Chapter 1211: Painful Memories

Chapter 1211: Painful Memories

“shut up!”

Li Shengxian yelled, not daring to look at Lin Kai and their expressions.

For fear of seeing the disgust and disgust on their faces.

He would never think that he would still recall that humiliating memory.

In fact, Li Haoxian was right. Before he met Lin Kai, he was an ant under his feet.

As long as he wants, he can kill himself with a finger.

At that time, because I contradicted him.

His brother, Li Haoxian sent someone to give him medicine.

He cried, begging for mercy.

He didn't know how long the torture lasted, but he only remembered that after waking up, he had to lie down in the hospital for a month before he recovered.

Now that Li Haoxian mentioned that memory suddenly, Li Shengxian even went back to the scene of that day.

“Ah, you go away, don't touch me.”

He opened Lin Kai's hand extended and looked at them with a confused expression, as if they were the mother and daughter pair that day.

Seeing him like this, Li Haoxian smiled cheerfully.

Just such a waste, still wanting to fight with yourself?

It's ridiculous.

Looking at Li Shengxian who looked crazy, Lin Kai directly knocked him out.

His current mental state is a bit wrong, and he can no longer accept Li Haoxian's stimulation.

Li Haoxian, who was originally laughing on the sofa, saw Lin Kai walking towards him step by step, and stepped back in fear.

Frozen for a moment, staring at Lin Kai fiercely as if he had just reacted.

He is not afraid of him.

Isn't he from Jiulong Mountain, if he is also, he can be so arrogant?

I don't have a strong background, but what about?

He looks like Li Haoxian will get revenge if he comes. If he dares to offend him, then wait for death.

"What did you do to him?"

What did Li Shengxian go through at the beginning to let Li Shengxian hear him mention the incident and become like this?

"What are you? Do you care?" Li Haoxian sneered with disdain, and turned his head directly.

"is it?"

Lin Kai punched him in the stomach without hesitation.

It hurt so much that he arched his body back, and spewed out a big mouthful of things mixed with food scraps and blood.

"Don't tell me?"

Holding his fingers, Lin joked with a gentle face, but for Li Haoxian, he was really terrified.

Before he said anything, he felt a "click" from his finger.

Before he could react, he felt painful, but another finger made a "click".

Just like this, Lin Kai broke his fingers one by one without waiting for him to cry.

The pain of broken fingers with ten fingers connected to the heart can be imagined.

But for Li Haoxian, he was already a little numb.

He couldn't even feel himself, the presence of two hands, a very numb feeling.

The whole body was soaked in cold sweat, he wanted to leave, but he couldn't make even slight movements in pain.

"Are you really not talking?"

Lin Kai touched his fingers intentionally or unintentionally, and it hurt so much that he felt that he was suffering from breathing.

"I... won't tell you! You will know tomorrow!"

Li Haoxian almost squeezed these words out from between his teeth.

He was really in pain, leaning on the sofa, breathing heavily, trying to relieve this bitter cry.

But when I thought of tomorrow, Li Shengxian would be completely finished, and suddenly felt that it was no big deal to suffer now.

"Do you think you can send it out tomorrow?"

Lin Kai called Kang Kai in front of him and told him directly that in the recent past, any news about Li Shengxian must be intercepted so that they will not appear in the eyes of the public.

Listening to Kang Kai's voice clearly coming from the phone, Li Haoxian was like a discouraged ball, as if losing all his energy.

He naturally knows Kangkai's blue sky technology.

If he is there, those things will be sent out by themselves, and it will not help.

"You are ruthless!"

Li Haoxian stared at Lin Kai fiercely, wishing to smash him into pieces.

Why should he appear here!

It was all because of him that everything he owned was snatched away by Li Shengxian's trash.

All this should be his!

He thought crazily, as long as Lin Kai disappeared, everything would be back on track.

What people from Jiulongshan?

so what?

He is great, but he is not bad.

In just such a short time, Li Haoxian had several ways to get rid of Lin Kai in his mind.

Lin Kai didn't know what he thought, even if he knew it, he wouldn't care.

If he really has this ability, it is that he is not as skilled as humans, and if he dies, he will die.

“Why, want to kill me?”

Lin Kai looked at Li Haoxian, grabbed his wrist and twisted it fiercely, twisting his entire arm in an incredible posture.

“what!”

Li Haoxian yelled, and he passed out in pain.

In that moment, he could even clearly feel that the bones and muscles were clearly opening in his body.

“It's really useless.”

It wasn't until Li Haoxian fainted that Tianshi Huang appeared.

Seeing Li Haoxian who was still trembling in a coma, he had to talk, but Lin Kai did not act lightly.

“What are you going to do?” He glanced at the two brothers on the sofa and sighed.

In a family like them, either you die or I live, even if it is a brother, it is impossible to live together in peace.

“Let Li Shengxian handle it.”

They don't know what Li Haoxian did to him.

In that case, let him decide for himself.

But think about it, as long as the people arranged by Li Haoxian send those photos, they will naturally know.

After waking up Li Shengxian, he looked at Li Haoxian who was on the side and did not speak for a long time, and his silence was completely different from his usual.

Lin Kai and the others didn't speak, and accompanied him quietly.

After a while, Li Shengxian rushed towards Li Haoxian like crazy, slapped him in the face, and directly swollen.

"You wait for me, sooner or later I will beat you uprightly!"

Chapter 1212: Social Flower

Chapter 1212

After speaking, he turned to look at Lin Kai and said, "Brother Lin, let him go."

"I won't need your help all my life. I want to learn to be independent."

"This time, I was impulsive. I won't be anymore."

He said sincerely, "Don't worry, I will defeat him!"

He was also a descendant of the Li family, he didn't believe it, how could he lose to Li Haoxian?

He used to be unbelievable, but now he won't.

He has repented and is no longer the self he used to be.

Li Haoxian is great, but he doesn't think he is much weaker than him.

The reason why this is happening now is just a lack of discipline.

And Li Haoxian is a good target. If he can defeat him, he can learn a lot from it.

Seeing Li Shengxian say so, Lin Kai naturally wouldn't say anything else.

Since he is willing to learn, he naturally has to agree to him.

Even if something happens at that time, there will be nothing wrong with oneself.

“You have a good sense of measure.”

“Yes, Brother Lin.” Li Shengxian nodded and agreed.

Seeing Li Haoxian who fainted on the sofa, it was just a few feet.

What comes later is what comes later.

What is happening now is that I have to teach him a good lesson so that I can vent his anger.

Watching Li Shengxian’s movements, Lin Kai and Huang Tianshi observed a silent silence for Li Haoxian for three minutes.

Finally, when Li Shengxian was tired, he was able to let him go.

I made a call to the Li family and asked them to come and pick them up.

Naturally, Li Haoxian provoked Lin Kai and was beaten, otherwise Li Shengxian would be unlucky.

After sending him away, Li Shengxian felt exhausted.

“It’s all over.” Lin Kai patted Li Shengxian on the shoulder.

“Yeah, it’s all over.”

He clenched his fists tightly and vowed in his heart that if he meets the mother and daughter again, he must make them pay!

“Brother Lin, go out?” The more Li Shengxian thinks about it, the more irritable he gets.

“Let’s go.”

Lin Kai picked up the coat on the sofa and put it on, just as he wanted to go out for a while, it was too tiring to be with this old Huyou.

