

Special Forces God Level Extraction System - Chapter 1194

Chapter 1194: Moving

Chapter 1194

“Aren’t you going to kill me? Come on.”

Seeing Lin Kai’s squinting smile, the few people only felt a chill and rushed directly over their heads.

What a joke, they are not fools.

Just like him, he just beat Wang Yang like that, how dare they do it?

“You...you...this bunch of rubbish! Labor and management...”

Wang Yang gritted his teeth, panting, unable to say a word for a long time.

He was really annoying, this is the group of people who usually call him brothers and sisters.

When I use myself, I am their eldest brother.

Now I have an accident, and my slogans are louder than each.

But one by one, I dare not put a fart!

Listening to Wang Yang’s curses, the group of little brothers dared not speak.

To touch Wang Yang's mold at this time is to find his own way.

Wang Yang lay on the ground, gasping for breath. He felt that his arm was almost numb from the pain, and gradually no longer felt the pain, only subconscious twitches were left.

“Do you want to get out or stay here?”

Lin Kai grabbed his other undamaged arm and said, “Isn't it arrogant? Didn't you let me go?”

He directly broke Wang Yang's other arm.

“what!”

Wang Yang yelled, turned his eyes and fainted.

Kang Kai looked at Lin's movements without blinking, and his heart suddenly tightened.

But soon he was relieved, and he was firmly on the same front with him.

“Do you have anything to say?”

Lin Kai wiped his hands, then threw the handkerchief on Wang Yang's body, which happened to be on Wang Yang's face.

He just wanted to talk, but the handkerchief was on his face and he almost didn't catch his breath.

“Just get out of here.”

They looked at each other, then at Lin Kai, and ran away without looking back.

Just halfway through the run, the few people thought about remembering something,
and dragged Wang Yang’s legs and left.

That posture, as if there is a wolf chasing behind the ass.

“Thank you.”

For Lin Kai’s shot, Kang Kai was still a little surprised, but more moved.

I think Lin Kai is using himself as a friend.

“It’s okay, I’ll leave first.”

“Can I invite you to dinner tomorrow?” To be honest, Kang Kai still wants to continue
chatting with Lin Kai. He hasn’t had such an enjoyable conversation for a long time.

“can.”

Looking at the back of Lin Kai leaving, the sunlight shone on him diagonally, like a god.

Except for the blue sky gate, Lin Kai flexed his muscles and walked towards Li
Shengxian, who had been waiting outside.

“Brother Lin, what’s the matter for asking me to come?”

In the past two days, he was busy with Li Haoxian, you are fighting with me, the whole person is as busy as a top.

I have to say that his grandfather's power is indeed strong, otherwise he would have stepped down long ago by relying on previous events and some recent events.

“How's your cooperation with Elure?”

“I have to say that because of this cooperation, not only my dad but also some of the company's shareholders, they all look at me with admiration.”

“That company was going to give up, but it came back to life like this, and they naturally handed it over to me.”

Speaking of this matter, Li Shengxian was very excited.

If it hadn't been for Lin Kai to match up, let him cooperate with Elure and the others, and get the investment, the recent things would not have gone so smoothly.

Li Haoxian had inquired about it intentionally or unintentionally, and wanted to cooperate with Elur.

It's just that because Lin Kai was pressing on it, Ai Lu'er didn't dare to violate the power.

Seeing Li Shengxian's happy spring breeze, Lin Kai felt relieved.

He didn't have time to watch him lately, this kid didn't let himself down.

“Let you come this time to cooperate with Lantian.”

“what!”

Li Shengxian looked at the contract handed over by Lin Kai incredulously. This was simply a great benefit for the Li family.

They are not without cooperation with Lantian.

But the blue sky not only occupies half of their East China Sea, even in the world, it will not be inferior.

They usually raise the price as much as possible and let Lantian sign a contract with them.

At present, the blue sky, with only one percentage point of profit, the Li family can earn 10 million more profits every month.

If this contract is signed, he can hardly imagine what kind of uproar it will cause.

“Brother Lin, you didn’t lie to me.”

Li Shengxian pinched himself fiercely, and after confirming that it was true, he kept silly.

He has been in contact with many companies now, and naturally understands what a percentage point means.

“The contract in black and white is not yours? Besides, Kang Kai signed it.”

Li Shengxian looked at Lin Kai admiringly, thinking he was a god.

Whatever happened to him, it was caught.

“Tomorrow is your brother’s birthday party, right?”

Seeing Lin Kai mentioning this, Li Shengxian was taken aback for a moment, and then laughed, “I know what to do.”

I hope Li Haoxian will like this birthday gift I gave him.

Along the way, Li Shengxian carefully told Lin Kai about his recent situation.

After listening, Lin Kai thought for a while and answered his doubts one by one.

After listening to it, Li Shengxian only felt that Mao Sai suddenly opened up, and his mind was quite clear.

“Go back, pay attention on the way.”

Lin Kai winked at Li Shengxian, he nodded gently, and drove away.

Standing at the door for a while, Lin Kai opened the door slowly.

The furnishings in the room are exactly the same as when he left.

But Lin Kai still found that the positions of many things had moved slightly.

Taking a look at the location of the study on the second floor, Lin Kai walked straight into the kitchen, and then there was a sound of cutting vegetables.

Hearing this sound, the people in the study let out a long sigh of relief.

“Fortunately, it was not discovered.”

