

## Special Forces God Level Extraction System -

### Chapter 1221: Rescued

Chapter 1221

“I will.”

Li Shengxian nodded vigorously, only to feel excited.

He worked hard for so long just to get Lin Kai’s praise.

As for his father and those from the Li family, they were completely ignored.

As early as many years ago, he understood that those people did not treat themselves as family members.

The reason why I am so enthusiastic now is only to see my own change and Li Chengjia’s attitude.

For him now, only Lin Kai is the driving force for his efforts.

Looking at Li Shengxian who was smiling like a sunflower, Lin Kai shook his head funny.

Li Shengxian told Lin Kai about the Li family from time to time, and after he had said his thoughts, he would ask him again.

The two talked like this, birds chirping outside the window, and the sound of wind blowing over the leaves, making a squeaky sound, which made people feel peaceful.

During the conversation between the two, the sun was gradually sinking, and the moon shyly showed half of his face.

When the tired bird returned to the forest, everything fell into silence.

Looking at Li Shengxian who fell asleep on the sofa, Lin Kai took him a quilt and put it on.

As for taking him back to the room to sleep, it is simply impossible.

Although Li Shengxian treats him well, he still resists in his heart to let himself hold her back.

When Lin Kai looked out the window in a daze, Yinshen came back quietly.

“How is the result?”

“Sir, it has been found out.”

Yin Shen recounted everything he found in detail.

I have to say that Xu Fu is actually quite cautious, knowing those people is very important to him, and the hiding place is also very hidden.

Had it not been for the Yinshen had sent someone to follow Xu Fu, he really couldn't find it for a while, where he had hidden those people.

“Be prepared, obviously set off.”

“Yes, sir.”

The Yinshen stayed quietly beside Lin Kai, like a sculpture.

Neither of them spoke, so they stayed quietly.

When Huang Tianshi came down early the next morning, he was shocked by the two people standing by the window.

“What are you doing?”

Lin Kai moved his stiff body for a moment, then smiled and replied, “It's okay, what's the result?”

“With me, it must be a success.”

Then he handed something to Lin Kai and said to him, “As long as this thing touches the human skin mask on their faces, it can dissolve the mask in a very short time.”

He briefly said, as for how complicated it is to make this thing, there is no need to say it.

“Thanks.”

“You have to thank me, why don't you lend me two of Yinshen?”

Huang Tianshi raised his eyebrows at Lin, and the smile on his face felt wretched.

“Do you think that’s possible?”

“You.” Huang Tianshi shook his head and left, still muttering something constantly in his mouth.

“Sir, when shall we leave?”

“Let Shengxian get ready to meet with another boss of the company to be replaced.”

I hope they will like it and give them a gift.

After all arrangements were made, Lin Kai followed the hidden \*\*\*\* to the place where Xu Fu detained them.

I have to say that this place is really remote.

Fortunately, they arranged someone in advance, otherwise they would let them find it by themselves, and they would not find it for three or five days.

After walking for more than two hours, a somewhat dilapidated courtyard appeared in front of him.

Five or six people stood at the door, holding sticks in their hands, walking back and forth.

Fortunately, this place is relatively remote, otherwise they would have caused a sensation.

“How’s it going inside?”

“inside”

After listening to Yinshen’s words, Lin Kai grabbed a brick from the side and jumped down.

The movement here attracted the few people, and they immediately came over with clubs.

The leading man stared at them fiercely: “Who are you? What are you doing here? If you are sensible, get out, or you will be killed!”

After speaking, he took the iron rod in his hand and slammed it against the wall on the side, splashing mud.

If this were replaced by a timid one, he would have been frightened by the man’s hand.

But who is Lin Kai?

People who have been rushing through with bullets and bullets are afraid of this?

“Hand over the people inside, otherwise, die.”

When the words fell, the men felt a murderous intent, and got goose bumps.

One of them was timid, and fell directly to the ground in fright, trembling all over, unable to get up for a long time.

“You...” The headed man calmed down, his expression was unprecedented seriousness.

He can be regarded as Xu Fu’s confidant, otherwise he would not be arranged here.

After all, the people here are very important to Xu Fu.

If they let them escape, Xu Fu would be completely finished.

So the man looked at Lin Kai’s momentum and knew that today’s matter was not so easy to solve.

Looking at Lin Kai with a smile on his face, he said, “Brother, if you don’t talk secretly, tell me what you want to do today.”

“Let’s take a step back, how much do you want, I’ll give it to you!”

Now he can only hope that he can spend Lin Kai with money.

Otherwise, if they really get started, it’s useless if they are crowded.

“I only want the people inside.”

Lin Kai was too lazy to continue talking nonsense with him, and threw the bricks in his hands directly at them.

Seeing that he was about to hit him, the leader only felt his feet soft and avoided.

Before they were ready, Lin Kai and Yinshen rushed over.

Before they waved their weapons, they felt that there was a sharp pain in their chests or other deadly locations, and then the whole person was beaten out.

“Ouch, oops.”

“It hurts to death.”

...

In less than two minutes, everyone fell to the ground, yelling loudly.

Lin Kai was about to walk inside, but was grabbed by the ankle by the leader.

“You...you can't go in!”

He still remembers what Xu Fu said to himself.

But he is really powerless now.

“Do you count it?”

Kicked him to faint, and Lin Kai walked in with Yinshen.

There are more people outside, and there is no one else in the yard except for cooking.

On the outside of the house where the bosses were, there were two or three people guarding.

Seeing Lin Kai and them coming over, they immediately became alert.

Don't talk too much nonsense with them, and the two of them will solve them directly.

After solving them, open the door of the room one by one to let those people out.

The bosses stayed in the house a little hesitantly, not daring to move forward.

“I don't want the country you have worked so hard to lay in the pocket of others, so you will continue to stay here.”

After Lin Kai said so, someone finally couldn't help but walk out.

“Boy, what do you mean?”

## **Chapter 1222: Take Us Out**

Chapter 1222: Take Us Out

“What do you think it means?” Lin asked them with a smile.

These people have been in the mall for so many years, and naturally they cannot be fools.

They naturally understood what Lin Kai meant, and they couldn't help but feel a little angry.

“Who arrested us? Even if it's our family or subordinates, it's impossible. Let's get locked together.”

I have to say that what he said is really right.

A family like them, although many people want to replace it.

But these five or six of them, it's impossible for you to let those people cooperate and do it together.

The more the children come from the big family, the more suspicion becomes.

“Is it related to your family or subordinates? I don't know.”

Actually, I want to come. Without their help, how could Xu Fu succeed so easily?

Seeing their anxious expressions, Lin Kai slowly explained: “It's just that someone has stolen your face and pretended to be your identity.”

“what did you say?”

These bosses look at me, I look at you, do you think Lin Kai has a problem with his brain.

How is this possible?

They are still here, how can they pretend?

“Do you think I need to lie to you?”

Lin Kai sat on the chair that Yinshen handed over, and said with Erlang's legs tilted: “It is not free for me to save you.”

“After you regain control of the company, find a way to take back the company's shares from Leiyuan Group.”

“What Leiyuan Group?”

All the bosses don't know what group Lin Shuo is in, and have never heard of it.

“At that time you will know.”

Lin Kai didn't bother to explain so much to them, and he would know everything by then.

“Why did you save us?”

“It is for you to take back the shares.”

“then you”

“Can you shut up?” Lin Kai glanced at them impatiently, really troublesome.

People like them are very suspicious.

