

Special Forces God Level Extraction System –

Chapter 1051: Good Show Opening

Chapter 1051

Lin Kai and Li Shengxian have been up for a long time.

Seeing this movement, one after another walked towards the door.

“I’ll watch your performance later, don’t let me down.”

Lin Kai patted Li Shengxian on the shoulder and smirked.

Li Shengxian tugged at the bow tie, raised his eyebrows slightly, and the corners of his mouth raised: “Since the other party wants to kill me, I can’t easily forgive him.”

“Even if it’s my brother, it won’t work!”

After he finished speaking, carefully observe the clothes to see if there is anything wrong with them.

Today, the Patriarch of the Li family returns, this matter is very important, there must be no sloppy.

Therefore, Li Shengxian cares so much about his own clothes.

Looking at him, Lin Kai sighed helplessly and shook his head.

As the saying goes, entering a wealthy family is as deep as the sea.

Lin Kai felt deeply about this sentence in Li Shengxian.

Ahead.

All the thirteen sons of the Li family were present, each wearing luxurious and elegant clothes, looking noble and elegant.

With a good temperament.

The Li family members stood on both sides of the door, making a welcome gesture.

Li Longxian smiled triumphantly when he saw Li Shengxian approaching, but there was no expression on the surface.

“Brother, have you seen my He Chobi?”

“My and Chobi are lost, and now my father is coming back, what should I do if I don’t have a gift?”

Li Shengxian grabbed his arm excitedly and said nervously.

The rest heard this.

They all turned their heads to look at him, with a sneer of gleeful laughter.

Lee Ho Hyun is overjoyed.

This idiot didn’t even prepare a spare gift. It seems that you have to make a big mess today.

I thought it would take a lot of trouble to get rid of you.

I didn’t expect you to be so unbelievable, it would save me trouble.

“Where do I know what to do?”

“Also, your He Chobi is not lost. You were drunk yesterday and wanted to give it to me. Don’t make a mistake.”

Li Longxian held his head high and hugged his chest with both hands, haughtily like a white swan.

The reason why he directly pointed out was because he was afraid that his father would come back and talk nonsense.

Now that so many people are here, he is the first to bring it forward, and if his father doubts later, these people can testify to him.

He was really serious about this, the planning was airtight and leaking.

“what?!”

Li Shengxian pretended to be surprised and directly screamed, his mouth wide open.

“Brother, He’s Choi is mine, you can’t take it away, if you take it away, I will be finished today!”

Li Longxian sneered, and said fiercely: "You don't stray with me here, it's hard to get covered in water, you know?"

"Since you gave it to me, it's impossible for me or him to return it."

Li Shengxian gritted his teeth and said, "Aren't you going to die? Didn't you tell me yesterday that you have a deep brotherhood?"

Li Longxian clutched his stomach and started laughing.

It's so naive.

Did he really believe those silly things he said yesterday?

"Ha ha ha..."

When the others heard Li Shengxian's words, they couldn't stop humming.

Their laughing stomach hurts.

What age is it?

There are people who believe in brotherhood, loyalty, and young and Dangerous?

"You lied to me yesterday?"

Li Shengxian's eyes were splitting, grabbing Li Longxian's collar with both hands, roaring like a lion.

Lin Kai kept nodding, admiring it.

This guy finally got a bit on the road, acting well.

"What about lying to you? You care about me?"

"I advise you to loosen it quickly. Father is coming soon. If you let him see you now."

Li Longxian stretched out his hand, patted Li Shengxian's face with a smile, and sneered, "What would he think?"

When Li Shengxian heard this, he immediately regained his silence.

A pair of simple eyes has become full of coldness.

At this moment, he truly understood the real human heart.

“Yesterday this silly boy, what did I say and believe? You don’t know how stupid he is!”

“I hope my brother will be more discerning in the future.”

Li Longxian talked about yesterday’s glorious record.

Finally, he looked at Li Shengxian and said with earnestness:

“Don’t blame your brother for being ruthless, I just teach you to see this society clearly, just for your good.”

Li Shengxian sneered coldly, “Let’s wait and see, see who finishes it first!”

It was the first time that the other party was able to say so despicable and shameless, so fresh and refined.

If it weren’t for Lin Kai by his side, I’m afraid it would really be the trick yesterday.

He grew more grateful to Lin Kai.

Just now.

An extended version of pure white Lincoln came driving at the door.

Immediately after.

Li Cheng’s family, dressed in a black suit, walked out of the car.

He is not someone else, but the head of the Li family, and the biological father of the thirteen sons of the Li family.

“Welcome the master home!”

“Welcome the master home!”

“Welcome my father back!”

“Welcome my father back!”

Whether it was the servant or Li Shengxian and others, they all bowed and shouted, and the eyebrows were full of joy.

Li Cheng’s family has always been unsmiling.