I stuck my head out and watched carefully for a while, and saw that the chopping sound in the kitchen had not stopped.

He closed the door slowly and carefully opened the glass in the study, preparing to climb out from where.

Seeing the rejection so high from the ground, Qian San felt dizzy for a while.

He shook his head, settled, crawled out of the window and jumped up to the tree in front of him.

“what!”

He just yelled, he quickly covered his mouth, looked at the scattered flocks of birds, and prayed in his heart not to be found.

After staying in the tree for more than ten minutes, Qian San carefully took the things in his arms and left.

What he didn't know was that not long after he left, Lin Kai and Yinshen quietly followed behind his ass.

Along the way, Qian San chose those remote paths and walked around several places, turning back and forth several times before heading to another road.

I have to say that his anti-reconnaissance awareness is still quite strong.

Chapter 1195: Just Want To Sell For Some Money

Chapter 1195

Lin Kai and the others were not in a hurry, they followed him not far and near, wanting to see where he was going.

The one who turned around without knowing how long had been walking, Qian San stopped at the door of a dilapidated small courtyard.

Lin Kai thought that he had already reached his destination.

Unexpectedly, he drove out a tattered Wuling Hongguang from inside.

He kicked the accelerator and left directly.

“Ahem.”

Lin Kai stretched out his hand and waved away the dust in front of him, somewhat helpless.

How many times has he done this? So well prepared.

The two followed closely. After more than an hour passed, Qian San stopped in front of a seemingly ordinary house.

I deleted the knock on the door, and there was a sound from inside, Qian San answered, and the door opened from the inside, revealing a woman’s face.

“Let me in quickly.”

Qian San vigilantly looked behind him, and got in without looking back.

Lin Kai and the two went straight in, planning to see what they were going to do.

“Youngest, how is it?”

“This is a baby.”

Qian San patted his stomach, and took out a white-glazed blue-and-white disk with a lotus pattern.

“This thing, at least this number?”

Qian San stretched out his finger and gestured an eight.

“Eight thousand? Before it’s not good, just barely make it.”

Hearing what he said, all Qian San didn’t even think about was a slap: “Your blue and white porcelain is so cheap.”

“That’s 80,000?”

“Can you guys have something to do?”

Qian San was almost mad at the pig teammates.

“At least 800,000 to start, we stolen this, not so easy to shoot, the right way, seven or eight million is no problem.”

When they heard Qian San’s words, they couldn’t help taking a breath.

Seven or eight million, this is not a small amount, and they may not make it in their lifetime.

Now it’s such a small plate. Who will believe it?

“Somewhat knowledgeable.”

“I’m overwhelmed.” Qian San was stunned when he said that, looking at the two suddenly appeared, he was so frightened that the blue and white porcelain plate in his hand almost fell to the ground.

“Who are you? How did you get in?”

“You stole my things, so naturally you want to come back.”

Hearing what Lin Kai said, five or six people, including Qian San, looked a little ugly.

Unexpectedly, they had planned so well, but they were still found.

“It’s impossible to give you a plate, either roll it or kill you.”

“Kill me?”

Lin Kai didn't talk nonsense with them, and rushed over.

Those people looked at Lin Kai disdainfully, thinking he was a fool.

With so many people here, he alone can beat them?

It turned out that they were kicked by Lin Kai as soon as they were about to do it.

"This"

They lay on the ground, looking at Lin Kai who was sitting on the side, only felt pain in their chests.

"How can this be!"

With so many of them, they can't beat Lin Kai?

"Go ahead, what else did you take?"

When Lin Kai asked this, Qian San didn't hesitate to kowtow: "We just didn't intend to see where, there are usually few people living, just thinking about stealing something and selling some money."

"We really didn't do anything else, please let me go."

Qian San really regretted it. He knew it would be like this a long time ago, and he wouldn't do it.

"Let you go?" Lin Kai meditated for a while and said, "It's not impossible!"

"What do you want us to do?" Qian San replied without thinking, "As long as it's not about murder and arson, I will do it for you."

"Help me get something."

As soon as he heard him say this, Qian San's expression immediately changed.

"Don't you want my life?"

Qian San almost wanted to cry without tears. The place he let himself go was definitely not an ordinary person's home, otherwise he wouldn't let him do it himself.

"Don't worry, I will protect you from death."

Regarding Lin Kai's words, Qian San still had some doubts in his heart.

If he really has this ability, why not do it himself?

“Sir, you should change someone.”

Qian Sanzhen didn't dare to agree, and he would die if he was not careful.

“Do you want to die now, or do you want to help me accomplish that. Not only will this plate be yours, I will give you an extra two million.”

Hearing Lin Kai say this, he said that he was not moved, it was false.

So much money, let alone a lifetime, even ten lifetimes, he may not be able to make it.

After thinking about it for a while, Qian was full of heart, and agreed: “If I die, you will give the money to my family.”

He first started in this business, also thinking of making it easier for his mother and daughter-in-law.

If it is their own life that can make them worry-free for the rest of their lives, it will be worth it.

“You can't die.”

What he asked Qian San to do was nothing threatening, and it was not difficult to go to where she took the things back.

After getting to Qian San's ear to talk to him, his face was much easier.

“Are you sure you really give me so much money?”

Qian San wondered if Lin Kai was lying to himself. To be honest, this task was really not difficult for him.

