Chapter 10: Captain's Rank

Chapter 10 Captain Rank

On the jeep, He Zhijun looked at Lin Kai, it was a favorite.

Lin Kai couldn't stand the small eyes and smiled expressions. If he weren't He Zhijun, Lin Kai even suspected that he was being targeted by a **** guy.

"Lin Kai, your performance in the recruit company is very good. I decided to grant you the rank of captain. It has been notified."

While talking, He Zhijun took out a new document and a new rank of captain from his briefcase.

"Huh?" Lin Kai was stunned, He Zhijun actually upgraded himself?

Although Lin Kai knew that he was indeed abnormal when he opened the hook, he did not expect that He Zhijun would grant him the rank of captain just because of his outstanding performance!

Although the rank of captain is not big, it is undoubtedly a huge compliment for a recruit who has just come out of the recruit company!

In fact, He Zhijun is also a disguised friendship with the Lin family behind Lin Kai.

He Zhijun has always been incorruptible in his work. It is impossible for him to grant him the rank of a rich second-generation captain, but he does not need to think about granting him the rank of captain in special forces.

In this way, one can show his love for Lin Kai, and second, he can make friends with the Lin family behind Lin Kai, and it will kill two birds with one stone.

"Farewell, the captain's rank is not big. As long as you perform well in the army, it is not impossible to sit in the same position as me in the future."

As he said, He Zhijun smiled and pointed to the rank of his collar.

He Zhijun's military rank is high colonel, this rank is terrifying.

Lieutenant is the lowest rank, with three ranks: ensign, lieutenant, and captain.

The school rank is higher than Wei, and has four ranks: major, lieutenant colonel, colonel, and senior colonel.

At the level of a colonel, you can already sit on the position of brigade commander. In the army, if you want to be a high officer, you must have a corresponding rank.

Lin Kai was very happy when he got the rank of captain, and he quickly took over the rank and put it into his pocket like a treasure.

"Thank you Brigadier He." Lin Kai thanked him joyfully.

...

The two-hour journey was fast, and after He Zhijun sent Lin Kai to the gate of the Lin family, he went home.

Standing at the door of Lin's house, Lin Kai couldn't believe his eyes when he looked at the huge Lin Family in front of him.

Although he could know what the Lin Family was like through Lin Kai's memory, after seeing it, Lin Kai was still shocked.

Jiangbei refers to Jiangbei Province, and Jiangbei City is the capital of Jiangbei Province. Jiangbei City is also a large city in China.

The Lin family is well-known in Jiangbei City and is one of the few big families in Jiangbei City.

And the huge and luxurious manor that covers an area of one kilometer in front is the Lin family.

The Lin family is located a little outside of Jiangbei City. Although it is not the city center, it is an inch of land and an area of one kilometer. In Jiangbei City, only first-line families have this strength!

Holding the bag in his hand, Lin Kai stepped into Lin's house. After seeing Lin Kai, the security guard at the door of Lin's house had some doubts in his eyes. The youngest of the Lin family, are you back?

"Hello, Shao Lin!" After confirming that it was Lin Kai, the security guard saluted and quickly let Lin Kai enter the Lin family.

Lin Kai, Lin's nightmare, the security guards dare not easily provoke him.

After entering the Lin family, Lin Kai realized what luxury is. In the last life, Lin Kai was a hard-working office worker and never enjoyed it.

Looking back at Wan Lins family history, such a big manor, it is estimated that you have to go to the toilet by car.

On both sides of the trail, there are birds and flowers, and there are many plants that are not known to the forest. The road is spotless and the lawn is green and very beautiful.

There are many villas in the Lin Family Manor. Based on memory, Lin Kai came to the villa where his parents lived, which is now the door of the Lin familys owner.

As soon as he arrived at the door, Lin Kai seemed to hear someone talking in the living room.

"I haven't seen him for many years, Xiao Yuan is really a talent!"

After hearing his father Lin Ting's speech, Lin Kai was also quite curious, and quietly poked his head out of the villa to look at.

In the living room, sitting here is his father Lin Ting, and next to Lin Ting is Lin Kai's mother Liu Yun.

Sitting sideways, Lin Kai's uncle, Lin Lei.

Lin Lei's weight in the Lin family is very heavy, and he is the second in command of the Lin family. Apart from Lin Kai's father, Lin Ting, the Lin family has the highest status.

These three were all people Lin Kai knew, and they were all very familiar in his memory.

But there was a stranger who caught Lin Kai's attention.

The man sitting next to Uncle Lin Kai looked like a talent, tall and thin, and very handsome.

He is handsome in suits and shoes, with a confident smile on his mouth.

The Rolex watch on the wrist shows his extraordinary life experience.

Looking at his appearance, Lin Kai felt very familiar, as if he had seen him somewhere, but he just couldn't remember.

At this time, Lin Kai's uncle Lin Lei haha laughed: "Hahahaha! My son has been studying abroad for so many years, and he has been nurtured by the noble school. After returning from his studies, he will be able to help us in the Lin family in the future. ."

While speaking, Lin Lei's eyes always had a look of pride, Lin Yuan, his son, Lin Kai's cousin!

Lin Ting and Liu Yun looked at each other, and there was a sense of envy in their eyes.

Seeing that Lin Lei's son Lin Yuan was so good, they could only envy them, and when they thought of their prodigal son, Lin Ting was out of anger.

"Uncle, aunt." Lin Yuan stood up very politely and saluted the old man.

Seeing this scene, Lin Ting was even more envious. If his unbelievable son, Lin Kai, would definitely not look at them with his legs upright.

"Okay, in a blink of an eye, Xiao Yuan has grown up too. He shows talent, not bad." Lin Ting could only praise at this time, with a look of helplessness.

Lin Lei nodded proudly and said triumphantly: "This time Xiao Yuan came back to China to take over part of our Lin family's business. After all, it is our Lin family's own people. I can trust it, too much. Isn't Xiao Kai going to the army? How is the situation in the army?"

When he said this, Lin Lei obviously had a gloating look, which could be said to be knowingly asking.

As the second in command of the Lin family, he is always paying attention to Lin Kai's direction.

Nothing else, just because Lin Kai is the eldest son of the Patriarch and heir to the Patriarch of the next generation!

Although Lin Lei is the second-in-command of the Lin family, he can't compete for the position of Patriarch, but Lin Kaiwan, his son Xuefu Wucha, he must fight for the next generation!

Speaking of Lin Kai, Liu Yun's expression couldn't help being gloomy.

"Xiaokai, he...he is very good in the army..." Liu Yun replied with her head down.

When she said this, Liu Yun herself was not confident.
