

Special Forces God Level Extraction System –

Chapter 1122: Past

Chapter 1122

Ding Rui sighed and said, “Because Zhang Tianrui feels that he owes Li Haitao.”

She looked at the magnificent hall and said, “It’s not worth it for me, but he is so stupid.”

“I know you don’t want it in your heart.” Ding Rui grabbed Lin Qianqian’s hand, a little sad: “I don’t want you to be inexplicably hurt.”

“Don’t worry, when Tianrui thinks it through, I will make Li Haisheng pay for this matter!”

When talking about Li Haisheng, Ding Rui gritted his teeth, as if he was his enemy.

But logically speaking, she and Zhang Tianrui are already together, and they can divorce Li Haisheng.

With Zhang Tianrui’s status, Li Hai didn’t dare to put a fart.

In her mind, Lin Qianqian couldn’t help but ask: “Why don’t you divorce him?”

“This is what I owe him, and I must return it to him!”

Ding Rui sighed, her thoughts drifting away: “My dad was very ill at the beginning, and it would be over if it wasn’t for Li Haisheng.”

“At that time Tianrui hadn’t come back. For my dad, I promised to marry him.”

“Later Tianrui came back, and Li Haisheng actually gave me to someone else. If that person wasn’t Tianrui, I would be dead!”

Ding Rui clenched his fists tightly and his face was full of hatred.

Lin Qianqian didn’t know what to say for a while.

Li Haisheng rescued her father, but gave her away again for profit.

She didn’t know how to choose.

Ding Rui adjusted her emotions and said gently and softly: "Sister, sister tells you the truth, I also know that Li Haisheng, but you can't harm your company because of this."

"Tianrui is a good person, but he has gotten a horn in this matter and feels that he owes him."

If possible, Ding Rui was unwilling to make Lin Qianqian apologize, after all, he was also a victim.

But who made Zhang Tianrui promise Li Haisheng something before, they were helpless.

"When Li Haisheng married you, did you know that you knew Zhang Tianrui?"

"Huh?" Ding Rui was stunned for a moment, thought for a moment and replied: "I know."

"I told him back then that I wouldn't like him. I like Tianrui." At this point, Ding Rui couldn't help but blush.

Hearing his answer, Lin Xinli had the result, but now there was only one piece of evidence missing.

"Do you want to get rid of Li Haisheng?"

"Think, how can I not!" Ding Rui gritted her teeth: "He is a vampire. Sooner or later, Tian Rui will be drained!"

"Even if I am dead, I don't want him to continue to harm Tianrui!"

Ding Rui sighed, but she couldn't help it.

Who would let only Li Haisheng know where her father was? Even if she wanted to leave, there was nothing she could do.

"Sister, listen to your sister's advice and apologize, and you won't suffer."

Ding Rui patted Lin Qianqian's hand, her eyes filled with hope.

When Lin Qianqian was about the same age as her sister, she naturally couldn't help but want to take care of her.

"She doesn't need to apologize, let Zhang Tianrui find me something."

"You..." Ding Rui looked at Lin Kai with extraordinary bearing, with surprise in her eyes.

She knew most of the people in Donghai who had a face.

When did this young talent come out?

“Sister, don’t worry, Lin Kai will not hurt Mr. Zhang.”

Lin Qianqian also likes Ding Rui very much.

It’s a pity that she ran into such a husband.

While they were talking, the Yinshen appeared with something.

“Sir, it has been found out.”

As he said, he handed Lin Kai what was in his hand.

Looking at the information in his hand casually, he didn’t expect it.

“Madam Ding, I think you should look at this thing.” Lin Kai handed the information in his hand to Ding Rui.

Ding Rui took it over in surprise, wondering what it was.

But as she flipped through the information, she trembled uncontrollably.

If it hadn’t been for Lin Qianqian, she would have fallen to the ground if she was supported by her eyesight and hands quickly.

“How is this possible, how is this possible...” She backed away incredulously.

Holding the paper in his hand tightly, it was already crumpled.

She did not expect that the benefactor that her father and herself had been grateful for so many years was the cause of their hard life.

At first, she thought Li Haisheng was looking at her face, but who thought he was approaching Zhang Tianrui at first.

It turned out that he knew his relationship with Zhang Tianrui a long time ago, and coupled with the declining efficiency of his company, he came up with this idea.

Looking at the records above, one by one, Ding Rui wanted to faint on the spot.

“Are you all right.” Lin Qianqian hurriedly helped her and sat down cautiously.

After receiving the information in her hand and reading it in three lines, Lin Qianqian looked at Ding Rui distressedly, not knowing what to say.

For a long time, she bent down and hugged her gently: "Send someone to pick up your father and break him up!"

Lin Qianqian can be said to have said what Ding Rui was thinking, she held her hand tightly, and Lin Qianqian grinned in pain.

"Thank you for this, I won't let him go!"

Ding Rui smiled weakly at them, holding the information, and staggered away.

Looking at her back, Lin Qianqian was a little worried: "She will be fine, right?"

"No." Lin Kai looked at the brightly lit hall with a smile of unknown meaning.

Those who dare to provoke him depend on whether he wants to.

Originally he didn't want to intervene in such a thing, but who made him so uninterested.

Dont you want to climb higher?

Let him try, the pain of falling from a height.

Regarding Ding Rui's affairs, Lin Qianqian wanted to help, but her strength was not enough.

Looking at Lin Kai, she still chose to shut her mouth, which was enough to trouble him.

"When will the auction start?"

"There is still half an hour." Lin Qianqian glanced at him and asked: "Why, I feel bored."

"It's kind of." Lin Kai disliked this kind of occasion the most.

"then you"

"Hey, who is this? Isn't this Lin Qianqian?"

A woman twisted the waist of the water snake and walked over enchantingly.

The almost half-naked dress, combined with the hot figure, makes people burst into blood.

“Who was I, it turned out to be Miss Chicken.”

With her words, the woman broke her merits in an instant: “Lin Qianqian, there is a kind of thing you can say to me, you **** woman!”

“Why, Li Qian, don’t people tell me when the chicken is here?” Lin Qianqian sneered disdainfully, unwilling to pay attention to her.

But it’s just the playthings of the rich elder brother, do you really think you’re flying on a branch to become a phoenix?

Chapter 1123: Remaining Man

Chapter 1123

“You shut up Lin Qianqian!” She yelled, and she looked a little crazy.

“Don’t you just have a company, who knows how your company’s cooperation comes from?”

She barely said this sentence clearly. Lin Qianqian’s cooperation was all obtained by selling her body.

Lin Qianqian looked at her contemptuously: “Do you think everyone is like you, wishing to die on a man?”

For Li Qian, Lin Qianqian was 10,000 disdain.

A chicken, dare to compare with her?

Really think everyone is like her, betraying his body in order to get some cooperation for his father?

She is not like her, self-love.

Seeing Lin Qianqian’s contemptuous expression, Li Qian’s heart was about to twist with jealousy.

Of course she knew that Lin Qianqian’s cooperation was based on his strength.

But she is uncomfortable in her heart, so why can she live so well?

They all came from the same school, so why is she better than herself?

Li Qian looked at Lin Qianqian grimly. After seeing Lin Kai on the side, her face immediately changed.

“This handsome guy, I’ve seen it for the first time.”

Li Qianjiao smiled, twisted her waist and walked towards Lin Kai. Suddenly she twisted her waist deliberately and she fell towards Lin Kai.

“Oh, handsome guy, help someone...”

Just when he was about to fall into Lin Kai’s arms, she took a step directly to the right, and she fell heavily on the sofa.

“Ouch.” She screamed, clutching her aching waist, staring at Lin Kai with an unhappy expression.

“Handsome guy, what are you doing.” Li Qian pouted, looking aggrieved.

“You can’t doubt people because of the smelly woman.”

“People are different from her. She is a bitch. She slept with someone and pretended to be a virgin woman.”

...

“Get off.” Lin Kai frowned and didn’t have the time to listen to her nonsense here.

“Li Qian, do you think it’s a man who will catch you when he sees you?”

Lin Qianqian smiled disdainfully and left with Lin Kai’s arm.

“Lin Qianqian, you bitch, you wait for me!”

She stomped on the floor angrily, didn’t it mean there was a company? What’s so good about her.

In the back garden, under the cover of the night, Lin Qianqian threw herself into Lin Kai’s arms, hooked his neck and asked, “Brother Lin, do you think they are like that?”

“Whatever you do.”

What should Lin Qianqian do? That is her own problem and she has no right to interfere.

“You?” Lin Qianqian pushed him angrily.

What an elm head, how to say such a thing.

“Forget it, don’t care about you.” Lin Qianqian also knew that Lin Kai had no experience in this area, so she didn’t say much.

“Let’s go in, the auction is about to begin.”

Lin Qianqian showed a decent smile, took Lin Kai’s arm and walked into the magnificent hall gracefully.

As a result, they were attracted by the quarrel of a few people as soon as they opened the forest.

Seeing more and more people over there, she pulled Lin to drive over.

I heard the quarrel between Li Haisheng and Ding Rui just after.

I don’t know why Lin Qianqian froze for a moment, thinking it must be because of the information just now.

“Li Haisheng, you beast, you are really good calculations.” Ding Rui stared at him angrily, wishing to take him alive.

She really cheated her so miserably, Zhang Tianrui, who also killed him, did so many bad things for him.

She couldn’t understand, how could there be such a disgusting person.

Li Haisheng also pretended to be affectionate: “Ding Rui, what do you mean by this, what happened to me?”

Seeing Li Haisheng’s appearance, people around were whispering.

But most of them felt that Li Haisheng deserved it.

No matter how they did, they never gave their wives to others.

“What’s wrong? You ask me what’s wrong?” Ding Rui’s laughter was full of sadness.

She felt that she was a complete fool, who had been tricked for so many years, and she was still grateful to her.

“My dad didn’t have cancer at all at that time, you even falsified medical records with your doctor!”

Ding Ruiqi was trembling all over, if it weren't for her father's serious illness, how could she marry Li Haisheng?

"This..." Li Haisheng looked at the people around him and defended loudly, "You are nonsense, how could I do such a thing?"

But everyone clearly heard that he lacked the confidence to say this.

"Am I talking nonsense?"

Ding Rui directly threw out the information in his hand: "Did you do this to let Tianrui help you!"

"If it weren't for what you said, as long as I marry you, you would treat my dad, I would agree?"

"After marriage, you never touched me once. Later you said that the company would not work. If I don't accompany others, my dad's medical expenses will be cut off."

"Okay, I'll go."

Ding Rui took a deep breath and calmed her emotions a little bit: "I didn't expect this person to be Tianrui, because you returned me to him, and Tianrui did so much for you."

"Li Haisheng, we will go for a divorce tomorrow. You can disagree, but I don't mind using some means."

After speaking, Ding Rui looked at the crowd: "You can look at the information on the ground. Do you dare to cooperate with such a sinister and cunning man?"

She looked at Li Haisheng provocatively and looked at her extremely corrupted look, and couldn't help but smile.

Originally, she wanted to solve it privately and save him face.

But he dared to threaten himself, if he didn't kill Lin Qianqian, he would never let her see her father again.

In other words, she probably agreed before, but not now.

Lin Qianqian and the others helped them find her father, how could she avenge her revenge?

Li Haisheng looked at the whispering people around him, and only felt that their eyes seemed to be sharp swords.

Looking at Ding Rui on the side, Li Haisheng felt that he really underestimated her.

Unexpectedly, he completely destroyed all the information, but he still found it out.

You must know that when he sent Ding Rui to Zhang Tianrui, he found someone to check it, but he didn't find it out. How could he find it now?

"I didn't expect it. It seems that I can't cooperate in the future. Who knows if I will stabbed a knife in the back in the future?"

"As a man, I can't stand it anymore."

...

Listening to their discussions, Li Haisheng's heart seemed to be roasted on a fire.

It took him so much effort to get to this point, and he must not be ruined by this stinky woman Ding Rui.

"Special, you bitch!"

He rushed over and slapped Ding Rui directly when everyone hadn't reacted.

Riding beside her without hesitation, she was punched and kicked.

"Smelly bitch, the wings are hard, can't I let you never see your father again?"

"Special code, you try to resist another one?"

Chapter 1124: What I Said

Chapter 1124

Li Haisheng seemed to be crazy, punching and kicking Ding Rui.

Ding Rui was also able to bear it, guarding her body tightly, without saying a word.

Someone on the side couldn't stand it anymore, and went forward to pull Li Haisheng away.

"Get out of your special code!"

He directly pushed the person away, regardless of his identity.

Today's incident will spread throughout the East China Sea in less than an hour.

He has completely finished, what else is there to take care of?

"Bitch girl, go to death!"

He grabbed the wine bottle on the side and smashed it against Ding Rui's head.

At this critical moment, Lin Kai threw a goblet and hit it directly on his wrist.

His wrist hurt, and the wine bottle fell directly from his hand.

When he hit Ding Rui, he was directly caught by Lin Kai.

"How are you feeling?" Lin Qianqian hurried over and carefully helped Ding Rui up.

"Hi." Ding Rui stood up slowly and waved her hand: "I'm fine."

Saying that she snatched the wine bottle in Lin Kai's hand, before Li Haisheng could react, she smashed his head and broke his blood.

"Li Haisheng, let me tell you, don't threaten me with my dad, my dad has been picked up by me!"

Now Ding Rui is not afraid, she can't understand why she was blind and married to such a scumbag.

"You...you smelly woman!" Li Haisheng held his head, blood dripping from his fingers, staining the ground red.

He staggered to Ding Rui and fell directly to the ground with a "plop".

"Throw him out for me!"

A righteous voice came out, and then a man walked over anxiously.

"Rui Rui, what do you think?" He carefully held Ding Rui in his arms and looked at her distressedly.

"Everyone, Zhang is very sorry for what happened today, and I will definitely apologize for everyone in the future!"

Leaving such a sentence, he held Ding Rui and left the meteor in stride.

This man is Zhang Tianrui, his identity in Donghai is not simple, let alone his uncle is Wang Kang, naturally everyone will not embarrass him.

After leaving, soon someone cleaned up the mess.

As the farce ended, everyone stopped talking nonsense and went straight to the auction room on the other side.

Despite the fact that there are a lot of people here, there are not many people who can participate in the auction, let alone women.

When Lin Qianqian and Lin Kai just came over, they attracted everyone's attention.

"Isn't this President Lin? I didn't expect that you can still participate in the broken company. Isn't it possible for the Wang family?"

When the man finished speaking, everyone laughed.

Lin Qianqian was naturally unhappy about what they said.

But compared with them, I really can't do it, I can only endure it.

"You guys are joking, why can't I participate?"