Lin Kai thought maybe they would still think if Lin Kai found someone and they arrested him.

Then I rescued them and produced such a scene by self-directed and self-acted.

“follow me.”

“Why should we follow you?” A boss stared at Lin Kai unhappily.

They are all people who are accustomed to being aloof. How can they tolerate others dictating and giving orders to themselves?

“If you don't listen, just stay here, right?”

Lin Kai kicked over, and the solid wood door was knocked down by him.

The “bang” sounded as if hitting the bosses, frightening them.

When Lin Kai looked at them, they couldn't help but shrink back, feeling that they were the sheep to be slaughtered.

“Let's go.”

No one dared to say anything at this time, and followed Lin Kai obediently.

Because the road here is relatively slow and the car can't get in at all, they can only go out step by step.

The breath is a mixture of all kinds of smells, it can't be said to be smelly, and people who smoke are uncomfortable.

These company bosses, when were they not pampered and where did they suffer such crimes?

It didn't take long for them to feel that their legs were just like lead, and they couldn't walk in pain.

"Well, can we rest for a while?" The boss paused and said, "I think you can walk like flying, why don't we carry us out?"

Hearing what he said, the bosses stopped and looked at him.

In fact, this was their voice, but because of the hand that Lin Kai just revealed, they dare not say anything.

Now that they have the early bird, they can wait for the result with peace of mind.

"Get out with your back?" Lin Kai sneered, "Why don't you just stay here."

What a big face, let you carry them out?

Don't look at what you count?

Lin Kai's words made the boss anxious: "What do you mean? It is your honor to ask you to carry me out!"

"I'm telling you, if you don't take me out, what kind of shares you said, I won't help you!"

Looking at such a tough boss, Lin Kai couldn't help but smile: "Whatever you want."

It doesn't matter whether they help or not.

The reason for saving them is just to make myself relaxed.

It's not that he can't do it, it's just that he doesn't want to waste time on such things.

"The company is not my company."

Lin Kai squatted down and grabbed the man's neck and said, "Don't give me a show of power here, understand?"

"Ah!" The man pushed Lin Kai away and said without shame: "What kind of thing are you, you dare to be here and point fingers at me?"

"I'm telling you, immediately carry me out, otherwise, after seeing me out, how can I clean up you?"

Hearing what the boss said, the remaining bosses couldn't help shaking their heads.

He is so stupid, how can he be the boss of the company?

They don't even know how to get out, only relying on Lin Kai.

If you offend him now, how did they get out!

Lin Kai leaned close to his ear and whispered: "Since you have said everything, you won't let me go after you go out, do you think I will let you out?"

With just a few words, he got up in a cold sweat, stepped back and looked at Lin Kai suspiciously.

"You do not dare!"

"What am I not afraid of?" Lin Kai couldn't help but laughed, "Do you think I dare to come here, but I am afraid of killing you?"

"Know that someone pretending to be you outside, you are dead, no one will know at all."

Lin Kai was telling the truth, and after listening to these people, they were silent.

Yes, they are dead, no one will know.

"We promise your terms, as long as you take us out to play."-

"But I don't want to."

With Lin Kai's words, their expressions changed instantly.

I can't care about so much, my life is almost gone, and I am concerned about cooperation or non-cooperation?

A boss rushed over and hit the man who had just smashed Lin Kai to the ground.

When other people saw it, they followed suit. It didn't take long for the whole alley to be full of his howls.

After seeing it, Lin Kai said, "Let's go."

After walking around for a long time, they finally went out.

Looking at the cars parked outside, they felt like weeping with joy.

“Great grace does not say thank you, this time, I will definitely remember Guo, and I will go through the fire and water in the future wherever it is useful!”

Someone took the lead to say so, and the rest followed one after another.

“Let’s go, take you to meet two people, you will understand when you see them.”

Lin Kai took them and quickly returned to Li Shengxian’s house.

After seeing Li Shengxian, the hearts of these bosses were slightly relaxed.

Although Lin Kai rescued them, he was still somewhat scared.

“Young Master Li, how is your father’s body?”

## **Chapter 1223: Furious**

### Chapter 1223

“Thanks to you, my father’s health is fine.”

To be honest, Li Shengxian really doesn’t want to talk to them.

But Lin Kai also said that this is a good opportunity.

Let him take advantage of this opportunity to attract more contacts.

In fact, these bosses did not say that they were willing to talk to Li Shengxian.

In their impression, Li Shengxian is still the dude, all he knows is eating, drinking and having fun all day long, which is a waste of nothing.

But talking to Li Shengxian is better than talking to Lin Kai.

They can see, which temper is not very good.

If you provoke him, you will die if you are not careful.

“Mr. Guo, it’s been a long time since I saw you.”

The sudden voice made everyone look upstairs.

After seeing the people walking down from above, the bosses were shocked.

In fact, a boss asked Lin Kai incredulously: “What the \*\*\*\* is going on? Why does he look exactly like me?”

“Now you still think that what I said before is coaxing you?”

When Lin Kai said this, they couldn’t help but rang. Lin Kai told them before that if someone impersonated them, even if they died, no one would care.

They didn’t understand until now they saw this person.

The two of them are exactly the same. They stand together and can’t tell them apart.

“How is this possible?”

They couldn’t believe what they saw, it was incredible.

What age is this, there are still such powerful things.

“Take the mask off.”

Tian Ran obediently took off the mask on his face and watched Lin Kai not speak.

“Clarify the ins and outs to them.”

Tian Ran was stunned for a moment, opened his mouth and told them about the incident from beginning to end.

After listening, the bosses were so angry that they wanted to kill Xu Fu on the spot.

“Fuck, grandson tortoise, dare to follow me!”

“You must kill him, or if he continues like this, the entire East China Sea is not his!”

...

Although these bosses looked filled with indignation, Lin Kai could see that many of them wanted the skills in Xu Fu’s hands.

With this thing, wouldn’t it be beautiful that they would pretend to be whoever they want to impersonate?

“My purpose, you also know, now you know how to do it?”

Lin Kai crossed his hands and put them on his knees, so as to watch them in time.

“As for Xu Fu, I will take care of it personally and collect your careful thoughts.”

When Lin Kai said this, they smiled awkwardly, without saying a word.

“What are you going to do?”

“Naturally reveal their true colors.”

“Publish them in public, and labor and management must teach him a good bitch.”

Hearing him say this, the remaining bosses couldn't help but move aside, looking unwilling to pay attention to him.

Sure enough, this person is a fool, and it's really out of luck to be able to sit on an equal footing with them.

It's that they have a way to make them prototype on the spot, but what about in the future?

How can the people under their hands believe that they are their bosses?

Will they doubt their authenticity?

“I will bring them over and interrogate the recent issues. As for the rest, you don't have to worry about it. I will take care of it.”

“Do you want them to impersonate us?”

After hearing what he said, Lin Kai couldn't help laughing: “Do you think it is necessary?”

“If I want to find someone to impersonate you, why should I rescue you?”

“Don't show your IQ here, because you don't!”

When Lin Kai said so, he was furious, but looking at the people eight feet away from him, he could only endure it abruptly.

He hasn't been treated like this before, and when this matter is over, he must teach Lin Kai a good lesson.

“People will come in a while.”

Not long after Lin Kai finished speaking, the Yin Shen and Huang Tianshi returned.

The two held one in each hand and threw the four to the ground.

Looking at people who looked exactly like their own, the bosses were angry and helpless.

“I also ask you to help, how can they show their true colors.”

