking his head, Lin Kai immediately retrieved the body's memory.

The owner of this body is actually called Lin Kai, and he is the second generation of the richest and richest in Jiangbei! The Lin family behind it can be described as covering the sky in Jiangbei!

He really didn't look down on him, so he was sent into the army.

And Lin Kai's weak physique, as well as the dude's character, was at the bottom of the army, and he also recorded a lot of punishment.

Fuck me, how did I cross into such a trash body?

"Lin Kai! What about you? What are you thinking about?" At this moment, I saw a dark-faced and dignified man shouting at Lin Kai. While roaring, he winked at Lin Kai.

This person is called Wang Zheng, who is Lin Kai's company commander in the recruit company. Because of the relationship behind Lin Kai, he usually takes care of Lin Kai.

After being called by Wang Zheng, Lin Kai walked in front of a row of chiefs, because Lin Kai was not a soldier before, so he gave a very lame military salute.

"Hello chief!" Lin Kai shouted.

Lin Kai called out, and all the staff burst into laughter at the time. Lin Kai was a notorious trash in the army. The army's nickname was Young Master Lin, and he was very arrogant in the army as if he were in his own home.

"You are Lin Kai?" At this time, the mighty Lei Zhan took off his sunglasses, glanced at Lin Kai up and down, raised his eyebrows and jokingly said.

Lei Zhan, the captain of the Raiden Commando. The Raiden Commando can be described as the sharpening stone of the special forces, and the Thunder War is also the most famous soldier king in the entire Southeast Military Region.

Facing Lei Zhan's gaze, Lin Xinzhong also felt a little nervous: "Report! I am Lin Kai!"

"Do you know why I asked you to go out?" Lei Zhan sneered with a dog's tail in his mouth.

"I don't know!" Lin Kai answered truthfully. He had just taken over Lin Kai's body. Lin Kai really didn't know what his current situation was like.

"I don't know? I'll tell you! Because you are the shame of the entire Southeast Military Region!" Lei Zhan's smile suddenly disappeared. He pointed to Lin Kai and roared.

But the whole scene suddenly fell silent, and Lin Kai stood still at a loss.

Lei Zhan looked at Lin Kai and said angrily: "Because you are alone, lowering the performance of our entire Southeast Military Region!"

"Shooting, you **** got three shots out of ten shots! Just one hundred meters, do you have eyes on your butt?"

"Five kilometers of armed cross-country, such a simple military training, you actually ran for two hours! You still slept for half an hour in the middle!"

"In the recruit company, the whole recruit company is making trouble! Because you are the son of Lin's family, others dare not say you, but I am Lei Zhan dare! I Lei Zhan will

put the words here today, you are A trash! A young master! You don't deserve to be in the army, take your luggage and go back to your Lin's house!"

After Lei Zhan's anger training, Lin Kai's expression changed with a single brush, recalling the past, yes, everything Lei Zhan said is true!

The former Lin Kai was indeed a dastard young master, and in the military area, by virtue of his Lin family's identity, he did not cause trouble less.

And now, Lin Kai has to carry all the misfortunes that Young Master Young Master brought down!

Looking back, Lin Kai found out that his comrades in arms were actually looking at him with gloating, rejoicing, and disgusting eyes.

It turns out that the reason why the Raiden Commando appears here today is to criticize themselves publicly! Drive yourself out of the army!

Behind him, the ridiculous voices of his comrades came: "Oh, my God, I'm finally leaving, this plague **** is finally leaving!"

"Lin Kai! I didn't dare to say you when you were in the army before, but now I can honestly say, Lin Kai, you are a trash! Without your parents, you are nothing! Get out of the army!"

"Young Master Lin, goodbye! The army is not your home, not suitable for children to play."

There was a roar of laughter, and Lin Kai also lowered his head to cover his face.

Although it was not his fault, Lin Kai still felt embarrassed.

At this time, Lin Kai's company commander, Lin Zheng, barely squeezed a smile and came to the front of He Zhijun, commander of the Special Operations Brigade of the Southeast Military Region.

“Brigadier He, Lin Kai is the eldest son of the Lin family, and the Lin family is the primary sponsor of our Southeast Military Region. We need help from the Lin family in many places. Take a look...” Lin Zheng was pleading for Lin Kai.

But before Lin Zheng's words were finished, He Zhijun waved his hand to stop: “Hey hey, don't talk to me. The layoffs are orders from above. I just cooperated with Comrade Lei Zhan to inspect. This time the decision is made by Comrade Lei Zhan. On hand.”

He Zhijun directly left himself out of this matter, and did not give Lin Zheng the opportunity to use the Lin family to suppress him!

And Lei Zhan also disdainfully smiled, his eyes were erratic, so-called barefoot people are not afraid to wear shoes, he Lei Zhan wants to cut Lin Kai!

“Captain Lei Zhan, look...” Lin Zheng looked at Lei Zhan in embarrassment and asked.

Lei Zhan glanced at Lin Kai, hesitated for a long time, and laughed: “It is rumored that Young Master Lin is not an ordinary waste. I only heard about Lei Zhan. Come on, show it. Let me see if Young Master Lin is that way. Waste!”

Lin Zheng heard this, the expression on his face was also a bit tangled, although Lei Zhan gave Lin Kai a chance to perform, but he knew what role Lin Kai was!

The most trash in the entire Southeast Military Region is him!

“This...” Lin Zheng hesitated. He didn’t dare to let Lin Kai perform, because Lin Kai did it, and he was ashamed!

“Okay!” Before Lin Zheng said the words, Lin Kai agreed directly, raised his head and looked at Lei Zhan.

“If I perform well, can I stay?” Lin Kai asked with piercing eyes.

Lei Zhan nodded and joked: “Yes, but do you think you can stay? I will use the standard of investigating special forces to examine you. In Lei Zhan’s eyes, the weak cannot be tolerated.”

After that, Lei Zhan put on sunglasses and looked into the distance with a dog’s tail in his mouth.