Lin Qianqian looked at them in an evening dress with a decent smile.

When Lin Qianqian said this, the person who just spoke was unhappy.

"What's your arrogance? It's a tattered thing that depends on a man."

"Mr. Li, I advise you to keep your mouth clean!"

Since Lin Kai supported herself, Lin Qianqian felt that there was no need to wrong herself.

"Hey, did I make a mistake?" The president Li didn't take it seriously: "You are a stinky bitch, who knows what you are like in bed."

"Shut up your mouth!" Lin Qianqian flushed her face and was furious.

"Shut up if you can't speak, no one will treat you as dumb."

Lin Kai didn't have the slightest affection for this kind of man who looked down on women.

“Who are you? It’s for you to speak here?” Mr. Li snorted, “A soft meal, what right does it have to talk to me?”

“Fuck off or shut up.”

“Ouch, it scares me to death.”

Although President Li said so, there was no trace of fear on his face.

“You count something, and don’t look at where it is, do you think you count it?”

He walked up to Lin Kai, grabbed his collar and forced him to lower his head: “Boy, get out of me obediently, otherwise don’t blame me for being polite.”

“is it?”

Lin Kai smiled slightly and put one foot directly on his knee, kneeling directly on the ground in pain.

“Hey, I will give you a big red envelope for the New Year.”

“You special... know what this is... where?”

That President Li was holding on to the wall and staring at Lin Kai fiercely. With a little white face, he dared to beat him. He was really impatient.

“Wang Family.”

“You still know.” Mr. Li sneered: “You are really impatient if you dare to do it at Wang’s house.”

“So what?” Lin Kai looked disapproving, whether it was the Wang family or the Li family, it was no different from him.

“You wait, the Wang family won’t let you go!”

“What’s wrong?”

The two were talking, and the group came to the front in a blink of an eye.

Seeing the people coming, the President Li limped forward: “Mr. Wang, you don’t know how arrogant he is to hit someone at the Wang’s house. I am really impatient!”

“I asked him to apologize to the Wang family, and he scolded me, and said that the Wang family is waste.”

“Outrageous, who is so bold!”

When people say that, Wang Kang is naturally angry.

Unexpectedly, he turned his head and saw him coming in, standing aside looking at him blankly.

“You mean him?”

“Yes, it’s this little white face.”

“You have eyes and no bead!”

Wang Kang slapped him directly, came to Lin Kai, and said cautiously: “Mr. Lin, I don’t know that you are here. The hospitality was poor, and I hope to forgive me.”

Looking at Wang Kang, who was so invincible, suddenly so humble, everyone felt only a moment of fear.

Fortunately, they didn’t speak with the mindless President Li, or it would be over now.

Although I don’t know what Lin Kai is.

Just by looking at Wang Kang’s reaction, you know that this person must be difficult.

Even the people from the Li family came, and Wang Kang didn’t see Wang Kang so humbly.

For a while, everyone’s thoughts flew in their minds, not knowing what to do.

On the contrary, President Li was already stunned when he saw Wang Kang being so sullen at Lin Kai.

He actually offended such a big man, and he couldn’t even think about what he had to face.

“Gudong” swallowed, and President Li could not stand still and fell directly to the ground.

There are only two words in his mind now, and that is “it’s over.”

This time he was completely finished, and no one could save him.

“Lin...Mr. Lin, I know I was wrong, I was wrong just now, please, forgive me.”

He crawled over, clutching Lin Kai's leg tightly, looking remorseful.

“open.”

Lin Kai frowned, looking at the man who touched him with tears and nose, only to feel sick.

When he said this, the president Li shivered and immediately let go of his hand holding his trouser legs.

Chapter 1125: Track

Chapter 1125

“Mr. Lin, please let me go.”

President Li can't wait to go back in time and go back to the way he was before.

I had known that Lin Kai's status was so precious, even if he was killed, he would not have said that.

But now it's too late to say anything, I just hope that Lin Kai won't care about him.

“Leave it to you.”

Lin Kai found his hands dirty for such bugs.

“It will definitely satisfy you.” Wang Kang waved his hand, and someone immediately came over and pulled the manager Li down.

He kept struggling, yelling in his mouth, hoping that Lin Kai could let him go, but everything was useless.

With such an opportunity to please Lin Kai, Wang Kang would naturally not let it go.

After skipping this episode, everyone quickly went in to bid.

But because of Lin Kai-zai, the winner this time is undoubtedly Lin Qianqian.

But the price she gave is really good, except for lower than one company, it is higher than others.

He did not suffer, nor did the Wang family suffer.

Coupled with Lin Kai's identity, and Lin Qianqian's courage, those bosses didn't embarrass them too much, and came over to say joy.

"Mr. Lin, really young and promising, we old men are not doing well."

"No. What is the relationship between President Lin and this Mr. Lin?"

This person just asked what they wanted to know.

But looking at their surnames, the hope that this group of people agreed is what they think.

Although Lin Qianqian wanted to say that they were lovers, she could only endure the temper that came in.

"He is my sister."

Lin Kaiqing's cold voice made Lin Qianqian sad, but she didn't say anything.

Hearing this answer, the eyes of those people lit up.

“Mr. Lin, I don’t know if you have a girlfriend now. My daughter is only 20 years old this year, about the same age as you.”

“And my niece is about the same age as you.”

...

Hearing these people were selling their daughters, nieces, and the like, just like they were selling goods, Lin Kai only felt that his head was big.

Lin Qianqian on the side could not help laughing when she saw Lin Kai’s appearance.

“I have something to do, so I will leave first.” Lin Kai left these words coldly and turned to leave.

Even though those people wanted to stop him, they didn’t dare to step forward.

This caused Lin Qianqian to be surrounded by groups of people, constantly introducing him to young talents.

You cant marry Lin Kai, and you can marry his sister.

“Sir, we don’t care about Miss Lin?”

“Isn’t she smiling happily?”

I have to say that this is also an opportunity for Lin Qianqian.

It is also helpful for her to be able to talk to these people she doesn't usually touch.

"Sir, someone is following us."

"Do not care."

If you are willing to follow, just follow, no harm.

Lin Kai stopped and walked along the way, stopping from time to time to watch the children play.

The people who followed him behind him cursed.

"Fuck, is this **** sick?"

The person who followed Lin Kai didn't know what to say.

This is almost like an old lady, look here, where to take a look.

Had it not thought of the generous reward, he would have gone back long ago.

"Let's go." Lin Kai left such a faint sentence, then turned and left.

When he turned around, he glanced at the place where the man was hiding, showing an unclear smile.

The man's outstretched head shrank back in an instant.

He stared straight at the place where Lin Kai had left, always feeling that he had been discovered.

“Probably not.” He muttered to himself and followed Lin Kai.

He is very confident about his tracking technology.

After all, the opponent is an ordinary person, can you still fight an ancient warrior?

He calmed down, and before he could catch up again, he found that Lin Kai and the others had disappeared.

“Where are the people?” He stared around to himself, and didn’t find them after turning around.

“Are you looking for me?”

The sudden sound shocked him, and when he looked back, he saw Lin Kai standing behind him.

“You, you, you, why are you here?” The man stood up and stared at Lin Kai warily.

It shouldn’t be reasonable. How could an ordinary person find him?

But the facts are in front of him, and he can’t believe it.

“Go ahead, who sent you here.”

“What are you talking about?” The stalker began to pretend to be silly: “I’m just passing by. How do you talk, who rarely follows you.”

He was about to leave, but Lin Kai grabbed him.

As he said, he wanted to shake off Lin Kai’s hand, but no matter what he did, he also threw it away.

“How is this possible?” He stared at Lin Kai incredulously, somewhat suspicious.

“You let you come?”

“Zhang Zekai.” The stalker said the name without hesitation, without any embarrassment to betray the employer.

“Let’s go.”

Knowing what he wanted, Lin Kai didn’t mean to embarrass him, and left straight away.

He walked for a long time before the stalker stood up from the ground with lingering fears.

“Fuck, it’s really terrifying, can this be an ordinary person?”

However, no one answered his question.

“Sir, should I check that Zhang Zekai?”

It is really impatient to send someone to follow Lin Kai.

“No need.” He waved his hand, probably wondering why he had found someone to follow him.

Although Yinshen had some doubts, Lin Kai said so, he naturally didn't speak nonsense.

The two returned home slowly, and as soon as they entered the door they saw Li Shengxian hugging a woman.

To be precise, Li Shengxian was struggling vigorously with the woman holding him.

Seeing Lin Kai coming back, Li Shengxian stretched out his hand just like seeing a savior: “Brother Lin, save me, I'm about to die!”

He struggled vigorously, but the strength of this woman was so unbelievable that even he couldn't escape.

“Help.”

Lin Kai felt a little pain in his ears listening to Li Shengxian's cry like a pig.

“Li Shengxian, shut up!” The woman holding him turned to look at Lin Kai: “I warn you, don't be nosy, or even fight with you!”

Hearing what the woman said, Li Shengxian went on fire instantly.

Lin Kai's position in his heart is unmatched. Dare to say that, what is the difference between stepping on his bottom line?

“An Rui, let me loose your special code, dare to scold Brother Lin, I won’t let you go!”

“what did you say?”

An Rui looked at Li Shengxian in a daze, some wondering why.

With her dazed skill, Li Shengxian broke free from its arms and ran to Lin Kai, asking for
comfort.

“You hit me and scold me, whatever you want. If you say something to Brother Lin, I will
fight you hard!”

This is what Li Shengxian said in his heart, no one can move Lin Kai unless he stepped
over him!

“You scold me for a man?”

Chapter 1126: Fight

Chapter 1126

An Rui stared at Lin Kai badly, as if he was his love rival.

She was so angry that the person she had been thinking about for so long was actually scolding herself for other men!

It stands to reason that she shouldn’t be angry, and she should be much better than women.

But she just couldn’t see that Li Shengxian was kind to other people.

“What kind of thing is he?” An Rui held his head slightly high, with an arrogant look: “I just killed him, so what?”

“Li Shengxian, let me tell you, you’d better stay away from that man, otherwise don’t blame me for being rude!”

In the past, perhaps Li Shengxian succumbed to An Rui’s threat.

But now it’s different, he is no longer the self he used to be.

If Lin Kai dare to say that, she naturally wouldn’t make her look good.

“An Rui, you shut up!” Li Shengxian looked at An Rui blankly, the light beating in her eyes made her stunned.

She looked at Li Shengxian up and down, always feeling that he was completely different from before.

“Li Shengxian, are you murdering me for this man?”

An Rui stared at him incredulously, knowing that Li Shengxian was obedient to her before, and he didn’t even dare to say an irony.

“What about you?” Li Shengxian looked at him impatiently: “Leave from here now.”

For An Rui, he has no good feelings at all.

He always bullied her before, as if he were her slave.

Before, he didn’t have the ability to resist, after all, every time he resisted, An Rui would be beaten particularly badly.

But now it’s different. With Lin Kai’s teaching, he is no longer the same as before.

An Rui looked at the two angrily, wishing to clean up Li Shengxian.

In fact she did it too.

He flew straight up and rushed towards Li Shengxian.

Seeing An Rui rushing towards him, Li Shengxian’s expression instantly changed, and he would run away without thinking.

His current strength value is really not good.

Against An Rui, only one can be beaten.

Seeing that he was about to suffer, An Rui flew out like a heavy blow.

“Ahem.”

An Rui clutched her chest, leaned on the sofa beside her, and stood up staggeringly.

“Do you dare to hit me?”

She looked at Lin Kai, something lit up in her eyes.

Growing up, no one dares to treat her like this.

“Boy, you’re done.”

An Rui flexed his muscles, and the whole person was ready to go, like a predator cheetah.

Lin Kai didn’t even look at her, sitting on the sofa beside him, eating the fruits that Li Shengxian had cut for him with peace of mind.

His naked ignorance completely angered An Rui.

“You successfully angered me.”

With his feet vigorously, An Rui jumped into the air, with a clear sound of breaking through the air with his feet.

“Brother Lin, run away!”

For An Rui’s strength, Li Shengxian is the most clear.

Even if she is a girl, even if Li Haoxian is in front of her, he can’t hold on for ten minutes.

Knowing Lin Kai’s strength should not be underestimated, but he was afraid he would be injured.

Seeing that An Rui was about to kick his shoulder, Lin Kai still maintained the posture of eating fruits, motionless.

This Li Shengxian was too anxious: “Brother Yinshen, do it!”

Now I can only pin my hopes on Yinshen, who can block An Rui.

“It’s really troublesome.”

Lin Kai sighed helplessly before reaching out and grabbing An Rui without looking back.

One forcefully pulled her over and threw her to the table.

“hiss.”

The back knocked directly at the corner of the table, and An Rui took a breath of pain.

In addition, Lin Kai had too much strength to throw her over, and she couldn't stand up for a while.

“Brother Lin, you are fine.” Li Shengxian looked at Lin Kai up and down, and he was relieved to see that he was okay.

This scene was seen by An Rui on the side, and only felt that his heart was burning with anger, wishing to kill Lin Kai.

“You bastard!”

She roared, grabbed the fruit knife on the table, and stabbed Lin Kai directly.

Seeing this scene, Li Shengxian threw himself on Lin Kai without even thinking about it.

“You.”

Lin Kai shook his head helplessly, and directly lifted Li Shengxian up.

It was precisely because of this action that Lin Kai's chest was directly scratched with a wound of about ten centimeters in length.

Seeing the wound on Lin Kai's chest, Li Shengxian rushed to An Rui without even thinking about it: “You **** woman, I'm going to kill you.”

She pinched her neck tightly, her eyes full of anger.

It was all his fault. If it weren't for him, Lin Kai wouldn't be injured.

An Rui didn't expect that he would really be stabbed, and she was thrown down by Li Shengxian in such a daze.

“Go away from my old lady!”

An Rui beat Li Shengxian on the back, and the polite customer remained unmoved.

“You dare to hurt Brother Lin!”

In Li Shengxian's heart, Lin Kai's life is more important than his own.

An Rui could not forgive her for doing such a thing.

“You are looking for death!”

An Rui was so angry that his knees pushed up fiercely, and the painful Li Shengxian rolled off her.

She touched her sore neck, and she looked a little gloomy.

“I didn’t expect that you, a big man, still have such charm.”

She coughed and stared at him straightly: “Don’t worry, I won’t let this fool fall into you.”

Hearing An Rui’s roar, Li Shengxian “rubbed” and got up from the ground.

“You really shut up!” His eyes were red, and he stared at An Rui fiercely: “Who are you? You are my turn?”

“Why didn’t I see you in your head when I was bullied by Li Haoxian?”

“Now that someone is supporting me, it’s okay for you. Why can’t you see me?”