Those counterfeit goods that were caught shivered with fear when they looked at the authentic products in front of them.

However, there is still a counterfeit who said with a strong attitude: “Who the \*\*\*\* are you? Why do you catch us?”

“And where did your group of counterfeit goods come from? Believe it or not, I let you in and can't get out again?”

Looking at his arrogant attitude, people who didn't know thought he was the righteous master.

Seeing that Lin Kai frowned a little unhappy, Yinshen directly gave the counterfeit a kick.

He kicked his whole person and went out directly, if it weren't for a wall, he would fly out.

“Do you have any comments?”

Being watched by the eyes of the hidden god, including the fakes and the boss bowed their heads, no one dared to look at him.

“Say it.”

Watched by the hidden god, that person explained everything in every detail.

After listening to all of them, the bosses were so angry that they would kill Xu Fu on the spot.

“This old boy, we must not let him go!”

“His grandma, dare to yin us, it's so good!”

...

They felt that they were caught before because someone wanted to ask for money, otherwise it wouldn't be so long and they didn't kill them.

But now it seems that they think too much.

What a good plan. With these counterfeit goods, how long can their company last?

“I killed you!”

A boss surnamed Guo rushed over without even thinking about it, and beat the counterfeit hard.

Even if the bosses who impersonated themselves were not caught, they joined the battle.

This is like a group of ruffians fighting, no one at all thinks that they will be celebrities in the upper class.

Finally, the bosses stopped out of breath.

Those counterfeit goods have also been beaten into disarray.

“This thing can reveal their true colors.”

Seeing what Lin Kai handed him, Guo Jie fell on the face of the counterfeit without even thinking about it.

“what!”

The counterfeit couldn't help covering his face and yelled, with white smoke coming out of his face, looking so painful.

Guo Jie looked at him blankly as if he hadn't seen it.

After five or six minutes, the cries of counterfeit goods were gradually reduced.

From the crevices of his fingers, something slightly yellow, similar to a person's skin color, dripped.

After he took his hand off, the whole person and his appearance had changed drastically.

Looking at the ugly-faced man in front of him, Guo Jie couldn't unite him with his own appearance.

"This is amazing."

## Chapter 1224: Finished

### Chapter 1224

Not only Guo Jie found the supernatural workmanship, but the rest of the people also found it incredible.

They always thought that Disguise was just a thing that existed in ancient times.

Unexpectedly, today, they actually saw this kind of magical thing.

"For you guys."

Holding the potion in their hands, the remaining three presidents also lifted the human skin masks on the counterfeit faces.

Seeing a face exactly like myself, suddenly changed into another appearance, I have to say, it is really a very magical experience.

"The next thing is left to you."

They are not fools, and they should know exactly what to do next.

He can benefit from the left-handed fisherman.

“Thank you very much for this matter. We will never forget your kindness.”

Lin Kai really didn't mind what they said.

They are all people who talk to people and talk nonsense to people, and they know how true or false this is.

“You go by yourself, I have something else.”

He didn't have the time to send them back one by one, it was too much trouble.

“You let us go back?”

“Do you have an opinion? Are you blind?”

For this person, Lin Kai was really bored.

With no emotional intelligence at all, Lin Kai thinks he and Zhu are mostly relatives.

Being so stunned by Lin Kai, he dared not speak in an instant.

After coming out of the house, he spit on the ground fiercely.

“Arrogant shit, wait for me to deal with them, you're done.”

“I'm so angry, I haven't been talked like that yet.”

“You tell me, there are people like him? I really don't have the vision to see!”

...

Seeing that he was about to pull himself to spit, the remaining bosses rushed into the car, kicked the accelerator, and sprayed his exhaust.

“Ahem.”

Looking at the car going away, Zhao Qun almost didn't get angry: “You \*\*\*\* rush to reincarnate!”

A group of people who don't know how to live or die, dare to do this to him, and must teach them well.

Lin Kai watched Zhao Qun drive away crookedly, wondering if he could go back successfully.

“Tell me when they arrive.”

“Yes.”

In fact, they have nothing to do after they return.

It is nothing more than to get acquainted with what has happened in the last period of time and reorganize the company.

But Lin Kai wanted to see how the remaining two people planned to solve it.

I haven't encountered such an interesting thing for a long time, so I naturally want to see it.

Before the news from the hidden \*\*\*\* came, Lin Qianqian called.

Lin Kai hesitated for a while, but still took it.

After all, it was his sister who had been spoiled for so long, so that he suddenly ignored her, which was really bad.

“what happened?”

Lin Qianqian was taken aback when she heard Lin Kai's cold voice.

Then she said like a okay person: “Brother Lin, have you missed others for so long?”

“You don't know what people think about you, what they don't want to eat or drink.”

Lin Kai was silent for a long time and couldn't help but speak, “Speak well.”

“Really annoying.”

Lin Qianqian said a little sweetly: “Will you come to my house in a while? There are surprises waiting for you.”

Just as Lin Kai was about to say something, he heard Lin Qianqian's quick and low voice: “Help me!”

Before Lin Kai asked her what this meant, she said as before: “You can come quickly, there are surprises hidden in many places in the house.”

I don't know if it was because of what Lin Qianqian said just now, Lin Kai felt that her last two words sounded a little vague.

"You have to come quickly, I..."

Before Lin Kai could hear the rest, Lin Qianqian hung up the phone.

I don't know why, Lin Kai always feels uneasy, as if something bad is about to happen.

After thinking about it, Lin Kai decided to take a look.

I always feel that Lin Qianqian just now is not right, although her words are no different from before.

But the phrase "help me" was deeply imprinted in Lin Kai's mind.

Regardless of getting dressed, Lin Kai took the key of the car, kicked the accelerator, and sprinted. It was nearly an hour away, but it took less than half an hour.

He parked the car at a distance from Lin Qianqian's home and touched the Yinshen quietly.

When the two entered, the whole house was quiet.

Although no one spoke, Lin Kai and Yinshen felt a lot of breathing, and they were not alone.

Thinking of what Lin Qianqian said before, Lin Kai already understood.

The two carefully probed the situation in each room.

Seeing that there were only two or three squatting in some rooms, he shot without hesitation and fainted directly.

When the two of them touched the study on the second floor, they clearly heard the sound coming from it.

"Say, how long do we have to wait!"

"His home is far away, at least two hours."

There is no need to think about this sentence, it is Lin Qianqian talking nonsense, in order to help Lin Kai them delay time.

She knew that what she said just now would definitely arouse Lin Kai's suspicion.

For fear that after they came, they would be caught before they could figure out the situation.

The man in the room didn't know what was asked, Lin Qianqian replied loudly: "I don't know."

As soon as she finished speaking, there was a crisp applause in the room.

"I said, I don't know, you have the ability to catch him and ask."

"You are his woman, would you not know?"

Upon hearing these words, Lin Kai understood that it was because of her own reasons that Lin Qianqian was implicated.

"He never told me about him!"

Lin Qianqian said a lot of words quickly, only to hear curses coming from inside, and from time to time it still sounded, various things beating things.

The Yinshen had already observed the situation inside, even if they rushed in directly, there was no way to save Lin Qianqian smoothly.

Those people were also cautious. The two of them held knives and stood by Lin Qianqian's side.

Forget it, another person held it to Lin Qianqian's abdomen.

As long as there is any disturbance, it can kill his face instantly.

Even if the hidden \*\*\*\* enters quietly, it can only solve the front or back, and solve it at the same time.