The two wandered aimlessly in the street, and unknowingly they arrived at the property owned by the Li family.

“Brother Lin, I think your clothes are always in so many colors, can’t we change the color?”

“up to you.”

Lin Kai, who was dragged in by Li Shengxian abruptly, was forced to look at his colorful clothes and try on himself.

He just couldn't understand, why is a big man so keen on shopping?

"Bring me the clothes in that man's hands."

"Sorry Madam, which gentleman has already booked."

"is it?"

With the sound of high-heeled shoes, a slightly sarcasm sounded: "Isn't this Young Master Li? Why is it being kept now?"

After speaking, the two couldn't help but laugh, completely ignoring Li Shengxian's face.

Li Shengxian looked at the two, but he didn't expect to see them again soon.

Thinking of what Li Haoxian said before, Li Shengxian only felt angry.

"Naturally, it is no better than you. A thousand people ride and ten thousand sleep."

"The Li family's dog has learned to bite?"

The young woman dressed in a cheongsam that was tight to the thigh, walked in front of Li Shengxian one step at a time, looking disdainful.

"Li Shengxian, have you forgotten what you looked like in front of your grandmother? As for you, you can just go over and kneel down for me!"

Ji Rou looked at Li Shengxian with a smile, and unknowingly thought that he was a gentle person.

"How can we be raised by a man and can't kneel down for us?"

Ji Rou's mother Huang Yue smiled disdainfully: "Don't forget, you were enjoying yourself at the time."

Speaking, she walked up to Li Shengxian, touched his chest and said, "I don't mind if I do it again, aren't you happy?"

Seeing Huang Yue who winked at himself, Li Shengxian only felt sick.

"Don't touch me with your dirty hands!" He took a few steps back, the disgust on his face, obvious.

“Do you dare to let my grandma go?”

Ji Rou was so angry that no man dared to speak to her like this.

“Li Shengxian, do you think you are amazing? Isn't it time to give my grandma to my knees and beg for mercy?”

“Who was crying and shouting, let auntie give it to you?”

Ji Rou looked at Li Shengxian with a smile, but what she said could anger people to death.

“You also know that grandma is the most kind-hearted. Didn't she make you dance, knock her head and give it to you?”

“Don't worry, as long as you be my dog obediently, I will give you as much as you want.”

What she meant by what she said was naturally self-evident by those present.

Even Huang Yue also said: “How many people in the East China Sea want to spend the Spring Festival with our mother and daughter. They still don't have this blessing.”

Seeing their triumphant looks, Li Shengxian only felt sick.

For a long time with them, Li Shengxian was scared.

He was afraid that he would get sick, and more than half of the men with faces in Donghai had slept with them.

Seeing Li Shengxian's disgust, Ji Rou was so angry.

Isn't it just a waste of the Li family, what right do you have to shake their faces here?

I really don't know what to do!

“Li Shengxian, let me tell you that from now on you will be grandma's dog, do what you ask you to do, and if you don't let me torture you, it didn't feel good that day.

“shut up!”

They repeatedly mentioned the incident that day, and Li Shengxian wanted to kill them on the spot.

In other words, it is anyone, regardless of whether it is a man or a woman, who is still being teased when being drugged. There are really few people who can stick to it.

He had no choice but to surrender, otherwise his life would be over.

“Li Shengxian, grandma is used to you?”

When Ji Rou thought about it, she was about to reach out to beat Li Shengxian, but he grabbed her arm.

“Why, want to kiss Fangze?”

Ji Rou cast a wink and had to say that she did have this capital.

With just such a wink, most men looked at it, and their bodies were almost half-struck.

This is precisely because of this, the mother and daughter company can be said to be thriving in the East China Sea.

Even though they have offended many people, but whoever lets them sleep with more men and can talk to anyone, many things are naturally gone.

“Lee Shengxian, let me go!”

Ji Rou stared at him fiercely, out of anger.

Nothing more than a plaything under my skirt, now I have learned to contradict myself?

“Believe it or not, grandma killed you? Kneel down and apologize to me!”

“Otherwise to torture you to death!”

Seeing that his daughter was caught, Huang Yue slapped him directly while Li Shengxian did not react.

“Let my daughter go, or let your dad take a good look at Young Master Li, he also has the potential to be a chicken!”

Chapter 1213: I Am Afraid

Chapter 1213

“You say it again?” Li Shengxian stared at Huang Yue fiercely, as if to eat people.

Dare to threaten him with those videos and give things to his dad?

They really think that with those things, they can do whatever they want?

Huang Yue naturally saw that Li Shengxian was angry, but she didn't care at all.

As long as he has his handle, he will not be able to turn the tide.

Furthermore, something happened, and Li Haoxian hid them.

At that time, even if Li Shengxian was a dude, but he was also from the Li family, how could they dare to start?

Just do it, but also begging them to give themselves a chance.

If it weren't for Li Haoxian to help them, how could he have the opportunity to play with Li Shengxian?

Therefore, Huang Yue didn't care about his words at all.

"If you don't let my daughter go, I will catch you and torture you severely."

"Remember those things? Can we find you a lot of fun again."

Huang Yue blinked at Li Shengxian, showing an expression of "you understand".

He naturally knew what those things were. Thinking of what happened at that time, Li Shengxian couldn't help it anymore.

She slapped Ji Rou's face a few times, and kicked Huang Yue aside as if she couldn't help but slap her.

The two were stunned directly, but Li Shengxian didn't expect Li Shengxian to actually dare to do it.

The two are equally pitiful, I see a pitiful face, looking at you.

A man can't stand it.

But Li Shengxian didn't seem to have seen it. He looked like an angry lion, staring at the two angrily.

"Handsome guy, you see how he treats his sister like this, you must avenge us."

Ji Rou looked at Lin Kai pitifully, like an innocent little girl.

Lin Kai had seen her kind of tricks a long time ago, and I don't know how many times, so naturally he has no interest in it.

“roll.”

“What are you talking about?” Ji Rou had not been insulted so much before, and immediately became angry.

Angrily stood up from the ground and drove towards Lin.

“You tell me again!”

Even if she was angry, Ji Rou’s voice sounded soft, as if she was acting like a baby, no wonder she could arouse a man’s desire for protection.

It’s just that all the methods they have are useless in Lin Kai.

“Go to kneel and apologize to Li Shengxian, and give me back all the things he did.”

Don’t they think that kind of thing is very happy?

Then let them try it out for themselves.

“You little white face, can you tell me again?”

Lin Kai can be said to hate the three words “little white face”.

It was just a punch to Ji Rou’s stomach, causing her to scream in pain, lying on the ground, unable to get up.

“Do you dare to beat my daughter, I will kill you.”

Huang Yue said that she was also a mother. Her daughter was injured, and she rushed over like crazy.

He was kicked directly by Lin Kai and couldn’t get up for a long time.

The mother and daughter lay on the ground, feeling full of resentment.

If you dare to do this to them, you must make them pay!

Seeing the two mother and daughter lying on the ground, Li Shengxian only felt refreshed in his heart.

“Leave it to you, don’t overdo it.”

Lin Kai left after speaking.

He knew that because of this incident, Li Shengxian felt uncomfortable, but this was just to let him vent his anger.

At the same time, he also wanted Li Shengxian to understand that he could not be blinded by hatred.

In fact, once a person reaches a certain position, he will understand that revenge does not matter.

Because of the people who have hurt themselves, I am afraid.