...

After Li Shengxian’s series of words went on, An Rui opened his mouth and couldn’t say a word.

For a long time she blushed and said: “I am not, I am just, I’m just afraid you will be killed by him.”

Because Li Haoxian told himself that Li Shengxian was with a murderer now and didn’t know when he would die.

But after listening to Li Shengxian’s words, An Rui felt that he was wrong.

This Lin Kai is not as bad as Li Haoxian said.

“Hurt me hurt?” Li Shengxian couldn’t help laughing: “An Rui, why don’t you tell a joke?”

Staring at An Rui indifferently, Li Shengxian said, “I’m sorry, please don’t interfere with my business in the future. What happens to me in the future has nothing to do with you!”

“Li Shengxian, what do you say like this?”

An Rui's voice was a little bit crying, she just wanted to protect him, how could it be like this?

"Why can't I tell?"

With a sullen face, he walked into An Rui step by step: "What qualifications do you have to say such a thing? What have you done to me, don't you know enough in your heart?"

Chapter 1127: Dirty Thinking

Chapter 1127

"An Rui, do you think you are good to me?"

"You forgot, what did you do to me before?"

...

As Li Shengxian approached step by step, as well as the words in his mouth, An Rui looked at him blankly, without a word of refutation.

Because she didn't know what to say, who made Li Shengxian talk nonsense.

She closed her eyes with an expression of pain, and opened her eyes for a while: "Li Shengxian, I never thought that the things I did would cause you so much harm."

At the beginning, Li Haoxian told her that it was for the benefit of Li Shengxian.

As long as she does this, Li Shengxian will definitely like her.

But now it seems that she was just like a fool at first, believing Li Haoxian's words so stupidly, and doing so many things to Li Shengxian.

It is also because she has no brains. If you think about it, you will understand that the two brothers are not in harmony. How could Li Haoxian treat him well?

"Li Shengxian, I'm sorry." An Rui looked at him guiltily, and besides this sentence, he didn't know what to say.

"Get out of here now!"

After talking about it, I didn't even look at her, and went to the medical kit.

For a while, An Rui froze in place, a little at a loss.

I always feel that the current Li Shengxian is too far from the previous one, and the changes make her feel that she is about to lose him.

Looking at An Rui, Lin Kai lowered his eyes, looked at the wound on his chest, and shook his head.

Fortunately, the wound is not deep, so just sterilize it.

Li Shengxian asked for a bandage, but Lin Kai's upper body was wrapped up like a mummy.

"Is it necessary?" This really made him helpless.

As he is now, it feels very uncomfortable for his arms to stand like that!

Yinshen and Li Shengxian replied in unison: "It is necessary!"

The sudden sound shocked An Rui. She looked around for a long time, but she didn't see a reason.

"Brother Lin, let me tell you..."

Before Li Shengxian finished speaking, he was interrupted by the phone.

Seeing the name flashing on the screen, Li Shengxian hesitated for a while before pressing the answer button.

"My dear brother, it's been a long time since I saw you."

"If you have anything, just say it."

"Tianmeng Pavilion Qiushui tonight, if you don't come, don't blame me for being rude."

Before Li Shengxian could answer, he hung up the phone.

"Brother Lin, do you want to go together?"

"Go and see."

Lin Kai sighed. Now that Li Shengxian is capable, he still doesn't look enough in the face of Li Haoxian.

Listening to their conversation, An Rui always felt that something was wrong, but he did not speak.

She just carried it quietly, as if it didn't exist.

Time passed, and in the blink of an eye it was almost the time Li Haoxian had agreed with them.

An Rui glanced at the wandering sky and said, "Can you leave here? I don't like strangers in my house."

Known as a stranger, An Rui only feels her heartache is beyond the reach.

Smiled at Li Shengxian, she left in embarrassment.

"You hate her?"

To Lin Kai's question, Li Shengxian replied weakly: "Brother Lin, you don't know how annoying this woman is. I used to fix me with Li Haoxian."

"That's it." Lin Kai nodded without saying much.

There were talking and laughing along the way, and soon they arrived at the Tianmeng Pavilion, led by the waiter, to the Qiushui room.

Pushing the door open, I saw Li Haoxian sitting in his seat leisurely, sipping tea slowly.

Seeing them coming, he raised his eyes: "You are here, sit down."

"Let's talk about it, what's the matter if you are looking for us?" Li Shengxian was too lazy to talk nonsense with Taiwan, and went straight to the point.

"We two brothers, it's okay to sit down and talk strange things?" Li Haoxian was holding his tea cup, looking at him in time.

"What do we have to say?"

"I'll talk about it with a cup of tea."

Li Shengxian didn't talk nonsense, he took the teacup directly and drank it all.

Seeing him like this, Lin Kai sighed and couldn't help shaking his head.

I just wanted to tell him to pay attention, but I drank it in one gulp.

When Li Haoxian saw Li Shengxian drank the tea without hesitation, the smile on his face became brighter.

“I called you this time, and nothing happened, I just wanted to give you a present.”

As he said, he clapped his hands, and with a jingle, a woman walked out exposed.

She turned around, hooked Li Haoxian’s neck, and sat directly in his arms: “Hohyun, what do you want people to do?”

“My dear brother, this is the gift my brother gave you.”

As he said, he pushed Dong Shu directly into his arms.

“As for Mr. Lin, I know the news of Leiyuan Group!”

Sure enough, his words attracted Lin Kai’s attention.

“Why don’t we leave this to my good brother?” Li Haoxian gave a meaningful smile.

“Naturally.” Lin Kai nodded and walked out with him.

After arriving in another room, Lin Kai only felt a sweet and unpleasant smell in his breath.

Looking at Li Haoxian, he sat down calmly.

“Mr. Lin, it took me so hard to find out.”

Taking a look at Lin Kai’s face, he continued: “A manager of Leiyuan Group will come to the East China Sea in three days.”

Sure enough, Lin Kai’s eyes changed instantly when he heard this.

“how do you”

Before he finished speaking, Lin Kai slanted to the ground.

After kicking Lin Kai’s feet, Li Haoxian couldn’t help laughing when he saw that he didn’t react at all.

“Aren’t you great? Didn’t you fall into my trap?”

He helped Lin Kai to one side of the bed, clapped his hands on the two glamorous women, and walked over with one step at a time.

“Brother Li, what do you want people to do?”

Pushing away the two women lying on their bodies, they pointed to Lin Kai on the side and said, "Serve him well. It's best to take more pictures."

"Guaranteed to complete the task."

Talking about the two women, they walked over with a look of lust.

When Li Haoxian went out, he took a vague look at the chandelier on the side and turned and left.

As a result, he was knocked out as soon as he went out.

Yinshen raised the comatose Li Haoxian and pushed in and saw that Lin Kai had already dealt with the two women.

"Sir, what's next?"

Looking at Li Haoxian in his hand, Yin Shen was a little disdainful.

It's just some tricky tricks, and I dare to show them ashamed.

As early as the moment they came in, they found something wrong in the room.

The reason for doing that was just to know what he was going to do.

"Since he thinks so, please satisfy him."

Looking at the two women on the bed in disgust, Lin Kai turned and went to the room where Li Shengxian was.

As soon as I opened the door, I saw Dong Shu sitting on Li Shengxian, taking off his clothes eagerly.

Seeing Lin Kai coming in, she was so frightened that she rolled down from above.

"Mr. Lin, Li Haoxian forced me!" Dong Shu stared at Lin Kai in horror.

Chapter 1128: Joke

Chapter 1128

"Really?" Lin Kai looked at her with a smile, but in Dong Shu's eyes, it was no different from a demon.

“Really... Li Haoxian forced me!”

She would not admit that she was killed, except for Li Haoxian forcing her, she also had her own ideas.

Because this time Li Haoxian told her that he would prescribe Lin medicine.

She immediately moved her mind. If they could spend the spring breeze with him, their Dong family would definitely be among the first-class family in the East China Sea.

However, Li Haoxian did not give him a chance to approach Lin Kai.

In this case, she intends to spend the spring breeze with Li Shengxian.

Unexpectedly, she was discovered by Lin Kaizhi before this started.

Lying on the ground, Dong Shu could not show the slightest thought of resistance.

Looking up at Lin Kai secretly, Dong Shu crawled forward enchantingly.

“Mr. Lin, people really don’t want to do this.”

She reached out and grabbed Lin Kai’s calf, and gently touched his calf with her hand.

There is a charming look on her face, coupled with her hot body, can’t wait for people to instantly transform into a wolf.

It’s a pity that she chose the wrong target this time, and she has no choice but to admit counsel to men who do not want to benefit.

“You said you were forced?” Lin Kai knelt down, grabbed her chin, and looked at her with a smile.

Like a kitten, Dong Shu gently rubbed Lin Kai’s hand, and her wet eyes made people unable to help but sink.

“How can people start with the master?”

“Ah.”

Lin Kai loosened her chin and wiped her hands with a handkerchief, looking disgusted.

“Throw it together.” Lin Kai left these words faintly, and turned to leave.

Dong Shu didn’t understand what it meant, and she passed out.

Looking at Li Shengxian who was unconscious on the bed, Lin Kai sighed helplessly.

Having taught him so much, it is really embarrassing to be unable to escape such a low-level trap.

Pour water directly on Li Shengxian's face to wake me up.

"Who?"

Li Shengxian wiped the water off his face and looked around in confusion.

"Brother Lin, what's wrong with me?"

Looking at Li Shengxian with a blank face, Lin Kai sighed helplessly.

After a while, Li Shengxian reacted, lowering his head not to look directly into Lin Kai's eyes.

"Sorry, Brother Lin, I was careless."

"Attention next time."

The understatement made Li Shengxian blush, unable to say anything.

"Let's go to the theater." Lin Kai left a faint sentence and turned to go out.

Li Shengxian was taken aback for a moment, and hurriedly followed.

Li Shengxian couldn't help blushing when he heard the gasp from the other compartment.

If it weren't for Lin Kai to accompany him again today, today would be over.

"Brother Lin, what do I need to do?"

"Just wait."

They didn't need to check the follow-up matters at all, Li Haoxian had already arranged it for himself.

Sure enough, not long after, a group of reporters suddenly rushed upstairs.

They pushed open the door of the private room where Li Haoxian was, and took photos inside.

After watching this battle, Li Shengxian was scared for a while, and sure enough, he was still too weak, and even Li Haoxian's aggressive skills could not stand.

"Mr. Li Shengxian, why do you find so many women?"

"Don't you think this is disgusting, why are you doing this?"

...

Listening to those reporters, three words without leaving him, Li Shengxian understood all the calculations Li Haoxian was playing.

It really is his good brother, if this matter spreads out.

No matter how much he has contributed to the Li family before, there is such a person who corrupts the reputation of the Li family, those elders will never agree that he will inherit the position of the head of the family.

After looking at Lin Kai and seeing him nodding, Li Shengxian pretended to be drunk and walked out.

"What do you tell me to do?" He squeezed the crowd and looked at Li Haoxian inside: "Are you guys, hiccups, are you blind? That's my elder brother, Li Haoxian."

The reporters naturally recognized the two brothers.

Seeing Li Shengxian walking staggeringly, everyone was dumbfounded.

Originally, they received a call from Li Haoxian, saying that it was a big news for them.

They have long been accustomed to such things.

In the rich family, in order to fight for the status of family property, this method is too common.

Unexpectedly, after they came, the protagonist would change.

But for them, it doesn't matter.

"Mr. Li Shengxian, what do you think of this matter?"

"Excuse me, what is your brother's private life like?"

...

Listening to the questions from the reporters, Li Shengxian shook his head: "I don't know what you are talking about, please leave."

Speaking of this, he directly asked people to drive them out.

At this time, he naturally wouldn't talk about Li Haoxian's black material.

Otherwise, even if Li Haoxian has no chance, he will be implicated.

After the reporters left, he smiled and called Li Cheng's family.

After speaking in a sad and angry tone, Li Shengxian couldn't help but smile.

"Li Haoxian, why are you targeting me everywhere?"

He had no intention of arguing with them.

Since they persecuted him so much, let's see who is the one who will kill him.

Soon Li Cheng's family and the Li family came over.

Looking at the reporters outside the Tianmeng Pavilion, Li Cheng's family directly asked them to take them away and sealed the entire Tianmeng Pavilion.

"Dad, you are here." Li Shengxian greeted him quickly and said angrily: "I shouldn't have said anything about this, but why did Big Brother calculate me like this?"

Li Shengxian can be said to be the image of a heartbroken younger brother who was calculated by his brother, and showed vividly.

On the way, he had already sent someone to investigate the matter.

"You have suffered."

He patted Li Shengxian on the shoulder and walked directly to Li Haoxian's room.

Looking at the chaotic scene in the room, Li Chengjia only felt that his eyes were black and his head buzzed.

Fortunately, Li Shengxian swiftly helped him sit down.

"Dad, are you okay?"

Waved his hand, Li Cheng's family let Li Haoxian wake up.

Suddenly a basin of cold water splashed on him, and several people on the bed yelled and got up.

“Who the **** dare to splash me? Impatient to live?”

Li Haoxian yelled and wrapped himself in the sheets directly. When he saw Li Haoxian and everyone in the Li family, he was a little confused.

“How is this going?”

He stared at the three naked women around him blankly, and suddenly there was something in his mind that suddenly collapsed.

“How is this possible? I didn’t do it. I was wronged.”

As he said, he knelt down at the feet of Li Cheng’s family and kept kowtow: “Dad, you believe that I was wronged, someone framed me!

“Someone framed you?” Li Chengjia snorted coldly, obviously not believing what he said.

“Li Shengxian must have framed me!”

Chapter 1129: Disappointed

Chapter 1129

“Hmph, never repent!” Li Chengjia patted the table heavily, looking at Li Haoxian with disappointment.

He knows the best of the virtues of his eldest son.

Most of this incident was because he wanted to calculate Li Shengxian, but he didn’t expect to steal the chicken without losing the rice, but he got himself in.

I have to say that Li Cheng’s family really knows Li Haoxian well, and this incident is just like what he saw with his own eyes.

“Dad, you believe me, I was really framed.”

Li Haoxian looked at Li Shengxian with bitter eyes, wishing to cramp him.

Originally, he planned well, but he didn’t expect that his brother is not a simple one.

It seems that he is careless.

Looking at everyone around the Li family, Li Haoxian only felt like meat on a chopping board and could only be slaughtered.

He must not lose the support of the elders of the Li family, nor can he let the Li Cheng family disappoint him.

Otherwise he will really be over.

“Li Shengxian, why did you design me!”

Li Haoxian stood up, looking angry and disappointed.