It seems that this person has also worked hard to threaten Lin Kai.

There was a slight voice in the room, although the volume had been lowered, the two of them still heard clearly.

Hearing what they said, Lin Kai wanted to kill them.

It's a good strategy. Not only will he kill him, but also Lin Qianqian will be tarnished. It's really bold.

Yinshen looked at Lin Kai angrily, and couldn't wait to abolish the clutter.

What \*\*\*\* thing, dare to hit Mr.'s idea, the crime deserves death.

“Sir, I will kill them now!”

## Chapter 1225: Save People

Chapter 1225

“No need to.”

Lin Kai held the Yinshen, let him not be impulsive.

Now they have no way to rescue Lin Qianqian safely.

Once Lin Qianqian is no longer a hostage, Lin Kai will not be soft-hearted.

Furthermore, he also wanted to know who on earth dared to do such a thing.

It seems that his temper is too good, so that anyone can \*\*\*\* on his head.

Lin Kai sneered, and Yinshen moved aside silently.

I couldn't help but mourn for the few people in the room and behind the scenes.

He hadn't seen Lin Kai angry for a long time, it was just a normal attitude no matter how the people made noise before.

Yinshen couldn't help thinking about how to deal with this behind-the-scenes master so that Lin Kai could calm down.

When he was about to say something, there was another voice in the room.

“Say, where is the thing, or hehehe.”

A man smiled sensually, and one could even imagine that he stared at Lin Qianqian wretchedly, looking like he could drool.

In serious cases, it is possible to reach out to touch Lin Qianqian.

“If you don't say anything, I will take off your clothes one by one.”

“At that time, tie you naked outside the window, and let people touch you.”

“What do you think will happen to you?”

Seeing Lin Qianqian still didn't speak, the man was a little surprised: "Don't you like this? Why don't you try another method?"

"Just leave you..."

Listening to the dirty words in the room, even Lin Kai, a man, felt disgusting, let alone Lin Qianqian.

"Ready to do it!"

"Yes, sir."

Yinshen moved quickly to the side with the open window and crawled in silently.

The moment Lin Kai opened the door, he instantly caught the two people standing behind Lin Qianqian.

The person in front of Lin Qianqian smashed the dagger in his hand when he was thrown out by Lin Kai as soon as he was about to do it.

Because of this, Lin Kai's arm was severely slashed, and blood poured out in an instant.

"Mr!"

Yinshen yelled nervously, and his subordinates forcefully heard two "clicks".

When the two people in his hand crooked their necks, he touched the ground.

Seeing Yinshen about to rush over, Lin Kai immediately said, "I'm fine."

After he said so, Yinshen became even more worried.

However, it is better to solve these scumbags first. If you don't solve them, Lin will start a meeting and it will not be good for the wounds.

When Lin Kai gave Lin Qianqian the effort to untie the rope, Yinshen had already solved those people.

I tore off the curtains at will, tying them up like a zongzi.

"Is it all right?"

"Are you injured?" Lin Qianqian looked at the blood on Lin Kai's arm, her eyes flushed instantly.

Before Lin Kai could say anything, Lin Qianqian ran out.

“you”

Originally, Lin Kai wanted to make Lin Qianqian be careful, but when they thought that everyone in the house would be solved by them, there was nothing to worry about.

“what!”

A piercing cry made Lin Kai and Yinshen startled.

I thought Lin Qianqian was in danger and was going to save her.

Before they could find her, Lin Qianqian held a medical kit in her arms, and walked up the wall with a pale face.

“Scared me.”

God knows what it was like to look at a dead body when she went down.

At that moment, she felt that her heart would stop beating.

It took a while before she realized that she was with those people.

Looking at them, Lin Qianqian thanked Lin Kai more and more for so many people.

Fortunately, they didn't come in hastily, otherwise they might not be sure what happened.

Thinking of Lin Kai's wound, she tried to endure the nausea in her heart and walked up slowly.

“Is it okay?” Lin Kai hesitated for a moment, but reached out to support her.

“I'm fine, your wound.”

Lin Qianqian pressed Lin Kai to the chair and bandaged his wound awkwardly.

Lin Qianqian was aggrieved as he looked at the bone wound on his arm with red eyes.

“Why did they catch you?”

“I don't know.” Lin Qianqian shook her head, trying to remember what the group had said before: “They seem to want something from you. As for what it is, they didn't say.”

“This matter, I’m the one who caused you.”

“It’s ok.”

What Lin Kai didn’t know was that Lin Qianqian didn’t know how happy those people were to regard themselves as boyfriends and girlfriends.

Looking at the bow tied on his arm, Lin Kai couldn’t help but twitch at the corner of his mouth.

When the hidden \*\*\*\* on the side saw this scene, he smiled and felt uncomfortable.

“Sir, the host behind the scenes has already asked.”

“Who?”

Lin Kai didn’t remember who he had had a festival with recently, so that they actually found Lin Qianqian here.

“It’s Zhou Ze, one of the bosses you rescued someday.”

“That’s the \*\*\*\* that kept looking for you that day.”

For Zhou Zeen’s revenge, the Yinshen had long been gearing up. As long as Lin Kai gave an order, he promised that he would regret being born in this world.

“Zhou Ze?” Lin Kai chewed the words repeatedly, the smile at the corner of his mouth made people shudder.

Lin Qianqian looked at him with a little fear in her heart, but finally she didn’t hold it back and put her hand on his arm.

The sudden warmth made Lin Kai stunned.

Looking at Lin Qianqian who was smiling softly at herself, she didn’t know why the smile on her face suddenly seemed a bit dazzling.

“Yin Shen, where is that person?”

Walking out of the house in a panic, Lin Kai looked at the sky in the distance, not knowing what was thinking in his mind.

He didn’t know why, seeing Lin Qianqian like that, subconsciously wanted to escape.

Lin Qianqian knew how much he thought about him.

But Lin Kai was unwilling, because he didn't know the specific reason.

In fact, it is not a big problem for a man like him to have three or five confidantes.

He told Lin Qianqian that she would agree without hesitation.

But sometimes people are like this, always very contradictory and unwilling to solve it.

“Brother Lin, why did you run out? Don't you want to be with others?”

Lin Qianqian pressed hard, pushing Lin Kai into a corner.

He held his arms tightly with both hands, and there was a big smile on his face.

They were like this, as if Lin Kai was a young girl bullied by a bully.

“Why can't I run out?”

Lin Kai pressed her under her body, grabbed her chin, and slowly bowed her head.

Lin Qianqian's face flushed slightly, and she closed her eyes expectantly.

But after waiting for a long time, I didn't wait for what I was expecting.

When I opened my eyes, I saw Lin Kai jokingly at her: “How do you feel? Is it fun?”

## **Chapter 1226: Fear**

### Chapter 1226

“You!” Lin Qianqian pointed at Lin Kai, her angry chest constantly rising and falling.

She was really annoyed, and thought that Lin had opened up, but it turned out to be for her.

“You are too much!”

Looking at Lin Qianqian who was frustrated, Lin Kai looked innocent: “You started it first.”

Lin Kai felt a little uncomfortable being rubbed by Lin Qianqian.

When leaving, Lin Kai suddenly stopped and said, “Don’t waste time on me, and don’t play tricks.”

Listening to Lin Kai’s warning, Lin Qianqian bit her lower lip, only feeling a little sad in her heart.

But what she had to admit was that she did what she was sorry for Lin Kai.