She will find ways to make herself forgive him, at all costs.

Not long after Lin Kai went out, there was a woman's gasp.

He froze for a moment, his face a little ugly.

Li Shengxian was with two women at the same time. To be honest, he couldn't accept it.

But this is his choice, and he can't say anything.

Lin Kai looked into the distance with the smoke in his mouth, vomiting clouds and mist, not knowing what he was thinking.

Hearing the movement behind him, he was a little surprised: "Why did you come out so soon?"

"They paid a lot of money in order to become socialites."

"I tied the two of them together, it's enough for them, and I want them to taste this uncomfortable taste."

Lin Kai was taken aback when he heard Li Shengxian's words, and shook his head with a smile.

He has indeed changed a lot, not before.

But this is good, people always have to improve.

"I gave them a holiday today for the people in the store, it's so hard for them!"

Looking at the somewhat childish Li Shengxian, Lin smiled and said nothing.

Time passed by, and the gasp in the room gradually decreased.

When the two of them entered, they saw the mother and daughter, their faces flushed, and they were enjoying themselves.

Lin Kai glanced at them disgustingly and felt a little sick.

After Li Shengxian got the photo he wanted, he untied the rope.

After the two left, it took a long time for the mother and daughter to gradually wake up.

After seeing their current expression in the mirror, the two gritted their teeth, wishing to kill Li Shengxian.

“Mom, I want to kill him! Kill him! And the man!”

Ji Rou hated the tickling of the roots of her teeth. She had never been so embarrassed before.

Fortunately, there are no people now, otherwise the reputation of the two of them will be completely gone.

Although the two of them don't care.

After finally getting home, Ji Rou immediately called Dong Shu's father and asked him to teach them a lesson.

Originally, he had promised well, but after hearing Lin Kai's name, he immediately changed his mind.

She changed people, and it didn't work to call Xu Fu, but it didn't work to call Ai Ping. She was so angry that she just dropped the phone.

“These old men who turn their faces and don't recognize people!”

Usually let them do whatever they want, but today they dropped the chain, which really annoyed him.

Huang Yue looked at her daughter's angry look and patted her back comfortably: “Good girl, don't be angry. Mom will find someone for you.”

“Mom, you must teach them well, dare to insult me like this, it's really mad!”

Ji Rou stomped her feet, looking aggrieved.

Looking at the tear marks on his daughter's face, Huang Yue only felt distressed.

Chapter 1214: You Hurt Me

Chapter 1214 You Hurt Me!

“Good girl, don’t worry, mom will not make them feel better.”

How could she swallow the girl who had been sore in her hand for decades and was bullied by them.

Not to mention my daughter, because of her career, she was trained to be what she is now.

She felt guilty at first, so she naturally couldn’t let anyone bully her daughter.

From where Li Haoxian asked for Li Shengxian’s cell phone number, he sent a message and asked him to meet at her house at five o’clock.

If she doesn’t come, she will have the pictures sent to Li’s house.

As for what Li Shengxian shot, she didn’t care at all.

As long as you can have a better life for your brother and daughter, it is completely fine to let her take off her clothes and let those people do anything.

She didn’t believe it anymore. Faced with this threat, he still could not come, Li Shengxian.

Although she is no match for the Li family, Li Shengxian is just an abandoned son of the Li family, and it is not worth paying attention to.

She didn’t even know that Li Shengxian had already reborn and became an indispensable existence of Li Cheng’s family.

While waiting for Li Shengxian, she called many people, and finally Zhang Zhen came.

Although her heart was dissatisfied, she couldn’t say anything, she could only endure the discomfort in her heart.

Time passed by, and Li Shengxian had not come yet, but Zhang Zhen had come first.

As soon as he came, he put his mother and daughter in his arms and moved his hands up and down, so happy.

“Ah, you hate it.”

“Hurry up and let them go.”

After a while, the two of them softened into a pool of water, leaving Zhang Zhen to do whatever he wanted.

When Li Shengxian and the others arrived, they heard the voices of joyous men and women in the room, and the people who listened were passionate.

After waiting for another five or six minutes, the door was opened, and a rotten smell rushed into the nose instantly.

Lin Kai held his nose and took two steps back in disgust, until the smell dissipated.

Huang Yue leaned on the door frame and looked at the two with amorous feelings.

“come in.”

I have to say that a woman who has just been moisturized looks unique.

“I think you know the purpose of calling you here today.”

Huang Yue tilted Erlang’s legs and took out a cigarette from the table to light it.

“As long as you kneel down and apologize to my daughter today, I will consider letting you go!”

“Of course you also know that we are still very satisfied with your performance that day.”

“You have to stay with us for a month, otherwise we won’t accept an apology.”

Li Shengxian couldn’t help laughing when Huang Yue said so.

“Do you think you are worthy?”

Li Shengxian looked at her condescendingly: “Either you kneel down and apologize to us, or beat them to kneel and beg for mercy.”

“Ha ha ha ha.” Huang Yue couldn’t help laughing while covering her mouth.

“Only you?”

She pointed to Li Shengxian’s chest, winking like silk: “Why? With your identity as the Li family son?”

“Do you think the Li family cares about your life and death?”

In the previous words, Li Shengxian would naturally be angry with Huang Yue.

But it won't be anymore. The Li family doesn't care about him, it doesn't matter anymore.

His only goal now is to become strong enough to help Lin Kai.

Huang Yue was a little surprised by Li Shengxian's reaction, but he didn't expect him to be angry.

"I won't waste time with you, so hurry up and apologize, otherwise don't blame me for being cruel."

Huang Yue didn't bother to continue entangled with them. She was not comfortable yet. After the matter was resolved, she had to stay with Zhang Zhen.

"What are you?"

Li Shengxian went straight over and pressed Huang Yue on the sofa with a look of disgust: "What qualifications do you think you have to make us kneel?"

"My Li family makes you behave like this?"

If it were not for the identity of the person who came in, Li Shengxian would not say that.

I have to say that sometimes the name of the Li family is somewhat useful.

For example, Huang Yue hesitated for a moment.

Although Li Shengxian is an abandoned son of the Li family, she is also from the Li family, and she still has to worry about it.

But thinking of Li Haoxian, Huang Yue felt nothing.

She pushed Li Shengxian away from her body and patted the non-existent dust on her body.

"What about the Li family? When I get to Huang Yue's place, I must apologize too!"

She has a tough attitude, and she doesn't give up if she doesn't apologize.

As for Li Shengxian, she is horizontal, follow her horizontally.

Anyway, he was fearless, even if he made trouble in Li's house and Lin Kai was there, they would only turn to himself.

“Let us apologize, it’s really a bear heart and leopard courage!”

Li Shengxian kicked Huang Yue without hesitation, and she couldn’t get up because of her weak legs.

Being grabbed by his neck, Huang Yue only felt embarrassed for a while. She hadn’t been treated like this before.

“Who was I? It turned out to be the Li family’s hairy boy.”

Zhang Zhen’s voice made Huang Yue feel relieved.

With him, he would not believe in Li Shengxian, and dare to be so arrogant.

“Who was I, it turned out to be you rubbish.”

Li Shengxian didn’t bother to look at him straight, but he remembered his son insulting Lin Kai.

“Who else is rubbish?”

Zhang Zhen angrily walked downstairs, really turning him back.

A little Li family dare to treat himself like this, really knowing how to live and die!

You must teach him well, so that he understands that even the Li family can’t offend yourself.