“Although the relationship between our brothers is not very good, you can’t make fun of Li’s face either.”

“I know you don’t like me, but look at the occasion!”

“Can this kind of thing be foolish?”

...

Some elders of the Li family heard Li Haoxian’s words and looked at Li Shengxian’s eyes slightly.

Now who doesn’t know that the two brothers are fighting openly and secretly.

It is very possible to do such a thing.

However, some people did not speak.

They are waiting for Li Cheng’s decision, no matter what they say, they still have to see him in the end.

Li Cheng’s family stared at their two sons without saying a word.

Before there is accurate evidence, he will not make a decision.

One is the youngest son he loves, and the elder son is capable. If possible, he naturally hopes that the two can live together peacefully.

On the contrary, Li Shengxian really admired Li Haoxian’s reversal of black and white.

Black can be said to be white, which is really amazing.

He did not speak out, allowing Li Haoxian to pour dirty water on himself.

Li Cheng's family won't let them go on making trouble, and will naturally send someone to investigate the truth of the matter.

I have to say that Li Shengxian still knows Li Cheng's family well.

Li Haoxian didn't think so, he felt that the Li family would definitely suppress this matter.

So now he needs to make everyone think that Li Shengxian framed him.

As for other things, with his ability, he will come back sooner or later.

Seeing that everyone was silent, Li Haoxian rushed forward: "Father, please believe me, I am the one who was wronged!"

He usually looks high and proud.

Now this look of tears and tears made many elders even more convinced that he was wronged.

"Does Patriarch Li plan to send someone to check it?"

As soon as Lin Kai said this, Li Haoxian "cocked" in his heart, wishing to rush over and hack him to death.

As expected, people who can play with Li Shengxian are all that annoying.

"Father, I know Mr. Lin's identity is not simple." He paused and said, "But he has such a good relationship with the 13th brother, who knows if he will..."

He didn't go on with the following words, but everyone knew the meaning.

After listening to Li Haoxian's words, Li Chengjia snorted coldly, unwilling to pay attention to him.

He could really say anything, he was getting tired of Li Haoxian now.

Even though he hated Lin Kai, he didn't look at his identity.

If he is more distinguished than Lin Kai, he will do whatever he wants.

But doing this now is tantamount to pulling the entire Li family into the water.

“Hmph, you don’t have to worry about this. Before coming here, I will ask someone to check it.”

Hearing what Li Chengjia said, Li Haoxian “cocked” in his heart, not knowing what to say for a while.

Although he had done this concealed, it is inevitable to leave evidence, he just hopes not to involve himself.

“Thank you, dad, for being willing to give me justice.”

Now Li Shengxian stood up and said this sentence, it was tantamount to telling everyone that he had been wronged.

If the news brought back is not good for him, he will be completely finished.

Time passed by, and Li Haoxian’s heart seemed to be roasted on a fire.

When everyone was impatient, they found the news.

Li Chengjia looked at the things on it in three lines, and threw the things on Li Haoxian’s face fiercely: “What a good thing you did!”

As he said, he looked at everyone in the Li family: “Suspend all duties of Li Haoxian and let the elder do it for you!”

Li Cheng’s family left without looking back.

Now, don’t look at it, everyone knows what’s going on.

Seeing Li Haoxian’s face, everyone left one after another.

In a blink of an eye, there are two Li Haoxian brothers and Lin Kai.

“You framed me!” Li Haoxian clenched his fists tightly, wishing to rush up to beat Li Shengxian severely.

I really underestimated his younger brother, but I didn’t expect to put him on the other side.

“Are you not sure in your heart?”

Without even looking at him, Li Shengxian followed Lin Kai and left.

Their indifference to Li Haoxian could not be violated.

“Lin Kai, you wait for me!” His eyes were staring at their backs, like a poisonous snake choosing people to eat.

“Do you want Lin Kai to die?”

The sudden voice made Li Haoxian stunned.

After seeing who the person in front of him was, he snorted coldly, with some disdain: “If it weren’t for Mr. He, do you think you are qualified to talk to this young master?”

Looking at Li Haoxian carrying a shelf, Chen Shan was not angry.

“We have a common enemy, don’t we?” Chen Shan showed a sinister smile and reached out to Li Haoxian.

He is about to be given up by Mr. He now.

After he returned from Lin Qianqian’s house, Mr. He cancelled his post.

Don’t think about it, but also know whose reason is.

But he was not reconciled!

Why should he make sacrifices to please Lin Kai?

Originally, he came to meet someone today, but he unexpectedly saw this scene.

Since we have the same goal, why can’t we cooperate?

After listening to Chen Shan’s words, Li Haoxian also stretched out his hand.

No Chen Shan, Li Haoxian doesn’t think he can help him.

The reason for doing this is just to find a scapegoat for myself.

“The young master still has something to do, so he will leave first.”

Looking at Li Haoxian’s proud back, Chen Shan took a bite.

“I thought I was the young master of the Li family.”

Successfully made Li Chengjia hate him, how can he return to the top in the future?

Now it’s just taking advantage of him.

After all, his identity and doing some things are much more convenient than himself.

At this moment, Lin Kai didn't know their alliance.

But even if I knew it, I wouldn't care.

It was just a few reptiles, and they were killed.

Now he faces more difficult things.

Chapter 1130: Salesman

Chapter 1130

"I'll leave it to you." Looking at Lin Qianqian, who was in exposed clothes, Lin Kai only felt headaches.

He couldn't figure it out. There were a lot of young talents around her, so why did she stick to him?

Seeing Lin Kai who turned around and left, Lin Qianqian lowered her head and looked at herself, feeling that everything was fine.

Stepping on the height of ten centimeters, she hurriedly chased up: "Brother Lin, why did you turn your head and leave when you saw someone else?"

Lin Qianqian held Lin Kai's arm tightly, and trot a few steps from time to time in order not to be thrown away by him.

"I have something else!"

If it were not for Lin Qianqian to wear such high heels, he really wanted to throw him away.

"Brother Lin, why don't you want to talk to others?"

Lin Qianqian's ending is long, and it sounds like she is acting like a baby.

"I'm going to Li's house, you should go back first."

"I want to be together too!" Lin Qianqian has decided to follow Lin Kai, no matter what he says is useless.

"Do you think you can go to Li's house?"

Lin Kai's words made Lin Qianqian stunned.

Sending away the hand holding Lin Kai, the whole person said with a bit of loss: "Then Brother Lin will come back soon."

Just after she finished speaking, Lin Kai strode away.

Seeing Lin Kai's hurried footsteps, Yinshen couldn't help laughing.

I think this Lin Qianqian is really a treasure, and can force Lin Kai to this point.

Lin Qianqian stared straight at Lin Kai's back, feeling a little depressed.

She is obviously not bad, why does Lin Kai dislike her?

"Does he have someone he likes?"

As soon as this idea came out, she denied it.

If Lin Kai really had someone he likes, it would be impossible to be hugged by her, he would be stiff.

"Why on earth?" Lin Qianqian was puzzled.

Seeing Lin Kai disappearing in the corner, she stomped her feet with a bit of resentment.

She still doesn't believe it, and what man Lin Qianqian can't handle with her?

Lin Kai didn't know what Lin Qianqian thought.

I'm afraid I know it, I can't wait to be three feet away from her.

"Sir, are you sure you want to go to Li's house?"

"Why didn't you go?" Lin Kai gave Yinshen a puzzled look, "What do you mean by that?"

"Nothing." Yinshen shook his head quickly.

He could never see Li Cheng's family discussing with the elders the last time he was in the Li family, how can he marry their Li Jiafei daughter.

In his opinion, Lin Qianqian is also good, but he doesn't think it is too much for a good man like Lin Kai with a dozen women.

But now that Lin Kai looks unconscious, he naturally wouldn't say it.

"Why is your **** smiling secretly?" Lin Kai always felt that the hidden **** was hiding something from him.

"Nothing, sir, let's go quickly."

Speaking of the Yinshen regained that serious look, he didn't say a word.

"Oh." Lin Kai shook his head helplessly, and did not continue to ask anything.

When he arrived at the Li's old house, Lin Kai felt much better looking at the lush vegetation.

Seeing Lin Kai, the butler quickly walked over respectfully: "Mr. Lin, Master is already waiting for you."

"Go down."

He waved his hand to let the housekeeper go down, and looked at the landscape of the garden, but for some reason he lost the mood just now.

He knocked the fallen leaves off his shoulders casually, and Lin Kai walked into the living room slowly.

When he entered, apart from Li Cheng's family, the elders of the Li family were also there.

Looking at the head of the person in front of him, Lin Kai only felt a headache.

"I just came to see Seung Hyun, you are free."

Even though he had said so, the elders looked at him with scorching eyes as if they hadn't heard it, wishing to see a hole.

"Mr. Lin, I heard Shengxian say that you don't have a fiancée yet."

"My personal affairs, when is it your turn to intervene?"

Lin Kai looked at them with cold eyes, and his body exuded bursts of blood.

The elders are like falling into an ice cave, and they dare not move for a long time.

In the end, Li Chengjia endured the fear in his heart and ended the battle: “We think that you, sir, sometimes take good care of yourself. We plan to prepare some good personal assistants for you.”

“No need.”

No need to think about what these personal assistants do.

He has no interest in those things.

“Don’t worry, they won’t show up normally. When you need it, it’s enough to know you need to say hello.”

Li Chengjia was determined and wanted Lin Kai to accept it.

“Don’t bother.”

Although Lin Kai refused so, but Li Cheng’s family did not give up.

A high-quality bachelor like Lin Kai must hold it tightly in his hands.

Although Li Shengxian has a good relationship with Lin Kai, his brothers are no better than husband and wife.

Furthermore, Li Cheng’s family also has a worry, that is, they are afraid that in a hundred years, the Li family will fall into Lin Kai’s hands.

Regardless of the fact that the two of them have a good relationship now, but who can say for the future?

Even though Lin Kai is not short of money and status, who would have too many of these things?

So he came up with such a way.

As long as Lin Kai can marry the Li family’s children, he doesn’t need to fear that his family property will fall into the hands of others.

The Li family can also take advantage of Lin Kai’s forces.

If he really had a relationship with Jiulong Mountain, he couldn’t imagine how much it would benefit.

Lin Kai looked at the smirking Li Cheng’s family, wondering if the Li’s family all had brain holes?

“What are you laughing at?”

“Ahem, nothing, nothing.” Li Chengjia smiled awkwardly.

“Mr. Lin, why don’t you see them first.”

Before Lin Kai agreed, he clapped his hands to make those people Lin Kai directly.

In the blink of an eye, in the center of the hall stood a dozen women with different appearances.

Looking at the women in professional attire, Lin Kai only felt that her head was big for a while.

You say that these dozen or so women are enemies, that’s okay.

Within five minutes, the solution is guaranteed, cleanly and without leaving any clues.

But if these are a dozen girls who don’t need to do it by themselves, Lin Kai really doesn’t know what to do.

A casual glance at the group of people, Lin Kai looked at the surrounding furnishings: “I didn’t see it.”

“It’s okay, there’s more.”

A dozen women in different dresses came up.

There is no lack of courage to seduce him.

“Mr. Lin, people can take good care of you. Would you like to try it?”

Looking at her attractive body, Lin Kai quickly looked away.

He even wondered, is it not uncomfortable to walk with such a heavy object every day?

“Mr. Lin, just say what you want, and I promise to arrange it for you.”

Li Chengcheng is not giving up on the Yellow River.

He just couldn’t figure it out. How could a man see a group of charming women who were not moved?

“Will Lin Kai suffer from a hidden illness?”

Chapter 1131: Big Flicker

Chapter 1131

The sudden thoughts shocked Li Chengjia.

However, thinking of what Li Shengxian told himself before, it is impossible to come.

With the addition of an organization as large as Jiulongshan, is it not trivial to solve such a simple problem?

“Could it be...”

Li Chengjia glanced at Lin Kai weirdly, and sighed

However, he also understands that it is understandable for someone like him to want to play something new.

“What do you see me doing?”

Lin Kai got goosebumps when Li Chengjia saw him. He always felt that he had some bad ideas about himself.

However, there is a hidden god, and the possibility of them wanting to set themselves up is very small.

Besides, they have few abilities.

“Mr. Lin, wait a moment.”

Speaking of Li Chengjia waved his hand to let the elder come over, the two got together, muttering for a long time, and looking at him from time to time.

“Are you sure this is really possible?” The Grand Elder’s tone hesitated.

No matter how he looked at it, he didn’t think Lin Kai was such a person.

“You go quickly, it’s about the Li family, why don’t you have a try.”

Seeing Li Chengjia say this, the elder nodded, glanced at Lin Kai weirdly, and turned to leave.

They can be regarded as bewildering Lin Kaiji, and they have no idea what medicine they sell in the gourd.

After a while, Lin Kai wanted to turn around and leave when he saw a bunch of people with the great elder.

“Mr. Lin, if you don’t like women, men are fine.”

Looking at the handsome, scratching man below, Lin Kai turned his head and couldn’t bear to look straight.

“My business is not tight, Patriarch Li bothers.”

“Mr. Lin, you are welcome, your business is our business.”

“No need.” Lin Kai’s tone was a little cold.

Looking at the men below, I just feel sick.

With hands and feet, thinking of being a little boy.

Seeing Lin Kai had been staring at those men, Li Cheng’s family was just about to speak, and suddenly felt a chill in his back.

He realized it later that he seemed to have crossed the line this time.

What Lin Kai wants, that’s his problem, not something that can be forced.

After swallowing hard, Li Chengjia forced an awkward smile.

“Since you don’t like it, then forget about it.”

After a pause, Li Cheng’s family still couldn’t help but say, “If you need it, just ask me directly.”

“I have something to do, so don’t bother.”

Lin Kai felt bored.

Having just escaped Lin Qianqian’s big trouble, and now encountering Li Cheng’s family again, he deserves to be unlucky these two days?

“Why stay for a meal?”

Li Cheng’s family looked at him carefully, and after finally Lin Kai came, he naturally wanted to entertain him.

“Don’t bother.”

“Young man, I think your hall is dark, there will be a **** disaster.”

Lin Kai was taken aback when he heard the old man’s words, and couldn’t help but want to laugh.

Today’s fortune tellers are so foolish.

When the time comes, let’s talk about losing money and eliminating disasters.

Lin Kai didn’t believe in these things at all.

“Thank you old gentleman, but you don’t need to lose money and eliminate disasters!”

“You stop me!”

The old man grabbed Lin Kai’s shoulder and pulled him towards him.

Lin Kai was stunned for a moment, only to feel the huge washing power on his shoulders, making him unable to help back.

“This old man...”

Lin Kai turned around and slammed his shoulder back, but he felt as if he was stuck in cotton.