Otherwise, it was Lin Kai, who deliberately tried to cheat him.

But so much money is really worth a fight.

“determine.”

Lin Kai smiled and said, “That person is my friend, and he is not kind to do this kind of thing. If you give you so much money, it will alleviate your psychological burden.”

Hearing what he said, Qian San was still a little worried, but it was much better than before.

In fact, Lin Kai said nothing wrong.

If possible, she didn't want to doubt her either.

"Then can you pay half the deposit first?"

"That plate is."

Seeing that Lin Kai really gave the plate three money, the rest of the people were jealous.

"Sir, what else do you have, just tell us!"

"Anything is okay, the remuneration can be discussed!"

...

Several people rushed to say, for fear that Lin Kai would not give him a chance.

Such a rich man is not often encountered. It is rare to encounter, and naturally it is impossible to let it go.

"no need."

Hearing him say this, several people looked at the plate in Qian San's hand with jealousy, wishing to **** him directly.

But because Gu Jilin was there, they didn't dare to say anything about it.

Looking at the gaze of his companion, Qian San cautiously leaned against Lin Kai.

"follow me."

Lin Kai's words are similar to the nectar of heaven, saving the first three from the fire and water.

It was okay before, but now that they have taken such a good job by themselves, they are naturally jealous.

"Thank you so much, sir." After going out, Qian San kept apologizing to Lin Kai.

If he continues to stay there, I don't know what will happen.

"Stay away from them in the future."

“what?”

Chapter 1196: Snob

Chapter 1196

Qian San was stunned for a moment, some of Lin Kai's intentions did not respond.

After ten seconds, he lowered his head in shame: “Thank you.”

He also knows that his friends are not good people.

We can only share happiness, not wealth.

He wanted to help them too, but he was really scared of their actions just now.

After staying together for so long, their knives are naturally visible.

If it hadn't been for Lin Kailu's hand that had shocked them, maybe they could not leave.

Sighing, Qian San said earnestly: “Don't worry, the things you explain will definitely be done for you beautifully.”

Qian San left Lin Kai an address, and soon disappeared.

His friends didn't know this address, so be safe.

As for this, he didn't think it was necessary anymore. He still had his wife and an elderly mother, and couldn't take his life to gamble with them.

“Sir, do you think he will do it?”

He felt somewhat uneasy about Lin Kai leaving this matter to a stranger Qian San to do.

But Lin Kai's decision, he naturally wouldn't refute it.

“Don't you know then?”

In fact, he just said casually. As for whether Qian San will do it, it doesn't matter.

Seeing Lin Kai said this, Yinshen naturally did not continue to ask, followed him and walked out.

“You guys stop!”

The sudden sound made the Yinshen and the others stop.

Looking at the few people who were with Qian San before, Lin Kai showed a smile, naturally knowing what they meant.

“Sorry, I have something to do, so I will leave first.”

“You wait!”

The headed person rubbed his hands and smiled flatteringly.

“Then what, sir, do you think there is anything else we can do for you?”

They wanted to do it directly, but the way Lin started doing it before was still vivid, and they really didn't have the guts.

The thought of getting so much money easily makes them crazy with jealousy.

Knowing that there would be such a good thing, they were not afraid at the beginning and got into trouble.

“No more.”

Lin Kai didn't bother to talk nonsense with them, pushed away the leader, pushed him away and prepared to leave.

“What do you mean, kid!”

He was naturally unwilling to be pushed like this.

Pulling out the folding knife from behind, he looked at Lin Kai fiercely: “My brothers, don't talk nonsense with you, one person will let you go for 500,000.”

“Otherwise, you think you are a mortal body, you can hold a knife!”

“is it?”

Lin Kai just looked at the leader like that, the knife in his hand, under Lin Kai's gaze, bends a little bit.

They watched this scene blankly, with their mouths open to lay an egg.

“This... ghost.”

“Help!”

They can't wait to grow eight legs, the speed is staggering.

A running shoe fell off, and he didn't care about picking it up, so he ran barefoot.

“Good job.”

“It's a matter of division.”

This thing was naturally done by Yinshen, but it was just a knife, and it was easy.

After they came out of their foothold, Lin Kai felt that the air he asked was fresh.

Where, between breathing, the whole nose is filled with a smell of chicken **** after fermentation, which is disgusting.

The passers-by saw Lin Kai couldn't help but leave immediately.

There were even people who pointed at him.

“Sir, the smell on you is a bit unpleasant.”

Lin Kai's face turned black when Yinshen said so.

With a cold face, he casually found a store in the mall and went in, preparing to change clothes.

As a result, Lin Kai was stopped as soon as he entered.

“Mr., you are not welcome in our shop, please go out.”

“roll.”

The smell on his body made Lin Kai a little uncomfortable.

Now that he still encounters such a waiter, his mood will naturally not be any better.

“Why are you crazy?”

The waiter clutched his nose, and said disdainfully: “Don't look at us, where is this.”

“Can you afford to be a garbage picker?”

“Oh, it might be a pig farmer. Tsk tsk, it smells so bad.”

“Are you free?”

Lin Kai frowned and looked at her, feeling extremely bad.

“It would be even better if there were no such unknown guests like you.”

As soon as the waiter finished speaking, he felt that something flew past him.

“Am I eligible?”

When he saw the black dragon card in the hands of another waiter, he broke out in a cold sweat.