Seeing my son at this time, he couldn't help laughing heartily, and waved his hand: "It's been hard work during my absence."

"Don't stand outside and talk. Go in for a meeting. The butler, inform the family elders on my behalf, and call back from inside and outside."

An elderly man nodded hurriedly and said: "Yes!"

Li Chengjia took the lead in walking towards the direction of the hall, and the others hurriedly followed.

The aura on him is really eye-catching.

Wherever one stops, there is an extremely visible existence.

No wonder it can control such a large family, whether it is aura or behavior, they are extremely outstanding.

Lin Kai nodded slightly, appraising Li Chengjia in his heart.

In the hall.

Li Cheng's family sat in the main seat, speechless for a long time.

The incident of the last shipwreck caused the Li family to be targeted everywhere.

Even let him live on the desert island, staying on it for a while.

During that period, I couldn't bear to look back, and it was painful.

However, fortunately, no one was harmed, everything was on a normal trajectory, and only a period of recuperation was needed for the Li family to regain its former glory.

It didn't take long for everyone to arrive.

Several Li family elders and relatives all came over and sat in the master chair to listen in.

Timely.

Li Chengjia spoke slowly, with a heavy tone: "Do you remember the accident on the Ocean Cruise ship that Shengxian is in charge of?"

This statement came out.

Lin Kai and Li Shengxian felt tight.

But things have happened and cannot be undone.

Everyone was surprised and wondered why Li Cheng's family suddenly mentioned this matter.

At the moment when everyone is about to whisper.

Li Cheng's family spoke again: "The ship sank and many people died."

This statement came out.

The audience was silent.

Li Haoxian took a step forward, gritted his teeth and questioned: "I remember that the person in charge of that incident was the 13th brother, right?"

Chapter 1052: Lee Seung Hyun's Change

Chapter 1052 The Change of Li Shengxian

As soon as these tit-for-tat words came out, the Li family's hundreds of eyes gathered on Li Haoxian.

Li Haoxian put his arms around his chest, and Sheng Shi Lingren glanced at Li Shengxian.

"Because of the mistakes of the thirteen brothers, the Li family has suffered extremely serious losses in recent days."

"I think my father should, rewards and punishments are clear, and should not shield him."

After speaking, he sneered triumphantly at the corner of his mouth, stood on one side and remained silent.

The mind is very active.

This time I see how you take the move.

As long as father nods, you will never want to see the sunshine of hope in your life.

Fight with me, you are still a little tender.

Li Haoxian did not say how to punish him, but this is also his smartest point.

If he directly stated his purpose, he would take off all Li Shengxian's business in the Li family.

I'm afraid that my father will think about it, and then he will target him.

When the time comes, it will cause one's own gains to outweigh the losses, which is obviously a loss-making business.

Everyone turned their eyes on Li Chengjia, wanting to see how he decided.

Li Chengjia held the chair with both hands and smiled heartily.

He looked at Li Shengxian meaningfully and said, "Do you have anything to explain about this?"

He wanted to see what growth his youngest son had recently.

Li Shengxian took a step forward and scanned everyone.

His eyes were very candid and cold.

With an expressionless face, he said, "A man, who walks in the world, must bear the consequences for his own fault."

"Big brother is right. I am the fault of the sinking ship. I can take all the responsibilities and ask my father to punish me."

"No matter how heavy the price is, the son must bear it. I won't say more!"

As soon as this statement came out, everyone was stunned.

They looked at Li Shengxian's gaze and made a huge change.

Suddenly it was incredible.

This

Is this really what they know, that Li Shengxian who is as simple as white paper?

Are you going to retreat now?

Lee Ho-hyun's cheeks jumped wildly, who taught him this?

If he said that, his father would reconsider the decision.

Li Shengxian's recent changes were so amazing that everyone was surprised.

Even Li Cheng's family was a little bit astonished. He didn't expect him to be killed. In this case, he would say it from his youngest son.

It seems that in recent days, it is not a coincidence that Li Shengxian signed a superstar, but he really has the corresponding ability.

He took a deep breath and said with a smile: "Although Li Shengxian made a mistake first, he has performed very well in recent days. I believe you all have witnessed it, so I won't repeat them one by one."

"Some things should not be pursued. I believe that Li Shengxian's next performance will cover all the losses of the company. That's it, no one should mention this matter again!"

Li Haoxian's heart slammed, his face suddenly gloomy to the extreme.

A pair of eyes are like poisonous snakes, staring at Li Shengxian.

The two looked at each other in the air.

If it were in the past, Li Shengxian might not have the courage to look directly at the other party.

But now it is different.

He had already understood that in this environment, one would either kill or be killed.

Already committed!

"father!"

Li Haoxian strode out and stood up high, righteously saying: "Recently you may only see what he did to benefit the Li family."

"But you don't know what Li Shengxian has become now, he is with the murderer!"

Wow!

Everyone was shocked and looked at Li Shengxian in shock.