“The young man has a bit of skill.”

The old man laughed, and the whole person took a few steps backwards before stopping.

Rubbing his sore wrist, the look at Lin Kai changed.

“Young man, for the sake of your destiny, the old man will give you a free calculation.”

As he said, he took out a tortoise shell and a few coins from his tattered clothes pocket.

“Don’t worry about it.”

Lin Kai did not believe this kind of thing.

Lin Kai left without waiting for what the old man was saying.

Seeing them leaving behind, the old man shook his head straight: “Young people nowadays, they are really impatient.”

While talking, he shook the tortoise shell in his hand.

“Wow, wow,” the copper coins kept ringing.

Seeing where the copper coins were scattered on the ground, the old man nodded: “This hexagram is pretty good.”

Seeing Lin Kai, who was already far away, the old man picked up the copper coin carefully.

“Old man, I am not a fortune-teller.”

After speaking, he swaggered into Li’s house, the posture was the same as walking around his back garden.

“Sir, what is the identity of this old man?” Yinshen couldn’t help asking Lin Kai on the side.

They still couldn’t help but want to follow up to see what identity the old man was.

“I don’t know.” Lin Kai shook his head, frowning slightly.

This old man is not simple, it seems that the Li family hides a lot of secrets.

Lin Kai smiled at the corner of his mouth: “Let’s go.”

Little did they know that after they left, the old man who was still looking around in the back garden of Li’s house stopped and looked at the direction they were leaving for a long time.

“Tianshi Li, are you back?” Li Chengjia respectfully looked at the sloppy old man in front of him.

“What’s new in the East China Sea recently.” The old man changed his previous appearance, and he looked like an expert outside the world.

“Recently, the Lord from Jiulong Mountain came to Donghai, he...”

“People from Jiulong Mountain?”

Tianshi Li’s face couldn’t help but be a little ugly, and he also had a say in that organization.

Seeing this, Li Chengjia cautiously probed: “Do you know Li Tianshi?”

“How can I know that kind of big man, you go ahead.”

Chapter 1132: Verified

Chapter 1132

Li Chengjia glanced at him and continued talking.

After listening to his words, Li Tianshi sighed: “This East China Sea, the sky is about to change.”

When he said this, Li Cheng’s family quickly asked: “Tianshi, what should our Li family do?”

In other words, Li Cheng’s family naturally didn’t believe in these fortune-telling.

You are not the same as Li Tianshi, but with his help, the Li family survived several disasters.

If it weren’t for this, he wouldn’t have had such a lofty status in the Li family.

In addition, the whereabouts of the Heavenly Master Li is uncertain, and he may disappear when he is gone.

Having finally returned now, Li Cheng’s family will naturally not let this opportunity pass.

“Li Family.” Tianshi Li looked straight at the unpredictable sky and sighed.

“The key lies in your little son.”

“On Shengxian?” Li Chengjia frowned, and couldn’t figure out what he meant.

He wanted to continue to inquire about something, but Tianshi Li said that he should not be divulged, so he blocked him back.

“Don’t worry, as long as you make a good choice, the Li family will only go to the next level.”

After talking about Li Tianshi, he left, leaving Li Cheng’s family alone in place.

“Choose? How to choose?”

He couldn’t understand.

Should Li Shengxian inherit the Li family, or let him go?

Thinking of Lin Kai, Li Chengjia suddenly had an answer.

“I hope my choice is correct.” With a sigh, Li Chengjia left with his hands behind his back.

“Let’s go.”

Seeing them left, Lin Kai didn’t have to stay any longer.

After leaving, Lin Kai looked at the surrounding scenery without knowing what he was thinking.

The scorching sun makes people’s eyes hurt.

Lin Kai squinted and looked into the distance: “Yin Shen, go to Wang’s house.”

“Yes.”

The Wang’s Villa was not far from here, so Lin Kai walked over.

Halfway through, the roar from behind attracted Lin Kai’s attention.

The two had just stopped when a harsh brake sound came.

“Church, venting with eyes long?”

A punk-dressed man came over cursingly.

“Speaking of you two, are you blind?”

“Have your eyes grown to the back of your head?” Lin Kai frowned and looked at him: “This wide road is not enough for you to walk?”

Lin Kai didn’t bother to pay attention to him, and was about to leave.

It’s just a spoiled child, nothing to worry about.

“Do you know how to speak especially coded!”

Talking about Wang Wei’s hand, he grabbed Lin Kai’s shoulder, but he turned around and avoided him.

“roll.”

Lin Kai stared at him coldly, unwilling to pay attention to him.

“Do you dare to scold me?” Wang Wei wiped his nose with a dull look: “Do you know who I am? You a pariah, what right do you have to talk to me?”

“Hurry up and apologize to me, or don’t blame me for being impolite, I will tell you...”

Lin Kai was too lazy to listen to his nonsense and turned and left.

After Wang Wei finally finished speaking, he turned his head and saw that Lin Kai and the others had been out for a while.

“You guys stand up for me!”

Speaking, Wang Wei rushed to them directly, but a dog ate **** and fell directly in front of Lin Kai.

“Ahhhhhhh! My nose!”

A pig-killing voice sounded, Wang Wei clutched Cyclonus Blood’s nose, tears came out.

Looking at the blood sprayed on his body, without knowing why, Lin Kai suddenly thought of what Tianshi Li said.

Saying he had a **** disaster today, looking at the blood on his body, this is more or less true.

“You are just a runny nose, not dead.”

“Shut up for the labor and management!” Wang Wei pointed at him angrily: “Do you know how much food I have to eat to make up for the blood?”

Hearing this, Lin Kai didn’t know how to answer.

Taking a look at Wang Wei who was still crying and howling, Lin Kai felt that he had better leave as soon as possible so that he would not be infected.

When Lin Kai arrived at Wang’s house, Wang Kang was already waiting for him.

“Mr. Lin, you are here.”

“Call me this time, what’s the matter?”

“Leiyuan Group branch manager, I will come to Donghai tomorrow, I will take you to see him when that time comes, but...”

Wang Kang glanced at him and said, "I hope you don't kill him. How do I entertain this person, what if something goes wrong?"

"Don't worry, naturally you won't be involved in the Wang family."

Lin Kai will not harm them when others make it easy for him.

Seeing his promise, Wang Kang's heart was also let go.

Seeing Wang Kang looking up at himself from time to time but not speaking, Lin Kai was a little confused for a moment: "What else is there?"

With a sigh, Wang Kang was a little embarrassed: "In fact, this time I am calling you, besides Leiyuan Group who wants to come, there is one more thing I want to ask you for help."

This incident had nothing to do with Lin Kai. If he did it by himself, he would take advantage of him.

"I also have a young son. I want you to send him abroad. Apart from Wang Long, it can be regarded as a root for the Wang family."

After speaking, Wang Kang breathed a sigh of relief, but she did not regret it.

To be honest, when he said this, he undoubtedly didn't believe in Lin Kai's strength or that he could protect Wang Long.

But he really didn't dare to gamble. Once he lost, the Wang family faced too much risk.

Now that there is a way to preserve the inheritance of the Wang family, he has to try.

"You let him come back, and I will arrange for him to leave tomorrow."

This kind of thing is a small problem for Lin Kai.

As for Wang Kang's worries about whether he will be angry, this does not exist.

It is normal for him to do this.

"Really?" Wang Kang couldn't help himself with excitement for a while.

It took him a while to calm down.

"Mr. Lin, it happens that my youngest son is coming back. Why not stay and have a light meal?"

“Then bother.”

“Don’t disturb, don’t disturb.” Wang Kang quickly ordered people to prepare meals.

I must take this opportunity to let my son have a good relationship with Lin Kai, which will benefit their Wang family without any harm.

In fact, Lin Kai also knew Wang Kang’s thoughts.

But let him do it, just don’t cause trouble for yourself.

“Mr. Lin, my two sons are really worthless. If you have one tenth of you, I will be satisfied.”

Listening to Wang Kang constantly talking to himself, Lin Kai suddenly regretted his decision.

Wang Long on the side, looking at his father, only felt a little embarrassed.

When Wang Wei returned home, he saw Lin Kai sitting in his dining room, his aloft father, smiling aside, smiling like a chrysanthemum in winter.

“Why the **** are you here?”

Wang Wei pointed to Lin Kai and asked his father, “Why is he in our house?”

“He caused my nosebleed!”

“shut up!”

Seeing the unanimous father and eldest brother, Wang Wei was stunned and didn’t know what was going on.

“Why can’t I talk about him?”

Chapter 1133: Recognize You As The Big Brother

Chapter 1133: Recognizing You as Big Brother

“You rebel, shut up!” Wang Kang almost didn’t come up in a breath.

What evil did he do!

Why are my own sons not so good at one or two.!

Is this eye decoration?

Can't you see how respectful his attitude towards Lin Kai is?

Looking at Wang Kang, who was blushing and with a thick neck, Wang Wei was hit **** the head by Wang Long before he knew what was going on.

"Go and apologize to Brother Lin!"

"You asked me to apologize to him!" Wang Wei seemed to have heard something incredible: "What a joke, it's impossible!"

"Kneel down!"

"thump."

Wang Long and Wang Wei knelt down without hesitation.

Looking at Lin Kai's eyes aside, Wang Wei gave him a fierce look.

It was because of him that his father punished himself.

There is also a nosebleed that caused him before, so I must not let him go easily!

"This wicked child, why did I give birth to such an unbelievable thing like you!"

Looking at his eyes, Wang Kang only felt the pain in his heart.

Looking at his father's eyes, Wang Wei was a little disdainful.

I don't think Lin Kai is a second-generation ancestor with status, and so is himself.

"Don't think about how good you are. I tell you, if it weren't for my father's face, I wouldn't be talking to you."

Said he snorted heavily, and the one sitting on the side looked unwilling to talk to Lin Kai.

His words made Lin Kai want to laugh.

This Wang Kang is also a wise man. How to give birth to sons, one by one is indifferent.

"Don't say it, they all learned it from their mother."

Wang Kang also felt helpless. Originally, he wanted to teach well, but his wife was biased, so he was helpless.

“Mr. Lin, although my little son doesn’t care about it, I still trouble you.”

Before Lin Kai could speak, Wang Wei quit.

“Dad, what do you mean?”

Wang Wei couldn’t wait to jump three feet high: “Why give me to him?”

“What can he do? I can’t do it at home?”

“I’m telling you, I won’t listen to you, you still have to die.”

“Otherwise, you will be my little brother, and I will forgive you.”

...

Wang Wei’s mouth was like a machine gun, and he kept talking.

Lin Kai wanted to laugh at the sidelines, but Wang Kang was also an entrepreneur.

As a result, one of these two sons was more like a gangster than the other.

“Mr. Lin, please do it yourself.”

Wang Kang couldn’t bear to look directly at his little son.

His fame in this life is completely ruined by his own son today.

Upon hearing this, Wang Wei’s voice instantly rose by eight degrees: “Dad, you let him hit me!”

He looked at Lin Kai and slowly shook his head: “I’ll beat you up and cry for a while, don’t ask my dad to complain.”

“I hope you can do what you say.”

Without waiting for Wang Wei to react, Lin Kai exerted force under his feet and rushed to him in an instant, with his knees facing his stomach, and he went down.

Wang Wei resisted in a hurry, but Lin Kai’s strength was surprisingly strong.

Even though he resisted Lin Kai's knees, before he could cheer, Lin Kai grabbed his shoulders and threw it out fiercely.

"Are you going to continue?" Lin Kai looked at Wang Wei condescendingly.

After being smashed, he couldn't stand up anymore. Wang Wei still didn't forget to say something cruel: "You and I are waiting. I was not ready just now, Xiaoye.

"Then wait for you to get ready."

"Wait!"

Wang Wei wanted to stand up, but after standing up several times, he couldn't stand up.

"You wait for me!" At this time, he still didn't forget to say harshly: "Brother, please help me up and kill that turtle grandson."

Regarding Wang Wei's words, Wang Long seemed to have not heard him, and looked at the scenery outside the window for himself, without paying any attention to him.

This made Wang Wei so angry that he sat there and scolded Wang Long for disregard of brotherhood.

Wang Kang laughed at Lin, with an embarrassed look: "Mr. Lin, don't be surprised, my little son has always been like this."

He felt embarrassed. It was really embarrassing to get home.

Finally, Wang Wei got up, and before he could touch Lin Kai, he was kicked out again.

"Do you want to continue?"

"You wait for the little master, that's because I'm in bad condition!"

Lin Kai didn't do anything else that afternoon, so he waited for Wang Wei to get up, and then kicked him.

In the end, Lin Kai felt a little impatient, and Wang Wei insisted on getting up like a Xiaoqiang who couldn't be killed.

Seeing Wang Wei with a bruised nose and swollen face, he couldn't bear to look straight.

"You can't beat me."

“You fart!” Wang Wei swayed over while holding on to the wall, “I am the second in the world.”

“Who is the first in the world?”

“Naturally it’s you, big brother.”

Said Wang Wei directly jumped over and hugged his thigh: “Brother, please accept me as a little brother.”

The sudden turning point made all the people present a little off guard.

According to normal development, shouldn’t he get up and be knocked down by Lin Kai?

“Big brother, let me tell you, I’m great, I can protect you, you can accept me!”

Hearing these words, Wang Kang only felt blushing.

Lin Kai is so powerful, where is his protection?

“Hurry up and shut up!” Wang Kang quickly pulled Wang Wei away.

“I have something to do, so I will leave first.”

Lin Kai felt that if he stayed here, he might not know what would happen.

“Brother, don’t go, don’t leave me!” Wang Wei cried and shouted that he was going to Baolin to open his thigh. Wang Kang and Wang Long couldn’t hold it.

“Mr. Lin, go quickly.”

Needless to say by Wang Kangduo, Lin Kai had already left with Yinshen.

Lin Kai stopped after walking a long distance.

Looking at Lin Kai, who was feeling lingering, Yinshen couldn’t help laughing.

Lin Kai yelled angrily: “Shut up!”

What a shame, one day Lin Kai was so frightened by a little boy.

If this spread out, wouldn’t it make people laugh out loud.

But this can’t be blamed on him, it is really that Wang Wei’s actions are too scary.

At that time, Lin Kai felt that Wang Wei and Lin Qianqian came out of the same model.

“Immediately arrange for someone to send Wang Wei away.”

He didn't want to be hugged by a man when he went to Wang's house.

At this time in the Wang Family Mansion, watching Wang Wei Le Youyou eating, Wang Kang glared at him with a beard.

“You still have the face to feed me!”

“You have no face!”

Wang Wei looked indifferent: “Your Mr. Lin is not very good, you don't think I was scared away.”