There are only five black dragon cards in the world, and they can only be owned by people who have a particularly good relationship with their boss.

She swallowed a sip of water and clearly heard her heart beating non-stop in her ears.

What did she do just now?

Friends who laugh at the boss?

Look down on someone holding a black dragon card?

I was in front of him, let alone lifting shoes for him, I didn't even have the qualification to kneel and lick him.

“Sir... I'm sorry, I was just impulsive.”

When she said that, she went to serve Lin Kai and undressed. She didn't dislike the smell on his clothes at all, and even couldn't help leaning over to smell it.

“The smell on you is so good.”

The waiters in the store are a little envious of her attitude.

It's a great honor to be able to touch the clothes of the boss.

Seeing that Lin Kai didn't say anything about him, Li Fang's heart couldn't help but feel a little moved.

Thinking of the plots in those overbearing president's novels, I even wondered, would he be attracted by his own actions?

Thinking that she might fly on a branch to become a phoenix and live the life of Mrs. Fu, she couldn't help laughing while holding Lin Kai's clothes.

"What do you think of this dress?"

She carefully organized Lin Kai's clothes, as if she was touching some rare treasure.

"Swipe the card."

Seeing the black card handed over, Li Fang couldn't help swallowing.

It was as if Lin Kai was standing in front of her and said to her proudly: "Card for you, spend whatever you want."

Holding the card with a snicker, Li Fang carefully packed Lin Kai's previous clothes and took it.

"Sir, do you need anything else?"

She followed Lin Kai's step by step, really envious of others.

"Who is the store manager?"

Seeing to call myself, a woman wearing glasses, looking in her twenties, and wearing professional attire ran over: "What's your order?"

"she was."

Seeing Lin Kai pointing at herself, Li Fang couldn't help but bumping into the deer, she felt that her luck was coming.

Even the store manager looked at her enviously, looking forward to replacing her.

"Let her go."

"What?" Li Fang wondered if he had misheard, watching him for a long time and couldn't say a word.

Chapter 1197: Very Disappointed

Chapter 1197

The store manager immediately bowed and replied: "Don't worry, from now on, you will not see her in any of our stores."

Seeing Li Fang's unpredictable face, if it weren't for Gu Jilin's presence, the store manager would have liked to laugh out loud.

Really laughed at him, offended such a distinguished guest, and thought that he could fly to the branch?

What dreams do you want?

She felt that the punishment given to Li Fang was really too light, and there was no way to show it out, their respect for the guests.

There is no need for Lin Kaidu to say anything, she has already decided to report to her superiors.

Then Li Fang will wait for it to be finished.

Li Fang stared at the store manager in a daze.

According to normal development, isn't Lin Kai going to take himself away?

How could it become like this?

"Don't you like me?"

Hearing Li Fang's unshakable remarks, the store manager couldn't help but ridicule: "What are you? A distinguished guest like Mr. Lin would like something like you that has no education?"

Lin Kai didn't have the slightest interest in their fight.

He had just left twice before being caught by Li Fang.

"Why are you doing this to me?" Li Fang cried with rain, as if he had been wronged by the sky.

"What are you?"

Lin Kai was a little disgusted with her hand and took it off her clothes.

Looking at the place she had caught, she didn't hold back and asked the store manager to take another coat for herself.

"Sir, go slowly."

After leaving the men's clothing store, Lin Kai felt that the smell of perfume that had been lingering around him had disappeared a lot.

"Sir, I remember that your cleanliness is not so serious."

When I was on the island, it was common not to take a bath for more than ten days.

And now Lin Kai, some of them love to be too clean, as if they have a habit of cleanliness, so that the hidden **** does not know Lin Kai.

"Time sharing."

Seeing Lin Kai uttering these words expressionlessly, Yinshen almost laughed.

At last he squeezed a smile and said, "It's good for you."

Lin Kai glanced at Yinshen blankly, making him cold and sweaty.

After he went out for some distance, Yinshen felt his heartbeat returned to normal.

I have to say that few people can bear it when he takes such a look.

When they returned, they saw Li Shengxian sitting at home with Wang Fang.

Seeing Lin Kai coming back, Wang Fang twiddled his hair and blinked at her.

Although Wang Fang has been married and married for many years, but the care is really good, almost like a 20-year-old girl.

Looking at her indifferently, Lin Kai sat on the sofa beside him: "What's the matter?"

"Brother Lin, Li Haoxian recently took on a project, and I am going to stir him up."

Li Shengxian explained his plan in detail.

After speaking, I waited for Lin Kai's evaluation to see if there was anything wrong.

"You figure it out."

Lin Kai shook his head and turned upstairs.

Li Shengxian is still too young after all, and some things are not considered comprehensively.

The plan is fine, but what guarantee does he take that the company will agree to it?

Without a more attractive bargaining chip, who would give up the duck to the mouth stupidly?

“Go and help him.”

“Yes, sir.”

Yinshen took what Lin Kai gave him and left directly.

“I hope you can learn a lesson this time.”

What Li Shengxian does now, he generally does not interfere.

But when there is trouble, she will help.

After all, he was still waiting for Li Shengxian to take the position of Li Family Patriarch.

When Yinshen came back, Qian San was still in his hand.

“I found him sneaky outside the door and dare not leave.”

Yinshen threw Qian San to the ground, frightened him, and hurried to Lin Kai’s side.

“Sir, I don’t mean anything else.”