After he walked down, he wanted to slap Li Shengxian.

But after seeing Lin Kai sitting on the sofa like a sculpture, he was stunned for an instant.

He didn’t know the identity of Lin Kai.

But it can also be seen that Kang Kai respects him so much, and his identity is naturally not simple.

“Brother Zhen, you hurry up and teach them that you are bullying them. It’s too much.”

Huang Yue took Zhang Zhen’s arm and acted like a baby. If she didn’t know her age, she was really about the same as the twenty-eighth girl.

After listening to her, Zhang Zhen couldn’t say a word.

Who the **** knew, Lin Kai was the one who offended this stinky woman.

Just because of Lin Kai, Kang Kai contacted and cooperated with himself.

If this offends him again, he will be completely finished.

Before thinking about it, he slapped Huang Yue's face with a slap, and cursed fiercely: "You **** bitch, are you hurting me?"

"Do you know who is who?" He pointed to Lin Kai and said, "You dare to offend, it's really commendable. The whole East China Sea is no better than you."

"What do you mean?" Huang Yue stared at Zhang Zhen blankly, completely unexpected that things would become like this.

Didn't he just vowed to tell himself that he must teach them well?

Why did you change your mind so quickly?

What is the identity of that humble man?

"Brother Zhen, didn't you say you want to help me?"

Chapter 1215: Listen To You

Chapter 1215

"Help you?" Zhang Zhen's expression changed instantly when he heard it.

She thinks this woman is just a fool.

Didn't you think of what you just said?

At this time, I dared to pull myself into the water.

I thought this was a smart woman before, but now it seems that I was wrong.

Did Lin Kai kneel down and apologize to him?

Why didn't she let Li Cheng's family come over and apologize to her!

Zhang Zhen couldn't wait to kill Huang Yue on the spot. If it weren't for the contacts behind her, who would want to associate with this old woman?

Looking at the angry Zhang Zhen, Huang Yue wasn't a fool either. Naturally, it was obvious that Lin Kai's identity was not simple.

She looked at the two people in surprise, not knowing what to say for a while.

"Brother Zhen, did you lie to me?" To be honest, even now Huang Yue feels a little unbelievable.

"What do I lie to you for?"

Zhang Zhen wanted to kill her on the spot, so fucking, he hit this evil star again. Isn't this seeking his own death?

Seeing Zhang Zhen who was furious, Huang Yue did not dare to say a word.

After a long pause, she turned her head to look at the two people opposite, shivering, unable to say a word.

She actually provokes such a big man, isn't she seeking her own death?

No wonder they called those people and asked them to help themselves. After hearing Lin Kai's name, they all refused.

It was also that she was so dazzled by anger that she ignored such an important matter.

"That, Brother Zhen, what shall we do now?"

She tightly grasped Zhang Zhen's arm, and her nails pinched out blood stains on his arm.

Zhang Zhen didn't seem to feel it, and said nothing.

Looking at the two, Li Shengxian showed a disdainful smile.

Wasn't it arrogant before?

How did you get confused after knowing their identities?

Now he understands more and more that many people are bullying and fearing hardship.

As long as you are better than him, you just let him die and dare not resist.

He looked at the two indifferently, and his heart became more and more grateful to Lin Kai.

Had it not been for him to help himself and climb out of the mud, he still didn't know what it would become.

Seeing that they didn't speak, Zhang Zhen and the others didn't know what they should do, and they didn't dare to speak rashly.

The group was so silent, no one spoke.

When Ji Rou came down in her pajamas, she saw two groups of people standing there, staring wide-eyed.

She leaned on the railing lazily and asked, "Mom, did they agree to the request? "

"If it's not for disagreement, I will teach them a good lesson. It's really a bunch of people who do not live or die."

"Even our mother and daughter dare to fight, it's just going to die."

She looked at them with disdain, and the disgust on her face was obvious.

As if standing in the same room with them, to her, it was a huge insult.

Zhang Zhen and Huang Yue were frightened by Ji Rou's words.

Ji Rou winked at her several times, as if she hadn't seen it, she still said to herself.

In the end, Zhang Zhen couldn't help it any longer and said loudly, "Shut up!"

This is simply looking for death.

What Huang Yue said just now has already offended them.

As a result, she came again to add fuel to the fire. This was not deliberately looking for excitement.

"Uncle Zhang, what's the matter with others?" Ji Rou held Zhang Zhen's arm aggrievedly and shook it.

If it were normal, Zhang Zhen could not help but want to molest this little fairy.

But right now, he has no desire at all.

My life is almost gone, I still want to play a fart.

"Stand up for me and apologize to Mr. Lin quickly!"

It was the first time that Zhang Zhen had spoken to Ji Rou in this way, with the aura of a superior person on his body, and could not help Ji Rou bow his head.

But letting myself apologize to them is a great insult to Ji Rou.

“I do not want it!”

She put her arms around her chest, pouted and said, “Why should I apologize?”

“Obviously they offended me, they want to apologize to me!”

Hearing her saying this, Zhang Zhen and Huang Yue subconsciously looked at Lin Kai’s expression.

How could Lin Kai let them see?

For a time, the two of them only felt frightened.

“Rourou, don’t tell me anymore.” Huang Yue quickly pulled Ji Rou aside and explained to her in a low voice.

After listening, Ji Rou looked at the two and couldn’t say anything.

If what her mother said was true, what did she do?

With a “gudong” and swallowed, Ji Rou didn’t dare to imagine what she would suffer.

“Mr. Lin, it was just a little girl who was ignorant. I hope you can forgive her.”

Huang Yue looked at Lin Kai with a smile, hoping that they wouldn’t care too much.

But this possibility is really too small.

In other words, if someone provoked themselves so much, they would naturally not let them go.

“immature?”

Lin Kai looked at her blankly: “I am not sensible in her twenties, so if I kill her, am I not sensible?”

“Your identity...” Huang Yue stopped halfway after saying.

Because of Lin Kai’s age, she was about the size of her daughter.

Ji Rou was so insulted for a while, and tears of anger fell.

“You smelly man, don’t think I don’t know what you are thinking!”

She said that she took off her pajamas without hesitation. He was about to rush into Lin Kai’s arms.

“Don’t you just want me?” Ji Rou looked upright: “Just give it to you!”

Unexpectedly, Lin Kai avoided waiting for her to pounce, causing her to fall directly on the sofa.

“What do you mean?” Ji Rou looked at Lin Kai angrily, thinking that he was insulting herself.

Huang Yue, who was on the side, was also stunned for a moment, and she was happy to see what happened to her daughter.

But I didn’t expect Lin to meet this way.

“Rourou, shut up!” Huang Yue was so frightened, she knew her daughter’s temper. If she quarreled with Lin Kai, it would not be a joke. If she was not careful, they would die.

“What qualifications do you have for me to look up to?” Lin Kai leaned close to Ji Rou’s ear and said a word, instantly her face turned gray.

“Because of this?” She muttered to herself, Huang Yue looked at her daughter worriedly, but couldn’t say a word.

“Leave it to you, don’t let me down.”

“Yes, Brother Lin.”

Knowing that Lin Kai hated dealing with this kind of thing, Li Shengxian agreed.

After he left, he had no interest in what Li Shengxian did with them.

Yin Shen looked at Lin Kai who was lonely from behind, and slowly sighed.

He felt that it was time for Lin Kai to find a woman to accompany him.