“Tomorrow you will leave me abroad!”

“Impossible!” Wang Wei stared at them with red eyes: “Don't think we don't know what's going on, tell you not to think about it!”

Of course he knew why they wanted Lin to come over, just to make a living for him.

But he doesn't need it!

He is a dignified man, where does his father and brother need to make sacrifices?

“You rebellious son, do you want to **** me off!” Wang Kang clutched his chest and fell on the sofa panting.

Chapter 1134: Are You Arrogant Too?

Chapter 1134 Are You Worthy Of Arrogance?

“Dad, are you okay!”

Wang Long and Wang Wei rushed over in fright.

Wang Kang waved his hand weakly, unwilling to say anything more.

“Dad, I really don't want to go abroad, I can protect myself!”

“Shut up for me!” Wang Kang clutched his chest, wishing to teach him severely!

How could he not realize that his son was so stubborn before?

Does he want to send him away?

But Leiyuan Group can't afford to offend him at all!

What if there is a big Buddha like Lin Kai?

He has Jiulong Mountain as his backer, but what about them?

Even if Lin Kai said he would protect them, Wang Kang didn't believe it in his heart.

While there is still a chance, he naturally has to do everything possible to find a way out for them.

Looking at the pale-faced Wang Kang and the brothers Wang Long and Wang Wei, they didn't know what to say for a while.

"Dad, we have grown up."

"Shut up!" Wang Kang glared at Wang Wei fiercely, closing his eyes and reluctant to pay attention to them.

Wang Long didn't bother to look at Wang Wei, and he helped Wang Kang upstairs cautiously.

Only left Wang Wei alone, standing in place a little at a loss.

Lin Kai didn't know the situation of the Wang family, and he was not interested.

Squinting his eyes and watching the running in front of him, he felt that the visitors were not good.

The man saw it deliberately. He drove the car wherever Lin Drive went.

He obviously didn't want Lin Kai to leave.

"Excuse me, what's the matter?" Lin Kai asked politely.

He didn't want to make trouble, but only if he didn't make trouble.

"It's okay." A head stuck out from the car window: "I'm just being bored and having some fun."

Hearing what he said, Lin Kai frowned, said nothing, and was about to go around, but he was blocked by him.

“Did I let you go?” The man dangled a cigarette and walked in front of Lin Kai one step at a time.

“Boy, I heard you are arrogant.”

The man said, spitting at Lin Kai.

“If you want to go there, you can give me this sputum on the ground.”

The man looks like “I am very kind”.

“roll.”

“You can say it again to the labor and management!”

The man stared at Lin Kai, as if he had done something heinous.

“What is arrogant in front of your grandpa?”

“Do you know who I am? Say it and scare you to death!”

“If you are acquainted, just do what I say, don’t let me do it, it won’t look good then!”

“What are you?” Lin Kai looked at him blankly with a cold face.

What a cat or a dog, you can bark in front of him.

“What are you talking about?” The man stepped forward and pointed at Lin Kai with a fierce expression: “Give you a face? Can the special code speak?”

The man looked angrily, as if Lin Kai had done something heinous.

“Boy, don’t be too crazy, do you know who I am, grandpa?”

“I’m your grandpa.”

“You are really looking for death!”

Speaking, the man waved his fist and charged towards Lin Kai.

The big sandbag fist rushed towards Lin Kai’s cheek with a cracking sound.

The fist in front of him was about to reach his face, and Lin Kai easily grabbed the man's fist.

Before he could react, he grabbed his arm and pulled forward, slamming his shoulder against his chest.

"hiss."

The man was knocked back a few steps to stabilize his figure.

He clutched his aching left shoulder, grinning with pain.

"You're pretty good at it."

While rubbing his shoulders, the man stared at Lin Kai walking back and forth, trying to find Lin Kai's flaws.

"go to hell!"

Suddenly the man took out a switchblade from his pocket and thrust it into Lin Kai's back.

At such a close distance, he didn't believe Lin Kai could hide it.

He is bound to win.

When he saw Lin Kai on the road, he didn't know how happy he was.

I finally turned around with time and had a chance to perform.

As long as you kill him, Brother Shao will definitely reward him.

Thinking that he could successfully enter Shao Xin's circle, he couldn't help being excited.

I didn't expect Lin Kai to be quite capable.

But today, he must die!

Looking at Lin Kai with a grinning grin, the whole person was extremely excited.

But the moment the switchblade was about to plunge into Lin Kai's body, he suddenly stopped moving.

No matter how hard the man tried, the switchblade remained motionless.

As if there was something in front of it, the switchblade was tightly wrapped inside.

“what are you doing!”

The man gritted his teeth and used all his strength for breastfeeding, but it didn't work at all.

“Do you want to continue?”

Lin Kai smiled and looked at him: “I have no grievances against you, why did you do it to me?”

In fact, Lin happily wondered if it was someone sent by Lin Yuan?

But he denied this idea in an instant.

If Lin Yuan sent someone to kill him, he wouldn't let this waste come.

Then the rest is that he offended the person in the East China Sea.

“Bah, I won't tell you, you rubbish!” The man still looks like that, as if Lin Kai is his father-killer enemy.

“I'm rubbish, what are you?”

“You deserve to be arrogant in front of me?”

Lin Kai gently grabbed his face, slammed his head, and smashed it to the ground.

There was a “bang”, loud noise.

Unknowingly thought it was a flat tire.

Looking at the ground gradually being stained red with blood, Lin Kai felt a little disgusted.

“It's really troublesome.” Lin Kai was helpless. He just wanted to know about Leiyuan Group. As for anything else, he was not interested.

But there are some people who are looking for trouble like being blind.

“Check whose person.”

His unwillingness to cause trouble does not mean he is afraid.

He's been bullied, so how can he stay still?

"Yes."

Yinshen moved the corpse quickly, and disappeared instantly.

"Come out."

Lin Kai looked at the big tree not far away, took out his mobile phone from his arms, and flipped through the messages indifferently.

"Are you sure you can't come out?"

Lin Kai looked behind the big tree with a smile.

"I...that me...you won't kill me."

Lin Kai froze for a moment, then chuckled, "I'm not a murderer."

"Really?" The voice was timid, for fear that he would be killed by Lin Kai accidentally.

After waiting for a few minutes, an eight or nine-year-old girl took a careful look at Lin Kai and then quickly retracted her head.

After a while, seeing that Lin Kai really didn't mean to kill himself, he walked out slowly.

"Brother, you really won't... won't you kill me?"

She glanced at the blood that hadn't dried up beside her, and her body shrank visibly.

"Naturally not."

Lin Kai walked over, rubbing her head gently.

Chapter 1135: Bully

Chapter 1135

"Thank you, brother." The little girl looked at Lin Kai with big bright eyes.

The little girl's pure and flawless eyes made Lin Kai's heart soft when she saw it.

"Hey, don't be afraid, it's all over." Lin Kai touched the little girl's head, the initial softness felt very comfortable.

: The little girl squinted comfortably at Lin Kai. Looking at this beautiful brother, she felt very happy.

“Brother, have you eaten yet?”

The sweet voice of the little girl made Lin Kai stunned for a moment, and then smiled.

“Brother is going home, you behave yourself.” Lin Kai was about to leave as he said, but was caught by the little girl.

“Brother, can you go to my house for dinner?”

Seeing the little girl’s fluttering eyelashes, Lin Kai was stunned for a moment, and then felt a little chill in his heart.

Invite him to dinner for no reason?

It’s probably a conspiracy.

However, Lin Kai smiled and nodded: “Of course it can, but would your parents mind?”

Now that he said so, he naturally wanted to see what the little girl was going to do.

“They won’t mind.” The little girl lowered her head, her toes kept sliding back and forth on the ground: “My brother is beautiful, I want to have such a beautiful brother.”

Although it is not clear why this little girl invited herself to dinner for no reason.

Lin Kai couldn’t help but laugh, the child’s words were still very interesting.

After pulling Lin away for some distance, the little girl stopped suddenly: “Brother, aren’t your friends coming together?”

The friend in her mouth was naturally talking about Yinshen.

Looking at the hidden **** next to him, Lin Kai lied without flushing and heartbeat: “He has something to do and left.”

“That’s it.”

For some reason, Lin Kai always felt that the little girl’s tone was a little lost.

After walking with the little girl for a long time, I saw her house halfway up the mountain.

The little girl who was far away pointed at the two black shadows and shouted: “Dad, Mom, I’m back.”

The little girl pulled Lin Kai, talking about the rugged trail, and trot home.

“Mom.” The little girl threw herself into the arms of a woman in her forties, and smiled like a baby.

“You, come down.” The woman smiled and played with him.

It was the little girl’s father who looked at Lin Kai and scratched his head in embarrassment.

As soon as I was about to stretch out my hand, I quickly retracted and wiped the top of the clothes: “Sir, I’m sorry. My girl likes long and beautiful ones, I’m really sorry.”

Looking at the middle-aged man who kept bending over to apologize to himself, Lin Kai suddenly felt that this family was very happy.

“It’s okay, Yaya said she wanted to invite me to dinner.”

“This...” The woman looked at Lin Kai, a little embarrassed: “We are nothing good, if you don’t dislike it, you can stay and have a meal.”

“Naturally not.”

Seeing Lin Kai’s promise, the husband and wife stopped working, and greeted him quickly to let him go home.

Soon the scent of the food came out, and the little girl introduced it to Lin Kai by twitter.

“Sir, come and eat.” The woman looked at Lin Kai embarrassedly.

Lin Kai felt hungry when he looked at the delicious food on the table.

“Then I’m welcome.”

As soon as Lin Kai stood up, he was interrupted by an arrogant voice.

“Oh, did you know that my uncle is coming? Are you ready in advance?”

A man with a dragon tattooed on his body, a five-year-old man with a few big brothers, came over with a smile.

See what’s on the table, just sit down and eat.

“Pooh.”

The bald man slapped the table and glared at them fiercely: “This is what the **** is made of human food? Do you want to die!”

As he said, he kicked the woman down.

But before he touched the woman, he was kicked away by Lin Kai.

“Fuck.”

The bald man fell directly to the ground and did not get up for a long time.

“Who is your favorite?” After being helped by his younger brother, the bald man stared at Lin Kai viciously.

“Brother Lei, this is a relative in the family. This is the first time I came here, I hope you don’t mind.”

The man pulled the bald man aside and gave him money.

“Brother Lei, you can use this little money to buy cigarettes. When we sell these vegetables, we will give you the money immediately.”

Looking at the man’s simple and honest face, Brother Lei snorted and took the money away: “Tell you, you won’t see any money again at the end of this month, you girl, don’t blame me for selling it.”

“If you know she is like this, I don’t know how many big people like it.”

“This also saves you from paying back the labor and capital money to treat her.”

As soon as he said this, the woman took the little girl to kneel down for him, and kowtowed to him “Bang Bang Bang”: “Brother Lei, please, don’t take Yaya away.”

“That’s not what you said, forget it.”

Lei Ge Da Ma Jindao sat on the side chair: “Don’t give me special nonsense, hurry up, I won’t pay the interest today, it won’t work.”

As he said, the man directly pulled the little girl in the woman’s hand and hugged it on his lap.

“Don’t tell me, this little girl is very comfortable to hug it up!”

“Ah, you let me go!” Yaya struggled in Lei Ge’s arms in fear.

“It’s a mess, shameless things!”

As he spoke, he slapped Yaya’s face directly, and a slap print appeared instantly.

“Brother Lei, please, return Yaya to me. We will find a way for the money.”

The couple knelt on the ground and kept kowtow.

Brother Lei seemed unmoved as if he hadn’t seen it.

“You tell me, this fine skin and tender meat can be a lot of money.”

“You let me go, let me go!”

“Let go of her.” Lin Kai stared at Brother Lei indifferently.

Originally, he didn’t plan to be nosy, but seeing the little girl made him feel soft.

“What are you?”

Brother Lei “pooh” spit out, and threw the little girl to the side.

“I haven’t settled the account with you just now, but you were sent to the door. Since I want to die, I will fulfill you!”

Talking that Brother Lei fired up the bench beside him, and slammed his head against Lin Kai.

The middle-aged couple who were kneeling on the ground struggled to stand up and hugged Brother Lei tightly.

“You run, the farther you go, the better.”

“His grandma, call me!”

Those men rushed over and punched and kicked the couple.

“Hurry up.”

“Either die or let them go!”

“Hahaha, I thought your grandpa was really scared!”

Before Brother Lei was happy, Lin Kai pinched his neck and lifted him up.

“You...” Brother Lei held Lin Kai’s hand tightly, trying to let him go.

Lin Kai’s hands were like steel, holding him tightly.

“Let go... Let go...” Brother Lei looked at the younger brother behind him and asked them to save himself as soon as possible.

Chapter 1136: Sorry

Chapter 1136

Seeing that Brother Lei was caught, the younger brothers didn’t care about the couple,
and rushed over.

“The grass, let go of Brother Lei!”

“Brothers, kill him, just move Brother Lei.”

...

The group of people, carrying a bunch of things, rushed over.

Looking at the younger brother who rushed over, Brother Lei beamed with joy.

As long as Lin Kai dared to let go of himself, he would definitely make him look good!

His grandmother, he grew up so old, he hadn’t been treated like this before.

Unexpectedly, Lin Kai picked him up and swept over directly. The younger brothers didn't expect him to do this. They couldn't stop the car for a while and fell directly to the ground.

"You..." Brother Lei's complexion flushed, he only felt breathing difficulties, and his chest hurt.

Without waiting for those little brothers to do anything, Yaya's father rubbed his hands, a face full of anxiety: "Sir, you should let them go and run quickly."

"Their identities are not simple. Go away. We all blame you for harming you."

Yaya's father's face was full of guilt, and Yaya cried out with a "wow", and kept saying sorry.

Seeing them like this, Lin Kai only felt heavy in his heart.

Of course he can leave, but what about their family of three?

They can't afford to offend these people at all, even if they are taugth now.

When he is gone, they will come back.

What should they do when the time comes?

"Don't worry, I will be fine." Lin Kai threw Brother Lei to the ground and stepped on his back.

"Let's talk about who you are."

Since this matter has caused a big trouble because of myself, it is necessary to solve it
for them.

As long as the person above them is gone, everything is resolved.

Brother Lei coughed a few times and quickly got up from the ground.

Covering his throat, his voice was a little hoarse: "Now you know to ask me? I tell you,
it's late."

"Dogday's stuff, even your brother Lei dare to provoke!"

Isn't it just a capable idiot, thinking that he is somewhat capable.

"I'm telling you, do you know Donghai's home?" Lei Ge held his head high, with a proud
look: "If you know you, please kneel down and apologize, or hum, just wait for death."