The Li family, who had been very close to Li Shengxian, all retreated at this moment and quickly moved away.

As if the other party is a wicked wicked person.

“murderer?”

Li Chengjia raised his head slightly, and looked at Li Shengxian’s eyes, not as soft anymore, but sharpened instead.

In addition, he has the breath of a superior for many years.

At this moment, Li Shengxian only felt a large mountain pressing towards him, almost out of breath.

“Yes, it was Lin Kai, the broken driver who killed people in public!”

“He’s a vicious, murderous and arsonist. The 13th brother will follow him and he will definitely learn badly.”

“As the saying goes, those who are near Zhu are red and those who are black are black. I hope my father can make wise decisions!”

“Let him get out of Li’s house, and can’t let him harm the thirteen brothers again!”

Li Haoxian’s words are righteous, his words are round and his face is full of pride, as if he is good for Li Shengxian.

In fact, the reason why he targeted Lin Kai so much was because the other party repeatedly undermined his plan.

He understands that if he wants to get rid of Li Shengxian, he must get rid of Lin Kaizi, otherwise they may return without success no matter what they do!

“Trouble, shut your stinky mouth?”

After Lin Kai held his hands, he stepped out and sat straight on the bench.

He didn’t want to act like this, he didn’t want to say a word.

But the other party targeted him.

There is nothing to hide and tuck.

After all, Lin Kai has never been a loser!

If it’s a big deal, let’s do it!

“Is this young master wrong?” Li Haoxian looked at Lin Kai with a grinning sneer, and said with a sneer, “You are not qualified to stand on the land of my Li family at all.”

“Being able to serve my thirteen brothers is already a blessing you have cultivated in your eight lifetimes, and the ancestral grave is full of smoke.”

“Don’t you want to get an inch? If I were you, I’ll get out with my tail in a dingy now!”

The attitude and tone of his speech were all high above, and he rebuked Lin Kai as a grasshopper, and did not leave any thin face.

Lin Kai’s drooping eyelids lifted slightly.

His eyes were a little cold.

He has always been very patient, and he doesn’t want to repeat what he has said.

He wants the other party to shut up, he should shut up obediently!

“What do you look at, your mean dog’s eyes make me very unhappy, believe it or not, I will kill you now...”

Li Haoxian gritted his teeth and scolded angrily.

But the words are not over yet.

call—

A gust of wind screamed.

In an instant, Lin Kai’s five slender and white fingers stretched out.

A fierce slap directly hit Li Haoxian’s face.

“Snapped!”

Vigorously strong, crisp and audible!

Li Haoxian’s cheeks were flushed, and the palm prints were clearly visible.

He was stunned.

Everyone was stunned!

No one thought that a broken driver would dare to beat his master!

Is this tired of living, or is it a bear heart and leopard gall? !

You know, this is in Li's house!

That's the Li family!

How can he be so bold, dare to commit murder to him!

"Now, can you shut up?" Lin Kai shook his wrist and looked down at him condescendingly.

Li Haoxian grinned, with a fierce face.

In his capacity, wherever he goes, others are not respectful to him.

When was such a shame?

Was beaten by a stinky driver, a hillbilly?

"I, must he kill you today!" Li Haoxian was angry, like a lion roaring!

Chapter 1053: How About Moving Him?

Chapter 1053 How about moving him?

Lin Kai suddenly grabbed Li Haoxian's Tianling Gai and pulled it down with his backhand.

Suddenly.

Li Haoxian's head violently collided with the wall.

"Boom, boom"

Whitewashing the white walls, there were cracks, a trace of blood, flowing down the wall.

"You really make me impatient."

"Why always take my words as deaf ears?!"

Lin Kai sorted out his clothes and immediately sat down on the chair, then sorted his facial expressions, showing a smile bathed in spring breeze.

He looked extremely gentleman, as if he had just beaten someone, and the person who almost ran away was like someone else.

This aura.

It shocked everyone.

This young man seems to be in his twenties, how could there be such a heavy pressure?

Although only one person.

But every move exhibited the grandeur, like a thousand troops marching on a horse.

He is really too calm and calm, without a trace of tension or fear at all.

He didn't look like an ordinary person at all, so everyone was a little shocked.

Not to mention ordinary people, even their group of noble veterans of the Li family, dare not run wild like Lin Kai!

“Your Excellency is over today!”

Li Cheng's voice was cold and loud, and his old face was extremely ugly.

No matter how tired Li Haoxian is in his heart, the other party is his son after all.

Teach your own son, you don't need others to do it, let alone outsiders do it!

Lin Kai's behavior has violated Li Cheng's taboo and aroused his anger!

He was even more afraid of so many people at the scene. If he didn't express his attitude, wouldn't he be completely lost?

Li Shengxian walked to the front very nervously, and said in a low voice, “Big Brother Lin, how can you be so reckless? I can't keep you like you!”