But no matter what the group of them said, he just remained unmoved.

“Sir, why don’t you find someone to accompany you?”

Chapter 1216: Drunk With Huang Tianshi

Chapter 1216: Drunk with Huang Tianshi

Yinshen finally asked the question in his heart, and he couldn't understand why.

Hearing that he didn't ask, Lin Kai was taken aback for a moment, then laughed.

"do not know."

This is the truth.

He himself didn't know why.

The appearance and body are all top beauties, and he is not without them.

But I don't know why, but I am not tempted by them.

Whether it was acting on the spot or demonstrating affection, every time he came to the door, he suddenly regretted it and withdrew.

Even after so long, he still doesn't know what he is avoiding or waiting for.

With a sigh, Lin Kai felt that it didn't matter.

People, in this life, it is impossible to always struggle with this matter.

Yinshen could also see the entanglement on Lin Kai's face. Since he said so, he naturally didn't have to ask much.

I thought about it all the way, but I didn't know how to comfort Lin Kai.

On the contrary, Lin Kai looked at him and thought what was wrong with him.

The person under his hand knows it himself.

Nothing can't be like this without abandoning it.

After thinking about it, Lin Kai couldn't help asking, "Yinshen, what are you thinking about? Are you thinking about whom? If you are..."

"Huh?" Yinshen replied with embarrassment: "Sir, what did you just say? Sorry, I was lost, I didn't hear it."

Hearing Yinshen's answer, Lin Kai simply didn't know what to say.

It is rare for him to take the initiative to care about his subordinates, and the usual situation, but Yinshen treats him like this?

Looking at Lin Kai with a gloomy face, Yinshen felt more guilty.

Feeling that as the husband's personal bodyguard, he has neglected his duty, it is really a crime.

He had already thought about it, and when a few of them took over, he would go in and receive the punishment.

As for the debt now, otherwise no one will protect Mr.

Lin Kai didn't know Yinshen's thoughts, because of his own expression, he had thought so much in such a short time.

But even if he knew it, he would at most give Yinshen a sentence: "You think too much."

Because this question failed, Lin Kai was too embarrassed to speak again.

However, Yinshen felt that because of his own reasons, the victim was angry, and it really deserved death.

In this weird atmosphere, the two soon arrived home.

Looking at the home that had been turned into a garbage dump in less than a long time, Lin Kai almost couldn't hold back, letting Yinshen throw Master Huang Tian out of the house.

"You are back."

Huang Tianshi asked worriedly: "How is the matter?"

Originally he wanted to go together, but Lin Kai stopped it.

"never mind."

Seeing that Lin Kai was unwilling to say anything, Tianshi Huang sighed, and did not continue to ask more.

In fact, he also knew that Lin Kai and the others would have no trouble, but they couldn't help but worry.

It was Tianshi Huang, too angry.

She was fine at home, but the children who didn't know where she came from were clamoring around here, constantly thinking about him. .

Finally, thinking about being quiet today, I want to think of something.

Imagine how to get your things back.

As a result, the children who didn't know where they were coming from kept yelling and interrupted his thoughts from time to time.

Huang Tianshi was so angry that he grabbed one and returned.

I just want to talk to her well and let them understand.

But it was such a trivial matter that almost scared Huang Tianshi to death.

He didn't want to cause trouble. Thinking about it, just apologize.

But those people seemed to surround themselves because they knew that they didn't lack money, or for other reasons, those people didn't know where to find so many people.

It didn't take long for Lin Kai to return. She was surrounded, and after knowing the specific situation, she didn't know what to say.

"What do they want?" Lin Kai looked at the more and more children outside, and his expression was a little wrong.

Being surrounded by a group of half-year-old children for the first time, Lin Kai couldn't tell what it felt like.

"You said I returned her back, or what?"

Seeing Huang Tianshi pointing at a girl in the corner, Lin Kai couldn't wait to slap himself.

After coming back for so long, he didn't notice that there was a girl in the house.

"Don't hurry up and send people back to me?" Lin Kai wanted to choke Huang Tianshi to death.

This old and dishonest person always causes trouble for himself.

After talking for a long time, Lin Kai, who let the children leave, felt exhausted physically and mentally.

If this is changed to an adult, this matter will be resolved with a few words.

But facing children is different.

No matter what you say, they will admit the truth.

Tianshi Huang looked at him embarrassedly, Lin Kai with a gloomy face, smiled awkwardly, a little embarrassed.

Unexpectedly, his negligence would cause them so much trouble.

For a long time, Lin Kai sighed softly and went to take a bath.

He felt it was necessary for him to take a good rest.

Otherwise, he might be hit to death by that stupid lack.

After he came down, Huang Tianshi looked a little solemn.

“What happened?”

Huang Tianshi sighed and handed the note in his hand to Lin Kai.

There is nothing on it, just “I miss you.”

They don't even need to think about it, know which female grandmaster did it.

If he didn't catch her for a day, and didn't know her news, Huang Tianshi felt that her identity was like a big mountain, pressing **** him.

“What are you going to do?”

“What else can I do?” Huang Tianshi's expression was a bit decadent: “You protect me, and you won't die suddenly.”

Now he has no other requirements, just hope that he can live longer.

Hearing what Huang Tianshi said, Lin Kai patted him on the shoulder.

The tacit understanding between the two of them for many years is naturally unnecessary.

Sitting on the sofa, you have a drink, I have a drink, and the two drank three or four bottles without knowing it.

Even though they had drunk so much, the two of them still spoke clearly as if they hadn't seen it.

When Li Shengxian came back, he felt the smell of wine in the house, and almost made him vomit.

"Brother Lin, what are you two doing?"

He looked at things all over the floor and didn't know what happened during the time he was not at home.

"It's okay."

Lin Kai pulled Li Shengxian over, insisting on drinking.

After three rounds of drinking, Li Shengxian was already drunk and could not get up, sitting on the ground and unable to climb.

It is Tianshi Huang, who has been a little drunk after so long.

That is to say, Lin Kai is still like a okay person, with nothing on his face.

"Send them back to the room."

Standing on the roof alone, Lin Kai looked into the distance, making people feel that he might evolve at any time.

"Why can't I find it?"

Chapter 1217: Drunk Crazy

Chapter 1217

He muttered to himself that Lin Kai is not a person who likes to show some things to everyone.

If it wasn't for the effects of alcohol this time, he wouldn't be like a fool, rushing to the roof, looking at the moon talking to himself.

If Lin Yuan's matter is not resolved, he will not be able to sleep peacefully.

However, even though he had searched for so long, the news still had no effect.

“Sir, you can start from somewhere else.”

The sudden voice made Lin Kai stunned for a moment, without speaking.

He also knew that what Yinshen said was reasonable, but it was impossible.

Departing elsewhere?

How easy is it?

The news that Lin Yuan was in the East China Sea was only obtained by wasting a lot of manpower and material resources.

Now, through the mouths of some people in the Leiyuan Group, it is confirmed that Lin Yuan is still here.

The only thing that bothers him now is that he can't find Lin Yuan's whereabouts for a while.

The messages they give themselves are somewhat useful.

Because he started with some companies that Leiyuan Group has invested in, more and more people have appeared on the bright side recently.

Although this method is slower.

But after waiting so long, he doesn't mind waiting any longer.

A good hunter must have enough patience.

The East China Sea is just this big, and I rummaged throughout the East China Sea, not afraid that he will not appear.