"Anjia?" Lin Kai frowned for a while and asked, "An?"

"It seems that you still have self-knowledge, so hurry up and kneel down and give your
grandpa a few knocks."

"Maybe, when I am happy, I will let you go."

"Knock your head for you?" Lin Kai sneered, let alone an An, even Li Cheng's family
didn't dare to kneel and kowtow to him.

"Hurry up, grandpa is waiting for you!" Brother Lei tilted Erlang's legs, looking
seductively.

“Then you just wait for it!”

Speaking of Lin Kai, he punched him directly and flew out.

The whole person is lying on the ground, arched, unable to get up for a long time.

“Fuck your uncle.” Brother Lei grinned in pain.

The little brother on the side saw it, glanced at each other, and rushed towards Lin Kai.

“Dare to move Brother Lei, I am really impatient!”

“Kill him, let him see how good we are!”

“Big brother, run away!” Yaya desperately pulled Lin Kai back, but the gap was too big,
she couldn't pull it at all.

“Big brother, what are you doing in a daze!” She was so anxious that her face flushed
red.

“Good, it's okay.” Lin Kai guarded Yaya behind him, looking at them with cold eyes.

“It's really troublesome.”

Lin Kai flexed his muscles, his feet vigorously rushed towards the group of people.

Grabbing the leader's arm, facing his chest, is an elbow.

Without waiting for him to scream, he kicked him directly, and even the few people behind were pressed under him.

“Continue?” Lin Kai sat directly on the top person.

Suddenly adding a person’s weight, the bottom person almost fainted.

“You kid, wait for me, I won’t let you go!”

Saying that Brother Lei dropped his group of little brothers, ready to run without looking back.

“Big brother, let them go!”

Yaya looked at Lin Kai timidly: “An Jia is very powerful, not to be offended.”

“Wait here!”

Lin Kai left a word, and chased him in the direction Lei had left.

“Grass, brat, grandpa originally wanted to keep you alive, since you don’t cherish it so much, don’t blame me.”

Speaking, Brother Lei turned his head and looked at Lin Kai, a dark and deep thing aimed at Lin Kai.

“It only takes a moment and you are dead! Hahahaha.”

Looking at the things in his hands, Lin Kai felt a little funny.

“Are you sure?”

“You can try!” Lei brother said, ready to do it.

But before he dialed it down, he felt that there was something cold on his neck.

He froze and did not dare to move. He glanced down slightly, and saw a dagger exuding cold light against his neck.

“This...what’s going on!”

The dagger seemed to suddenly appear in front of him, which was beyond his understanding.

The look in Lin Kai’s eyes also became horrified.

Had it not been for the dagger around his neck, when Lin Kai walked towards him, Lei would have ran away.

“You, you...you don’t come over, don’t come over!” Lei brother looked at him, his body was trembling constantly, his clothes were already soaked in sweat.

“I will harass them later, don’t blame me for being rude!”

“Go back and tell An, if you have any problems, call me Lin Kai!”

Lin Kai just kicked him out.

Falling to the ground, Lei Ge quickly knelt to apologize: “Yes, yes, remember the little one, and never dare to do it next time.”

After seeing Lin Kai left, he ran away without looking back.

After Lin Kai came back, Yaya threw himself into his arms and cried loudly: “Brother, I’m sorry, it’s all Yaya’s fault.”

“Hey, they dare not come.” Lin Kai froze, moving softly to comfort Yaya.

“No brother, hiccup, yes... hiccup.”

Yaya cried and hiccups, and couldn’t say a complete sentence intermittently.

“Don’t worry, take your time.”

Yinshen looked at Lin Kai softly coaxing Yaya, suddenly felt that he might be a daughter slave.

Finally, Yaya stopped crying and retreated from Lin Kai’s arms.

“Big brother, I actually invited you to my house on purpose.”

Yaya lowered her head and kept holding her fingers, afraid to look at him.

“I saw you killed that person, that person is very powerful.”

“But brother, you are not afraid, I just want my brother to solve the group of people.”

“They are all bad guys!”

Yaya clenched her fists tightly, her face was full of hatred: “They cheated mom and dad a lot of money and beat them, they **** it!”

Yaya gradually lowered her voice: “Brother, I didn’t expect to hurt you like this.”

“Punish Yaya as you like.”

Chapter 1137: Cooperation

Chapter 1137

Yaya’s parents were shocked when they heard what Yaya said.

In their hearts, she has always been a well-behaved and sensible woman.

Today’s scene completely exceeded their expectations.

“Yah, how can you do such a thing!”

She said that her mother slapped her in the face, but if Lin Kai hadn’t stopped him, she would have no idea what the slap would look like.

“Sir, I’m so sorry, I blame us for not teaching the children well.”

The couple kept apologizing to Lin Kai, and their backs became more and more curved due to guilt.

“Don’t worry, we will find Anjia to admit our mistakes, and we...try not to let them trouble you.”

In fact, they also know that Anjia will not listen to them, no matter what they say.

But what can they do?

The duty is for a lifetime, but I didn’t expect my daughter almost killed someone else.

Looking at this family of three, Lin Kai couldn’t help but smile.

“Good boy, brother is not afraid of them.”

Lin Kai said with a smile, “They dare not come to trouble Yaya anymore, but Yaya can’t do this in the future.”

“Really?” Yaya raised her head, staring at him incredulously.

Anjia knows it too. If they knew these people were so powerful, she wouldn’t do it.

“of course it’s true.”

“that is really good.”

With a cheer, Yaya lowered her head a little embarrassed: “Brother, Yaya won’t dare anymore.”

“Sir, we know you are here to comfort Yaya, don’t worry, we won’t...”

Before they finished speaking, Lin Kai interrupted them.

“If they come to trouble again, let them find me.”

“How can this work, this is definitely not good!”

The husband and wife hurriedly refused to leave Lin Kai so miserable, they dare to take advantage of it.

“Just treat it as money for meals.”

“You’re not kidding me.” The couple looked at Lin Kai: “They are all grown by their own family. They are not worth a lot of money. If you like it, bring it to you.”

Looking at the gratitude of a family of three, Lin Kai suddenly felt warm.

If it wasn’t for Li Shengxian to find something to do with him, he would still be willing to stay here.

Even when he walked far away, Lin Kai could still see that the family of three waved goodbye to him.

On the top of the mountain, the house they lived in was shrouded in clouds and mist, and with the lush green trees, it looked like a fairyland on earth.

“They’re good too.”

“Sir too.”

“I can too?”

Lin Kai laughed a little bit self-deprecatingly, he has time there.

If Lin Yuan is not resolved, his heart will not let go.

“just forget it.”

Leaving a word, Lin Kai turned and left.

When he got home, Li Shengxian and Wang Fang sat in the living room waiting for him.

Seeing him back, Li Shengxian greeted him quickly and said in a low voice: “She wants to cooperate with us to kill Li Haoxian.”

Lin Kai nodded, leaning on the sofa with Erlang’s legs tilted.

“Speak, what can I do?”

Wang Fang clenched his fists tightly, gritted his teeth: “I want to kill Li Haoxian!”

After the incident happened when she was sleeping with Li Longxian, the Li family turned the story lightly.

But they don’t care, but what about Lee Ho-hyun?

Obviously he asked himself to do this, but in the end he said she was ridiculous?

If it’s just like this, he still wants to find someone to kill her and Li Longxian!

Since he is unkind, don’t blame yourself for being unrighteous!

Looking at Wang Fang controlled by hatred, Lin Kai didn’t react at all.

This made Wang Fang confused for a while, and he didn’t dare to speak for a while as to what he was thinking.

“How do you want to work with us?”

“I have a lot of evidence for Li Haoxian, as long as there are these things, it will be easy to bring him down.”

“give me.”

The two understatement directly stunned Wang Fang.

After a while, she patted the table and leaned forward to look at Lin Kai: "What do you think you are? Who do you call?"

"I tell you, apart from you, I am more of a cooperation!"

"Please."

"you!"

Wang Fang didn't expect Lin Meeting to have such an attitude, pointing at him for a long time and couldn't say a word.

After a long time, he fell heavily and sat back on his chair: "Some evidence is still in Li's house. I can give you some first."

"After taking down Li Haoxian, give me 50 million!"

"Deal."

Seeing Lin Kai's so readily promised, Wang Fang suddenly regretted it, wondering if he was going to be less.

But all the promises were agreed, and there was no way to change it.

Moreover, if she cooperates with other people, it is estimated that there will be no more than 50 million.

"This is a cooperation that Li Haoxian accepted before I left the Li family. However, he surreptitiously changed the day and said that the cooperation was not successful. In fact, he asked his private company to take it."

Wang Fang said, took out seven or eight folders.

"This is my sincerity, although you can't let him die by eating these."

"But you use it well, so that Li Cheng's family and his family gradually dislike him, it is still possible."

"Finally, you solved him with no effort."

Listening to Wang Fang's words, Li Shengxian shivered abruptly.

He suddenly felt that no matter what, you must not provoke a woman, otherwise you don't even know how you died.

"I have said everything that should be said, so I won't bother."

Wang Fang didn't bother to talk nonsense with them, picked up his bag, twisted his waist and left.

As soon as she left, Li Shengxian and Lin Chen approached Lin Kai: "Brother Lin, do you think this is reliable?"

To be honest, he still somewhat distrusted Wang Fang.

His sister-in-law is not a simple role.

When I was in Li's house, I didn't know how many times she had been framed by her.

This is really a snake bite once, ten years afraid of well rope.

"The fake has to become real."

Lin Kai's words are full of confidence, it doesn't matter whether they are true or not, just use them.

Li Shengxian looked at Lin Kai in admiration, feeling too powerful.

"You stay away from me." Lin Kai pushed Li Shengxian's head away, almost touching his face.

"By the way, Brother Lin, Wang Long just came over and sent you an invitation."

Said Li Shengxian went to the table, took it and handed it to Lin Kai.

"Shall we go together?"

Thinking of what Wang Kang said to himself before, and seeing Li Shengxian's eyesight, Lin Kai nodded.

"Brother Lin, do you know Huang Tianshi?"

"what happened?"

"My dad called me suddenly and said that Heavenly Master Huang wanted to see you."

Li Shengxian looked at him with some doubts: "To be honest, this is the first time that Tianshi Huang has spoken to my dad actively after he came back."

Lin Kai shook his head amusedly when thinking of the old and rude man.

That's a big flicker, maybe there is something, I want to help myself.

"I see, I will go the day after tomorrow."

"Brother Lin, you know Tianshi Huang."

Li Shengxian looked admiring: "You don't know how powerful Huang Tianshi is, but sometimes my dad listens to him."

"And..."

Speaking of Huang Tianshi, Li Shengxian looked like a little fan with his eyes shining.

"Brother Lin, let me tell you. Brother Lin, don't go." Li Shengxian followed Lin Kai's **** closely.

Chapter 1138: Are You Worthy To Talk To Me?

Chapter 1138 Are You Worthy To Talk To Me?

"You shut up!" Lin Kai glared at him fiercely and turned to leave.

Speaking of Huang Tianshi, his mouth is like a machine gun, and he has never heard of it.

Thinking about the Huang Tianshi he knows again, Lin Kaiyu feels that this old man is very good at fooling people.

Looking at the confinement door, Li Shengxian scratched his nose and went down angrily.

He decided that tomorrow he must tell Lin Kai about the power of Huang Tianshi.

If Lin Kai knew what he thought, he could not wait to leave overnight.

Sure enough, as soon as Lin Kai left the room early the next morning, he was blocked by Li Shengxian.

“What’s the matter.”

Lin Kai stretched out, looking at the good weather outside the window, he felt much better.

“Brother Lin, when you see Tianshi Huang, can you take me with you?”

“Tianshi Huang is my idol, don’t you know him...”

“roll!”

Lin Kai wanted to kick him down.

Yinshen looked at Li Shengxian, who was behind Lin Kai’s ass, just like a bot, couldn’t help laughing.

Finally, when it was time for the banquet, Lin Kai took a black suit and left.

“Brother Lin, wait for me.”

When Li Shengxian ran out, he saw a car bottom.

Helpless, he had to drive there by himself.

When he arrived at the banquet, Lin Kai was waiting for him at the door.

“Brother Lin.”

“go in.”

Saying that the two of them took the invitation and prepared to go in.

As a result, as soon as he gave the invitation card to the waiter, he was stopped.

“I said there is only one place on this invitation, do you want two people to go in?”

A man with a big back pulled the invitation card directly from the waiter and threw it on the ground without even looking.

“If you want to go in, just beg me, or get out of here!”

I know that Lin Kai is not willing to cause trouble, but Li Shengxian is different.

Even if I bullied Lin Kai, he dared to stand up.

“What kind of thing are you, dare to call here? Get out of my little master!”

In the past, Li Shengxian was a dude, and he was more arrogant than him.

“Who are you? Did you talk to you? Get out!”

“Let me go, do you deserve to speak here?”

Relying on his height advantage, Li Shengxian looked at him condescendingly: “It’s just that there is no invitation. I want to come today. They dare not stop if they ask.”

“What, did you send this invitation to Brother Lin?”

Li Shengxian stepped directly on the invitation card: “Given it to Brother Lin, are you posing here now?”

“Be careful not to be beaten to death by your dad.”

“shut up!”

Shao Xin stared at Li Shengxian closely. He heard that Li Shengxian was arrogant recently, but he didn’t believe it.

Looking at it now, it really is unbelievable.

“A good dog is not in the way!”

Speaking of Li Shengxian directly pushed him away, and let Lin Kai go first.

Seeing this scene, Shao Xin was so angry that he took Lin Kai’s arm.

Unexpectedly, Lin Kai turned around, dragged him around, and overpowered him.

“Trash, still want to touch Brother Lin?”

When Li Shengxian gave him a kick directly, Lin Kai also took the opportunity to let go and kicked him out.

Had it not been for the son-in-law who came with him, he would have fallen and eaten **** long ago.

“Let’s go.”

Lin Kai didn’t bother to entangle him more, today’s goal is not him.

“You wait for me!” Looking at the two people who swaggered in, they wished to smash them into pieces.

“Brother Shao, look at their dazzling looks, huh, they are so powerful!”

“Let them look good sooner or later!”

...

“Shut up!” Shao Xin rubbed his arms and walked in with a sullen face.

As soon as he entered the hall, he realized that Lin Kai could not be seen.

Because they had just entered, they were taken away by Wang Kang.

“Mr. Lin, that branch manager will be here in an hour.”

Wang Kang whispered to him: “This time I came here to determine the investment share. There are three companies competing.”

“As long as the competition is successful, you can talk to him.”