Thinking of the day, Lin Qianqian cried bitterly and closed her eyes.

I hope that the day when Lin Kai knows the truth, he can forgive himself.

Because only in this way can I help him to the greatest extent and accomplish his goals.

When she opened her eyes again, Lin Qianqian regained her cold look.

Stepping on six or seven centimeter high heels, he walked into the house swayingly.

“Brother Lin, you were too gentle just now!”

As he said, he cast a wink at Lin, and the hidden \*\*\*\* who looked at the side kept looking at the two of them, wanting to see something from the inside.

“Yinshen, let’s go.”

Lin Kai felt that if he continued to stay here, Lin Qianqian might say something shocking.

Lin Kai felt embarrassed by Yinshen's gaze.

Obviously nothing happened to the two of them, he just felt guilty inexplicably.

After Lin Kai left, Lin Qianqian looked sadly at the back of them leaving.

“Will he really like me?”

Knowing that this possibility is very small, but she still wants to moth to fight the fire, without repentance.

“Sir, why are you walking so fast?”

“Have it?”

Lin Kaikai slowed down, giving a vague look unnaturally.

Looking at Lin Kai like this, Yinshen chuckled twice without saying anything.

Lin Kai was a little uncomfortable being seen by the hidden \*\*\*\* along the way.

After arriving at Zhouze Company, Lin Kai just entered when he was stopped by the front desk.

“Sir, do you have an appointment?”

“Let your boss come down to find me, just say what I want, I brought it.”

“Let our boss down? Are you kidding me?”

The front desk looked at Lin Kai with the same gaze as a fool, and thought that he had a brain problem.

Without looking at who their boss is, what is his identity, let their boss come down to see him?

Are you kidding me?

“Just tell you what he wants and I will give it to him.”

Lin Kai paused for a moment, and said gracefully: “You don’t have to say it. Your boss will blame it at that time. Don’t blame me for not reminding you.”

Hearing what Lin Kai said, the front desk hesitated for a moment. Looking at Lin Kai, he didn’t know what to do.

It didn’t look like a lie to the two of them. After thinking about it, the front desk still called the general secret room.

When I hung up the phone, the face at the front desk was very ugly. Fortunately, he trusted them, but he did not expect to lie to her.

Thinking of what the general secret room said, the front desk couldn’t wait to scold Lin Kai: “Don’t you say you know our boss? You don’t look at your identity?”

“I haven’t seen you such a shameless person, don’t hurry up!”

The front desk cursed constantly, which really angered her.

Do you really think you are a big man?

As a result, the boss didn’t even recognize him.

Looking at the impatient face of the front desk, Lin Kai’s smile has not changed at all, it is perfect like a puppet.

He looked at him like this, and I don’t know why, the front desk felt that his back was chilled.

She just wanted to drive them away when the chief secret room called.

Before she could speak, they demanded that she must keep people behind.

Listening to the busy tone from the receiver, the front desk “gudong” swallowed, and the gaze looking at Lin Kai completely changed.

“Isn’t he a big shot?”

She imagined wildly in her heart, watching Lin Kai smile.

“That sir, please sit here.”

The front desk watched Lin Kai cautiously, for fear that he would be finished by accident.

Thinking of the words just said, the front desk only felt that a small heart “thumped” non-stop.

Before she could give Lin the water, the general secret room came down.

Looking at the people in the general secret room, the front desk sighed. It was the first time she saw them work so efficiently.

“Mr. Lin, our boss invites you to go up.”

“Let’s go.”

Lin Kai patted the non-existent dust on his body and walked up with them.

The front desk looked at Lin Kai and suddenly regretted it. How could his attitude just now be so bad?

If she talks badly about herself in front of the boss, she will be done.

For a small receptionist, Lin Kai really didn’t care.

After reaching the top floor, the secretary led him to Zhou Ze’s office: “Mr. Lin, the boss is inside, it is not convenient for us to go in.”

After saying that the secretary knocked on the door for him, he left with a little embarrassment.

Lin Kai glanced at him strangely, not understanding what the song was about.

“Come in.”

After Lin Kai opened the door and went in, he was stunned by the sight in front of him.

Zhou Ze and three or four naked women lay on a big bed measuring four or five meters in length and width.

Seeing such a disgusting sight, Lin Kai only felt sick for a while.

“Mr. Lin, you are free.”

Zhou Ze leaned on the side with enjoyment, letting the women massage themselves.

Lin Kai then took a chair and wiped it before sitting down.

“Lin Kai, right? I won’t talk nonsense with you, let’s talk straight to the point.”

“I want those people with human skin masks.”

“You don’t have to give me much, just five or six.”

Zhou Ze is obviously the lion’s big mouth, five or six more? Why doesn’t he take people out?

There are only a few people in total, what’s the difference between him and having them?

Seeing that Lin Kai didn’t speak, Zhou Ze continued: “I also know those people are very valuable, but I don’t think you can support them.”

“Well, I won’t let you suffer.”

Zhou Ze put on a generous look and said: “They pretend to be someone else’s expenses, and you and I are equally divided.”

“When they get their company in hand, you and me will be three or seven, and you will be three and seven. What do you think?”

Seeing Lin Kai still not speaking, Zhou Ze couldn’t help being a little angry: “You don’t know how to praise, you don’t look at your identity.”

“Without my help, it would be impossible for you to accomplish this by yourself.”

“So, if you are acquainted, agree to it, otherwise you will be careful that your labor and capital will kill you.”

“You can try.”

## **Chapter 1227: Surprise**

Chapter 1227

“what do you mean?”

Zhou Ze pushed the woman away with a cigarette in her hand, looking scornful.

It’s just that his fat body, with this thing, just feels funny.

There is a feeling of being embarrassed.

“What do I think I mean?”

It was the first time Lin Kai saw such a shameless person.

When paying, pay together.

When the time comes to make money, you take the big head?

Lin Kai really couldn't think of how he could say such shameless words.

“Do you disagree?”

Zhou Ze stared at him fiercely and threatened: “I tell you, don't be too arrogant, what do you think you are?”

“I really think you can hold those things? Will those people have no idea?”

“I advise you to give me things, or be careful that I kill you.”

“Then you come.”

Lin Kai looked indifferent, and he would come if he had the ability to speak big words, who wouldn't.

“you!”

Zhou Ze pointed at him, really furious.

But right now, he can't kill Lin Kai yet.

I don't know where the few people are. If he is killed, his plan will be ruined.

Turning his eyes, Zhou Ze showed a slightly wretched smile: "Brother, I also know that you are upset in your heart, so let me give you five million for one person, do you think it will work?"

"Is five million a lot?"

"You don't know how to praise!"

"Brother Zhou gives you money, that is worthy of you, don't push your nose on your face."

"Yes, I advise you to listen to Brother Zhou carefully, otherwise you just wait to die."

...

"Ha ha ha ha."

Listening to the ridicule of those women, Lin Kai's heart did not fluctuate at all.

But it's just a group of dodder flowers that rely on men, and there is nothing worth noting about the dodder.

"Hey, are we talking to you? Did you hear me?"

Seeing that Lin Kai ignored them, a woman got off the bed angrily.

She didn't wear anything, and walked towards Lin Kai barefoot.

“I tell you, don’t be too arrogant!”

As she said, she raised her slap and turned towards Lin Kai’s face.

Before she touched Lin Kai’s face, she was caught.

She pulled back hard, but couldn’t pull it out.

“Zhou Ze, when a man speaks, what does your woman interrupt?”