Lin Kai looked at the moon, drinking the wine in the bottle.

He handed the bottle to the Yinshen, lying on the roof, watching the moon slowly fall asleep.

Yinshen originally wanted to take Lin Kai down, but thought of something

Any movement may disturb her sleep, so she had to give up.

Quietly by Lin Kai's side, Yinshen didn't know what was thinking.

For him, turning the entire East China Sea upside down is a very easy task.

It was not that he had thought about it, but if he did this, Lin Kai would be under too much pressure.

In addition, he is a person who is afraid of trouble, and they can only come slowly step by step like this now.

The moon gradually sinks to the west, and the east reveals a white fish belly, and thousands of glowing clouds are glowing red under the sunlight.

When Lin Kai opened his eyes, he saw the sunrise, and his mood was much better.

“what time is it.”

“Sir, you can rest for a while, it’s still early.”

“Let’s go.”

Lin Kai jumped up from the roof and fell to the ground with ease.

As soon as he entered, Li Shengxian, who had come down from the stairs, scared a spirit.

Li Shengxian looked at the room, then at him, scratching his head with some doubts: “Brother Lin, were you still in the house just now? Why did you go out?”

“I’m not at home.”

Lin Kai frowned and looked at Li Shengxian. He was not in the room, how could he see it?

“This, this...” Li Shengxian rubbed his eyes, making sure that he was right.

“How come there are two Lin brothers?”

He looked at Lin Kai who had just gotten up from the bed, and then at him standing at the door, his spirits were a little confused.

“How is this possible?”

He dragged Lin Kai down in the room and let the two stand together. After looking at it for a long time, he didn’t see any difference.

Even Lin Kai looked at himself next to him, his face a little ugly.

“Old Huyou, don’t you hurry up and get the stuff off your face?”

“What are you asking me for?”

Huang Tianshi’s voice was uploaded downstairs.

After a minute, he took the small teapot in his hand and walked down in a daze.

“Lin Kai. You...”

After seeing two Lin Kai in the room, he instantly became sober.

“Are you conjure?” Huang Tianshi looked at the two Lin Kais, looked up and down, and from time to time reached out and squeezed the two of them.

“roll.”

The two voices in unison, if not for two people standing in front of them, would be the same as one said.

“Admit it yourself, don’t let me do it.”

Tianshi Huang took Li Shengxian to sit on the sofa and looked at them blankly.

“Acknowledge what?” The person who pretended to be Lin Kai frowned, and learned Lin Kai’s expression by ten percent.

As soon as Li Shengxian was about to speak, he was stopped by Huang Tianshi.

“What do you say to admit?”

“Old Huyou, what do you mean?”

I have to say that he also knew exactly how Lin Kai called the people around him.

It seems that it has been observed for a long time.

For so long, they haven’t found out that it is indeed amazing.

“What do I mean?” Huang Tianshi slapped the table and stood up all at once: “You said you, who is not good at learning? I have to pretend to be Lin Kai? You really laugh at me!

Tianshi Huang didn’t know whether to call him smart or stupid.

Although what he imitated is indeed the same, there are too many differences.

But what interests him is how he did it and imitated it so much.

Even with something he just developed recently, there is no way to do this.

“Old Huyou, what do you mean?” Fake Lin Kai looked at Huang Tianshi angrily.

“What do I mean, don’t you know?”

Tianshi Huang didn’t bother to talk nonsense with him: “You are still obedient, do you think you can really imitate him?”

The gap between the two is too big, even though he imitated many places well.

But the aura of Lin Kai’s body is something he has never been able to possess in his entire life.

“Old Huyou, don’t force me to take action!” Fake Linkai looked at him angrily, wishing to kill him on the spot.

Extraordinary, an old man, dare to come here and hit the ground.

“Do you know what Lin Kai is like?” Huang Tianshi sighed, and sat on the sofa for a while: “He won’t move me at any time.”

Lin Kai, who had been silent for a while, said coldly: “Yin Shen.”

Fake Lin Kai looked at the hidden **** that suddenly appeared, a little flustered.

He knew that Lin Kai was following such a person, but he didn’t expect it to be like this.

How do you ask him to find someone who will change a lot?

“Pretending to be Mr. You deserve to die!”

If it was not useful to keep him, Yinshen would not let him go so easily.

The fake forest being lifted by the hidden gods opened, struggling vigorously.

Even though he knew that he had been exposed, he still didn’t give up: “Old Huyou, try to move me!”

“And your hidden god, you commit the following things, I will kill you.”

The few people present turned a deaf ear to his words.

Huang Tianshi moved around, touching his face or somewhere from time to time.

“You let the labor and management go!”

Being shackled by an old man like this, leaving the forest open, only felt sick for a while.

“To shut up!”

Huang Tianshi glared at him viciously, and tore open his clothes. After seeing what was on his body, he couldn't help but laugh.

“What I said, it turned out to be like this.”

Said, grasping a place where the fake forest opened his chest, and pulled it up forcefully.

“Stop it!”

Chapter 1218: Whose Person?

Chapter 1218 Whose Person?

No matter how he yelled, Tianshi Huang didn't mean to stop at all.

With a sour shout, Huang Tianshi tore off the human skin mask from his chest.

I have to say that this human skin mask is really good. Who would have thought that he would do this position on the chest?

After tearing it off, the fake forest revealed its original appearance.

Because he was wearing a human skin mask, he has now been torn off, and his whole person looks red.

Only one head, bald.

Staring at Huang Tianshi resentfully, Tian Ran wished to kill him.

For this mission, he prepared for so long.

Unexpectedly, they had already seen it through before I did it.

Forget it, now that they are caught, I don't know what will happen to me.

Now he suddenly regretted the next task.

I didn't expect that they would be so powerful, and they would easily see through their disguise.

It was also that he was too careless. The previous successes made him subconsciously feel that there is nothing great about being a person who is in serious trouble for his boss.

"If you want to kill you have to do whatever you want."

When he finished speaking, he closed his eyes, as if he was dealing with him.

Anyway, things have reached this point, and the boss will not send anyone to save him anywhere, so it is better to let his fate.

Seeing Tian Ran's attitude, Huang Tianshi looked at Lin Kai, making him feel what to do.

"Go ahead, why impersonate me."

Tian Ran was not surprised at Lin Kai's question.

Because after the bosses he pretended to be taken away by them, the question he asked was nothing more than "Why are you pretending to be me?"

Or "Why did you arrest me".

"Why should I tell you?"

"You all just want to pretend to be me and do something."

Otherwise, what's the point of pretending to be him if they are idle?

Tian Ran was not angry when Lin Kai said it.

This is the truth anyway, there is nothing to hide.

"Who made you impersonate?"

In fact, the first person Lin Kai thought of was Lin Yuan, but he quickly denied it.

Because Lin Yuan knew that there were people around him all the time.

Then there are conflicts in the East China Sea, but those people who don't know him well.

This range is relatively large, and it is somewhat wasteful of time to find out.

“Are you talking or not?”

“It's dead to say or not, so there is nothing to say.”

When I started working on a line, I clearly understood that once I was spotted one day, there was only one dead end.

There is no superior person who will leave a person who can imitate himself.

In this world, power, money, status... too many things, it is easy to get lost.

Without absolute certainty, no one would do this.

After all, no one can guarantee that in the face of such a big temptation, someone can still resist it.

“I may not die after saying it.”