“I'll delay the time for you later, you run away quickly.”

He knew how much energy the Li family had, although Lin Kai was very powerful.

But he still didn't think that Lin single-handedly could get the slightest benefit in the Li family's home court.

After speaking, he didn't care about Lin Kai's state and expression.

He hurriedly stepped forward, knelt on his knees, and pleaded guilty: "Father, Lin Kai is my person. He moved my eldest brother today. It's nothing wrong with me."

"The fault of this incident lies in the final analysis, and I should bear the consequences. Please father not to blame Lin Kai!"

Words fall.

boom!

His head buckled directly on the ground, without any falsehood or pretentiousness.

It hurts to him, and it's nothing to be ashamed.

The most important thing is to protect Lin Kai.

These days, he had long regarded Lin Kai as the most respected eldest brother in his life.

Never bear to watch him have an accident.

Lin Kai stared at Li Shengxian, the meaning in his heart was difficult to understand, and he was speechless for a long time.

He has experienced the warmth and coldness of human relations, and he has already known the world for himself.

Today is Li Shengxian, otherwise no one would do it for him.

He even took the initiative to assume all the responsibilities and asked him to leave first.

This love.

Lin has started!

At this time, Li Shengxian lowered his head, winking at Lin Kai constantly, wanting him to go.

But Lin Kai stood there, unmoved.

"Come here, kill this madman directly!" Li Chengjia snorted coldly, and gave the command with pride.

Almost in an instant.

A huge figure fell from the sky.

“boom!”

He fell heavily on the ground, cracks in the floor, like an earthquake.

The people around were all staggering, even if they tried to stand firm, it still didn't help.

This person is too tough!

He is almost two meters tall and weighs one hundred and twenty-five kilograms, or two hundred and fifty catties.

Under the scorching sun, his muscles radiated luster, like a pimples.

Standing next to him, it feels like a wall beside him, extremely horrible!

This person is called Heita, an ancient warrior hired by Li's family at a high price to protect Li's safety.

“My God, the Dark Tower came out!”

“It's the black tower who was a mercenary in North America who used to tear a lion with his hands and open the leopard's head with a punch?!”

“Hiss.”

The presence was expensive, and all of them took a cold breath, their hearts were chilly, and their hairs stood tall.

Seeing that mighty and majestic, like a black tower of a mountain.

Their calves trembled frantically and were extremely nervous.

“You are here just right. Since I came to Li's house, I haven't moved my bones for a long time.”

“I hope you can resist a bit more, don't punch me down, you will become muddy!”

The Black Tower shook his fist, his muscles wandered like a ball, making a crackling sound like fried soybeans.

He moved a step forward, and a black shadow immediately covered Lin Kai.

“Hehe, your kid continues to be crazy! Are you not so arrogant?”

“Why, I’m scared now? I dare not let go of a fart?”

Li Haoxian walked over arrogantly, looking at Lin Kai with extremely contempt.

Xindao.

What kind of garbage can you fight with them?

“I only need a word, a finger can be pressed down, and you can be broken into pieces. This is the difference between you and me!”

He continued to be arrogant.

Li Chengjia raised his head slightly, and said in a deep voice: “You are very wrong. My Li family is definitely not a nameless person. Wild cats and dogs can move.”

“With you, I’m not qualified in this life, I’m on par with the Li family!”

Seeing that things could not be controlled, Li Shengxian hurried over and said nervously: “Brother, this is over, why didn’t you leave? Now there is no chance!”

“No problem, after today, he will respect me like a god!”

Lin Kai took a step forward and raised his hand.

Under everyone’s eyes, it was drawn on Li Haoxian’s face.

The strength is not great, just very loud.

“What if I touched you?” Lin Kai smiled slightly and asked leisurely.

Hiss.

Everyone around was taking a breath.

“This Nima, I’m so tired of living, I’m looking for a dead end!”

“Do you really think you are a powerful character, dare to break ground on Tai Suiye?”

“What do you mean? The more unfavorable the situation, the more jump up and down?”

Everyone kept shaking their heads, teasing and sneering, looking at Lin Kai, they were already looking at a dead person.

They have never seen such a reptile that will find death.

“Send him on the road!” Li Chengjia was sharp and sharp.

“Since you are sincerely looking for death, I will send you to Huangquan!”

boom!

The Black Tower roared, the sky shook and the earth shook, like a fist that burst out instantly.

Seeing his fist getting closer, Lin Kai still remained motionless.

“Hehe, you trash, you really don’t know where the courage comes from, you are crazy!”

The black tower kept laughing, her voice deafening.

But at the moment when his fist was about to fall on Lin Kai’s head.

Hu Hu Hu-

A violent intention to kill, instantly swept the entire hall.

I see.

The four figures roared like ghosts.

They took a step forward.

The black tower exploded and took a step back, and his eyes were bloodshot, and his eyes were splitting!