Listening to Lin Kai’s words with a little contempt, Zhou Ze came over without thinking,  
and slapped the woman severely.

“Hawk stuff, who the \*\*\*\* made you talk?”

After being slapped by Zhou Ze, the woman didn’t dare to get angry, and quickly  
climbed back to the bed: “Brother Zhou knows that they are wrong. Can you forgive  
them once?”

“Get out!”

Zhou Ze roared, the women glared at Lin Kai viciously, and walked out naked.

Seeing them like this, Lin Kai only felt sad.

What are they doing badly at their age?

I just want to please these rich old men and make them mistresses.

After they went out, Zhou Ze lit a cigar and took a big mouthful.

Seeing him like this, Lin Kai only felt violent.

“They’ve all gone out, and we should also talk about business.”

“It’s time to talk.”

Zhou Ze sat on the bed and looked at Lin Kai: “Let’s talk about it, what is your request?”

“As long as there is no problem, I will try my best to satisfy you.”

“But I can remind you that if the lion opens your mouth, I promise to kill you.”

“Kill me? You can try!”

Seeing Lin Kai approaching him, Zhou Ze suddenly became frightened, not knowing why, every step seemed to be stepping on his own heart.

“What are you going to do?” Zhou Ze took a step back in fear, but he felt quite settled when he thought that this was his own company.

“Dare to send someone to arrest Lin Qianqian? You still want those people, do you think pretty beautiful?”

Lin Kai directly lifted him up, grabbed the collar of his clothes, and directly pointed out the window.

Seeing the crowds and cars chatting about getting off the bus, Zhou Ze held Lin Kai's arm tightly in fright, for fear that he would fall off accidentally.

"You...you want to...do...do what!"

Zhou Ze said such a sentence when he was trembling, he didn't dare to look down at all.

After just one look, I felt dizzy.

If it accidentally falls, it will be a mess.

"You, you, you... do not grasp it!"

Zhou Ze is really scared.

Who is not afraid of this.

This is over twenty floors, really terrible.

"Go ahead, how do you want to die?"

Looking at the yellow things on Zhou Ze's pants, and the smell coming from his nose, Lin Kai shook his hands and scared him to scream.

"If you don't want to die, just shut up."

A big man, called a woman more than a woman.

“Please, I know... I know it’s wrong.”

Zhou Ze’s tears and nose ran down, watching the rubbing against his hand, Lin Kai pulled him up with disgust and threw him into the house.

Zhou Ze was stunned for a moment, trying to stand up and escape, but his legs were so weak that he couldn’t stand up even in battle.

Lin Kai sat on a chair beside him, looking at Zhou Ze in a panic: “Who gave you the courage to move my people?”

Now Zhou Ze really knows to be afraid.

He thought Lin Kai was a trash, but he didn’t expect him to be so powerful.

If he knew this, he would not provoke him.

“I know it was wrong.”

As soon as Zhou Ze finished speaking, he felt a huge force coming from his abdomen, and then he flew out.

With a “bang”, after hitting the door, he fell down.

Before he could react, Lin Kai appeared in front of Zhou Ze, stepped on his stomach and said, “Aren’t you threatening to let Lin Qianqian be a chicken? Why, I will satisfy your wish?”

“You... what... what do you mean?” Zhou Ze moved back cautiously, always feeling that Lin Kai’s words were not good.

“What do you mean?”

Lin Kai showed a smile and fainted Zhou Ze directly.

“You can throw it to him at that nightclub anytime you want.”

“Although he looks ugly, but he can’t hold back money, what should I do, understand?”

“Yes, sir.”

Lin Kaigang was about to leave, but was attracted by something on the table.

Looking at the Leiyuan Group’s logo above, Lin Kai’s heart was beating “bang-bang”, always feeling as if he had discovered something extraordinary.

Opening the letter and reading it in three lines at a glance, the corners of Lin Kai’s mouth couldn’t help but curl up slightly.

It’s really nowhere to find a place to break through the iron shoes, and it takes no effort at all.

He has been searching for it for so long, and today he finally let himself know some useful news.

“Yin Shen, be prepared when you go back, Lin Yuan is about to appear.”

Lin Kai really didn't expect to get such a great harvest here in Zhou Ze.

No wonder he couldn't find the Leiyuan Group's news. They wrote letters and destroyed them after reading them. How could there be evidence?

## Chapter 1228: Perfect Preparation

Chapter 1228

"Lin Yuan, I will definitely catch you!"

Lin Kai grasped the piece of paper, his knuckles were slightly white, and the smile on his face, although gentle, but Yinshen only felt a murderous air, rushing toward his face.

Seeing the look on Lin Kai's face, Yinshen sighed.

The impact of that incident on the husband is really too great.

But also, that kind of thing, it is impossible to be comfortable with who it is.

Sighed, since Lin Yuan was about to appear, Yinshen vowed to catch him!

For him, anyone who opposes Lin Kai is his enemy.

For Lin Kai, he can give his life.

Destroying the letter casually, after two steps, Lin Kai stopped suddenly.

Although Zhou Ze had been impersonated this past, he had contact with Leiyuan Group.

But now they still have contact, so what about the remaining people?

Although it is not yet certain, Lin Kai has decided to go and look for it tonight.

If it doesn't work, let Ai Ping contact them.

Xu Fu has been abandoned, and Leiyuan Group will naturally find someone to take over the East China Sea.

"Let's go."

Glancing at Zhou Ze on the ground, they got up and left.

In the blue sky and white sun, they can never directly carry Zhou Ze's fat meat and take it away to him.

After they went out, several women not far away looked at him, trying to say something, but were afraid to move forward.

Lin Kai glanced at them and left directly.

Without Zhou Ze's order, they would not dare to enter his office at will.

Seeing they were leaving, a woman took two steps and wanted to say something.

But after being glanced at by Lin Kai, he stopped instantly.

Lin Kai wasn't interested in what those women meant.

After going downstairs, the front desk immediately gathered around, with a smile like a flower.

"Sir, you..."

Before finishing a sentence, Lin Kai glanced at it, and she froze directly in place, motionless.

For just that moment, she even felt like she was going to die.

Lin Kai walked a long distance away, and the front desk could even feel a \*\*\*\* smell lingering around him.

"Scared me."

The front desk clutched his chest, and one staggered almost fell to the ground.

After leaving the company, Lin Kai ran into a man head on.

Because he had been thinking about Lin Yuan, Lin Kai didn't avoid it in time.

"You are so \*\*\*\* blind, you don't want to have eyes when you walk!"

"You hit me." Lin Kai didn't want to care about him so much, and was ready to leave after speaking.

But the man began to reluctantly reluctantly, pulling him, not letting go.

He kept yelling: "You hit me and you have to lose money, otherwise it won't make you feel better!"

"You hit me, do you need to watch the surveillance?"

In a word, the man said that the chat shut up.

Looking at the man, Lin Kai turned and left.

What he didn't know was that after he left, the man took out the phone and said, "It has been successfully put on."

Satisfiedly hung up the phone, the man turned and left without looking at the documents scattered on the floor.

Not long after he left, Lin Kai and Yinshen appeared where they were just now.

"Look at whose person."

"Yes."

It's really interesting, do it in broad daylight, when he doesn't notice it?

Looking at the locator in his hand, there was a smile at the corner of his mouth.

I found a car on the street and posted it.

I hope this car will not run too far, otherwise they will find some.

Looking at the surrounding high-rise buildings, there is only a square sky above my head.