I have to say that what Lin Kai said was very attractive.

Tian Ran swallowed and licked his dry lips.

To be honest, he didn't want to die.

Can live, who wants to die?

Don't say that he doesn't believe in Lin Kai, how can he allow someone who can impersonate himself to exist?

“I won't tell you!”

After saying these words, Tian Ran closed his eyes and rested, as if he didn't want to pay attention to them.

He dare not gamble.

Without telling me, my family can still live.

But what if you said it yourself?

You may not be able to live, on the contrary, your family members will also be implicated.

Although he is not a good person, but for his parents, he can't help but be killed because of his own reasons.

“Since you don't say anything, don't blame us for being impolite.”

Tian Ran was a little disapproving, he hadn't been caught before.

At that time, he was also subjected to a very severe criminal law, but not only did he carry it, he also managed to wait for the boss to rescue himself.

It was also because of that incident that he became more loyal to his boss.

The group of them forced themselves to say it. It was nothing more than that, so he wouldn't be afraid.

But what happened next, Tian Ran was scared.

Who could have imagined that he was suddenly lifted by the back of his neck and flew directly into the sky.

The bitter cold wind blew on his face, like a knife cut, countless cuts were made all over his body, and his clothes became even more tattered.

He wanted to curl up, but found that he couldn't do it at all.

I could only watch, the hidden **** loosened his clothes and fell straight down.

During the fall, he clearly heard the sound of his heart beating, his ears roared, and he couldn't hear anything.

At this moment, he really knew he was afraid.

He didn't dare to think, if he just fell like this, would he die because he couldn't adapt to the sense of weightlessness half the time.

When he felt that he was about to die, he felt that he was caught again.

In that instant, his heart even stopped beating.

He was scared.

Holding Yinshen's arm, I want to tell him, I will speak out.

But he was trembling, his mouth opened and closed for a long time, without saying a word.

Some resignedly closed his eyes, and Tian Ran suddenly felt scared.

If it were those criminal laws, he completely believed that he could escape.

But it was so extreme that he had seen it for the first time.

Suddenly I felt that in front of my own life, the lives of my family were not so important.

Tightly grasping Yinshen's arm, motioned to him with his eyes, don't throw yourself down.

I don't know if Yinshen understands, Tian Ran really doesn't know what to do now.

Just when he thought he had to go through it again, he felt like he was thrown to the ground.

Tian Ran opened one eye tentatively and saw that he had returned to the place where he had been before, and his heart was let go.

After taking a sigh of relief, Tian Ran was completely restored.

He really knew he was scared.

I was offended. Such a powerful person is simply seeking his own death.

Now it is impossible to expect that so-called boss to save himself.

Now it seems that he has long known that Lin Kai's identity is not simple, otherwise he wouldn't say anything at first, and asked the young lady to take his family to travel.

When I want to come, I just want to grasp my own handle and not let myself turn back.

He said silently in his heart: "Parents, I'm sorry, my son is not filial."

It was really scary, Tian Ran never wanted to experience it again.

Tian Ran licked his lips and said, "I want me to tell me that you can do it too. I hope you promise me one condition!"

Chapter 1219: Know Everything

Chapter 1219

In fact, Tian Ran knew in his heart that this was a foolish dream.

If they can let themselves go, it is already a great gift.

With their identities, it is only a matter of time to find out who is behind the scenes.

Now that he was given a chance to survive, he still didn't know what was good or bad, what else would he offer?

But his heart hurts.

Let yourself give up the lives of your parents in exchange for your own lives, and feel sad.

But what can we do?

With a heavy sigh, Tian Ran waited for Lin Kai's promise.

No matter whether he agrees or not, he will say it.

The reason for doing this is just to find a little psychological comfort for myself.

"What are your conditions?"

Although Lin Kai didn't say whether to agree or not, this already surprised Tian Ran.

He quickly replied: "My parents are being held hostage by them."

"If I betray them, they will definitely die."

When talking about this, Tian Ran was a little choked and killed his parents with his own hands. The pain can be imagined.

Chang Shu breathed a sigh of relief and continued: "I implore you to promise me and retrieve the remains of my parents."

Tian Ran hadn't reported any thoughts that he might be alive.

Now he can only bring their bodies back after they have died, and let them return to their roots.

"it is good."

Lin Kai agreed, and he also knew that once Tian Ran said it, his parents would be finished.

Seeing Lin Kai's promise, Tian Ran was taken aback and said, "Thank you, Xu Fu is the one who asked me to do this."

"I have been raised by the Xu family for more than ten years, and they..."

Tian Ran could say yes, and said everything he knew.

The more I hear, I have to admire that Xu Fu is indeed a scheming person.

So early, not to think so long-term, but to do it well.

"I know so much, I hope you can abide by the agreement."

"This is natural." Lin Kai is not a backer, since he agreed, he will naturally do it.

Seeing Lin Kai's promise, Tian Ran's heart completely let go.

Regardless of whether Lin Kai lied to himself or not, he felt somewhat comforted.

"As for the others, I don't know. Besides me, there are three or four such people under him. I can provide you with their news."

Tian Ran is also a chance to live for himself, as long as he doesn't say it all at once, he will live longer.

At the same time, he was telling Lin Kai that he knew a lot about Xu Fu.

As long as he is safe and sound, and he has done what he promised, he will abide by the agreement and tell all he knows.

Lin Kai glanced at Tian Ran and smiled.

Just such a glance made Tian Ran panic.

He felt that Lin Kai had seen it through, what he was thinking about, but he didn't say it.

The sweaty and sticky feeling in my hands makes people feel very uncomfortable.

He kept admonishing himself to be calm.

Although it's a bit bad, but to survive, I can't care about so much.

Standing aside quietly, Tian Ran didn't dare to say a word, for fear that if he accidentally annoyed Lin Kai, his life would be ruined.

Li Shengxian and Huang Tianshi looked at Lin Kai expressionless, not knowing what he was thinking.

After a long time, Lin Kai winked at Yinshen.

He immediately understood and knocked Tian Ran unconscious without hesitation.

Tian Ran only felt a pain in his neck, and his eyes turned black.

The last thought before he fell was that Lin Kai turned his back on him and wanted to kill himself.

"Throw him to the second floor!"

"Old Huyou, go with Yinshen to check the companies he said to see if this is the case."

"If this is the case, this matter will be difficult to handle."

Xu Fu recruited many companies to Leiyuan Group.

If he does, he can guarantee that others will not.

At the moment, we can only find out what we know and solve them one by one. As for the rest, we can only take it slowly.

Yin Shen and the others left, Li Shengxian's expression was a little ugly.

"I know what you are thinking, the Li family doesn't have this ability yet."

"I got it."

Li Shengxian nodded, still somewhat worried.

Although he doesn't like the Li family that much, but that is where he grew up.

Not to mention that he still wants to take over the Li family, so that he can help Lin Kai at that time.

If it's someone like Xu Fu. Occupied, really maddening.

"I will let the old Huyou pay more attention."

“Thank you Brother Lin.” Li Shengxian sighed, and that’s the only thing now.

Li Shengxian walked around the house a little anxiously, and Lin Kai looked dizzy.

As soon as he closed his eyes and prepared to take a break, Yinshen and the others returned.

Throwing down the person in his hand, Yinshen replied: “The Li family company, only this person is there. As for the others, I have asked the employees of the company, and they all said it was a business trip.