Chapter 1054: Excuse Me

Chapter 1054

The moment the four people appeared, the entire hall was frozen.

The breath of stocks, like a stormy wave, is unbearable.

In just a moment of effort, the four powerful auras appeared in front of everyone.

Feeling the surging energy and blood, it was like a wild beast suppressing him.

The Black Tower yelled in panic: “Four master-level powerhouses!”

boom!

The whole hall was so silent, everyone was shocked!

Li Haoxian's eyes burst out and his brain almost exploded.

Four masters? !

What are the four masters, gathered here? !

The temples of Li Cheng's house continued to bulge outward, shocked and shocked.

Black Tower's soul flew away, and kept retreating wildly, so scared that the souls were all gone, and he dared not say a word.

No one understands better than them, what does the master represent?

Rumor has it that if you reach the realm of a master, you can move mountains and fill the sea, soar in half a step, and the world is approaching invincible.

One person with one sword can guard half of the capital.

One shot can overturn a country!

Now the four masters are gathered here, standing behind Lin Kai, not to mention Donghai, looking at the entire national border.

How many people can match it?

Almost non-existent!

"This this"

Li Shengxian, who was worried about Lin Kai just now, opened his mouth and couldn't say a word.

What kind of energy can summon the four masters to appear in one sentence?

He, who is he?

What is the identity?

"You just said that you only need one sentence to make Lin go to pieces?"

Lin Kai smiled slightly, played with his tail finger, and lightly nodded Li Haoxian's forehead.

Tick to tick.

Drops of cold sweat continued to roll down Li Haoxian's forehead.

His Adam's apple was surging up and down, his palms were already covered with viscous cold sweat, and he was tense to the extreme.

"Just kidding, don't get me wrong."

Li Haoxian said shiveringly, showing a smile that was uglier than crying.

"Is it?"

Lin Kai's voice suddenly fell, slapped heavily, and slammed up.

Li Haoxian's heart almost popped out of his throat and slapped him motionlessly.

If it were on normal days, he would have gone crazy.

But today, he dare not!

It can be said that no one on the scene dared to disobey Lin Kai with the slightest meaning.

"How about hitting you? Lin is very curious, your face is made of gold? Can't hit?"

Lin Kai's eyelids drooped, he adjusted his cuffs, and asked casually.

"You can fight, you can fight." Li Haoxian said with a charming smile.

Li Cheng's family hurriedly stood up, laughed heartily, and walked towards Lin Kai.

He pretended to be very hot, as if he had been a good friend of Lin Kai for many years.

He opened his mouth and said: "Little brother, the previous thing was that I was wrong first, now don't worry about it..."

But the words are not finished.

Yinshen took a step forward, blocking Li Cheng's path, and said in a low voice, "Trouble back."

Li Chengjia smiled and explained: "This gentleman is with me..."

"Sorry, because you are not qualified to see my husband, go further and kill me!"

The words of the hidden **** are like the cold wind of the twelfth lunar month, sharp into the bone.

Li Chengjia suddenly stiffened, and his face was uglier than eating shit.

He was not ashamed just now, Lin Kai was a trash, and he would never be equal to Li Jia in his life.

How long has it passed now that you don't even have the qualifications to be close to each other?

In fact, in the final analysis, although he did not understand Lin Kai's identity, judging from the four master-level bodyguards around him, none of them could provoke him.

This group of people wants to destroy the Li family, they only need to slap the camera and the Li family will disappear!

Hiss.

Seeing this scene, the elder of the Li family took a deep breath.

Patriarch Li just slumped in front of a yellow-haired boy?

The most important thing is that not only can you not get angry, but you have to nod your head with a smile?

They almost thought that their eyes were wrong, but they had never seen such a humble, so humble Patriarch Li!

So far, this is the first time I have seen it.

And the most shocking thing was that the other party wanted to kill the other party, causing Li Cheng's family to dare not take a step!

How domineering?

How rampant?

After Lin Kai held his hands, the wind was light and the clouds were calm, his eyes cast coldly at the black tower.

The other party almost beat him to death with a fist, how could he ignore the existence of this one?

Among so many people today, he can ignore anyone.

But the black tower is not good!

He must die today!

The moment his gaze fell on the black tower, the black tower fell directly to the ground, kowtowing to apologize continuously.

“Sorry, this matter is not with me, I was just following orders.”

“Please also ask this gentleman to hold your hands high, open the net and don’t care about me so much.”

Heita’s face was full of horror, and his face was as pale as paper, like a dog.

Now he regrets so much in his heart, why he is going to provoke this guy if he has nothing to do.

He is not a fool.

If you don’t have the strength, how could you make a big fuss here, and even slap the Li family eldest master in public?

Do you really think that the other party is just a fanatic without the ability and confidence?

“I was wrong, wrong.”

Hei Ta raised his hand, and constantly tapped his mouth, making it fierce and blood pouring out.