The people inside are like canaries in a cage. They want to fly out but dare not.

Flying out is free, but life is gone.

"The world is busy working, just to fill up the stomach with a few pieces of silver."

Lin Kai smiled and shook his head, then turned and left.

He has things that many people cannot touch in their entire lives.

But in the face of these many beings, his power is still small and terrifying.

For a moment, Lin Kai suddenly understood Lin Yuan's desire to completely control the entire East China Sea.

Even though a lot of people are contributing money and efforts, but in the hands of ordinary people, how many?

What Lin Yuan wanted to do was to firmly control everything in the entire East China Sea in his own hands.

When the time comes, he will do as much as he wants. He doesn't have to listen to other people's arrangements, and he has to worry about so many aspects.

Lin Kai sighed, he knew that Lin Yuan had this idea before.

But after so many years, can Lin Yuan still maintain his original heart?

In fact, Lin Kai already had the answer in his mind.

Lin Yuan is not the first him.

With a sigh, Lin Kai understood that the two of them have completely stood opposite each other, either you die or I live.

Looking at the crowded streets, Lin Kai stood on the sidewalk, watching the traffic lights change back and forth, and did not move for a long time.

"Boy, what's wrong with you?"

An old lady looked at Lin Kai with gentle eyes, her face full of love.

Lin Kai froze for a moment, then smiled: "I'm fine."

"Don't you know where you are? The old woman tells you."

Looking at the smiling old lady, Lin Kai gently shook his head: "Thank you, I know how to go."

"Just know it, just know it, go home."

The old lady patted his hand and disappeared into the crowd with a cane with a smile.

Lin Kai didn't lift his foot to leave until he couldn't see the old lady.

He was suddenly lost just now, not knowing whether he wanted to complete Lin Yuan.

But after listening to the old grandma, he suddenly understood.

The road is at your own feet, what you want to do depends on your heart.

“Old Huyou, are Tian Ran and the others still there?”

“What’s the matter? Tell me quickly.”

Huang Tianshi’s tone was full of impatience, mixed with the sound of “30,000, eight” and so on playing mahjong.

Lin Kai hung up the phone helplessly, he had better go back and talk.

Sure enough, after returning home, Lin Kai looked at the four people playing mahjong and wanted to lift the table for them.

“That Mr. Lin, you are back.”

Tian Ran laughed twice with Li Fugui, got up from the chair and looked at them embarrassedly.

Looking at Huang Tianshi’s condemning gaze, I don’t know if I thought Lin Kai had done something heinous and bad.

“You guys continue.”

Finally, when they finished the fight, looking at Lin Kai with a gloomy face, Tian Ran’s joy in winning the money disappeared instantly.

Looking at him cautiously, Tian Ran lowered his head and said, “Um, brother, what’s the matter with you?”

He was so scared now that he offended Lin Kai and died.

Although Tianshi Huang treated them well, he still knew who was in control of their destiny.

## **Chapter 1229: Pretend**

Chapter 1229

“Do you still know how to make a human skin mask?”

Seeing Lin Kai asked about this, Tian Ran was taken aback for a moment, and quickly replied, "I know that we know, but we don't have a machine to make it."

In the beginning, Xu Fu wanted them to change into another person better and let them learn.

But if there is nothing, they cannot be changed out of thin air.

"Xu Fu put the machine..."

"Do you look down on my old man?"

Before Lin Kai finished speaking, he was interrupted by Huang Tianshi.

"I am such a living person, you can't see it!"

Huang Tianshi patted the table, and the whole person was very popular: "I can't make a personal leather mask yet?"

"Lin Kai, do you kid look down on me?"

Tianshi Huang was so angry that with his own professional, Lin Kai went to ask them about those half-hearted people, it's really good to kill, not to be insulted!

When Tianshi Huang said this, Lin Kai smiled embarrassedly, and he forgot about it.

"Since you can, it's easy. Can you make Xu Fu's mask?"

"Your kid just looks down on me!"

Master Huang Tian directly threw mahjong on the table, feeling that Lin Kai was questioning his authority in this regard.

It's not just a shabby mask, for him, it's easy.

"Brother, don't you want to..."

Tian Ran was surprised at what he thought.

This is not a joke, he has been with Xu Fu for a long time.

Although he knew all about his life habits, he would never handle those company matters.

When pretending to be other bosses, I learned a little bit, but Xu Fu told them more.

Moreover, Xu Fu's is different from those of those people, he really can't help it.

"That's what you think." Lin Kai looked at Tian Ran's frown, and naturally knew what he was worried about.

"Recently, I will wear a human skin mask and follow you. You don't have to worry at all."

Listening to Lin Kai's words, Tian Ran's heart was let go.

But he was a little nervous again, let Lin Kai follow, he was a little scared.

Li Fugui on the side, seeing that Tian Ran had made arrangements, he asked quickly, "Brother, what shall we do?"

He was thinking now how to please Lin Kai so that he could help him and rescue his family.

He had already seen these days that Lin Kai would not kill them.

Coupled with Tian Ran's brainwashing of himself in the past few days, Li Fugui felt that as long as he worked hard with him, his future would be limitless.

"You follow the old Huyou to learn how to make a human skin mask."

Tianshi Huang glared at Lin Kai, thinking of his apprentice, he sighed and agreed.

"No problem, I will definitely study hard."

Li Fugui was very excited. Besides using machines to do it, he really wanted to see how Huang Tianshi did it.

Seeing that they are all arranged, there is no need to think that Li Shengxian knows what his business is.

It must be a way to make Li Haoxian lose his power completely, and he can successfully take charge of the Li family.

But also, with the help of Xu Fu and the others, some things in the Li family are easier to do.

"Old Huyou, how long can you do it?"

"Two days." Huang Tianshi moved his body and walked upstairs: "You two come with me."

The two looked at Lin Kai and quickly followed.

After they left, Lin Kai sat on the sofa with a headache.

Although it was said that Lin Yuan came after a while, it was still uncertain when it was.

I hope that Tian Ran's pretending to be Xu Fu can fool Lin Yuan, otherwise it won't be so easy to see him again.

Lin Xinli also knew that it was impossible to catch Lin Yuan after seeing him now.

Although he can't be his own business, the two of them are closely related.

As long as he wants to, he will know exactly what he is doing.

So after coming to the East China Sea, he did not let Yinshen borrow other names to do something.

He didn't want Lin Yuan to know what he was doing.

"Sir, don't worry."

Seeing Lin Kai like this, Yinshen felt anxious.

But they couldn't catch Lin Yuan, so they could only wait.

"I'm fine."

Lin Kai waved his hand, leaning on the sofa, rubbing the aching eyebrows.

He knew that he was a little hasty now.

With this condition of his body, wanting to catch Lin Yuan is just a dream.

Although the hidden gods are helping, the strength of the two of them is very different.

In addition, Lin Yuan must have someone to help, and Yinshen's chances of winning are not great.

With a sigh, Lin Kai was thinking about when he could fully recover.

Looking at Lin Kai's appearance, Yinshen was also anxious, but he was helpless.

The two sat quietly on the sofa like this, and no one spoke.

For a while, the entire living room was silent.

When Li Shengxian came down, he was taken aback by them.

“What are you doing?”

Looking at the two people on the sofa who are like sculptures, you have been anchored for them.

“It’s okay.”

Lin Kai didn’t want to say more, and he didn’t have time to help Li Shengxian recently.