Qian San quickly explained: “You know what we do. This is not because I see someone in my family. I just...just...”

“Scared.” Qian San scratched his head and looked at Lin Kai embarrassedly.

It would be fine if this person was Lin Kai, but it was another person.

He was so frightened that he thought Lin Kai was lying to himself.

As a result, before he understood it clearly, he felt that he was caught by someone.

Then, before he recovered, he was thrown in front of Lin Kai.

“Got your stuff?”

“Of course I got it.” Qian San held his chest proudly: “I’m doing business, don’t worry.”

He handed a USB flash drive to Lin Kai and stood by without speaking.

I have to say that Lin Kai’s task is really too simple.

He thought it would take some setbacks, but when he arrived, he found no one at home.

Naturally, he would not let go of this opportunity and copied everything he could get.

Including documents that he thinks are very important, I also took photos.

Lin Kai glanced at the information above, his smile on his face became brighter.

Yin Shen looked at Lin Kai like this and couldn't help taking a step back.

After reading it, Lin Kai was silent for a while and patted Qian San on the shoulder: "You did a good job."

Yinshen immediately handed him a card: "No password."

Qian San was taken aback for a moment, and quickly took the card, the smile on his face couldn't hide.

"Thank you." Qian San couldn't help but thank you.

With so much money, he can let his family live a good life.

"I want you to do one more thing for me."

Qian San patted his chest and said, "As long as you say, go through the fire and water, you will never hesitate."

He felt that Lin Kai had given him so much money to kill himself, which was more than enough.

"Help me monitor her and report her daily report to me every day."

"If you can't monitor it, don't use it."

"You can rest assured and promise to complete what you explained."

"Go ahead."

"Now..."

Before Qian San had finished his sentence, he felt that his whole person was vacated.

When she reacted, she found herself behind Lin Qianqian's house.

As soon as he landed, he fell to the ground, looking at your hidden **** in shock.

This is completely beyond his understanding. How can ordinary people do such a thing?

Now he looked at the hidden god, just like looking at the gods.

He felt that they were gods and came to save him.

“Prepare what you need yourself.”

After leaving such a cold sentence, Yin Shenli left.

This still depends on his work for Lin Kai, otherwise it would be wasteful to say a word to him.

When Yinshen returned, Lin started to taste a glass of red wine slowly.

His face was half hidden in the darkness, and for a while he couldn't see clearly what his expression was.

Yinshen knew that Lin Kai was a little irritable and stood aside without speaking.

After a long time, Lin Kai directly dropped the red wine in the glass through the window.

“Human, it's still untrustworthy.”

“Sir, maybe Miss Lin hasn't told you yet.”

Chapter 1198: Banquet Again

Chapter 1198

“It doesn't matter.”

Lin Kai smiled and looked out the window, Lin Qianqian could do anything.

I just thought of her as a younger sister.

When I grow up, my wings become hard, and I have my own ideas, there is no problem naturally.

He was a little uncomfortable, just because she knew the news of Leiyuan Group, but she didn't tell herself.

In order to find Leiyuan Group, he has wasted too much time.

After so long, he still didn't have any news about Lin Yuan, and he couldn't help being a little irritable.

Even if he wanted to come, Lin Yuan was not a fool, so naturally he couldn't wait foolishly for him to come.

Maybe he was hiding in that corner, laughing at him.

But it doesn't matter.

He turned over half of Donghai, don't mind turning over the remaining half.

It's nothing more than trouble.

Looking at Lin Kai like this, Yinshen was very dissatisfied with Lin Qianqian.

He rarely saw what his husband would do for a woman.

I don't know what is good or bad, if it wasn't for the husband who didn't want to move her, I wouldn't know how many times she died.

"How is your investigation?"

"There are already six companies. Except for Zhangye and Aiping, I'm also investigating."

Yinshen hesitated and said: "During the investigation, I found that there were still some people in the Li family who were in contact with people from the Leiyuan Group."

He knew that Lin Kai was still good to the Li family because of Li Shengxian.

"I know."

Lin Kai didn't feel anything, this kind of thing was too normal.

A big family like the Li family is a mixed bag. Even the Li Cheng family can't even know what happened.

In the East China Sea, the Li family is second to none. How could Lin Yuan let it go?

It's just that Li Chengjia is not willing to disperse Li's equity.

But some small fishes and shrimps below don't think so.

They can't eat meat, so naturally they have to find ways to eat it.

As for them, they can't make any waves.

"Let the old thing show me a good view of Li Cheng's family."

As long as the Li Cheng family is still the head of the Li family, those people can only hold back.

"Yes."

"first"

Before Yinshen's words were finished, she was interrupted by Li Shengxian's voice.

"Brother Lin, this is an invitation from Lantian Technology to invite you to the banquet tonight."

He is not interested in such things as banquets.

"Push it."

"Brother Lin, Ai Luer will also go today."

"doing what?"

"I said someone from Leiyuan Group came over, let me let you know."

"I know."

Lin Yuan sighed and rubbed his eyebrows.

To be honest, he was really not interested in that kind of occasion.

Li Shengxian was about to say something, but Yinshen glared at him and left quickly.

"Sir, why don't we just get people over."

Yinshen knew that Lin Kai hated trouble, but it was not certain whether he could talk to that person at the banquet.

"Elule knows how to do it."

"Yes."

All afternoon, Lin Kai lay motionless on the bed, just like a corpse.