But he still did not stop.

Because he dare not!

“You just thought about killing me, right?”

Lin Kai asked back.

Heta raised his head and stopped gesturing, “I said no, do you believe it?”

He really wanted to kill Lin Kai with a punch.

But now he dare not speak the truth.

When Lin Kai heard the sound, he smiled slightly and did not speak.

The atmosphere freezes instantly.

The people around, standing still, did not dare to move or breathe heavily.

Now the leader of this scene is Lin Kai.

No one dared to act boldly before he spoke.

This is the domineering one's body.

"Send him on the road." Lin Kai sat in a chair leisurely, poured a cup of tea on his own, and casually ordered.

"no, do not want!"

The black tower screamed in horror.

However, it does not help.

Yinshen slapped it, and the huge head of the black tower was instantly torn apart, like the blood of watermelon juice, splashing everywhere.

The air was instantly filled with a dignified smell of blood.

"Dead, dead..."

Li Haoxian swallowed hard, scared Liushen Wuzhu, almost fainted.

This Nima.

Such a sturdy big man, and Gu Wu standing beside him, just so easily slapped to death by the opponent?

terrible

"Gudong."

The others swallowed hard and looked at Lin Kai with twinkling eyes.

Lin Kai didn't even look here. For him, no matter who died, it was irrelevant ants.

He sipped the tea quietly, and said casually: "It's really rude. It shocked everyone. Lin is extremely sorry."

Li Chengjias heartbeat speeds up, this momentum?

A lot stronger than him!

Chapter 1055: Benefits Are Above Everything

Chapter 1055

The corners of everyone's lips twitched, Li's family slap was slapped in public, and the Li family's master was not slapped in public.

He even shot to death, the famous black tower of the ancient martial arts world.

At the end, I said lightly, everyone is frightened, Lin is extremely sorry?

The most important thing is that the other party sits leisurely and sips tea, and they can't let go of the fart.

What the hell...

Who the **** is it?

At this moment, everyone looked at Lin Kai's eyes, full of reverence, as if they were their own idols.

How many men in the world do not want to be so powerful and domineering?

Li Chengjia took a deep breath and thought about strategies.

He knows that things can no longer be stalemate like this.

Otherwise, the Li family would never get the slightest benefit.

If the opponent slaps the black tower alive, his eldest son may also die on the spot.

He frowned and made a vague move towards Li Haoxian.

Li Haoxian's complexion changed drastically, and in the end he bit his head and gritted his teeth and walked towards Lin Drive.

“Mr. Lin was very sorry for your disrespect not long ago.”

“Today’s move is also deceived by the lard, and I invite you to mass, adults do not care about others.”

He smiled serenely, but didn’t dare to look up at Lin Kai, he was terrified.

Lin Kaikai lowered the tea cup in his hand and glanced at him carelessly.

The voice was extremely low and said: “Kneel down!”

Li Haoxian’s complexion was flushed immediately, gritted his teeth secretly, and his heart was full of anger.

Even though the opponent is very strong, he still feels unhappy in his heart.

After all, being slapped in public today is a loss of face.

The other party actually made him kneel down.

How can you raise your head to be a man in the future?

“boom!”

Li Haoxian showed a smile, bent his legs and knelt down straight.

Did not hesitate.

But he had a murderous intention hidden in his heart, and he planned to find a chance to make Lin Kai die without a place to bury him.

After all, he has been pampered since he was a child, and the people around him treat him respectfully and have never been so wronged.

What Lin Kai did to him today can be said to be a lifelong humiliation!

Must return!

Li Chengjia smiled and walked forward, bending over to flatter him and said, “He also admitted that he was wrong, sir?”

Lin Kai slowly stood up and walked outside the door without any hesitation or lingering.

In his mind, these people were nothing more than tiny ants.

I really don't bother to care about each other.

He was even more afraid that the other party was Lee Shengxian's relatives.

If you don't look at the face of the monk and the face of the Buddha, you can't really kill it anyway.

Otherwise, Li Shengxian will be chilled.

Lin Kai's figure drifted away, watching him leave, everyone let out a breath.

It is as easy as a mountain that has been pressing on the heart, suddenly disappearing.

"call!"

Li Cheng's parents let out a sigh of relief, no longer having to be so worried.

He was extremely nervous just now, and his heartbeat accelerated, for fear that Lin Kai would really attack him.

"Father, I must retaliate, and I must find this place back!"

"I, Lee Ho-hyun, have never been so humiliated in my life!"

Li Haoxian slowly stood up from the ground, gritted his teeth and shot fierce light in his eyes.

Li Chengjia, who had been relieved, heard this, his heart almost popped out of his throat.

"Snapped!"

He hates that iron cannot become steel, slapped Li Haoxian's head with a heavy slap, and cursed, "Do you still want revenge?"

"Do you know what kind of character is behind him? If you start, don't say it's you, don't say it's my Li family."