The meaning of what he said was obvious, that was, he hoped that Lin Kai would not be too impulsive.

Although I don't know what to do with the Leiyuan Group, but if you dare to confront them, you are not afraid of death long ago.

“I know.”

Lin Kai looked at the magnificent hall, and people were talking in groups.

Looking at Shao Xin in the hall, who kept looking for their figure, Lin Kai hooked his mouth.

“Sir, this is Shao Xin's information.”

After reading the information in his hands at a glance, Lin Kai felt a little funny.

“Let Li Chengjia do it, and give him a chance.”

Had it not been for the news of Leiyuan Group, he would not have caused so much trouble.

It's really tiring to get along with those second generation ancestors.

But it was a group of people who didn't know the heights of the sky, relying on the waste of the family.

Occasionally pass the time, it's okay to have fun.

After a long time, it will inevitably be boring.

"I will go to the back garden to have a look."

Looking at those hypocritical people, Lin Kai felt a little bored.

As soon as he arrived in the back garden, Lin Kai was stunned when he heard the sound coming from the flowers beside him.

Through the gaps in the flowers, one can also see a man and a woman holding each other and fighting naked.

Shaking his head funny, Lin Kai left stiffly.

However, the movement he caused attracted the attention of those two people.

"Go and find out who he is."

The woman just finished speaking and couldn't help but scream.

"hate!"

Looking at the gloomy night sky, Lin Kai casually found a place to sit down.

Looking at the sparkling swimming pool under the light, Lin Kai was slightly lost.

"What are you thinking?"

A gentle female voice sounded behind him, and then a girl in a pink princess dress sat beside him.

Lin Kai always resisted the women's contact and couldn't help but move aside.

"Do you hate me?" There was an obvious disappointment in the girl's voice.

"I'm not familiar with you, so I don't hate it."

"Then you like me." The girl's voice was a little surprised, as if she had received some gift.

“Ah.”

Lin developed a chuckle, speechless for the girl’s logic.

Not hate it, just like it?

“Why are you sitting here? Don’t you like it inside?”

Lin Kai had no desire to answer the conversation with strangers.

“Why don’t you speak?”

The girl tilted her head and looked at him cutely.

“Avril Lavigne, I didn’t expect you to run here.”

With the sound of “Da Da” of high heels, the woman in red evening dress walked over.

After a moment of stunned, Lin Kai remembered that this woman was the one who was just over the flowers.

The woman was stunned when she saw Lin Kai, and then she sneered.

“Who are you? What are you doing to my sister? She is still a little girl!”

In her series of words, people who didn’t know thought Lin Kai was a pervert.

Chapter 1139: Like A Dog

Chapter 1139: Like a Dog

“I am not familiar with her.”

Lin Kai has no interest in the fight between the sisters.

“You stop me!”

The Mingyan woman grabbed him: “You have done bad things to my sister, do you want to leave?”

The movement here quickly attracted everyone.

Listening to her, the eyes of the people around Lin Kai were not right.

“What kind of person is this, starting with such a small girl.”

“Whose family is this? It’s really declining.”

“What a pervert.”

...

Originally, Lin Kai didn’t want to participate in this matter, but she involved herself in it, so naturally she couldn’t let it go so easily.

When the woman saw Lin Kai not speaking, she thought he was guilty.

“I am Elul, please be your testimony, this man has done something wrong with my sister Avril!”

Elule accused Lin Kai loudly: “I want him to kneel and apologize to my sister, otherwise I won’t let him go.”

Lin Kai folded his arms around his chest and looked at him indifferently.

This is really a good sister, so kind to my sister.

Just in front of everyone, she said clearly that her sister was defiled.

Avril Lavigne looked at Ai Luer timidly, dare not say a word.

The small body shrank behind Lin Kai, people who didn’t know, seeing this scene, would really think they had a leg.

Looking at Avril Lavigne, Lin Kai only felt headaches.

This is a no-brainer, her sister has said so, and if she does this, it is tantamount to having no silver three hundred taels here.

“Did you finish?”

“of course not.”

Elur directly pulled Avril from behind him: “I tell you, I must kneel and apologize to my sister!”

“Not only do you have to apologize, but you also have to compensate my sister for 10 million mental losses!”

“My Ai family, you can bully if you want?”

The people around heard her request and talked a lot.

Most people think she is a bit too much.

It is acceptable to pay 10 million yuan, let a big man kneel down?

What’s the difference between this and direct face slap.

“Miss, I think it’s okay to kneel, this gentleman certainly didn’t mean it.”

This man is the one who just fought with Ellu.

Lin Kai was so indifferent as to watch them sing and sing, and directly condemned him.

“Impossible, I have done that kind of disgusting thing to my sister, absolutely can’t let him go!”

Ai Lu’er looked righteous and awe-inspiring, and Lin Kai couldn’t help but laugh when she saw it.

This is really a good sister who thinks about her sister.

“Mr. I think you will apologize.”

The man came over and got close to Lin Kai: “It’s also because you didn’t do this thing idiomatically. How old is my sister? You should do it too.”

There were more and more onlookers, and for a while everyone accused Lin Kai.

When Wang Kang saw this scene, he wanted to come and help, but was stopped by Lin Kai.

“What else do you want to say?”

Lin Kai’s words made Ai Lu’er angry, her chest undulating violently.

The men around him were full of enthusiasm and wanted to rush to kiss Fangze.

“You immediately apologize to my sister, and be her slave for a year, otherwise I won’t let you go!”

After speaking, Elur looked at the people around her with a smug smile.

She still doesn't believe it, there are so many people around, just relying on him, dare not to agree?

As long as she grasped her handle, she wouldn't believe it then, Lin Kai could not listen to her.

"Young girl, how come you speak so badly!"

An elderly old man can't stand it anymore: "This young man made a mistake, you should call the police to deal with it. Why do you let someone be a slave? What age is this!"

After listening to the old man's words, Avril had a little disdain: "What kind of thing do you dare to point fingers at me?"

"Old thing, if you crawl away like a dog, maybe I will let you go!"

But seeing Avril so arrogant and domineering, the people around were somewhat disgusted.

"Who do you let to climb like a dog?"

Originally, Lin Kai was going to continue watching the show to see what she would say.

But now that the person who helped him speak was scolded, he would naturally not watch the show anymore.

"I said you two!"

Avril Lavigne looked at them with nostrils, as if talking to her was a great honor.

"You said I did bad things to your sister?"

"Of course." Avril Lavigne said angrily: "How old my sister is, you do that to her, you beast!"

"According to you, are all beasts talking to your sister?"

"It's not already."

Avril Lavigne mounted him and said disdainfully: "You'd better kneel down and apologize, and be a slave to my sister."

"Otherwise, don't blame me for being polite, if I do, you won't even have the chance to kneel down and beg for mercy!"

“is it?”

As soon as Lin Kai finished speaking, there was a panting sound in the field, and the people who heard it were blushing.

Along with the gasp, there was the sound of a man and a woman reviewing.

“What should the man do when he sees us? My fiance will end the marriage with me.”

“Don’t be afraid.” A woman said coquettishly: “I will let my sister go over and talk to him for a while, and then say that he has defiled my sister.”

“Oh, baby, you are awesome!”

Apart from these few words of dialogue, all that is left is the breathtaking sound of breath.

However, based on the current situation, everyone can guess what is going on.

For a while, everyone looked at Avril Lavigne’s eyes, and they were all a little angry.

For a big man like them, who is not the best in the mall?

Now it was turned around by a hairy girl!

This is going to be spread, what face do they have?

Looking at their gazes, Avril Lavigne was a little bit disdainful: “What are you guys? Just a bunch of untouchables.”

“Let you help me speak, that is the smoke from your ancestors!”

Avril Lavigne’s words can be regarded as a strong wave of hatred.

“There is blue smoke from our ancestral grave? What kind of thing are you, dare to say such a thing!”

“I don’t know the height of the yellow-haired girl, I won’t make you feel better.”

...

Avril turned a deaf ear to the threats from everyone.

In her opinion, it’s just a bunch of trash, what right do you have to talk to yourself?

She pointed to Lin Kai on the side and said, "You roll over and lick my feet!"

She just picked up a piece of cake and threw it on her feet.

Not to mention Lin Kai, the people around were so angry when they saw her.

"Let me crawl over?"

"Come here!" Avril Lavigne said with a "lucky you" expression.

"Being my dog, but how many people can't ask for it."

"What are you?"

Lin Kai sneered and looked at her: "You crawl over like a dog with a black mask!"

Chapter 1140: What About Hitting You?

Chapter 1140 How About Beating You?

"What did you say?" Avril wondered if she had heard it wrong.

An inferior pariah, dare to talk to himself like this?

"You let this lady crawl over?"

Avril pointed to herself, wondering if she had heard it wrong.

She looked at Lin Kai up and down, her eyes full of disdain.

"It is your supreme glory to be able to talk to me. Climb over to me immediately!"

Avril pointed to her foot and made Lin Kai roll over.

"Ha ha."

Lin Kai sneered and walked straight over.

Seeing Lin Kai approaching, Avril became more arrogant.

I thought how powerful it was, and still be a slave to myself?

A pariah, do you really think you can go to heaven?

The people around saw Lin Kai doing this, except for shaking his head.

I thought he was going to fight back, but he still gave in.

Looking at Lin Kai standing in front of her, Avril raised her foot to beckon him to lick it clean.

“Ah.”

Lin Kai’s mouth curled up slightly and grabbed Avril Lavigne’s feet.

Wang Kang on the side saw this scene, his heart almost stopped.

Although the background of this Avril Lavigne is not simple, it is far from the Jiulong Mountain.

If Lin Kai is really asked to lick her clean, let alone her finish, even the Wang family will follow suit.

“That’s right.” Avril Lavigne looked as expected.

But what happened next was beyond her expectation.

Just when she thought Lin Kai was going to lick her feet, she didn’t expect him to grab her feet and lift herself up.

The skirt covered her face due to gravity.

A scent of erosion rushed into the nose of someone closer to him.

Everyone is an adult, and naturally understand what this is.

For a while, everyone looked at Avril Lavigne, even more disdainful.

“Fuck your uncle, let this lady...ah, let go!”

Avril Lavigne struggled vigorously.

Now she looks almost like a mad woman, without the grace and dignity just now.

“Hurry up and put me down!”

Just after she finished speaking, Lin Kai directly gave her a hand, and she landed her head first and lay directly on the ground.

After Elur saw it, she quickly helped her up to the man who had just spoken to her.

“Sister, are you okay?” Ai Lu’er looked at her timidly, shaking slightly.

“Go away from me!”

Pushing Eller away, Avril straightened her hair and kicked Lin Kai.

But before she kicked to Lin Kai, she was kicked out.

The whole person is like a U, sandwiched between two tables.

The men gathered around one after another, and even more boldly stretched out the salty pig’s hand to touch her.

“You let go of my sister.” Ai Luer’s small body stood in front of Avril Lavigne, but it was of no use at all.

After a long time, Avril Lavigne limped out from the middle, looking at Lin Kai’s gaze as if it were real.

“I won’t make you feel better!”

She just took out the phone and called her dad.

Ewha spoke to the phone with rain, adding fuel to the meal.

Hanging up the phone, Avril Lavigne looked at Lin Kai contemptuously: “Don’t go today, I will let you feel what life is better than death!”

“Then Lin will wait and see.”

After speaking, he pushed the crowd away and walked to the hall.

The parties are gone, and the people watching the excitement naturally leave.

For a time, the whole hall was littered, and it looked like a lot of joy and laughter.

But behind this, in the private room on the second floor, the dark tide has long been surging.

“Mr. Lin, that Avril Lavigne is the daughter of the branch manager. You have offended her. It’s hard to say then.”

Looking at Wang Kang with a worried look on his face, Lin Kai felt a little indifferent.

“Then let him come.”

If he had known which branch manager’s daughter this was, he wouldn’t have let him go so easily.

Seeing Lin Kai looking unmoved, Wang Kang couldn’t say much.

“Let’s go in.”

Pushing open the door of the private room, the people inside looked over instantly.

After seeing Lin Kai, the eyes of the two people were a little strange.

Looking at Wang Kang who came in with them, they nodded clearly.

No wonder it was so arrogant, it turned out that there was Wang’s backing behind it.

But the identity of Avril Lavigne, others don’t know, they know exactly.

Offended Avril, whether the Wang family can get the investment this time is still unknown.

Looking at their eyes, Wang Kang knew what they were thinking.

However, based on Lin Kai’s identity, he was determined to win this time.

“Mr. Ai, how long will it take to arrive?”

As soon as he finished speaking, the door was pushed open.

Ai Ping with a gloomy expression brought Avril in.

“I’m sorry that the little girl was delayed by something.”

Before they could speak, they were interrupted by Avril Lavigne’s cry.

“Dad, it’s him!”

Avril Lavigne stared at Lin Kai fiercely. If her eyes could kill, Lin Kai would have never known how many deaths.

“It’s his daughter who made ugliness in public, I don’t care, we must make him look good!”

Hearing Avril’s words, Ai Ping looked at him gloomily.

When Avril directly described it to herself, he was about to explode. He didn't expect to throw the culprit so quickly.

It is a shame that my daughter, who had been hurting her for more than 20 years, was so bullied by him.

"It's your kid who bullied my daughter?"

Ai Ping walked up to Lin Kai and stared at him sitting on the sofa with anger in his eyes.

It's just a stinky kid who dared to bully his daughter and made him unable to eat.

"Your daughter won't frame me, so naturally I won't do it."

Lin Kai looked at Ai Ping calmly, only he knew the excitement inside.

After searching for so long, it was not easy to finally learn about Leiyuan Group.

"Framed you?"

Ai Ping snorted coldly, "That's your blessing, why doesn't my daughter frame others?"

Hearing this, Lin Kai couldn't help but want to laugh.

Could it be that she framed herself, not only could she not admit it, but she had to pretend to be grateful?

What is the logic?

"Miss Ai framed you, you should be happy, this is what many people dream of."

"That is, you don't know anything good or bad, and you dare to beat Miss Ai."

"Do you know who Miss Ai is? Don't you dare to beat Miss Ai and live impatiently?"

"It's really looking for death! Such a person doesn't know that the sky is so great!"

"He'll be dead in a while! Miss Ai is a person with a lot of background!"

...

The two people except Wang Kang couldn't help but echo Ai Ping, looking like a dog.

Wang Kang looked at Ai Ping, then looked at Lin Kai and said, "Mr. Ai, Miss Ai is also at fault in this matter first, so let's just forget it."

He can't afford to offend anyone on either side, but he is more inclined to Lin Kai.

Who made him accidentally get on the thief ship, even if he wanted to, he couldn't get off.