If it weren't for the slight ups and downs in his chest, Li Shengxian would have to call the police.

"Brother Lin, let's go."

Li Shengxian handed the three-piece gray striped suit to Lin Kai, knowing that he hates banquets, so naturally he would not prepare the clothes.

After putting on clothes, Li Shengxian felt that if he were a woman, he would be crazy for Lin Kai.

This suit perfectly shows his figure.

Long legs and bee waist, the perfect golden ratio, any woman will be crazy about it.

Lin Kai glanced at the dress on his body, somewhat unaccustomed, he prefers looser ones.

"Don't do this next time."

Li Shengxian nodded without saying anything.

When they arrived at the banquet, they were taken away by Elur standing at the door.

"Mr. Lin, the people from Leiyuan Group headquarters will come today because of cooperation with the Li family."

"About you, I didn't mention a word, just go over with Li Shengxian then."

Elur simply told them about the situation. As for the character of the person in charge, she didn't know.

As time went by, there were more and more people in the hall.

"When someone is coming, I will call you."

As soon as Elur was about to leave, she was hit hard by a woman.

Seven or eight centimeters high heels stepped on the foot and was hit by him like this. Naturally, he didn't stand firm and fell directly into Lin Kai's arms.

"You shameless vixen!"

The woman pulled Elur angrily and pulled her out of Lin Kai's arms.

If it were not for Li Shengxian to help her by the side, the whole person would fall.

“You bitch, Lin Kai is mine. Get out of here!”

The woman stared at Elur fiercely, looking like she couldn't beat her skin and muscles.

Elur was originally angry because of her sudden movement.

Now she is insulting herself, how can she bear it?

“What kind of thing are you worthy of talking to this lady?”

Without hesitation, Ellu slapped the woman in the face.

Bullying her Elur is really a life and death thing.

“Brother Lin, she hit me?”

The woman wanted to fall into Lin Kai's arms as she spoke, but he avoided it.

“I do not know you.”

Lin Kai subconsciously distanced herself from this woman. The smell of perfume on her body was too unpleasant.

“Brother Lin, what do you mean?”

The woman stared at him blankly, her expression a little hurt, as if Lin Kai was a heartless man.

“Have you heard?” Elur pushed her away directly: “Mr. Lin doesn't know you at all, don't put a shy face around here.”

What is this woman's idea, Elur is clear.

I just wanted to get in touch with Lin Kai and hugged my thigh.

“Did you really forget me?”

The woman's face was hurt, tears slid down her cheeks: “Someday you saved me, I am Xu Yujia, have you forgotten?”

With tears in her voice, she repeated the situation that day. After listening to it, Lin Kai understood what was going on.

It turns out that this girl was saved by her hero. I didn't expect to remember it for so long.

"Sorry, I'm not familiar with you."

But just do it casually, there is no need to remember it all the time.

"Brother Lin, are you with me, okay?"

Xu Yujia wanted to pull Lin's arm away, but was avoided.

"Brother Lin, do you hate me so much?" Xu Yujia looked at Lin Kai, only feeling that a heart had been thrown on the ground.

"Is it because of this vixen?"

She gritted her teeth and pointed at Ai Lu'er and said, "You return Brother Lin to me, or I will kill you!"

"You can try!" Ai Lu'er had an indifferent expression, she was really scared!

"You bitch!"

Xu Yujia said like a little calf, and slammed into Elur.

Chapter 1199: Marry My Daughter

Chapter 1199 Marry My Daughter

"You are a bitch!"

Elur is not a fool, so naturally it is impossible to stand still.

As soon as she moved her body, Xu Yujia fell down where she was just now.

Because Elur moved her position, she didn't stop the car and almost fell a shit.

"You dare to hurt me!"

Xu Yujia's vicious Ai Luer: "You dare to hurt me, you are done!"

"How did I harm you?"

The two were tit-for-tat, and neither of them would bow their heads.

“I’m telling you, today you are dead.” Xu Yujia stared at Ai Lu’er sullenly.

She has never been treated this way before. Who sees that she is not servile?

Looks like you want to kneel and lick her?

This woman dares to disobey herself, she must not let her go!

When the two dogs bit the dog, Ai Ping walked over with a middle-aged man talking and laughing.

Seeing the two of them, Ai Ping was taken aback, then smiled and said, “I didn’t expect them to know each other.”

Xu Yujia saw Xu Fu next to Ai Ping and rushed over: “Dad, that **** is bullying me, you are going to kill her for me!”

There are only two women, she and Ai Luer. You don’t need to think about who she is talking about.

Xu Fu glanced at Ai Ping with a little embarrassment, and said with a smile: “It is normal for girls to have conflicts. Just apologize and reconcile.”

Now that Ai Ping has taken the Li family, it is time for the headquarters to value him, and must not offend him.

Ai Ping also walked to Ai Lu’er and said, “Go and apologize to Miss Xu.”

Talking, leaning close to her ear and whispering: “This is a person who can’t use it. I can’t offend it.”

When Ai Ping said so, Ai Lu’er’s face became ugly.

If this is something other people would say, but this is from the headquarters, they can’t afford to offend it.

But how did you let her swallow this bad breath?

Before Ai Luer could speak, Xu Yujia had a seizure: “Why should I apologize to that bitch? What kind of thing does he dare to steal a man from me?”