"Even if all the dignitaries in Donghai City stand up, they can't resist a slap on the other side. I think you have lost your mind!"

A master-level powerhouse!

One person with one sword can defend half of the capital.

One person can pick up ten cities with one shot.

I am even more afraid that there are four people!

It is no exaggeration to say that this small land in Donghai City will be turned upside down with just one finger of the other party!

Li Haoxian was slapped, and stood aside not dare to say a word.

But I sneered in my heart and couldn't act openly. I could stumble secretly.

As the saying goes.

What kind of prince will Xiangning?

Willing to pluck, dare to put the emperor down!

I have to say that if Lin Kai learns the true thoughts in Li Haoxian's mind, he will definitely praise it.

With time, this child must meet the weathered dragon.

He is a man of great potential.

"Okay, let's not discuss this matter for the time being. Everyone, go back. Li Shengxian stays. I have a few words for my father to say to you alone.

Li Chengjia felt tired and waved his hand, his voice was weak.

What happened recently at home had already exhausted him.

It was in this way today, and it almost led the Li family to destruction, naturally even more tired.

Everyone looked at Li Cheng's family, but they didn't dare to say anything.

Hurriedly walked outside.

With a sneer at the corner of Li Haoxian's mouth, he had already speculated in his heart why his father stayed with Li Shengxian.

However, even if you are reused by your father, it is not that simple to find out the identity of the heir.

Next, my elder brother will let you understand what true strength is.

The rest of the Li family's descendants are slightly dissatisfied, but they are not as scheming as Li Haoxian.

All left in a hurry.

In a blink of an eye, there are only two people left in the room, that is, Li Shengxian and Li Cheng's family.

"Sit." Li Chengjia personally grabbed Li Shengxian's hand and pulled him to the seat, smiling very kindly.

It was the first time that Li Shengxian came into contact with a father with such an attitude. He felt flattered and smiled.

After the two sat down.

Li Chengjia said with earnest words: "In recent days, your father has seen everything you do. Generally speaking, you have done a good job, and have improved a lot than before."

Li Shengxian scratched his head and said, "Next time I will work harder and live up to his father's expectations."

Naturally, he knew in his heart that he was able to achieve his current achievements entirely by Lin Kai's guidance.

Otherwise, he would have been bruised and swollen by his elder brother.

"Haha, what's your relationship with Lin Kai? Tell your father?" Li Chengjia asked Li Shengxian on the shoulder.

He, an old fox, had already calculated his calculations when he saw that Lin Kai was accompanied by four great masters behind him.

You know, those are the four masters!

If Lin Kai's support is obtained, the status of the Li family will surely rise.

No matter who, in front of his Li family, they have to tremble!

Four masters, gods block and kill gods, and Buddha block and kill Buddha!

Invincible in Donghae City!

Li Shengxian naturally understood the meaning of his father's words, but he still pretended to be innocent.

Frowning and panicking: "Father, I know that Brother Lin is reckless today, but he is my best brother. You must not trouble him."

"He has helped me many times. If something happens to the Li family, I will definitely blame myself for the rest of my life, and I will ask my father, and I must be online!"

Chapter 1056: Li Shengxian's Gift

Chapter 1056: Li Shengxian's Gift

This behavior made Li Chengjia laugh, and he liked Li Shengxian like this.

Fathers have always been extremely majestic in front of their sons.

No matter who is a father, he must not like to be ashamed of his son.

can

Li Shengxian is no longer the original Li Shengxian. He is definitely not a simple rabbit, but a lone wolf hiding in the dark and observing its prey silently!

"Ugh."

Li Chengjia shook his head and sighed, and told the truth: "I can't help him because of his strength."

"It's not good to say, my Li family is not worthy to give him shoes!"

"Next, you must listen to your father's arrangements, and you must have a good relationship with Lin Kai anyway."

After all, he took out a bank card from his pocket, threw it in front of Li Shengxian, and said, "This is all the working capital of the Li family."

"No matter what Lin Kai likes, he will go out and buy it for him. I believe you will not let his father down. This time the business will depend on you!"

After speaking, he stood up and patted Li Shengxian on the shoulder. Without giving Li Shengxian a chance to speak, he turned and walked towards his room.

Li Shengxian stayed on the spot, looking thoughtfully at the bank card in his hand.

Father regards the relationship between me and Brother Lin as a deal?

Really superficial!

Brother Lin is so capable, he is short of the little money of the Li family?

“Father, you still don’t know much about humanity.”

“A character like Big Brother Lin can’t buy him with money or material things, he can only exchange his sincerity!”

He shook his head, disappointed with his father for the first time.

“Next, the good show starts, let’s see who is the best in the crowd!”

Li Shengxian clenched his fists tightly, and his veins bulged, clearly visible.

If you don’t kill, you will be killed, if you don’t claim to be emperor, you will die without a place to bury!