Lin Kai nodded. It seems that these people are not always in the company.

But it is also true that a person’s living habits for decades are not the only ones that can be imitated overnight.

In order not to be noticed, they naturally inevitably go on business trips every other day.

After waking up the people on the ground, he struggled vigorously: “Do you know who I am? Let go of me!”

Seeing that they were unmoved by Lin Kai, he continued: “You kidnapped me for money.”

“As long as you let me go, let’s discuss how much it will cost.”

Those who can be chosen to imitate those companies’ presidents will naturally know that they are not fools.

Unfortunately, he met Lin Kai and asked for nothing.

I just want to know the whereabouts of Leiyuan Group.

Seeing Lin Kai sitting on the sofa, motionless.

Li Shengxian immediately asked fiercely: “Don’t pretend, tell us what you know.”

The man froze for a moment, and said angrily: “Isn’t this the Li family son? What do you mean by the Li family?”

“How can I say, I am also a person with a face and a face in the East China Sea, so you just caught me silently?”

“Or is your Li family going bankrupt, and the poor have to rely on kidnapping for a living?”

...

I have to say that he pretends to be very similar.

It's just a pity that he has been confessed by Tian Ran.

"Old Huyou, it's time for you to shoot."

"Look at me."

Old Huyou put the whisk on his waist, rolled up his sleeves, and smirked, which makes people feel awkward.

"You..." The man on the ground kept backing away in fright: "What are you going to do! I warn you, stay away from me, or I...or I..."

"Otherwise, what are you?" Tianshi Huang turned a deaf ear to his threat, and directly stripped his clothes.

"You stinky shameless, **** me away!"

Chapter 1220: Means Of Shock

Chapter 1220

"Don't look at yourself, I'm not interested in you.

Huang Tianshi's disgust, but you said it was overblown.

If it weren't for Lin Kai, he wouldn't be interested in picking up a man's clothes. It would be awkward to think about it.

I have to say that Tianshi Huang should dislike him. Although he has the power and money, he is really ugly.

It's Huang Tianshi, don't look at his sloppy look. When he was young, he was a handsome guy well-known far and wide.

Just dressing up now can fascinate thousands of old women.

It's just that he doesn't want to.

"Then don't you let me go!"

He looked at Huang Tianshi in horror, for fear that he would do something wrong with him.

“Shut up for me!”

Heavenly Master Huang didn't know where to find a rag with a foul smell and stuffed it into his mouth.

Seeing the man begging to die, Li Shengxian shuddered.

Suddenly I understood why my father told me so so that he would not provoke Tianshi Huang.

If you are not careful, your life is gone.

He took off the man's clothes skillfully, and Huang Tianshi groped his body skillfully, and quickly found the position of the human skin mask.

His skillful movements make people wonder if he often does this kind of thing.

“what are you going to do?”

Seeing where Huang Tianshi was holding it, the man was completely scared.

He finally understood why these people weren't afraid of their threats.

It turned out not because of Li Shengxian's relationship, but they knew that they were a fake.

When Huang Tianshi tore off his human skin mask, when it hurt so much, he even took the time to think about who betrayed himself.

“Woohoo.”

He kept twisting his body, only to feel a tearing pain on his body.

As the human skin mask was torn off, the man felt as if he was not himself.

Seeing the strange face that appeared in front of him, Li Shengxian couldn't help but sigh.

This technique is really good. With this, it's easy to impersonate someone else.

Fortunately, Huang Tianshi explained to him that this thing can't be made casually.

In addition, if you want to pretend to be another person, you must not only learn all aspects, but also have the same height and body shape, otherwise others will see it at a glance?

Being so dismantled by them, the man was also dumbfounded, and finally slumped on the ground weakly.

“How did you know?”

He couldn't figure it out. How could he be discovered if he didn't show anything?

“Did someone tell you?”

This is his second reaction.

I want to come too, only a few of them know about this.

Although some people have tried them by knocking on the side, but even if they want to break their heads, they don't know that they will wear human skin masks.

“What's your name?”

“Why tell you!” The man held his head up, with an arrogant look.

“A lot of nonsense.”

Yinshen punched directly, and the painful man clutched his stomach and lay on the ground, unable to get up for a long time.

“first name.”

“Li Fugui.”

“What does it have to do with Xu Fu?”

Seeing that even Xu Fu knew about them, Li Fugui's face turned pale, and he looked at them in surprise, not knowing what to say.

After a long silence, he still bowed his head.

I think it was a traitor among them, otherwise they wouldn't know so clearly.

Since someone has confessed it, it is understandable that he said it to survive.

With this idea in mind, Li Fugui knows everything without saying anything.

There are even many situations that are more detailed than Tian Ran said, and there are even some news about Leiyuan Group.

For Lin Kai, this was a big surprise.

After speaking, Li Fugui kept observing their expressions and wanted to see something useful.

Seeing that none of them spoke, he wanted to speak, but he was a little scared in his heart, so he could only look at them quietly.

After a long time, Lin Kai asked Yinshen to throw him up and be with Tian Ran.

“Old Huyou, what can you do to make the human skin masks on their faces disappear directly, instead of like us, you need to pull them down directly!”

He had already thought of a plan in his heart, and now as long as Lao Huyou stays on the chain.

“Yes, but it’s a bit troublesome. You can wait two days.”

“it is good.”

He is not in a hurry. The top priority now is to rescue the bosses of those companies.

Without them, this plan cannot be implemented.

Two days are enough to save them.

After Yinshen came down, Lin Kai told him an address: “Send someone to stare at and act tomorrow night.”

“Yes, sir.” Yinshen recruited immediately.

Tianshi Huang on the side looked envious: “Lin Kai, how do the people around you teach? One or two are so obedient, you teach me.”

“We are voluntary.”

“you?”

Huang Tianshi clutched his chest, feeling that sooner or later he could be **** off by Yinshen.

“Go ahead and prepare.”

With a fierce look at Yinshen, Tianshi Huang walked away angrily.

Lin Kai who looked at him was amused for a while.

After the two left, the room became quiet.

Li Shengxian, who has not spoken all the time, couldn't help but say, "Brother Lin, what are you going to do?"

"Naturally, Xu Fu was ruined."

Although Xu Fu's position is not high, he has found many investment targets for Leiyuan Group.

If he directly abolished Xu Fu's chess piece, Lin Yuan would have to feel distressed for a long time.

He couldn't find where Lin Yuan was for a while, but what about that?

A little bit of destruction, the kingdom he built by himself, let his dreams be completely shattered, isn't it good?

In order to save his own things, he will definitely show up.

Although knowing that I did it, it was a bit bad.

But Lin Kai didn't care so much.

Lin Yuan's immortality was too harmful.

If he continues to develop like this, it won't take long before the East China Sea will be in his bag, and this is something no one wants to see.

Whether it's public or private, he can't let anyone go.

Li Shengxian looked at Lin Kai's eyes and wanted to say something, but in the end he shut up.

He knew that Lin Kai's decision was correct, otherwise it would be too slow to continue like them.

Li Shengxian said to his lips, he hesitated for a long time before saying: "Brother Lin, my dad recently told me intentionally or unintentionally that he wants me to inherit the position of Patriarch."

Although the dust hadn't settled yet, he couldn't help but want to share with Lin Kai so that he could see his progress.

Although everything is variable, he will solve it completely.

Lin Kai was stunned for a moment, and then smiled: "Good job, keep going!"