Ai Ping’s face looked a little ugly when Xu Yujia said this.

What is the difference between scolding her own daughter like this and scolding herself?

Xu Fu also froze for a moment, and quickly apologized to Ai Ping: "The child has no barriers at home, please don't take it to heart."

He has said so, if he cares about it, he will only appear to be small.

Even though Ai Ping feels uncomfortable, he can only smile and say it's okay, who makes him an elder.

But Xu Yujia was not happy, and pointed at Ai Lu'er with an angry look: "I don't care, she has the guts to **** a man from me, I won't let him get better!"

"Yu Jia, shut up." Xu Fu was so angry, if it is usually noisy, let it be noisy, and don't look at what the occasion is today.

"I won't!"

Xu Yujia stared at Lin Kai with red eyes: "I want him, he saved me, and I want to agree with him."

Hearing what his daughter said, Xu Fu had a headache.

"This won't work."

What qualifications does such a person with an unknown source have to marry his own daughter?

"Mr. Lin?"

Ai Ping didn't expect that the man in Xu Yujia's mouth was Lin Kai.

But if you think about it carefully, this is inevitable.

Even he wanted to marry Ai Luer to Lin Kai, but it was impossible.

"you know?"

"A friend." Ai Ping briefly introduced. Naturally, he did not reveal the identity of Lin Kai.

After hearing Ai Ping's introduction, Xu Fu looked at Lin Kai seriously.

I have to say that it is indeed a talent that can naturally attract his daughter.

But this is not enough.

"Boy, what do you do?"

Xu Fu looked at Lin Kai up and down, thinking in his heart how to make his daughter abandon him.

“Dad, I’m going to marry him!”

Xu Yujia pointed to Lin Kai and said loudly: “You must marry me, and stay away from this fox!”

“From now on, you can only love me alone, and you can’t get involved with other women!”

...

Xu Yujia said a lot about it. In short, Lin Kai should be struck by lightning if he doesn’t marry her.

“Sorry, I have no plans to get married.”

She was a girl, Lin Kai cared much about her face.

But this is not the case when I hear Xu Fu’s ears.

“Do you look down on my daughter?”

Xu Fu was so angry that his dear daughter, Jinzhiyuye, was raised so big that he could dislike it?

However, Ai Ping almost couldn’t help laughing when he heard Xu Fu’s words.

To be honest, his daughter is really not worthy of Lin Kai.

Being able to sleep with Lin Kai for one night is a great blessing, and I dare to expect to marry him, what a joke.

However, he naturally wouldn’t say these words.

Xu Fu looked at Lin Kai angrily and said, “Boy, you must marry my daughter!”

“It doesn’t matter what you do. From now on, the child can follow my Xu family name.”

“As for you, you usually live with your husband and your children at home. If your work is okay, you can make money to support your family.”

“Being able to join my Xu family is a blessing you have cultivated in a few lifetimes. As a human being, you must know how to get enough.”

Yinshen was already ready to move when he heard Xu Fu's so bold words.

Dare to insult Lin Kai so much, it's really a crime.

Ai Ping and Ai Lu'er looked at Lin Kai with pale faces, for fear that they might be implicated accidentally.

He was simply seeking a dead end, even letting Lin Kai Ruzhu say such things.

Without seeing what identity he was, he threatened Lin Kai, really impatient.

Ai Ping looked at Lin Kai and silently stepped back and said: "Mr. Lin, we met for the first time today."

He couldn't understand clearly that Xu Fu had a relationship with Xu Fu. It was a company, and it couldn't be too much.

But Lin Kai, he couldn't afford to offend even more.

This is a big man from Jiulong Mountain.

Xu Fu looked at Ai Ping suspiciously, not understanding why he said that.

He wanted to say something, but was stopped by Ai Ping: "Don't say it soon."

It was his boss, Ai Ping couldn't help but interject.

After all, if something happens to Xu Fu, the headquarters might send someone to investigate.

If you find yourself in this behavior, you will definitely not let yourself go.

"There is nothing I can't say." Xu Fu glared at Ai Ping, thinking that he looked down on himself.

It's just a little rookie who has nothing to do. It is his great honor to join the Xu family.

"Oh, you... do it well."

Ai Ping sighed and didn't say much. Anyway, he had already reminded him as soon as he entered. It is not for him to control whether he listens or not.

Now, it only depends on how he chooses.

"What do you mean?"

Xu Fu glared at Ai Ping, then settled accounts with him later.

“Boy, how are you thinking?” Xu Fu put his posture very high.

Chapter 1200: Face Slap

Chapter 1200

“Although our Xu family is a newcomer in the East China Sea, and the influence is not very good, it is useless for anyone to look down on us!”

“The main force of our Xu family is not here, but you can rest assured, join my Xu family, you can walk sideways.”

“You mean I can’t walk sideways now?”

Lin Kai couldn’t help but laugh out loud. Whether he can be the king and hegemony in this East China Sea depends on whether he will join the Xu family?

The tone is really not small.

Xu Fu was a little surprised when Lin Kai said this.

Looking at him carefully, he didn’t find anything unusual.

The only thing that makes people’s eyes shine, except for his glory, is the momentum of the whole body.

If you stand without talking, you will inevitably be mistaken for the outstanding offspring of that big family.

But so what?

It’s not a waste of nothing.

If it wasn’t for the face of his daughter, he wouldn’t be allowed to become a parent.