No matter who it is, as long as it concerns me, Li Shengxian’s half-shared interests, I will kill you!

Outside.

The spring breeze keeps blowing, the willows by the river sway with the wind, and the flowers exude a fragrant breath.

The water of the small river ripples with spring ripples.

As the sun sets, approaching the afternoon, the sky is bordered by Phnom Penh, reflecting the ground in scarlet red.

It looks like a beautiful picture.

Lin Kaiyang leaned against a poplar tree with a cigarette in his hand, staring at the scenery and smoking silently.

I don’t know when I will be able to completely secure the identity of Li Shengxian’s heir.

After this matter is resolved, he can completely relax and look for Leiyuan Group.

“Brother Lin, Brother Lin!”

Li Shengxian stood beside him and yelled twice, but Lin Kai was silent.

In the end, he stretched out his hand and shook it before Lin Kai's eyes, and Lin Kai came back to his senses.

He smiled and said, "How is it? Did your father say something important to you?"

"how do you know?"

Li Shengxian was a little surprised, and finally chuckled, "It's not because of Brother Lin's face that he is so good to me."

He put his arms around Lin Kai's shoulders and said, "Brother understands in his heart that I can achieve this thanks to Brother Lin."

"If I really become the king of the Li family in the future, once Brother Lin has difficulties, my Li family will definitely do my best. Even if I fall on the spot, I will help Brother Lin!"

His words are strong, and they don't seem to be false, with real feelings.

This is the truest thought in his heart.

He, Li Shengxian, was never an ungrateful.

"It's okay if you have the intention, but I generally don't make a decision that puts myself at the end." Lin Kai said half-jokingly.

Li Shengxian laughed hurriedly before resolving his embarrassment and said: "I'm only half joking, half sincere."

The two talked while walking.

Gradually the sunset faded, and the sky gradually sank.

Soon the night will cover the earth, the stars will hang down, and the moon will hang in the void.

Li Shengxian and Lin Kai walked out of a pub.

"Brother, brother is going to give you a gift today, you must take it, don't shirk it!"

Li Shengxian opened his mouth full of alcohol, his eyes flushed and his mouth became dry.

He drank too much alcohol, causing him to lose moisture.

Now he is half drunk and half awake, and what he says is true.

Lin Kai shook his head, this kid just drink so much, and drink with him for so long?

“Brother, why are you shaking your head? Do you look down on your brother?”

“For me, how many wrongs and abuse have you received? This gift must be given to you!”

Li Shengxian’s tongue was big, his eyes stared at Lin Kai solemnly, his eyes burning.

“Go, you lead the way, let me see what a good thing is.” Lin Kai really couldn’t help but push the other side.

Li Shengxian called a taxi, and the two rushed towards the picturesque real estate in Jiangshan.

The picturesque landscape is a newly planned real estate in Donghai City, which is mainly to create a wealthy area.

Far away from the downtown, it stands in the suburbs.

But you don’t care about his remote location, but the price is twice as expensive as the city center.

Well the rich area.

Naturally, we must be separated from ordinary people.

Soon the two reached the place.

At the door stood two welcoming ladies, wearing cheongsam, showing their perfect figure to the fullest.

Seeing Lin Kai and Li Shengxian, Miss Yingbin smiled and bowed, “Welcome you two to come.”

The plot of dog blood was not staged. Although they came by taxi, it was not as exaggerated as in the TV series.

Although the dog-seeing thing is real, it does not happen here.

Inside the sales center.

A group of rich and powerful people wearing famous brands and young women with noble and elegant temperament sat in the lounge area.

They drank tea and water, and talked about houses and prices.

A group of sales accompany them, their mouths are very sweet.

But at this moment.

Lin Kai stepped into it, expressionless, his stature like a javelin.

Raising hands and feet, exuding a strong sense of oppression.

His stern eyes swept across the four directions and looked unscrupulously, without feeling a trace of fluctuations because of the crowd's gaze.

After seeing Lin Kai, the salesman was a little surprised.

This aura?

Is it really a young man who looks like 20 years old, can he have?

Even the heirs of a big family, cultivated from a young age, it is difficult to have this kind of heroic attitude, right?

This is really amazing!

All the dignitaries turned their heads to observe Lin Kai carefully, groping for impressions in their minds, trying to recognize Lin Kai's identity.

can

How could they possibly overlap with Lin Kai?

"Thank you, please bring over the olive map of your real estate. Today I will give my brother a gift. It must be the best!"

Li Shengxian drank heavily, swayed, and rushed to the front desk full of alcohol, shouting at the sales.

A pair of eyes squinted at people.

If it weren't for his unsteady walking, others would have thought that he would have a neurosis.

"Sorry, he can't handle alcohol, please take the olive chart."

Lin Kai is not at all polite. To him, a house is not a precious thing.

The big deal is to pay for it yourself.