The Li family’s affairs were solved by him alone, and it was quite hard.

Seeing that Lin Kai was unwilling to say anything, Li Shengxian didn’t ask if he knew him well.

He looked at the two for a while, thought about it and took out the information: “Brother Lin, where did I get this from the second elder.”

“I suspect that Li Haoxian is in contact with Leiyuan Group. You must know that the two of them have always been one.”

“But what’s the specific situation, I haven’t got the exact news yet.”

It happened by accident that when he passed by the second elder, when he heard him mention the Leiyuan Group, he fell in love.

Unexpectedly, one day there was nothing to do, and he sneaked around in the second elder’s study, and he really got something.

Lin Kai looked at the information with a serious expression.

Unexpectedly, Lin Yuan’s hand stretched long enough.

Although I haven’t had much to do with the Li family, the second elder is also a member of the Li family.

When he has something to do, the second elder will naturally speak, let alone Li Haoxian.

“Let your dad know, but don’t expose you.”

“okay, I get it.”

When Li Shengxian agreed, he had to say that Lin Kai did this, in addition to letting the second elders and the others stumble, it was also a reminder to the Li Cheng family, so that he could understand that the Li family was not the same.

As for how to say it, it depends on Li Shengxian himself.

“You go ahead, I have something to deal with.”

After sending Li Shengxian away, Lin Kai looked at Huang Tianshi’s pile of things with a headache.

“Yinshen, will you?”

Seeing Lin Kai’s gaze, Yinshen shook his head: “Where can I get this?”

## **Chapter 1230: Lodging**

Chapter 1230

He hadn’t seen the pile of things on the table, how could he know what to do with these things.

“Ugh.”

Lin Kai sighed helplessly, looked at the things on the table, and could only wait for the old man to come down and deal with it by himself.

The two waited in the living room for a long time, but none of them came down.

Lin Kai asked Yinshen to pack things up, put it on the table, and went out.

He didn’t know what to do, but he felt a little troubled in his heart.

The sky gradually darkened, and the sun was blocked by dark clouds.

The sky, which was still sunny, instantly became yellowish.

The whistling wind made the person who blows a little unstable.

Looking at the blown trees swaying from side to side, Lin Kai had to go home.

Before long, accompanied by a thunderstorm, a lightning bolt cut through the sky.

The entire sky seemed to be divided into two by it, a white piece of backing.

“Sir, it’s windy and rainy, you’d better go back.”

Looking at Lin Kai, who was standing at the door, stretched out, Yinshen continued to persuade him.

After that time of injury, Lin Kai’s body was not completely healthy yet.

But you can’t get it in the rain, otherwise it won’t be good if the root of the disease is left.

Lin Kai looked at the gloomy sky as if he hadn’t heard it, and his face looked like the sky.

With thunder and lightning, heavy rain came.

The rain drops on the hand, and it hurts.

Feeling the coolness brought by the rain, Lin Kai only felt that his mind was transparent.

He had been a little bit \*\*\*\* before, but fortunately, he had figured it out.

“Let’s go back.”

As soon as Lin Kai entered, he saw Huang Tianshi come down with two angrily.

“I’m so annoyed!”

He threw an object in his hand on the table with a little unhappy: “What rain is it, this is a waste.”

Looking at the face on the table that looked exactly like Xu Fu’s human skin mask, Lin Kai couldn’t help but touch it.

I have to say that his craftsmanship isn’t just about it.

They came out much better than Tian Ran. They just reached out and touched them, and they felt the same as normal skin.

“When the rain stops, do it again.”

He couldn’t help it even if he was angry, after all, it was going to rain, and they couldn’t control it.

A few people just sat in the living room, quietly listening to the rain outside.

“Lin Kai, do you play mahjong?” Huang Tianshi is really boring.

Do nothing, just sit there?

He can't.

"You guys fight."

"Sir, I..."

"Go ahead and relax."

It is rare to have time today. He has been tight for so long, and it is understandable to relax.

Lin Kai looked at the four and walked to the window with a glass of wine.

Three or four hours later, the rain didn't mean to stop at all.

"Lin Kai, when do you think the rain will stop?"

"how could I know."

Lin Kai felt that he was too stupid to ask this question.

He is not God, how can he know when the rain stops.

Several people were talking, and suddenly there was a knock on the door.

"Who will come with such heavy rain."

Tian Ran mumbled, and he opened the door with vision.

"Oh, let me go, what a thing is this."

After seeing what was at the door, Tian Ran was taken aback.

A dirty and muddy thing at the door, carrying something with invisible color, shrank pitifully at the door.

Seeing Tian Ran opened the door, the thing raised his head, and he saw that it was a person.

"You... hello, can you let me hide from the rain under the eaves?"

Tian Ran glanced at Lin Kai. This is not his home, so naturally it is not his turn to call the shots.

It's really unbearable for him to be outside by such a heavy rain.

Seeing Lin Kai nodded, Tian Ran immediately said, "Come in."

The man looked at the furnishings in the room hesitantly, and shook his head: "I'm dirty, just stay outside."

As he said, he lifted up his foot laboriously, this is a bloodstain that everyone saw was dragged out by his foot.

"Come in."

Yinshen hugged the person directly, turning a blind eye to the dirt on his body.

The man was a little nervous and shrank into the arms of the hidden god, his whole body froze, and he dared not move.

Holding the man to the bathroom, Yinshen helped and gave him a bath.

"What is your name?"

Looking at the little boy wearing a bathrobe and being held by the hidden god, even Lin Kai had to sigh his beauty.

If this were in ancient times, whether he was a man or a woman, it would be a disaster for the country and the people.

When they watched that, the boy smiled embarrassedly: "My name is...Chu Wei, I am thirteen years old..."

Chu Wei whispered about his situation, and after listening to it, Tian Ran and Li Fugui couldn't help but wipe their tears.

"This kid is miserable."

With such a beautiful appearance, but without the power to protect him, no wonder he wandered here at a young age.

"Take her to rest first."

Lin Kai is not a nosy person, but looking at such a small child, he still can't do it.

Even though he is cruel, he still has some concern for a vulnerable group.

After confirming that Chu Wei was asleep, Yinshen cautiously retreated.

“Sir, what are you going to do with him?”

“After confirming that his message is true, let’s see if he wants to be a star.”

“You mean...”

Yinshen hesitated, after all, none of them knew what this child would look like.

What if he rakes it down?

“I can get him to the top of the altar, and naturally I can pull him off.”

“I know.”

Regarding Lin Kai’s decision, in addition to worrying about the necessary thorns, Yinshen obeyed more unconditionally.

After the two got down, they saw Huang Tianshi three sitting in the living room.

Seeing them, three pairs of eyes looked over instantly.

“What are you doing?”

Tian Ran and the others naturally did not dare to speak, this task could only be handed over to Heavenly Master Huang.

He coughed, cleared his throat, and asked seriously, “Lin Kai, how is that kid?”

“Fell asleep.”

“What are you going to do with him?”

“If he wants, let him become a star.”

Hearing his decision, Huang Tianshi was stunned for a moment, and still said, “This kid has an eye for me.”

Hearing what he said, Lin Kai already understood what was going on.

They are the cultivators who pay attention to everything because of fate.

“He can be together if he wants.”

“That’s good.” Huang Tianshi breathed a sigh of relief.

It's not that few people want to worship him as a teacher these years, but after so long, he is just such a named disciple.

Now that he saw Chu Wei, he understood what his master meant when he accepted himself as a disciple.