“Young man, don’t be too arrogant. I advise you to think about it.”

“Brother, you quickly agree.” Xu Yujia said eagerly: “As long as you agree, we can be together.”

Hearing her say that, Elur couldn’t help but sneered.

Is this man a fool?

Leaving aside Lin Kai's identity, why should he be involved?

Besides, what right does she have to say such a thing?

In front of Lin Kai, they were not even qualified to carry shoes.

"What are you fox like laughing at!" Xu Yujia stared at her angrily, thinking that the reason Lin Kai didn't want to marry herself was because of her.

"Don't you just have **** and big butts, so what?" Xu Yujia held his head high and said triumphantly: "Your family is not as good as me. Besides, your dad will kneel and lick my dad."

Hearing him say this, let alone Ai Ping, even Xu Fu's face was a little ugly.

This was just what he said accidentally at home, but he did not expect it to be said by his daughter.

Although Ai Ping's current position is not as good as his own, the company has decided to promote him and raise his salary. I don't know what will happen then.

"Ai Ping, this is a little girl talking nonsense, don't take it to heart."

"Good, good." Ai Ping said nothing, looking at Xu Fu with a black face.

He was not capable before, but now it is different.

Compared to the fact that he hadn't stated Lin Kai's identity just now, he felt more at ease.

Seeing Ai Ping doing this, Xu Fu sighed and said nothing.

On the contrary, Xu Yujia looked indifferent. What is so arrogant about a person who is not as good as his father?

What she cares about now is that Lin Shanxi will not marry herself.

"Brother, you quickly agree."

"That said, I'm not interested in getting married."

Lin Kai already showed them a lot of face, and he insulted himself so much that he didn't let them die.

Xu Yujia's lungs were about to explode with Lin Kai's refusal, and Xu Fu's expression was even more sullen.

"I don't know anything good or bad, dare to refuse my daughter!"

Xu Fu felt that Lin Kai was shameless, and many people were crying and begging to marry her daughter.

When he arrived, he dared to dislike his daughter, and he really didn't know how to live or die.

"Give you one last chance, or don't blame me for being rude!"

"Boy, you better think about it! Otherwise, today next year will be your anniversary!"

If they dare to insult their Xu family like this, there is no need for it.

"is it?"

Lin Kai looked at him in his spare time and threatened him?

What a bravery.

Ai Ping pulled Ai Lu'er over, and neither of them spoke, waiting for Xu Fu to finish.

They were already competitors, and he had better be killed by Lin Kai, so that he would be happy.

"What do you mean?" Xu Fu glanced at Lin Kai, always feeling that something was wrong.

It stands to reason that if he is really a person who has done nothing, he should feel scared when he hears this.

But soon he figured it out, he just got into the horns.

How could the people who can come in this kind of banquet and talk with Ai Ping be ordinary people?

But so what?

He Xu Fu is such a girl, naturally he wants to give her the best.

"You must be a parent. As for your family, our Xu family will compensate you."

Regardless of Lin Kai's background in Donghai, he knew about Xu's family even if he wanted to come to his family.

As long as he is compensated enough, they will agree to it.

It doesn't matter if there is only one son. In the future, the Xu family will give it to them, and will not give it to outsiders.

Xu Fu even thought that when the time comes, their two powerful alliances, together with the help of the group, will become a first-class family in the East China Sea, and it is just around the corner.

It's just a pity that Lin Kai's next words interrupted his thoughts.

"Compensation? Do you think you came out?"

Lin Kai was too lazy to talk nonsense with him, and was reluctant to reveal his identity directly at first.

But don't blame him for being so uninterested.

Xu Fu stared straight at the token in his hand, wondering if he had read it wrong.

What did he see?

The token of Jiulong Mountain!

Lin Kai turned out to be from Jiulong Mountain!

"you you you"

Xu Fu simply didn't know what to say.

What did he say just now?

Let Lin Kai join the Xu family? Compensation for their family?

He wanted to go back in time and slap himself severely. Why did he say such a thing?

"Great...sir, it was all a misunderstanding, misunderstanding just now."

Xu Yujia looked at her father's sudden change of attitude, furious.

"Dad, what are you doing!"

She grabbed Xu Fu and said, "I want him to marry me. What do you mean by whispering to him!"

Xu Yujia was so angry that she grabbed the token on Xu Fu's body and threw it to Lin Kai.

"Brother, you just don't like my dad, and you can't throw things at him!"

"After we get married, you have to honor my father."

Xu Yujia looked like a family member and taught Lin Kai: "It is not easy for my father to raise me so much. If you marry me, you must honor him."

"Also, you..."

"Do you think I will marry you?"

Lin Kai grabbed Xu Yujia's chin and forced her to look at herself: "What are you?"

"Brother, how do you talk!" Xu Yujia's chest was violently up and down, just like a hamster.

He was really annoyed. He thought that Lin Kai was a good man when he saw righteousness. He didn't expect him to treat his father like this.

"Are you in charge?"

Lin Kai let go of his hand, a bit too disgusted, took the handkerchief that Yinshen handed over, wiped his hands, and then lost the handkerchief.

When Xu Fu saw it, he quickly picked up the handkerchief carefully.

"I just didn't know Taishan, and I asked the adults to let the villains go."

"Don't worry, as long as you say something in the future, Xu Fu will definitely die!"

"Didn't you just say you want me to be a parent?"
